Remain At Your Best, Seniors

It won't be long now until the graduating seniors will be leaving Morehead and some of the rest of us will have to take their places in the various activities on the campus. But that certainly doesn't mean that the graduates are giving up their places under the sun. They are all going out, to bigger and broader things—going into a different society which all of us hope to belong some day if we're lucky enough to reach that point.

With college graduation comes a number of new responsibilities and problems, and it will take a lot of self control, broadmindedness and confidence to meet them. In the new order of things to which seniors will belong in the future, there is now the added responsibility of being a part—and an active and important part—of a great nation at war, and this role requires the best that is in any of us.

Our seniors are fortunate in being able to complete your college education in this country. Now it is up to you to do all that is within your power to help it bring up to date and complete victory by the coming of our new world. You may come back to school and some day graduate from college as you are doing now.

When you become a teacher, it is your duty to teach the principles of freedom and democracy for which we are fighting, and to develop the intellects of the youth who are to enjoy and keep the peace when it is won. Never were intelligent, well-trained teachers more desperately needed than now, and never has there been a more important role for people such as yourselves to succeed in that field.

If you aren't planning to teach, there are numbers of other ways in which you can contribute directly to the effort, others in which you can build for a stronger and more cultured nation.

A world at its worst requires a youth at its best. Yours is a great opportunity for service. Make the most of it!

THE PASSING OF SPORTLIGHT

We have just completed one of the greatest sports programs Morehead college has ever seen. Although football has been dropped from the schedule, the football team has won its way into the hearts of all students on the campus, the defense players, the offense players, the coaches, the fans, the women, have all taken their part in the excitement and interest in the game. The team has managed to stay well above the average in the conference, and we have seen some of the best football we have ever seen.

We have seen the team win the state championship and bring Kentucky pride to the state. We have seen the team win the conference championship and bring Morehead pride to the conference. We have seen the team win the national championship and bring Morehead pride to the nation.

HIGHLIGHTS AND LOWDOWNS

The last column for sometimes. Aren't you happy? It has been fun writing about all you guys and girls and I hope you didn't mind too much. Well, to the business of the day!

And Dorothy Wright seems to be taking up quite a lot of a certain list—the Morehead-Jail first time. Now, is that nice?—That Paul Wheeler really gets around. First it's Doc Mc, then Marie F., Susan G. and your guess is as good as mine as to who will be next. So sorry I made an untrue statement (now I say this is the first one) about Carpenter. It seems he does have a girl on the campus—Helen. A very nice one, too. Gill went to Lexington, but this does worry Maggie! The sense is to having quite a time with Jack C. Does Gill know about that?—Maggie of Field Hall has a little off—Helen Cooper and Detroit make a fine couple—how's that?—Alene H. in the upper story. Chuck of the North End is a real one.
