

# LEXINGTON MAN

---

Will Be at the Head of These Two  
Schools if Consolidated,

---

The Hazel Green Academy, located in Wef county, was destroyed by fire last fall and has not been rebuilt. An effort is now being made to transfer its patronage to Morehead and consolidate it with the Morehead Normal School, which has lately been incorporated. Both schools are mission enterprises under the care of the Christian Church, and have done much toward education in the mountains. The Morehead Normal School is under the superintendence of Mr. South Hawkins, a talented young Lexingtonian, son of Mr. J. T. Hawkins, of Headley avenue, and is doing effective work.
