"ONE OF KENTUCKY'S GREATER WEEKLIES"

VOLUME VIII

MOREHEAD, KENTUCKY, THURSDAY MORNING, AUGUST 14, 1941

NUMBER THIRTY-THREE

U. S. Postoffice Department
Washington, D. C.
Attention: Frank C. Walker
Dear Frankie:
On Monday of this week your check branch here sent back a O. D. package to The Maytag Company. This was embarrassing to me and I want to make a just complaint. As you know, most all of your personnel here are Democrats and are doing everything they can to make sure that the Republicans are not getting any votes. I want you to write Fred Maytag and tell him that you are sorry that this has happened and that it won't happen again. I appreciate this Frankie and if I can ever do anything for you, let me know. That is in a non-political way. Love to Fred, Joe Franklin, and Dear old Stanley, Woody.

It has always been up to the writer of this column to propose new ideas. And you readers have not been let down. Our most serious trouble now seems to be taxation. I have an idea that will solve the problem. Thusey a KISS and HIZZIE. As follows: On the 1st of each month, Reports will be checked by a Government Inspector. For a big kiss and hug on his part.

...the time will be elapsed on Wednesdays and Fridays due to defensive works. For a chewing tobacco kiss, I will be glad to give you plus 2 percent for a hug, for an alcoholic kiss and hug combined plus five nuisance tax. Make all checks payable to the principal, bank or produce house. Secure your numbers from your favorite station. There will be a special tax on dish-water, and dish water and coffee water. Dish water, 10c per gallon, wash-water (Maytag) 2c. All other water, 5c. Coffee water 6c per cup. That will make it hard on our local restaurateurs. I have a short-gun garden, double barrel No. 3 shot, and I don't like the way my neighbors are glancing at it. Any morning I can see the berries and I am sure the weeds at it. Glover sneaks a peek from behind the garage and sees Goldberry is getting too friendly. Lester Caskey never misses an opportunity to tell how he likes me and my corn. Fact is I sneaked over in Bert Tussey's lot and made a fine garden. Good luck, Bert. I could do anything for you and I blame it on the big four. (I have got to have someone to blame it on.) I promise you my support in November and I hold no malice toward anyone except those who do not do that best me. Will support the big four and will thank you with ticks on my back. Thank you, we defeated candidates.

SALES REPORT
MOREHEAD STOCKYARDS
THURSDAY, AUGUST 7th
The sales report for the week of Thursday, August 7th, at the Morehead Stockyards is as follows:
Hogs: Feeder, \$7.50-8.00; Heavy, \$7.50-8.00; Cows, \$4.00-6.00; Stock, \$1.50-4.00; Bulls, \$1.50-4.00.

Future Farmers Hold Convention In Louisville, August 6

Gov. Johnson And Other Notables Appear On Three Day Program

Approximately 1,500 Kentucky Future Farmers gathered in Louisville last Wednesday, Thursday and Friday to attend their twelfth annual convention of Kentucky FFA boys. The convention program conducted by farm boys from 258 of Kentucky's rural high schools was one of the best attended yet held by the association. Membership in the organization is made up of 8,223 boys from 258 rural high schools where vocational agriculture is taught.

Clearfield P-T.A. To Meet Today; Plan Hot Lunch Program

Clearfield P-T.A. members will meet today at the Clearfield school building for a meeting to discuss the plans for a hot lunch program. The meeting will be held at 2:30 p. m. in the Clearfield school building. The program will include a hot lunch for the members and their families. The P-T.A. is a voluntary organization of parents and teachers who work to improve the school and the community.

Creative Art Club Receiving National Recognition

The Rowan County branch of the Creative Art Association of University Women, in cooperation with the Parent Teachers Association and other clubs is receiving national recognition for its creative art project in the rural schools of Rowan County. The project was presented at the annual convention of the American Association of University Women, the art project won first prize among nine hundred other exhibits on display.

To secure funds to carry on this project, the AAUW women will sponsor "white elephant" sales twice each year. Mrs. W. H. Rice, president of the PTA and a member of the AAUW is largely responsible for the success of these sales.

Three Morehead Girls Attending Business School In Louisville

Misses Murellith Wallen, Hazel Bays and Lucille Sorrell, all of Morehead, are attending the Spencer Business College in Louisville, Kentucky. They are taking commercial training leading to employment as stenographers, typists, file clerks, personal secretaries, etc.

Citizens Bank Installs 'Recordak' Camera Device

As a service to its patrons and for the further protection of its customers and the bank itself, the Citizens Bank this week has taken a very forward and progressive step in installing a Recordak machine. This machine will be used to photograph all checks paid by the bank and checks deposited or cashed which are drawn out of town banks. It will also be used to photograph all notes and various documents which make up the bookkeeping system of the bank. This means if any check or note should ever be lost a picture of the original can quickly be produced.

Morehead Post Office To Have New Mural Installed Soon

A new mural in the lobby of the Morehead Post Office is being installed shortly. The mural is a reproduction of a painting by the artist, J. M. W. Turner, and is titled "Rain, Steam, and Great Railway Bridge." The mural is being installed by the artist, J. M. W. Turner, and is expected to be completed by the end of the month.

Defense Training Again Offered At Morehead High

According to information received from the state department of vocational education, the Rowan County Schools Association of University Women, in cooperation with the Parent Teachers Association and other clubs is receiving national recognition for its creative art project in the rural schools of Rowan County. The project was presented at the annual convention of the American Association of University Women, the art project won first prize among nine hundred other exhibits on display.

Mrs. Roy McClurg, Sharkey Resident, Dies Wednesday

Mrs. Roy McClurg, 41, died Wednesday morning, August 13, at her home in Sharkey, Kentucky. She was a resident of the Sharkey community. In addition to her husband, she is survived by nine children; her father and mother, Mr. and Mrs. F. W. Ward; and three brothers and seven sisters. Funeral arrangements have not been completed as we go to press.

Jesse V. Hargis, 49, Formerly Of Rowan County Dies In Ind.

Jesse Vinton Hargis, 49, formerly of this county, died at his home in New Albany, Indiana, Sunday August 10th. He was the son of Jacob W. and Louisa F. Hargis. Mr. Hargis became a member of the Mt. Pisgah Christian Church at the age of seventeen and was ordained to the ministry at the age of twenty. He was married to Margaret Wheeler, C. Roberts of Mount Vernon, who were born—Edward, Billie and Virginia.

Local Board No. 146 Classifies All New Registrants

Eighteen men have been inducted into the United States Army from Rowan County during the month of August; sixteen leaving Morehead on Monday, August 11, and two on Tuesday, August 12. The local board number 146, has completed classification of all new registrants, who were registered on July 1, 1941, and men holding the first twenty-five order numbers were given physical examinations on Tuesday night, August 5. The next call issued by this board will include some of these new registrants.

Shortage Of Farm Laborers Expected In Some Sections

In anticipation of a possible farm labor shortage in Kentucky, local officials of the Kentucky Unemployment Compensation Commission have been directed by the Federal Employment Service to review their files in order that competent workers may be supplied in localities where shortages may occur. A survey conducted by the Commission in a number of localities in the tobacco growing section, indicates that while no acute lack of farm labor is anticipated, it is possible that shortages may occur in some counties due to the demands of nationwide defense and industrial expansion programs or dependent upon weather conditions and other factors which may influence the harvest.

Pennebaker Calls Executive Meeting Of Academy Of Science

Dr. G. B. Pennebaker, President of the Kentucky Academy of Science, has called a meeting of the executive committee, to meet at Lexington, Kentucky, Saturday, August 16th. The purpose is to award prizes to the best papers presented at the annual meeting of the Academy of Science, and to select a place to convene in 1942. They will also discuss the need for a scientific journal published four times a year by the Academy of Science.

Allowance Rates For Soil-Building In 1942 Announced

The United States Department of Agriculture today announced the building allowance rates for 1942 which will be the basis for determining maximum payments which farmers may earn by carrying out soil-building practices under the 1942 AAA program. The rates will be substantially the same as in 1941. Farmers may earn two types of payments under the Farm Program: (1) a payment for carrying out approved soil-building practices, and (2) a payment for planting with special crop allotments and other provisions which will be announced later. The soil-building rates are being announced now in order that the farmers in the program began July 1 may plan now to carry out soil-building practices under the program.

Local Board No. 146 Classifies All New Registrants

Eighteen men have been inducted into the United States Army from Rowan County during the month of August; sixteen leaving Morehead on Monday, August 11, and two on Tuesday, August 12. The local board number 146, has completed classification of all new registrants, who were registered on July 1, 1941, and men holding the first twenty-five order numbers were given physical examinations on Tuesday night, August 5. The next call issued by this board will include some of these new registrants.

Miss Cherry Falls To Be Married Saturday, August 16

The marriage of Miss Cherry Falls, daughter of Mr. and Mrs. J. D. Falls, to Mr. Jack Allen of Prestonsburg and Richmond will be solemnized in this city on Saturday, August 16th, at ten o'clock. Miss Cherry is a graduate of the Rowan County Teachers College.

Sherman Evans, 28, Fatally Injured In Auto Wreck, August 9

Sherman H. Evans, 28, of Hamm, Kentucky, was killed instantly in a head-on collision with a car on Saturday night, August 9, when the automobile in which he was riding plunged from the high-way near Vee, Kentucky, on the Christy Creek road. Evans was riding in the rumble seat of the car, a 1932 Plymouth coupe, owned and driven by Johnnie Coffee, also of Hamm, Kentucky. Coffee and Chester Larkin, the other occupant of the car, also of Hamm, were not injured seriously.

Lois Birchfield Now Employed At Citizens Bank As Bookkeeper

Miss Lois Birchfield, of near Morehead, was employed last week by the Citizens Bank to fill an existing vacancy as bookkeeper. Miss Birchfield is a graduate of the Bryant-Stratton Business College at Louisville, Kentucky. She was formerly employed as secretary to James C. Clay, Morehead attorney.

Independent Candidates Seek Ruling On General Elections

DRAFT BOARD TO MOVE
Local Draft Board Number 146 will move its office quarters to a new location on September 1, 1941. Due to increased amount of work and the need for additional office space, new quarters have become necessary. As yet, the definite location has not been decided on. Which these columns for definite announcement in the near future.

Selectees Warned Against Drinking Enroute To Camps

"Please issue warning to selectees of your board, who are being delivered to the induction stations, that common carriers are authorized to and will refuse transportation to any and all selectees who present themselves under the influence of liquor." "Also inform selectees that such a condition on the part of any one of them resulting in a refusal of transportation, will cause them to become delinquent and subject to Federal prosecution therefor. "The warning is necessary because of notice at this headquarters from a railway company reporting disorderly conduct. "We will appreciate your cooperation in this important work."

Defense Industries Train Workers For Skilled Labor Jobs

382,876 Men, Women And Children Enrolled In Training Courses
The National Association of Manufacturers today announced that a survey of the defense industries in twenty-three cities showed an enrollment of 382,876 men, women and children in training courses. This reserve army of labor, trained by industry, is being built up to eliminate any delay in the Nation's defense effort. The survey stated 102,523 men and women were enrolled in summer vocational schools, getting courses in all branches of skilled labor. The training within industry division of O.P.M. has placed labor requirements at between 1,200,000 and 1,500,000 skilled and semi-skilled workers within the next six months.

Miss Cherry Falls To Be Married Saturday, August 16

The marriage of Miss Cherry Falls, daughter of Mr. and Mrs. J. D. Falls, to Mr. Jack Allen of Prestonsburg and Richmond will be solemnized in this city on Saturday, August 16th, at ten o'clock. Miss Cherry is a graduate of the Rowan County Teachers College.

James Stephens, 61, Of Near Haldeman, Dies August 5th

James Stephens, 61, of near Haldeman, Kentucky, died at his home on August 5th. Mr. Stephens was survived by four children, three brothers and three sisters. He was preceded in death by his wife and five children. He had been a member of the United Baptist Church for the past twenty-eight years. A funeral service will be held in Carter County on August 7th; the Reverend Sandy Phillips officiating. Burial was made in Carter County.

State Orders All Cattle Tested For Bang's Disease
An order requiring all cattle cleared through stockyards for shipment to Kentucky farms to be tested for Bang's disease will be issued next week, State Agricultural Inspectors announced. The order requires its requirement that infected cattle be slaughtered, providing that veterinarians in reports of the disease to the State department and isolate the infected cattle.

Oh, I've Already Seen This One; It's Like This...

By "Moo" V. Kibitzer

BAD MEN OF MISSOURI! The train robberies, two bank robberies, one stage coach robbery, escape from a sheriff's trap and a jail break comprise some of the action in Warner Brothers' 1941 successor to "Dodge City."

"Bad Men of Missouri," starring Dennis Morgan and Jane Wyman, yet the "bad men" commit no single homicide in the picture which opens Sunday at the Mills Theatre. Well, hardly any homicide.

There comes a time when a man, or several men, playing around with firearms amid various agitated citizens located at the business end of them, are likely to get into something someone to take care of that and this is the case with the not-so-usual Younger brothers and their Robin Hood activities.

"Elery Queen's Penthouse Mystery," newest in the Columbus and Friday, August 21 and Bellamy again cast as the crime-writing crime-fighter, and lovely Margaret Lindsay appearing as Nikki Porter, Elery's queen of secretaries. Others in the star cast include Charley Grapewin, as James Burke as Sergeant Velle, Anna May Wong and Eduardo Cancellari are other performers in the absorbing suspenseful new mystery.

In one sequence, Jim Younger (Aur Kennedy) has wittily managed to get himself jailed because of his overweening love for Mary Hathaway (Jane Wyman). Cole Younger (Gaggar) and Bob Younger (Wayne Morris) go to the rescue of their brother, the scyphoon of Baker prettling to surrender to obtain Jim's liberty.

They wear long dusters, buttoned up over their arms, obviously make it impossible for them to exercise any of their skill with firearms. They are permitted to enter the jail, according to the nefarious plan of the dastardly Nicki Porter, the scheming Merrick, while hired assassins wait in concealment across the street. When they leave the jail, in their long dusters, they are in the street, they are the jackets, they are at the sight.

According to the claims of Cole Younger, leader of the three bank-robbier-Robin Hoods, this is the only instance in their eleven year career as law breakers that they caused the death of anyone, friend or enemy.

Members of homemakers' clubs in Hart County cooperated with the Horse Cave Rotary Club in clean-up campaigns. The Rowlets club won a prize of \$15.00 for the largest amount of work done.

Squirrel Season To Open August 15th; License On Sale

Wakefield Says \$3 License Is Most Convenient Permit For Hunters. What Steve A. Wakefield, State Game and Fish Director, terms the "first real hunt" of the new \$3 State-wide hunting license will come with the opening of the squirrel season Friday.

FARM NEWS

Farm families in Greenup County will have 1,400 new mattresses and seven hundred comforters, if plans of the mattress-making program carry through. To date about 1,000 mattresses and four hundred comforters have been made.

Peach Growers Will Study Hardy Varieties At UK Farm, Aug. 14

Peach growers have been invited to the Kentucky Agriculture Experiment Station at Lexington August 14 to see hardy varieties of peaches as they appear on the trees. Studies are being made at the Lexington experimental farm of varieties that are not only hardy in bud in the winter but also frost-resistant at blooming time.

175,000 Visitors To Mammoth Cave Expected In 1941

Check-up Reveals 105 Percent Increase Over 1940 During First Six Months. The belief that 175,000 persons will visit Mammoth Cave National Park this year was expressed today by R. Taylor Hooking, park superintendent, on the basis of travel up to July 21.

Allowance Rates--

(Continued from Page One)

compliance with special crop allotments and other provisions will be announced later. The soil-building rates are being announced now in order that the farmers in those States where the 1942 program year began July 1 may plan now to carry out soil-building practices under the new program.

The new program will provide allotments on the same crops as in 1941, except that there will be no allotments for commercial vegetables, and in lieu of total soil-depleting allotments, there may be substituted special crop allotments covering certain feed grains in surplus areas, oats, barley, rye, grain, sorghum and corn (outside the commercial corn area). The crops were formerly included in the total depleting allotment for the farm.

The feed grains allotment is being provided to stabilize such crops in 1942. Officials pointed out that the present supply of these feed grains, coupled with the 1941 crops, is ample to meet whatever feed demands will come as a result of expansion in the livestock industry. By planting in accordance with the demand for feed crops, farmers will be making more efficient use of their soil, will be able to release much needed storage for surplus crops, and be better able to produce other crops especially needed for the defense program.

The new program will provide allotments on the same crops as in 1941, except that there will be no allotments for commercial vegetables, and in lieu of total soil-depleting allotments, there may be substituted special crop allotments covering certain feed grains in surplus areas, oats, barley, rye, grain, sorghum, and corn (outside the commercial corn area). The crops were formerly included in the total depleting allotment for the farm.

The feed grains allotment is being provided to stabilize such crops in 1942. Officials pointed out that the present supply of these feed grains, coupled with the 1941 crops, is ample to meet whatever feed demands will come as a result of expansion in the livestock industry. By planting in accordance with the demand for feed crops, farmers will be making more efficient use of their soil, will be able to release much needed storage for surplus crops, and be better able to produce other crops especially needed for the defense program.

A soil-building allowance is established for each farm on the basis of such factors as the farm's cropland, non-crop pastureland, commercial vegetables and commercial orchards. The participating farmer may earn his farm's allowance by carrying out approved soil-building practices. Under the 1942 program, the farm's allowance will be computed on the basis of the following rates:

Seventy cents per acre on crop-land not included in special crop allotments for the farm in areas where feed grain allotments are not established. Fifty cents per acre of cropland not included in special crop allotments are established. In 1941 the seventy-cent rate applies only to areas generally deficient in feed, while the fifty-cent rate is available in surplus feed areas.

Rates of non-crop pasture land, which will be the same as those used under the 1941 program. These rates vary by areas. (In Kentucky the 1941 rate was twenty-five cents per acre.)

Two dollars per acre of orchards, except for any orchard land included in cropland, for which the rate will be \$1.50 per acre. In

CIGARETTE AIDS DEFENSE

An example of how industry can cooperate with the United States Treasury in helping the sale of defense bonds and stamps is this strong message urging the purchase of U. S. Defense Bonds and Stamps. Millions of these packages will be on the market and this idea may become the basis of a wave of similar promotion for defense bonds by other companies who produce packaged goods reaching millions of American homes and individual consumers.

1941 the rate for orchards is \$1.50 per acre.

Included in the 1942 program as in 1941, will be a special allowance of \$15.00 which farmers may earn by planting forest trees. This payment will be in addition to any other allowance which may be computed for the farm. The 1942 program continues the \$20.00 minimum payment which may be earned on any farm. The \$20.00 minimum payment does not include the tree planting allowance.

While there are only minor changes in the soil-building allowance rates, officials pointed out that final provisions of the 1942 program when drafted will increase the emphasis on conservation and soil-building work on individual farms. Substantially the same amount of funds budgeted on special allotment crops in 1941 will be available in 1942.

Epperhart-Russell Nuptials Performed At Huntsville, Tenn.

Announcement was made this morning (Thursday) of the marriage of Miss Hazel M. Russell to Mr. John D. Epperhart, both of this city.

The couple were married in Huntsville, Tennessee, on August 12th. They were accompanied by Mrs. W. A. Russell, mother of the bride and Mrs. John Epperhart, mother of the groom.

They plan to make their home in Morehead.

War Correspondents May Be Captured In Maneuvers

When "war" correspondents, radio men and cameramen enter the theatre of operations to cover the Army's greatest maneuvers, to be held in Louisiana in September, they will be subject to capture as prisoners of war. The War Department has announced.

Detention of correspondents is one of the innovations made necessary by the type of maneuvers that have been prescribed by the

J. B. Rose A Candidate For Magistrate

James B. Rose, of Blounton, will again be a candidate for the office of Magistrate of the Second District, seeking re-election in the General Election, Tuesday, November 4th.

Mr. Rose made no primary campaign due to the fact that he had no Democratic opposition for that office, and his name therefore, did not appear on the primary ballots.

District No. 2 is composed of Farmers Precinct No. 2, Farmers Precinct No. 11, Piercy Precinct No. 3 and McKenzie Precinct No. 13.

buying is expected from many of the wealthy horsemen who will be in attendance at the Fair with their entries in the World's Grand Championship Five-gaited Saddle Horse Stake and other runs in the Horse Show Pavilion, since most of these fine apartments and apartments always are in the market for antiques to grace their mansions. Of special interest to them will be offering of rare old matching posts and other antique objects that were meant to repose in or about homes of show horse owners. Extensive publicity arrangements have been set in motion, not only by the public relations department of the Fair but also through columns of antique departments in Kentucky newspapers and other publications. Wide spread advance stories already have been released.

State Fair Will Feature Sale Of Antique Articles

Antiquarian (top) ad) of or belonging to a former age, ancient, something of great age a relic of antiquity.

That's the way Webster's New English Dictionary defines the word but to antique enthusiasts in the Kentuckiana area it means rare pieces of furniture, glassware, pottery, silverware, jewelry, woodenware, etc., priceless once the zealous collector has acquired it and it adds up to a rare opportunity for followers of this hobby, will find the 1941 Kentucky State Fair, September 6-13, inclusive. An entire section of the Merchant's and Manufacturer's Building on the exposition grounds, where domestic, handwork, culinary, appetizers and art work will be displayed, has been set aside for the exclusive Antique Colony.

There the lover of things the pioneer used may be viewed or purchased from by far the largest collection the management has been able to assemble.

Success of the colony seems assured in view of the fact that an actual traffic count at the M & M Building last year showed 368, 279 persons visited the general merchants' and manufacturers' display, although attendance figures on those viewing the antique section separately, was not tabulated.

Antique dealers are charged a nominal fee for 10 x 10 feet exhibit spaces and are permitted to display their wares and sell them in an area attractively designed in a atmosphere of old Williamsburg, Virginia. Spirited bidding and

REA Show To Be Held Near Carlisle

THE REA ELECTRIC FARM EQUIPMENT SHOW "ON LOCATION." The large tent in the foreground houses exhibits; beyond it is the auditorium where demonstrations, movies and other entertainments are featured. Between them is the lunch tent, with its electrified kitchen. Extending to the left is the "midway", formed by exhibit trailers. Irrigation equipment and other apparatus is demonstrated on the grounds.

Achievement Tests Being Given
Supervisors Goldia Dillon and Eunice Cecil are giving Achievement tests throughout the schools starting this week. The tests are given to the first three grades.

Goldia Dillon Returns
Miss Goldia Dillon returned from the University of Kentucky Wednesday. She had been there for the past two and one-half weeks to study the problems of crippled children throughout the county.

Electrified Cow Is Featured Exhibit—Chews Her Cud, Moos and Gives Milk

Did you ever have a cow to kick a bucketful of milk out of your hand while you were milking her?
And did you have one bop you in the eye with the frayed end of a wet tail, as she was slapping at flies?

Well, those who have suffered, even as you and I, will have an opportunity to see a milch-cow that never kicks and never swings her tail violently. A dead cow, you say? Well, not exactly, but a mechanical, one that breathes, chews her cud, gives milk and believe it or not, moos contentedly during the milking.

The electrified cow is one of the feature exhibits of the REA Farm Electric Equipment Show which opens Thursday, August 28th, for a two-day stand, on the Ritchie Farm, two and one-half miles west of Carlisle, on Route 68. It is the same one that caused so much talk at the Chicago World's Fair several years ago. Maybe you saw her there.

The electrified cow is one of the educational exhibits with the Show. All about this glass-tube equipped bovine will be grouped many modern devices which can be used today on the electrified dairy farm.

The other trailers near by will be equally interesting exhibits for the poultry, farm, fruit and vegetable gardening, and the general farm.

If this cow could eat, any one of a dozen or more feed grinders on the lot might be used in economically preparing her meals. If flies actually bothered her, the electric fly screen she displays would protect her by electrocuting them. She is milked with a modern electric milker.

Farmers, their families and their neighbors, without or with REA electric service, are cordially invited to visit the show.

**OH, GOSHI—
IT'S WONDERFUL!**

When you come to Louisville, the one place you don't want to miss is the famous Bluegrass Room at the Brown Hotel!

Here you'll find everything your heart desires for the time of your life. Food of the sort you dream about! Music that simply won't let you sit still! And so many wonderful floor shows nightly!

All this (it's heaven, too!) for as little as two or three dollars per person. For only \$1.50 per person a "room" on your own table.

U. S. Urged To Take Martinique, Give Aid To Free French

The Rt. Reverend Henry W. Hobson, chairman of Fight For Freedom, Inc., Wednesday outlined a four-point program "as America's decisive answer to Marshal Petain's betrayal of France."

Hobson, bishop of the Protestant Episcopal Diocese of Southern Ohio, advocated:

1. "That the United States immediately withdraw recognition of the Vichy Government and demand and recall of Petain's representatives in this country."

2. "That the Free French government of General DeGaulle be recognized as the true representative in the liberty-loving French people and that our government extend lend-lease aid to the Free French forces."

3. "That American armed forces occupy for the duration Martinique and all other Vichy territory in the Western Hemisphere necessary to our defense."

4. "That the United States move to secure all strategic Atlantic points wherever located before the Berlin forces move in."

"Berlin today, predicts that Petain's pro-Nazi activity and speech will serve as an 'excuse' for American occupation of Martique," Bishop Hobson said.

"Every freedom-loving person in the world knows by now that the United States has no imperialistic ambitions in this war. The aim of our government and our people is to prevent extension of Nazi-German imperialism, whether directly or through action of puppet regimes like that of Vichy."

Action in the Atlantic now will prevent success of the Axis pincer-move there," Hobson declared. "But we must not forget that, at the same time, Japan, under orders from Berlin, is pushing forward in the Pacific."

"Continuous firm action now can force a major Axis retreat on both oceans."

JUST ARRIVED CARLOAD Speed Queen Washers

Sale Starts Fri. Aug. 15

Owing to a carload lot purchase we are still able to bring to our customers our well known SPEED QUEEN washers at the old low price as long as they last. Despite rapidly rising prices in the steel and aluminum industry we were fortunate enough to get a quantity order accepted just in time before the strenuous government restrictions came into effect which would have made such large orders absolutely prohibitive. In addition to this quantity saving we now have information from the factory that there has been another drastic increase in the price of all models which will make a total increase of around fifteen percent. By buying now you will save this advance which will mean a great saving in dollars and cents.

NOW COMES THE BIG NEWS!!!
In addition to this vast saving we are giving absolutely free as long as they last either a set of double rinse tubs or a steel cabinet stocked with a years supply of Rinso (60 packages), with any model SPEED QUEEN. Sale starts Friday, August 15... First Come, First Served
ONLY ONE TO A CUSTOMER

get this **DOUBLE WALL** SPEED QUEEN costs only

\$64.95

In addition to having DOUBLE WALLS which protect the porcelain tub and keep the water hot—this Speed Queen has a BOWL-SHAPED TUB which washes faster than any other type of tub. In other words for only \$64.95, here is a washer that gives you washing speed and efficiency that no other make of washer—regardless of price—can excel. We consider this Speed Queen the biggest washer value in America today, and we will more than welcome the opportunity to demonstrate it to you.

Economic Situation In the Far East

You don't have to be an authority on international power politics to figure out why the Vichy government invited Japan to occupy and "protect" French Indo-China. The Machiavellian hand of Hitler can be clearly seen in this potentially explosive move. The Vichy government is completely a pawn of the Nazis. And Hitler, who is now fighting the two-front war which he always said he would avoid, may profit materially from trouble in the Pacific. So long as the Japanese sabre rattlers remain in power and pursue their imperial policy it will be necessary to keep much of the American Navy in the Pacific, and it will also be necessary to divert much of our Army and military supplies to our Pacific possessions. It is altogether

likely that what Hitler would like to see is a full-dress war between Japan and the United States, in order to keep us from giving maximum aid to Britain. This government's reaction to Japan's move into Indo-China was precisely what was expected. We have long been criticized for permitting oil exports to the Japanese—and it is an ironical fact that while we have been giving our material support and some material support to China, we have also been supplying Japan with most of the gasoline that has made the war against China possible. President Roosevelt, queried at a press conference, said frankly that the government had permitted oil exports to the belief that if we shut off these vital supplies, Japan would at once attempt to seize Indo-China and other rich areas, and so cause a Pacific war of the first magnitude. In other words, the government was trying to localize conflict. That policy has now proven a failure. A start toward an embargo on all commerce with Japan has been made and Britain and her possessions have followed suit.

From now on, a Treasury license will be needed to take any Japanese assets out of this country to send anything of any kind to Japan. As an AP dispatch said, "The asset freeze which the Treasury in a position to turn the economic screws on Japan. Just what they will be applied may depend on future events in the Far East."

It is difficult to exaggerate the importance of economic whip which holds over Hiroshi's employment. Japan buys the bulk of many vital supplies from us. On top of that, we have long been Japan's best customer. Most experts believe that if Japan loses the American market, she will be in a desperate economic position. If we do not buy anything from Japan, we cannot do without. Mrs. America may have to forego silk stockings in the future, and that can hardly be considered a great hardship.

From the purely military point of view, Japan has quite a job on her hands. The war in China seems as far from conclusion as ever. Japan has made a tremendous drain on Japanese resources—men as well as materials. Britain is now weakling in the Far East, and the Churchill government is taking as tough a line with Japan now as we are. In the event of actual hostilities, full naval collaboration between England and the United States will undoubtedly be immediately effected. Some think that her country should base ships at the great Singapore base now. There is little doubt that Britain would give enthusiastic permission if the right to do so were requested. There is also talk to the effect that Hitler may persuade Japan to attack Asiatic Russia. That too would be a tough assignment. Russia is powerful in the East, and the Japanese Army isn't regarded too highly by the military experts. However, those who know the Japanese character think it very possible that the Nipponese war

association and the Operating Committee, which is composed of President Dawson Chambers, Vice-President John Jones and the Secretary-Treasurer, Frank C. Taylor. All members of the Association, which includes those who delivered tobacco to the Association last year and during the years from 1921 through 1926, have been mailing cards on which they may vote for the extension. In a letter to the members, Mr. Taylor pointed out that these votes are solely on the question of extending the charter for another twenty year period, and are in no way connected with a marketing contract, or the warehouse properties, handled by the District Warehousing Corporation, of the stock which members hold in these corporations. The Committee stated that it is the plan of the stabilization operation similar to that of last season beginning with the first day of the burley market on the 1941 crop. Advances on the 1941 crop will be made at the rate of eighty-five percent of parity price instead of seventy-three percent as was made on the 1940 crop. Present parity price for burley tobacco is \$21.80 per hundred weight. Eighty-five percent of parity price would mean about \$18.53 per hundred weight, if an average of grades are delivered. It was pointed out by the committee that loans from the Government to growers of tobacco could only be made through an Association owned by all who participate as members, and not to individual growers; thus making it necessary to get a renewal of the next twenty years. Any burley tobacco grower who is not satisfied with the price offered for his tobacco on the auction market may offer it to the Burley Tobacco Growers Cooperative Association and receive eighty-five percent of parity price for an immediate payment. The Government takes the risk by practically assuming the

1939. The Federal Reserve Board said national income payments by last June had reached about \$98 billion a year—nineteen percent above May, 1940—and said that an unusually large part of consumer income is saved or paid out in taxes, price inflation will grow.

World Affairs
Secretary of State Hull, returning to his desk after a six-week absence, said "During the weeks of my absence the most clinching demonstration has been given... (that) there is a world movement of conquest by force, accompanied by methods of governing the conquered peoples that are rooted mainly in savage and barbarism." Secretary Hull said "with full effort and ever-increasing production and preparation for defense

a successful resistance to the present world movement will be made."

Hunters Warned To Learn Difference In Licenses This Year

Nimrods are making last-minute check-ups on guns, ammunition and wearing apparel in anticipation of the opening of the squirrel hunting season which begins August 15th. According to the most recent information received by officials of the Division of Game and Fish from the Division officers, hunters and farmers, squirrels are plentiful generally over the state and this should mean that Kentucky nimrods will enjoy one of the best bushy-tailed animals in years.

Hunters are required to purchase a \$1.00 county hunting license if they do their hunting in one particular county, but if they hunt in two or more counties they must then purchase and have in possession a \$3.00 state-wide license. Every person, buying his or her hunting license, should investigate fully the difference between the \$1.00 county license and the \$3.00 state-wide license and consider their hunting territory before purchasing the license because it is impossible for a person to bring back a \$1.00 county license to the county court clerk and ask for an exchange to the \$3.00 state-wide license. S. A. Wakefield, Director of the Division of Game and Fish, stated today. By obtaining the \$3.00 state-wide license the purchaser knows definitely that there will be no worry of crossing county boundaries and running afoul of the law. This could, and probably will happen with holders of the \$1.00 county licenses.

Burley Growers To Seek Extension Of 20 - Year Charter

The message of the Burley Tobacco Growers Cooperative Association to obtain a twenty year extension of its charter will be headed by R. E. Gilbert of Shelbyville, it was announced Saturday by the Operating Committee of the Association at Lexington. Assisting Mr. Gilbert will be Headley Shouse of Fayette County and W. C. Clay, Sr., of Montgomery County. Their work will be done under the supervision of the Board of Directors of the As-

THE MAN (AND GIRL!) WHO CAME TO DINNER!

This is a true story of many couples who come to dinner in the Bluegrass Room at the Brown Hotel! They stay for the evening, enjoy the finest food in the whole South, trip the light fantastic to the delectable music of our excellent orchestras, see two delightful floor shows... and spend only about half what they expect all this to cost! The moral is: when you visit Louisville, spend at least one evening in the Bluegrass Room, and have the time of your life for next to nothing! The minimum check is \$1.00 per person on every night except Sunday... and then it's only \$1.50 per person!

D. Waltz on August the ninth. In the receiving line were: Mrs. Oppenheimer, the hostesses, the bride-elect's mother, Mrs. Leo Oppenheimer, Mrs. Roscoe Carmichael. Those who assisted at the tea were Miss Cherry Falls, presiding, and table Mrs. G. G. Gossody, Mrs. Bob Laughlin, Mrs. W. C. Lippin, Mrs. Ernest Jayne, Mrs. C. O. Peratt, Mrs. Mabel Blair, Mrs. E. Kennard, Mrs. Helwig, Miss Juanita Minish, Miss Mary Alice Calvert, and Misses Elizabeth and Katherine Blair.

Burley Growers-- (Continued from Page Six) tobacco grower, a price of eighty-five per cent of parity for a non-recourse loan to the Association of this amount. It should be understood that the Commonwealth Credit Corporation does not purchase the tobacco; it simply makes a loan to the grower through the Association and through a lien on the tobacco for funds advanced. In the event the tobacco can be sold to the manufacturer at a price in excess of the loan, plus carrying charges, such excess will be paid to the grower as an additional pay-

CHURCH NEWS

There will be an important Church Conference in the basement of the Morehead Methodist Church on Friday evening of this week, at seven-thirty. All members of the Church are urged to attend.

On Sunday morning, at ten-fifty o'clock, Reverend L. Edwards Mattingly, pastor of the Methodist Church, will take for his sermon topic "Is It Wrong To Get Angry?" The public is invited to worship with the Methodists at that hour. Men may leave their coats at home, if the weather warrants it.

Haldeman Church of the Nazarene Located at Hayes Crossing near Brammer's Store. Reverend Walter Williams, Pastor. Lady Kegley, Sunday School Superintendent. Sunday School, at 9:45 A. M. Preaching Service, at 11:00 A. M. Evening Service, at 7:30 P. M. Prayer Meeting Wednesday, at 7:30 P. M.

On August 12th, the Reverend L. Wells, District Superintendent, will be here and hold the annual relief meeting, and will preach at 7:30 P. M. Men are urged to hear brother Wells at this time.

The Women's Missionary Society of the Baptist Church met with Mrs. Guy Woods at her home, on Monday evening, with Miss Betty Bly as the chairman. The subject for their meeting was "The Urgent Need of Gospel Trainers."

The following program was given: Training Schools in Kentucky and the Southland, Mrs. R. D. Charles Goff.

Training Schools in Foreign Lands, Mrs. F. W. Johnson. Training Workers in South America, Mrs. C. E. Bishop. Chinese Workers, Mrs. E. Hogg.

Hostesses for the evening were: Miss Mary Caudill, Mrs. Jacobs and Mrs. Woods.

The following program will be given Sunday evening at 6:30 at the Church of God, in regular time for the Young Peoples Service each Sunday and we invite you to come and be with us in our "Whole-Hearted Service," Congregation.

Prayer, Susie Lewis. Song, "Come Unto Me," Child Quartette.

Talk, based on the following Scripture: "Come unto me, all ye that labor and are heavy laden, and I will give you rest. Take my yoke upon you, and learn of me; for I am meek and lowly in heart, and ye shall find rest unto your souls. For my yoke is easy, and my burden is light."

Duet, "The Loving Voice of Jesus," Mrs. Taylor Ellington, Song, "On Earth as It Really Is," Song, "Softly and Tenderly," Congregation.

Benediction, Grace Johnson. Reverend William Moore will have charge of the general Sunday evening beginning at seven-thirty o'clock.

met on a grade basis. All tobacco received by the Association must be graded by the Government graders. It is understood that plans are being made to government grade all burley markets for the coming season. A charter of twenty years was granted the Association in 1922 when it was incorporated. This charter expires January 11, 1942. In the price stabilization operations of the Association are to continue for the protection of the 1941 crop as well as crops for future years, it is necessary to get renewal of the charter. The campaign under way is to inform those growers who have not joined the Association from the 1940 crop and from any crop during the years of 1922 through 1926, the importance of signing their voting cards. They were mailed to them about two months ago. These voting cards should be mailed in to the Association's address in Lexington as soon as possible. Those who have not replaced their cards or did not receive a voting card may secure them at the county agent's office in the various burley producing counties. After signing their voting cards they may be left at the county agent's office where these cards will be collected. It is understood that the fact that burley growers have everything to gain and nothing to lose by signing their voting cards in this charter the Association does not obligate him in any way whatever. In fact he can vote to extend the

life of his cooperative for twenty years and then not deliver any more top of tobacco to it. In order for the charter to be renewed, a favorable vote must be received from the majority of its members in the drive to find out the total number of living members and to have them vote. If the burley members would return their voting cards promptly with the information requested on deceased members the problem before the Association would be greatly simplified.

Game Division--

(Continued from Page Seven) easily seen that Kentucky's conservation officers are not receiving the cooperation they need to get their job done.

If one hundred percent cooperation from court officials should be received by the Department of Conservation and the Division of Game and Fish, violators would realize the futility of attempting to break the laws without reprisal and they would make a turn for the better abiding by the Game and Fish laws and the conservation of our wildlife resources. The Game Warden or Conservation Officer can do his duty by making arrests for violation of the law and deliver his prisoner to the court but from there on conviction or dismissal rests with the courts.

TO THE DEMOCRATIC VOTERS OF THE 7th DISTRICT:

By a majority of 1097 votes, you have elected the Honorable J. H. Hollis of the 96th Legislative District, composed of the counties of Grant and Taylor. For your votes and support, I am most grateful and shall not forget your loyalty and support. I shall be pleased to renew my appreciation in the future.

To those of you who opposed me, I want to say that I have not the least prejudice against you. You opposed me honestly, believing you were right. In serving you during the next two years, I shall not forget your support. You supported me. I will be the Representative of all the people of the 7th District. Do not want you to hesitate to call on me for any service I may be able to render to Rowan and Bath County.

Now even more do I need your support and cooperation, and I shall strive always to work hard, to carefully consider any measure which will improve the welfare of you, and to give you a sober, moral, and able member of service as well as a better house of our State Legislature. Yours for a better Kentucky, CLAUDE L. CLAYTON

TO THE REPUBLICAN VOTERS OF ROWAN COUNTY:

I wish to say that I appreciate your support from the County Lodge of Kentucky in recognition of fifty years as an active and faithful member of the Order. I became a member of Phelps Lodge, Number 482 at Farmers, Kentucky, on February 1, 1890 and later transferred my membership to Olive Hill Lodge Number 628, where he served as Master and also as Secretary. He was a member of the Order of the Star and served as Worthy Patron of the Olive Hill chapter.

He joined the Christian Church in Morehead but transferred his membership about thirty years ago to the M. E. Church in Olive Hill. He served on the Board of Trustees of this Church for many years.

Wherever John Holley lived he was known as a model citizen, one whose character was sterling and without spot or blemish. There is a low way and a high way, a high way and a low way, and each man chooseth which way his soul shall go," said the poet, John Oxenham. John Holley chose the high way, and never once did he stoop to anything low, never once dipped his moral colors, or made a mistake from youth to maturity. He was a great gentleman, fullness of age he kept faith with the ideals and trod the high way as he conducted and characterized his life. He made many friends, a host of them, indeed, and seldom, if ever, made an enemy. He was a great gentleman, always courteous and respectful to others, and accorded to each man the kindness and consideration that he deserved. He was a loving and devoted husband and father. He will be sadly missed by his family, his many friends, his brothers in Masonry and by his church. His wife and three children survive him. He is also survived by one brother, Will Holley of Camargo, Kentucky.

Obituary

Judge John Davis Holley passed away at his home in Olive Hill, Kentucky, after an illness of several months.

He was the son of Uriah and Sarah (Spaulding) Holley. (The original spelling of the name is given here. It was later changed by his father to "Holley") John was the youngest of a family of nine children, he was born at Jeffersonville, Montgomery County, Ky., on July 8, 1867. His father died when John was an infant. He lived on a farm with his widowed mother until he was eighteen years of age, when he moved to Rowan County, Kentucky. He was associated in business with several mercantile firms at Farmers and Clearfield during his twenty-three years of his residence in Rowan County.

On November 15th, 1916 he was married to Miss Lottie Fields, daughter of Mr. and Mrs. Boone of Olive Hill. To this union three children were born: Margaret Eloise (now Mrs. Kegley, of Olive Hill, John Jr., who is located in Bartlettown, Indiana, and Jack at home.

John Holley was a staunch and loyal Mason and received his gold button last year from the Grand Lodge of Kentucky in recognition of fifty years as an active and faithful member of the Order. He became a member of Phelps Lodge, Number 482 at Farmers, Kentucky, on February 1, 1890 and later transferred his membership to Olive Hill Lodge Number 628, where he served as Master and also as Secretary. He was a member of the Order of the Star and served as Worthy Patron of the Olive Hill chapter.

He joined the Christian Church in Morehead but transferred his membership about thirty years ago to the M. E. Church in Olive Hill. He served on the Board of Trustees of this Church for many years.

Wherever John Holley lived he was known as a model citizen, one whose character was sterling and without spot or blemish. There is a low way and a high way, a high way and a low way, and each man chooseth which way his soul shall go," said the poet, John Oxenham. John Holley chose the high way, and never once did he stoop to anything low, never once dipped his moral colors, or made a mistake from youth to maturity. He was a great gentleman, fullness of age he kept faith with the ideals and trod the high way as he conducted and characterized his life. He made many friends, a host of them, indeed, and seldom, if ever, made an enemy. He was a great gentleman, always courteous and respectful to others, and accorded to each man the kindness and consideration that he deserved. He was a loving and devoted husband and father. He will be sadly missed by his family, his many friends, his brothers in Masonry and by his church. His wife and three children survive him. He is also survived by one brother, Will Holley of Camargo, Kentucky.

TO THE DEMOCRATIC VOTERS OF ROWAN COUNTY:

I want to express my deep and sincere appreciation to the men and women of Rowan county who gave me their loyal support and influence in the primary race for the Democratic nomination for the office of Sheriff of Rowan County.

Words fail me as I attempt to thank you, but I want each and every one of you to know that my gratitude is sincere. I am deeply grateful for the confidence shown in me and I assure the duties of the office of Sheriff shall ever be mindful of my responsibility and shall endeavor, day in and day out, to do my duty without fear or favor.

I shall try with all my might to prove worthy of the confidence and trust you have placed in me. Respectfully yours, BILL CARTER

A CARD OF THANKS

We wish to take this means of expressing our sincere appreciation for the kind expressions of sympathy and helpful assistance rendered by our friends during the illness and death of our beloved brother, Jesse Vinton Hargis.

We should also like to thank the minister in charge of the services, Reverend R. C. Roberts, the Choir of the Church of God, and the members of the church, Mrs. N. Ferguson and Son, funeral directors.

Mrs. Harry Barker, Mrs. Ollie Johnson, Mrs. John E. Johnson, Mrs. Ada Hargis, Mrs. Luther Kiser.

Future Farmers--

(Continued from Page 1) ery thousand is eligible. To give the public some idea of the extent of the program, the boys in Future Farmer work the records of the 110 candidates for Kentucky's highest degree in agriculture--the degree of Future Farmer--were taken from the Alexandria chapter.

Those attending the convention from the Morehead and Haldeman Chapters were: Rufus Flannery, Rodney Johnston and Emerson Lewis from Morehead and Ray Haldeman from Haldeman.

Skilled Labor--

(Continued from Page One) a few of the types of training now being offered. At Hartford, United Aircraft's Pratt and Whitney division has built new school equipped to graduate 1,000 workers every month. Three hundred plants in Cleveland have installed "in service" training classes.

In the coastal cities, shipbuilders' training classes are nearing the breaking point, the survey said, and the shortage of labor for this industry is increasing daily.

Farm Laborers--

(Continued from Page One) vice section of Commission officials will make every effort to supply necessary workers. In some cases serving particular sections experiencing farm labor shortage should be notified of the needs a few days in advance. All County agents of the state have been acquainted with the availability of the service.

Radio Industry Is Assured Of Ample Aluminum Supply

Priorities Director Stettinius announced July 29 a program which will make available a limited quantity of aluminum for the manufacture and maintenance of radio sets for civilian use to maintain the radio communication system and to keep the manufacturing system in operation until new defense orders begin to take up the slack.

For July operations the Office of Production Management has made available 110,000 pounds of aluminum for radio purposes, of which 70,000 pounds represents aluminum scrap.

The new program will provide enough aluminum to supply maintenance and repair parts for existing radios. But there will be a sharp reduction in the number of new sets manufactured by the industry.

Under the arrangement made, the radio industry is required to resort to substitutes as rapidly as possible, so that even further reductions may be made in the amount of aluminum going into private radio sets.

Broad substitutes have already been made in the radio industry. In 1940 the industry consumed virgin aluminum estimated at 1,000,000. The July allocation of virgin aluminum is only one percent of the amount used last year.

In future months allocations of aluminum in the radio industry will be made on a decreasing scale. Mr. Stettinius explained that the industry is required to give priority to the production of maintenance and repair parts.

Future Farmers--

(Continued from Page 1) ery thousand is eligible. To give the public some idea of the extent of the program, the boys in Future Farmer work the records of the 110 candidates for Kentucky's highest degree in agriculture--the degree of Future Farmer--were taken from the Alexandria chapter.

Those attending the convention from the Morehead and Haldeman Chapters were: Rufus Flannery, Rodney Johnston and Emerson Lewis from Morehead and Ray Haldeman from Haldeman.

Skilled Labor--

(Continued from Page One) a few of the types of training now being offered. At Hartford, United Aircraft's Pratt and Whitney division has built new school equipped to graduate 1,000 workers every month. Three hundred plants in Cleveland have installed "in service" training classes.

In the coastal cities, shipbuilders' training classes are nearing the breaking point, the survey said, and the shortage of labor for this industry is increasing daily.

Farm Laborers--

(Continued from Page One) vice section of Commission officials will make every effort to supply necessary workers. In some cases serving particular sections experiencing farm labor shortage should be notified of the needs a few days in advance. All County agents of the state have been acquainted with the availability of the service.

APPLICATION FOR PERMIT TO SELL BEER

I hereby make application for a permit to operate a place of entertainment and sell beer at a place located one mile east of Morehead on the west side of U. S. 60 in the property belonging to U. S. Sparks.
