

## The Trouble in Rowan.

Special to the Courier-Journal.

OWINGSVILLE, July 8.—A reliable report here says that the war-spirit which did so much to disgrace Morehead and Rowan county something over a year ago, and is again being manifested, is due to the approaching of the August elections. Elder B. F. Parker, of this place, and minister of the Christian church, was holding a protracted meeting in Morehead, but had to bring it to a close on account of the excitement incident to the state of affairs. Brother Parker arrived home yesterday evening. His statement of the condition of affairs at Morehead corresponds with those already published in the COURIER-JOURNAL, the people when he left being in a state of alarm and suspense.
