Eagles Expect Tough Go Saturday

Eagles Expected To Give Marshall A Real Battle In Spite Of Odds

Whether the Eagles come back to their home roost Saturday night from Huntington, with the tail feathers drooping or whether they come with an even wing spread, will welcome them to the field. The Eagles are going up against the Thundering Herd of Marshall College under the bright lights Saturday night at Huntington, and the Thundering Herd has really had some of the best in the past few seasons.

Let's admit at the outset that a win by the Eagles would be an up-set. Marshall is one of the highly rated teams of this section and last season had an outstanding record. The Eagles are going up against them in more or less like a sparrow attacking a hawk, or a king bird a crow. And yet it has often happened that sparrows by teamwork have beaten off the hawk, and the king bird has beaten off the crow. David, if we recall also did things to Goliath.

All of which indicates that in our opinion the fate of the Eagles has not yet been decided and we won't be until the final and determining whistle is blown on Saturday night. We are not going out on that proverbial limb and predict a victory. The odds are against it. But we are going to say that Marshall is not conceding advantage, will know that they have been in a major engagement and that the Eagles are tough anyway you take them.

Neither are we conceding that Marshall has the game in the bag. The Eagles dropped their usual morning practice session and during the past week have been drilling. Light work in one drill daily. Two days this week they got down to real work, with two heavy scrimmages. Since that time they have tapered off with skill practice, signifying that the usual early season timing of that work has been the order of the day.

The squad is in excellent condition physically and mentally. They are determined to make a good showing and will certainly attack them undoubtedly well.

The squad leave Friday afternoon for Huntington where they will practice under the lights that evening.

The probable lineup will be: Ends, Lawless and Collins; at tackles Smith and Zechem; at guard positions, Ruchinkas and Norris; Center Adams, Mussman, Vaznellis, Varney and Lastic will make up the starting back.

On the starting lineup are one senior, one sophomore and nine juniors. All of which may be a tip-off for next year as well as this.

Let season the blue and gold Eagles of the green Eastern Kentucky footballs flew unusually high. They won six games out of eight played and lost a heart-breaker to Western. All their friends thought they would have done even better but for being plagued by injuries all season.

Now, with his fifth season coming up as flight commander of the Eagles, Johnson feels that,

Miss Nola Jayne Is Home Ec Teacher

Miss Nola Jayne of this city spent the weekend in Morehead with her mother. Miss Jayne has been in charge of the Home Economics department in the new Oneasville High School having assumed her work on August 15.

Haldeman Employees Organize New Credit Association

The Kentucky Fire Brick Company's Employees Credit Union has officially opened for business, according to an announcement made this week. Applications for membership are exceeding the expectations of the original group of ten who organized the association.

It is expected that many manufacturing professional people who have bills of long standing will be paid.

The directors are Arthur Binion, Charles A. Sparks, Arthur Jones, Chester Stinson and Allice Brown. (Continued On Page Two)

Epperhart Tobacco Seed Making Good

Certified Seed Of Local Producer Expected To Be Tops Again

For the second year, David Epperhart has harvested his crop of Certified Tobacco Seed, Number 16. Mr. Epperhart started in the Certified Tobacco Seed business last year, and has already made an enviable record in the field. The seed is certified by the Kentucky Seed Improvement Association of which Mr. Epperhart is a member.

Mr. Epperhart's tobacco seed was given the highest rating of any seed tested and it is expected to go as well now, will depend upon the general nation and the purity test to be made later.

George Brown Dies Of Heart Attack

George Brown of Clearfield, 37 died suddenly Friday of last week of a heart attack. He was survived by his wife, Effie and seven children, Bertha, Louise, Lester, Russell, Ivan and David.

Funeral services were held on Sunday conducted by Rev. Budie Hall. Burial was made in the Lick Fork cemetery. The United American Mechanics were in charge of services at the grave. Funeral arrangements were in the home of the Ferguson Funeral Home.

All things considered his 1930 prospects are fully as good as they were last year, better in fact, barring injuries.

His squad is small only 28 men, but we have two full teams which are about equal and speed in both the line and backfield.

H. M. Turner Also An Old Subscriber Of This Paper

Has Been On The Paid Up List For Over 44 Years Say Record

Another "oldest" subscriber to the News has been in his bid for the distinction of being the oldest in the number of years he has taken the Rowan County News. Mr. H. M. Turner, in paying his subscription last week, said that he believed he had taken the paper as long as anyone. He also is an old subscriber of Mr. William Schoeler. Mr. Turner has been a subscriber since 1886, a term of 44 years. He remembers when all the businesses of Morehead were the printing office was on Railroad Street. He wants to know if anyone else remembers Walter Lutton who he thinks ran the paper before Mr. Schoeler.

Anyway, there's Mr. Turner right as a faithful subscriber can anyone equal or better it?

F. F. A. Has Fine Record In State Meet

Local Team Takes High Rank In Livestock Judging Contest At Fair

By Carl Wade

The Dairy Judging Team representing the Morehead Future Farmers Chapter returned from Louisville Saturday morning with good news for the members of the chapter. With 104 hundred five teams participating in the contest, the Morehead team placed eighth in the state.

The winning team made 3,587 points while the Morehead team made a total of 3,433, less than 100 points behind the winners.

Eight rings were judged by the teams, first being made up of four head of cattle. Three breeds of dairy cattle were used for the judging, namely, Jersey, Guernsey and Holstein.

The members of the team were Rufus Flannery, Glen Glickerson and Charles McKenzie. Mr. Wade, local agriculture teacher coached the team.

The Morehead team has the honor of two years out of three in the state contest. If the team improve in the future as it has in the past, the Morehead team will be the winner next year.

Members who do not take part in the contest year after year. (Continued From Page Two)

Special Term Of Court Adjourned Friday

The special term of the Rowan Circuit Court closed Friday of last week, with many cases on the civil docket tried. The session left off October regular term. The court is now on the Commonwealth docket. All but ten of the paving cases were settled at this term either by trial or agreement to sell. Many other civil cases on the docket were cleared away.

For those who plan on going to Huntington or Cincinnati, it should be remembered that the police in these two cities are arresting Kentucky drivers who do not have their tags painted.

Fiscal Court Has Paid Up Many Debts

The citizens of Rowan county including ourselves are apt to take things for granted for granted long as things go along smoothly and well. Thus we pass up all opportunities to offer praise and seize on those chances condemn. That incident in the way of the world is a relief at times to be able to pause in the round of criticism and check up on the good that has been accomplished. That is particularly true of the present fiscal court. Only now are the records of the present court available and the facts are of especial interest to the tax payers of the county.

Members of the court are: A. Reed, Henry Cox, Herbert Moore, Arthur Barker and the County Judge, I. E. Jeffrey. These men took office in January 1928. They found the fiscal affairs of the county dispirited and out of the judgment against the county on the steam job should long since rusted to a

Theodore Luster Is In Aviation Corps

One Morehead boy, Theodore Luster has gone in for army aviation. Mr. Luster who has had one year of college work at the Morehead State Teachers College, has just returned from a tour that he had passed the tests by a 98 percent average, and was now located at Ft. Thomas for the time being. His father is a veteran of the World War and served at Ft. Logan, Colorado.

Church Of God United Program For Coming Year

Young People To Pay Into Fund Weekly To Build Up For Future

The Churches of God in the following ten states are uniting their efforts to raise money for a world wide project. These states are Alabama, Florida, Georgia, Kentucky, West Virginia, North Carolina, South Carolina, Tennessee, Virginia and Mississippi. Each member of the Young Peoples organization pledges of 25 cents per week for ten months. This will bring an amount of \$4,800. The goal is to have 2,000 of these young people enrolled. The Church of God in Morehead started their enrollment Sunday evening. They will do their part. The project in mind may be one of the following:

Weekly radio programs in key-cities in the Southwest. Assist weak congregations to open new fields. Provide free transportation for 500 delegates to 1931 convention at Winchester, Ky.

Free transportation for all the speakers on the convention program.

Rev. Thorp of Cynthia is the state chairman.

Teachers In CCC Camp Are Making Good

Work Of WPA Teachers Is Giving Boys New Outlook On Education

In view of the great work being done by the WPA teachers in the CCC Camp at Rodburn, the following article is of interest to the general public.

On entrance to camp the majority of the boys are under the impression that the old adage "You can't teach an old dog new tricks" applies to them. At new tricks" apply to them. At new tricks" apply to them. At new tricks" apply to them. At new tricks" apply to them.

Recreation Center Plans Many Entertainments

The local WPA Recreation Center is planning some very interesting programs in the near future, among them a puppet show, on Tuesday Oct. 1.

The public is invited to attend this show and all other programs as they are given. There is no admission charge.

Dr. E. V. Hollis Gets National Recognition In New Position

Is Appointed To Do Research Work In Washington

Ward comes from Washington that Dr. E. V. Hollis, former head of the Education department of the Morehead College, has had another honor conferred upon him, by being selected to direct a nationwide research project on the preparation of college teachers for the American Council on Education. It is one of the highest honors that could be conferred on an educator and indicates how far Dr. Hollis has advanced in the educational world since leaving this city. The undertaking carries with it an opportunity to accomplish a great deal of good in that particular field.

Dr. Hollis, since leaving Morehead has been connected with the College of the City of New York and has done teaching work in various of the outstanding universities of the nation. He has also made an enviable record with his brilliant books and research work. It was because of this brilliant record that he was honored with the new opportunity.

Citizens Bank Absorbs Building And Loan Co.

The Citizens Bank closed the deal this week, whereby they purchased the assets of the local Federal Savings and Loan Association. The Association at the time of the sale had shown earnings of over \$100, with no losses. It had paid over 4 percent to the stockholder on the investment. It was said that due to the development of the Federal Housing loans, there was no need for the continuance of the organization. The Citizens Bank plans to take over the outstanding loans.

Rev. L. E. Mattingly Takes Over Pastorate

Rev. L. E. Mattingly, arrived in Morehead on Friday, August 16, to assume his duties as pastor of the Methodist Church. He held his first services here on Sunday.

Virgil Wolford Is New Bank Director

At a meeting of the stockholders of the Citizens Bank held Tuesday night, Virgil Wolford was elected as a director of that institution, to fill the existing vacancy. It was disclosed at the meeting that, since moving to their new location on Bank Street, the deposits of the bank have been increasing by over 40 percent in the past six months.

Farmers Of To Hold Meet On Tuesday

Demonstration Of Hybrid Corn At Ed Perkins Farm Is Planned

A Farmers Field meeting will be held on the farm of Eddie M. Perkins on Tuesday, September 24 at 2 p. m. Mr. Perkins has carried on several demonstrations during the year in Hybrid Corn and tobacco production. These demonstrations are now at the stage where they show best results.

The meeting is being arranged by Mr. Perkins and County Agent Goff. They will be assisted by Mr. Wm. C. Johnstone of the Extension Service of the College of Agriculture, Lexington, Ky.

This meet is open to the public and everyone will be welcome.

The advantages of Hybrid corn over open pollinated varieties are shown under actual field conditions. Mr. Perkins has four different hybrids grown in the same field with three open pollinated varieties. The results are outstanding.

There are also two demonstrations in tobacco disease control that will be of interest to tobacco growers. Other interesting demonstrations will be visited by the group attending the farm meeting.

Regular Term Of Court To Open Oct 7

Light Docket Due To The Special Session, Jury Lists Published

The October term of the Rowan Circuit Court will open here on October 7, according to Joe McKinney who just released the Jury lists for the term.

With many of the civil cases closed, starting the special session held last week, it is the hope of Judge White to be able to get his docket fairly well up to date in the future.

The Jury list follows: Grand Jury: D. Johnson, A. Lowe, Jesse Jennings, Willie Pettit, Everett Hyatt, Ivan Reynolds, Neal Caudill, Felix Davis, Leslie Barnett, Russell Perry, W. L. Lambert, C. E. Jones, of Licking River, Arthur Caudill, S. T. Barr, John Grayson, Ben Datts, L. F. Sparks, Walter Glickerson, John Calvert and Asa Croshaw.

The petit jury panel: Luther John Wheeler Epperhart, J. W. Cline, Jerry Lewis, Mervel Scags, R. F. Stamper, L. W. Ellis, Lelaing Hodge, Everette Grestman, Mrs. Lena Wilson, Mrs. H. C. Lewis, Mrs. D. M. Holl brook, Bert Hays, Elmer Kidd, Lewis Riddle, Henry C. Black Van Hodge, W. H. Flood, Allan Hyden, and Nickel, Nancy S. King, J. A. Hays, Mrs. P. D. Davis, H. C. Elliott, Lem Pierce, W. P. Mabry, Ival James, B. C. Lytton, Mrs. R. G. Mauk, Clifford Stamper.

Important cases that are on the docket for the October term are: The case of John C. Perry charged with the killing of two of the children of Leonard Sorrell, son of A. Y. Sorrell. Humphrey was held without bond to await action of the Grand Jury. The case of John C. Perry charged with the killing of two of the children of Leonard Sorrell, son of A. Y. Sorrell. Humphrey was held without bond to await action of the Grand Jury.

The case of John C. Perry charged with the killing of two of the children of Leonard Sorrell, son of A. Y. Sorrell. Humphrey was held without bond to await action of the Grand Jury.

Rev. L. E. Mattingly Takes Over Pastorate

Rev. L. E. Mattingly, arrived in Morehead on Friday, August 16, to assume his duties as pastor of the Methodist Church. He held his first services here on Sunday.

Rev. Mattingly, who is unmarried, has taken rooms at the home of Mrs. Pearl Cookskey. The parsonage will be closed at least temporarily.

Virgil Wolford Is New Bank Director

At a meeting of the stockholders of the Citizens Bank held Tuesday night, Virgil Wolford was elected as a director of that institution, to fill the existing vacancy. It was disclosed at the meeting that, since moving to their new location on Bank Street, the deposits of the bank have been increasing by over 40 percent in the past six months.

Farmers Should Plant Cover Crops After Harvesting

County Agent Advises To Enrich Soil By Planting Rye, Barley, or Vetch

Rowan county farmers are being urged to sow cover crops on their clean cultivated land from which they are now harvesting. County Agent C. L. Goff and the commitment of the Rowan county Agricultural Conservation Association are especially active in this work at present.

Local seed stores have stocked seed rye, rye grass, barley, vetch and crimson clover for the convenience of farmers.

Local farmers have been doing a good job in soil building the past few years by using a large amount of lime and phosphate. But many of them have neglected to protect these gains by leaving their land bare and therefore open to erosion and leaching of plans food. Most of the county's better farmers are getting their cultivated land sowed to a cover crop this fall.

Courier Journal Has Eagle Writup

By Jimmy Jones

In his four years as a University of Kentucky athlete, peppy Ellis Johnson of Ashland, showed such competitive fervor that he became a star in the letter athlete in that school's history. During his four years as head coach at Morehead Teachers College Ellis has succeeded in imparting his famed competitive fire to the Eagles in all sports, particularly on the gridiron where they have won 27 games, lost five and tied two under his direction.

Last season the blue and gold Eagles of the green Eastern Kentucky footballs flew unusually high. They won six games out of eight played and lost a heart-breaker to Western. All their friends thought they would have done even better but for being plagued by injuries all season.

STAY ON GUARD

In a recent address, Colonel C. B. Robbins of the American Life Convention referred to the TNEC investigation of life insurance and the efforts of some to utilize it as a means of furthering Federal control of the industry. But, he said, the ultimate result has been to reassure the 65,000,000 policy holders who own life insurance policies of the safety of their investments.

"The insertion of a plank in the platforms of each major party this year strongly favoring state supervision," he added, "is indicative of the attitude of the leaders of both parties as to the whole life insurance situation."

The danger of bureaucratic dominance of the savings of the people seems, as a result, to have been temporarily avoided. But the people should remain staunchly on guard against political control of their savings.

Unfavorable pasturage and growing weather delayed marketing Kentucky lambs this season, and brought them in competition with western and corn belt lambs. This accounts largely for the big drop in prices in mid-summer.

BANKING BECOMES "HUMANIZED"

There's been a revolution in commercial banking in recent years. It has been a bloodless and salutary revolution—and involves manning's method of "selling itself."

Dead and gone are the days when the banker sat in his bank almost as remote as one of the Greek gods on Olympus, and waited for the nervous customer to come to him. Today banking goes to the customer—and it uses every possible medium to reach him. It advertises in newspapers and magazines. It issues brochures, which accurately explain to the layman how banking works. It has entered new fields of activity, such as small personal loans and automobile financing. And, as a result, its vital economic services reach a far greater proportion of the people than ever in the past.

Banking, in brief, has become "humanized." And that is all to the good for a variety of reasons. A public which really understands banking is not a public which readily falls for crackpot schemes to socialize the banks, or to otherwise give the political gnomes over the peoples' money. And, on the other side of the medal, when banking better understands the needs of the public, it does a far more effective job in building and strengthening the country.

Any many of character and standing with a legitimate financial need is welcomed in the

commercial banks of today. His business is wanted—whether it involves a hundred dollars or a hundred thousand, so long as it meets with the requirements of law and safe banking practice. The banks want to put their money to work.

WHAT'S NEXT?

Shown in contrast above are the largest and smallest cast aluminum pots seen in a recent home furnishings exhibit held in the Merchandise Mart, Chicago. Constructed for cooks who must quickly feed thrashing crews and the like, the 100 quart stock pot is equipped with a nickel-plated brass spigot and aluminum strainer. The individual tea and coffee pot, held by the model, is of half pint capacity.

Teachers In CCC Camp Make Good

(Continued From Page One) Trace tests the boys realize that they are really in bad shape because the majority of the men fail to pass the sixth grade tests given.

These men on assignment to classes generally feel that whether or not they want to go to the class, that class is the best place for them and being somewhat mature, they buckle down to make the best of the situation. However, to the surprise of all of them, they find that they can learn much faster than they have ever done before. The main reason for this seems to be that they want to learn and take an interest in their work that a child does not take.

During the past five years the WPA teachers at camp have taught somewhere near 1,500 men. These men have received much valuable training and the knowledge of the basic subjects has been brought to a point where they are able to carry on their own normal business in a much more effective way than would have otherwise been possible. There have been several cases where exceptional boys have finished the entire basic courses, which compare to an eighth grade education, in two years. The average boy, though on leaving camp is at least two years more advanced in school work than he was on entrance.

The knowledge he gained in the camp classes will stick by him too, he is proud of his work and has realized the value of an education to himself.

Regular Term Of Court Opens Oct. 7 (Continued From Page One) in the death of Noah Hoskins and his son, has been set down for the seventh day of the term.

The trial of Howard Kepley and Frank Stone charged with the murder of Herman Click on the Flemingsburg road will be for trial on the fourth day of the term. Clayton Withrow has already been tried on the same charge but came clear.

All of the men involved in the last mentioned case are from Olive Hill. The pocket at present appears to be rather light.

Courer Journal Has Eagle Writeup (Continued From Page One) years squad—the kicking, Lusic a junior and a fine running back last year has bloomed into a star punter this fall. His work in practice has been a revelation to Johnson, who tried him out with hopes of adding to his effectiveness and possibly adding a little more distance to his team-kicking average.

The Morehead squad of 1940 is ideally balanced as to classmen. There are only three seniors on it, the rest being almost equally divided between juniors and sophomores. It is one of the youngest squads Johnson has had and yet one that has been only lightly hit by graduation, comparatively speaking.

His main losses have been in the line where he has the most capable replacements. Those of last year's squad who did not return, were Radjans, a guard team; Tebay Rose and Roy Bailey, a couple of 210 pound who made the little All-American tackle; Frank Robinson, a regular end; and Glen Stanley, a triple threat quarterback who injured a leg with Western and did not play again all season.

To Plug Gaps

These are the only men who regular 1939 backfield of Lusic have to be replaced and Johnson thinks he has the stuff with which to plug all the gaps. His Benny Vanzelis, Bev Varney and Ralph Mussman is back intact, plus Henry Hatfield, a speedy junior who pulled a ligament in his leg and was out most of last season.

This backfield not only has size and experience but three of its members, Lusic, Varney and Vanzelis can step the 100 in a little over ten seconds. Last year Varney and Vanzelis both made the all KIAC and Varney, now a senior, was second high scorer in the State. Mussman was Both look as good as ever this fall and combined with Lusic and Hatfield, should give the Eagles four of the best ball carriers in the State. Mussman is a good field general.

Next to Lusic's kicking the thing that pleases Johnson most about his backfield is its passing round but can throw it, too, and three triple threats ought to give the attack plenty of deception.

This should make Morehead more attractive to teams to watch for formerly the Eagles depended mainly on speed and power. There are 11 backs in all, including four sophomores. One of the most promising of the latter is Robert Heitz, 180 pound Louisville boy and former Manual star.

Bulwark of the Morehead line is Paul Adams, the Eagles' light but brilliant center who made the all KIAC team as a sophomore last year. Adams, although he weighs a scant 165, is a heads up player and sparkplug of the defense.

He will be flanked by Columbus Norris of Pikeville, and Joe Ruchinskas, of New Britain, Conn., both juniors and regular guards last year. Conrad Varnery, kid brother of Bev, the half-back, and Bill Mack, also of New Britain, are two promising sophomore reserves. Jim Caudill an end last year, has been moved to the middle of the line as a way of adding further strength there.

Charley Smith of Louisville and ex-Manual captain is the only varsity holdover at tackle, but this position will be far from weak, mainly because of the presence of Richard (Foot) Dougherty of Dickinson, Penn., and Vincent (The Moose Zacher) of Ashland. These two huskies scale 190 each and both are fast. Johnson considers them among the most talented linemen on the squad. Andy Marshall of Marion, Ind., and Jim Riedinger of Newport, two more sophomores provide plenty of reserve strength.

The ends return four letter-men of last year and all juniors in Steve Sagady of Gary, W. Va., Astor Collins of Whitesburg, Eddie Farrell of Louisville, Penn., and Vincent (The Moose Zacher) of Mt. Sterling. Junior Lawson, another junior, is a good bet for a varsity berth. George Buckley, a soph, rounds out a sextet of first class flankmen.

The Eagles open a seven game schedule September 21 against "Cam" Henderson's strong Marshall College team of Huntington to be played at Huntington, and Murray at Ashland in another night affair the following week. Johnson feels he has a good chance to come out with a successful season. But its a pretty tough assignment for an opener, he admits.

MEET

Light AND Lively

THE FALLS CITY TASTE-TWINS

GET ACQUAINTED with the jolly taste-twins that make Falls City as light and lively as a sea breeze. And how, you may ask, does Falls City get that way?

The answer is in the costly extra steps that go into the brewing process of good old Falls City... plus the use of only the choicest natural ingredients: barley-malt, rice, hops and water as clear as crystal. No wonder it has that difference you'll like.

Always Ask For Falls City Beer

Sure HITS THE SPOT

Your first sip of Falls City will tell you that, it's light, therefore easily assimilated—and as you drain the glass to its last drop of amber goodness, your taste will agree it's as lively as good beer can be. Try Falls City today!

Buick SPECIAL 6-passenger 4-door Sedan, \$1052 delivered at Flint, Mich. Wheel shields and white sidewall tires, extra.*

AS surely as the new Buick FIREBALL* straight-eight engine sets the performance pace for the coming season, the graceful silhouette of the new Buick SPECIAL and CENTURY cuts the automotive style pattern for another half decade.

The reason is not alone the grace of its Buick-created lines, nor the appearance of solid substance in action that gives this honey the look of a speedster straining at its leash.

It is the practical quality of great room enclosed in sleek and flowing lines—more room for legs, for elbows, for heads, more room for entrance and more room for carrying luggage—that makes this the silhouette the cars of the future will seek to achieve.

Why wait for that—when in this Buick you travel in a car that, like time and tide, obviously isn't waiting for any man?

*According to the Encyclopaedia Britannica, a super motor which travels with a series of explosions like the shock waves of a great projectile is called a "FIREBALL."

Buick SPECIAL 6-passenger Sedan, \$1006 delivered at Flint, Mich. Wheel shields and white sidewall tires, extra.*

Buick prices begin at \$935 for the Business Coupe delivered at Flint, Mich.

*Transportation based on rail rates, state and local taxes (if any), optional equipment and accessories—extra. Prices subject to change without notice.
