MOREHEAD, KENTUCKY, THURSDAY MORNING, JANUARY 30, 1941

NUMBER FIVE

This political situation is getting worked up to a fever heat. Fact is I do not know who will be elected or who to vote for.

Let's take for instance our selection of County Judges. Well, there is E. P. Peltrey. I understand he is going to run again. Well, he as far as I know is O. K., but he insists on kissing all the brides that he meets. Then he votes and runs on the Republican ticket. Republicans are fast judges. Arthur Barbour, I understand is planning on throwing his hat in the ring if he can borrow a hat - He is O. K., but I would have to be brought before him for some offense. Ward H. Jones for Sheriff, I understand. Good man but wields a wicked gat. As far as the Democrats are concerned, I say "Phooey." However we have got to take into consideration that there are some good Democrats. They run like blazes toward election time. Of course John Allen differs with me but I have actually seen Democrats eat a nut. Most of them with their lips and snore like a jack-ass braying. Now on the Democrat ticket there is Dan Parker for Justice, B. M. Clay and Everett Anderson, Squid Saunders and Arthur...

The Department of Revenue will grade all papers, and applicants who have attained a grade of seventy-five percent will be issued a license to become familiar with every detail of this schedule. The assessment of property requires more than the use of ordinary methods. It is a technical job. In a large number of counties, a good assessment job will provide the county with a revenue source which cannot be broken down by the courts.

Tax Commissioner Candidates Must Pass Examination

Qualifications Set Up By Department of Revenue

County Attorney Richard M. Clay released the following information, which was received this week from the Department of Revenue, for the benefit of prospective candidates for the office of County Tax Commissioner.

Examinations for tax commissioners will be held on the second Monday in March, 1941, at 9:00 A. M. The County Attorney, by virtue of his office, will act as special examiner and hold the examination. Any qualified elector is eligible to take the examination in any county in which his residence is established.

Candidates will be examined on the following subjects:

1. The applicant's experience as an assessor.
2. His knowledge of the revenue laws.
3. His knowledge of the geography of the county in which he expects to become familiar with every detail of this schedule.
4. His knowledge of the industries and property of such county, and business experience to fill the office.

A copy of the schedule furnished by the tax commission for listing property for assessment may be reviewed at the office of the county clerk. It is important that these candidates become familiar with every detail of this schedule. The assessment of property requires more than the use of ordinary methods. It is a technical job. In a large number of counties, a good assessment job will provide the county with a revenue source which cannot be broken down by the courts.

National Defense Courses Sponsored By County Board

The National Defense Courses, sponsored by the County Board of Education, proved to be worthwhile and has attracted much interest among young men.

The Carpentry class has been in progress for two weeks, with good attendance and noticeable progress is evident.

Rowan County's young men should take advantage of every opportunity in these specific trade courses that are offered, and enroll now.

The courses in Elementary and Auto Mechanics are scheduled to start February 3rd. Boys interested in enrolling should give their names to Mr. Wade as soon as possible.

Bert Tolliver Announces For Jailer

In this issue appears the announcement of Bert Tolliver of this city as a candidate for the Democratic nomination for Jailer of Rowan County, subject to the action of the Democratic Party at the August 12th Primary.

Mr. Tolliver is well known in county, having been engaged in the wholesale business in this city for thirty-two years, his firm having been known as Morehead Grocery Company. He was born in a quiet village by the present status as a thriving little city and trading center. It will be recalled by many citizens that Mr. Tolliver was of great assistance in helping to raise the fund for the purchase of land which was used to build the State Teachers College and was among the most liberal of the donors to this fund. Mr. Tolliver has been actively connected with many other civic improvement projects all through the period of the city's growth.

Although always an active and interested member of the Democratic Party, Mr. Tolliver has never before sought public office. His conscientious opinion of making this race is arousing considerable favorable comment, even by those who are usually regarded as well as the rank and file of the Democrats of this county.

Morehead Hi Defeats West Liberty 33-28

The Morehead High Vikings played a fast and hard play during West Liberty ball, when those two teams tangled on the court here Tuesday night, January 28th, by a five point margin 33-28.

The Hookbrook men gained a lead early in the first period which ended 9-5 in favor of the Vikings. At the close of the West Liberty squad had rounded up five more points, and the score stood at 13-10 with the local boys still in the lead.

During the third quarter and up until three minutes before the final gun there was a prominent two point difference in the score, but during the closing minutes of play the Vikings pulled ahead to win 33-28.

The Vikings met Olive Hill here in the High School Gymnasium Thursday night, January 30, at 7:00 P. M.

Van Greene Leads State Officers In Making Arrests

The Conservation officers of the Division of Game and Fish made their first arrests during the month of December for violation of the Game and Fish laws. The officers received eighty convictions and checked 3,215 hunting, trapping and fishing licenses during the month.

Van Y. Greene, Conservation officer from Morehead, Kentucky, led the field in catching violators with a record of thirteen arrests. Other officers making arrests were: S. McCauley, officer from Harrison County, assisted by voluntary wardens W. T. Beeler, had ten arrests; J. A. Blevins and Sam Green reported six arrests and six convictions, and Perry Lusk reported five for five.

The original estimate of two hundred-fifty plates was raised considerably by the committee as both local and out-of-town ticket sales soared above expectations.

College Professor Makes Experiment

Judd Says, "Move Will Take Us I Know Not Where"

Describing his experiment as a "move that will take us I know not where," Dr. D. Judd, head of the Department of Education at Morehead State Teachers College, is engaged in a new "student-teaching" experiment.

Judd derived his idea from a recent conference on one of the campuses in Kentucky and tells of his work in this way:

"One gentleman was telling of a 'move' that he was going to make. He said he would like to know how it was worked out. He said he would like to know how it was worked out. He said he would like to know how it was worked out."

Turner Asks Farmers To Apply Early For '41 Tobacco Allotments

The closing date for filing applications for 1941 tobacco allotments for new farms is February 1st, 1941. C. B. Turner, chairman of the Rowan County Agricultural Conservation Association, announced this.

Mr. Turner pointed out that "new tobacco farms" are those who have no tobacco of the type for which allotment is being made. He said that the acreage available for growing the five years 1938-1940, and that the acreage available for growing the five years 1938-1940, and that the acreage available for growing the five years 1938-1940.

Vegetable Co. - Op. Plans Organization In Rowan County

State Marketing Agent To Give Full Support

A group of local men met in Morehead Friday afternoon, January 24th, to discuss the possibility of organizing a Co-operative Vegetable Association in Rowan County.

Mr. Ivan Jett, the State Marketing Agent, spent Wednesday evening with the local Agricultural teacher in discussing this new move. Jett was highly pleased with the idea and has consented to give his support one hundred percent to the organization.

All the Marketing Service wants is a volume of marketable products. The Future Farmers chapter is the best source for the supply of these products.

Powers, Riley, Clay Lecture At College

Three Morehead lawyers are speaking to the business law class at the College during the last two weeks of the current semester.

These attorneys, Mr. J. H. Powers, Mr. J. W. Riley, and Mr. Richard Clay, are giving the students an opportunity to get first hand information on many of the more practical aspects of law.

On Wednesday, January 22, Mr. Powers spoke on the "Law Of Insurance."

"Insurance companies do more business every year than the United States government," declared the speaker.

Mr. Powers also stated that insurance is usually regarded as being stable and is a business of ninety percent of credit business.

20 Men Expected To Enter U.S. Army From Rowan Co.

February And March Draft Will Probably Take Twenty Men

During the months of February and March approximately twenty men between the ages of twenty-one and thirty-five will be inducted into the United States Army to serve their year's training under the Selective Service Act.

At present Rowan County has fifteen volunteers which will go toward filling this county's quota, and there is a possibility that before the next two months have passed there will be twenty or more volunteers. It must be remembered that volunteer enlistments are applied to the quota of every draft district, and that they are given priority over regular draftees. There is, then, the possibility that no men will be "drafted" from this county within the next two or three months.

Funeral Services Held For L. F. Martin Monday

Interment Made In Martin Cemetery At Roselynn

The Reverend L. F. Martin, who has been in ill health for more than a year, passed away at his home in Morehead Saturday, January 25.

Mr. Martin, in his youth, was a soldier in the United States Army, having seen foreign service in China and the Philippines. He had a number of years as a minister of the Gospel and was an active member of the private orders in his field in evangelistic work in many localities throughout Kentucky, having organized churches of the mountain counties.

He was also an inventor. He invented, patented, and marketed a steel, collapsible, self-pinning clothes line. The product was a revolutionary idea in its field.

A short service was held at the home on Sunday, after which the body was taken to Roselynn, Kentucky. The funeral was held in the Christian Church at Roselynn Tuesday afternoon at two o'clock, with the Reverend Fricklin, pastor of the Christian Church of Owingsville, officiating. Burial was in the Martin Cemetery at Roselynn.

Deadline For Purchase Of Quail March 1st

D. A. Walsheff, Director of the Division of Game and Fish, stated today that March 1 has been established as a deadline for Game and Fish clubs to meet in sending in their money for private orders on Bob White Quail. Many of the clubs have sent in requests to the Division offices here in Frankfort for their money which are to be paid for by the clubs.

Walsheff said he planned to issue the best birds available. He believes they will cost \$1.25 apiece, delivered in Kentucky. A number of the clubs are purchasing the birds in bulk to complete their quota from the Division of Game and Fish.

ACTIONS SPEAK LOUDER THAN WORDS

This year, as in every general election year, there will be a number of candidates seeking office in Rowan County at the hands of Rowan County voters. Some of this number will be former officers that have served in the county heretofore.

Selecting the men and women who will conduct the business of this county during the next four years is a problem that should be given the most serious consideration of every conscientious voter. A problem that should not be taken lightly. A thorough investigation should be made of the candidates before nominating and electing them, thus insuring our county of competent and qualified persons to fill the offices that should be given the most serious consideration of every conscientious voter.

Often it is hard to know just what kind of officer a person will make until he has been tried. But once a person has had opportunity to serve his people, it is easy to tell how efficient or how lax he is in discharging his public duties.

We can best judge a man by his past service and records and in choosing candidates this year it will be well to look into the records of those seeking office to see if they can give a good account of their stewardship, the business entrusted to their care in times past. It is certain that we will have a much better county in which to live if we choose men and women for office who have been tried and tested and found NOT wanting!

It is several months from now until the primary election and voters have sufficient opportunity to look into the past records of former officers if they do not know the kind of service they have given. New candidates should be given the same consideration.

CO-OPERATION

In 1930 when Morehead State College was just struggling to get its breath and laying the foundation for the modern school of today, the town of Morehead was also growing and improving. Both have come a long way since those days. But both college and town have prospered and grown together. A mutual spirit of cooperation between the town and college has cemented a bond of friendship which is largely due to the friendly spirit found at Morehead.

Merchants, doctors, lawyers, and business men all cooperate to do whatever is asked of them in furthering the college. They are just proud of Morehead.

Therefore we wish to thank the townspeople of Morehead for all that they have done to make our College, the fastest growing institution in Kentucky. We hope that in the future the fine spirit that exists between the College and town will continue to flourish and grow.

in an efficient and commendable manner.

I was born at Farmers and my entire life has been spent among you. I am sure that the majority of you know me personally. As a citizen and taxpayer in Rowan County I have always maintained an active interest in the proper operation of its business and have always felt that it was my duty as a part of the citizenry to do everything possible to foster and support every worthwhile enterprise designed for the betterment of the county and the welfare of the people that reside in it.

For thirty-two years I operated the Morehead Grocery Company and in that capacity had the opportunity to do business with practically every merchant in the county. I refer you to any merchant in the county to whom I have had business dealings as to my honesty and fairness. I likewise offer as a reference of my ability to properly conduct the affairs of any person or firm that knows me or has had business dealings with me.

I have never asked the people to honor me with any kind of office during my entire life. Now, as a candidate for the first time, I feel that my entire life as a citizen, as your neighbor, as a merchant engaged in business among you, and as a lifelong and loyal Democrat, should bespeak your serious consideration of my candidacy for this office.

If nominated and elected it shall be my intention and my promise that I will keep the county's property clean and presentable at all times, and to keep the courthouse, the jail and the city's homes in a manner that will meet the strictest requirements. It shall be my policy to practice economy in the handling of all matters of the county.

I hope to be able to visit and talk with each one of you before the primary election in the meantime I invite you to carefully in-

Chessie Chats

Grapefruit, Oranges, Tangerines, Lemons, Limes! The Citrus Fruit Industry is a \$500,000,000 business in which rail transportation plays an essential part. Florida growers can rely on Chesapeake and Ohio's "FLORIDA SPREDBALL"—it's aimed to make 4th morning northern fruit auction in the Great Lakes Area.

Out of every dollar of railroad revenue, 36c goes to pay the cost of owning and maintaining the roads on which the trains operate.

Put an end to furnace troubles... make sure the coal you buy is from the rich, bituminous fields along Chesapeake and Ohio. You'll get uniform quality, low ash content, and the highest heat producing range of any type of coal.

In normal years, approximately 23% of the total bituminous coal produced in the United States is purchased by railroads.

How would you like to check this inventory in your home? A dining car, fully equipped, carries 500 sandwiches, 2,000 apples, 1,000 towels, 650 pieces of chinaware, 700 pieces of silverware, 240 pieces of glassware, 300 items of pantry and kitchenware, 200 aprons and 1500 wafers' coal!

Railway taxes averaged \$1,107,000 daily in 1940, or \$768.75 per minute.

PREMIER "PARTNERS"

Really Get the Dirt Out!

This new kind of vacuum cleaning is much more efficient, economical and convenient than the old way. Let us prove it to you with a free demonstration.

For Dirt Zone No. 1, you use the VAC-KIT (upper left sketch) which thoroughly and quickly cleans everything above the floor—curtains, draperies, Venetian blinds, lamp shades, radiators, piano and auto interiors, etc. It is light and easy-to-carry, remarkably efficient and very handy.

For Dirt Zone No. 2, you use the FLOOR-CLEANER (lower left sketch) for best results with rugs and carpets. It speedily removes dirt, lint, powdery dust, germs and all, from closely woven fabrics, cushions, crannies and crevices.

NEW IDEA—These Premier "Partners" embody the most advanced idea in house sanitation since the vacuum cleaner was invented. This pair of appliances costs less than many single cleaners—and you can depend on them for better all-around service. Be sure to come to our store for a convincing free demonstration.

LOW COST SERVICE—You can thoroughly vacuum-clean the rugs, draperies, upholstery, etc. in the average 6-room house in one hour at a cost of about 1 cent for electricity. Thus you banish about 5 hours of exhausting drudgery that makes you look and feel 10 years older than you are!

MAW Held At

Mrs. Wilfred Walt's
The January meeting of the American Association of University Women was held on Wednesday evening at the home of Mrs. Wilfred Walt.

A report from the Creative Arts Department was made by Miss Helen Neal. Miss Neal told of the organization of the thirty children who received first place for their pictures in the County Art Exhibit into a Little Artists Club. These were presented to each of the Little Artists members by Mrs. M. H. Rice and talks were made by Miss Neal and Mrs. Claypool. The AAWW by means of funds obtained by two White Elephant Sales has supplied paper, crayons and water colors to the County School children and has sponsored the two art exhibits. Membership dues in the Little Artists Club is one original picture each month from each member.

The program for the meeting was an instructive talk by Miss Helen Seay, Director of the College for the new frozen Foods. Miss Seay pointed out the advantages of using frozen foods: 1) the variety of foods to be had out of season (2) the economy of space needed for preparing for the winter (3) the retention of vitamins C and (4) the relatively low food content. The most obvious disadvantage is the price to the consumer, although at some sea-

sons, the frozen foods are less expensive than fresh ones.

Miss Ella Wilkes and Miss Patti Bellin assisted Mrs. Walt as honoraries.

Woman's Club Held Its

Regular Meeting Recently.
The Morehead Woman's Club held its regular dinner meeting Monday, January 17th, at 6:30 P. M. in the basement of the Christ. L. Church.

The Literary Department was in charge of the program. Mrs. Alice Palmer Morris introduced the speaker, Mrs. Cleo Dawson Smith of Lexington, Kentucky. Mrs. Smith is connected with the English Department at the University of Kentucky. She gave a most delightful review of Robert Ardrey's play "Thunder Rock." Although the play only enjoyed a six-weeks run when it opened in New York it has been declared by some as the greatest play of the century and was received with enthusiasm when it opened in London in the summer of 1940. Before reviewing the play Mrs. Smith told us something of the theatre in London as it is today.

Eighth Grade Graduates

Kentucky Conference Is

Held In Lexington.
The fifteenth mid-winter conference of Kentucky Christian Ministers was held in Lexington, Kentucky Tuesday through Thursday of this week at the Central Christian Church. The conference was under the direction of Reverend M. C. Bobbitt, director of the Christian Churches of Kentucky. Dr. Edgar Sheffield Bratton, Professor of Philosophy in Boston University was the guest lecturer, whose four lectures dealt with religion and modern social and political problems.

Reverend and Mrs. Arthur Landolt attended the convention as representatives of the Morehead congregation.

On Wednesday of last week, Mrs. Mabel Alfrey and son, Junior visited at the Old House Creek School and ate a hot lunch with the teacher and children. Hot beans, cornbread, biscuit, cabbage, potato salad, raisin pie and apples and cookies were served. This was a very tasty meal and a meal that is typical of the meals served every day in the school.

The hot school lunch is quite an improvement in the rural schools and it is hoped that next year most of the schools will be able to install a kitchen so that the hot lunches can be provided.

The Rowan County Woman's Club will meet on February 4, at six p. m. in the basement of the Methodist Church for the annual Sweetheart Banquet. The club members will bring their husbands or friends as guests. The Literary Department will have charge of the program. Hostesses will be Mrs. L. E. Blair, Miss Edna Neal, Mrs. Rebecca Thompson, Miss Catherine Braun and Mrs. Joe Helwig.

The Books Group of the Morehead Branch of the American Association of University Women met Thursday evening at the home of Mrs. G. B. Pennebaker on Boys Avenue.
