New Regulations Affecting Aliens Explained Below

Failure To Comply May Mean Internment For Duration Of War

Attorney General Francis Biddle this week announced new regulations affecting the conduct of German, Italian and Japanese nationals throughout continental United States.

The new regulations, issued under authority of the Presidential proclamation of January 14, 1942, relating to alien enemies, require all German, Italian and Japanese aliens to apply to the nearest first or second-class, or county post office for a Certificate of Identification. The requirement applies to all enemy nationals four years of age or over who have not yet taken the oath of allegiance before a Federal judge, the final step in acquiring American citizenship.

The identification program, which will affect approximately 100,000 German, Italian and Japanese non-citizens, will be directed by Mr. Earl G. Harrison, former Director of Alien Registration and Director of Alien Control, the Attorney General assisting on alien problems.

The regulations provide for two separate periods for the submitting of applications for identification certificates, as follows:

1. All German, Italian and Japanese nationals residing in the states of California, Oregon, Washington, Idaho, Montana, Utah and Idaho are required to file applications at the nearest first or second-class, or county post office between January 21 and February 7, 1942, inclusive.

2. All German, Italian and Japanese nationals residing in the continental United States are required to file applications at the nearest first or second-class, or county post office between February 9 and February 28, 1942, inclusive.

Failure to comply with the new regulations may be punished by severe penalties, including possible internment of the enemy alien for the duration of the war.

The regulations require enemy aliens, in applying for identification certificates, to provide a photograph of themselves (to be attached to the identity card) and to answer a number of questions concerning their current activities. Printed directions for the filing of applications are available at the post office.

Tire Certificates Issued To Four Truck Operators

The Rowan County Tire Rating Board has just released a list of tire certificates issued to date. The list includes the following:

1. Clarence H. Allen, Morehead, Kentucky - 2-650x16 tires and tubes.

2. Elam-Wheeler Wholesale, Morehead, Kentucky - 2-32x7 tires and tubes.

3. Morehead Ice and Coal Company, Morehead, Kentucky - 1-700x17 tire and tube.

4. Malcolm Jones, Bluestone, Kentucky - 2-650x16 tires and tubes.

All certificates issued to date have been for trucks, employed in delivering commodities to retail outlets and materials to defense works.

Other certificates will be listed in the Independent section as they are released by the Tire Rating Board. The Board meets twice weekly - from four to six p. m. - for the purpose of reviewing applications and issuing certificates.

An Example Of Honesty

During the noon hour on Wednesday of this week, we chanced to leave the Independent office to get a cup of coffee. On returning, we found a note reading as follows:

"Sir: I wait around and no one appeared, so I am leaving money to pay for one Morehead Independent paper. Thank you very much for your estimation, it is a piece of honesty, and if the party who left a dime attached to the note will call again at our office, we will be glad to refund five cents change."

MC Commerce Department Offers Evening Classes

A class in beginning typewriting will be offered in the evening the second semester at Morehead State Teachers College. This class is open to all students, teachers or regularly employed individuals who are unable to attend the regular college classes. The weekly program even includes a typewriter to add courses in Shorthand, Accounting and Office machines to the evening schedule.

Leonard Davis Held In Connection With Brown Slaying

Leonard Davis of Midland, Bath County, was held Tuesday under \$500 bond on a charge of being in connection with the death of Ed. Brown, 21, of Farmersburg, Sunday, January 18. Davis was charged with the murder after an investigation of three days and the questioning of over fifty people. It is alleged that Brown, accompanied by Davis left a roadhouse near Farmersburg less than thirty minutes before his body was found on the road by a passing motorist. The coroner's jury found that Brown's death was caused by a blow on the head from a blunt instrument in the hands of an unknown assailant.

Infantile Paralysis Drive Launched In Rowan County; March Of Dimes, President's Ball, Basketball Features

Eagles To Tangle With Western Here Friday Evening

Coach Ellis Johnson's Eagle basketball brood will encounter a well-organized Western State Teachers College quintet on the home court here Friday evening at 8:00 o'clock, and in spite of the fact that Western has been far superior to the Morehead College fives in the past and that the Hilltoppers have an unbeaten record in ten straight victories over their many strong collegiate foes, Johnson has high hopes of "bumbling" the "Toppers" from the top.

Usually Johnson goes into mourning, sing the blues and hands out bitter, pessimistic "Dear Hope" before a big game, but after watching his Eagles rack up 43 points per game during the last four encounters, he stated that he believes this year's combination is the best that Morehead has ever had.

The "Big Blue" lost to Marshall of Huntington, 60-59, defeated Centre, 49-36, and Mexico University, 60-49.

In the possible starting line-up for Friday evening, Johnson will probably include Earl Duncan, center, Ohio, junior, and Warren Cooper, Brooksville sophomore, at forwards. Duncan has an average of 24 points per game. Earl Cooper and Cooper has averaged thirteen points. Stellar center, Marvin Penix, Salysville sophomore, will start at center, and Fred "Brains" Johnson, Morehead sophomore and Walter Hambrick, Oxford junior, will round out the squad at guards.

One of the largest crowds to witness a basketball game here is expected to join the College on Friday evening, for the Western Eagle bout.

Red Cross Urges Compliance With Service Regulation

The local chapter of the American Red Cross is called upon today to perform many duties during the war emergencies. One of the most important services rendered to the armed forces is the handling of investigational work of the Army, Navy, and Air Corps and other government agencies. The local Red Cross desires to be in the greatest service to the men in service to their parents. In order to improve the efficiency of the work performed, the local Red Cross would appreciate the participation of the men in service. When illness or death comes to the home of a man in any branch of the armed forces, it is requested that his family contact W. H. Rice, chairman of the work for the Red Cross and state the problem. If the family desires to be in the armed forces for the release of a soldier or for a furlough, that they contact W. H. Rice. Mr. Rice for verification of this request. Mr. Rice then has to hunt up the family for an investigation which delays the telegram sometimes as much as a day or more. If Mr. Rice forwards the telegram to the War Relocation Authority, it can be speeded considerably. Probably the soldier, can reach home before his father or some member of the family dies. Please take notice of this request as there is a regular procedure that must be followed. We desire to shorten the time element involved. See Mr. Rice about an illness or death that requires the presence of a man in the armed forces before wiring your request to the army and other branches of the service.

Rowan Farmers Urged To Merge Farm Machinery

With farm machinery becoming increasingly difficult to purchase through the National Emergency agency, farmers in Rowan County are being encouraged to consider the plan of joint purchase and ownership of equipment, according to Claude Turner, chairman of the Rowan County U. S. Department of Agriculture Defense Board.

This plan was pointed out in a line with a suggestion made recently by Secretary of Agriculture Charles F. Wickard, encouraging such joint ownership of farm machinery to insure maximum use and efficiency of operation.

The plan was presented to a meeting more pressing since the entry of the United States into the war. It is a suggestion that can be greatly in the protection of the war. Moreover, it is likely that performance in deliveries of orders from farmers may be given to groups rather than to individuals, Mr. Turner said.

The Farm Security Administration, an agency of the Department of Agriculture, having had considerable experience in helping organize and administer co-operating groups of farmers, has been working with the County U. S. Department in furthering the present program.

"Joint purchase and ownership of expensive machinery makes it possible for small operators to have the use of the labor-saving machinery," Mr. Turner said.

Rural Teachers Meet Here Friday, January 23rd

The rural teachers of the county met here last evening at the 1941-42 school year Friday, January 23, in the High School Gym here.

The program, which is scheduled to begin at 10:00 a. m., is as follows:

10:00-10:30 - Opening Exercises

10:30-11:15 - Explanation of Art and Written Spelling

11:15-4:00 - Business

4:00-6:00 - Noon

6:00 - Spelling Bee, Presentation of Spelling Awards, Lecture by Mr. Brayer, Chairman.

L. C. Elam Succumbs To Burns Sustained In Gas Explosion

L. C. Elam, 21, son of Mr. and Mrs. Ernest E. Elam of Clearfield, Kentucky, died in a hospital here, January 11, as a result of burns sustained in a butane gas explosion on October 11, 1941.

Mr. Elam was married to Mrs. Marnie Alice Conley, of Wenatche, Washington, on September 28, 1941. Mr. Elam had been residing in the West for the past sixteen years.

In addition to his wife and parents, Mr. Elam is survived by three sisters, Juanita Elam, Mrs. Albert Patton and Fanny Jewell Elam of Clearfield; two brothers, Paul, of Sacramento, California, and Carl, at home, and a host of friends and relatives.

Funeral services were held at the home of his aunt, Mrs. C. F. Yeager, at Willows, California, with the Reverend E. T. Cornelius of the First Christian Church, of Sacramento, and the Reverend Dr. Baily of the Missionary Baptist Church of Willows, California, in charge of the services.

Active bearers were ten of Mr. Elam's closest friends. Honorary bearers were contractors and members of the Elam family. Burial was made in the Yeager family lot at Willows, California.

Johnston Opticist A Bou Outcome Of Important Encounter

Coach Ellis Johnson's Eagle basketball brood will encounter a well-organized Western State Teachers College quintet on the home court here Friday evening at 8:00 o'clock, and in spite of the fact that Western has been far superior to the Morehead College fives in the past and that the Hilltoppers have an unbeaten record in ten straight victories over their many strong collegiate foes, Johnson has high hopes of "bumbling" the "Toppers" from the top.

Victory Book Drive To Be Conducted In Rowan County

"We Want Books," is the slogan of the Victory Book Campaign which began all over the county on January 12. The primary purpose is to collect reading matter for our soldiers, sailors and marines. The men in all the services are reading this slogan and their call for a steady supply of books, recreational and informational, is being relayed to the public thru this campaign.

The American Library Association, The Red Cross, and The United States organization for National Defense are sponsoring this Victory Book Campaign. The state director has appointed Mrs. Alice Tomlin, Morris, Librarian of Morehead State Teachers College as chairman in Rowan County.

Good books of every kind are needed. Those particularly asked for are English grammar, mathematics books, up-to-date technical books, popular books on travel, history and biography, books on current events, accounting, shorthand, business, salesmanship, etc.

Claude Kessler Enlisted In Marines

Claude Dillon Kessler, son of Mr. and Mrs. Claude Kessler of Morehead, was on January 16th at Camp Pendleton, enlisted in the United States Marines.

Born and raised in Morehead, where he attended Morehead High School, Claude volunteered for the Marines "because the Marines gave him the best chance to get them."

Accompanying a large group of newly enlisted Marines from Kentucky, Claude left Louisville on the date of his enlistment for the Marine Training Base at San Diego, California.

Evelyn Anderson Presents Thirty-Five Pretty Maids In Floor Show Offering At Dance In College Gymnasium, January 29

The drive to raise funds on the President's Birthday for National Infantile Paralysis was launched here this week with the start of the March of Dimes campaign, the scheduling of the President's Ball and a basketball game that will pit Ellis Johnson's great Morehead club against Marshall at Huntington.

The drive will be headed by Postmaster W. E. Crutcher. The March of Dimes campaign will again have as its chairman, Mrs. D. C. Walker, who so effectively conducted this campaign last year. She has as her co-workers Miss Anna Bowen, who has charge of Clearfield; Russell Becker, in charge of Haldean; Mrs. A. F. Ellington, in charge of the Coopersville and Ed Schools; Mrs. Chiles Van Antwerp, in charge of the Breckinridge Training School; Dr. Fred Dudley who is in charge of the drive at Morehead State Teachers College; and Mrs. Mabel Afro, who has charge of the Purr schools.

The committee felt that in this time of grave national crisis people had been asked to donate as much that there would be no campaign made for large amounts but rather a spirited drive for small donations. Every school child in the county has been asked to donate a dime and turn it in to the fund.

Coin containers, attractively displayed a wishing well, have been placed in business houses in the county. Persons are urged to deposit as liberally as possible in these containers.

"What promises to be one of the social highlights of the Morehead season will be staged Thursday, January 29, at the college gymnasium when the committee stages the President's Ball. Roger Caudill and his orchestra will furnish the music. Featuring the ball will be the appearance of Evelyn Anderson's thirty-five pretty maids in a colorful patriotic floor show.

The committee stresses that this dance is for both young and old; that if you don't care to dance you will be well entertained with the presentation of the floor show. Ticket sales committees consist of Mrs. Cecil Fraley, Mrs. Wood, Mrs. Nellie Tolliver, a Mrs. L. D. Bellamy has been appointed to handle the floor show drive. They will be assisted by other persons whom they will select.

Negotiations were being conducted today for the meeting between the Morehead Eagles, persons to collect reading matter for our soldiers, sailors and marines. The men in all the services are reading this slogan and their call for a steady supply of books, recreational and informational, is being relayed to the public thru this campaign.

adopted as my Brand on Bottles:
"SPRING GROVE DAIRY".
Which brand is plainly on all
my said Milk Bottles. I have filed
this Brand with the Clerk of the
Rowan County Court, and I am
now having same published in
three consecutive issues of the
Morehead Independent, as the law
directs; and under section,
1279a-2 of the Ky. statutes, it is
declared unlawful to use any
Spring Grove Dairy bottles to
fill any of such bottles with milk
or cream, or to sell, buy, give, take
or otherwise dispose of or traffic in
said bottles. Any person offend-
ing against this Section shall be
deemed guilty of a misdemeanor,
and shall be punished for the first

**THIS WEEK
IN THE WAR**

The President established a War
Production Board headed by Don-
ald M. Nelson, former mail-order
firm executive and more recently
Executive Director of SPAB and
Priorities Director. The president
directed Mr. Nelson to "exercise
general direction over the war
procurement and production pro-
gram" to supervise the OPM and
issue production and procurement
directors where necessary to all
other Government agencies. The
President said Mr. Nelson's deci-
sions shall be final. Vice President
Wallace and other members of the
SPAB, now abolished, were made
members of the War Production
Board.

In letters to OPM Directors
Knudsen and Hillman and other
production officials, Mr. Nelson
said "we must enlarge all our pre-
vious activities, all our facilities
must produce twenty-four
hours a day, 168 hours a week."
OPM Director Hillman, speaking
in Washington, said the nation's
force of workers in war industries
must be doubled or tripled, more
women must be trained, and
broadly the labor force must be
taken the place of men going into
the armed forces. He asked em-
ployers not to banter in their in-
dustries except in plants turning
out secret weapons.

Director Odium of the OPM
Contract Division said a plan has
been prepared to set aside one per-
cent of all available materials to
assist small manufacturers in keep-
ing their plants going until they can
be converted to war use. He said
the nation's production facilities,
all those hidden away in thousands
of cities and towns and villages,
must join in the total war effort.
In Washington, he said every
manufacturer in their cities register
at the nearest OPM Contract
Distribution Division field office
and "go after war contracts with
every ounce of ingenuity and
energy they possess."

The Navy Department reported
the sinking of five enemy vessels
in Far Eastern waters, three
transports and two large cargo
ships. The announcement brought
to twenty-five the total of Japanese
vessels reported definitely
sunk by the Navy and Marine
Corps in the Pacific. The Navy
also announced two skilled merchant
vessels were attacked by Axis
submarines off Long Island.

the present total of 1,700,000
men this year. Combat air units
and armored units will be in-
creased; thirty-two motorized di-
visions will be added, and at least
fifty more military police units
for guarding production facilities
will be created. Instead of the
originally scheduled 10,000, more
than 80,000 privates will be se-
lected to attend officer-training
schools. All training centers and
posts will be enlarged and five
temporary tent camps will be set
up. To make 2,000,000 more men
eligible, the Army will lower wage
limits for aviation cadets from
twenty to eighteen years, make
married men eligible, and change
educational qualifications by elim-
inating college credit require-
ments.

Selective Service Director Her-
sey said the Army increase could
be accomplished without calling
up men with dependents. He said
there are now 1,000,000 men in
class 1-A but not yet called, and
800,000 more men can be obtained
by reclassification of other men
and from those men who will re-
turn in February. He said defor-
ment cases would be reexamined
but deferments will continue to be
given where possible to avoid un-
due disruption of family life. He
said married men with one or
more children probably will not
be called upon until an army of
2,000,000 to 3,000,000 men is
built. He estimated 10,000,000 is
the top number of men the United
States can mobilize for service
even with lowering physical stan-
dards.

The President abolished the Na-
tional Defense Mediation Board
and established National War
Labor Board with NDMB Chair-
man Davis as Chairman. Four
committees will be established to
public, four will represent em-
ployees and four, industry. The
new Board has wider authority
than the old Board and can arbi-
trate or mediate disputes as it sees
fit except that it cannot disregard
existing labor legislation.

The Maritime War Emergency
Board established war bonuses for
sailors on merchant ships.
The OPA announced auto rat-
ioning would begin February 2 in
the same manner as tire rationing.
Of the 100,000 cars in the country,
quota for January, about 150,000
cars will be stored with dealers
who promise not to sell without
permits. Permits will not be
granted before January, 1942,
and then only at OPA-established
prices.

OPA issued a schedule of prices
for "retreadable" tire carcasses
and "retreads" and forecast a
ceiling over all used tires in the
very near future. Federal Loan
Administrator Jones announced
plans to increase synthetic rubber
production and to 400,000 tons
by pooling of resources and skills
of the rubber and oil industries.
If production can be obtained on
steel needed to erect plants. OPA
Administrator Henderson said tire
rationing would probably not be
affected by the increase of rubber
production for rubber.

Censorship Director Price after
consultation with newspaper,
magazine and periodical publica-
tions announced a code of conduct
which publications were asked to fol-
low in handling information
to prevent information of a mili-
tary nature reaching the enemy.
Prohibited, unless officially re-
leased, are most details of military
installations, casualty lists, damage
to war facilities, movements of
troops and ships, weather reports
except of certain types, and move-
ments of the President or of of-
ficial military or diplomatic mis-
sions.

Agriculture Secretary Wickard
said goals have been revised to
call for the greatest agricultural
production in United States history,
with particular emphasis on
the production of oil-bearing crops
such as peanuts and soybeans. The
corn goal was stepped up by five
million acres in order that there
be feed supplies to continue ex-
pansion of meat, dairy and poultry
production. Dry edible bean and
peas production in excess were
called for. An additional five
million bushels of rice was
asked and provision made for an
increase over 1941 of more than
eighteen million cases of canned
fruits and vegetables.

The OPM announced 3516,600
volunteers have enrolled in the
various civilian defense services,
including 1,423,755 assigned to
training or duty in the protection
services. The office also announ-
ced a Victory Garden Program un-
der which all families in any com-
munity can jointly till community
gardens, use the procedure them-
selves and give the surplus to
schools and institutions.
Surgeon General Parran told the
United States Conference of Mayors
in Washington "the enemy has
been and in my opinion will be
use bacteriological warfare when-
ever possible." He asked the mayors
to begin at once to take every
possible precaution.

The OPM Bureau of Industrial
Conservation opened a program to
mobilize the nation's 1,700,000 re-
tail stores in a continuous drive to
salvage materials — waste paper,
scrap metal, old rags, rubber —
needed to produce weapons for the
troops. The program, designed to
plant window emblems signifying
their part in the "Salvage for Vic-
tory" program. The shopping
public was asked to help conserve
tires, trucks, and paper by carry-
ing home bundles instead of de-
pending on delivery services. Con-
sumers of natural gas in nine
States, mostly in the Middle West,
were asked to cut consumption as
much as possible.

BOOK NOTES

Spotlight Novels of the Present

We are going to discuss the
latest novels that are holding the
spotlight in the stage of books.
They are as follows:

1. Morgan, Charles (The Voy-
age.) MacMillan Publishing Co.,
\$2.50

(The Voyage) is the great new
novel by the author of "The Foun-
tain" and "Sparkenbrooke." With
scenes in beautiful provincial
France and the glittering elegance
of Paris in the '80's, is the story of
the voyage, the life made together
by two people: Barbet, unassuming
countryman, who does what he
believes to be right, and Theresa
with will, egoistic, passionate, star
of the café-concerts.

2. Douglas, Lloyd C. (Invita-
tion to Love.) Houghton-Mifflin
Publishing Company, \$2.50
This was kind and colorful,
Dean Harcourt and "Green Light,"
returns in this new novel to send
Barbara Breckinridge out on a
curious adventure that changes her
life as well as those of many oth-
ers.

3. Hemingway, Ernest (For
Who the Bell Tolls.) Scribner
Publishing Company, \$2.50
Life and love and death, beauty
and horror and perception are
all compressed into four unfor-
gettable days in this gripping story
of an American fighting for the
Loyalists in the hills of Spain. Its
main characters are an American
college teacher and a group of
Spanish guerrillas fighting behind
the Franco lines. Mr. Hemingway
realism, his talent for word
action, the toughness and tender-
ness for which he is famous, are
all used to their best advantage.
And into the staff of the novel
has put one of his most moving
love stories, one that can stand
beside the love story in "A Farewell
To Arms."

let) which is published every

Red Cross Call to Service

YOUR RED CROSS NEEDS YOU!

* The dramatic poster by James Montgomery Flagg is the first war poster of the new World War. It is an appeal for a \$50,000,000 American war relief fund to feed, shelter, clothe and give medical aid to American men, women and children bombed by the enemy. It is an appeal for funds to provide comforts for our American Army and Navy, and for welfare work for our troops at home and abroad and their families on the home front. President Roosevelt asks you to give. Four dollars will serve humanity. Give through your local Red Cross Chapter.

Baledon, g 0 0-8 0 0 It will be possible for students enrolling in February to secure the necessary skill requisite for employment in Washington in one regular term and the summer sessions. The Government has approximately 65,000 stenographers, typists and secretaries on the payroll and thousands more are needed according to a recent bulletin issued by the Civil Service Commission.

Beginning classes in typewriting, shorthand, office machines, secretarial accounting and business arithmetic will be given this February and intermediate shorthand, intermediate typewriting and secretarial procedure and practice will be offered this summer.

OPM delegated to the Office of Price Administration authority to withhold all new tires except for essential health, safety and industrial services. OPA set up rationing boards in each county of the nation and issued regulations providing no tire can be obtained even for "essential" users unless a local garageman appointed as inspector has certified the vehicle. A local board has approved the application and the number of tires sold in each county is within the county quota. New tires were defined as those used less than 1,000 miles. No new regulations were placed on the sale of re-treaded or recapped tires.

CHURCH NEWS

There will be a revival meeting at the Church of the Nazarenes, near Hayes Crossing on route 60 commencing on January 25 and concluding February 8, tentatively. We are fortunate to have the Reverend James Flannery as the evangelist for this occasion.

We encourage your attendance to become rounded with us in this great and good work under the able leadership of this divinely guided messenger of God.

It was through his sincere and earnest efforts that the present Nazarene Church was established at Halden and Edinburg.

We cordially welcome you and through your attendance and prayerful participation we will be able to assist in the up-building of God's Kingdom.

St. Alban's Episcopal Church (Upstairs in the Martindale Building). Sunday, January 25th (Feast of the Conversion of St. Paul). Third Sunday after the Epiphany). Sung Eucharist and Address at 8:30 a. m.

devices at a cost within the ability of the small farm unit to pay," says William K. Rouse, FSA county supervisor.

"Moreover, by buying and using the heavy equipment in groups the supply should be sufficient to go around and enable us to meet the increased production goals."

To help farmers who cannot get adequate credit elsewhere, the FSA makes loans for necessary equipment and supplies. Frequent loans are made to carry the whole cost of a needed piece of equipment can support a share of the cost.

Mr. Rouse stands ready to discuss with small operators the financing of such purchases on a group basis and also to help work out agreements with individual owners of machinery and equipment not being used to its full capacity, for its utilization toward increased production goals.

of applications will shortly be available at post offices.

The regulations provide that after a casual check has been made of each application, the applicant will be provided with a Certificate of Identification bearing his photograph, index fingerprint and signature. He will thereafter be required to carry the certificate with him at all times.

In announcing the new regulations, the Attorney General said: "The objective of the Department of Justice in issuing identification certificates to aliens of enemy nationalities is the dual one of strengthening our internal safety and protecting the loyal alien, even if he has become technically an alien enemy. The plan for issuing these certificates was worked out after consultation with Lieutenant General J. L. DeWitt, Commander of the Ninth Corps Area.

"I want to make it clear that in no sense will our issuance of identification certificates be a registration of a portion of the alien population. We are entirely satisfied with the results of the 1940 national registration of aliens, and this new procedure will not duplicate it. We deem it essential, however, for the protection of our loyal alien enemies as well as for our own national safety, to obtain supplementary information of all German, Italian and Japanese non-citizens and provide them with identification certificates bearing their photographs.
