#### Morehead FFA **Centers Work** On Potatoes

Study Of Enterprise Is Basis Of Class And Field Work At Present

Collector of Internal Revenue S. R. Glenn announces that is deputy from his office will visit Morchead February 15, 1980, for the purpose of assisting individual taxpayers in preparing their returns. Mr. Glenn says that the new Revenue Act is in many particulars different from the laws previously in effect. Special attention is called to the fact that salaries of pegans employed by the State of Kentucky or a political subdivision should be included in gross informe. ns would be centered around Production of Irish Potatoes study is well under way and

Before anyone should enter or indertake a new enterprise for the rst time to produce certain pro-lucts, it is necessary to handle the ducts, it is necessary to handle the matter in a business way. The class was interested in determining the posibilities of potatoes, as an en-terprise, will the crop be profit-able, how does the crop rank in the state of Kentucky?

The class that potatoes ranks 4th s an enterprise in the state with total production of 3,417,086 ushels per year. This figure will tive each individual 1½ bushels of potatoes for one year while the give each individual 1½ bushels of potatoes for one year while the average individual will use 3½ bushels in a year. These figures show that each person will have to buy two bushels of potatoes that is not produced in the state. With potatoes selling at an average price the amount bought by Kentuckians will amount to \$4,500,000 per year that goes for imported potatoes, using these figures one can easily determine the possibilities of potatoes as a crop in the state and obstates as a crop in the state and

#### di in gross ingome. The collector says that the many changes made cannot be explained in a short notice, but that his debuty is familiar with the law and selective to the taxpayers public. The service is absolutely free. The service is absolutely free, the collector, Glenn urges the taxpayers of this country to see the deputy and et him, help them with their in-one tax products. Pennington Starts Elliott County Newspaper

First Issue Of Elliott County Times Draw Favorable Comment

Sandy Hook and Elliott count we a newspaper. The first issue as published last week and was four page paper well filled with was and according to reports was ell received in the neighboring

county.

The paper, which will be published weekly is called the Elliott County Times, and is edited by Hubert Pennington, an Elliott county key. Mr. Pennington reports the; the citizens of the county gave his paper a good reception and that he received wave could

#### **Poultry Of** Blair Flock Makes Record

Birds In Flock Of Mrs. L C. Blair Average 22 Eggs During Month Of January

Juring Month 07 January

A small flock of chickens owned and fed by Mrs. L. C. Blair made an excellent record during the month of January white the temperature was so low. The flock has 31 white leghons and eleven white Plymouth rocks. During the plan month the birds produced 940 eggs an average of better than 22 eggs per bird. "The chickens better than 25 eggs per bird." The chickens better than 25 eggs per bird.

#### Dr. A. L. Blair Decide

#### To All Gas Users

A representative group of leading citizens conferred, with the Mayor and City Council and agreed that the following method of billing the gas for January would be fair to all parties concerned:

That all ineter readings for January be alsoounted 25 per cent Where users have removed their meters, they will be billed the same

Gas Commissioner is ordered to see that all gas meters at once, and if gas and water bills are not paid on or of the month, to discontinue the service.
