

Give To Paralysis March Of Dimes - Attend The President's Ball

The Morehead Independent

VOLUME IX MOREHEAD, KENTUCKY, THURSDAY MORNING, JANUARY 29, 1942 NUMBER FIVE

We all make mistakes at some time or another and I think that printers make more than their share. The greatest and most lengthy one I have ever heard of was on Clarence Kidd, our Coroner. He gave his announcement in this paper and they sent it to another county in the state which ran it but got it all messed up with a patent medicine advertisement. When it came out it read as follows: I wish to announce to the voters of Rowan County that I am of sound mind and body. For twenty-one years I was afflicted with asthma and lumbago on the Democratic ticket and will appreciate the support of all the Doctors that I have dectared with. I was born with awful headaches and mental trouble and have never here in this county all my life. I have been a hard-working man and there was no cure for me until I heard of the office of Coroner for which Dr. Adkins urged me to run. I am forty-five years of age and have had four children pulled to see if it would help me in my fight. I have never held political office but have been troubled with nervousness and handshaking so feel that I am well qualified. If elected, I promise to carry out the duties of my office to the best of my ability without regard to the loss of my appetite. I had my appendix removed last month and feel that I have made a supreme sacrifice for the duties that are required of me. I have gained four pounds and four hundred votes and feel like a new man. While it is impossible for me to see all you voters, I am sure I feel that I owe my life to this medicine and hope that you will give me a free trial and am entirely cured of my normal troubles and will say this has been a God-send to me. I cannot be recommended too highly. Thank you, Clay, hope you are getting along well. Let me hear from you now and again. Vacating time has come to Main Street. Another one will be empty when this two-sheeter goes to press (sometimes four). The code of war-time printing has teeth in it... and has just been handed to me by the editor of this paper. It is so in detail that I am afraid to even mention any one I know in the service. We are not allowed to mention through any medium anyone in the service to the booklet is very brief as to what we can run. Sometime when I have a few days off I am going to do it. My advice: I know one suffering from a cold is to not take any medicine that Jack West recommends. His wife has been ill with a cold for some time and has been under Jack's care but she is getting worse. Hurry and get out Evelyn, or Jack is going to wear all the tires off that Packard going to these night clubs.

TAPS TO ZORIE JOHNSON: A personal friend, an excellent neighbor and a fellow that I liked. This column sends sympathy to Mrs. Johnson and her family. I had luck to you Allie Messer. I did not know you were in the hospital until you U. S. Sparks is the only man in town that I know that has thought of putting a padlock on his tires at night and letting his most loose in the morning. The picture shown by Mills Theatre before they closed was "We Are in the Jailhouse Now." Q. F. McGlothlin will be installed as Constable due to a gapshoot in his shoulder, which renders him unable to perform his duties. McGlothlin can still do odd jobs and is one hundred percent for Rowan County. And what (quote) That man said about me is a barfance. (Unquote.) Goff, you have gone. I hated to see you leave. You done a job for me. You, you, you have kept your name out of politics, you have worked hard and sincerely at your job. I really liked your name better than I did you. I appreciate the petty things that you get assie. I appreciate the way and the interest you took in the Fair. I appreciate the interest you took in this

MC Gets \$30,000 To Complete Dam Across Triplett
The Administration-sponsored appropriation bill, recently passed by the Kentucky General Assembly, allotted Morehead College a \$30,000 fund in addition to the regular appropriation of the State of the dam project across Triplett Creek.
Work on this project, under the supervision of Ralph Wyatt, engineer for the finance department at Frankfort, will begin immediately.
Governor Johnson has also approved purchase of two pumps for the MEST heating plant. Money for this purchase will come from the Governor's Emergency Fund.
These two actions indicate Governor Johnson's great interest in Morehead College. Much credit must also be given Senator J. J. Thomas and Representative Claude Clayton, who were instrumental in bringing these needs to the attention of the Governor.

President's Ball Climax Of Paralysis Drive In County
Kermit Mills Of Clay County; Acting County Agent
Kermit Mills, 25, of Manchester, Kentucky, was announced as the new fiscal agent for the Rowan Fiscal Court, which meets February 10, to employ a County Agricultural Agent to replace Charles L. Goff.
Mr. Mills is not married. For the past two and one-half years he has served as assistant County Agent of Rockcastle County. He holds a B. S. degree from Berea College and has done graduate work at the University of Kentucky. He was born and reared on a farm in Clay County.
The County Agent's salary is divided between Extension Service, Federal and State Funds. Rowan County pays \$750.00 per year for extension service, which amount includes \$600.00 for traveling expenses of the agent and \$150.00 for clerical help in the office.
All County Agents are under Federal Civil Service control under the regulations of the Hatch Act.
The County Agent's work is done mainly through practical demonstration, working through farm leaders in the county.

Eagles Win 55-54 Over Morris - Harvey
Ellis Johnson's Morehead Eagles staged a spectacular finish-night to meet Morris Harvey College of Charleston, West Virginia, 55 to 54 before a crowd of about 1,500 that prayed rain and cold to see the team battle for the benefit of the "Fight Infantine Paralysis" campaign.
The game, sponsored by the Ashland Junior Chamber of Commerce was played in the Ashland gymnasium. During a brief intermission at the half, Coach Johnson, former Ashland star, was presented with a \$100 check presented by Mayor E. A. Yelton, president of the Ashland Jaycees group, was the master of ceremonies.
When the contest got under way

J. P. Quisenberry Held Under Bond In Lewis Death
Johnnie P. Quisenberry, 32, saw mill operator, was placed under \$15,000 bond Wednesday at his remaining trial, but in connection with the murder of James Guy Lewis, 30, also of this county. Quisenberry was returned to jail Wednesday night, awaiting action of bondsmen.
Quisenberry surrendered to Sheriff Charles D. Carter about two o'clock Friday morning, January 23, and was placed in the county jail.
According to Coroner Clarence R. Kidd, Lewis was shot to death at Cranston, Kentucky, fourteen miles north of Morehead, about one-thirty, a. m., Friday morning. A coroner's jury decided death "resulted from injuries inflicted by a deadly weapon." Two shots from a 32-20 pistol struck Lewis in the right jugular vein in the neck and in the breast. Both shots were fatal.
It was believed that trouble between the two men developed from an old grudge because the victim was unmarried at the time of his death.

President's Ball
Some confusion has arisen as to the time for President's Ball and the committee today released the following:
The ball will be held in the Morehead College gymnasium on Thursday, (Thursday) January 29. The dance will be from 9:00 to 11:00 p. m.
The admission is \$1.50 a couple and not this amount for one person.
The dance is informal.
Music will be furnished by the Blue and Gold orchestra. The floor show, consisting of fifteen five persons will be staged at approximately 10:45 p. m.
It matters not whether you are a member of the organization, but plenty of entertainment.
Remember the purchase price of the ticket goes toward helping some child walk.

Wild Bill Elliott To Appear At Mills Theatre, February 6th
The regular meeting of the Parent Teachers Association will not be held Thursday evening of this week. This is due to the fact that at this time the Basketball Tournament will be held in Olive Hill and many will be attending the games. The next meeting will be held at the regular time next month with the Nutrition Committee in charge. A good program is being planned at that time.

Rev. James Flannery, Ex-angelist, In Charge Of Nazarene Church Of Haldeman Conducts Revival Meetings
A revival meeting at the Haldeman Church of the Nazarene, near Hayes Crossing on Route 60, was begun Monday evening, January 26, with the Reverend James Flannery of Scotowite, Ohio, in charge of the evangelistic services. A tentative date for closing the revival has been set as February 8, however, the meeting may last longer, if church leaders deem it necessary.
The church encourages your attendance in this great and goodly guided messenger of God. It was through his sincere and earnest efforts that the present Nazarene Church was established at Haldeman and Eadston. Services start each evening at 6:45, promptly, with J. Ewing Bassford in charge of the song service.
You are heartily invited to attend these services.

OEM Asks Mayor To Co-operate In Drive To Collect Scrap
Outlines Six Possible Methods Of Obtaining Scrap Materials
In urging still greater speed and thoroughness in collecting every bit of available scrap steel and other defense materials, Mayor N. E. Kennard received the following letter from the United States Emergency Management, with the request that it be made public:
The letter follows: January 23, 1942
Mr. N. E. Kennard, Mayor Morehead, Kentucky
The acute situation which has resulted in lack of scrap steel is seriously affecting our production in our war industry. Our mills through Ohio are curbing production and in Cleveland several were forced to close temporarily.
We are appealing to you as the chief executive of your community to immediately start efforts to help in alleviating this situation. Here is what you can do:
1. Have a thorough canvass made in all plants, manufacturing establishments, factories, etc.
2. Release every pound of possible scrap steel to the scrap service yard. This would include worn out machinery, old automobiles.

THIS WEEK IN THE WAR

A WEEK OF THE WAR
Chairman Nelson of the War Production Board abolished the OPM and transferred its functions regarding production, purchasing, priorities, materials, civilian supply and subcontracting to a new streamlined organization under the Board. In addition, Mr. Nelson created under the new Board a progress reporting and a planning unit to suggest improvements from time to time.

Mr. Nelson stressed two fundamental differences between the old and new organization; an increased amount of authority and more definite delegation of responsibility to promote speed. He said the main objective of the new organization was the full mobilization in the war effort of every national resource, large and small.

Mr. Nelson named Ernest Kanzler to convert auto industry factories to complete authority for whatever is necessary, Mr. Nelson said. He expected that the press conference and inter-allied supply council and similar joint commands are in existence, and excellent progress is being made to strengthen the position of the United States in the Southwest Pacific.

The Army announced General MacArthur's forces have repulsed continuous heavy attacks by reinforced Japanese units on Batan Peninsula, inflicting heavy losses on the enemy with comparatively little damage to the defenders. The entire Japanese 14th Army, together with other units, landed on Luzon. U. S. Army forces sank a Japanese cruiser and a large tanker one hundred miles off Iloilo, and shot down sixteen enemy planes in the Philippines.

The Navy announced the freighter SS Branzos was sunk in a collision one hundred-twenty miles south of Cape Hatteras, and during the past week six boats sank in the City of Atlanta, the Latvian freighter Citivara, the tankers Combra and Allard, and the torpedoed the tanker Malay. The Navy did not announce number of boats sunk or captured but said some of the recent visitors to our

territorial waters will never enjoy the return trip portion of their voyage. The United States Navy sank three enemy merchant ships off Tokyo Bay and torpedoed a 5,000-ton enemy vessel in Bungan Bay.

The Office of Facts and Figures, coordinating the information activities of all Federal agencies to keep the public informed of the war effort, issued a sixty-two page booklet, "Report to the Nation, outlining the defense and war programs from the beginning to the present. In separate chapters the report discusses price control activities, alien control, economic warfare, production of all necessary war items, civilian defense, war financing and all other phases of the national effort.

The WPB ordered all production of passenger cars and light trucks for any purpose halted by February 1. The announcement of the order sent military demands can be filled from the stockpile of autos that will be on hand by that date and which cannot be sold without Government permission.

OPA announced that there is no prospect of rationing for used cars or of manufacturing of new cars. OPA amended the auto freeing order to permit transfer of title to any vehicle under terms of installment contracts drawn up before January 1 and of a new high of 78.1 percent—fifteen percent above the same time last year. Average price of used cars (40.3 hrs.) were four percent above last year and weekly earnings (\$32.81) two percent higher.

Labor Director Hillman announced regional labor conferences will soon be held in Philadelphia, Pittsburgh and Columbus, Ohio bringing labor organizations into the war effort on their own ground. Labor organization of representatives of universities and colleges will attend the meetings.

The Department of Agriculture announced it will increase purchases of eggs to support market prices at a level of at least eighty percent of parity. The Commodity Credit Corporation announced it will offer 100,000,000 bushels of wheat for sale to aid livestock producers to attain new production goals. Agricultural Marketing Administrator Henderson reported more than 2,500,000.

may enlist in the Naval Reserve with permission to complete the current school year before reporting for duty.

President Roosevelt asked Congress for \$100,000,000 to be used by the OGD for air raid protection of civilians. Congress authorized the appropriation and formally placed the responsibility for civilian protection with the OGD. The FBI announced it will conduct flood work-traffic schools for police of 120 strategically located cities. The War Department announced in cooperation with the OGD it will establish six military schools to teach civilian defense workers protection against chemical weapons such as incendiary bombs.

Labor Secretary Perkins reported earnings of wage earners in manufacturing industries rose 1.5 percent to a new high of 78.1 percent—fifteen percent above the same time last year. Average price of used cars (40.3 hrs.) were four percent above last year and weekly earnings (\$32.81) two percent higher.

Labor Director Hillman announced regional labor conferences will soon be held in Philadelphia, Pittsburgh and Columbus, Ohio bringing labor organizations into the war effort on their own ground. Labor organization of representatives of universities and colleges will attend the meetings.

The Department of Agriculture announced it will increase purchases of eggs to support market prices at a level of at least eighty percent of parity. The Commodity Credit Corporation announced it will offer 100,000,000 bushels of wheat for sale to aid livestock producers to attain new production goals. Agricultural Marketing Administrator Henderson reported more than 2,500,000.

000 pounds of agricultural commodities valued at \$300,000,000 had been shipped to Britain under the Lend Lease program up to December 1. He said the war in the Pacific had not changed the basic program for agricultural products—“we are continuing heavy purchases to make available the vital supply of foods for England and Russia.”

The Maritime Commission awarded contracts for construction of 160 vessels. This brought the total of Liberty ships contracted for to 907. Labor Director Hillman proposed a plan to place shipyard workers on a six-day, forty-eight hour week in the Atlantic, Gulf and Great Lakes zones.

President Roosevelt asked Congress for \$300,000,000 to aid workers who lose their jobs temporarily because of conversion of civilian industry to war production, if the worker is willing to take special training to fit him for a war

industry job. Under the program workers would receive a weekly benefit payment equal to sixty percent of regular earnings, but in no case more than \$24.00 a week in benefits for twenty-six weeks. The Federal grant would make up the difference between unemployment compensation paid by the State and the sixty percent war dislocation benefit.

The WPA announced it is working on a program to shift to WPA jobs those workers dislocated by the war who do not fall within the scope of the program outlined by the President.

The life insurance agents of the United States, who aided the war financing in 1917 by selling one billion dollars of Liberty Bonds, are again engaged in a nationwide campaign to help the government in the sale of defense bonds, especially payroll deduction plans for the purchase of these bonds.

What Do You Know About Beer? . . . No. 4 of a Series

WHAT HAPPENS TO BEER TAX MONEY?

- 1—State taxes and license fees paid by Kentucky's legal brewing industry go into the State's General Fund.
- 2—Where does the money go from there?
- 3—Revenue from beer in 1941 was used for education in public schools, colleges, normal schools, etc.; for public welfare, including old age assistance, aid to dependent children, Confederate pensions, health services, and penal and eleemosynary institutions; and for expenses of State government.
- 4—What would happen if this revenue from beer were not available to the State?
- 5—Kentuckians would have to dig down deeper into their own pockets to provide the money.

YOU CAN HELP preserve these benefits from legal beer in two ways—(1) Buy your beer only in unbranded, law-abiding places; (2) Report any law violations you may see to the authorities, or to this Committee.

Check all possibilities of salvaging rags and other heavy scrap from dilapidated buildings. The salvage value of this material is possibly more than sufficient to compensate for the cost of the labor. 5. Use every means at your command to emphasize through publicity and other media the stringent necessity of immediate action. 6. Call at every auto wrecker concern and urge the faster wrecking and shipping. The scrap should be routed immediately to waste material yards and mills. While rubber, rags, paper, burlap and non-ferrous materials are urgently needed, the most outstanding is for scrap steel. You will be doing your country a real service by acting at once. Please call on this office if further information is desired. Very truly yours, SAMUEL SLOVICK, Regional Information Consultant, Division of Information.

Eagle-M-H Game

(Continued from Page 1) Morehead jumped out in front and was top 10-6 at the end of the first quarter. The visiting West Virginians then hit stride and scored eighteen points to seventeen for Morehead during the second quarter, thus reducing Morehead's lead to 27-24 at the

half-way mark. Morris Harvey continued to outscore the Eagles, racking up fourteenth points to nine for the Rowan countants during the third stanza, taking the lead 38-28, going into the final round. The Eagles then came back strong, scoring nineteen points to sixteen for the Charleston quint and came out on the long end of a 55-54 count.

With the score 55-54, Morehead's favor and only five seconds left to be played, Adams, star M-H center, hanged away with a long shot which dropped into the bucket and pulled out again. Morris Harvey got the rebound and the game ended only a split second before Starrett, guard, looped in a crisp shot which would have given the visiting West Virginians a 56-55 triumph.

Big Earl Duncan was the Eagle that showed the way for Morehead. This hardwood star scored seven goals from the field and a pair of free throws to total sixteen points, with less than twenty-five points Hambrick, stellar guard, was a close second with twelve, having scored four field goals and four out of five from the free throw stripe. Center Adams was the big gun for Morris Harvey with nineteen points and Bitanic, forward, and Starrett each accounted for ten.

Eagles Outclass Cedarville To Win 91-37, Here Friday

Fresh From Western Triumph, ph. "Big Blue" Racks Up Record Score

Fresh from a seven-point triumph over Western Friday night, Morehead College's Eagles romped over Cedarville, Ohio, quintet, here, Saturday night 91-37.

Cocher Ellis Johnson ran in a completely new team after ten minutes of play, during which the Eagles piled up a 27-12 lead. Hambrick, Eagle guard, broke the scoring ice with a free toss and a basket from the sidelines. Distinctly outclassed, the Cedarville lads were never in the lead and were never able to pull within less than twenty-five points of the Eagles in the second stanza.

Johnson, Eagle guard, paced the scoring with fifteen points. Duncan, forward, usually high-scoring ace, accounted for fourteen points during the fifteen minutes that he played in Saturday night's game, on an average of almost a point a

Local Dairyman Is Witness In Bottle Case At Maysville

Oscar Judd, Maysville junk dealer, operating at Second and Limestone Street, was fined \$12.00 in police court Friday, by Judge Houston Wood on a charge of having registered milk bottles in his possession. He pleaded not guilty and was represented by Attorney Andrew V. Felm. The defendant paid the fine. With a search warrant, sworn to by W. Hobbs Key, Maysville dairyman, officers Russell Greenlee and J. F. Brodt, Jr., searched the premises where they found twenty-two bottles. Aubrey Kuska, operator of Spring Grove Dairy, near Morehead, testified that at the request of local dealers he had gone to the Judd place to buy bottles. On the stand he testified that Judd sold him seventeen. Attention of dairymen was riveted on the case as the shortage of milk bottles is growing acute and these is imperative now, they pointed out, for extreme care on

the part of customers in handling bottles and their prompt return to the dealer. The Independent calls your attention to a "Notice To The Public" on page two of this edition, in regard to this situation, which according to Kentucky Statutes carries a penalty of fine and imprisonment—either or both.

Deadline For AAA Applications Set For January 31

The last day for farmers to sign 1941 payment applications in AAA programs is January 31; the State AAA office announces. This closing date applies to both 1941 agricultural conservation program applications and 1940 parity payment applications. C. B. Turner, chairman of the Rowan County Agricultural Conservation Association, advises. All unassigned applications in Rowan county are prepared and can be forwarded for payment as soon as they are signed. Mr. Turner said. All but seventeen county farmers' 1941 applications have been completed.

Members of the Kentucky Legislature at Frankfort are talking about passing a special privilege law for the sole benefit of the Tennessee Valley Authority.

This Company has not at any time opposed the coming of TVA into our State, but has vigorously opposed the manner of its coming. The Company has always co-operated with TVA and other federal agencies in the sale and distribution of electric energy in order that the users would benefit most. To continue such co-operation we ask only that TVA operate under the same laws as we do.

The Company is legally advised that the TVA does not need a special privilege law permitting it to come into Kentucky. The bar-

rier that keeps the Authority out is its own operating rules. These rules are in conflict with our State laws. Why not change the rules instead of the law?

With many other citizens, the Company believes that no special law should be passed that gives a federal agency—or any group—rights and privileges not given to others in the same business.

As a taxpaying Kentucky business, the Company—with many other taxpayers—earnestly believes there should be no such discrimination. It is unfair, undemocratic and destructive.

A deep basic principle—of state's rights and self-government—is involved in this question.

You—every citizen and taxpayer in the State—will be vitally affected by the passage of this special privilege bill. You should do everything possible to convince your senator and representative that they should get all the facts about the bill before drawing their conclusion. ACT TODAY.

CHURCH NEWS

Rev. Ben's Lecture - The Mission Band of the Christian Church, a junior missionary organization for children up to ten years of age, meets under the leadership of Mrs. G. C. Banks each Wednesday afternoon at 4:00 p. m. in the church parlor. The purpose of the program is to provide training and teaching in missionary enterprises. The large group which meets each week, after having a period of watching, dine together in the kitchen of the building.

Junior Young People Meet - The Junior Young Peoples Guild of the Christian Church, a recently organized group, meets each Wednesday evening in the basement of the Church under the leadership of Mrs. A. E. Landolt. The Junior Guild is for boys and girls from their 13th birthday till pre-college age. Its purpose is to provide a period of fellowship and inspirational each week for this age group. The several meetings in the past have been well-attended and a successful. Beside discussing plans for the future, the group elected officers at their first meeting. The second meeting consisted of a discussion followed by refreshments.

Monday evening of this week at 7:00 o'clock, Reverend Jim Wade had charge of a service at the Church of God. His subject was "The Defense of the Bible." Reverend Wade being a sonnet of modern fame sang three songs: "Reached Down For Me," "Love of God," and "Christ Entered." He was accompanied by Mrs. Wade on the piano. After the sermon he talked to the young people in the church concerning the Crusaders Convention which is to be held at Orlando, Florida, in July and gave a plan whereby all who would like to could attend. Reverend Wade is pastor of the Church of God at Russell, Kentucky.

Interesting prayer meetings are being planned at the Church of 15-12, and a voice at its ear saying, "It's yours—go get it!" Barnab Johnson, pastor, will lead in the discussion with the entire group taking part. Every phase of this subject will be discussed and brought out. Anyone interested in this subject is invited to attend and take part. These services promise to be of much interest and much time and study focus will be in their preparation. Come and hear these discussions and take part in them. Joe R. Harp, owner of the Joe's Filling Station, and Playground about three miles above Morehead painted and presented to the Church of God a portrait of Reverend T. F. Lyons. The picture is a large portrait and has been hung at the front of the Church. The church is very much pleased with the painting and felt obligated to Mr. Harp for doing this work and presenting it to the church. It was painted in honor of the many years of service given to the church and friends of Brother Lyons. We wish to express our deepest appreciation for the many kindnesses and tokens of sympathy rendered by our many friends and neighbors, and for the many beautiful floral offerings, at the death of our beloved husband and father. Coast, Ellis Johnson's Morehead College Eagles triumphed over the Hilltoppers from the ranks of the undefeated here Friday night, 56-49, in one of the greatest exhibitions of basketball ever played on the home floor. Playing to an estimated crowd of 2,000 fans, who filled the College gymnasium to capacity. Working with precision, the Eagles pulled from behind when Cooper, Eagle forward, tied the count at 11-11 with a free throw, and two plays later dropped in a field goal to surge ahead 13-11. With nine minutes left of the first stanza, Duncan hooked a quick crisp shot to make the count 15-12, and then alternating with Cooper, began this Wednesday Cooper, the two ran the count to evening. The next few meetings 25-21 at the half. Duncan, hitting the top-off in the second-half, dribbled down the

During the hectic five-minute overtime, with the crowd going completely haywire with frenzy, the Eagles gathered in nine more falls, while the visiting "Toppers" were able to gain only two points, with free throws by Labhart, substitute guard and Snyder. Earl Duncan, Oxford, Kentucky, junior, who had averaged eighteen points per game prior to the Western tilt, rang up a grand total of twenty-eight points. Cooper, Eagle guard, accounted for fifteen points.
