Water For Rural Rowan May Be Near

The City of Morehead moved today to expedite water for about 500 rural Rowan County want-to-be customers.

The City advertised an ordinance in the Morehead News that would -

* Award a 40 year contract to Rowan Water, Inc., with provisions for a 20 year extension if Rowan Water, Inc. did not have its \$520,000 obligation paid to the Farm Home Administration by 2009.

* Set the rate for water at a master meter at 38 cents per thousand gallons.

* Included an escalator clause whereby the cost for water to the rural district would increase or be lowered according to costs and the economic standard of living.

While the City which owns the municipal system, including the pumping and purification facilities on Licking River near Farmers, was in the process of awarding the contract after it is legally advertised, the directors of Rural Water, Inc. were not idle.

They said the \$520,000 loan for construction from FHA is assured.

Rural customers will pay a \$50 tap fee. It is estimated that over 500 will be using the city water within a year. Rural Water, Inc., a non-profit organization of rural citizens, will set its own rates, read its own meters and operate as a non-profit corporation.

The Morehead Municipal Utilities System plans to also supply water to most of Bath County, also through a rural co-op. The rate quoted for Rowan is the same as Bath - 38 cents per thousand gallons at master meters.

Ottist W. Elam Seeks Reelection On Her Record

Ottist W. Elam who has won every race, either in the primary or general election when her name was on the ballot, by a landslide, today announced her candidacy for reelection as Rowan County Court Clerk on the democratic ticket.

"I am running as I always have... on my past record as your County Court Clerk," Mrs. Elam said.

She has been elected to the office four consecutive terms.

Mrs. Elam said: "I could write a platform reciting how I would dispatch my duties, courtesy and consideration for our people; and proper recording, care etc. of your important records."

"But, she continued, 'that would all be in retrospect because I have been in this office long enough for everybody to know how it is conducted and the kind of consideration everybody gets whenever they have official business with the County Clerk, or drop by for a friendly visit."

"I am proud of the way my office has

Calvin Ray Lytle Is Candidate For Coroner

A well known Morehead businessman, Calvin Ray Lytle, today formally announced his candidacy on the republican ticket for Rowan County Coroner.

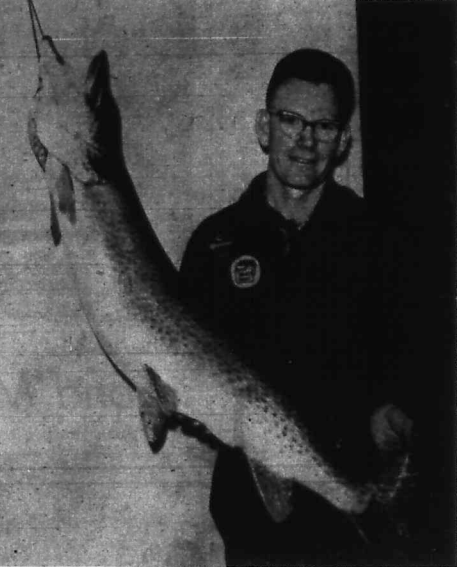

Lytle, life-long resident of Morehead and educated in the public schools of Rowan County, is the son of Ray and Novelda Lytle.

Along with his father, and a brother, Nick, they successfully operate Sweeney Super Value, a food supermarket, at Morehead.

Ray, 30 years old, made it plain in his announcement that he was neither solicited or obligated to any formal honor.

He married the former Anna Lee Skinner and they have three children - two boys and a girl. This is his first race for political office.

"I realize," said Mr. Lytle, "the responsibility in the Coroner's office. But, this office is often very important, particularly when a citizen's property is at stake. I am young enough yet mature enough to make you a good Coroner, always on the job and at your call."

THIS IS A FISHY TALE... The above picture is being circulated nationally in newspapers and magazines with these captions: "A RECORD - Willard Parnell, Edmonton, displays Kentucky's biggest muskie catch at 39 pounds, 14 ounces he pulled in from Green River in the Mammoth Cave area. Parnell, who used a waterdog lure, says he is trying to catch even a bigger muskie known to be in the same waters. The previous biggest muskie caught in Kentucky, taken about a year ago from the same area, weighed 38 pounds, 8 ounces." Mounted in the

Perry Hardware and Appliance Store at Morehead is the "biggest" muskie ever found in Kentucky waters and the "truly biggest" is from Triplett Creek in Rowan County, near where Triplett flows into Licking River. It was taken in 1945 by Van Green, former game warden, who now lives in Salt Lick. The Rowan County muskie weighed 46 pounds and measures 56 1/2 inches in length. If you doubt, visit Perry's in Morehead and they'll show you the mounted muskie, one of the largest ever for North America.

7 Called For Induction; 15 For Physicals

Scheduled for Feb. 6 induction are - Gary Lynn Hulett, Quentin Hayes, Jr., Ernie Lee Roberts, Anthony Cooley, William Lawrence Mynhier, Wendell Pennington and James Timothy McManus.

Notified to report for physicals are - Leo Daniel Kinder, Thomas Wade Hutton, Michael Orville Armstrong, Robert Lee Trent, Paul Allen James, Roger Wayne Plannery, Palmer Edward Black, Richard Glennis Thompson, Ronald Fraley, Dewey Winfred Stevens, Danny Edward Toler, William Christopher Kearns, William D. Morton and Frank Collesano, Jr.

Morehead To Host Mayors On Feb. 7

About 40 Mayors, including officials of the Kentucky Municipal League, will gather at Morehead Friday, Feb. 7 for a workshop.

The discussion will primarily center around government programs, including funds, to aid cities of the 2nd, 3rd, 4th and 5 classes.

Dr. George C. Papageorge, HUD representative, Atlanta, will be the principal speaker. His topic is "Changes in the Workable Program." A City must have an acceptable workable program, including zoning, building permits, commercial and residential planning, street improvement etc. before qualifying under the workable program. No federal funds are available without the workable program.

The welcome will be extended by Morehead Mayor William H. Layne, who is a member of the Board of Directors and a Past President of the Kentucky Municipal League.

Other speakers include Ashland Mayor Charles Garrett, Glenn Lovem, Executive Director of the Kentucky Municipal League; and Pikeville Mayor William Humbley.

The program is scheduled from 6:30 until 8 p.m. in Alumni Towers on the campus of Morehead State University.

The Morehead News, and affiliates, will host the Mayors and other Kentucky city

Clyde M. Litton In County Judge's Race

One of Rowan County's best known and community-active citizens, Clyde M. Litton, today announced his candidacy for County Judge on the democratic ticket.

Mr. Litton said: "I am making this race on my record as a citizen of Rowan County, my record for two terms as Magistrate, and my personal conduct

during my entire lifetime."

"The courthouse and State Police records show, as the newspapers recently printed, lawlessness is at an all-time high in Rowan County. It shall be my day by day and every-day duty and obligation if you select me as your County Judge to curb this rising rate of crime," Mr. Litton emphasized.

Another strong part of his announcement concerned Morehead State University. "This is a great institution and has... embraced... many fine and knowledgeable people in its administration... it is the seat of higher education and culture for all of Eastern Kentucky... The University has a payroll running into millions of dollars, plus the many more millions which the 6,500 students in residence spend in our

Heart Clinic Scheduled At Morehead

A one-day consultative and diagnostic heart clinic for medically indigent patients will be held in the Rowan County Health Department, Morehead, on Wednesday, Feb. 1.

This clinic will serve patients from Bath, Boyd, Carter, Elliott, Greenup, Lawrence, Menifee, Morgan and Rowan Counties.

Dr. Jacqueline A. Noonan, and other physicians from the University of Kentucky Medical Center, Lexington, will conduct the clinic.

Cosponsored by the Kentucky Heart Association, the Kentucky State

The Morehead News Learned today from Mr. Jay O'Neal, Vice President of Commco, Inc. that Commco has purchased all of the stock of the Morehead TV Cable Co., Inc. from Mr. Arnold Pack of Morehead. Commco is a Texas Corporation dealing exclusively in the cable television business and operates cable systems in Texas, New Mexico, and South Carolina.

Future plans announced by Commco include immediate expansion into the Clearfield area and out the Flemingsburg Road, complete overhaul of the 'head end' electronic equipment, realignment and balancing of the complete cable plant, and the installation of a closed circuit local origination channel. This local origination channel will be available for the use of the city, the university, replays of local athletic contests, school bond and other elections. Also, additional programming from Lexington and Cincinnati will be added as well as a local weather channel.

Mr. Lonnie Gregory will be the local manager and chief technician and Mrs. June Gaines will continue to operate the office which will remain at the present location, 802 West Main Street.

Mr. O'Neal emphasized that the Morehead cable system fully intends to be an active participant in all civic programs and to utilize its unique facilities for the benefit and enjoyment of the citizens of Morehead.

Restaurants May Give Coffee Money To Heart Fund Drive

The Morehead Life Underwriters Association today requested local and area restaurants to cooperate next Monday (Feb. 3) with 'Coffee Day'.

The Underwriters said: "The coffee you drink at your favorite eating place Monday may benefit the Rowan County Heart Fund." Some restaurants give all proceeds one day from coffee to this cause which the Underwriters are sponsoring with Howard Patrick the campaign chairman.

Candidate Says, 'Not A Puppet For Anybody'

"I will not be a stooge or puppet for anybody, and I have entered this race only to be of service to my people who have through all my life been good to me and my family," were the words of Clella Moore in announcing today for Magistrate (Fiscal Court) from District 3. He is running on the democratic ticket.

The district is composed of the Elliottville, Clearfield and City Hall precincts.

Moore also stressed that he was not running as a member of any clique or organization.

Mr. Moore, 47, was born and reared in Rowan County, and has lived here all his life. More recently he has been Deputy Sheriff, and he and his wife operate a general store on the Oak Grove Road (RFD) 3.

"I have lived in the country all my life, and I know the benefit of good roads," Mr. Moore said. "I also know that a community gets better roads and good treatment in everything else only if their

Ora L. Mabry Seeks Magistrate Nomination

Ora L. Mabry, RFD #4, today announced his candidacy for Rowan County Magistrate from the 4th district, Pine Grove, Rodbum and Hayes precincts. He is a democrat.

The paramount plank in Mr. Mabry's platform is roads and in particular rural secondary and farm to market roads.

"If I am your Magistrate I will not send somebody else to look over your road, but I will sincerely and diligently work to get you, your neighbors, and my district all possible road improvements."

Mr. Mabry also favors expediting Rowan County's rural water district, and voiced strong opposition to any new taxes. "We can live, and provide needed services, under existing taxes," he declared.

I recognize what Morehead State University means to Morehead, Rowan County, the region and all of Kentucky," Mr. Mabry said. "This not only gives our children a chance for higher education, but brings millions of dollars to Rowan County every year. He also said the public school system deserves full support

MSU To Participate In OEO's Newgate Program

A grant of \$100,042 was approved today by the Office of Economic Opportunity to inaugurate an educational program among 40 youths serving sentences in the Federal Youth Center at Ashland, in nearby Boyd County.

In the announcement to Congressman Carl D. Perkins, the OEO said the Ashland project will be the first carried out at a federal correctional institution. Two others are in operation at state prisons, one in Oregon and one in New Mexico.

The program, labeled Newgate, will be carried out by the Ashland institution in cooperation with Morehead State University. It has been organized by Dr. Morris Norfleet, Chief of research and development at the University, and Jack Webb, director of OEO's program known as Upward Bound.

The 40 youths who will participate in the project are between the ages of 16 and 21 and are serving short-term sentences for minor felony offenses. The capacity of the youth center is 600.

Those chosen for the Newgate Program have been at work in an attempt to obtain a High School Equivalency Diploma. They will be given a chance to select one special interest they may pursue, with guidance from special teachers or consultants, for two hours a day. The youths will have a total of six hours of academic class work

each day.

Those in the program will receive guidance in making plans for the time when they are released from the institution. This guidance will include selection of a college or in taking vocational training. Even after they are released, they will continue to receive counseling from the Newgate field workers.

The Newgate Program at Oregon State Prison is cited as an example of what can be done. During the two years of its operation, OEO said, only four out of 41 youths that participated in the program have been accused of repeating crime after release.

Mr. Mabry is the son of the late Rev. Chesley Mabry and Sarah (Short) Mabry. He married Ruby Evans and they became the parents of three children, of whom two are living.

Mr. Mabry is a former employee of a brickyard plant; served two years in World War II, including overseas in Europe; and has, for the past 15 years, been a representative of McNew Company.

"I think my work with McNew is significant," Mr. Mabry said, "because it requires much travel and I am on the road most of the time . . . and I know every road in Rowan County, particularly in the 4th Magisterial District."

I respectfully request that you inquire of anyone who knows me as to my lifelong record, be a citizen of Rowan County, my qualifications, honesty and sobriety, Mr. Mabry set out.

Campbell High Star Signs To Play For Morehead

Another All-State football player has signed a letter-of-intent to attend Morehead State University.

Gary Shultz, a 185-pound fullback who helped guide Campbell County High School to a 9-1 record last season, has been signed by Morehead assistant coach Mike Brown.

Standing 5-11, Shultz averaged over 10 yards a carry this year, said Morehead Coach Jake Hallum.

Fond Memories

It was a day of memories for Mrs. William J. Fields.

She was guest of honor at a reception in appreciation of her service as the first woman member of the Morehead State University Board of Regents.

The 93-year-old widow of a former Kentucky governor and congressman said she was pleased the occasion was sponsored by residents of Fields Hall, an MSU dormitory, because she had "always loved young people."

The women's residence hall, completed in 1927, was named for Mrs. Fields during

her service as a resident from 1924 to 1928. Mrs. Adron Doran, wife of the Morehead State University president, presented Mrs. Fields a bouquet of roses and expressed the university's gratitude for her work in "laying the foundation that enabled Morehead State to grow into an ever-expanding university."

Mrs. Doran brought personal greetings from her husband who is confined to their home while recovering from surgery.

Joyce Osborne, president of Fields Hall, gave a plaque from the dormitory residents.

"I've been proud of Fields Hall all my life and I tried to do the best I could for the college," Mrs. Fields said.

She was named to the board by her late husband who became known as "Honest Bill from Olive Hill" while governor from 1923 to 1927.

The reception was held at the Daniel Boone Convalescent Center where Mrs. Fields now resides. Special guests included Mrs. Jean Huffman of Morehead, Mrs. Fields' niece.

Magistrate works hard for them and is aware of and devoted to their problems."

He is the son of the late Willie Moore, and Sarah (Blankenbeck) Moore. He married the former Elsie Conn and they have four sons.

"I think I know the value of good schools and an education," Mr. Moore said. "I am proud that three of my sons (Wilburn, Franklin, Charlie) are graduates of Rowan County High; and the fourth, Sidney, is a student at RCHS."

Wilburn attended Morehead State University, and Charles is a freshman at MSU.

"Morehead State University can count me as a friend," Moore said. "Not only did I have two sons in the University, but recognize what this University means to all our people."

"But," he added, "While I was deputy Sheriff, I stood in the courthouse and heard at least one county official criticize Morehead State University and its administration. I shall boost instead of trying to tear down."

Besides being deputy Sheriff and operating a general store, Mr. Moore has farmed; been a sawmill owner; and was employed on public works and the Kentucky Department of Highways.

"When you come to me about your road, or other problems, you will get my services and assistance because I am interested in the welfare of my people, and have no commitments to know-how to anybody. The office pays little, and I only want to be of service to my district in which I think I personally know just about everybody."

community," Mr. Litton said, and added:

"The University, including the administration, the faculty, personnel and students will find that as County Judge I will be cooperative, understanding and helpful. I will work for them instead of against them."

He has served two terms on the Fiscal Court, representing the 4th district before redistricting, and the first district during the past four years.

The announcement recited Mr. Litton's service on the Fiscal Court, including living within the budget, a change in the program from welfare commodities to food stamps, roads and bridges; and rural water system. Mr. Litton vigorously supported all these, and other programs for the advancement of Rowan County without a heavy tax burden on the people.

Mr. Litton is 50 years of age. He was born in Elliott County, son of the late Boyd and Ina (Adkins) Litton.

When a year old he moved with his parents to Rowan County and has since resided here. He was educated in the public schools of Rowan County, and has been a farmer and paragon operator during his adult life. Mr. Litton owns and operates his own farm, a Veteran having served 3½ years during World War II, serving in the South Pacific. He is a member of the Masonic Order and attends The Church of God.

"I will make every effort to contact each Rowan County during the coming months and will appreciate your consideration."

Mr. Litton's announcement read:
He married the former Ruth Egan. His wife is one of Rowan County's best known women having been an employee at the Citizens Bank for the past 24 years. She now holds the position of Assistant Cashier.

DEAR MISTER EDITOR:
Pretty soon, allowed Ed Doolittle Saturday night during the session at the country store, we'll just start next year this year and the Government will be withholding our wages two years ahead. Ed told the fellers that he had took note these days everything is coming sooner but the birthdays of the wimminfolks.

This was still the first month of the year by the calendar, said Ed, but for most folks everything from taxes to draft notices is being figured for next year. Things has been getting faster and faster ever since they come up with the fiscal year where everybody starts next year in July. Ed said a heap of them Government agencies now has set the start of their year back to April and March and we're run so far ahead with the national debt we're spending what the next four generations will make.

What got Ed to thinking about speeding everything up was this propagandist victory the communists won in Vietnam when they announced a Christmas ceasefire in the middle of November. Ed said we and South Vietnam was caught by surprise on account of we hadn't planned to announce our Christmas ceasefire until after Thanksgiving. Ed said it wouldn't surprise him if our side don't announce a spring offensive early in February to beat the communists to the draw.

The fellers was general agreed we might as well call this 1970 and wish everybody merry Christmas. Furthermore, Zeke Grubb said he was in favor of having ceasefires for all holidays and bunch up all the holidays for the next five year. By the time we run out of holiday ceasefires, allowed Zeke, maybe we can figure how to do more talking and less fighting. Clem Webster said if it wasn't that Ed allus celebrates Abe Lincoln's birthday: two weeks in February, we would announce our Easter ceasefire now and get ready for Fourth of July.

The trouble with all this, Ed said, is that folks try to rush up what they like and slow down what they don't like. For instant, Ed said he knowed a feller that

HEADS BANK... Billy Joe Hall, 31, formerly of Morehead and a graduate of Morehead State University has been elected President of the Mt. Sterling National Bank. He succeeds C.F. Kilpatrick who retired after 50 years leadership in the bank. Mr. Hall is a former Deputy Highway Commissioner.

got the first 1969 car that come out last September, but he borried the money so he don't make no payments until this month. Most folks is glad to trade in their old car, but they ain't so glad to pay for the new one, was Ed's words.

Ed said we got credit in this country that revolves so fast pretty soon we'll meet ourselves coming back from the welfare office. We got credit cards for everything but paying off bills of other credit cards. And the bills we slow down with credit cards has a way of catching up with us all at once, said Ed.

Mister Editor, I ain't shore if most of us is two year behind in our paying or two year ahead in our buying, but personal I left the session of the mind that we ought to slow down our wants and let our means gain on us a little.

Yours truly,
Claig Sprout

ST. ALBAN'S held its annual parish dinner and meeting on Sunday, January 19th. The following members have been chosen as officers for the coming year: Charles Prather, Senior Warden; Dr. Don W. Keller, Junior Warden; Robert Tinsley, Clerk; Mrs. James Flowers, Treasurer; Keith Huffman, Member-at-large; Mrs. Naomi Claypool, Member-at-large; Mrs. Charles Reneau, Student-representative; and John Swinnerton, Student representative.

St. Alban's congratulates its new officers and thanks the outgoing members for 1968.

The January meeting of the Episcopal Churchwomen was held at the home of Miss Hazel Nollau at 7 p.m. Thursday, January 16. A program on the use and significance of church vestments was given by Mrs. Don Keller. Members attending were: Mrs. Charles Reneau, Mrs. Charles Prather, Mrs. P.D. Carlson, Mrs. Terry Taylor, Mrs. Keith Huffman, Mrs. Don Keller, and Miss Hazel Nollau.

This Sunday the mission will have its regular service of Morning Prayer beginning at 11:00 a.m.

PENTECOSTAL: The spotlight of the Morehead United Pentecostal Church this week is on the Kentucky District News of the United Pentecostal Church. Pastor Lloyd Dean has been editor of the paper since 1957. It is mailed all over Kentucky, to practically half of the states and some foreign countries. It contains articles concerning the following areas: revivals, youth meetings, conferences, poems, songs, sermonettes, Sunday Schools, Home Missions, Foreign Missions, Ladies Auxiliary, Far Abroad, Conquerors, all days meetings, Fellowship meetings, Harvest time Broadcast, Bible Schools, Mother's Memorial, Easter Offerings, Christmas for Christ, Search for Truth, Truth in Action, Pioneer Plan, Tentmakers Plan and Conventions. Morehead is the home of the Kentucky District News of the United Pentecostal Church, being printed here since its beginning back in 1957.

METHODIST - The Morehead United Methodist Church is cooperating in the Church wide home mission program to raise \$20,000,000 over a four year period, in addition to the Conference Benevolent program that supports mission around the world, the Fund for Reconciliation is designed to meet the drastic needs of social changes not covered by welfare programs, and in certain areas of church responsibility. All areas of Methodist

and constituents will be asked to support this fund on a voluntary basis.

The Builders Club serves coffee and refreshments each Sunday at 10:15 a.m., to all University students in the Fellowship Hall. This is designed to afford an opportunity for visitation, and for shelter from inclement weather for those waiting for the second Worship Service. All students are urged to share with us. Dr. J.E. Duncan is the teacher of the class, and Bill Mahaney is president.

Our church families are urged to bring all the children, except small children for the nursery, and attend the first Worship Service at 9:45 a.m. The family should worship together, and the Minister has a five minute sermonette for the children. This also is very helpful in affording more space at the second Worship Service.

Special services are in the planning at the evening worship hour beginning Sunday Feb. 26, 7:00 p.m. Bob Dunaway, Methodist Campus Minister, will be the featured speaker, and special music groups will lead the song service. University and church youth will be especially urged to attend, but it is also for all adults. More later.

JEHOVAH'S WITNESSES The Morehead congregation of Jehovah's Witnesses is completing plans to attend a three-day convention in Georgetown, it was announced last night. Dates set are February 7-9 at the Scott County High School.

Mr. H. Ray Battels, presiding minister of the congregation, in discussing assembly preparations with the group, pointed out that the rising tide of violence and disregard for law and order is a real challenge to Christian peace and security. "The purpose of the program," Battels said, "is to qualify every one of Jehovah's Witnesses in the practical use of the Bible as a means of fortifying the spiritual morale of people in our community." Local weekend meetings have been cancelled since all features of the local training program will be covered at the Georgetown assembly. The assembly sessions will be under the supervision of Peter D'Mura, District Minister of the Watchtower Bible and Tract Society, sponsor of the gathering.

35 ministers from the Morehead area will be delegates to the assembly program. 16 representatives of Jehovah's Witnesses from 16 congregations will join the local delegates in Georgetown. The public discourse, "Law and Order - When and How?", at 3 p.m. Sunday will climax the convention.

Weekly Meditation

WHY NOT ENJOY LIFE!
These things I have spoken to you, that my joy may be in you, and that your joy may be full. - John 15:11

Many people apparently have not learned to enjoy life. They are alive, but they have not acquired the knowledge as to how to be alive and like it. What a predicament! They are living within a dungeon and need a Liberator to liberate them from a living death.

There is one who is a great Liberator. He is the happiest man who ever walked the face of this earth. His life began with a burst of music from a heavenly choir, and wherever he went people discovered joy they had never known before. A poet once wrote:

For wherever He passed, began to glow
Warming fires and glad desires,
And kindness, and comfort, and charity:
Twas a loving and wonderful thing to see
It lighted a fire on every hearth:
In old and young it kindled mirth!
There were choirs of singing,
There were bells a ringing...

Even in a dark night when friends were turning coward and traitors, when his enemies were about to inflict upon him shame and death, when all seemed lost - even then he talked about joy. He urged his friends to live so they could enjoy life even as he had enjoyed it.

On the brink of death he spoke of joy. This man had something, something that

sets life to music, all of life, even the worst. He was the happiest man who ever lived.

And through the years His closest friends have been the happiest people on earth. They have had the message to tell the world called "Good News." The words of this man have echoed across the centuries to all mankind in sermons, music and poems. The joy of this man can pass on too.

The secret to the life of joy is to let the living of this man be your order of life. Keep your life linked to the life of this man and your life will be one of joy which will spread from your life to others. You will be able to bear fruit which will make your days, days of gladness.

This man was also one who could enjoy His religion. He did not make it a burden, but a lift. He brought release to the natives and sight to the blind. He served God with all that he was and gave his very life for others. He said, "I have come that you might have life, and have it more abundantly." He wants to give to all of us the fullness of life and He wants us to live our lives to the fullest and to have a life full of joy. This man is Jesus Christ the happiest man who ever lived.

Publisher's en...

Editorial, journalistic, and editorial
directions of the publisher of this
newspaper.

A few days back we instructed our General Manager, Ronnie J. Caudill, to get a picture of Alice Mobley, advising him that we planned to use it with a story about her forthcoming retirement.

When the picture was laid on our desk, Ronnie said, "I hope you can write a real good, nice story about her. She deserves anything you may say."

Well, here's the answer... the story is in the "Publisher's Pen." That is sort of a secret, and reserved, spot because this community Publisher anticipates writing only this column, and doing little else, when we get our new building erected and the business making a lot of money so we can retire in style, pomp and splendor as befitting one of our physique and mentality. A harem like the old Sultans zealously guarded is in our day by day retirement.

Getting on with the factual story, we recall that Alice Mobley was the one who started our General Manager on his career as a newspaperman. He was referred and recommended by Mrs. Mobley, and Ronnie has risen from printer's devil and general flunky to the highest position in this newspaper and its affiliates - the highest that is except the Publisher who also happens to own 100 percent of the stock.

Mr. Caudill's referral, and continuing progress, is but one of a thousand, or more, "success" stories that began with Alice Mobley and her 10 years as Placement Interviewer of the Morehead district office of Employment Service.

As one of her colleagues put it: "She took great delight in placing applicants on jobs, and later meeting these fine folks and being told how well they were enjoying their work."

Her knowledge of employer needs will be missed. Many times an employer would call her at home for service which was handled as efficiently as she would have done. Late had been doing it for years.

Tomorrow (Friday, Jan. 31) will be Mrs. Mobley's last work day at the Employment Office.

For the past 18 years since April 4, 1951) she has been associated with the employment service at Morehead. She has held several policy positions, but the one she liked best was the last 10 years as Employment Interviewer. She has seen the Morehead office grow from four personnel to its present 12, and worked in all phases including MDTA Counseling, Job Corps, NYC, and Veterans.

When a Moreheadian thinks of the Employment Service he thinks of Alice Mobley because she exemplifies the office and its services. She is such a part and parcel that employers will always fondly remember how she helped and worked with them.

And, as the years pass the people she labored and planned to place in employment will continue to progress, and each progression will be but another deserved monument to Alice Mobley.

We called Mrs. Mobley and asked what she planned to do keeping busy after she retires tomorrow.

Her reply: "Well, there's the precious grandchildren... and I would like to travel some... some handwork and catch up on my reading... and there's church work."

But, underneath it was obvious that Mrs. Mobley, in excellent health, will miss her job... and the job will certainly miss the ability, zeal and devotion of Alice Mobley.

Mrs. Mobley who was educated in Fayette County and attended the University of Kentucky, married, has five children, 20 grandchildren and one great grandchild. She's really proud of those 21 grandchildren, each an apple of her eye.

She is a member of the Morehead chapter of Business and Professional Women's Club; Past President of the American League Auxiliary; and Past Noble Grand of the Rebekah Lodge.

Affable by nature, and willing to volunteer her time and talents helping somebody, and everybody, Mrs. Mobley is one of Rowan County's best known and most loved women. She counts the populace as her friend, and can call most of our citizens by their first names.

She plans to spend her retirement in Morehead, except for some traveling and trips to visit her children and grandchildren.

But, knowing Alice Mobley as we do it is a safe conjecture that she won't long remain idle and retired. It's not her nature or make-up, because she's the compulsive "go getter" type.

On behalf of all the citizens of our county, and area, most of whom she has helped at one time or another, our wish today is that Alice Mobley may live and enjoy the retirement which she has earned by bringing benefits to our people and community, and prestige to the Employment Service.

WELCOME - We hear today that Flare Salinas may soon be a speaker at Morehead. If you do, please let us know you're not a newspaper reader, and also you don't know anything about her people and date. From this brilliant fellow who was President of the Kentucky secretary and spent last winter in Italy, she's this Publisher's friend and the fellow who helped and helped after the author of this column when we were persecuted by the county political boss, Flare, by the

Alice Mobley
... always helping
somebody and everybody

way, continues to have significant and protruding trouble with his weight. Why is it that many brilliant men like Pierre and me put up a pound by eating a candy bar, or everytime we take a drink of something that isn't legal to sell in Rowan County?

ABOUT TIME - While on eating - it's possible that the C&O may next month restore full dining car service on the George Washington that passes through Morehead to the west in the morning; and east in the evening - up and back, like the sandwiches, milk, soft drinks and coffee. For several months now these railroad diners have offered the same printed menu - One whole page for alcoholic beverages... and on the other page ham and cheese sandwiches, milk, soft drinks and coffee, candy bars and potato chips. That is all. It is ironic that a sign in the dining car reads: "C&O For Progress."

OFF WE GO - When you read this, conjecture where this getting-slimmer and trim Publisher will be? We'll be in Florida where there's sunshine, sand, surf, suits, and... girls.

ILL MANNERED - Judging from the Letters to the Editor column of the Trail Blazer, student newspaper at Morehead State University, many students were unhappy by unruly people in the audience during the showing of "West Side Story" at University cinema. It seems that the production was "above the head" of some who had paid \$1.25 and they showed resentment with shouting, spoken criticism etc. Incidentally, the MSU campus is plastered with signs: "We Want A Trail Blazer Every Week." It is presently published twice a month.

OFFICE SEEKERS - It seems that most folks in our community and area phone the Morehead News when they want an answer to almost anything. It takes a lot of time; but it is nice to know that so much confidence is bestowed on our staff. If the information is of general interest you can wager your bottom dollar it will be in these columns, and you won't have to telephone. Lately, we have been getting questions about the forthcoming primary election, and here are the pertinent answers which you might do well to clip and save, particularly if you remotely consider making your services, as a candidate, available at a sacrifice to us poor taxpayers.

* Last day to register or change registration - March 29. Registration books will be closed from March 30 to June 1.

* Last day to file for County Judge, County Attorney, County Court Clerk, Circuit Court Clerk, Sheriff, Tax Commissioner, Juvenile, Coroner or Magistrate - April 2 which is 55 days before the primary.

* Last day to file for Circuit Judge, Commonwealth Attorney or State Representative - April 12: (Rowan County will not have State Senate race).

* Last day to file for Mayor or City Council - April 12. Morehead is a 4th class city and filing may be on democrat or republican tickets for city offices; or independent etc. Heretofore, all candidates for Morehead Mayor or Council have run on non-partisan tickets.

* Place to file - at county and city offices with County Court Clerk at Morehead; district offices embracing more than one county, Secretary of State, Frankfort.

* Drawing for places on the ballot - All county offices April 5, 2 p.m. at office of County Court Clerk; for State Offices (more than one county) - Circuit Judge, Commonwealth Attorney, A. C. Conway, Coroner, Juvenile, Sheriff, Tax Commissioner, April 15, at Frankfort.

* Term - All county officials, four year terms. State Representative, two years. Circuit Judge, Commonwealth Attorney and Circuit Court Clerk, six years. Morehead Mayor, four years; City Council, two years.

this steak eating with no fat Publisher is in the sunny south. But, if its 85 degrees in Florida... and we're on the golf course or beach shorts and sports shirt... it will surely be more gratifying, human nature being what it is, if it happens to be below zero in Kentucky. Worst thing that could happen is for Florida to have a cold wave and Kentucky gets a nice, warm front. It could be that way because this fun-loving scribe has lately rolled nothing but "snake eyes" and "boxcars."

FLORIDA CLUB - Rondal Hart, Director of Morehead State University Alumni Affairs, may be a right happy fellow after this week. The MSU Florida Club is being formed with a Friday gathering at Orlando and Saturday on Miami Beach. (The Eagles meet University alumni in Florida many a time.) At the outset it was believed that 100 Morehead graduates might join the Florida Club. Last week, Rondal elevated his sights to 200 after reading the Morehead News where the Publisher rarely makes an incorrect forecast except on the Kentucky Derby. Well, it now looks as if 300 MSU alumni in Florida may be paid up and on the roster come Saturday night. We'll be on hand to help him each other. The idea just hit that it might be a good idea for this progressive Publisher to join the Florida MSU Club. That way we would get the names and addresses of the 300 members, and could maybe dead-head or be a freeloader during the season when hotel rooms are expensive and scarce. Also, Florida has several former MSU co-eds who aren't as young as when they were on the campus, but are eligible and every bit as pretty and more mature and experienced. Yes sir, Rondal count us in as a member. This is the best deal we've thought of in a long time.

CAUTION - If you're planning to conceive a new addition to the family don't do it during a blackout if you want a hospital room. Nine months after New York's blackout there wasn't enough hospital beds for expectant mothers. Nine months ago this month Somerset, Ky. had a 31 day television cable blackout, and folks used to watching T-V every evening folk used to spare time on their hands. George Joplin, Editor of the Somerset Journal, correctly predicted that Somerset would have a population explosion in January, 1969. He was right - the number of babies there increased this month better than three to one above normal. The average hospital load at Somerset is seven or eight babies. Last week it was 22 and the number of new-born was 18. The births are expected to drop by February 1, which is nine months from the time T-V cable service was restored.

Perhaps you should clip the above address. Incidentally, the reason all these returns are going to Cincinnati is that the big process data center across the river in Covington is ready for business - and the primary business is to electronically input the returns of taxpayers who cheat.

That machine will, in many cases, divulge what has previously been undetectable by the human brain. The day when one can cheat on his federal income tax to any extent is over. It has been estimated that the multi-million dollar data process center at Covington will pay for itself the first year by making the tax dodgers fork over... It is doubted that rapid progress will be made towards agreeing upon peace terms by the Paris peace delegates who took 77 days to agree on the kind of table to use while negotiating... With some exceptions this Publisher's luck has been, sort of, sour lately. Maybe it's the flu. So, don't be

Early Settlers Of Rowan Almost Self-Sufficient

(Release of Ky. Department of Public Information - Frankfort.)

Early Rowan County families were almost self-sufficient, said an article in the 1956 centennial edition of The Rowan County News (now The Morehead News).

The settlers neither exported nor imported much goods in the period from settlement until about 1830. This was the situation throughout most of Eastern Kentucky as their land-locked location made it necessary to be self-contained.

Meat was an important food on every table, for wild game was plentiful, "and not much traveling was necessary to find it."

In autumn small hunting parties set out on foot or on horseback and when they returned had enough wild game to provide meat through the long winter months. Housewives would salt-down the meat to keep it during the long period.

During those early years in what later would become Rowan County candles were made from deer tallow and bear oil was used in lamps. Clothing and bedding were furnished by wool from sheep and skins of animals, and flax combined with wool made the durable cloth known as

Rowan Economy Keeps Pace With The Nation

The Rowan County economy moved ahead in sturdy fashion in the four-year period since 1964, in line with advances made at the national level.

The progress was especially evident in the increased volume of business done by local retail stores. Their sales rose 21.5 percent in the period according to figures released by the Standard Rate and Data Service.

The overriding credit for the gain goes to the local consumer and to his ability and his willingness to spend freely.

Neither the lack of a possible recession, nor the hike in Federal taxes, nor the various national problems at home and abroad deterred him.

He spent confidently, with the feeling that he had a job he could count on, an income that was steadily rising and a future that was financially protected, thanks to pensions, health insurance and personal savings.

In the four years, as a result, the sales volume in Rowan County retail stores rose from \$13,627,000 to a total of \$16,567,000. Part of this increase is attributed, of course, to higher prices for merchandise.

The 21.5 percent rise topped the United States rise of 20.6 percent.

Related to the local population, the retail sales were equivalent to spending at the rate of \$4,816 per family, which was well over the \$4,614 per family elsewhere in the East South Central States and the \$4,676 in the State of Kentucky.

Nearly every branch of retail business

shared in this growth. People bought more cars, more and better clothing, finer furniture, food, cosmetics, household equipment and electrical gadgets.

Directly affected were the 68 retail stores in the local area and the 429 people employed by them. Their payroll rose from \$960,000 a year to \$1,196,000 in the period.

With the beginning of the new year, the consensus among economists is that the American economy will continue on its upward course in 1969, as it has for the last eight years, but at a somewhat slower rate during the first few months.

Much depends upon the progress made in settling the Vietnam situation and upon putting the brakes on inflation, they say.

The National Industrial Conference Board expects the gross national product to reach \$915 billion this year, as against \$860 billion in 1968.

2 Rowan Bridges To Be Repaired

The Kentucky Department of Highways advertised today that bids will be opened Feb. 14 at Frankfort for repair of two arterial Rowan County bridges.

They are both on U.S. 60 west of Morehead - the crossing above the C&O at Bluestone; and a bridge further west that crosses Triplett Creek.

The Highway Department acknowledged that the bridges which were heavily trafficked had been "rough traveling" for some months, but repair contracts were delayed because of the weather. The traffic count decreased on this stretch after the 1968 season opened in December from Morehead to the west.

Jaynes Pick Ray Bailey
Their Outstanding Young Man

Ray Bailey was named Rowan County's Outstanding Young Man for 1968 at the regular January meeting of the Morehead Jaycees.

Ray is currently serving the Kentucky Jaycees as a regional state vice president that includes the northeast Kentucky area. During 1968 he served as Rowan County's March of Dimes Chairman, a duty he has again accepted this year.

Ray has been very active in youth work as the county chairman, particularly in promoting and organizing Junior Golf and Junior Miss programs. For the past two years he has served as moderator on the Jaycees soundtable radio program and was an active committee man on the Jaycees Gateway Fair committee.

Ray is a federal accountant with Morehead State University and resides with his wife Jean and their two children in Sherwood Forest.

Cave Run Bids Set For May

It appeared today that the "big" contract for Cave Run Reservoir will be let in May, and a smaller one for an access road to Zippo in July, 1970.

The information from Congressman Carl D. Perkins.

The chronological developments - The U.S. Army Corps of Engineers, Louisville District, announced in December that the final bids for all, or almost all, of Cave Run construction, would be opened at Louisville January 16. This included the earthen dam itself, spillway and road to control tower.

In answer to a request for information from the Morehead News the Louisville Corps of Engineers issued a six word statement, without date, and signature, mailed Feb. 18, it read: "This project has been postponed indefinitely."

Congressman Perkins, long a critic of the Louisville Corps over "secret plan changing," failure to advise or consult with local land owners and interests, and continuing construction delays said that he had an "inkling" in early January that "there might be another hitch."

On January 10, or six days before the previously announced bid opening, Colo. Wevessli replied to the Congressman that the dates for awarding construction contracts for Cave Run were May, 1969 and July, 1970. Eight days later the Louisville office issued the unsigned six word statement: "This project has been postponed indefinitely."

Perkins released a copy of the Jan. 10 letter from Colonel Wevessli, which reads: "In reply to your letter of 6 January, 1969 concerning new scheduled dates for awarding construction contracts for Cave Run Dam and the access road to the Zippo Peninsula Area. It is presently contemplated to award a contract for the dam early in May of 1969 and another for the access road to the Zippo site about July 1970."

Should you have any further questions regarding the status of the Cave Run Reservoir project, do not hesitate to contact me.

M'head Alumni To Hold Banquet In Miami Beach

The Morehead University Alumni Association will host a banquet and reception in Florida on January 31 and February 1.

The banquet is scheduled in Winter Park on the evening of the 31st at 7 p.m. at D'Agostino's Villa Nova restaurant. The reception will be held the following evening, February 1, in Miami Beach at Convention Hall prior to and following the Morehead-Miami University basketball game.

Ronald Hart, director of alumni affairs, said the banquet is expected to attract 100 alumni, parents and friends in the central Florida region. Tickets are priced at \$2.50 and may be ordered from the alumni office.

Hart said that representatives of the University will present a program at the banquet, including color slides of the University. "We hope to make the affair very informal," he said.

The Miami Beach reception will be centered around the Eagle basketball appearance in Convention Hall. Hart said refreshments will be served in a room adjoining the convention hall both before and after the game with Miami University.

A block of reserved seats has been set aside in section 2 of Convention Hall for Morehead fans.

Couple Should Have Real "Mie" and Not "Mie" Conley

Through an error Miss Patricia Louise Conley of Soldier was listed in the society columns, last issue, of the Morehead News as Mrs. Conley.

The story, with pictures, concerned the wedding and honeymooning marriage of Miss Conley, daughter of Mr. and Mrs. Conley, of Soldier, to Mr. Jerry Wayne Conley, son of Mr. and Mrs. Jerry Conley, Morehead. Both are students at Morehead State University.

MARRIED... Mrs. Donald F. Bolin was the former Miss Dana Jeanette Hogg before her recent marriage. The bride is the daughter of Mr. and Mrs. Robert L. (Bob) Hogg of California, Mo. where the wedding was solemnized at the Methodist Church. She is the granddaughter of Mr. and Mrs. Lester Hogg, Morehead.

'The Modern Woman' To Be On Educational T-V

The Commission on Women urges Kentucky women to view "Choice—the Challenge of Modern Woman," a series of 12 thirty-minute programs dealing with the place of women in mid-twentieth century America, which will be shown on educational television beginning Feb. 5 at 9:30 p.m. (E.S.T.).

Mrs. Marie Humphries, Commission chairman, suggests that women's groups all over the state form discussion groups to analyze the contents of each program. She also is interested in obtaining the group opinions of the subject matter.

To contact Mrs. Humphries to register reaction to the programs or to obtain a syllabus for use as a guide in discussion write: Commission on Women, Room 4, State Capitol Building, Frankfort, 40601.

Mrs. Chester Keeton, Jr. the former Dettie Maria Brammer

Miss Brammer And Mr. Keeton Are Married

Miss Dettie Maria Brammer, daughter of Mr. and Mrs. James Brammer, of Lakeview Heights, Morehead, became the bride of Mr. Chester Keeton, Jr., son of Mr. and Mrs. Chester Keeton, Sr., also of Morehead, December 14, 7:30 p.m. at the First Christian Church. Reverend Gabriel Banks officiated at the double ring ceremony. Music was provided by Miss Gail Bishop.

The bride, given in marriage by her father, wore a floor length gown of white velvet trimmed in lace with a chapel train. Her silk illusion tiered veil featured a crown of seed pearls. She carried a cascade of miniature white carnations and ivory surrounded by silver Christmas bells. Miss Marla June Brammer, sister of the bride, was her only attendant. Her floor length gown of emerald green velvet was similar to that of the bride's. Her flowers were miniature white carnations with red and green bells.

Mr. Phillip Hardin served the groom as best man. The ushers were Mr. Stephen Perkins and Mr. Dennis Stevens both of Morehead.

A reception was held at the home of the bride's parents. Assisting were Mrs. Charles Reneau, Mrs. Clayton Perkins and Mrs. Bill Bradley. After a wedding trip to Florida, Mr. Keeton will resume his Army duty in Vietnam, and Mrs. Keeton will return to her studies in Home Economics at Morehead State University.

TIME FOR EXAMS - Ernestine Breasher, a sophomore from Hazard studies diligently in the Johnson Camden Library, Morehead State University, as final exams draw nearer and nearer.

Some Chamber Of Commerce Ballots Are Still Out

P. E. Conley, Secretary-Manager of the Morehead Chamber of Commerce reports that some ballots in the upcoming Chamber Board election are still out. He urges all members to get them in as soon as possible.

Women's Medical News

BY LOUISE CHILDS
Women's Medical News Service

Advances in modern contraceptive technology notwithstanding, "abortion is still the most widespread, and the most clandestine, method of fertility control in the modern world." This is what a team headed by Dr. Christopher Tietze, a leading biostatistician and associate director of the Biomedical Division, the Population Council, reported in a recent article in Scientific American. The physician estimated for Women's Medical News Service that there are about 30 million abortions performed a year, the vast majority illegally.

Pointing out that the practice of abortion goes back to human traditions far older than the earliest written history, Dr. Tietze explains that the motivations seem the same the world over. The woman is ill; she is too young or too old to be pregnant; she too poor to have a child; she fears disgrace if she is unmarried; and a variety of other biological and social considerations.

Abortion laws are most liberal in Japan, the USSR, several countries of Eastern Europe and (probably) mainland China. The Scandinavian countries have somewhat less liberal laws. In nearly two-thirds of the world (in terms of population), the report notes, abortion is prohibited entirely or is allowed only for narrowly defined medical reasons. The United States is one of the restrictive countries.

In 43 states abortion is permitted only if the pregnancy threatens the life of the mother. The other seven states and the District of Columbia are somewhat more permissive. In four of them - Colorado, Georgia, Maryland, and North Carolina - liberalized abortion laws permit legal abortion in cases where the pregnancy gravely endangers the mother's physical or mental health; or where the child would be born with a serious mental or physical defect; or where the pregnancy is the result of rape or incest.

About 8,000 legal abortions are performed each year in hospitals in this country; about two of every five for psychiatric reasons; about one fourth because the mother had German measles during the first three months of pregnancy, and the rest for a variety of health reasons.

Legal abortions are more readily available, statistics show, to white middle class women than to poor women of black or Puerto Rican extraction. Dr. Tietze told Women's Medical News Service that most experts accept the estimate that there are about 1,000,000 illegal abortions a year in this country, but that the evidence supporting this figure is weak.

Where abortion is legal, "the death rate associated with the operation declined," the report observed. In Eastern Europe and Japan, the mortality rates have dropped to less than five deaths per 100,000 legal abortions, substantially lower than in the Scandinavian countries. One of the main reasons for this is that most of these countries prohibit abortion after the third month of pregnancy.

Despite religious, social, and legal proscriptions, illegal abortions are common in Western Europe and Latin America. In Europe, it is even more common than in the U.S., the experts believe, and it is claimed that in some of the countries the abortion rate exceeds

Robert Douglas Fraley In Belgium

Robert Douglas Fraley, son of Mr. and Mrs. Robert G. Fraley, Bays Avenue, Morehead, was recently transferred from Houston, Texas to Brussels, Belgium by his firm, Peat, Marwick, Mitchell & Co., as Audit Supervisor.

The Brussels Office is one of the companies largest offices in Continental Europe.

Bob, as he is known by close friends, graduated from Morehead State in 1962 as the first student with a perfect 4.0 standing, before teaching Intermediate Accounting at Indiana University while obtaining a Master's Degree.

For the past five years, he has been a CPA with Peat, Marwick, Mitchell & Co., described by Fortune Magazine as the largest Public Accounting Firm in the World.

Bob and wife, Ada Lou, along with their children Robert Lee and Elizabeth Ann, expect to be located in Brussels for 2 1/2 to 3 years. Their mailing address is Peat, Marwick, Mitchell & Co., 14-20 rue du Gouvernement Provisoire, Brussels 1, Belgium.

the birthrate. Abortion is more prevalent in Latin America, especially among the urban poor.

"In a number of countries the problem of illegal abortion is so serious," the report concludes, "that the medical profession and the government have joined forces to organize programs for family planning."

Ford Opposes State Tax On Motor Vehicle Transfers

Lieutenant Governor Wendell Ford has recommended repeal of the 5% state tax on transfer of automobiles where there is no sale and no money changes hands. Pointing out the tax applies even when the title of a car is transferred between husband and wife or a parent and child and even though no money changes hands, Ford said: "This is an unfair tax and there's no justification for it."

Your Income Tax

This column of questions and answers is supplied by the Louisville office of the U. S. Internal Revenue Service.

Q - Where can I get copies of the new tax forms?

A - Most taxpayers should receive their income tax forms in the mail early in January. Forms will also be available at local IRS offices as well as in many post offices and banks.

If you received a form in the mail, please use it when you file your tax return. It contains identifying information to help avoid mistakes that delay processing and refunds.

The Form 1040 tax package that you received in the mail has a two-part pre-addressed label that shows the taxpayer's name, address and Social Security number. If you do not use the form sent you, peel off the top label and put it on the form you file. The card Form 1040A is pre-printed with the taxpayer's name, address and Social Security number.

Q - Were there any changes in the tax law last year I should know about when I file my 1968 return?

A - Adoption of a surtax in 1968 was the major change. This surtax will increase the amount of income tax most individuals will pay for 1968 by 7½ percent. A line has been added to the tax form to help taxpayers make this calculation and it is explained in the instructions that come with the tax form.

Q - Do I have to include Social Security benefits when I add up my income for the year?

A - Social Security benefits are not taxable. However, they do have to be included when determining if the support test has been met for a dependent.

For example, if a widow had no other income but Social Security benefits of \$1,200 during 1968 and she spent it for her own support, it will be necessary for anyone claiming her as a dependent to provide more than \$1,200 towards her support for the year.

Q - Where can I get a copy of the new Farmer's Tax Guide, Publication 225?

A - Contact your local IRS office or county extension agent for a free copy.

Q - I want to get my return in as soon as possible so I can get my refund. Do I have to wait until my boss gives me my W-2?

A - A copy of your W-2 form must be attached to your tax return. Many taxpayers had their refunds delayed last year because they forgot to do this.

The law requires employers to issue W-2 statements to their employees by January 31. Many issue them sooner so you should have your W-2 form shortly.

Q - I don't think my medical expenses were more than 3 percent of my income in 1968. Does that mean I can't deduct my Blue Cross payments?

A - One-half of your medical insurance premiums up to a maximum of \$150 may be deducted even though your total medical expenses do not exceed 3 percent of your income. Therefore, you may deduct part of your Blue Cross premium if you itemize.

Information to help you figure out your medical expense deduction is given on page 7 of the 1040 instructions. Mistakes in handling medical insurance

James Coyle Gets Promotion

James P. Coyle, 22, Morehead, has been promoted to Sergeant, it has been announced at Whiteman Air Force Base, Missouri.

Coyle enlisted in the Air Force 32 months ago.

He is the son of Morehead Chief of Police Callis Coyle and Mrs. Coyle, Sgt. Coyle married the former Linda Dehart, daughter of Mr. and Mrs. Shelley Dehart, Morehead.

Mrs. Coyle is teaching in the Missouri, Public schools near the air force base.

premiums occurred frequently on tax returns last year. To avoid mistakes, read the instructions carefully.

Q - Last year I bought a bull at an auction. If I keep it for breeding purposes do I use its cost to figure depreciation?

A - Yes, generally the basis for depreciation of purchased livestock held for draft, dairy or breeding purposes is cost. However, special rules apply if purchased livestock are included in inventory.

Women Must Prepare For A 'Dual' Role

Today's young woman should prepare for a dual role as homemaker and worker if she is to realize her full potential, according to Mrs. Marie Humphries, chairman of the Kentucky Commission on Women.

Many married women work, Mrs. Humphries explained, because of compelling economic need. In many instances the husband's income is insufficient for the family's basic needs. Others work because as heads of families they are responsible for either dual support or supplemental income.

A great many women work because of a need for an increased family income to meet the rising costs of education and health care and to provide a wider variety of goods and services considered essential for today's standard of living.

For others, Mrs. Humphries continued, self-fulfillment is a strong motivating factor.

Although the Women's Bureau of the U.S. Department of Labor reported women worked in all occupations in 1968, the largest number were employed in the clerical field.

PLANT BEDS - It is time now to be thinking about sterilizing those tobacco plant beds. If you did not get this job done last fall, plow those beds at the first opportunity, you have. We like to expose those weed seeds to warmer temperatures and light so that the seed coat may be weakened and the job of killing the seed made easier.

WILLS - Have you made a will? If not, give this serious consideration. For information on this subject, stop by the Extension Office in the basement of the Courthouse and get a copy of the University of Kentucky bulletin on "Wills and Deeds."

Robert A. Hall, 69, Claimed

A long illness claimed the life Monday of Robert Arthur Hall, 69, native and life-long Rowan County citizen. The end came at St. Claire Medical Center.

Funeral services were conducted yesterday (Wednesday) morning at Stucky Funeral Home, followed by burial in Clearfield cemetery. Rev. Scott Griffith conducted the last rites and Stucky Funeral Home was in charge of arrangements.

Mr. Hall was born near Morehead May 23, 1899, son of the late Lee and Lydia (Brown) Hall.

He married Ruby Crosthwait and she survives at the Clearfield home.

Other immediate survivors include a daughter, Mrs. Ruby Hall, Clearfield; two brothers - Coleman Hall, Carlisle, O., and Cleis Hall, Wayland; and three sisters - Mrs. Roxie Crosthwait, Morehead, Mrs. Lillian Hicks, Garrett, and Mrs. Hattie McKenzie, Hitchens. Nephews served as bearers.

CHOOSSES MSU ... Mark Sheehan, an AAA All-State tackle on Louisville Trinity's state championship team, has signed a letter-of-intent to attend Morehead State University. The 200-pound Sheehan was a two-year letterman as a defensive tackle at Trinity. He helped lead Trinity to an 11-1 record this season.

Letters . . . to the editor

This newspaper welcomes letters, particularly on subjects of general local or area interest. Right is reserved to condense. No letters will be printed without author's signature and address.

The Editor:

Polio, once a dreadedcripper of human beings, has been curbed due to the efforts of millions of Americans showing their concern by joining in this fight through their contribution to the March of Dimes. Dr. Salk and the many medical and scientific teams were successful due to this great joint effort.

We have helped stamp out polio, but still another battle is being fought by the March of Dimes and its many supporters, this being Birth Defects. Again, as in the past, we have Hope, and most of all, Faith, that we can be successful in this endeavor and help lower or erase the Birth Defect rate.

From years of failure in fighting polio, to success in conquering it, the same dedicated, enthusiastic research is being carried on against Birth Defects. This is made possible through your contributions and the work of many people on this great team.

Won't you join in this effort by sending your contribution to:

TEXAS HAS A STRONG HAND IN WASHINGTON

The Editor:
In recent years Texas has risen to second among the States as a beneficiary of defense contracts. California remains on top.

But don't expect Texas to slide back down the ladder just because Lyndon Johnson has departed from Washington. Ponder these important posts:

Rep. W.R. Poage, Chairman, House Agriculture Committee.
Rep. Wright Patman, Chairman, House Banking and Currency Committee.
Sen. Ralph Yarborough, Chairman, Senate Labor and Public Welfare Committee.

Rep. George H. Mahon, Chairman, House Appropriations Committee.

Seniority is still the name of the game. Lyle H. Munson, McLean, Virginia

THINKS FLORIDA MSU CLUB WILL BE REAL SUCCESS

The Editor:
We are all excited in the Sunshine State of Florida about Morehead State University forming a "Florida MSU Club."

You may be assured the membership will be large because we're so interested. This is something we have long thought and dreamed about, and it will become a reality (this week).

Many of us will be in Miami Saturday to see the Eagles tear up the University of

Miami Hurricanes . . . and I'm sure another big attendance will be at Winter Park (Orlando) Friday evening. We can hardly wait each week for the Morehead News to arrive. Look for big things from the "Florida MSU Club."

Incidentally this film was furnished by the National Forest Service.

The next regular meeting will be Thursday, January 30, 6:30 p.m. All boys from 8 to 14 from this district are urged to attend.

C.C. Tussey, 76, Is Heart Victim

Clell Craig Tussey, Sr., 76, native of Morehead and graduate of the Morehead Normal School and Morehead Business College, died Friday from a heart attack at Harrison County Hospital in Cynthiana. He was widely known throughout Rowan and area counties.

A Lexington business leader, he was owner of United Merchandising Brokers, and lived at 520 North Broadway, Lexington.

Mr. Tussey was a frequent Morehead visitor, having many relatives here.

He had been visiting his brother in Cynthiana when he was stricken with a heart attack and was hospitalized 10 days ago.

His wife, Mrs. Eliza M. Tussey, died Dec. 15, 1968.

He had been active in Lexington business, civic and political activities for more than 40 years.

He was a past president of the Kentucky Mountain Club, a past director of the Sertoma Club, a member of the United Commercial Travelers and the Central Christian Church.

Mr. Tussey was the Republican committeeman of Fayette Park precinct, served two terms as a member of the Fayette County Republican Executive Committee and served on the Fayette County Merit Board.

Survivors include two sons, **C.C. Tussey Jr.** and **G.E. Tussey**, both of Lexington; a brother, **Claude Tussey**, Cynthiana; three half-brothers, **Clyde Bruce**, Morehead, **Clell Bruce**, Lexington, and **Curt Bruce**, Lake Wales, Fla.; three half-sisters, Mrs. **Chloe Redman** and Miss **Clara Bruce**, Clearwater, Fla., and Mrs. **Cara Higgins**, Morehead; and six grandchildren, **Julia Craig**, **Mary Brien**, **Timothy** and **Elizabeth Tussey**, all of Lexington.

Services were conducted Monday at the Kerr Brothers Funeral Home by the Rev. **Leslie R. Smith**. Burial was in the Lexington cemetery.

William E. Hyatt, 81, Is Claimed

Death came last Wednesday to William Everett Hyatt, 81 year old native Rowan Countian, who passed away at Daniel Boone Nursing Home, Morehead.

Funeral services were conducted Sunday afternoon at 1 o'clock at Lower Creek Church of God with burial in Roberts' cemetery. Reverends L.E. Collier and Russell Reynolds conducted the last services.

Mr. Hyatt was born in Rowan County Mar. 17, 1887 and resided here all his life. He was the son of the late Loren and Joe (Roberts) Hyatt.

He married Elizabeth Wallace who died in 1949.

Mr. Hyatt leaves a daughter, Mrs. Ocie Baldridge, Clearfield; three sons - Dorcie Hyatt of Raceland, and John Hyatt and Zora Hyatt, both of Taylor, Mich.; a brother, Troy Hyatt, Morehead; a sister, Mrs. Emma Hamm, Flatwoods; six grandchildren; and six great grandchildren.

Mr. Hyatt resided all his life in the Clearfield community near Morehead.

Stucky Funeral Home cared for arrangements.

Your Social Security

By Thomas B. Thompson - Ashland District Manager, Social Security Administration; District Social Security Office, 1824 Gay Avenue - Ashland, Ky. 1 Phone 925-1000.

"My social security check did not come today. What should I do?" This question is asked infrequently, but when it is asked, it is a matter of grave concern to the beneficiary and to the Social Security Administration.

Thomas B. Thompson, Ashland district social security manager, said this week that his office makes every effort to see that checks arrive on time. He is proud of the fact that more than 99% of the more than 24 million persons who receive social security checks do get them at the proper social security date. A check is late or does not come at all since most retired or disabled persons and their dependents rely on social security for their livelihood, they are understandably concerned when their checks are not on time.

Thompson said that several things can cause a check to be late. Sometimes it is merely delayed in the mail. A new address, employment, or other change in the social security record may make a check late. Most delayed checks arrive by the 10th of the month without any action on the part of the beneficiary. If the check does not come by that time, however, the matter should be reported to the social security office. The report may be made by mail, telephone or in person. The social security office will report the information immediately to the records center and will do all possible to insure prompt payment of the missing check and any other benefits due.

To avoid any delay in checks, Thompson reminds all beneficiaries to report a change of address promptly to the social security office as well as to the post office. Any other event which would cause a change in checks should be reported without delay. "Please help us serve you better," Thompson concluded. The Ashland office is located at 1816 Carter Avenue, telephone 325-7666.

Sgt. Fraley Assigned Duty On Vietnam Front

Sergeant Harold E. Fraley, son of Mr. and Mrs. Everett Fraley, 122 Daniel Ave., Morehead, is on duty with the 4258th Strategic Wing at U-Tapao Airfield, Thailand.

Sergeant Fraley, a Strategic Air Command jet aircraft mechanic, supports B-52 Stratofortress bombers which daily attack Viet Cong targets and KC-135 Stratotankers which provide refueling to fighter, bomber and reconnaissance aircraft conducting the air war over Vietnam.

The sergeant was assigned at March AFB, Calif., before arriving in Thailand. He is graduate of University of Breckinridge High School.

Apache Dance Ain't What It Used To Be

By WILLIAM SUNDERLAND

PARIS (UPI)—You can still find Apache dancing in Paris—but nowadays it's strictly an act and strictly for tourists.

Just how touristy it is all can be judged from a visit to one of the few clubs in Paris that still tout the Apaches.

In one of the clubs recently, the place was empty of customers except for the lone reporter. A couple of girls chatted idly behind the bar. An accordion player and a couple of guitarists were sitting jauntily reading newspapers, cigarettes drooping from their lips.

Suddenly, all was action. The proprietor hurried toward the door, meanwhile clapping his hands in staccato rhythm.

The musicians hid their papers, snuffed their cigarettes and swung immediately into a lively tune.

From somewhere a woman with the very face of a mid-age but the little body of a 16-year-old, started a hip-swinging waltz across the dance floor. Two thin young men, also previously out of sight, took up casual stances on the floor.

The doors to the club swung wide and in trooped about 20 American tourists, British, Australian and Japanese tourists out to sample the thrills of a "Paris by Night" tour.

Sheltered by the tour conductor, they were hustled into the club. Even before they had a chance to get settled the cafe owner had plunked down a glass of cheap white wine in front of each.

Within seconds another busload of tourists, seeing the "real Paris" bustled in. A third group filled the place to the top.

The old girl with the young body was joined by one of the young men, who to the sound of music slapped her around a bit, tossed her over his shoulder, then neatly flipped her into an airborne somersault when she went at him with a knife.

Apache dancing stems from a few dozen years back and is supposed to show how the Parisian toughs, called Apache after the American Indian tribe, treated their women. They often played the streets selling more than flowers.

Little left "Not much such dancing left," said the proprietor. "All it is for tourists, now. There's no other place like this I know of."

In the meantime, another couple had gone through the wild gyrations of their dance and a girl had done a striptease, having some of the red-faced customers help her peel.

The music rocked on. The three busloads of tourists were hustled out as quickly as they had entered. The musicians went back to smoking and reading their newspapers. The dancers disappeared. There was dead silence.

It had all lasted about 15 minutes. "Have another drink," the proprietor said. "We'll have another show in half an hour. Three more busloads coming." And that's "Apache dancing" in Paris today.

Southern Baptist Membership Estimate

NASHVILLE, Tenn. (UPI)—Preliminary estimates place membership in the Southern Baptist Convention at the end of 1968 at 11.3 million, on the basis of data received from 29,369 of the approximately 34,000 churches in the denomination. This would be an increase of 180,000 over the 1967 membership.

Total giving for missions of the Convention in 1968 was estimated at \$1,071,195, an increase of \$4,243,209 over 1967. The Convention is the largest Protestant denomination in the United States. Second is the United Methodist Church whose last statistical report listed just under 11 million members.

Eagles Fly To South; Meet Miami On Saturday

Morehead State University's high flying Eagles will fly south this week in search of their 12th and 13th victories.

Coach Bob Wright will aim his scoring machine, which has a 11-4 record, at the University of Southern Mississippi Thursday night and at the University of Miami Saturday.

Averaging 93.1 points a contest, Morehead is the leading scoring team in the nation. The Eagles scored 92 points against a stubborn Morris Harvey team Saturday to surpass the 90-point mark for the eighth time this season.

The Eagles are also high in the rebounding department, with an average of 61.3 a game. Recent NCAA statistics, which included games through Jan. 21, showed Morehead second in rebounding behind Ohio Valley Conference foe Middle Tennessee.

Lamar Green, a 6-7 senior forward from Birmingham, has grabbed 48 rebounds in his last two games to raise his total for the season to 256, an average of 17.1 a game. The lanky jumping Jack needs only 28 more rebounds to equal his entire output for last season.

Also in double figures in rebound average are 6-7 center Willie (Hobo) Jackson with an average of 12.3 and 6-3 forward Ron Gathright with an average of 11.1.

All Eagle starters have double-figure scoring averages, led by guard Jerry Conley's 17.9 output, closely followed by Jackson's 17.7 mark. Green is averaging 14.8; Gathright, 12.3; and playmaking guard Bobby Hiles, 11.3.

Conley and Hiles are recovered from the flu and should be able to start in the Southern games. Conley has not started the past three games, although he scored 16 points in a substitute role Saturday night. Danny Cornett is available in case either Hiles or Conley is still ailing at game time.

At Southern Mississippi, the Eagles will be facing a veteran, tall team which has lost only one game on its home court this season. Wendell Ladner, a 6-5 junior forward, is leading the Southern in both scoring and rebounding with over 20 points and 15 rebounds a game. He holds the school record for the most rebounds in one season.

Rich Corsetto, a 6-3 sophomore guard, and John Vitano, a 6-2 junior guard, are also averaging in double figures. Vitano hit 57.9 percent of his shots last year, and he is connecting on more than half of his

attempts this year.

Jack Lockhart, a 6-5 junior forward from Pikeville, is an occasional starter for the Southern, coached by Les Floyd, now in his 12th year as Mississippi Southern's mentor.

At Miami, Morehead will face a Hurricane team that has a 5-8 record entering this week, during which it will play four home games. Tuesday night Miami hosts Florida Southern; Wednesday night, Stetson; and Friday night, Hawaii. Miami's big gun is Don Cunniff, a junior guard who is scoring at a 24.9 pace. Willie Allen, a 6-6 sophomore center, is averaging 14.2 points and 10.4 rebounds a game, while 6-7 junior forward Wayne Canaday has 10.8 rebounds and 11.2 points a contest.

The Hurricane is coached by Ron Godfrey, who posted a 17-11 record as a first-year coach last season.

"We are hoping that we do as well on this trip as we did the last time we flew," Wright said. He was referring to the trip to Edinburg, Texas, Dec. 17-18, when the Eagles defeated Western Michigan and Pan American to win the Citrus Classic championship.

Also in double figures in rebound average are 6-7 center Willie (Hobo) Jackson with an average of 12.3 and 6-3 forward Ron Gathright with an average of 11.1.

All Eagle starters have double-figure scoring averages, led by guard Jerry Conley's 17.9 output, closely followed by Jackson's 17.7 mark. Green is averaging 14.8; Gathright, 12.3; and playmaking guard Bobby Hiles, 11.3.

At Southern Mississippi, the Eagles will be facing a veteran, tall team which has lost only one game on its home court this season. Wendell Ladner, a 6-5 junior forward, is leading the Southern in both scoring and rebounding with over 20 points and 15 rebounds a game. He holds the school record for the most rebounds in one season.

Rich Corsetto, a 6-3 sophomore guard, and John Vitano, a 6-2 junior guard, are also averaging in double figures. Vitano hit 57.9 percent of his shots last year, and he is connecting on more than half of his

attempts this year.

Jaycees Take Top State Award

The Morehead Jaycee Chapter added another top state award to their growing list of accomplishments by being recognized for their Personna Grand Slam Baseball Program. Pete Avers, local Jaycee president, said the announcement came from John F. Guthrie, Community Relations Manager for Philip Morris who sponsored the state wide competition for boys 8 to 13 years of age.

In making the announcement, Guthrie said the Morehead Jaycees were selected because of their total program involvement with participants, schools, the public and news media. He said the records submitted were excellent and commended the Jaycees for their efforts in youth development in Morehead and Rowan County.

The Grand Slam Baseball Competition matched baseball skills in running, batting and throwing for boys 8 to 13. The competitions involved over 150 boys with the winner of each age division receiving an expense paid trip to state finals in Louisville. One Morehead winner, Gary Cisno advanced to zone finals where he was barely defeated for top national awards.

Ronald Hart served as chairman for the project and prepared the winning Records and Recognition Report at the completion of the project.

Orientation Program Added At Morehead

A special orientation program for transfer students and incoming freshmen has been added to spring semester registration activities at Morehead State University.

Roger Wilson, Vice President for Student Affairs, has announced that new students are expected to attend the orientation session on Tuesday, February 4, at 8:00 a.m. in Baird Music Hall.

Average Over \$74 As Burley Sales Near End

With only clean-up sales and most markets closing, the Department of Agriculture reported that burley sales in Kentucky totaled \$79,023,438 pounds, below the pre-marketing forecast. This brought \$280,423,240.57, state-wide average of \$73.09 a hundred pounds.

The regional market resume — Morehead — \$9,646,840 pounds sold; total money \$7,142,846.50; average \$74.04.

Mayville — 26,399,200 pounds; total money \$19,268,391.41; average \$74.19. Mr. Sterling — 13,834,720 pounds; money \$10,265,380.06; average \$74.20.

Prices and volume eased off slightly last week on the fading burley tobacco market, but receipts of tobacco that had been delayed in processing kept sales near the previous week's level.

Net weather that may lead in condition for stripping enabled many farmers to complete their marketing. The total week's sale in Kentucky was 7,121,940 pounds which returned an average of \$71.32 per hundred — an average of \$71.32 per hundred — down 14 cents from the previous week.

For the entire eighth burley belt, gross sales for the week ending Jan. 24, totaled 8,078,502 pounds and averaged \$71.18 per hundred — down 14 cents from the previous week.

Total marketings in the eight-state area for the season rose to \$55,455,578 pounds averaging \$73.78. During the same number of sales days last year (53), gross sales of \$49,772,880 pounds averaged \$71.75.

NOMINATED — Dr. C. Nelson Grote

Dean of the School of Applied Sciences and Technology at Morehead State University is one of two candidates for the presidency of the American Vocational Association, probably the nation's highest honor in this field. The AVA has 50,000 voting members, and voting is scheduled (mail ballot) July 1. Only other nominee is Joseph J. Carroll of Purdue University. Nominations were selected recently at a national AVA meeting in Texas.

Morgan Tree Estimated To Be 438 Years Old

How would you like to be 438 years old and still be tall, straight and strong?

About 40 years after Columbus made his famous voyage a poplar-tree seedling started growing in an area that in 1822 would be proposed as Morgan County.

Today on the Willard Ingram farm located on the Maytown road just off U.S. 460 at its forest domain.

The tree is approximately 25 feet at its base and a long-spread main spreading his arms cannot nearly reach around one side of the woodland monarch.

Something like eight years ago

biologists visited the tree and made calculations which would set the poplar's age at 430 years.

Perhaps the day will come that the secret of a tree's longevity will provide the answer to man's quest for a longer life, a life that remain's strong through the years.

Glen Burke Serving Aboard Aircraft Carrier

Fireman Apprentice Glen E. Burke, USN, son of Mr. and Mrs. William's Burke of Route 5, Olive Hill, has departed Pearl Harbor aboard the attack aircraft carrier USS Kitty Hawk for its fourth consecutive combat tour off the coast of Vietnam.

During the 221-day deployment for which the award was presented, the San Diego-based carrier and its embarked Air Wing Eleven set numerous records for the Vietnam conflict, foremost of which was a 61-day combat period which proved to be the longest for any carrier in the Vietnam conflict.

Breckinridge Takes 12 Trophies In Speech Tournament

University Breckinridge speech and drama students captured 12 trophies at the recent Middleboro High School Invitational Speech Tournament.

The U.S.S. delegation won first place trophies for all four junior high events. Junior and senior students won more first and second place trophies than did any other school. They returned to Morehead with six first place trophies, three second place and three third place awards.

University Breckinridge was represented by 25 students under the supervision of Mrs. Patti Rae Smith, Mrs. Maye Williams, Mrs. Byron Wentz, and Harlan Hamer.

Individual winners were Laura Sadler, first place in prose reading; Carol Grote, first place in poetry reading; Virginia Landreth, first place in junior high prose reading; Linda Wentz, first place in junior high poetry reading; Susan Smith, first place in storytelling; Tim Porter, first place in public speaking; Jim Williams, second place in broadcasting; Roger Hoffman, second place in original oratory; John Hackney, third place in prose reading; Terri Holbrook, third place in original oratory; Leslie Smith, third place in storytelling; and Debra Pack, second place in discussion.

The Breck students competed against 325 others from Tennessee and Kentucky.

Indiana Star Decides To Enroll At Morehead

Dave Cox, a 6-2 tackle-linebacker from Paoli, Ind., has signed a football letter-of-intent to attend Morehead State University.

The 185-pound Cox was an All-Mid-Southern Conference football selection for the past two years at Paoli High School. Paoli High School had an 8-2 record this past season and won the championship of the Mid-Southern Conference.

Cox is a four-year letterman in basketball and a two-year letterman in baseball at Paoli.

A National Rock Urged for U.S.

ST. LOUIS (UPI) — Why doesn't this country have a national rock?

That is the question being asked by the St. Louis Mineral and Gem Society, which is advocating a national rock and/or national mineral.

The society's argument in behalf of the rock includes:

—The United States is "richly blessed" by the mineral kingdom.

—The rock kingdom "comes first as it is basic to the plant and animal kingdoms."

—Rocks and minerals "give the earth its form, without which man would have no place to stand and work."

—Rocks "furnish building materials for homes, factories and farm, machinery, chemicals, fertilizers, constituents of food, medicine and contain all the elements, atoms and molecules in the crust of the earth."

—The United States was "founded upon a rock when the Pilgrim Fathers stepped ashore on Plymouth Rock Dec. 21, 1620."

—The first act of the first astronaut on the moon "will be to examine and report on the nature of the rocks."

By United Press International

Highlighting the pretty trend this spring, Manon of New York presented a lace evening dress with large choir boy collar, accented by a fitted bodice. The dress had a self-belt with a jeweled fastener, a short flouncy skirt edged with scalloped and long ruffled sleeves.

Pale green silk vest styled as an elegant pants silhouette in the Ben Reig collection for spring. For at home or going out, the evening jumpsuit featured a wide jeweled band to cinch the waist, a high rolled collar and hidden pockets.

A typical coat look for spring: a bright green and yellow knit sweater woven from the Monte-Rosso collection. The coat shaped up with a waist tied in a self-belt drawn through brass-ringed cutouts.

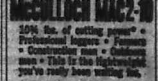

The dusters of spring came in fashion via switch features. Jobs presented an evening ensemble with a poncho-like overlay which was trimmed in netting. The dress underneath was in princess lines.

Lemon Sauce

A clear lemon dessert sauce can be made without ketchup: 1 tablespoon of cornstarch is first thoroughly mixed with 1/4 cup water. The starch particles then will not clump together when 1 cup boiling water is stirred in and the mixture cooked 3 to 4 minutes to thicken. Remove from heat; stir in drained pulp of 1 lemon, 3 tablespoons of lemon juice, and 2 tablespoons of butter or margarine. Makes 1 1/2 cups.
