

Oct. 1, 2001

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Dr. Tim Porter-O'Grady, senior partner of an international health care consulting firm, will visit Morehead State University on Friday, Oct. 12, to share information with nursing professionals.

He will speak at the "Glimpse Over the Horizon: Nursing Leadership for Tomorrow" seminar. Registration begins at 7:30 a.m. with the first session to begin at 8 a.m. in 419 Reed Hall on the campus.

The program is geared for area nurse educators and nurse managers, community health care leaders and MSU senior level students in the Baccalaureate of Science in Nursing (BSN) program. There is no charge to participants.

Funding for the seminar is provided by grant monies from the Helene Fuld Health Trust to the University's Department of Nursing and Allied Health Sciences. The grant was written by Dr. Freda L. Kilburn, professor of nursing, and Dr. Janet Gross, coordinator of the BSN program.

The workshop is a collaborative effort of MSU and St. Claire Medical Center. Sessions on the agenda include "Turning the Page: A New Paradigm for Nurses," "Moving Nursing Leadership into the Future," "Changing Nurse Practice" and "Personal Change for Nurse Leaders." A question and answer session will conclude the activity.

Dr. Porter-O'Grady, who has been involved in health care for 30 years, has served in numerous positions from staff nurse to an executive at both a hospital and health service facility. His firm, Tim Porter-O'Grady Associates Inc., specializes in organizational innovation, conflict and change and health service transformation issues.

A member of the graduate faculty at Emory University in Atlanta, he holds graduate degrees in nursing and business and doctorate degrees in learning behavior and health systems. A certified clinical specialist in gerontology, he has completed post-doctoral work in aging.

Author of more than 140 articles and book chapters, he currently is completing his 13<sup>th</sup> book. Dr. Porter-O'Grady has consulted with more than 650 institutions and has spoken in 1,700 settings in the U.S., Canada, Europe and Asia, logging approximately 300,000 miles each year.

## Nursing seminar

2-2-2-2

Listed in seven different categories of “Who’s Who in America,” Dr. Porter-O’Grady serves on seven journal editorial boards and is a member of the New York Academy of Sciences and is a Fellow in the American Academy of Nursing.

Having served on a number of community and national boards, he has been an elected officer in a variety of health-related agencies and organizations and a health systems expert for the President’s National Health Policy Council. He is a member of the governing board of Catholic Health East, composed of 84 health organizations, which is one of the largest not-for-profit health systems in the U.S. Currently, he is chair of the board’s strategic planning function.

Participants, who attend the entire course, may be eligible to receive contact hours as approved for nurses.

Additional information on the seminar is available by calling Dr. Kilburn at (606) 783-2630 or Dr. Gross at (606) 783-5173.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Morehead State University will sponsor Wellfest 2001 on Tuesday, Oct. 16, from 8 a.m. to 3:30 p.m. in the Crager Room of the Adron Doran University Center.

Participants may have their cholesterol, blood sugar and body composition checked, according to Doug Ritchie, wellness coordinator. Booths will display information relating to the six dimensions of wellness, including physical, spiritual, emotional, social, intellectual and environmental aspects.

Wellfest, sponsored annually by MSU's Department of Health, Physical Education and Recreation and the Wellness Center, is designed to promote a well rounded, more holistic way of life, Ritchie noted. "We want to encourage everyone to think differently about being healthy. It is more than eating right and exercising," he said.

While the event is free and open to the public, there is a \$3 fee for the cholesterol assessment. Three canned food items will be accepted in lieu of the charge.

Among the exhibitors will be St. Claire Medical Center, Gateway District Health Department and Rowan County Emergency Medical Service.

Additional information is available by calling Ritchie at (606) 783-5316.

Oct. 2, 2001

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Morehead State University wants to make the college decision-making process a little easier for high school students by hosting an Open House on Saturday, Oct. 6.

"The Open House will give future University students and their parents the opportunity to get answers to questions they may have about a variety of topics, from academics to financial aid to athletics," said Joel Pace, associate director of admissions.

The day will begin with registration and a viewing of displays by academic departments at 9 a.m. on the second floor of the Adron Doran University Center. Campus guests will be greeted by various University representatives at 9:45 a.m.

During the day's activities, students may take a campus tour, meet with faculty members from academic departments and visit the University Bookstore, which will be open from 9 a.m. to 1 p.m. Following the program, students and their parents are invited to attend the Eagle football game as MSU takes on Davidson College at 1:30 p.m. in Jayne Stadium.

Additional information about the Open House is available from the Office of Admissions at (606) 783-2000 or (800) 585-6781.

Oct. 2, 2001

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Everyone cannot be happy all the time; for some, periods of sadness may linger indefinitely.

To assist in identifying the signs of depression, students at Morehead State University may participate in the National Depression Screening Day on Thursday, Oct. 11, on the campus.

The free, anonymous screenings will be available to students and other members of the campus community in East Room A and B on the second floor of the Adron Doran University Center. The screening, sponsored by MSU's Counseling Center, will run from 9 a.m. until 3 p.m.

Participants may complete a brief questionnaire and review the results. If you wish, the outcome may be discussed with a mental health professional or a member of the counseling staff.

For those concerned about a friend, a Signs of Suicide questionnaire will be available. This document allows one to recognize the signs and determine how to help someone they believe to be suicidal.

As the day is being held on the one-month anniversary of the attack on the World Trade Center and the Pentagon, the University also will offer screenings to detect symptoms of posttraumatic stress disorder. Individuals may suffer symptoms of posttraumatic stress following such an event, even weeks and months afterward, even though they may not be directly involved.

Materials will be available at no charge. Additional information is available from the Counseling Center by calling Velma Campbell, staff psychologist, at (606) 783-2123.

Oct. 3, 2001

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Dr. Ronald D. Morrison, professor of English at Morehead State University, has been elected chair of Faculty Senate for 2001-02.

An MSU faculty member since 1988, he has served on the Faculty Senate since 1998. Dr. Morrison served as chair of its Professional Policies Committee during the last two years, after an 18-month term as a member of the Governance Committee.

On the campus, he is a member of the Student Media Board, President's Ad Hoc Committee on Faculty Compensation, Distance Learning Advisory Group, and the Steering Committee of MSU Teaching, Learning, Technology Roundtable. In the past, he has served on a number of other University committees as well as those in the Department of English, Foreign Languages and Philosophy.

Dr. Morrison has written 12 scholarly articles, completed 10 reviews and delivered more than 30 papers at professional meetings. He is a member of the Midwest Modern Language Association, Nineteenth Century Studies Association and the Kentucky Philological Association, serving as president of the organization in 1999-2000.

Specializing in Victorian literature, the British novel and critical theory, Dr. Morrison earned the Ph.D., M.Phil. and M.A. degrees from University of Kansas. He received the bachelor's degree from Marymount College of Kansas. He has published on Thomas Hardy, Christina Rossetti, Bram Stoker and other Victorian and contemporary writers.

Born in Salina, Kan., Dr. Morrison enjoys working with equines, playing the guitar and piano and coaching Little League. He and his wife, Dr. Sarah Morrison, professor of English, have one child, Leavitt, 10.

Dr. Lesia Lennix, associate professor in the Department of Leadership and Secondary Education, is chair-elect of MSU's Faculty Senate. She will assume the chair position in 2002.

Additional information on the Faculty Senate is available from Dr. Morrison by calling (606) 783-2608 or by electronic mail to [r.morris@morehead-st.edu](mailto:r.morris@morehead-st.edu).

Oct. 5, 2001

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---A variety of music, from Celtic to Bluegrass to American swing, will be performed during Morehead State University's "Americana Crossroads Live" on Friday, Oct. 26, beginning at 7:30 p.m. in Duncan Recital Hall on the campus.

The concert, which is free and open to the public, will feature Dean Osborne and Eastbound, Ten Penny Bit and the Reel World String Band. The show is part of a series presented by WMKY 90.3 FM, MSU's public radio to the mountains, and the University's Kentucky Center for Traditional Music (KCTM).

Born in Lexington, Dean Osborne spent a lot of time in Leslie County, where his grandfather was a teacher. A member of the acclaimed Osborne family of musicians, he is the son of a concert pianist.

Osborne, who sings and plays piano and banjo, has performed Bluegrass music, given music lessons and worked with bands, including his own, Eastbound, for many years. His first compact disc, titled "Kentucky Son," has been released by Pincastle Records.

The Osborne Brothers' Hometown Festival in Hyden was Osborne's idea and takes place each year during the first full weekend of August. Besides the music industry, he has worked in tobacco and coal and trained Tennessee Walking Horses.

The Oct. 26 performance is sponsored by Farmer's Mercantile, Morehead Tourism Commission, Poppy Mountain Bluegrass Festival, MSU's Department of Music and KCTM. The concert will be recorded by WMKY for broadcast on Thursday, Nov. 1, at 8 p.m.

Eighteen performances from the first six concerts in the series have been recorded on "The Best of Americana Crossroads Live" compact disc which is now available.

Additional information on "Americana Crossroads Live" or the compact disc is available by calling WMKY at (606) 783-2001 or (800) 286-9659, or by visiting the Web site at [www.moreheadstate.edu/wmky](http://www.moreheadstate.edu/wmky).

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Submissions are now being accepted for the logo design which will be used on all printed materials for Morehead State University's 2002 Appalachian Celebration to be held June 23-29.

The theme for the 26<sup>th</sup> annual Appalachian Celebration will be "Art and Soul."

Designs are for three colors, maximum size 8 ½ by 11 inches. The winning entry will receive a \$250 cash award.

Nominations for the 2002 "Appalachian Treasure" award, honoring outstanding accomplishment and service to the region, also are being accepted. This year's events will recognize past "Appalachian Treasures" as James Still, Albert Stewart, Annadene Fraley and C. Roger Lewis.

All materials, including logo designs and letters of nomination and supporting materials for the Treasure Award, may be sent to Georgia Grigsby, Kentucky Folk Art Center, 102 West First Street, Morehead, Ky. 40351-1689.

The deadline for both categories is **Thursday, Nov. 8.**

####

Oct. 5, 2001

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---“Stranger With a Camera,” an Appalshop documentary, will be shown on Wednesday, Oct. 10, at 6:30 p.m. at Morehead State University’s Kentucky Folk Art Center.

The award-winning film, which premiered at the Sundance Film Festival in 2000, investigates the killing of Hugh O’Connor who was shot while documenting poverty in the Kentucky coalfields. The production explores the death of the Canadian filmmaker and the motivations that compelled Hobart Ison to shoot him.

O’Connor was the “stranger” who came to Appalachia to document the poverty existing there in 1967 while rest of the nation was experiencing general prosperity. He and his crew wanted to portray the dilapidated houses and their inhabitants as what had gone wrong with the “American Dream.”

The situation turned tragic as Ison saw a different reality. A respected member of the community, he resented the media’s depictions of the poor Appalachian people on national television.

At the KFAC showing, Dr. Thomas Kiffmeyer, MSU assistant professor of history, director Elizabeth Barret; and co-producer Judi Jennings will be on hand to discuss issues revealed in the film’s making. The screening, sponsored by a grant from the Kentucky Humanities Council, is free and open to the public.

There was a heightened sense of confrontation in Kentucky in the sixties, Dr. Kiffmeyer noted. “A multitude of issues--the volatile political atmosphere, civil rights, Vietnam, mineral rights and the environment, along with economic conditions and education—played a role in the events that lead to this tragedy.”

Dr. Kiffmeyer consulted with Jennings when completing his dissertation on the War on Poverty in the region and those organizations that affected the lives of the people, such as the Appalachian Volunteers and the Office of Economic Opportunity.

(MORE)

While making the film, Barret was confronted with a complex relationship between social action and social embarrassment. She combined eyewitness accounts of the incident, interviews with area residents and family members, and excerpts of news and documentary footage of the period to reconstruct the encounter between a man with a camera and a man with a gun.

Appalshop, located in Whitesburg, is a non-profit arts and education organization that has served rural communities through the arts for more than 30 years. Additional information is available from Appalshop's Web site at [www.appalshop.org](http://www.appalshop.org) or by calling (606) 633-0108, or KFAC at (606) 783-2204.

MOREHEAD, Ky.---Being a college senior comes with numerous challenges. Finding a job, completing degree requirements and preparing for the end of classes.

A Graduation Fair is one way MSU makes life a little easier by giving students a one-stop place to take care of all their graduation needs.

The Fall 2001 Graduation Fair will be held Tuesday, Oct. 9, from 10 a.m. until 5 p.m. and Wednesday, Oct. 10, from 10 a.m. until 2 p.m. on the second floor of the Adron Doran University Center.

The event is part of the yearlong Senior Celebration Program sponsored by the MSU Alumni Association. All seniors, especially those graduating in December, are encouraged to attend. Students can: order their cap and gown; complete exit info with the Office of Financial Aid; discuss job search questions with Career Services; obtain details about attending graduate school at MSU; make a gift to the Senior Class Scholarship Fund; and complete paperwork with the Office of the Registrar about graduation status.

Additional information is available by calling the Alumni Center at (606) 783-2080.

Oct. 9, 2001

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Homecoming 2001 at Morehead State University will be "Out of this World" Thursday through Sunday, Oct. 25 to 28, complete with reunions, reminiscing and a parade led by Kentucky Gov. Paul Patton as the grand marshal.

"With this year's changes, including the parade on Saturday and the tailgate and 'Festival' at the Academic-Athletic Center, we think the weekend will appeal to younger as well as older alumni," said Tami Jones, director of alumni relations.

For those who enjoyed the fish fry in previous years, there will be a twist to the 2001 post-game gathering. The "Festival," which will follow the football game, will feature chili, hot dogs and other favorites along with music and fellowship.

Homecoming gets underway on Thursday, Oct. 25, with a pep rally that begins at 6 p.m. at the Adron Doran University Center and moves across campus to Jayne Stadium. Members of the community are invited to participate.

On Friday, Oct. 26, the Alumni Association will host a Welcome Reception from 5 to 7 p.m. at the Ramada Inn in Morehead. Later that evening, four individuals who made outstanding contributions to the Eagle athletic program will be inducted into the Athletic Hall of Fame during ceremonies at 7:30 p.m. in the Crager Room of the Adron Doran University Center (ADUC). The cost is \$15 per person. Tickets must be purchased in advance by calling the Alumni Center at (606) 783-2080.

The hall of fame honorees include: A.L. (Buck) Dawson of Lakeland, Fla., track and cross country coach; Mike Collins of Flat Gap, baseball; Dayle Hamontree Harms of Wilmington, N.C., volleyball; and Hopey Caudill Newkirk of Mt. Sterling, track and cross country. The 1955-56 Eagle basketball team and longtime MSU fan and supporter Walter Carr of Morehead will receive special recognition.

African American alumni are invited to join members and executive officers of the African American Alumni Chapter of the Alumni Association at a registration reception at the Multicultural Student Center from 7:30 to 9:30 p.m. on Friday. The center is located next to the Alumni Center on University Street.

(MORE)

## Homecoming 2-2-2-2

Two fraternities, Sigma Alpha Epsilon and Omega Psi Phi, also will begin 30<sup>th</sup> anniversary celebrations. Additional information about those activities is available by calling Andrew Norden at (606) 674-9367 for SAE; and Demetrius Wheeler at (502) 485-8330 for Omega Psi Phi happenings.

The day begins at 10 a.m. on Saturday, Oct. 27, with the MSU Homecoming and Fall Festival Parade down Main Street in Morehead. The procession, led by Gov. Paul Patton, is co-sponsored by the Morehead Tourism Commission.

Before Saturday's football game, University visitors may gather for the Eagle Fan Pre-Game Tailgate from 11:30 a.m. to 1:30 p.m. in the Academic-Athletic Center lobby. Lunch will include fried chicken, barbequed ribs, baked beans, cole slaw, macaroni and cheese, potato salad, brownies, cookies and drinks.

Tickets for the tailgate party, at \$10 for adults and \$5 for children, must be purchased in advance by calling (606) 783-2080. Fans also may attend a volleyball game free of charge as the Eagles take on Eastern Illinois University at 11:30 a.m. in Wetherby Gymnasium.

The Student Government Association and Panhellenic alumnae reunions will be held in the east lobby of the AAC at 11:30 a.m. Former SGA and sorority members are encouraged to purchase tickets for the Pre-Game Tailgate.

At noon, the Golden Alumni Reunion for members of the class of 1951 and before will meet in the athletic conference room of the AAC. The Women's Recreation Association also will meet at noon in the AAC for its second annual gathering.

The Homecoming gridiron will pit the Eagle football team against Austin Peay State University at 2 p.m. in Jayne Stadium. The Homecoming King and Queen will be crowned during halftime ceremonies. Tickets, at \$5 for reserved seats and \$3 for general admission, may be purchased in advance by calling the Office of Athletics at (606) 783-2088.

Those with a ticket from any Homecoming 2001 event will be admitted without charge to the post-game "Feastival" at the AAC. This event is sponsored by the MSU Alumni Association and the Morehead Tourism Commission. During this time, Eagle fans will have the opportunity to get a sneak peek at MSU's men's and women's basketball teams.

After the game, the African American Alumni Chapter will meet in the AAC to discuss new business. Anyone interested in the chapter and its activities is encouraged to attend.

Homecoming  
3-3-3-3

As Saturday draws to a close, the Greek Alumni Reunion will be held from 9 p.m. to midnight at Fat Sam's Deli on Main Street. It will be an opportunity for sorority and fraternity friends to reconnect.

On Sunday, Oct. 28, Sigma Sigma Sigma alumnae will meet in the Riggle Room of the Adron Doran University Center at 11 a.m.; Kappa Delta will hold its alumnae business meeting in the same location at 3 p.m.

Throughout the weekend, the members of the National Pan-Hellenic Council will meet in a variety of activities. The schedule includes: an Old School Jam at 10 p.m. in Laughlin on Friday; a Greek Stepshow at 6 p.m. in Button Drill Room and a New School Jam at 10 p.m. in Laughlin on Saturday; and worship services at ADUC at 11 a.m., and a barbeque at 1 p.m. on the Laughlin Lawn on Sunday. Tickets, which are necessary for some NPHC events, may be purchased by calling (606) 783-0711.

Additional information and tickets to any of the events are available by calling the Alumni Center at (606) 783-2080.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Morehead State University's chapter of Phi Delta Kappa, an education honor society, will host a talk by PDK national speaker Dr. Rosemary Potter on Thursday, Nov. 8, at 6 p.m. in the Commonwealth Room of the Adron Doran University Center.

Recently retired from the classroom, Dr. Potter's speech will focus on the theme of "How Can I Have Taught for 37 Years!" As dinner will be served during the meeting, reservations are necessary and must be made by **Friday, Nov. 2.**

While in Morehead, Dr. Potter also will speak at the Rowan County Board of Education office at 4 p.m. on the same day. There, her talk will focus on "Cooperative Learning" A 21<sup>st</sup> Century Leadership Essential."

Dr. Potter teaches teachers on the college level, travels as a PDK speaker and writes columns on parenting and collecting for three newspapers. She has written numerous articles, books and educational materials about innovative classroom strategies.

A native of Florida, Dr. Potter earned a Bachelor of Science degree at Maryville College, a Master of Science degree at the University of Tennessee and her doctorate degree at the University of Miami.

Additional information and dinner reservations are available from Paula Stafford by calling (606) 783-5377 or by e-mail to [pstaffor@kde.state.ky.us](mailto:pstaffor@kde.state.ky.us).

Oct. 9, 2001

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---St. Claire Hospice and the Office of Continuing Education at Morehead State University will sponsor a special class to assist those who have lost a loved one or wish to help another person who is grieving.

The course, "Understanding the Grieving Process," will be offered on four consecutive Tuesday's, beginning Oct. 16, and concluding on Nov. 5. Each session will run from 6:30 to 8:30 p.m. at the St. Claire Outreach Building, on the corner of Second and Hargis streets. There is no charge for attending.

During the course, the many facets of the grieving process will be discussed. In an informal setting, participants may share personal experiences and ask questions while listening to speakers, watching videos and reading handouts.

Each week will be devoted to a different topic. Session one will be an overview of the grief process; death of a parent and death of a child will be discussed in the second and third week consecutively; and death and special circumstances will round out the series.

Leading the discussion will be Eleanor "Ellie" Reser of Morehead, a registered nurse who has more than 40 years experience working with members of the community. Among her many accomplishments is establishing St. Claire's Home Health Care. Before officially retiring, she spent the last 12 years working with the St. Claire Hospice program and continues to work with support groups for parents who have lost children.

"Most people who are going through the grieving process believe they are losing their minds," Reser said. "Actually, this is a very common reaction. Understanding the process alleviates these fears and gives them hope for the future."

While Reser acknowledges that no two people go through the grieving process in the same way, there are some stages that are evident in all cases. "So, I share these common things," she said. "One's environment and culture also play a role in the healing process."

There is no charge for the class but advance registration is recommended.

Additional information is available by calling MSU's Office of Continuing Education at (606) 783-2875.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Morehead State University will be a site for the World Food Day Teleconference on Tuesday, Oct. 16, from noon to 3 p.m. in 419 Reed Hall.

Dr. Wenche Barth Eide, a proponent of the rights-based approach to food security, will be the featured speaker for the conference that will follow the "World Food System: Serving All or Serving Some" theme. She will discuss the evolving world food system's ability to provide nourishment and economic opportunity for all.

Co-founder of the World Alliance for Nutrition and Human Rights and co-director of the International Project on the Right to Food in Development, Dr. Eide is a member of the faculty of medicine at the University of Oslo in Norway. A nutritionist, she has lectured and advised international agencies on a wide range of global issues.

Additional information on the conference is available from Dr. Brenda Malinauskas, MSU assistant professor of nutrition/dietetics, by calling (606) 783-2971 or by e-mail to [b.malinas@morehead-st.edu](mailto:b.malinas@morehead-st.edu).

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---A series of concerts featuring instruments of the tuba family will be held during Octubafest 2001, presented by Morehead State University's Department of Music and the International Tuba Euphonium Association.

Along with performances by MSU faculty and students, the lineup includes a guest euphonium recital by Dr. Ken Kroesche on Thursday, Oct. 18, at 8 p.m. in the Duncan Recital Hall of Baird Music Hall. The concert is free and open to the public.

He also will instruct a masterclass on Wednesday, Oct. 17, at 7 p.m. in Fullbright Rehearsal Hall of Baird Music Hall.

An associate professor of low brass at Western Carolina University in Cullowhee, N.C., Dr. Kroesche received his bachelor's degree from Southwest Texas State University and both his Master of Music and Doctor of Musical Arts degrees from the University of Michigan.

In 1992, he was chosen through a competitive audition to perform a concerto with the National Symphony Orchestra at the Kennedy Center in Washington, D.C. That year, he also won the ITEC Euphonium Solo Competition and was a prizewinner in the Falcone Euphonium Solo Competition.

The principal trombonist of the Hendersonville Symphony and second trombonist of the Asheville Symphony, Dr. Kroesche performs on euphonium, bass trumpet, and trombone with a number of orchestras including the North Carolina and Charleston, S.C., symphonies.

Accompanying him will be Dr. Lillian Buss Pearson who has appeared throughout the continental United States as a soloist and chamber player on both piano and harpsichord. She is head of the keyboard area at Western Carolina University where she teaches piano, harpsichord and other keyboard-related courses. She holds a Doctor of Music degree in piano performance from Florida State University.

Dr. Pearson has performed with the Cullowhee Music Festival, the Brandenburg Ensemble of Jacksonville, the National Chamber Players, the Asheville Symphony and the Jacksonville Symphony.

Additional information on Octubafest concerts at MSU is available from Dr. Stacy Baker, assistant professor of music, by calling (606) 783-2107 or by e-mail to [s.baker@morehead-st.edu](mailto:s.baker@morehead-st.edu).

Oct. 10, 2001

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---WMKY 90.3 FM, Morehead State University's public radio to the mountains, kicks off its fall fundraiser on Saturday, Oct. 13. The campaign, which runs through Oct. 19, has a goal of \$28,000.

The station set a record last spring by generating nearly \$24,000 from contributors, according to Dan Conti, WMKY general manager.

The theme for this year's drive is "Listening to WMKY is the Smart Thing to do" and will emphasize all the educational and cultural programming the station offers the Mountain Region.

"WMKY now provides more local shows, more variety and more opportunities for MSU students than it did a few years ago," Conti said. For example, a new arts program, hosted by Dr. Janet Kenney, chair of the Department of Communication and Theatre, was recently added to the Tuesday evening fare. "The Creative Process" can be heard at 7 p.m.

The station will be accepting pledges at (606) 783-2001 and at (800) 286-9659, beginning Saturday at 6 a.m.

Many community groups and organizations are assisting with the campaign, including the Morehead Women's Club, Morehead Lion's Club, Habitat for Humanity, the Frenchburg Job Corps and First Baptist Church of Morehead.

####

Oct. 11, 2001

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Four Lawrence County High School students participated in Morehead State University's Upward Bound Math & Science Center, June 10-July 18.

Although "giving up" six weeks of a teenager's summer might seem like too much for most high school students, Adam Castle, Heather Michael, Mindy Horn and Granville Senters would disagree.

"The friends you make are great. The friendships that start in UBMSC will last and never be forgotten," Castle said. "It is a great program," Michael agreed. "It is fun and you get a chance to meet a lot of new people and go to a lot of different places."

"It gives you a chance to find yourself," Castle added. "I know that I came back home with a whole new outlook on things."

These and other Math & Science Center students were involved in a variety of experiences during the six-week period. The outings included a trip to King's Island, seeing an outdoor play at Jenny Wiley theater, a research project that they presented to their peers, dissecting sheep eyes and rats, building rockets, family night activities, and attending a Lexington Legends baseball game. They also chose elective classes from a large selection, such as photography, karate and painting.

The final week of the program was spent in Orlando, Fla., where the UBMSC participants visited Busch Gardens and attended the SeaWorld Adventure Camp. Besides seeing the animal shows and enjoying the rides, students went behind the scenes to talk with trainers and instructors about their work and visited animals in special one-on-one encounters. The students constructed Environmental Enhancement Devices (EEDs) for the polar bears and birds. They also "slept out" at SeaWorld for two nights, one in front of the shark tank and the other at the manatee tank.

The Upward Bound Math & Science Center, a federally funded program, provides services to 50 students from 40 East Kentucky and five West Virginia counties. To be eligible, a student must have a 2.5 overall grade point average, an interest in math or science, meet either income or educational guidelines, and be a freshman, sophomore, or junior in high school.

MOREHEAD, Ky.—Mabel Rickels of Gallatin County High School participated in Morehead State University's Upward Bound Math & Science Center, June 10-July 18.

Although "giving up" six weeks of a teenager's summer might seem like too much for most high school students, Rickels would disagree.

"It was a lot of fun," Rickels said. "And the people were really nice."

She and other Math & Science Center students were involved in a variety of experiences during the six-week period. The outings included a trip to King's Island, seeing an outdoor play at Jenny Wiley theater, a research project that they presented to their peers, dissecting sheep eyes and rats, building rockets, family night activities, and attending a Lexington Legends baseball game. They also chose elective classes from a large selection, such as photography, karate and painting.

The final week of the program was spent in Orlando, Fla., where the UBMSC participants visited Busch Gardens and attended the SeaWorld Adventure Camp. Besides seeing the animal shows and enjoying the rides, students went behind the scenes to talk with trainers and instructors about their work and visited animals in special one-on-one encounters. The students constructed Environmental Enhancement Devices (EEDs) for the polar bears and birds. They also "slept out" at SeaWorld for two nights, one in front of the shark tank and the other at the manatee tank.

The Upward Bound Math & Science Center, a federally funded program, provides services to 50 students from 40 East Kentucky and five West Virginia counties. To be eligible, a student must have a 2.5 overall grade point average, an interest in math or science, meet either income or educational guidelines, and be a freshman, sophomore, or junior in high school.

Anyone interested in more information should contact David Sloan, associate director of the MSU program, at 800-SUPWARD (800-587-9273); electronically at [dl.sloan@morehead-st.edu](mailto:dl.sloan@morehead-st.edu); or by writing the Upward Bound Math & Science Center at UPO 783, MSU, Morehead, KY 40351-1689.

"Call today. This could be just what you are looking for," Sloan said.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Two Montgomery County High School students participated in Morehead State University's Upward Bound Math & Science Center, June 10-July 18.

Although "giving up" six weeks of a teenager's summer might seem like too much for most high school students, Juanita Pelfry and Joi Swango would disagree.

"It's a great program. And they're the friendliest people I've ever met," Pelfry said. "I learned a lot of new stuff that my teachers never taught and I've learned a lot about myself," Swango said.

These and other Math & Science Center students were involved in a variety of experiences during the six-week period. The outings included a trip to King's Island, seeing an outdoor play at Jenny Wiley theater, a research project that they presented to their peers, dissecting sheep eyes and rats, building rockets, family night activities, and attending a Lexington Legends baseball game. They also chose elective classes from a large selection, such as photography, karate and painting.

MOREHEAD, Ky.---Three Rowan County Senior High School students participated in Morehead State University's Upward Bound Math & Science Center, June 10-July 18.

Although "giving up" six weeks of a teenager's summer might seem like too much for most high school students, Sara Perkins, Mica Gregory and Kathleen Barnett would disagree.

"It's an awesome program. You learn so much and meet great people," Perkins said. "It's hard, but a lot of fun," Gregory said. "I met a lot of new people and made a lot of friends."

These and other Math & Science Center students were involved in a variety of experiences during the six-week period. The outings included a trip to King's Island, seeing an outdoor play at Jenny Wiley theater, a research project that they presented to their peers, dissecting sheep eyes and rats, building rockets, family night activities, and attending a Lexington Legends baseball game. MOREHEAD, Ky.---Two Bath County High School students participated in Morehead State University's Upward Bound Math & Science Center, June 10-July 18.

Although "giving up" six weeks of a teenager's summer might seem like too much for most high school students, Eric Shankland and Travis McNabb would disagree.

"It's a great way to spend your summer," Shankland said. "These past two summers are the best memories of my life," McNabb said. "I hope that anyone who gets a chance to be a part of UBMSC doesn't pass up the opportunity of making your memories come alive."

These and other Math & Science Center students were involved in a variety of experiences during the six-week period. The outings included a trip to King's Island, seeing an outdoor play at Jenny Wiley theater, a research project that they presented to their peers, dissecting sheep eyes and rats, building rockets, family night activities, and attending a Lexington Legends baseball game. FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Two Knott County High School students participated in Morehead State University's Upward Bound Math & Science Center, June 10-July 18.

Although "giving up" six weeks of a teenager's summer might seem like too much for most high school students, Toby Ann Hale and Elaine Patrick would disagree.

"UBMSC is the greatest choice anyone could make. It not only prepares someone for college, but it also gives them the chance to meet new people and learn a little about rocket science," Hale said.

"UBMSC is a great program for high school students," Patrick said. "It is a fabulous way to introduce them to college life and to learn to be responsible and independent so college won't be a shocking experience," Patrick said.

These and other Math & Science Center students were involved in a variety of experiences during the six-week period. The outings included a trip to King's Island, seeing an outdoor play at Jenny Wiley theater, a research project that they presented to their peers, dissecting sheep eyes and rats, building rockets, family night activities, and attending a Lexington Legends baseball game. Besides seeing the animal shows and enjoying the rides, students went behind the scenes to talk with trainers and instructors about their work and visited animals in special one-on-one encounters. The students constructed Environmental Enhancement Devices (EEDs) for the polar bears and birds. They also "slept out" at SeaWorld for two nights, one in front of the shark tank and the other at the manatee tank.

The Upward Bound Math & Science Center, a federally funded program, provides services to 50 students from 40 East Kentucky and five West Virginia counties. To be eligible, a student must have a 2.5 overall grade point average, an interest in math or science, meet either income or educational guidelines, and be a freshman, sophomore, or junior in high school.

Anyone interested in more information should contact David Sloan, associate director of the MSU program, at 800-5UPWARD (800-587-9273); electronically at [dl.sloan@morehead-st.edu](mailto:dl.sloan@morehead-st.edu); or by writing the Upward Bound Math & Science Center at UPO 783, MSU, Morehead, KY 40351-1689.

"Call today. This could be just what you are looking for," Sloan said.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Two Franklin County High School students participated in Morehead State University's Upward Bound Math & Science Center, June 10-July 18.

Although "giving up" six weeks of a teenager's summer might seem like too much for most high school students, Heather Wright and Laroya Hogan would disagree.

"It was a great experience that I will never forget," Hogan said. "I learned that there is so much you can do if you put your mind to it."

These and other Math & Science Center students were involved in a variety of experiences during the six-week period. The outings included a trip to King's Island, seeing an outdoor play at Jenny Wiley theater, a research project that they presented to their peers, dissecting sheep eyes and rats, building rockets, family night activities, and attending a Lexington Legends baseball game. They also chose elective classes from a large selection, such as photography, karate and painting.

The final week of the program was spent in Orlando, Fla., where the UBMSC participants visited Busch Gardens and attended the SeaWorld Adventure Camp. Besides seeing the animal shows and enjoying the rides, students went behind the scenes to talk with trainers and instructors about their work and visited animals in special one-on-one encounters. The students constructed Environmental Enhancement Devices (EEDs) for the polar bears and birds. They also "slept out" at SeaWorld for two nights, one in front of the shark tank and the other at the manatee tank.

MOREHEAD, Ky.---Dustin Smyth of Johnson County High School participated in Morehead State University's Upward Bound Math & Science Center, June 10-July 18.

Although "giving up" six weeks of a teenager's summer might seem like too much for most high school students, Smyth would disagree.

"The first day I made as many friends there as I had back home," Smyth said. "I was introduced to new experiences, and I learned a lot about myself. I was having such a great time I didn't want to leave, but I'm going back next year because I had a blast. I have changed my career plans."

He and other Math & Science Center students were involved in a variety of experiences during the six-week period. The outings included a trip to King's Island, seeing an outdoor play at Jenny Wiley theater, a research project that they presented to their peers, dissecting sheep eyes and rats, building rockets, family night activities, and attending a Lexington Legends baseball game. Oct. 12, 2001

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Upward Bound at Morehead State University is recruiting freshmen and sophomore students at selected high schools in East Kentucky for the 2001-2002 academic year.

There are openings for students at Bath County, Boyd County, East Carter, Elliott County, Fleming County, Greenup County, Lawrence County, Lewis County, Magoffin County, Mason County, Montgomery County, Morgan County, Rowan County and West Carter high schools:

Upward Bound is an academic program for high school students interested in furthering their education. The program provides a variety of services to assist students in being successful in their high school coursework and to prepare them to continue their education by enrolling in a college or university.

Among the activities are academic advising and/or tutoring, social/cultural trips, school visits by Upward Bound staff, the latest happenings in a monthly newsletters, visits to campus on Saturday Return Trips, and a six-week residential summer program at MSU. Services are provided without charge to enrolled students who will receive a stipend for fully participating in all Upward Bound activities.

To be eligible to apply to the program, students must meet certain criteria: have a high school grade point average of at least a 2.0; be interested in exploring education beyond high school; be willing to participate in all Upward Bound activities, including the summer residential component; be enrolled as a freshman or sophomore at a designated high school; meet income or first generation eligibility criteria. Income eligibility is based on taxable income and number of family members; first generation means that neither of the student's parents has completed a four-year college degree.

Interested freshmen and sophomore students may pick up an application form from their high school counselor or call MSU's Upward Bound office at (800) 5UPWARD (800-587-9273).

Oct. 12, 2001

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---The Celtic and traditional music group Ten Penny Bit will perform during Morehead State University's "Americana Crossroads Live" on Friday, Oct. 26, in Duncan Recital Hall on the campus.

The concert, which is free and open to the public, will begin at 7:30 p.m. Also featured will be Dean Osborne with Eastbound and the Reel World String Band. The show is part of a series presented by WMKY 90.3 FM, MSU's public radio to the mountains, and the University's Kentucky Center for Traditional Music (KCTM).

Formed in 1984 with three members, Ten Penny Bit has doubled its size. The band's musicians and their instruments include: Robin Loeffler, hammered dulcimer and vocals; Bob Loeffler, guitar and bouzouki; Mark Cannon, fiddle, tin whistle, flute, banjo and vocals; Todd Morgan, fiddle; Blue Murphy, upright bass; and Sonny Prentice, mandolin, guitar and vocals.

Playing Irish reels with a lively Southern feel, Ten Penny Bit draws on Kentucky's music traditions as well as that of their ancestors. The band has played in concerts and festivals in Georgia, Illinois, Indiana, Kentucky, Michigan, Missouri, Ohio and Tennessee.

The group has served as staff musicians for The Kentucky Heritage and The Lloyd Shaw foundations. Ten Penny Bit has done music programs for preschool, elementary and middle schools.

In 1993, the ensemble presented a two-week program of American music and dance in Denmark, a trip that was sponsored by that country's government.

The Oct. 26 performance is sponsored by Farmer's Mercantile, Morehead Tourism Commission, Poppy Mountain Bluegrass Festival, MSU's Department of Music and KCTM. The concert will be recorded by WMKY for broadcast on Thursday, Nov. 1, at 8 p.m.

Eighteen performances from the first six concerts in the series have been recorded on "The Best of Americana Crossroads Live" compact disc which is now available.

Additional information on "Americana Crossroads Live" or the compact disc is available by calling WMKY at (606) 783-2001 or (800) 286-9659, or by visiting the Web site at [www.moreheadstate.edu/wmky](http://www.moreheadstate.edu/wmky).

Oct. 16, 2001

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---The deadline is nearing to purchase tickets to attend the Homecoming 2001 festivities at Morehead State University.

Following the "Out of this World" theme, the Homecoming celebration will run Thursday through Sunday, Oct. 25 to 28. Tickets, to events where meals will be served, must be purchased by **Monday, Oct. 22.**

The weekend will feature reunions, reminiscing of days gone by and a renewal of old friends as former classmates and friends return to the campus. Highlights will include: a pep rally on Thursday; a Welcome Reception and the Athletic Hall of Fame Banquet on Friday; and a parade with Gov. Paul Patton as the grand marshal on Saturday.

Numerous recognitions will be held throughout Homecoming. Sigma Alpha Epsilon and Omega Psi Phi fraternities will begin 30<sup>th</sup> anniversary celebrations; the Student Government Association, Greek alumni, and the Panhellenic and Sigma Sigma Sigma alumnae will hold reunions as well as the class of 1951, the Women's Recreation Association and the African American Alumni Chapter.

Details on all the events and ticket information are available by calling the Alumni Center at (606) 783-2080.

Oct. 17, 2001

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Randy Saunders, a Morehead State University senior from Morehead, will participate in the Kentucky General Assembly's Legislative Intern Program during the spring semester.

As a Legislative Research Commission intern, Saunders will work closely with the agency's administrators and committee staff on a daily basis. He will have an office in the Capitol or Capitol Annex, attend classes covering the legislative process and the workings of state government, and make brief presentations on areas he has been assigned to track during the session.

After submitting an application and recommendation of Dr. Lindsey Back, MSU professor of government, Saunders was invited to Frankfort for an interview. He was notified at the beginning of the fall semester that he had been accepted to the four-month program.

Saunders, a history and government double major, is looking forward to the experience. "I really like the political process," he said. "This will help me in my future plans." He hopes to attend law school when he graduates from MSU in May.

While working in the Capitol, he will be paid a stipend for living expenses while earning college credit from MSU. "My education has given me an opportunity to interact with other students and those in the Department of Geography, Government and History have been most helpful," he said.

Since his early days on campus, Saunders has been active in various campus sports. He was a member of the Eagle football team, participated in varsity track and field, and has been involved in many intramural sports.

A 1997 graduate of Muhlenberg South High School, he was named to the Ohio Valley Conference Commissioner's Honor Roll in 1998 and 1999 and received the National Student-Athlete Day Award.

A member of Tau Kappa Epsilon fraternity, he has served in numerous leadership roles at the local and national level. On campus, he has been active in various committees and served as chapter secretary and Interfraternity Council delegate.

(MORE)

Randy Saunders  
2-2-2-2-2

Saunders was selected by a national officer to attend the TKE Leadership Academy 14 which was held in Indianapolis in June, and was one of five delegates to attend the national meeting in New Orleans in August. He also has written an article for "The Teke," the organization's national magazine, which was published in its Summer 2001 issue.

He has earned his fraternity's top G.P.A. Award for 1999 and 2000, the Bronze Plaque Award given to Greek seniors who have maintained a 4.0; and the 2000 Greek man of the year award.

The son of Randy and Debra Saunders of Minneapolis and grandson of Vaughn and Mona Robertson of Indianola, Iowa, Saunders is listed in "Who's Who Among Students in American Universities and Colleges." He is president of Phi Alpha Theta history honor society and Pi Sigma Alpha government honor society for 2000-2001; vice president and former secretary of Societas Pro Legibus pre-law society; and a member of Phi Kappa Phi honor society.

A tutor in the Department of Geography, Government and History, he has worked with the National Youth Sports Program and in Camden-Carroll Library. During the last year, he has been employed at CoffeeTree Books in Morehead.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Since most students are not millionaires (yet), bargain hunting for textbooks has become a familiar tradition on the Morehead State University campus. This fall, students discovered that the University Bookstore offered not only competitive pricing but something even more valuable to students—convenience.

New student research conducted by the National Association of College Stores (NACS), of which the University Bookstore is a member, revealed several factors were important to students. They cited knowledge of the specific textbooks needed, immediate availability, competitive pricing, buyback options, ease of exchange and returns and the ability to make all their course-related purchases at one time as key indicators in decision making.

“The NACS study tells us that convenience is absolutely essential to students,” said Jackie Griffey, general manager. “We work hard to ensure that we have the right books on the shelf and available for purchase by students before classes begin each fall.” Griffey notes that the store’s online presence at <http://bookstore.morehead-st.edu> provides MSU students with online shopping convenience as well.

National data shows that college bookstores continue to dominate despite competition from online-only textbook companies that advertise savings. Locally, the University Bookstore realized an 11 percent increase in textbook sales compared to the same period last year. Online sales of textbooks only accounts for about six percent of all textbooks sold, according to NACS.

The University Bookstore, located on the first floor of the Adron Doran University Center at 100 University Blvd., is open Monday through Friday, 8 a.m. until 4:30 p.m. Online shopping convenience is available on the Internet at <http://bookstore.morehead-st.edu>.

Additional information is available by calling (606) 783-2081.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---If starting a business is something you would like to do, then you may benefit from a "Creating an Effective Business Plan" seminar offered by Morehead State University's Small Business Development Center on Tuesday, Oct. 30.

The session runs from 5 to 7:30 p.m. in 210 Combs Building.

Instruction during the workshop will cover: choosing a business plan style, using a plan as an operating or financial proposal and deciding on the topics to be included in a plan given to potential investors and/or bank loan officers. Time will be allotted for questions and answers.

There is a \$5 fee for the workshop. Pre-registration is necessary due to limited seating.

Training programs sponsored or co-sponsored by SBDC are available to all individuals without regard to race, color, sex, creed, or national origin. Special arrangements for those with disabilities will be made if requested in advance.

Additional information and registration are available by calling Morehead State's SBDC at (606) 783-2895.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Fiction writer and poet Crystal Wilkinson will visit the Morehead State University campus on Tuesday, Oct. 30, to speak with students in creative writing classes and give a reading of her work. Both events are free and open to the public.

Wilkinson is the author of a short story collection, "Blackberries, Blackberries" that was published by Toby Press last year. The work has been named best debut fiction by "Today's Librarian" magazine.

In a "Writing for Life" workshop, she will discuss ways to turn bits of everyday life and everyday people into a short story. The session, which will begin at 3 p.m. in 413 Combs Building, will focus on mining our memories and rediscovering our relationships to family and place.

She will give a reading at the Kentucky Folk Art Center later that day. The program begins at 7:30 p.m.

A native of rural South Central Kentucky, Wilkinson is a creative writing instructor and assistant director at the Carnegie Center for Learning and Literacy in Lexington. She also serves as chair of the creative writing faculty for the Kentucky Governor's School for the Arts.

Wilkinson's poetry and short fiction has appeared in numerous publications including "Obsidian II: Black Literature in Review," "Southern Exposure," "The Briar Cliff Review," "Calyx," "Collage and Bricolage" and "African Voices."

The author's visit is sponsored by MSU's Department of English, Foreign Languages and Philosophy. Additional information is available from Dr. Sheri Joseph, assistant professor of English, by e-mail to [s.joseph@morehead-st.edu](mailto:s.joseph@morehead-st.edu) or by calling (606) 783-2136.

MOREHEAD, Ky.---Rob Hay, a graduate student at Morehead State University, has a one-person exhibit on display at Spalding University in Louisville, through Oct. 31.

The show, which includes 35 recent works, may be viewed weekdays in the Huff Gallery at Spalding. There is no admission charge.

Hay, who earned a Bachelor of Arts degree from MSU, is exhibiting a variety of paintings, drawings, and silver and goldpoint drawings.

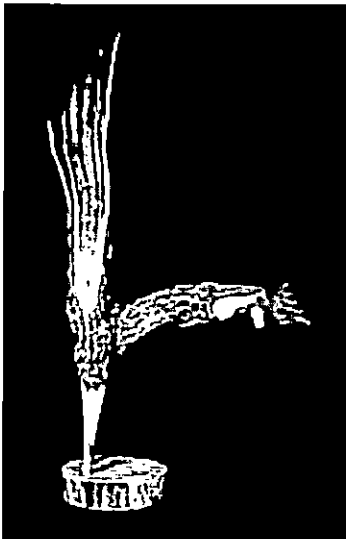

He is a Louisville native.

####

## Folk art exhibit on tour in the region

A traveling exhibit, "Common Concerns, Contemporary Kentucky Folk Art," has been developed by Morehead State University's Kentucky Folk Art Center specifically for showing at locations around Kentucky.

Rooster, 1989, wood and paint,  
by Minnie Adkins, (b. 1934,  
Elliott County)

The dates and locations include:

Oct. 1-26, Cumberland College in Williamsburg;

Jan. 2-Feb. 1, Southeast Community College in Cumberland;

Feb. 8-March 8, Somerset Community College;

March 16-April 16, Prestonsburg Community College;

April 16-May 15, Big Sandy Mountain Heritage and History Center in Pikeville.

To be announced, Kentucky Highlands Museum in Ashland.

"This is one way we can share KFAC's permanent collection with people around the region," said Garry Barker, KFAC director. "A lot of people visit the Center, located in Morehead, but there are numerous other folks who don't, or can't,

see the works on site. This gives them a chance to see some of the exciting work that these grassroots Kentucky artists have produced in recent years, and it is one way for us to give something back to the region that produced these artists."

The exhibit, which consists of more than 50 paintings, sculptures and quilts, expands the traditional definition of folk art. "Many people think of folk art as being about tradition, countryside, the rural way of life and connections with the past," said Adrian Swain, KFAC curator and developer of the exhibition. "Folk art certainly can represent these things, but not necessarily. Folk art can just as easily come from the towns and cities of Kentucky and depict the present and the future," he added.

The art in this exhibit presents the ideas, beliefs, hopes and fears that have been on the minds of Kentucky artists in the past. "This art comes from the artists in our midst," said Swain. "Their work most often deals with issues that we share as common concerns. When they do this most successfully, they enable us to look at our own lives in a new light. The extreme variety of creative expression evident in this exhibition attests to the individuality of self-taught artists and reflects the thread of independence that runs through the people of Kentucky in general."

The collection was founded at Morehead State University in 1985. As it grew and developed, the collection formed the cornerstone of the Kentucky Folk Art Center, which was formally established in 1994.

A cultural and educational program of Morehead State University, the Kentucky Folk Art Center presents exhibitions and other educational programs to the public on a regular basis, year-round.

Partial funding for this project has been provided by the Kentucky Arts Council, a state agency of the Education, Arts and Humanities Cabinet, with support from the National Endowment for the Arts. Local sponsors have been provided for some showings.

MOREHEAD, Ky.--Eleven Morehead State University students have been selected by their peers as candidates for the 2001 Homecoming Queen.

Crowning of the king and queen will take place during halftime ceremonies of the football game on Saturday, Oct. 27, when the Eagles take on Austin Peay State University in Jayne Stadium. Kickoff is slated for 2 p.m.

Vying for the title of queen will be Leslie Engle, **Richmond** senior, who is sponsored by Lambda Chi Alpha social fraternity. The daughter of Debbie and Adrian Engle, she is a communications major.

Engle is a member of Chi Omega social sorority, Cardinal Key and Student Alumni Ambassadors. Her hobbies include reading, exercising, shopping and acting.

After earning a bachelor's degree, she plans to move to Los Angeles pursue acting and news casting careers.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---The Reel World String Band's old-time sound may be heard during Morehead State University's "Americana Crossroads Live" on Friday, Oct. 26, in Duncan Recital Hall on the campus.

The concert, which is free and open to the public, will begin at 7:30 p.m. Also featured will be Dean Osborne and Eastbound and Ten Penny Bit. The show is part of a series presented by WMKY 90.3 FM, MSU's public radio to the mountains, and the University's Kentucky Center for Traditional Music (KCTM).

The Reel World String Band, formed in 1977, is composed of five female members: Bev Futrell on guitar, Karen Jones on fiddle, Elise Melrood on piano, Sue Massek on banjo and Sharon Ruble on bass.

The group chose the spelling of its name "Reel" because it reflected the reels and hoedowns included in the band's original repertoire. When the women expanded their song list, they were assisted by Hazel Dickens, who wrote "Working Girl Blues," and Si Kahn, who penned "Truck Driving Women."

Among the band's strongest inspirations was Lily May Ledford of the Coon Creek Girls, a pioneer in the commercial country music industry. Influenced by traditional and old-time music, the band writes its own compositions that depict American roots with touches of country, swing, blues and jazz.

With bookings across the country, they have performed with Josh Dunson of Real Peoples' Music, Bill Monroe at the Old Town School of Music in Chicago and the Philadelphia Folk Festival and in the Lincoln Center. In addition to gigs in Canada and the United States, the Reel World String Band has performed in Italy.

The Oct. 26 performance is sponsored by Farmer's Mercantile, Morehead Tourism Commission, Poppy Mountain Bluegrass Festival, MSU's Department of Music and KCTM. The concert will be recorded by WMKY for broadcast on Thursday, Nov. 1, at 8 p.m.

Eighteen performances from the first six concerts in the series have been recorded on "The Best of Americana Crossroads Live" compact disc which is now available.

Additional information on "Americana Crossroads Live" or the compact disc is available by calling WMKY at (606) 783-2001 or (800) 286-9659, or by visiting the Web site at [www.moreheadstate.edu/wmky](http://www.moreheadstate.edu/wmky).

MOREHEAD, Ky.---An on-campus convenience store and adjacent food service facility at Morehead State University were closed Thursday afternoon when an unknown substance was discovered on a store shelf during routine cleaning.

Two employees of Aramark Corporation, MSU's food service contractor, were decontaminated as a safety precaution. The white substance was bagged and sent to the Kentucky State Police laboratory in Frankfort, according to Joe Cline, assistant director of public safety.

"We anticipate that the facilities will be reopened early next week as soon as the lab results are available," Cline said. "Meanwhile, we are investigating the situation and will take appropriate action."

In a related matter, MSU President Ronald G. Eaglin informed the campus in a network telephone message Friday morning that anyone associated with such an incident would be prosecuted.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---In an effort to provide assistance to the campus community, Morehead State University's Counseling Center will offer four workshops on topics that affect one's health on consecutive Tuesdays, from Oct. 23 through Nov. 13.

The courses, which will run from 4:15 to 5:15 p.m. in 112 Allie Young Hall, include:

\* "Stress and Time Management," Oct. 23, taught by Judy Krug, student wellness coordinator. Instruction will cover determining sources of stress, identifying how stress affects people, reducing stress levels, managing time effectively and relaxation techniques.

\* "Dating Communications," Oct. 30, presented by Dan Collins, staff psychologist. Instruction will address several problematic issues that may occur in romantic relationships.

\* "Anxiety," Nov. 6, taught by Collins. Instruction will cover common fears associated with tests and public speaking and how these can be overcome by using relaxation techniques.

\* "Depression," Nov. 13, presented by Velma Campbell, staff psychologist. Instruction will address how to recognize depression, its symptoms and how it can be treated. Special emphasis on dealing with stress and depression during the holiday season will be included.

Additional information is available by calling the Counseling Center at (606) 783-2125.

MOREHEAD, Ky.---The opportunity to learn how to tell a fake antique from a real one is being offered by Morehead State University's Office of Continuing Education on Friday and Saturday, Nov. 2 and 3.

An antique appraising course will meet in East Room B of the Adron Doran University Center from 7 to 9 p.m. on Friday and 9 a.m. to 1 p.m. on Saturday. Instruction, by certified appraiser Steve Kouns, will include researching and purchasing antiques, determining fair value and authentication, auction bidding, negotiating prices, recognizing reproductions, reselling and the current trends collecting.

Using his more than 10 years of experience, Kouns also will guide class members through the appraisal process. Participants may bring their own objects for this exercise. Beginning and experienced collectors may learn to select, evaluate, purchase and sell antique glassware, china and pottery.

The workshop has a \$40 fee, which includes materials. Pre-registration is necessary.

Additional information is available by calling (606) 783-2875 or by visiting [www.moreheadstate.edu/units/ceu/personal.html](http://www.moreheadstate.edu/units/ceu/personal.html).

Oct. 19, 2001

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Sisters Michelle McKee and Stephanie Polley of Maysville have done many things together, including enrolling as non-traditional students at Morehead State University.

Once they began taking classes, the pair declared industrial technology with an option in construction/mining technology as their major. They also became partners in Super Scrubs, a cleaning operation.

The entrepreneurial enterprise started last year when they got a job cleaning apartments for the Housing Authority in Maysville. Today, their business keeps them busy Tuesday through Saturday, whether it is cleaning government offices in Mason County, a law office, the Environmental Protection Agency facility at Maxey Flats or six houses.

"Mondays are reserved for classes and tutoring or studying," Polley said. "We don't want our grades to go down because of all of this."

There was a time last year, however, when the pair wondered if Super Scrubs would make it. "Around Christmas time we were making about \$50 a week. The work wasn't consistent," McKee said. "Now, we have steady jobs."

In addition to themselves, the company employs their mother who helps with their children and some of the cleaning. McKee has four children--Corey, 14; Kayla, 13; Carolyn, 11; and Kami, 9. Polley has a daughter Heather, who is 9 years old.

Heather and Kami are in the same class in school, Polley said. "We were glad about that because we know how much it helps," she added. The cousins also are in the same Girl Scout troop and take gymnastics lessons together.

Even though the women are busy, husbands Mark McKee and Jeremy Polley, support their endeavors. "You have to make sacrifices to go to college," McKee said. "I wouldn't change it," Polley said.

After graduation, both women want to be project managers at construction sites, working for someone else. "I want to live in a motel from the time I'm 40 until I'm 65," McKee said. "My husband and I will build a little cabin as our home base and I'll travel with a big construction company."

"My goal when I'm out of school is to hire someone to clean my house," Polley joked.

They plan to pass their cleaning business on to their daughters so that they may have money for college.

Oct. 23, 2001

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Kentucky House Speaker Jody Richards, D-Bowling Green, spoke with Morehead State University faculty, staff and students (Oct. 22) to gather ideas for the next session of the General Assembly.

If Kentucky is to be a progressive state, education must be the best, from kindergarten through higher education, Rep. Richards said. Since the adoption of the Kentucky Education Reform Act in 1990, other states have copied the plan.

"Education is a treasure and we must always try to make it more affordable," he said. Previously, young people did not go to college because they lacked financial backing. He congratulated MSU for "offering hope and opportunity."

In his remarks, Speaker Richards credited the General Assembly for its foresight in passing laws to help Kentucky become a safer place to live. The threat of a bomb or poisonous chemicals in any public building is a felony, punishable by up to 10 years in prison and a fine.

Fielding questions from the audience, the legislator addressed the state's future budget cuts, importance of learning a foreign language and various issues related to comprehensive tax reform.

"It may be 2004 before we get back to the way we were before the downturn," he said. "We're going to have some rough times; but, we seem to do a good job of prioritizing when times are tough," he said.

In other matters, teachers' salaries were listed among the items where more money was needed. A salary increase is necessary for all teachers, from primary through higher education, if they are going to continue to improve the state's educational system, he said.

While on campus, Speaker Richards was a guest on WMKY's "Front Page," and visited a freshman government class.

Oct. 23, 2001

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Pi Kappa Alpha fraternity has officially returned to the Morehead State University campus after receiving an official charter from its national organization.

At a ceremony and banquet held recently, Pi Kappa Alpha's International President, H. King Buttermore III, along with chapter members from across the country, initiated 45 MSU students to establish its 210<sup>th</sup> official chapter.

The Pi Kappa Alpha fraternity was founded at the University of Virginia in 1868 and was originally established at MSU in 1971. It was one of a flurry of Greek organizations to plant roots on campus after national fraternities were given permission to recruit in 1969.

However, in 1986, the local chapter lost its charter and dissolved.

"The fraternity went silent," said Dr. Geoffrey Gearner, associate professor for biology and faculty adviser for Pi Kappa Alpha, "but the local organization was approached by two members of the national fraternity in 1999 about establishing a new colony at MSU."

To receive an official charter, the colony had to recruit members and prove its dedication to the campus and community through service and fundraising.

"There were no alumni of the fraternity here, so we had to basically start from scratch," said Barry James, Interfraternity Council president and Pi Kappa Alpha's new member educator.

After 30 months and a grueling inspection in September, Pi Kappa Alpha's colony at MSU was approved for its charter and acknowledged for its commitment to the community.

"We raised \$3,000 for the American Red Cross after the terrorist attacks on Sept. 11," said James, **Shepherdsville** senior, "and we're gearing up for our annual Rubber Ducky Race after Homecoming to raise money for the American Cancer Society."

Additional information about Pi Kappa Alpha is available on their website at <http://www.geocities.com/Moreheadpikes/> or from James Armstrong, an **Olympia** sophomore and local chapter president, at (606) 783-3301.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Dealing with biological hazards and avoiding dangerous situations will be discussed at Morehead State University on Wednesday, Oct. 24, in cooperation with United Nations Day.

Members of the community are invited to the campus for an open forum beginning at 5 p.m. in Duncan Recital Hall.

The program is designed to provide information, alleviate fears and discuss what measures to take to prevent a crisis situation. Leading the discussion will be Chris Robinson, director of operations of ARC EnviroChem in Nicholasville and Carl Robinson, medical microbiologist from Lexington.

Dan Collins, staff psychologist in MSU's Counseling Center, will address the psychological ramifications of recent events and coping strategies to deal with numerous topics including war, death, grief and panic.

Time will be allotted for questions.

Additional information is available from Dr. Dayna Brown, chair of the Department of Health, Physical Education and Recreation, by calling (606) 783-2180.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.--- Award winners have been announced for the “Lost and Found” exhibit, a display of art made from found objects, now showing at Morehead State University’s Kentucky Folk Art Center.

Rodney Boggs of Isonville received the \$500 first place award for artistic excellence for “Kentucky Headhunter #1,” a sculpture using automotive parts.

Thomas Kuss Jr. of Prestonsburg claimed the \$250 second place award for “The World Screw,” a piece sculpted from odd gears, bolts and tools.

The \$100 third place prize was awarded to Teresa Brewer of Hazard for her “Horse Of A Different Color,” an assemblage of wood, metal and leather.

Honorable mention awards went to Ken Brooks of Lancaster for “Big Bird,” designed from old barrel hoops, and Sarah Curry of Lexington for her “Humpty Dumpty” sculpture.

A total of 33 works are on display in the exhibit, which runs through Friday, Dec. 21. Several of the sculptures are for sale.

Artists from across Kentucky entered pieces fashioned from materials such as a hand-held plow, a basketball, a female mannequin torso, broken eggshells, the door of a dishwasher, barn siding, old shoes and scrap metal.

The Kentucky Folk Art Center is a cultural and educational service of Morehead State University. The center, located at 102 West First St. in Morehead, is open Monday through Saturday, from 9 a.m. to 5 p.m., and Sunday, 1 to 5 p.m.

Admission is \$3 for adults Monday through Saturday and free on Sundays.

Additional information is available from the Center’s web site at [www.kyfolkart.org](http://www.kyfolkart.org) or by calling (606) 783-2204.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---As the leaves turn, fall weather and the upcoming holiday season become topics of conversation. With the end of the year fast approaching, it is time for Morehead State University students to turn their attention to the spring semester of classes.

Advance registration for the coming term will be held Monday through Thursday, Nov. 5-8. Registering early allows students more classes from which to choose and a better chance of getting the schedule that they want.

Graduate students and current seniors and juniors will register on Monday, Nov. 5; all classifications may register Tuesday through Thursday, Nov. 6-8. Department offices are open from 8 a.m. until 4:30 p.m. each day.

Courses offered during the spring semester are listed online at [www.moreheadstate.edu/units/registrar/classes.htm](http://www.moreheadstate.edu/units/registrar/classes.htm). Graduate students and currently enrolled students, who have a checksheet on file, may register online at [www.moreheadstate.edu](http://www.moreheadstate.edu), MSUsers option.

Before beginning the registration process, students will need approval from their adviser.

Additional information on the registration process is available from the Office of the Registrar at (606) 783-2008.

Students also may register at the extended campus centers during the same time period. Additional information on the registration process, which begins with adviser approval, is available by calling one of the centers: MSU at Ashland, (606) 327-1777 or toll-free, (800) 648-5370; MSU at Prestonsburg, (606) 886-2405 or toll-free, (800) 648-5372; or MSU at West Liberty, (606) 743-1500 or toll-free, (800) 648-5371; or Extended Campus Programs at (606) 783-2605 or toll-free, (800) 585-6781, opt. #3.

FOR IMMEDIATE RELEASE

ASHLAND, Ky.---Inventors and those with ideas for inventions may benefit from a workshop being offered by the Morehead State University at Ashland's Small Business Development Center and the Ashland Alliance.

A "Patenting Your Invention" seminar will be held on Wednesday, Nov. 7, from 1 to 3:30 p.m. at MSU Ashland, 1401 Winchester Ave.

Robert Waters, Huntington patent attorney, will teach the course. During the class, instruction will cover government regulations, expenses related to the patenting process, the importance of product uniqueness and patenting procedures. Time will be allotted for a question and answer period.

The session has a \$15 fee, which is payable in advance or at the door.

Training programs sponsored or co-sponsored by SBDC are available to all individuals without regard to race, color, sex, creed or national origin. Special arrangements for those with disabilities will be made if requested in advance.

Additional information and registration are available by calling the Ashland SBDC at (606) 329-8011.

Oct. 24, 2001

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---To help satisfy the needs of the health care industry, Morehead State University has introduced a baccalaureate degree in radiologic sciences.

Students with an associate degree in the field may pursue a bachelor's degree with one year of advanced study in sonography or computed tomography and one year of general education requirements. The University is the only one in the state of Kentucky to offer an advanced imaging degree, according to Barbara Dehner, coordinator of radiological sciences programs.

MSU's Radiologic Technology Program conducted a needs analysis survey of the radiologic technologists and professionals in the medical field, resulting in the establishment of the baccalaureate degree program, according Wretha Goodpaster, sonography program coordinator. "It showed that the health care industry wanted multi-talented radiologic technologists."

In addition, there are many sonographers who have on-the-job training, but in two years government regulations will require educational certification to accompany those skills, Goodpaster said.

"Morehead State's program will accept technologists with degrees from other universities and community colleges," Dehner said. "We hope to be an avenue for other technologists who want to pursue their education and satisfy the health needs of the state."

Sonography faculty members Goodpaster and Marcia Cooper, clinical coordinator, have a combined 36 years of experience to pass on to their students. Computed tomography faculty member Cyndi Gibbs, associate professor of radiologic sciences, has 15 years of experience in the field, according to Dehner.

While studying toward their associate degree, the students also are taught by Dr. Cyrus Whaley, Department of Nursing and Allied Health Sciences chair; Jackie Darling, associate professor of radiologic sciences; and Jeff Fannin, assistant professor of radiologic sciences, who with the other radiologic sciences faculty, combine for 60 years of experience. All of the faculty members are credentialed in more than one area and have a master's degree, which is unusual in the radiologic sciences field, Dehner said.

(MORE)

Radiologic Sciences Program  
2-2-2-2

While pursuing their degree in either of the advanced areas, students spend approximately 50 percent of their time in a clinical setting, Goodpaster said. They work in hospitals and doctors' offices throughout most of the state.

"The students will observe all types of procedures," she said. "After a sonographer or computed tomographer has approved the students' skills, those students will perform procedures under the direct supervision of a physician."

In addition, local doctors will send some of their pregnant patients to Morehead State for students to perform sonograms. The patient will be given a videotape of the procedure as a memento.

After students earn their bachelor's degree, they must pass the national certification examination. Once certified, those in the field are required to earn 12 hours of continuing education credits per year to maintain their credentials.

Additional information about the baccalaureate degree program is available by calling Shannon Harr, student services officer, at (606) 783-2772.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---IIIrd Tyme Out, the top Bluegrass vocal group for seven consecutive years, will present a Vocal Harmony Workshop at Morehead State University on Friday, Nov. 2.

The entertainers will lead the session in Duncan Recital Hall from 10 until 11:30 a.m. The activity, sponsored by the Kentucky Center for Traditional Music, is free and open to the public.

The band will demonstrate its vocal arrangements and sound check procedures, according to Sandy Knipp, KCTM director. "They will exhibit the things they do to prepare for a concert, from adjusting the microphones to listening to the musical accompaniment."

During the workshop, the performers also will show several varieties of vocal styles, such as vocal stacking, minor harmonies, contra harmony, as well as featuring lead, baritone and tenor parts, Knipp added.

Members of the audience will be invited to participate, gaining hands-on experience, at various stages of the session.

Designed for music lovers, the workshop may be especially helpful for those taking voice lessons or wish to perform professionally.

The group will return to the campus for a performance on Saturday, Feb. 2, in Button Auditorium. The lineup for that concert also will include Bluegrass Strangers.

Additional information on the vocal harmony workshop is available by calling Knipp at (606) 783-5260 or 784-2492.

Oct. 26, 2001

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Morehead State University's First Lady Bonnie Eaglin and Kentucky's First Lady Judi Patton will officially dedicate the Gateway Children's Advocacy Center, the state's newest center for treating sexually abused children, on Wednesday, Oct. 31, at 1:30 p.m.

Gov. Paul Patton is expected to speak at the ceremony, as well as State Sen. Robert Stivers, R-Manchester, and a host of city and county leaders.

"We are all so pleased this day is finally here," said Mrs. Eaglin, Board of Directors president for the Gateway Center. "This project has taken much longer than we originally thought and without the help of students, faculty and the people of Morehead who volunteered countless hours, we could not have made this happen."

The Gateway Children's Advocacy Center, a project spearheaded by Mrs. Eaglin, will serve as a clinic where sexually abused children will receive thorough medical examinations, forensic interviews and extensive counseling.

The center will provide a child-friendly atmosphere for victims and their families and become a headquarters for conducting and prosecuting child sexual abuse cases in the Gateway Area Development District, which includes Rowan, Bath, Menifee, Morgan and Montgomery counties.

"We started taking cases at the end of August and we've seen about a dozen children since then, so we're making great progress," said Heather Shelton, executive director for the center. "We have a therapist from Pathways working with us and a physician from St. Claire Medical Center.

"We have created an environment where young victims can disclose details of abuse without fear," Shelton said, "and these children will know they are protected and surrounded by people who support them."

(MORE)

Located at 310 E. Main St. in Morehead, the center becomes the 12<sup>th</sup> children's advocacy center to open in Kentucky. Centers are now operating in Ashland, Bellevue, Bowling Green, Elizabethtown, Hazard, Henderson, Lexington, London, Louisville, Paducah and Pikeville. A 13<sup>th</sup> proposed center in Jamestown recently received funding and two more are still in the planning stage. The 15-center network is part of a broader, statewide effort to increase public awareness and prosecution of child sexual abuse cases.

"The State Association of Children's Advocacy Centers was established in Frankfort to oversee all of the centers," Shelton said, "and we meet every quarter, if not more often, to discuss current issues, casework and legislation."

The center was first proposed in 1999 when Commonwealth's Attorney George Moore approached Mrs. Eaglin and other community leaders with the idea. With assistance from Sen. Stivers, Mrs. Eaglin was able to meet with Mrs. Patton to discuss possible funding for the project. Through their cooperative efforts, the 2000 General Assembly approved \$228,000 in capital construction and operation funds.

"The state funding has established our baseline operation," Shelton said, "but we will soon begin a proactive fundraising campaign to help the center stay visible in the community and educate the public about violence and abuse issues."

Additional information on the center is available by calling (606) 780-7848.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---A contribution from the Koch Foundation's endowment fund will make training on air conditioning units better for the staff at Morehead State University.

The MSU Foundation has received a \$35,000 donation that will be used to purchase a 100-ton chiller for training heating, ventilation and air conditioning (HVAC) technicians. Eloy Bazaldua, president of Koch-Air, and Thomas R. Utley, manager of human resources, visited the campus for the presentation.

"The Koch Foundation gives financial support to universities, schools and churches on an annual basis," Bazaldua said. "We are pleased to provide assistance to MSU in this endeavor."

Koch-Air is a leader in the distribution of Carrier products including chillers of industrial size. Based in Indiana, the company serves Missouri, Indiana, Illinois, Tennessee and Kentucky.

The agreement was a result of efforts by Todd Thacker, MSU building maintenance superintendent, and representatives from Koch-Air. When reorganizing his HVAC unit earlier this year, Thacker hired several new employees making training of the HVAC personnel a priority.

"The chiller is a complex unit that requires a trained staff, an abundance of which is not available," said Thacker, who, along with his staff, is responsible for keeping 36 chillers on campus operational. "In this area, St. Claire Medical Center and MSU are the only facilities using this type of chiller."

Most universities contract their chiller maintenance, Thacker noted. With a cost of from \$185,000 to \$200,000 per year, MSU chose to hire staff members to service the units. Currently, there are four HVAC technicians and two HVAC supervisory positions on the University's roster.

Several vendors and contractors in the community, including Dave Abner with Abner Construction, and Joe Perkins and Steve Walker of Perk's Inc., have offered to help in setting up the training facility with the new chiller. These businesses have offered services, engineering, labor and parts at cost, to help produce a trained work force.

MSU and Rowan Technical College are in joint discussion to develop training for MSU staff and Rowan Technical students using the new equipment.

## **MSU ACCEPTS CONTRIBUTION FROM KOCH FOUNDATION**

The Koch Foundation has donated \$35,000 to Morehead State University to purchase a 100-ton chiller which will be used for training heating, ventilation and air conditioning technicians. On hand for the presentation were, from left, Barbara Ender, MSU vice president for development; Eloy Bazaldua, president of Koch-Air; Todd Thacker, MSU building maintenance superintendent; Thomas R. Utley, manager of human resources at Koch; and Porter Dailey, vice president for administration and fiscal services at MSU. Koch-Air, based in Evansville, Ind., is a leader in the distribution of Carrier products, including chillers of industrial size.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.--- Morehead State University's Veterinary Technology Program has announced a 100 percent passing rate for the 19 graduates who took their National Board Examinations in June 2001.

Nationally, only 86 percent of the 2,238 first-time candidates passed this year.

Graduates are qualified to assist in all areas of veterinary work, including laboratory testing, surgery, anesthesia and radiology. Many states require passing the Veterinary Technician National Exam (VTNE) to become a registered Veterinary Technician.

"Veterinary technicians are in high demand, but they're in very low supply," said Dr. Scott Rundell, DVM, program coordinator.

MSU offers a five-semester program to earn an Associate of Applied Sciences degree in Veterinary Technology. Dr. Rundell said a recent change in teaching formats is helping students become better prepared for the workplace and to become life-long learners.

"Our problem-based learning format models the process of the real world, because it is more interactive than just listening to a lecture," said Dr. Rundell. "Posing questions and presenting actual case scenarios stimulates discussion and keeps the students involved in the educational process.

"We have to make better learners out of our students so they can identify, locate and use the information they need," said Dr. Rundell, "because, in five years, what we teach them today could very well be obsolete. I commend our faculty for their dedication to the program and our students. They have worked diligently to learn and implement the problem-based learning format."

The 19 graduates who passed the VTNE are:

Heather Armstrong, **Clarendon Hills, Ill.**; Beth Chafin, **Huntington, W. Va.**; Ellen Clark, **Louisville**; Jason Dean, **Shippensburg, Penn.**; Christy Fields, **Hardy**; Amber Hart, **Florence**; Sierra Hoover, **Elliottville**; Amanda Jeffries, **Pleasureville**; Cynthia Johnson, **Beaver Creek, Ohio**; Mary McHargue, **Corbin**;

(MORE)

Vet Tech

## MSU ALUMNI VISIT CAMPUS

Morehead State University alumni and friends from near and far visited the campus during the annual Homecoming weekend. Making a return trek was Dr. James H. Thomas ('62), left, who was accompanied by his son Justin. During the annual faculty/staff coffee, they talked with Barbara Ender, vice president for development, and Michael Mincey, vice president for student life. Dr. Thomas, an Ashland native, is professor of surgery at the University of Kansas Medical Center in Kansas City.

## CROWNING MOMENT FOR BASS

Ellen Bass, Mt. Washington senior, was named the 2001 Homecoming Queen at Morehead State University on Saturday, Oct. 27. Placing the crown on her head was MSU President Ronald G. Eaglin. Bass, the daughter of Bill and Marilyn Bass, is a communications major with an emphasis in advertising/public relations. She is a member of Kappa Delta social sorority, Student Government Association's student court, Student Activities Council and the American Advertising Federation. After receiving a bachelor's degree, she plans to pursue a career in advertising and earn a master's degree.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---The annual Faculty Art Show for Morehead State University's Department of Art will be on display in the main gallery of the Claypool-Young Art Building, Nov. 14-Dec. 12.

An opening reception will be held on Wednesday, Nov. 14, from 7 to 9 p.m. Refreshments will be served and live music will be provided by the Licking River Ramblers.

The exhibit will feature a wide variety of artwork, including ceramics, photography, computer imaging, painting, printmaking, sculpture and mixed media.

Participants in the show include: Robert Franzini, department chair; David Bartlett, professor; Dixon Ferrell, Deeno Golding, Gary Mesa-Gaido, Lisa Mesa-Gaido and Steve Tirone, associate professors; Julie Gawne and Emma Perkins, assistant professors;

Stephen LaBoueff, Anita McNeal, Greg Penner, Karen Telford and Nancy Wayman, instructors; and Jennifer Reis, gallery director.

The Claypool-Young Art Building's main and Strider galleries serve the MSU community as well as the University's service region. The galleries are open Monday through Friday, 8 a.m.-4 p.m., or by appointment. There is no admission charge.

Additional information is available by calling Reis at (606) 783-5446.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Morehead State University theatre students will present Clifford Odets' "Awake and Sing" in Kibbey Theatre, Tuesday through Saturday, Nov. 13-17, at 8 p.m. and Sunday, Nov. 18, at 2 p.m.

Student-directed by Steve Kazee, **Ashland** senior, the play follows the struggles of a Jewish family during the Depression. The story portrays American life interjected with humor, pathos and historical significance.

Kazee, who directed "The Emperor Jones" and "The Zoo Story" at the Lost Colony Outdoor Drama, will make his directing debut on Morehead State's stage in this production. He has appeared in a number of acting roles in MSU theatre, including Cornelius Hackl in "The Matchmaker" and Archibald in "The Secret Garden."

The son of Mike and Kathy Kazee, he is a theatre major. President of Theta Alpha Phi theatre honor society, Kazee is a member of MSU Players.

Appearing in leading roles in "Awake and Sing" are Ricky Fromeyer, **Dayton** sophomore, as Ralph Berger; Kristin Heater, **New Richmond, Ohio**, freshman, as Bessie Berger; Dr. Travis Lockhart, director of theatre, as Jacob; LaDawna McIntyre, **Raceland** senior, as Hennie Berger; and John Page, **Owensboro** freshman, as Moe Axelrod.

Britton Hennessey, **Augusta** sophomore, is the stage manager for the play. Catarina Baptista, **South Africa** freshman, and Laurie Dye, **Bradenton, Fla.**, junior, will be assistant stage managers.

Admission is \$8 for adults and \$2 for non-MSU students and senior citizens. Morehead State students will be admitted without charge with a valid EagleCard.

Reservations are necessary due to limited seating. Ticket information is available by calling the Theatre Box Office at (606) 783-2170.

Oct. 31, 2001

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Morehead State University has recorded the second highest enrollment in its 114-year history with 9,027 students registered for the fall semester, an increase of 8.4 percent over the fall of 2000.

MSU has exactly 700 more students than last fall and that enrollment is surpassed only by the 9,169 figure in the fall of 1992.

“Our faculty and staff members have worked long and hard to bring additional students into the University this year and to help more of our students succeed academically and return to school,” said MSU President Ronald G. Eaglin. “We are deeply committed to the statewide effort by Gov. Paul Patton and the legislature to expand postsecondary education opportunities.”

The University has a record 2,901 students enrolled in its distance learning programs, including regional campuses, other learning sites in the service area, interactive video classes and the Internet. The first-time freshman enrollment of 1,590 also is the highest ever and reflects almost a nine percent increase over the fall of 2000.

The graduate enrollment of 1,770 is the highest in 21 years.

Nearly 85 percent of MSU’s students are Kentuckians. The fall enrollment also represents 42 other states and 37 foreign countries.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Morehead State University's Concert Band will perform a variety of music written in honor of a specific person or event on Wednesday, Nov. 14, at 8 p.m. in Duncan Recital Hall on the campus.

Free and open to the public, the event will feature the 92-member Concert Band under the direction of Dr. Susan Creasap, assistant director of bands.

Included in the group's performance will be "Of Sailors and Whales" by W. Francis McBeth; "Intrada: Adoration and Praise" by Claude T. Smith; "Prelude and Fugue in G Minor" by Johann Sebastian Bach, arranged by Moehlmann; "Prima Luce" by Jan Van Der Roost; and "Do Not Go Gentle Into That Good Night" by Elliot Del Borgo.

Membership in the band is open to all students during the fall semester and by audition during the spring semester.

Additional information about the Concert Band or its performance is available by calling Dr. Creasap at (606) 783-2488.

## CARR RECOGNIZED FOR SUPPORT TO MSU

Walter Carr, center, of Morehead has been recognized for his support to Morehead State University's athletic programs. He was honored in a special presentation at the University's Athletic Hall of Fame ceremony during the recent Homecoming weekend. Offering congratulations were MSU President Ronald G. Eaglin, left, and Mike Mincey, vice president for student life and athletic director. Carr, a 1946 graduate of MSU, is a retired businessman and former member of the University's Board of Regents.

## SOFTBALL STANDOUT HONORED

Nola Queen, a softball standout and Culloden, W.Va., senior, was presented the Laughlin-Miller Award during Morehead State University's Athletic Hall of Fame ceremony. Queen started 186 games and played in 188 of the team's 190 games during her career. She was a three-time All-Ohio Valley Conference selection, the only softball player in the school's history to accomplish this feat. She was on the OVC Commissioner's Honor Roll and the MSU Deans List in 2000. The Laughlin-Miller Award is given in honor of former MSU coaches Bob Laughlin and Len Miller. It is given to a student-athlete who has exhausted his or her athletic eligibility in the previous academic year. The honoree must show that he or she embodies excellence in their sport, academic achievement and character, as well as school and community service. With her is MSU President Ronald G. Eaglin, left, and Mike Mincey, vice president for student life and athletic director.
