

The Morehead Independent

"ONE OF KENTUCKY'S GREATER WEEKLIES"

MOREHEAD, KENTUCKY, THURSDAY MORNING, OCTOBER 30, 1941

NUMBER FORTY-FOUR

VOLUME VIII

White Elephant Sale Scheduled Sat., Nov. 1

Mrs. W. H. Rice, chairman of the White Elephant Sale, will be held Saturday, November 1, received this week, a large bundle of clothing, books and other articles for the sale. Miss Laura Beam, Washington, D. C., National Art Director for the American Association of University Women.

Miss Beam became interested in the Rowan County Art Project and was the sole cause as a result of the exhibit of children's creative art from Rowan County, at the National Convention in Cincinnati last May.

The creative art work in the county schools is made possible by the funds raised each year by the White Elephant sale. The sale will open at 8:00 a. m., Saturday, November 1, at the Public School Gymnasium. Fruits, vegetables, potatoes, home canned foods, as well as clothing, shoes, household articles and novelties will be sold at prices no one can afford to miss.

Bill Carter Makes Final Appeal

Bill Carter, Democratic nominee for the office of Sheriff of Rowan County, appeals to the voters of Rowan County for their support and influence at the polls. In summarizing his platform, with which he feels that the greater number of the voters are already familiar, Mr. Carter stated again that he makes no promises to the voters. He is a public servant and promises to faithfully discharge the duties of the office of Sheriff, fearlessly, efficiently, and with the best interests of the county in mind, without favoritism or partisanship to any.

Food Production in Year 1942 Must Show Increase

Your farm can help to "win the war" and write the peace, says a secretary of agriculture, Claude R. Wickard. It is, to help feed the British, to help feed Europe's millions after the war and to feed our own people properly. The United States is the only country in America which will need to increase production of some of the foods that are necessary for the war.

To Call on Each Farmer in Rowan County

Your farm can help to "win the war" and write the peace, says a secretary of agriculture, Claude R. Wickard. It is, to help feed the British, to help feed Europe's millions after the war and to feed our own people properly. The United States is the only country in America which will need to increase production of some of the foods that are necessary for the war.

Tobacco Allotments Discussed By Turner

Tobacco allotments for burley, dark air-cured and flue-cured types will be the same in the 1942 agricultural conservation program as in 1941, the State AAA office announced. C. B. Turner, chairman of the Rowan County Agricultural Conservation Association, pointed out that this means all farm allotments will remain the same except for burley.

Reasons Why You Should Vote "Yes" On Amendment 1

Most Constructive Proposal Before Voters in Many Years

The attention of all citizens is called to Constitutional Amendment No. 1, which will appear upon the ballot at the general election on November 4, 1941. A vote yes on Amendment No. 1 will mean more money for our schools in Rowan county without additional taxes.

Bill Carter Makes Final Appeal

Bill Carter, Democratic nominee for the office of Sheriff of Rowan County, appeals to the voters of Rowan County for their support and influence at the polls. In summarizing his platform, with which he feels that the greater number of the voters are already familiar, Mr. Carter stated again that he makes no promises to the voters.

P-T-A Meeting Held Thursday

The second meeting of the Morehead P-T-A was held Thursday evening at seven o'clock, at the Morehead high school. The following program was given: Song, "America, the Beautiful," Flag Salute.

Scout Troop Has Active Week

In celebration of National Girl Scout week, the Morehead Girl Scout Troop is engaged in a most active program. Sunday, in observance of National Girl Scout Co-Chairman Sunday, the scouts attended their respective churches in uniforms and sat together in a body.

Estimated 4000 Votes Will Be Polled In Tuesday's General Election, Say Political Experts

Interest Kept To High Pitch In Both County And Municipal Races As Deadline Approaches

Barring inclement weather, the voting population of Rowan County will cast approximately 4,000 ballots in the General Election, to be held next Tuesday, November 4. This number is considerably smaller than four years ago, when a total of 4,413 votes were cast for county officers.

Elijah M. Hogge Makes Statement To Rowan Voters

On October 23, the Democratic Executive Committee of Rowan County met in Morehead and selected Elijah M. Hogge as the Democratic nominee for the office of County Attorney.

When you call Dr. G. C. Nickell now, before you can hang up the receiver he will be at your front door. Dr. is getting so modest that he has a built-in shaped car that will do 150 miles per hour. But his limit will no doubt be around 25 flat. Do see to some of these people with arms and legs torn off, heads caved in and gashes across their faces. When questioned as to what purpose he was going to use it for, his answer was "Strictly business." However, we can sure that any of you guys want to borrow it for a Saturday night's spree and try out his new car, he will be only too glad to tell you to go to a place with a warmer climate and stay put. That's putting it mildly. Why he would not sell it for \$1000 and I borrow it last Saturday night. Now for the late looping pool on the candidates (Roster of Galt). For Judge would say I. E. Peiffer. For Clerk, Vernon Alfrey. For Sheriff, Bill Carter. For Jailer, Alby Hardin. I am not saying how I am going to vote, but I am saying how it looks to me. Fact is, there is not a man on the ticket either side that I do not think is a good friend of mine. I would almost bet on Claude Clayton even if he is a Democrat. There Moore and Henry Cox are so ugly that they will scare half the voters into voting for the side that ain't fair.

Bill Carter Makes Final Appeal

Bill Carter, Democratic nominee for the office of Sheriff of Rowan County, appeals to the voters of Rowan County for their support and influence at the polls. In summarizing his platform, with which he feels that the greater number of the voters are already familiar, Mr. Carter stated again that he makes no promises to the voters. THIS WEEK IN DEFENSE

Lend-Lease Expeditor Harrison, returned from Moscow conferences on aid to Russia, reported to the President that the Russian government and people are determined to fight on at all costs but the Soviet armies need substantial quantities of munitions and raw materials. Treasury Secretary Morgenthau advanced the Soviet Union another \$30,000,000 against gold Russia is sending to this country. The Defense Supplies Corporation authorized pay-

ment of \$36,889,000 to the Russian owned Amtorg Trading Company for imports of manganese and other materials necessary to United States defense industry. The Federal Loan Agency announced disbursement to Great Britain of another \$100,000,000 loan to that country for which Britain put up as collateral British-owned American factories and investment. Both Houses of Congress passed the \$5,385,000,000 new lend-lease appropriation and sent it to conference to adjust minor differences. The 9,000-ton freighter L.E. HIGH, flying the American flag, returned from Spau to West Africa to pick up a cargo, was sunk in the South Atlantic on October 19. All hands were rescued. The Ameri-

Commissioner's Sale

The Commonwealth of Kentucky, Rowan Circuit Court

Universal Credit Co. Plaintiff
Elsie Johnson Defendant

NOTICE OF SALE

By virtue of a judgment and order of sale of the Rowan Circuit Court rendered at the October Term thereof, 1941, in the above cause, for the sum of two hundred twelve (\$212.00) dollars and three hundred and sixty (\$316.00) cents with interest at the rate of six percent per annum from the 27th day of August, 1941, until paid and its cost therein I shall proceed to offer for sale at the Court House door in the City of Morehead, Kentucky, to the highest and best bidder, at public auction on the 3rd day of November, 1941, at one o'clock p. m. or thereabout, upon a credit of three (3) months, the following described property, to-wit: 1939 Ford Automobile, Motor Number 4713045.

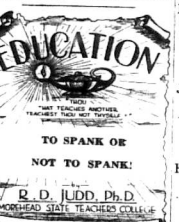

If sufficient thereof to produce the sum of money so ordered to be made. For the purchase price, the purchaser must execute bond, with approved securities, bearing legal interest from the day of sale, until paid, and having the force and effect of a judgment. Bidders will be prepared to comply promptly with these terms.

ARTHUR HOGGE Master Commissioner Rowan Circuit Court

The Army awarded contracts for the construction of fifty-six more USO recreation buildings, bringing the number under contract to the Budget and Control Bill issued a report to local defense councils. "The Progress of the Army" giving detailed information on all phases of the Army defense program.

Selective Service Headquarters completed arrangements to classify Army men with mechanical skills before they are discharged so they may be immediately employed in defense industry. "Referral offices" operated by the U. S. Employment Service in each camp will interview each man to give him specific advice as to where he can find work.

Because of a "more optimistic outlook" Defense Petroleum Comptroller has applied for this request that East coast filling stations remain closed between seven p. m. and seven a. m. Mr. Felix said the move was the possible by the return of forty tankers by the British, increased transportation facilities to bring oil to the East coast and the OPM in conservation program had reduced the oil reserves shortage from 9,000,000 barrels to 476,000 barrels.

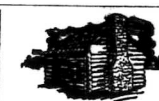

During Homecoming last week one of my former students gave me an interesting bit of information concerning her first year at New England. When she was teaching. After telling me how much she was enjoying her teaching she said, "There is one of my girls, Mr. Judd, who is going to whip." I replied, "How old is she?" I think she is about fourteen," said she. This recalls to my mind the answer to a question which I asked her to one of my students. I asked her if she believed in "corporal punishment." She answered by saying that she learned more towards "capital punishment."

The old adage, "Spare the rod and spoil the child" has been in vogue for many years, but now it seems to be outmoded. Simon says it is "Spare the rod and spoil the rod." The former statement is thought by many to be found in Proverbs but these exact words are not to be found in the Book. Bartlett states that it is a statement attributed to Butlers in his "Hudibras." However, he do find the following in the Bible: "He that spareth the rod, hateth his son." And, in the old New England primer we find "Foolishness is bound up in the foot of the child, but the rod of correction shall drive it from him."

The writer perhaps leans towards the ultra-conservatives on this subject. Experience and study had taught him that most of the schemes of punishment are relics of the olden days. Here are a few being recalled concerning school discipline: (1) The teacher should never use the rod unless she has exhausted all of her reserve for pa-

CONSTITUTIONAL AMENDMENT NUMBER 1

Are you in favor of amending the Constitution of Kentucky so as to provide that the General Assembly may by General law distribute but not to exceed ten per cent (10 per cent) of the school fund on other than a census pupil basis?

YES NO

CONSTITUTIONAL AMENDMENT NUMBER 2

Are you in favor of amending the Constitution of Kentucky giving to the General Assembly the authority to prescribe by general law that counties so desiring may install voting machines to be used in any and all elections provided said machines are installed at the expense of the county?

YES NO

COUNTY OF ROWAN STATE OF KENTUCKY

I, C. V. Alfrey, Clerk of the Rowan County Court, certify that the foregoing is a true and correct copy of the General Election Ballots to be furnished to the precincts of Rowan County for the election to be held on the 4th day of November, 1941, and that the names thereon appear in order as certified to by the Secretary of State.

Given under my hand this 14th day of October, 1941.

C. V. ALFREY

personality. (2) High discipline comes from love and respect: low-discipline is bred in fear and hate. (3) It is extremely doubtful if one should ever whip a child after adolescence has set in. If corporal punishment should be resorted to, it should be done prior to one's "teen-age." (4) In most cases, when the teacher whips, it is to "get even," because one of her pet rules has been transgressed. (5) The teacher who is a "whip-lash teacher" is admitting to the fact that there is a weakness in her teaching; a breakdown in her sense, tact, sympathy, and love. (6) Do not try to justify your actions on the basis of how much good a punishment has been for Tom, Dick or Harry. There are scores of others who are too high-strung to profit by such punishments. (7) Finally, remember that the proudest thing in this world is love, and it works in teaching just as well as in any other business. Perhaps Goethe, the great poet, was a hundred percent right when he said: "We learn only from those whom we love."

CLASSIFIED ADS PAY!

Better ventilation in laying houses seems to have increased egg production for Grayson county farmers. More Bell county farm families grew their own food for home use this year than ever before. Carroll county farmers exhibited and sold twenty-one fat hogs at the agricultural fair. Receiving 50,000 pounds of vetch seed under the Agricultural Conservation program, Lawrence county farmers have 10,000 pounds to other counties.

Child Labor Law Violations Being Investigated Now

Burrows Says Complaints Coming From All Sections Of State

Inspectors of the Department of Industrial Relations have been directed to make an intensive check-up of possible violations of the Kentucky Child Labor Law, Commissioner William C. Burrow announced today. He asserted that

complaints from all parts of the state indicated that many persons less than sixteen years of age are now being employed without first obtaining employment certificates. "The Kentucky statute under the law," Burrow explained, "prohibits the employment of any child between the ages of fourteen and sixteen who is not employed under a permit issued by the local school superintendent."

What Do You Know About Beer? . . . No. 2 of a Series

HOW MANY JOBS IN KENTUCKY'S BEER INDUSTRY?

- A.** More than 15,000 people hold jobs in this state's legal beer industry!
- Q.** What does that amount to in dollars and cents?
A. \$10,000,000 every year.
- Q.** What does this mean to Kentucky's workers?
A. Steady jobs, good pay, food and clothing, comfort and security—for about 50,000 Kentuckians.
- Q.** What is the beer industry doing to protect these benefits?
A. This committee cooperates with law enforcement officials to keep retail beer outlets wholesome. We do not and will not tolerate law violations by a few undesirable beer retailers.
- Q.** Is this program getting results?
A. Here they are for the past two years:
23 retail licenses revoked
7 beer licenses suspended
2 places padlocked forever
2 license applications refused

This record of action resulted from our recommendations to law enforcement officers. YOU CAN HELP by buying your beer in law-abiding, orderly places, and by boycotting beer dealers who break the law.

Successful Season For Squirrel Hunts Ends October 31st

Open Season On Doves Closes Oct. 27th; Ducks, Geese Reported Plentiful

Hunters will silence their guns on the squirrel populations in Kentucky after midnight October 31, S. A. Wakefield, director of the Division of Game and Fish, stated today. That date ends the open season on the squirrel in this state. The trigger fingers will also be restrained on doves after October 27 when the open season on that migratory game bird ends.

Recent rains have soaked the woods thoroughly and this change in weather condition has been a means of improving the squirrel hunting season as it has brought the little bushy-tailed animals into view of the hunter and has cut down on the noise that the nutmud makes in the leaves overhead.

With only two or three heavy frosts thus far in the fall season, leaves are already beginning to drop from the trees making viewability of the squirrel hunter much better and brings on the sport of hunting the squirrel with a dog.

Squirrels have been reported as being plentiful generally over the state and the last few days of the season ends on October 31 when should be used to the best advantage.

Kentucky bus and truck owners were urged today by William B. Blanton, Kentucky chairman of the Highway Advisory Committee to the War Department, to make complete returns this week in the national defense truck and bus inventory launched by Governor Johnson. Prompt returns will save the expense of further inquiry.

The National Defense Advisory Commission and the War Department have recognized the importance of truck and bus transportation in the national defense program. The Highway Traffic Advisory Committee to the War Department has asked the Federal Works Agency to make a national defense inventory of all trucks, busses and freight trailers to set up a detailed central and regional register of all trucks, busses, and freight trailers, similar to the records already available on railroads, water shipping and aviation. The information is urgently needed in planning more effective use of highway transportation, for example, in the delivery of military and civilian supplies, in

congestion, in the movement of passenger traffic in case of emergency and in other ways. Questionnaires have been mailed to all truck and bus owners. Please fill out the card immediately. It will take you less than ten minutes. The card calls for information on the make of your truck or bus, capacity, kind of body (such as pickup, motor platform, etc.), time of year you most urgently need the vehicle in your own business, whether an emergency you would be willing to hire or lease it to a Federal agency, and so on. The information is urgently needed and will be confidential.

Committee Named At To Plan For 75th Anniversary

Governor Keen Johnson has appointed fifteen members of the University of Kentucky faculty and administrative staff to make plans for the celebration of the 75th anniversary of the University plan for the inauguration of Dr. Herman Lee Donovan, newly elected president of the University in 1942, and at the same time to plan for the inauguration of Dr. E. Meador, county home demonstration agent, was their coach.

The 4-H team from Graves county placed eighth in the dairy cattle judging contest, in competition with teams from many other states.

Warren county won similar honors at last year's show. Both teams were trained by County Agent Ray Hopper.

A red ribbon went to Mary Todd county, Kentucky, for their dairy foods demonstration. Mary E. Meador, county home demonstration agent, was their coach.

DOES YOUR JOB OFFER THESE OPPORTUNITIES?

You can get them ALL in the U. S. NAVY!

	YOUR JOB	NAVY
1	TRAINING WORTH \$1500. The U. S. Navy offers you technical training in nearly 60 trades and vocations, worth at least \$1500. You can become an expert in radio, aviation, electricity, diesel engines and many other well-paid trades at absolutely no cost. The Navy gives you good pay (and keep) while you learn.	✓
2	STEADY PAY GUARANTEED. No layoffs . . . no seasonal slumps . . . no pay cuts. The Navy guarantees you a generous pay savings twice every month in the year.	✓
3	REGULAR PAY INCREASES. You can be sure of steady pay increases up to \$125 a month, if you can qualify . . . with many opportunities for additional allowances and promotions as you go along. Your income can increase seven-times during your first enlistment.	✓
4	ALL LIVING EXPENSES PAID. In your present job you must use your income to pay for food, rent, education, travel, entertainment, and savings for the future. ALL THESE THINGS ARE FREE TO NAVY MEN. Your pay is your own to use in all in any way you please.	✓
5	FREE MEDICAL AND DENTAL CARE. Unexpected sickness, expensive doctors' and dentists' bills can take a big slice of your civilian income. But not in the Navy! This is one worry you can avoid, one emergency you never have to save for. Navy men get the best of medical and dental care absolutely free.	✓
6	RETIREMENT INCOMES. In the Navy you'll never have to worry about your future. If you stay in the Navy, you'll never have to skimp and save for your old age. When you become eligible for retirement (sometimes as early as age 37), the Navy guarantees you a monthly income for life.	✓
7	CHANCE TO REACH THE TOP. By enlisting now many may have the opportunity to attend the U. S. Naval Academy at Annapolis . . . or the opportunity to become a Commissioned Officer in the Naval Reserve . . . or the opportunity to become a Naval Aviator.	✓
8	FUN AND RECREATION. Where else can you lead the healthy life that the Navy offers you? Achieve it, about, you get year-round boxing, swimming, baseball, football, and other sports. You associate with the finest group of men in the world. And you enjoy entertainment of all kinds plus the latest movies.	✓
9	TRAVEL AND ADVENTURE. Navy maneuvers take U. S. ships all over the world—Alaska, Hawaii, the Philippines, North and South America. You get regular shore leaves in exciting foreign ports.	✓

Earn good Navy pay while you train for any one of these 45 jobs:

Are you considering joining a military service? WHY NOT CHOOSE THE NAVAL RESERVE! Don't wait. Choose the Naval Reserve now. The Secretary of the Navy has announced: "All men now existing in the Naval Reserve will be retained on active duty throughout the period of the national emergency." If you are not in the Naval Reserve, you are being asked to inactive duty as soon after the emergency as their services can be spared, regardless of the length of time remaining in their enlistment." Remember—the regular Navy and Naval Reserve offer you the same training, promotions, pay increases. Physical requirements in the Naval Reserve are more liberal. Find out all about the Naval Reserve. Send in the coupon now!

VOTE FOR THE PROGRESSIVE TICKET FIRST ON THE BALLOT

On November 4th, the following names will appear on the ballot, under the Globe emblem, on the Progressive ticket:

John Will Holbrook, for Mayor; Virgil H. Wolford, J. B. Fraley, W. L. Jayne, Curt Hutchinson, Frank Laughlin and E. B. Sluss, for members of the City Council.

We would like to take this opportunity to place before you the facts, which we have taken into consideration and judged for quite a good deal of time before deciding to make this race.

FIRST, we would like for every voter in Morehead to get acquainted with the true facts and reasons for the candidates on this ticket making the race.

The candidates on the Progressive ticket carry out the line work already started by the present Council, as well as complete and build new and better things for Morehead in the future.

One of the major problems or issues that will confront the Council during the next Mayor's administration will be the consideration and ground work that will need to be done with regard to the expiration of the present electric franchise. The members of this ticket have studied ways and means of getting much lower power rates for every consumer in the city limits of Morehead. We have been in touch with other cities that own their power plants, such as Paris, Paintsville, and others, and we have found that they lowered their existing power rates by owning their own power plant. We also learned that they had done this without having to raise taxes. If we are elected, we assure you that we will do everything in our power to effect lower power rates. It may be that T. V. A. will come to Morehead.

We feel that the present City Administration has accomplished many worthy things for the City during their term and we believe that this is an opportune time to call your attention to the major improvements that have been made by the men now serving you at the City Hall.

The present Administration employed a full time Clerk making it more convenient in paying utility bills and improving the utility service as well as practically eliminating delinquent accounts. Formerly the accumulation of unpaid water and gas bills was a considerable problem involving quite a loss to the City, but now not over one percent of these accounts will be delinquent thirty days from date due.

Our City had been without adequate fire protection for some time and the Kentucky Actuarial Bureau had repeatedly warned the City that an increase in fire insurance rates would be made unless additional fire equipment was obtained. Necessary fire equipment was secured, thereby saving the citizens many hundreds of dollars annually in insurance premiums.

Contract has been let and gas lines are now being extended to the West end addition and gas will be available within the next few weeks. Street lights were installed several months ago in the new addition. New sewers have been laid.

Property assessments have been equalized, causing some of the larger property owners who had been escaping their share of the tax burden to proportionately share their part.

Much criticism and many complaints had been made on the part of "their joints" and your present Council refused to listen to those plagues.

A building ordinance was adopted governing the construction of buildings and this will be invaluable to the City as it continued growth.

Your present Council has co-operated with the College as well as with the merchants and business men of the City. To believe this close co-operation is necessary for the continued advancement of our college and Morehead.

The business affairs of the city have been well managed as shown by their itemized financial statement which has been published from time to time, and the minutes and records are open for public inspection at any time.

The candidates on the Progressive Ticket whole-heartedly endorse the above improvements made for the benefit of the citizens of Morehead and pledge to continue a progressive program to make a bigger and better Morehead!

or of their cooked human flesh. Captain Salisbury is the only white man in the past forty years to attend a cannibal feast and live to tell it.

Adm. Byrd--

(Continued from Page 1.)

being planned by Miss Ezer Robinson, assisted by Dr. Falls, will be one of the outstanding features of the meet. The banquet is scheduled for 3:30 p. m., Friday, November 7, at the Henry Clay hotel.

An unusually good program will be given at the banquet and will include speeches from alumni and former students, as well as a musical program. The banquet is supposed to give former Morehead students an opportunity to become acquainted with the present staff of the college.

Morehead college will also be represented with a booth at the SKEA convention. The exhibition will be displayed in the lobby of the Henry Clay hotel.

Red Cross--

(Continued from Page 1.)

More than \$25,000,000 worth of relief has been made available to the British people, with American Red Cross supplies, chiefly in the form of clothing and medical supplies, still going across the Atlantic at the rate of about six shipments every week.

Supplies of milk, vitamins and clothing were distributed to children only in Unoccupied France and limited quantities of medical supplies have been sent for general distribution under American Red Cross supervision, but no supplies have been sent since April 17. Mr. Haggan said none to Finland since May 29 operations in that country are conducted on an ever-increasing scale. Mr. Haggan reported. Wheat, rice, and vitally needed medical supplies to the value of close to \$3,000,000 have already been sent to Free China.

No war relief is being distributed in Greece at present. Mr. Haggan said. Large quantities of supplies in transit at the time of headquarters in Cairo, has provided over \$2,000,000 worth of medical, surgical and other supplies.

Relief supplies of food to meet famine conditions and limited quantities of medical supplies were sent to Spain to the value of close to \$2,000,000. Mr. Haggan reported, but no shipments have gone to that country since June 13, and operations in Yugoslavia were limited to the expenditure of \$75,000 for emergency relief to refugees.

As part of its war relief service, the American Red Cross has forwarded parcels of food, clothing and other comforts to British and Allied prisoners of war in German prison camps, and assets forwarding funds and supplies for the relief of Italian and German prisoners of war and interned civ-

ilians in Canada. Another activity which has brought comfort to hundreds of sorrowing families is the Hungary and India relief program, which is one month handled over \$3,000,000 inquiries about persons in war affected areas.

The need for Red Cross relief to the victims of war still continues. The need for Red Cross services to our people at home is increasing rapidly in line with our national defense program. Mr. Haggan said. It is urged everyone in the community to rally to the support of the Red Cross at the annual Roll Call, November 11 to 20, be emphasized that never has the need for a one hundred percent membership support among all sections of the American people been so vital as it is today.

Tobacco Allotment--

(Continued from Page 1.)

where adjustments are required because of marketing quota violations or other special conditions defined in laws and regulations. Total State allotments for the three major types of tobacco grown in Kentucky are: Burley, 264,272 acres; dark air-cured, 30,780 acres; and dark fire-cured, 33,150.

Turner pointed out that farmers who have kept their tobacco acreage within allotments under the program and who have obtained the government's soil-building allowance to build up their land are now in position to produce more than their quota needed in the defense program.

Many farmers, he states may find it profitable to shift more of their time from tobacco growing to production of meat, poultry, and dairy products for which there is a growing demand.

1942 Food Prod.--

(Continued from Page 1.)

these will be included in the Farm Defense Program plans of which each farmer will be asked to make a contribution.

If we are to reach these goals, Mr. Turner said, farmers will have to produce more than they have ever produced in the history of the United States. But this is no time to over-produce on wheat, cotton and tobacco, of which there are abundant supplies on hand, he added.

Farming "as usual" will not be either profitable or helpful in national defense, Mr. Turner points out, because the request for increased production is in need for commodities, for which there is a rising demand, and is not a request for a "blanket" increase in all types of farm products.

In order that Rowan County farmers may assist in the County Defense Board in making a speedy check-up on their crops and livestock to see what products can be increased, maintained or reduced in line with national needs.

3 Start carrying out 1942 production plans now by laying in supplies of seeds, fertilizers and

other materials that will be needed.

For additional information or assistance in planning participation in the Farm Defense program, farmers are advised to see the County Agricultural Defense Board, representing all agencies of the United States Department of Agriculture, or to see county representatives of these agencies in their districts or communities.

Brammer Makes Final Statement To 3rd Dist. Voters

Bases Ability To Serve As Magistrate On Past Record As Citizen

On November fourth, you will elect the man in whose hands you place the affairs of our county. Before we come before the election court during the next 4 years, matters of much concern to you and of your county, and it is your interest to select men with proven business ability to handle those matters.

My record as a citizen and as a business man is open to the public as well as my record for fair, honest, and upright dealings in all of my business transactions. I present myself to the people of Rowan County for the first time as a candidate for Magistrate from this district. I possess all of the qualifications necessary for a fair, honest, and economical administration of county affairs, and while my name will be under the emblem of the Republican party, I appeal to all people, regardless of their political affiliations, who desire to see Rowan County in the front ranks of the progressive counties of the state, for their support in my race and I assure each and all that every citizen will receive my most kind and

courteous effort and my best consideration, and my best effort shall be spent for the best interests of Rowan county.

It has been impossible to see everyone in person, however, I am seeing as many as I can, and to those whom I may be unable to see, I will ask that you accept this as my personal appeal to you for your support in my race, likewise my deepest appreciation and gratitude for your kindly interest.

Your friend,
James Brammer,
Candidate for Magistrate, Third District, Rowan County

Cash Loans Help Car Owners

Any Make Car Security For Loan

Each year thousands of car owners use more than \$500,000,000 in cash to purchase new cars. The Finance Company's Plan to take care of their money needs.

Every car owner who is in need of from \$10 to \$500 cash is cordially invited to investigate Time Finance Company's Auto Loan Plan.

Loans are made on all makes and Models for periods from one day to eighteen months. The charges only lawful rates on auto loans. \$100.00 loan costs an average of less than seven cents a day on Time's 18-Month Plan.

Regardless of what your money problem may be, you owe it to yourself to know about Time's Plan. Phone, write or visit the offices of the Time Finance Company located at 33 North Main Street, Winchester, Kentucky. The slogan of this old established company is "When it's time for a loan, see Time."

—ADVERTISEMENT—

To The Voters:

In closing my campaign for re-election as your County Court Clerk, I wish to say that I appreciate the many courtesies extended to me in this campaign. I have always discharged the duties of my office conscientiously and have earnestly attempted to give the very best possible service to every one. I pledge to you the continuance of this type of efficient, friendly service if re-elected.

Upon this platform and upon my record of efficiency and honesty as a public servant I rest my candidacy. I will very deeply appreciate your support and your vote if my candidacy meets your favorable consideration.

Sincerely
VERNON ALFREY

Capt. Salisbury--

(Continued from Page 1.)

but between two of the head-hunting tribes for the possession of the Chieftan "Gow's" daughter kidnapped by slavers. This picture of secret practices and fast-disappearing race can never be duplicated. It should not be missed. This amazing adventure is authentic and every foot filmed in the savage belt.

Thus, Captain Edward A. Salisbury, explorer, hunter with movie camera and gun, adventurer among the Western Pacific savages and the only white man ever to live ten months with "Gow," the headhunter chieftan of the wild tribes in the Solomons, sums up a phase of his thirty years' experience among the fiend tribes among these headhunters and cannibals, will be told by himself at the Mills Theatre.

For years Captain Salisbury has lived, eaten and slept among men whose reasoning power is hardly above that of a dog. He has walked among women wearing the skulls of their husbands slung around their necks, like grinning ivory against their bare black bodies. He has stood on the edge of the Sing-Sing grounds of a New Hebrides village, the wildest of the wild, and smelled the pungent od-

Navy Celebrates 166th Anniversary

Was Completely Abolished In 1785

One hundred and sixty-three years ago a committee of three men, John Adams, Silas Deane and John Langdon purchased the merchant ship Black Prince of Philadelphia. Renamed the Alfred, the vessel had the distinction of being the first ship in the United States Navy. These men were appointed by Congress, thru the efforts of George Washington as a Naval Committee responsible for the purchase of two vessels. An original appropriation of \$100,000 was increased several days later, making possible the purchase of four ships in all—the latter three named the Columbus, Cabot and Andrew Doria.

The date October 27th, on which Congress in 1775 elected to establish our Navy is celebrated annually as Navy Day. The purpose of Navy Day are to pay tribute to the splendid service the men in the Navy have rendered in making and keeping us a nation and to better inform the American people of what our Navy does for them. When again choosing October 27th marked not only one of the most important dates in U. S. Naval history, but also the anniversary of Theodore Roosevelt whose life was devoted to furthering a sound naval policy for the United States.

In its early days, the history of our Navy was a turbulent one. During the revolutionary period seventy-three vessels of all descriptions were used, but through sale, capture and destruction only one was left in 1785 and during that year Congress abolished the Navy, leaving the burden of the protection of our country in the hands of an army of only eighty men. In 1794 our Navy was revived by a Congressional Act authorizing the construction of several frigates to deal with the Algerian pirates who were the first, United States Navy Department was established four years later. One of these new frigates purchased as a result of this act of 1794 was the Constitution—with the Constellation, United States, President, Congress and Chesapeake making up a Navy which, through successful encounters with French cruisers and privateers, established an enviable reputation for itself. In 1801, a series of engagements with the Barbary states and the ensuing treaties rendered commerce in the Mediterranean safe from attack and ended the payment of tribute by Americans.

The outstanding performance of our Navy and privateers during the War of 1812 insured freedom of the seas for our commerce and further increased our national prestige. The effective work of the Navy during the World War is still fresh in the minds of most of us. When again choosing October 27th marked not only one of the most important dates in U. S. Naval history, but also the anniversary of Theodore Roosevelt whose life was devoted to furthering a sound naval policy for the United States.

All American foreign relations, all American participation in the life of the community of nations must find its expression through traffic on the seas. Ships, both commercial and naval, are the

means of giving effective outlet to America's right to participation in international trade and politics.

Ky. Farmers Asked To Produce More Food For Next Year

Rowan Farmers Urged To Produce More Milk, Eggs, Hogs And Beef Cattle

The Kentucky farmers are asked to put forth all their efforts to produce more food in 1942 than they have ever produced before. Why? To help keep the democratic way on their feet. Rowan county is asked to increase production in four enterprises. Namely, milk, eggs, hogs and beef cattle. The state is asking that we produce nine percent more milk in 1942 than we have in 1941. Every farmer knows that you cannot get into dairy business overnight. The way most of this increase is going to have to come about is by more efficient feeding and caring for the animals. The feeding part should be relatively easy with the good crops this year. Adding a little corn to this and a good flow of milk. The cow can't be expected to give much milk on a snowball.

The cow to do her best needs to be kept to stay during the cold winter nights. If she stands out in the cold she uses her food to maintain her body against the cold instead of producing milk.

Rowan county is also expected to increase egg production nine percent over the 1941 production. This can be brought about in the same manner as the dairy business. You do not need to build expensive poultry houses. Corn fodder can be set up around the poultry house to make it warm and keep out the cold wind. Pigs are expected to increase ten percent over 1941. Now is a good time to buy good spring farrowing gilt and get ready for the 1942 crop of pigs.

The beef cattle market surely will take care of itself because we are only asked to increase two percent over 1941.

The farmers of the county can help the AAA and businessmen making this farm to farm campaign if he will think over what he has produced in 1941 and what he intends to produce in 1942.

"Buster" Norris To Play Last Game November 15

November 15th will be a gala day in Morehead. This date has long been a day of football. This year, when the Eagles will clash with the Eastern Maroons, in an attempt to regain possession of the "Havy-Ride" to a member of the Morehead team, it will be a sad day.

Columbus "Buster" Norris, son of Mr. and Mrs. Dennis Norris, of Pikeville, Kentucky, will play his last game with the Eagles. Buster came to Morehead four years ago and he played outstanding football as Guard with the Eagles. He will graduate with a major in Physical Education, and a minor in Biology and Mathematics in June, 1940.

He is vice-president of the P. T. A. and a valuable member of the band after football season. He was chosen one of the outstanding guards in the state, during his junior year, and his excellent, good playing gives him an excellent chance to make the Little All-American team this year.

He belongs to the Kentucky High School Athletic Association and is a basketball official.

Morehead F.F.A. To Publish News Letter

The Morehead chapter of the Future Farmers of America is planning to publish a news letter the 29th of October. This letter made possible by the selling of ads to the local merchants, will be sent throughout the county to sell the schools, merchants and FFA members.

The chapter, in planning this letter, met and elected the following members: Editor in Chief, Rodney Johnson; Assistant Editor, Charles McKenzie; Business Manager, Wilford Flannery; Society Editor, Glenn Gilkinson; Assistant Society Editor, Glenn Poston; Sport Editor, James Hall; Assistant Sport Editor, Eugene White, and Circulation Manager, Hanson Carey. This news letter will tell some of the things the FFA boys are

doing, and going to do. This is our first attempt to publish a news letter and we hope you like it. Rodney Johnson and his staff have worked hard and a lot of credit is due them.

We wish to take this opportunity to thank the merchants for their fine cooperation in contributing to this cause.

Train operations on two-thirds the total railway mileage of the United States are now directed by telephone with nearly one-half in 1920.

The United States has more high-speed passenger trains than any other country in the world.

Railroads from January 1, 40 to September 1, 41, put 114,679 new freight cars in service.

Approximately 125,000 separate shipments are handled annually by the railroads.

To The Voters Of Rowan County:

In my campaign I have tried to see and talk to each of you. I realize that there are some that I have not been able to see and for those people as well as the public in general I wish to again briefly outline the things I stand for and intend to do if elected your Jailer.

It will be my purpose to clean up the Courthouse grounds and property and put it in a clean, presentable and sanitary condition and to keep it that way. The jail will be kept in a clean and sanitary condition and the prisoners will be properly and amply fed. I shall make every effort to save the county money in the economical operation of the office. Upon this platform of an efficient, economical and clean administration I solicit your support.

Approximately 10,000 cars are handled daily through some of the larger freight-terminal yards.

fair ever held in this community. There were 175 exhibits, and four hundred persons attended.

The Morehead Independent Will Broadcast the Election Returns!

I wish to thank the voters of this county for their interest shown me during my campaign for the office of County Court Clerk and I earnestly solicit your vote and influence in the coming election, Tuesday, November 4.

Respectfully
BILL HUDGINS

To The Voters Of Rowan County:

Before announcing for the office of County Judge of Rowan County, I fully realized the grave responsibilities facing the next Judge of the County Court. In a war-torn and troubled world, I know that it will only be through the cooperation with the State and Federal Administrations that this County can rise from its debt laden condition and once again hold its proud head up. With the cooperation of an honest and conscientious fiscal court I promise to you an Administration of Economy and sound business principles. I believe, since the State and Federal Administrations are Democratic that I will be able to seek their help better than my opponent, for they are the source of most of our money and the sole Administrators of the road money. No County Judge can do more than his Fiscal Court is willing to help him do, and I know the voters of Rowan County elected the present Fiscal Court and to them should go a large part of the credit for the past Administration of the County affairs and the payment of the indebtedness of Rowan County and I fear my honorable opponent failed to give due credit where credit is due.

I want you to review my record as Sheriff of Rowan County and in so doing you will find that the taxpayers of Rowan County were my first concern. No official is an honest official who attempts to enforce on the taxpayers of any County an unlawful tax law. When I was elected Sheriff, the law imposed upon me the duty of collecting off of you what I considered an unlawful road tax of forty cents. This tax was voted on the taxpayers in an earlier election and when I was elected Sheriff I filed suit and relieved the taxpayers of twenty cents of this burden, thereby saving every taxpayer in Rowan County an actual cash outlay. This same close contract and Administration I promise to you as your County Judge.

Permit me to thank you for your past consideration and I assure you I will appreciate your confidence in me once again, and if elected my only hope and desire will be to make Rowan County an honest and courageous County Judge.

Respectfully,
DAN PARKER

TO THE VOTERS OF THE CITY OF MOREHEAD

In support of my candidacy for re-election as Police Judge of the City of Morehead to be voted for next Tuesday, I desire to make the following statement:

I have been Police Judge since January 1, 1936, and have collected nearly \$7,000.00 in fines and forfeitures, every cent of which has been reported to the City Council together with the names of each defendant who has paid his fine as one cent, and during this time I have had more than 1300 different defendants in court and some of the regulars, many times.

I have tried to do my duty as Police Judge, but know how difficult it is to please the public in general in any official capacity as the people seem to be more or less prone to criticize court decisions and may say that he is too easy with the defendants, but I doubt if long sentences or heavy fines, have the desired effect, or accomplish what the public expects, as I have kept defendants in jail twenty-five days and drunk when released if the opportunity offered.

Often when a defendant is arraigned for trial for drunkenness, he will enter a plea of guilty but in his defense, he will say that he has a wife and children at home depending on him, and if confined in jail, he will lose his job on which his family lives, and will support his contention that the defendant, but I doubt if long sentences or heavy fines, have the desired effect, or accomplish what the public expects, as I have kept defendants in jail twenty-five days and drunk when released if the opportunity offered.

Often when a defendant is arraigned for trial for drunkenness, he will enter a plea of guilty but in his defense, he will say that he has a wife and children at home depending on him, and if confined in jail, he will lose his job on which his family lives, and will support his contention that the defendant, but I doubt if long sentences or heavy fines, have the desired effect, or accomplish what the public expects, as I have kept defendants in jail twenty-five days and drunk when released if the opportunity offered.

I believe that the condition in Morehead is much better than it was when I assumed office in 1936, and I think that you can recall it was difficult to go down Railroad Street without meeting some drunk, but it is a very orderly street at present, and very rarely any trouble occurs there now. It seems that we do not have more than half as many drunks as formerly.

I have given my entire time and attention to this office, subject to call at any time, and have gone to the Police Station long after midnight, and have never refused to go when requested. If a person is engaged in any other business, he cannot give the same attention to it as I do, since I am not otherwise employed, for which I regret, but I have been informed that a man of my age is not hired any more.

I do not have anything personally against my opponents as they married relatives of mine, but each draws a salary from the Co. I have been informed that a decision has been rendered by a Court which prevents a man from teaching school and holding an elective office, drawing two salaries at the same time from a city, county or state is not permitted by law, which he would be doing if he were to be elected Police Judge and continue to teach school, so why vote for a man who may not be able to act as Judge but vote for one where there isn't any question about it. Think of this when you go to vote.

In conclusion I will appreciate any assistance that you can render me next Tuesday in my race for re-election of Judge of the Morehead Police Court, and if elected will be thankful for any advice and suggestions in the conduct of the affairs of the City you may have to offer, and I want to thank you for past support and confidence which you have imposed in me for the last six years and feel that my experience will be worth more to the city than that of my opponents.

Very truly yours,
LEE STEWART

Sincerely
ISAAC D. CAUDILL

TO THE CITIZENS OF MOREHEAD:

In making this announcement of our candidacy for Mayor and Councilmen of the City ticket, under the emblem of the Clasp'd Hands and as the Independent ticket, we have done so at the urgent request of many of the leading citizens of the City, who have expressed their sentiments in favor of a business administration for the City of Morehead.

The members of this Independent ticket have nothing to conceal. They are straight forward business men and citizens of the community who have demonstrated in the past their interest in the welfare and progress of the community and who have spent their time and money in making Morehead the thriving community it is today.

Not the Tool of any Group
The Independent ticket is running strictly and solely for the benefit of the citizens of the community and is not sponsored by any institution or group of individuals. If elected, it is not pledged to any group or institution and is in a position to serve every individual citizen of the community fairly and impartially in every detail.

All Members Will Serve Their Full Time
It has come to our attention that some individuals are asserting that members of the Independent ticket will, after being elected by a majority vote of the citizens of Morehead, refuse to serve or that they will resign so that their place may be filled by the other hand-picked candidates.

Every member of the Independent ticket from the Mayor on down, has pledged himself to serve out his full time and will neither resign his office nor fail to qualify for that office if he is elected.

Platform
The Independent ticket is making the race for Mayor and for members of the City Council on the following platform: An economical, safe and sane administration of the city affairs.

A square deal to all who have business connections with the city and to all the citizens of the community. A progressive administration which will carefully and thoroughly consider every matter that is brought to its attention that might work to the benefit of the community as a whole.

A business administration of Morehead's greatest business, the business of the community itself. The candidate for Mayor and the members of the Council respectfully solicit your votes and your influence on the above statement and platform.

Let the People Know
If this Council is elected, we propose to publish each year ACCORDING TO LAW OF KENTUCKY, a complete and detailed Financial Statement, strictly according to law.

MOREHEAD, KY.

H. L. Donovan To Be Inaugurated As UK Prexy In 1942

Formal inauguration of Dr. Herman Lee Donovan, sixth president of the University of Kentucky, will take place Wednesday, May 6, 1942, according to recommendations that will be made to the institution's board of trustees by the committee appointed by Governor Tom Johnson to prepare plans for the inauguration as well as the celebration of the University's seventy-fifth anniversary. The anniversary celebration will be planned and may be set for the fall of 1942. Invitations for the inauguration event will be extended to all institutions of higher learning in the United States, and representatives from these, as well as other leading educators who will attend, will probably mark the largest concentration of educators ever to convene in Lexington.

Plans for the day will include a noon luncheon for the University's guests, the induction program in the afternoon, and a banquet open to the public in the evening. Weather permitting, the afternoon ceremony will probably be held on Stall Field.

The general committee in charge of arrangements includes Dean Thomas P. Cooper, chairman; Ezra Collins Marguerite McLaughlin, Dr. Lee Chamberlain, E. P. Farrington, Dr. Statie Erikson, Dr. Frank Murray, Dean James H. Graham, D. McIntyre, Judge Richard C. Hill, H. P. Hobson, Dean Sarah Holmes, C. Lee McClain, and G. Sulzer.

Warren county farmers are forming a tomato association, for the purpose of increasing next year's crop.

To take up for losses of clover, etc. due to drought, Clark county farmers seeded heavily of winter-cover crops.

Tallest Drum Major In UK History Now At University

The tallest drum major in the history of the University of Kentucky is leading the University of Kentucky band this year. He is Dirk Verhagen, graduate student in chemistry, who entered the University this year after having been graduated from Washington University of Seattle, where he earned the title of "tallest drum major on the west coast."

Verhagen marches with Brooks Coons, the University's regular drum major, and Barbara Rehm, sponsor, at the head of the "Best Band in Dixie." A special uniform had to be made to fit the newest addition to the colorful Kentucky band.

1,133 Youth Placed In Private Industry By NYA Division

100 Of This Group Are Employed As Skilled And Semi-Skilled Workers

During the past three months, 1,133 youth employed on National Youth Administration work projects have obtained jobs in private industry, according to Robert K. Salyers, State Youth Administrator. This figure, he pointed out, is based on NYA release documents and includes only those youth who told their supervisors where they found employment. During the same period an additional 2,000 left NYA without stating whether they had permanent work. It is safe to assume, Mr. Salyers said, that many of these youth also found private employment. Mr. Salyers also reported that, since January of this year, 292 young men have left NYA for military service. About half of them volunteered. Of these who are known to have obtained jobs in industry approx-

mately one hundred have employed as skilled or semi-skilled workers in eastern defense plants. Their starting pay ranges up to seventy-seven cents per hour. These youth were transferred from Kentucky NYA projects to NYA projects in Hartford, Connecticut, and Verona, New Jersey, where the State Employment services placed them in jobs. Before being transferred they worked in NYA defense shops, gained experience in machine shop, welding, sheet metal or radio.

Of the 443 girls who obtained jobs during the past three months, nearly half are working as power sewing machine operators in plants making clothing for the army.

At present, the National Youth Administration of Kentucky is providing work experience for nearly 8,000 unemployed, out-of-school young men and women between the ages of seventeen and twenty-four. Approximately 18,000 other eligible youth have applied for NYA work experience. They will be assigned to work as youth now on the program get jobs or leave NYA for other reasons.

This large waiting list in the face of present employment conditions is due, Mr. Salyers pointed out, to the fact that the vast majority of employment opportunities today are in urban areas, while Kentucky is mainly rural.

NAVY NOTES

The Service Schools of the U. S. Navy, where sailors are trained, are divided into three classifications. Class A schools give elementary instructions in certain specialties to recruits; Class B supplements the training afforded by giving more advanced instructions in certain specialties to selected, experienced enlisted men; and Class C schools give advanced instructions in certain subjects not

normally a part of shipboard teaching.

Fresh eggs are probably the most popular part of the menu of the United States Navy. In one year over 146,016,000 are consumed.

The major fighting strength of our Navy is concentrated in the Pacific Fleet, which is located for the most part in and around the Hawaiian Islands.

With the aid of Sperry, Ford, General Electric and other companies, the United States Navy has worked out the best gun-fire control system in the world—one which is almost an automation. Our seamen are very proud of their gunnery and, as they can aim and hit a target fifteen miles away in a minute, their pride is justifiable.

The epaulettes and shoulder marks now worn by United States Naval Officers survive from olden days when fighting seamen wore metal plates on their shoulders to protect them from saber cuts.

The United States Navy is probably the world's largest single distributor of motion pictures. It maintains 2,000 films in constant circulation and has a mighty attendance of 150,000 seamen. The Navy acquires between three hundred and four hundred new films each year, or practically the entire output of all of the major studios. The films are leased for a period of four years and then returned to the studios. When you witness slow motion pictures of your favorite athlete in action you are indebted to the United States Navy for the necessity of studying the flight of projectiles led the Navy to develop the camera that makes possible slow motion movies.

New recruits at the United States Naval Training Stations receive two mail deliveries daily.

The first passenger car equipped with fluorescent lights was placed in operation in 1913.

A standard pullman sleeping car weighs approximately eighty-three tons.

A Favorite "Family Car"

Massiveness and sleek smartness characterize the new 1942 Chevrolet Fleetmaster Sport Sedan. This popular four-door, six-passenger model is now on display at Chevrolet dealerships.

FARM NEWS

James R. Morgan, a Metcalf county boy, made a profit of \$113 on a litter of ten pigs which weighed 2,014 pounds when sold at the age of 185 days. Four acres of red clover and rape helped reduce the cost of the litter.

Ten Jackson county club members put on a series of demonstrations in the use of electricity, at the annual meeting of the county's electric cooperative corporation. The boys learned how to install equipment, and the girls learned how to cook with electricity.

Jefferson county 4-H club members received \$660 in prizes at the Kentucky State Fair. Their exhibits included twenty-three dairy cattle, seventeen pigs, sixty chickens, three potato exhibits, sixty-two food exhibits, twenty-seven canning exhibits and five-room improvement exhibits.

Extensive soil tests in Meade county have shown that most of the uplands need phosphate as well as lime.

Probably Davies county 4-Hers will take as many as forty pigs to the Evansville, Indiana, show and sale.

Last year nine men in Madison county seeded Balbo rye, the first used in the county; now, five hundred bushels have been purchased for seeding.

The Agricultural Conservation Program has furnished Whitley county farmers 450 bushels of Balbo rye and 15,000 pounds of ryegrass.

Approximately 5,000 pounds of Italian ryegrass were bought by one hundred Bell county farmers. In addition to ewes already imported into Todd county, five hundred northwestern ewes were brought in last month.

The portable dipping vat bought by the Carroll County Sheep Protective Association has been used for 5,000 head of sheep. Trouble with houseburning of tobacco was not experienced by Warren county farmers who fired their crops.

TRY INDEPENDENT ADS!

To The Voters Of Rowan County:

The general election day is steadily but surely approaching, in which all the people who vote are privileged to register their choice for the person to represent them in our local county government. I am old-fashioned enough to believe that the people as a whole usually vote for the person whom they think will represent their best interests.

Therefore, my purpose for thus addressing you is that I may lay before you for your further consideration my record as your present County Judge. I hope that you will accord me your confidence by re-electing me on November 4th, for a nother term, in order that I may carry on my program for the betterment and prosperity of Rowan County.

I have labored hard for my county and my fellow citizens, and under very adverse conditions, chief of which was the depression. Also, when I took office we had a depleted treasury and a Federal Court injunction for \$13,000, which prohibited us from spending for anything other than the absolute necessities of the administration of county affairs, until the debt was fully paid.

Notwithstanding these barriers, I began my tenure of office as your County Judge, determined that I would succeed in restoring the county's prestige and credit rating, and to its citizens full faith in honest, fair and economical government.

Since I became Judge of Rowan County, we have paid off an indebtedness of over \$18,000, and all bills incurred during the administration have been paid off... one hundred cents to the dollar! Through my efforts, and the effort of a number of civic-minded citizens, we prevented the issuance of a huge Refunding Bond, which would have cost the citizens of this county thousands of dollars, which we are now in a position to save. On January 1, 1942, this county will be PAID UP on its current bills and will have no outstanding debts contracted by my administration.

When I came into office, the county had issued \$105,000 worth of Road and Bridge Bonds. My administration has paid off \$18,000 of this amount. We have also paid \$18,000 on judgments, old debts, and on the completion of the new county jail... all of which makes approximately \$36,000 paid during my administration.

At present the county has in the bank \$1,800 of Road Fund money, and early in 1942, thirty-five percent of the general fund will be deposited for use next year. The \$1,800 Road Fund and approximately \$5,500 revenue from truck and bus licenses will give the county more than \$7,000 to spend on county roads in the next fiscal year.

I ask the voters of Rowan County to consider these things. I ask them to look over the county record books and to study the work that has been done and the money that has been paid out and saved through my efforts. If the voters want that same economical, efficient service for the next four years, I ask them to vote for me in the General Election, Tuesday, November 4, 1941. I make no promises to do the impossible, I only offer you a safe and sane administration, an economical administration and a guarantee that not ONE CENT OF YOUR MONEY WILL BE WASTED.

Respectfully submitted,
I. E. PELFREY

The "Low-Down" On Bowling

Most anyone will agree that the average person lives under an increasing pressure and does not free himself from this pressure until he does something of a psychological nature. In college we get it in gang formation by smiting up the town on the eve of or soon after the big game—in flatter or adult life, we attend conventions or some celebration and getting somewhat orderly by throwing chairs out of the hotel windows. In short, the average in us gets the best of us and we get in a sympathetic group and blow things better-sister.

In these days of frufffulness and pleasure we have come to measure or think of the importance of any athletic pastime in terms of "the gate." Thirty to fifty thousand spectators at a football game is quite common; horse racing, basketball games, championship fights, and tennis matches draw equally good crowds for "the gate." That is why it is surprising to realize that one of America's most extensively played games is a sport with little ballplay. Few spectators, no champions, no professionals... in a general sense, are all common to this booming pastime. If you have not gathered from the psychological introduction and this paragraph thus far, people mistify their savage wants by participating in that unique pastime, bowling.

Why is bowling called unique? The bowling "world" holds the annual meeting of the American Bowling Congress. In 1936 the meet was held in Indianapolis with 10,000 contestants from 27 cities and towns! All paying their own transportation, hotel bills, and their own entrance fee. Do you realize there weren't half that number of contestants in the Olympics, held in Berlin in 1936, yet the Olympics draws spectators from every country in the world.

Twenty-five years ago, the bowling alley smelled too much of cigar and cigar smoke and beer, but today the lusty art of "knocking" has come into its own. In our more exclusive resorts, even in the East, you will find chauffeur-driver, 12-cylinder cars waiting for their lords to leave the recreation parlors. There are bowling alleys at Vassar, in many church organizations, and in many top-flight country clubs. You might think that bowling alleys are located in swank places for display but discard that thought, as one alley in one of our city's recreation club, took in some \$1200 during the first month's operation. That means 4,000 games rolled at a quarter a game.

In Hollywood the game has become so popular that alleys are being built in the stars most exclusive homes. In short, the whole social complexion of the game has changed, thus taking on a new element bearing the stamp of approval from the elite.

You get the real "low-down" on the popularity of the game from the various contracts in social and physical ratings. Bowling is inexpensive, ranging from fifteen cents to twenty-five cents a game, hence anyone can participate. It is a game in which brain is unimportant as the field is wide open for any moral individual who can stand by. This is illustrated by a match staged about five years ago in which five boys from the New York Guild for the Jewish Blind, competed against a team of sighted bowlers and lost by only sixteen pins—654 pins to 670. The high man for the blind rolled a neat 143.

Tuning, rhythm, and control is

the secret of successful bowling. One of our crack men bowlers weighs only 124 pounds. The act of "toppling" means just that; sweep the pins from the alley, don't explode them off. All ages bowl. This is shown by the fact that a seventeen-year-old high school boy from Long Island recently bowled a perfect game, 300.

Bowling, as you might have gathered, is a swell game. And while the "low-down" on the business of bowling recommended it as a breeder of better industrial relations, and others say it is a healthy form of exercise for the aged and immature, and still others favor it as a conditioner for the sitting souls... I like bowling because it is the average civilized man's last chance to make a lot of noise and racket without apologizing to a soul.

Breck Schedules Twenty-One Games

Coach Laughlin has scheduled twenty-one games for this season. The Breck team will begin training Monday, October 27, and they expect to be in first class condition for the first game with Orangeburg.

The schedule for the second season is as follows:

Date	Team	Place
Nov. 18	Orangeburg	O'ville
Nov. 25	O'ville	O'ville
Nov. 24	Haldeman	Home
Dec. 2	Mt. Ster.	Home
Dec. 5	Newport	Newport
Dec. 12	Wash.	Wash.
Dec. 12	Inez	Inez
Dec. 13	W. Lib.	W. Lib.
Dec. 16	Flem'h.	Home
Dec. 18	O'ville	O'ville
Jan. 3	Newport	Home
Jan. 6	Grayson	Home
Jan. 13	Flem'h.	Flem'h.
Jan. 18	Hald.	Hald.
Jan. 20	Hald.	Hald.

BOOK NOTES

By STITH M. CAIN
Assistant Librarian
Morehead State Teachers College

Books On Economics Recently Acquired By Our College Library

Some of the books recently acquired by our college library on the subject of Economics will be discussed in this week's article.

They are as follows:

1. **Budget, Harvey.** (Making The Most of Your Income.) Macmillan Publishing Company, \$1.75. This is a practical, non-technical book designed to supply knowledge on investing your money. It answers the innumerable questions that confront the investor, and substitutes understanding and intelligent selection for "tips," "hunches," and "high pressure."

2. **3-Point Program For Defense Labor Supply Is Adopted.** Employment Offices Correlating Problems Created By Shortages. A three-point program for the correlation of national defense labor supply problems was adopted this afternoon by the Kentucky Unemployment Compensation Commission as further consideration was given to the employment of skilled workers displaced in non-defense industries because of priorities and material shortages.

3. **The Commission headed by Robert B. Hensley, Acting Executive Director, adopted a program properly to chart and channel activities of the Commission's Employment Service with various other defense agencies. The three-point program follows:**

1. To take inventory of and classify skilled workers in non-defense industries prior to lay-off due to priorities and to negotiate transfer of such workers to defense industries.
2. To promote the spread of defense contracts so that machinery and labor in diversified industries in Kentucky will be used in the defense program. The Commission will cooperate fully with the Defense Contract Distribution Service on this project.
3. To arrange for conferences for the purpose of transferring industrial groups on a state-wide basis to defense industries when it appears that skilled employees are about to be dismissed because of priorities or material shortages.

4. **Estimates as to the number of individuals in non-defense industries who will be affected by priorities**

This book is a practical, non-technical book designed to supply knowledge on investing your money. It answers the innumerable questions that confront the investor, and substitutes understanding and intelligent selection for "tips," "hunches," and "high pressure."

3-Point Program For Defense Labor Supply Is Adopted

Employment Offices Correlating Problems Created By Shortages

A three-point program for the correlation of national defense labor supply problems was adopted this afternoon by the Kentucky Unemployment Compensation Commission as further consideration was given to the employment of skilled workers displaced in non-defense industries because of priorities and material shortages.

The Commission headed by Robert B. Hensley, Acting Executive Director, adopted a program properly to chart and channel activities of the Commission's Employment Service with various other defense agencies. The three-point program follows:

1. To take inventory of and classify skilled workers in non-defense industries prior to lay-off due to priorities and to negotiate transfer of such workers to defense industries.
2. To promote the spread of defense contracts so that machinery and labor in diversified industries in Kentucky will be used in the defense program. The Commission will cooperate fully with the Defense Contract Distribution Service on this project.
3. To arrange for conferences for the purpose of transferring industrial groups on a state-wide basis to defense industries when it appears that skilled employees are about to be dismissed because of priorities or material shortages.

4. **Estimates as to the number of individuals in non-defense industries who will be affected by priorities**

ities and material shortages was not immediately available, but W. H. Fryxure, Employment Service director, stated that a number of plants in the state were in the class which might be touched by priorities but emphasized that there was no estimate of how deeply priorities would cut into production of how many workers would be affected.

"The state-wide survey now being conducted by the Commission to determine productive facilities in Kentucky which might be used in the defense program will also give us a picture of the labor situation in the state. This survey will be dove-tailed into our three-point program," Hensley said. The Commission emphasized that there is indicated a need for a spread of defense contract awards and also for sub-contracts.

Harry H. Handbrough, Jr. field representative for the commission and secretary to the State Council of Administrators for Defense Training said that efforts would be made to establish vocational training courses for the re-training of displaced workers so that they would become available for defense industries.

Hensley pointed out that Commission local offices have been cooperating with the OPM and with the Bureau of Employment Security in all defense efforts. "Labor displacement in Kentucky due to priorities and material shortages is not yet a real problem but we are preparing for every eventualities," Hensley said.

The Social Security Board's Regional office through its labor supply committee to combat labor displacement in this region which includes Ohio, Michigan and Kentucky, Hensley said. A committee has been created in Michigan and another in Northern Ohio. "The work that the Kentucky agency has done and is doing will dove-tail in to that of the proposed labor supply committee," Hensley said.

Canning and "food for freedom" demonstrations and talks last month attracted many Floyd county homemakers.

For the first time in Russell county's history, a large amount of certified small grain seed was bought by farmers.

C. E. Flannery, Buckhorn, Kentucky, bailed eight tons of alfalfa from a three-acre field.

Anglers Report Recent Rains Have Improved Fishing

With a series of general rains raising stream levels in most parts of the state, an increasing number of reports are being received of improved fishing in both ponds and streams. S. A. Wakefield, director of the division of Game and Fish, said today while there are fewer anglers active now than during the summer months, reports indicate that some real catches are being made. Most fishermen claim that their sport is better during cool weather than in summer, giving as a reason that many species are generally sluggish in hot weather.

No Shooting Near CCC Camps Urged By Wakefield

An appeal to hunters to refrain from shooting while in the vicinity of Civilian Conservation Corps camps and work areas, was made today by S. A. Wakefield, director of the Division of Game and Fish. There have been relatively few serious and fatal accidents in the past around the CCC camps because of the fine cooperation of the sportsman and hunters with the Division of Game and Fish in this matter. Wakefield pointed out and urged that this record be continued during the coming hunting season by all outdoors using care and caution when in the vicinity of a CCC camp.

Conservation Officers Make 86 Arrests In Month

The conservation officers of the Division of Game and Fish made eighty-six arrests during the month of September, received seventy-one convictions and checked 1,877 hunting and fishing licenses, according to the monthly report compiled in the offices of the Division at Frankfort.

The officers also seized a large amount of contraband equipment used in an illegal manner to take wild game and fish.

Atlas Armstrong, Marshall county, has built a concrete blood storage house, above ground.

Sunday evening, November 16, in the Church auditorium.

The Guild has presented other outstanding religious plays, and has in the past given fine interpretations of moral themes.

"Bread" is the story of a typical American family, their struggles and temptations and their search for a solution to everyday problems.

The cast is composed of members of the Guild many of whom are remembered for fine performances in other plays.

Christian Missionary Society To Entertain Rev. Richard Hopkins, of Paris, Kentucky, the District Secretary of World Call, speaks before the Christian Missionary Society next Thursday evening.

She will present the new program plan for the year, "Gates." Each woman of the society will bring a guest and the meeting will be held in the church parlors.

After the meeting refreshments will be served and a social period enjoyed.

Six Local People In Wreck Saturday

Dense fog which overhung this section of Rowan County Saturday morning, was blamed for the accident which resulted in the injury of an instructor and five members of a Breckinridge Training School history class.

The high school group were riding in a 1940 Chevrolet sedan, which collided head-on with a 1-2 ton truck, one mile from Morehead on the Fleming Road, shortly after seven a. m., Saturday.

History instructor at Breckinridge, serious cuts and bruises; and the following students: Jimmy Reynolds, broken jaw, broken nose, and several cuts and bruises; J. B. Calvert, Jr., Joyce Wolford, Charles Blair.

Betty Banks, all sustained serious cuts and bruises.

Young Reynolds was taken to a Lexington hospital for treatment, while the other members of the group were treated by a local physician.

J. B. Calvert, Jr., was the driver of the passenger car. The driver of the truck was not injured.

Estimated 4,000--

(Continued from Page 1) In the Fourth District, William Estep, Democrat, is opposed by Earl Rudolph Egan, Republican, for the office of Magistrate.

In the two races for Constables' offices, Oscar McClinton, Democrat, is opposed by J. H. Adams, Republican, in District One, and in District Three, Josh Conley, Democrat, is unopposed for that office.

CHURCH NEWS

The Morehead Baptist Church closed its revival last Sunday night brought out a great number of evangelists effort which has attracted widespread interest and attention.

Pastor B. H. Kazer did the preaching and Rev. J. E. Leeper conducted the Gospel singing and personal work. The house was filled with people and yet service, and on some evenings the auditorium was taxed beyond capacity.

Hogge's Statement-

(Continued from Page 1)

seen, I am sorry and state to you now that it was not an oversight but was due to lack of time.

There has been confusion caused from some source concerning my standing in the Military Service. As I said in my announcement, if I am elected, I will not be exempt and if I were to be, I could not seek the office as I feel it the duty of every able-bodied man to serve his country in this time of emergency.

But the office will be held open for me in my absence and when I return I can assume the duties of the office. I don't know when I will be called. It may be one month, six months, a year. But when my time comes I will go gladly as every patriotic American should do.

If elected, I promise to the citizens of Rowan County, to be a fair and honest official. I will diligently attend to the affairs of the county to the best interests of all. Not one cent will be wasted nor spent for naught. All my time will be devoted to making Rowan County a better place to live.

With these vows fixed firmly in my mind and heart, I earnestly solicit your vote and support in the election next Tuesday.

ELLIAH MONROE HOGGE
