VOLUME IX

MOREHEAD, KENTUCKY, THURSDAY MORNING, MARCH 12, 1942

NUMBER ELEVEN

CRACKER BARREL COMMENTS BY WOODY HINTON

You know in the big cities one does run into some of the funniest sort of persons. For instance, where I was working there is a man there called "Fern Creek Jake." He is one hundred percent against the Japs and Nazis. Jake is true-blue when it comes to being one hundred percent for his country and he will fight at the drop of a hat when you even hint that you are not one hundred percent American. Jake is a hard and tireless worker and he is working so that he may have a free country for his children. Jake is kind-hearted and very unselfish. He has been very kind to me and I appreciate the things he has in mind. Jake wants to step up production in order to defeat the "yellow-bellies" as he calls them. And I am one hundred percent behind him. Jake is a funny sort of fellow; he has never been a micaroni fiend in bloom but he says "When I get all the kids raised, me and the old lady are going places. We have some very peculiar people working where I am. My boss's name is Kinchlow Pronounced, ("pinch-him-low"). I can't say it so I just say Mr. Morris. Our business is one hundred percent defense and we are instructed to keep our mouths shut. Recently I have had quite a few letters about the Cracker Barrel that I ran on or about February 23rd. Several letters have been forwarded to me and turned over to the people who handle them. I never, one that accuses me most read:

Louis, Kentucky
I've often heard it said that when a roughneck lacks education enough to be unable to express his thoughts he always writes them in profanity and of course it makes him a big boy, too. If I can get some publicity through a Cracker Barrel even though it is only a weekly.

Yours,
A. C. McClure

Mr. Clure I wrote you a letter but I recalled after something that the words handed me by C. B. Daugherty one, who is president of our bank in Morehead. I had some correspondence with a man who owed me and in a fever he wrote him a good nasty letter and was so sure of it that I showed it to Mr. Daugherty and he said don't mail it. Mr. Daugherty I do not know which column you refer to. I would appreciate you expressing yourself. I regret that you had to spend a great deal of time on this. I would much prefer to see you in the court of the courthouse in Morehead and had the pleasure of squeezing your nose like this collar. And if you don't like it, why do you write. We have fun with it down here in Rowan County but leave it to Lawrence County when it comes to "sour-pusses." There is J. M. Cain and that flock of brothers of his, Arlie and the rest of them. Always getting about something Ernest Shannon has never been satisfied since we gave him the job of Frankfort. Fred See and his wife that used to be in Morehead. Fact is Mr. McClure, our Morehead postmaster is from Rowan County. Your neighbor, Fred Wilson has a face eighteen inches long and we are not surprised at anything from Louis. All in all, many more that I have not mentioned are good Americans and personal friends of mine, but garlic to you with a little more flavor it with. It's remarkable how many people from Morehead are in Louisville. Some that I have seen are Graydon Hackney, Paul Sparks, Bob Harlow, Jess

Tire Ration Quota For Rowan During March, Released

Tire and tube quotas for Rowan County during the month of March were released by the Rationing Board here this week.

Prospective tire and tube purchases will be restricted to:

- Four passenger car tires, three passenger car tubes, sixteen truck tires, eighteen truck tubes, and seven recapped truck tires.

Morehead College Adopts New Plan

Provides For 4 12-Week Quarters For Each School Year

The adoption of the quarter system at Morehead College will make no noticeable change in the period of time during which the school will be in session," stated Dean Crippin in a recent interview. "It has been the policy of Morehead as a teachers college, to continue through the summer to accommodate teachers who could not attend any other time."

The new plan provides for four twelve-week quarters for each school year, instead of two semesters of eighteen-weeks and two summer terms.

The change was brought about by the national emergency work program to help a victory-minded people provide shorter courses for young men and women who are rapidly being called into service.

The new plan will go into effect this summer school year which will be divided into two sessions, the first beginning June 22, and the second beginning August 28th. Students may enroll for the entire quarter, the first or second half of the quarter.

Mid-semester enrollment will begin Monday, April 6, and the spring session will be from April 16th to 19th inclusive.

FROM THE RINGSIDER

It seems that our March is very busy and temperamental this year. But the first time you catch the spring, you find a tranquil mood, you have better pet than you have had in your vacant lot, your backyard, what have you?

The following may be planted this month: peas, lettuce, radishes, spinach (yellow sets), kale (early), mustard (early), spinach (late), onions, salsify, cabbage (early), Irish potatoes (early).

The A. B. McKinney Store sold eight dresses at auction in the stockyards last week. All buyers were men. Sam Watson, auctioneer, Johnnie Howard, the starter, and Bob Bishop, clerk, were present. The store, in the rocky-line, but did not buy. A. B. was more than pleased with the results. Other yard men were present. The sale was found that each of them had bought a frock, not for himself, but for the wife. There was a commotion of gashed and merriment as the gowns exchanged gifts among themselves. One very exclusive antique-looking model was left behind the office. Will owner call for same as manager. It has not been able to give up and wearable dresses among them which were sold at bargain prices.

Top calves brought \$15.95 per cwt. at the Morehead market last week. This is ten cents higher than the price for the Cincinnati market on the same day. The top veals are divided into two groups in Cincinnati. The second group of tops brought five cents less than Morehead tops.

Buying a rooster smaller than (Continued on Page 4.)

U. S. Issues Urgent Call For Typists, Stenographers

Another urgent call has been received by the Signal Corps in the District Office in Cincinnati for Stenographers and Typists for work at Washington, D. C.

These employees are needed in the various departments in Washington engaged in the prosecution of the war.

Navy Cancels Agreement With Selective Service

According to W. A. Caldwell, of the Lexington Navy Recruiting Substation, an individual is free to voluntarily enlist in the United States Navy until he actually appears before the Army medical examining board to report for Army physical examination.

Mt. Sterling Is Favored To Win Regional Tourney

Meet To Be Held At MC Gym Friday and Saturday of This Week

Eight teams, Ashland, Russell, Catelettsburg, Grayson, Haldeman, Tolleboro, Mt. Sterling and Clark County, are scheduled to go to the gymnasium at Morehead for the first-round play in the annual Sixteenth Regional Basketball Tournament, which will be held in the Morehead College gymnasium.

Ashland, Russell, Mt. Sterling and Grayson are winners of district crowns and Clark County, Catelettsburg, Tolleboro, Haldeman are runners up in district competition.

Mt. Sterling is the top-heavy favorite to walk off with first place honors, thus winning a berth to represent the Sixteenth Region in the state tournament at Louisville a week hence.

Mt. Sterling drew Catelettsburg in the opening round at 2 o'clock Friday afternoon and Haldeman in the second round at 8 o'clock Saturday afternoon. Russell and Grayson clash at seven o'clock Friday night and Ashland takes Tolleboro, probably the weakest quarter of the tournament, at 8 o'clock. (All times are Central War.)

Marine Corps Recruiter To Be Here, March 13-14

Two representatives of the U. S. Marine Corps Recruiting Service will be here at the post office in Morehead all day Friday, March 13, and Saturday, March 14, for the purpose of accepting volunteers for immediate enlistment in the U. S. Marines.

Still in need of volunteers for duty on land, sea and in the air, the Marine Corps says to all Kentucky Men: "If you are between the ages of seventeen and thirty, and physically normal, you are invited to call for same as manager. It has not been able to give up and wearable dresses among them which were sold at bargain prices."

Defense Classes To Be Started At Haldeman

A National Defense Training Class for out-of-school youth between the ages of seventeen and twenty will be begun at the Haldeman School shop in the near future, according to Mr. Woodrow Wilson, vocational agriculture teacher at the Morehead and Haldeman schools.

The course in wood-working will be conducted by an experienced carpenter who has the ability to demonstrate any of the simple skills necessary to those taking the course. Classes will meet five hours for eight weeks, and will embrace such fundamental experiences as working forms, framing, flooring, roofing and general construction and repair work.

Upon completion of the course, the enrollee will be given a training certificate which will help greatly in obtaining work in the war industries.

Demonstration Agents To Hold 4 Meetings In County

58 Counties In Kentucky Employ Home Economics Demonstration Agents

Many women of the county who have become interested in the employment of a Home Economics Demonstration agent have requested that several meetings be held in the county to explain the work and what benefits could come through the employment of a Demonstration agent.

Miss Doris Van Winkle, Home Demonstration agent of Mason County, will be in Rowan County together with some of her Home-maker club members and will conduct two interesting programs. One will be at the Gymnasium of the City High School at 2:30 o'clock Monday afternoon and the other at the Farmington High School Monday night at 7:00 o'clock. It is urged that as many women interested in this work be present at the demonstrations.

On March 26th, two additional meetings are scheduled. Miss Van Winkle, Home Demonstration agent for Clark County, will be at the Morehead High School at 2:30 o'clock and at 7:00 o'clock.

Fifty-eight counties throughout Kentucky employ a Home Economics Demonstration agent and these are located in the mountain and eastern Kentucky. It is hoped that a Home Demonstration agent can be employed in Rowan County beginning with July 1. Much good is being done by the homes not only in the rural areas but in Morehead through the Home Demonstration agent.

Rock Fork Road To Be Surfaced

A project has just been released for operation and will start as soon as it is practicable to grade, it is a surface Rock Fork Road with crushed stone a distance of 2.9 miles. This project is sponsored by the Rowan County Fiscal Commission and a cost to the Federal Government of \$45,713, making a total cost of \$58,198. Approximately 100 men will be given employment for eight months.

WIT, WISDOM, BLASPHEMY AND THE LIKE WITH DIATRIBES ON PSYCHOLOGY

Blank Department Instead of Doughton. It is an Unregistered member (neither professor nor founder) father you talk on Why You Don't Buy From Me Instead of The Man Across The Street, or Why Call Me For Sickiness Instead of Old Doc Givmaborspirl.

As you wolf your food no one speaks—only a clatter of dishes in eating his food if anyone ever used a knife to cut, it escaped my mind. I am sure that the Boy Job we did to promote the "Boy Scouts." All snap their Galushes and Roar! Where they got this idea? Will not tell you of modesty. There were other jokes occasionally when they had an outside Speaker.

When the speaker is announced, all Old Line members know what he will say. They hardly expect to be surprised. I studied their faces by the hour during the hour. It is like a face looking out from Prison Bars! More like a hen laying her First Egg!

One of the really Big Numbers in the year, any year, is Prof. Tweedles talk on "My Favorite Hens." It seems that some years ago Tweedles did some experiments on the Hatchedability of Eggs. He didn't REALLY do any experiments. He got it out of course out of a Magazine, anyway by placing the Hen, who he says was of his Favorites, in a Windmill, the wind would turn whenever she laid an Egg. It is a nice explanation how the weight of the Egg did it.

(Continued on Page 4.)

J. Sidney Caudel Called To Active Army Duty

J. Sidney Caudel, Commonwealth's Attorney for this district, will leave Monday to report for active duty with the United States Army. Mr. Caudel is a Captain in the Reserve Corps.

Mr. Caudel is a resident of Owensville, Kentucky, and was elected to the office of Commonwealth's Attorney two years ago.

1942 Fall Campaign Of Red Cross Will Be Postponed

Will Hold Simultaneously With Its Next War Campaign Early In '43

In an effort to relieve in some measure the increasing burden on men and women in all communities and to make the money-raising efforts during war time, the American Red Cross has decided to postpone its regular 1942 fall membership Roll Call and to simultaneously with its next War Campaign early in 1943.

Mr. Norman H. Davert, the chairman to plan this campaign was voted by the Central Committee at its meeting on March 2nd.

"For twenty-five years," chairman Davert said, the Red Cross Nationally has held its membership Roll Calls in the fall months, to finance the normal operations of the organization, and to build up its membership which is the largest of any non-governmental organization in the country. Today we are engaged in a war requiring Red Cross operations which will cost much more than the Roll Calls can provide. This makes necessary the largest War Fund appeals.

To conserve the man-power of the Red Cross and its millions of citizen volunteers for their operating duties, the Red Cross has decided, barring unforeseen emergencies, to combine the 1942 membership Roll Call with the War Fund Campaign which is expected to be launched early in 1943. The Red Cross has been greatly influenced in reaching this decision by the fact that the majority of the highly important Roll Call campaigns are held in early fall and it felt that the Red Cross Roll Call should be held in the fall.

(Continued on Page 3)

Circuit Court Will Continue In Session For Another Week

Grand Jury Files Report On Six Day Session; Forty-Six Indictments Made

The March Term of the Rowan Circuit Court will continue in session here all next week, it was said today by court officials.

Case of Ed Hinton, charged with murder in connection with the death of Fred Hinton, continued to the third day of next term.

Leonard Davis, indicted by the Grand Jury, Wednesday, on a charge of murder in connection with the death of Ed Brown at Farmers, Kentucky; trial set for today (Thursday).

Arvel Caudill, indicted for receiving stolen property, trial set for Friday.

John W. Bridges White, Judge Rowan Circuit Court. We, the Grand Jury, respectfully submit the following report:

We have been in session for six days and have returned 46 open court forty-six indictments. We have had before us witnesses from all parts of the county and have heard testimony where we felt that the facts warranted same and we have further endeavored to uncover any and all violations of all laws of this great Commonwealth.

We have examined and investigated the reports of all officers and wish to commend said officers.

We find that the county courthouse is in need of a new roof and recommend same, and that all rooms in said courthouse be repaired. We find that the value in the tax collector's office are not large enough to take care of the books stored therein and in addition are not fire proof. We further find that the men's toilet should be moved from the back and placed on the west side of the courthouse.

We feel it a good policy to close the courthouse over the weekends so that loafers cannot loiter there so that only persons desiring to do business and officers should be afforded entrance.

The county jail needs more bedding and a new toilet. Bedding when not in use. We suggest that this place be upstairs, by putting a door in the back part of the building.

(Continued on Page 4.)

R. Cross War Fund Totals \$1738.15

Some Individuals Give Second Donation

The Rowan County Red Cross War Fund drive came nearer its goal of \$2500 this week, when tabulated results showed that to date the drive has netted a total of \$1738.15.

Mrs. R. C. Anderson, chairman of the drive, released the following latest lists of donors to the campaign:

- Frank Laughlin, \$10.00; Dr. Joe Robinson, \$2.00; Rebecca Thompson, \$5.00; Mrs. Milton, \$1.00; Mrs. A. F. Ellington, \$2.00; Mrs. L. E. Blair, \$3.00; W. E. Snook's Crutcher, \$1.00; Walter Johnson, \$1.00; Catherine Brum, \$1.00; Herbert Hogan, \$1.00; Park, \$1.00; Walter Kellier, \$1.00; Walter Swift, \$5.00; Helen Gatewood, \$1.00; Mary Page Milton, \$2.00; W. B. Jackson, \$5.00; R. W. Johnson, \$2.00; Dr. O. M. Lyon, \$3.00; Robert Young, \$0.50; Dan B. Caudill, \$10.00; R. D. Judd, \$1.00; Mrs. J. M. Miller, \$1.00; Joe McKinney, \$2.00; Bernice Clark, \$1.00; Louise Caudill, \$1.00; Nell Walters, \$1.00; Betty Robinson, \$1.00; Mrs. J. O. Fair, \$0.50; W. C. Wineand, \$0.50; and Jess May, \$0.50.

The following persons have made donations to the War Fund Drive:

- Ellie Wilkes, \$4.00; Elizabeth Emma, \$5.00 and Dr. N. C. Marsh, \$1.00.

MC Losses Opener In National Tourney, Tuesday

Morehead College's Eagles dropped a first round encounter with Central Missouri State Teachers, Wednesday, in the National Intercollegiate tournament, held at Kansas City, Wednesday.

J. T. Daugherty Appointed Naval Air Cadet

John Thomas Daugherty, son of Mr. and Mrs. C. B. Daugherty, of Fifth Street, Morehead, recently was appointed Naval Aviation Cadet and was transferred to the Naval Air Station of Pensacola, Florida, for flight training, according to announcement by the public relations office of that station.

Daugherty, who attended Central College at Danville and the University of North Carolina, at Chapel Hill, was sent to the Naval Reserve Aviation Base at St. Louis in December, where he successfully passed the elimination training course in early February.

Upon completion of the intensive seven-month course at the "Annapolis of the Air," Daugherty will receive his designation as a Naval Aviator, with a commission as Ensign in the Naval Reserve, as a 2nd Lieutenant in a Marine Corps Reserve, and will go on active duty.

CHAMPIONS

the War Production Board has told the men and boys how their suits and overcoats must be cut. This for a twenty-six percent saving in woolen cloth.

Speaking again of rubber, manufacturers of athletic equipment are trying reclaimed rubber for tennis balls, baseballs, squash balls.

County quotas of tires and tubes are not altogether rigid, but are being revised on the basis of data being constantly collected by the Office of Price Administration.

Sugar rationing is a week nearer, and so far as strategic rubber is concerned, it is beginning to look as if even the old tires we now have on our cars, may be requisitioned from us for military use.

Today you cannot buy a typewriter, either new or used, because the typewriter companies have been ordered to use their machinery to make munitions.

Tin cans are out for the duration for commercial canning, and your canned goods will soon be coming in glass jars, restricted to uniform shape and larger, to save labor and shipping costs.

Rubber was taken out of women's corsets and foundation garments two weeks ago, and now

Cleveland, Canton and Nevada landlords included. OPA plans to take similar action soon in one hundred additional rent areas.

"Little business" will now have its important place in the nation's war production effort.

Unless specifically authorized otherwise, (2) In placing contracts, emphasis will be placed on speed rather than price; (3) contracts for simpler articles will go to smaller firms; (4) Contracts go to firms where smallest quantity of new machinery is needed.

"Mr. Nelson points out, will not only speed war production, but will make for 'maximum utilization of the productive capacity of the nation.'"

BOOK NOTES BY STITH M. CAIN Assistant Librarian, M.S.T.C.

Useful Art Books Recently Acquired By Our College Library Some of the useful art books that our college library has recently acquired, will be the subject of our discussion today. They are as follows:

1. Phillips, M. C. (Skin Deep). Vanguard Publishing Company, \$2.00. This book, like 100,000 Guinea Pigs, tells you the facts, hitherto reported only in trade circles or among scientists about face powders, rouges, talcum powders, soaps, cold creams, lipsticks, nail preparations, hand lotions, hair "restorers," depilatories, eye-lash dyes, astringents, sunburn preventives, etc. It has a very good index in the back of the book.

2. Larson, Carl W., and the late Putney, Fred S. (Dairy Cattle Feeding and Management). Wiley Publishing Company. The third edition of (Dairy Cattle Feeding and Management) brings together in compact and readable form the more important findings of investigators in the field of dairy husbandry.

3. Brownell, Kathryn Osmond. (A Textbook of Practical Nursing). Saunders Publishing Company, \$3.00. This book brings together in one volume the principles, techniques and methods of practical nursing. It is concise, easily understood, and was written by an author who, both as a teacher and as a nurse, is especially well qualified to present the essential information needed in caring for the sick in the home.

The author would appreciate any comment the readers of these articles might have to make. Just address all communications to 508 College Boulevard, Morehead, Ky.

Two Civil Service Positions Now Open

Radio Inspectors, Addressograph Operators Are Needed

Radio inspectors and addressograph operators are being sought through civil-service examinations just announced by the United States Civil Service Commission.

As a result of the radio inspector examination, persons will be appointed to positions in the Federal Communications Commission paying \$2,000 and \$2,500 a year.

Applicants must have completed a four-year college course either in electrical or communication engineering or with a major in physics. Preference is made for the substitution of certain radio engineering experience for the education.

For the \$2,500 positions, applicants must have had in addition one year of appropriate experience or graduate study. The ability to drive a car and ability to transmit and receive in Morse Code are required. The closing date for receipt of applications is April 21, 1942.

The addressograph operator examination is for appointment in Washington, D. C., only and the positions pay \$1,260 and \$1,440 a year. For the 1,440 jobs applicants must have had at least three full months of paid experience operating an automatic-feed-motor-driven addressograph machine, while only one month of experience on a motor-driven machine equipped for either hand or automatic feeding is necessary for the lower grade positions. The machine

ines must have used embossed metal address plates. No written test will be given and applications will be accepted until further notice.

All applications must be sent to the Washington office of the Civil Service Commission. Full particulars as to the requirements for these examinations, an application form, may be obtained from Mrs. Flora Cooper, secretary of the Board of U. S. Civil Service Examiners, at the post office in this city, or from the Secretary of the Board of United States Civil Service Examiners, at any first or second-class post office.

Priority Extended To Farmers For Machinery Repairs

Revision of Rating Order P-100 Creates New Priority Assistance

The farm machinery repair program will be assisted by the recent action of War Production Board in amending preference rating order No. P-100 to extend priority assistance for the repair of agricultural machinery. The farmer who repairs his own equipment or the local repairman or blacksmith who does it for him, may now apply on A-10 priority rating to obtain welding rods, bar iron, nuts, bolts, rivets, or other material that cannot be obtained without a priority rating and is used for repairing farm machinery.

Mr. C. B. Turner, chairman of the Rowan County USDA War Board, pointed out that while there is no guarantee that an A-10 rating

will be sufficient to obtain delivery of all of the types of repair supplies containing scarce materials, the order will be of real benefit to the farm machinery repair program.

To apply the preference rating for delivery of materials, a farmer or repairman simply enters and signs the following statement on the original and all copies of this purchase order:

Material for maintenance, repair, or operating supplies, rating A-10, under preference rating order No. P-100, with the terms of which I am familiar.

When in order for repair material bearing this preference rating placed with a dealer or supplier, the supplier may in turn pass this rating on to the manufacturer or jobber to obtain the material or replace his stock.

Postponement

(Continued from Page 1)

moved into the late winter or early spring it will ease the problem of the Community Chests.

In combining our efforts into one appeal a year we shall still emphasize the membership principle of the Red Cross which is so deeply rooted in the voluntary and democratic character of the organization. In view of this decision the Red Cross feels that it is justified in holding independent of any other fund raising efforts one campaign a year which includes its Roll Call membership appeal.

Chairman Davis said that the current War Fund Campaign was nearing a successful conclusion. Having recently asked for a generous over-subscription of the original minimum goal of \$50,000,000, chairman Davis revealed that 2547 chapters now report a total of \$61,172,000. It is expected that a \$65,000,000 objective will be reached during the month of March.

Gardens

By KERMIT C. MILLS
Rowan County Agent

By Kermit Mills, County Agent of this is the first of a series of articles on gardening to supply information as to timely hints on making our gardens produce more food. For more detailed information come in the office and get our bulletin entitled: Garden Month by Month.

Fertilizing: A garden should be extremely fertile to get the most out of labor, the seed and the controls for insects. The following is a general suggestion on fertilizing gardens: Plow under a two-inch coat of manure, follow with a disc, then on each one-fourth acre garden broadcast one hundred pounds of twenty percent superphosphate and drag it lightly. Soils so fertilized will grow excellent tomatoes, peas, beans, squash, and sweet corn. The rows of cabbage, greens and onions should be sidedressed with nitrate of soda at the rate of one pound to one hundred feet, or if nitrate of soda is not available, poultry manure—one bushel to three hundred feet. Two dressings should be made, the first a month after sowing or setting, and the second, two or three weeks later.

Cabbage: Careful attention should be given in selecting the varieties of cabbage. If you have ever been bothered by cabbage yellows or wilt you should try all new variety Early Jersey, Marston Market, or All Season. Much late cabbage trouble comes from yellows. All frost proof plants should be treated before setting to destroy the lice that may be on them, also, their stems should be wrapped in newspaper to combat cut worms.

Parsnips, Salsify, carrots: The small weak seeds may be helped up by sowing radishes with them. Broccoli, Cauliflower: The new vegetables that some gardeners may want to try can be procured from the dealers who handle cabbage plants.

Head Lettuce: This must be started early, preferably in a hot bed, New York, Wonderful, or Bibb are the varieties to use. White Potatoes: This year all seed potatoes will be high, however, nobody should be tempted to try to use last year's left-over potatoes for seed, but should get fresh seed, preferably certified. Difference in cost between common seed and certified seed is no larger than in other years, so let's continue to use a certified seed.

Crackerbarrel

Allen, Clarence Allen and Robert Clayton and family. By the way, I had dinner with Phillie Howard's boy, Lowell, the other night. He is living like a man should live in the year round. He has a beautiful wife and a swell home and she is a fine cook. Lowell is so dominated he wears glasses now and his hair is getting grey. He has a complete workshop in his basement and when his wife dresses a chair he can immediately fix it up with his lathe and saws in the basement. I will get to you guys just as soon as possible that have written me.

Dear Woody: If your tongue hadn't been so long, you wouldn't have had to leave Morehead. WILEY MAY

Small Farms Are Still The Rule In Kentucky

Kentucky is still a land of small and medium-sized farms, despite the national trend of "big farm farms." Nearly half of the farms contain twenty to ninety-nine acres. There have been appreciable signs of a trend toward larger farms over the past thirty years. For the country as a whole, more than a third of all land in farms is handled in tracts of 1,000 acres or more.

PAINT YOUR HOUSE RIGHT IN TWO EASY STEPS!

KURFEES 2-COAT METHOD GIVES 3-COAT RESULTS!

Good news! Now you can get 3-coat painting results with only two coats—if you follow the Kurfees 2-coat method. First coat—Kurfees Primatrol; second coat—Kurfees 80 and 20 House Paint! Saves paint, saves labor—and that saves you money!

1-PRIMATROL

The one-coat house paint primer with controlled penetration! Thoroughly fills, seals and unifies the surface. Leaves a smooth, tough, elastic film for the finishing coat. Formulated especially for priming—helps prevent painting failures. Ready to use

2-80 and 20 HOUSE PAINT

Finest you can buy—yet costs no more than ordinary paint! Heavy lead body (80% lead) reinforced with 20% zinc—covers better, looks better, wears better! One coat over Kurfees Primatrol completes the job—highest quality, lowest cost! White, colors.

Miss Case has visited in Morehead and Mr. Garnett is a brother of Mrs. C. P. Duley. Mr. Garnett attended the Morehead Normal School and is known to many of our citizens.

Woman's Council Meets

The Woman's Council of the Christian Church met Wednesday, March 11th, at the home of Mrs. O. M. Lyon. An Easter devotional was offered by Mrs. W. H. Gotes. The Easter solo: "Open the Gates of the Temple" was sung by Barbara Shafter.

Mrs. E. D. Blair, presided at the business session, after which delightful refreshments were served. Mrs. A. Blair and Mrs. Lester Hogge, assisted the hostess in entertaining.

Woman's Missionary Society Meets

The Woman's Missionary Society of the Christian Church met Thursday evening, March 12 at 7:30 in the church parlor. Mrs. Ed Williams spoke and then led a discussion on the theme: "Democracy in a Christian World." Mrs. A. E. Landa, led the devotional. A large group of the women were present. During the business session, plans for a beautiful Easter Service toward next week were made. After the meeting a social hour was enjoyed.

Easter Campaign Moves Rapidly

The Easter program of the Christian Church has already begun to gain momentum. As a portion of the total campaign, the week-end meeting was held Wednesday evening. The pastor explained the First Step toward next week.

Many in the church have pledged themselves to church loyalty for the months to come, and have planned to attend the Easter service constructed in the sanctuary.

The campaign will culminate on Sunday. Besides the regular worship hours of the afternoon, special services have been planned. An Easter Breakfast will be held by groups within the church, and an Easter egg hunt for the children of the Sunday School will be held at the afternoon.

At the Easter Sunday evening hour, the younger folks of the church will present a pageant in the church auditorium.

Girl Scouts Engage Hike and Water Raft

The Girl Scout troop of Morehead engaged a hike and water raft last Saturday afternoon. After the regular meeting, scouts were led on the hike through the woods, instructed in the art of fire-making and extinguishing fires. Hot dogs and marshmallows were enjoyed by the group, and campfire songs were sung.

Wit, Wisdom

Trick. This invention, as Tweddes says, saves you the trouble of counting your bills. It just puts them in a basket without counting, and if you watch what she eats she will fly almost any kind or Size Egg you want.

"What this country needs is an abundant supply of good fresh eggs," concludes the speaker and sits down.

Next they have questions and answers. You ask the speaker, or anyone else, questions. You are trying first to show up incompetent to speak on his subject because of his ignorance, and second, to play up your own knowledge of the subject.

questioner: "Prof Tweddes, do you know how you could Double your money?" (Now Lilywhite has the Ball. He has the answer and he knows it.) At this point several who have been victims of Lilywhite's crookedness hurry for their hats and leave.

But as soon as Tweddes confesses his ignorance, Lilywhite tells how he has done the experiment with the Windmill, but built an Annex to it, which did away with the Hen altogether. "You just poured your wheat or Grain into the Hopper and out came your Eggs, just like That. Fast. See?" "You don't say so?" interposes Prof Windy. "That might revolutionize the egg industry! Do they take notice of your Experiment in Washington?" (Prof Tweddes has been "out" for some time, but he has now turned his Back to the audience.)

Prof Deadwood: "But wouldn't it take a lot of Grain?" Once I had one of those things and it fell into Gravel, just did away with the Grain." (The Ball is passing back and forth between Deadwood and Lilywhite, while some Flathead will get it presently.)

"I don't know what you Guys are talking about," shouts Gwandeine with some Heat, "but I do know all about Chickens. Why I remember 'em all my life. Remember last week? How did you had like 'THEM boys'?" (Yells of approval fill out the doorway.)

of the building.

We find that the city jail is in a deplorable condition. It is filthy — very unsanitary — in cleaning and disinfecting should be used there regularly. There are no beds at all to speak of. This should be remedied. Also in the upstairs of the city hall, the floor has given away there is a large crack, about two to three inches wide, which is unsightly and later will become dangerous to the safety of the building.

We find that there has been a wave of stealing in this county and think that the Court should take notice of this fact and try to get at the leaders of it if there are any. Further, that there appear to be too many homicides per population and perhaps the trial juries have been too lenient on them in the past.

We further wish to express wishes of safety and our sincerest expressions of courage, patriotism and love for our country that have been demonstrated by our faithful Commonwealth's Attorney, Sidney Gwandeine, who has heeded the call of his country in this time of emergency and will be with us more till victory is ours.

We thank the County officers of the Court and all County officers for their assistance during our sittings.

With this, we ask to be finally discharged.

W. C. HOGGE Foreman

Bowling League Enters Second Half Of Season Play

Battson's R. C. Cola Win 3 Straights In First Week

The Victory League, sponsored by the Morehead Bowling Alleys, entered the second stanza of league play this week, with Battson's R. C. Cola ringtongs up perfect records of three wins against no losses.

The first half of the Victory League season play was won by Goldie's Department Store, with R. C. Cola a close second and The Greyhound Restaurant third.

In Monday night's encounter, Battson's Drug Store took three in a row over McKinney's Department Store. Individual averages were: Battson's, H. Battson, 158; V. Wolford, 160; C. P. Duley, 162.

McKinney's: Allen's, 147; Pete Kessler, 151; Bill McBraver, 143. Total points for three game series: Battson's, 1502; McKinney's, 1320.

On Tuesday night, The Greyhound bowed to Bruce's Five and Ten, two in one. Individual averages: Bruce's, P. Wheeler, 133; E. K. Sentz, 151; F. Hayes, 180; L. Uterback, 157. Greyhound: J. T. Mays, 173; J. H. Milton, 146; Marvel Caudill, 185. Total scores: Bruce's 1468, Greyhound, 1511.

Goldie's Department Store captured two wins over one defeat in the three-game series with Battson's Drug Store. Individual averages: Goldie's, A. Morris, 168; P. Brown, 165; A. Forman, 202. Battson's, H. Crosswaite, 187; C. Kessler, 142; H. Jacobs, 155. Total scores: Goldie's, 1610, Battson's, 1451.

Later Wednesday night, R. C. Cola, with two bowlers and one dummy, emerged with a three wins record against a dummy team of Bowlers: Golden's A. Morris, 147; Collins, M. Company, C. Allen bowled a 160 average and Junior Justice, 174, for R. C. Cola. Total points: 1394.

Later Wednesday night, R. C. Cola, with two bowlers and one dummy, emerged with a three wins record against a dummy team of Bowlers: Golden's A. Morris, 147; Collins, M. Company, C. Allen bowled a 160 average and Junior Justice, 174, for R. C. Cola. Total points: 1394.

Later Wednesday night, R. C. Cola, with two bowlers and one dummy, emerged with a three wins record against a dummy team of Bowlers: Golden's A. Morris, 147; Collins, M. Company, C. Allen bowled a 160 average and Junior Justice, 174, for R. C. Cola. Total points: 1394.

Later Wednesday night, R. C. Cola, with two bowlers and one dummy, emerged with a three wins record against a dummy team of Bowlers: Golden's A. Morris, 147; Collins, M. Company, C. Allen bowled a 160 average and Junior Justice, 174, for R. C. Cola. Total points: 1394.
