"ONE OF KENTUCKY'S GREATER WEEKLIES"

VOLUME LX MOREHEAD, KENTUCKY, THURSDAY MORNING, JULY 9, 1942 NUMBER TWENTY-EIGHT

An Open Statement From U.S.O. Chmn.

The USO Campaign Committee of Rowan county is hearing the close of its war-fund drive. As chairman of this committee and on behalf of its members may I express our appreciation to the Morehead Independent for the splendid publicity you have given this campaign. You have made a real contribution through this service.

We have now \$600.00 of our \$700.00 quota in the form of \$475.00 amount approximately \$475.00 were raised in Morehead, \$80.00 at Clearfield, \$10.00 at Farmers, and \$25.00 at Haldeman. However, the Haldeman drive has not been closed yet.

After checking our receipt record we find that a good many citizens have not contributed to this drive. It may be that they have not been contacted by their committee members or they have been overlooked due to their being away on business. There are others who may want to give more than \$1.00 which was the typical amount contributed. There are others who have expressed a desire to give more, if the quota is not reached by July 4.

The citizens of this whole community are anxious to do their part. We are very happy, comfortable, and contented wherever they are—Island, Panama, Australia, or here in the States. We are glad to give each one an opportunity to raise his contribution.

Next week the Morehead Independent will run a front-page column carrying the name of each citizen who will contribute to this final appeal. We need \$100.00 more. If we can get two five-dollar contributors, it will put us "over the top." We believe there are twenty business and professional men who will meet this challenge. However, we will be grateful to anyone who will aid in this final drive in any amount.

Please remember to check to any member of the committee or the chairman and get receipt for same. Please remember to give to the USO office to which you give to the United States Government.

If any member of the committee has a receipt book which has not been turned in, or has any collected money not yet reported, please bring same with you to the office of Mrs. Glenn Lane, Citizens Bank. It is hoped that everyone will take an active part in reaching this last goal—raising \$100.00.

SIGNED: J. D. Falls Chairman.

Judd Publishes New Textbook In Education Field

Dr. R. D. Judd, head of the department of Education has a new text in the field of education. The title of this book is "The Essentials of Reading for Teachers." It is to be used in teacher-training courses for elementary teachers. The text covers most of the essential topics of reading in education. Aims, types, methods, mechanical, vocabulary, readiness, dramatization, hygiene and general reading, speed, reading comprehension, diagnostic and remedial treatment, how to study, and prognosis.

The text covers about 340 pages of material, with 270 thought questions at the end of the chapters, and 544 selected references in the bibliography.

Dr. Harold Blair Gets Army Commission

Dr. Harold Blair, local dentist, received notice this week that he had been commissioned as a lieutenant in the Dental Corps, United States Army.

Dr. Blair will leave Morehead about August 1st, to assume his duties in the armed forces.

Elijah M. Hogge Appoints Father Assistant Co. Atty.

Rowan County Attorney Elijah Monroe Hogge, left Morehead, Sunday, to report for training at the Naval Training School being conducted at Notre Dame University, South Bend, Indiana. Mr. Hogge had served six months of a four-year term as County Attorney.

Operator's License Now On Sale

The following young men have passed the test and are now in the air reserve corps subject to call when field facilities are available: Charles Douglas Cholon, Jr., 208 Sixth Street, Paducah, Kentucky; Bernard Elden Howard, White Oak, Felix Dennis Wellman, Robert Sanders Wells, Charles E. Turner, Morehead, and James Rose, Olive Hill.

Six Youths Pass Air Corps Tests Given Here, July 2

Major Fletcher W. Hufford, President of the Aviation Cadet Board, No. 3, Lieutenant-Colonel Don Johnson, Flight Surgeon, Lieutenant William Humber and a number of aviation cadets from the Lexington office were in Morehead July 2 giving tests for entrance in the United States Army Aviation Corps.

Roger Caudill Gets Commission In Navy

James Roger Caudill, son of Mr. and Mrs. J. W. Caudill, of this city, was recently appointed an Ensign in the United States Naval Reserve, and has received orders to report to Boston, Massachusetts, for training, on July 13.

Rural Teachers To Meet Saturday, July 18

The first meeting for rural teachers in the county, will be held at the Morehead High School gymnasium.

Summer Quarter To Begin July 20

The second five-week term of Morehead State Teachers College begins this week. The first session will open July 20 and extend through August, according to information issued by the faculty director.

Stream Fishing Hit By Weather Conditions

Anglers who do their fishing in Kentucky's more than 12,000 miles of streams have been handicapped by weather conditions for the past several weeks. It was reported to the Division of Game and Fish, due to the muddy condition of streams the anglers have had to depend upon lakes and ponds to supply most of the bass and new-light catches.

War Activities Committee At MC Is Appointed

Mr. Ed McJistin, Director of Education for Negroes at the State Department in Arkansas, was a guest speaker on the campus of MC Thursday, July 9. He represented the Office of Price Admin. and at a special faculty meeting in the afternoon the stated that the schools and colleges were being asked to assist in carrying out the national OPA program.

President William H. Vaughan has appointed the following committee to serve in college war activities: Chiles VanAntwerp, is chairman, Opelia Wilkes, Frances Boien, C. O. Peratt and Rienzi Jennings.

Teacher Institute Being Held At MC All This Week

This year MSTC is inaugurating "An Institute on Professional Relations of Teachers." Institute day set for July 9th.

The Institute is being sponsored by the Morehead Chapter of Future Teachers of America, with Frank B. Miller, sponsor by F.T.A. Dr. Miller is also the Director of the Institute on Professional Relations of Teachers. This year's program is only a beginning of larger ones in future years. A five-year program is being planned. This year's conference is making its report to those already on the campus.

Preliminary meetings in the form of forums and discussions are being conducted this week, culminating in Institute Day, Thursday, July 9th.

The Executive Committee of the Institute consists of: President, Frank B. Miller, chairman; Dr. R. D. Judd, Professor H. C. Hagan, and Professor Tom Young.

No Change In Rate Of Social Security Tax, Bohon Explains

There is no change in the rate of tax now being paid under old-age and survivors insurance, according to Elbert M. Bohon, manager of the Ashland, Kentucky, office of the Social Security Board.

Jimmie Clay Joins U. S. Marine Corps

James Edwin Clay, 21, 131 Main Street, Morehead, son of James and Maude Clay, was enlisted the first semester School Certificate and a major of approximately seventy-two quarter hours in commerce and economics. A major in commerce with a teaching certificate may be elected by those who do not plan to follow the teaching of business subjects as a profession. These programs include not only such subjects such as typewriting shorthand, office procedure and practice and accounting but general background courses as well. The student will not only have acquired marketable skills with which he can obtain initial employment in business or commerce but also a teaching certificate which may be used in the future.

Rowan Co. Collects 8 Pounds Per Capita In Rubber Drive

Twenty-five counties in Kentucky collected seven or more pounds per person during the six-week drive of the original Rubber Drive through June 30th, which was to have been the end of the Scrap Rubber Drive, according to an announcement made by the Petroleum Industry Commission.

Leading with a collection of 9/10 pounds per person was Carroll county, where the Petroleum Industry Commission is headed by R. L. Anderson of Carrollton. Ranking second with fourteen pounds per person in Boone county, whose chairman is W. A. Robinson, of Hopkinsville. In third place with 12.4/10 pounds per person in Montgomery county, under the chairmanship of State Representative J. Claude Starnes of Boone county. Other counties with 13-1/4 pounds per person is Mason county, whose chairman is Judge H. P. Purnell of Madisonville. In fifth place first twenty-five in the order of their per capita collections are as follows: Gallatin 12.7, Taylor 12, Hancock 11.9, Hart 11.7, Pendleton, 9.5, Pulaski 9.1, Anderson 9, Larue 8.8, Nelson 8.6, Trimble 8.3, Boyle 8, Grayson 8, Rowan 8, Washington 7.7, Hardin 7.5, Hart 7.5, Hopkins 7.1, Marshall 7.1, Shelby 7, and Simpson 7.

Mr. Downing reported that the state per capita collection for the period ending June 30 was 8-3/10 pounds per person in Boone and Jefferson county collected 8-3/10 pounds per person, 7/10 of a pound higher than the state average. In this week's contest, he reported only 1-2/10 pounds per person and this, Mr. Downing explained, was probably due to the fact of Ohio companies having their scrap rubber collections over to Cincinnati.

Louisville and Jefferson county collected 151,200 pounds of rubber in the first two days of the President's extension of his Rubber Drive to a grand total of over 1,800,000 pounds. The state total has been increased by over 1,400,000 pounds since July 30.

When the President's Scrap Rubber Drive started on June 19, a director of one of the Kentucky State Salvage (Hancock County) reported that scrap materials of all kinds were pretty well cleaned up in the county. It was not expected that very much more scrap rubber could be found. Up to June 30 this county has unaccounted for 1,000 pounds of scrap rubber per person. Dr. Downing reported in urging all cooperating organizations and individuals to intensify their search for scrap rubber.

Revival Meeting In Progress At Bowen Chapel

A revival meeting is being held at Bowen Chapel, community church, on Route 60 about nine miles east of Morehead, all this week, July 5 to July 12.

Professor Hagan And Clark Will Organize "Campus Park"

Professor H. C. Hagan and the Agriculture Club are building a "Campus Park" just back of the library. They have recently completed the concrete walk and an outdoor oven and others will be added soon. They are adding to the name beauty, little paths that will lead to the botanical garden of native wild flowers.

Stream Fishing Hit By Weather Conditions

Anglers who do their fishing in Kentucky's more than 12,000 miles of streams have been handicapped by weather conditions for the past several weeks. It was reported to the Division of Game and Fish, due to the muddy condition of streams the anglers have had to depend upon lakes and ponds to supply most of the bass and new-light catches.

Curtis Says Storms Are Cause Of Recent Power Interruptions

E. E. Curtis, District manager for the Kentucky Utilities Company has stated that the most severe electrical storms in the last ten years have occurred within the last twelve days in and around Mt. Sterling and Morehead which is serious with electrical currents of the Kentucky Utilities Company.

Mr. Curtis states that the numerous interruptions to electric service during the last few days are caused by the storms. He desires to assure the local electrical customers that everything has been done and will be done to minimize the number and period of interruptions by the local service men by both nighting hits it destroys and lightning of the intensity which we have had lately cannot be guarded against very effectively.

Canning Demonstration To Be Held, July 17 At Morehead High

Miss Dorothy Threlkeld, of the Home Economics Department, the University of Kentucky, will conduct a fruit canning demonstration at the Morehead high school, Friday, p. m., July 17. Canning of such items as tomatoes, peaches, and other fruits are invited to attend. The demonstration will be held at everyone grow and can as much as possible. Home preservation of foods is one of the important things that both rural and urban homemakers can do to help in our war effort.

Commerce Classes At MSTC Increased Steadily Since 1938

There has been a tremendous growth in the Department of Commerce since it was organized in February, 1938. The first semester that classes were given in the department there were twenty-eight students enrolled in the beginning classes in typewriting shorthand and accounting. Since that time there has been a steady increase in the enrollment of the Department. The first semester of 1939 found one hundred twenty students enrolled in the department and in 1941 the enrollment was one hundred and twenty-two and then in the second semester the number in the departmental classes reached three hundred forty.

Morehead has offered for some time a four year curriculum leading to an A. B. degree with the Provisional High School Certificate and a major of approximately seventy-two quarter hours in commerce and economics. A major in commerce with a teaching certificate may be elected by those who do not plan to follow the teaching of business subjects as a profession. These programs include not only such subjects such as typewriting shorthand, office procedure and practice and accounting but general background courses as well. The student will not only have acquired marketable skills with which he can obtain initial employment in business or commerce but also a teaching certificate which may be used in the future.

Revival Meeting In Progress At Bowen Chapel

A revival meeting is being held at Bowen Chapel, community church, on Route 60 about nine miles east of Morehead, all this week, July 5 to July 12.

Jimmie Clay Joins U. S. Marine Corps

James Edwin Clay, 21, 131 Main Street, Morehead, son of James and Maude Clay, was enlisted the first semester School Certificate and a major of approximately seventy-two quarter hours in commerce and economics. A major in commerce with a teaching certificate may be elected by those who do not plan to follow the teaching of business subjects as a profession. \$114,000 Reported Donated To State U. S. O. War Fund

The Board of Directors of the Rowan County School and Agricultural Fair has instructed me to report to you the results of the Fair.

The Board of Directors of the Rowan County School and Agricultural Fair has instructed me to report to you the results of the Fair. It was decided by this group that the Fair would not be held this year because of the present emergency and that our Federal Government had issued a request asking the County and State Fair and discontinue their activities for the duration. The Fair Board wishes to thank all who have so generously supported the Fair in the past.

Cecil Resigns As Member Of Local Draft Board No. 146

Resignation To Take Effect Immediately
July 8, 1942.

To the Citizens of Rowan County: I have the honor to tender my resignation to Colonel Frank D. Rash, State Director of Selective Service in Kentucky, for resigning as a member of the Local Board here since its organization, and have, because of that position, taken a considerable amount of unjustified criticism.

Any member of any Selective Service Board realizes that in such a position he will necessarily be required by the very facts of the case to take criticism. In this country there has been considerable criticism being laid on the shoulders of your local draft board, which is both unjust and unjustifiable by the facts of the case. The law and the regulations of the Selective Service Act, which has governed the actions of your board, are handed down from national headquarters, to State headquarters, to the Local Boards, each regulation being set out in a specific manner and any Board should be able to interpret the regulations without difficulty and to enforce them without discrimination if only.

During my period of service as chairman of your Local Board, I have made every effort to deal justly with every man whose case has come under the powers of the Local Board. I have endeavored to deal with each individual strictly according to the regulations laid down by national headquarters, and have no apology to make for any action which I have been a party to.

I feel, however, that in justice to myself, I should now resign my position as a member of the Board, and that reason I have tendered my resignation to take effect immediately.

THE HOME FRONT

The news from the fighting fronts has been bad, but there has been inspiring news from the home front. The tide of American production that will eventually wash out the Axis powers is rising resolutely.

War shipments by the automotive industry in April were forty-six percent greater than such shipments in February and war plants in other fields also continue to smash records.

The government this week is giving special attention to three factors which will help insure that the tide of victory is irresistible: It is trying to keep up the necessary flow of manpower, transportation and scrap metals. More and more women are sought for industry, it has been asked that unnecessary travel be avoided for the duration, and the War Production Board has called for an intense renewal of the campaign to get scrap metals and materials back to the furnaces.

When the scrap rubber drive is over, we are to begin a new and intensified salvage campaign. It starts July 13 and is expected to reach into every home and factory for iron, steel, copper, aluminum, fats and greases, and from selected metropolitan areas, tin cans.

Retail prices of the 1943 pack of canned and dried fruits will be raised as much as fifteen percent. Price Administrator Leon Henderson announced in a statement addressed to American housewives, he characterized the move as "a serious setback in the battle being fought by OPA to maintain...

A larger tire and tube quota for July than for June has been allocated to recouping the economic factors in increasing employment of workers in war occupations.

The new coupon gasoline rationing system which goes into effect in August on July 22 will give less than four gallons a week. Few motorists will be able to meet requirements for obtaining extra motor fuel.

Restrictions were removed from the manufacture of lingerie for maternity wear in a new WPB order which also permits double yoke material for flannel gowns and pajamas and ruffles in children's sizes three to six and girls size seven to fourteen on a two-seam garment. Evening slips are given the same sweep and length measurements as nightgowns.

A higher percentage of the 1942 pack of certain fruits and vegetables has been set aside for release and army-navy requirements. Toys and games will be brought out as a separate price control shortly.

One hundred and fifty milk distributors in the northwest Ohio met in Cleveland last week and volunteered to form their own committees to support a tire truck conservation program.

Because ice prices prevailing during March, 1942, were at the lowest levels in some years and did not reflect the increase occurring since the beginning of the 1941 summer season, the OPA has set a base period for price ceilings on ice from March to April.

TIPS TO FARMERS
By Dan Brame
Rowan County Agent
Rowan county farmers are cautioned to thin their hemp. Thinking is one of the most important factors in the success of the hemp seed production. Most of the hemp seed is produced on the branches of the plant and not more than four to five plants will be left in each hill, so they will have room to branch well from near the bottom to the top of the plant.

Rowan county farmers should cull their hens in July. All those that are overly fat and beginning to brood down and become bogy, baggy, should be culled. Feed something besides corn, as hens will not lay their best eggs on milk or mash is kept before them. Examine the hens for lice and mites. Use nicotine sulphate on the roost poles or dust with four per cent DDT.

There are only a total of 308,000 public transportation vehicles in the United States buses and street elevated, subway and railway cars. There are 145,000 trucks, street elevated and subway cars number 35,000 and railway coaches, sleepers and lounge cars account for the remaining 78,000.

The two or three dozen industrial plants working on one procurement division of the army will tie up more than 100,000 freight cars a day when working at full capacity. These cars need to haul raw materials to the plants and carry munitions and waste products away, representing about four times as many cars as they usually on the tracks of so large a freight center as New York.

DeMille Film To Be Presented At Schine's Russell

Mayville Theatre To Present "Reap The Wild Wind"
The incredible Cecil B. DeMille has done it again. His rowdy, racy, lavishly filmed "Reap The Wild Wind" opens at Schine's Russell Theatre, Mayville, Saturday, Sunday, Monday and Tuesday, in the full blaze of spectacular and, in the DeMille tradition, it immediately established itself as a hit.

While acting honors go to the trio of stars, Ray Milland, Paulette Goddard and John Wayne, the main credit must go to the director himself. It bears his unmistakable "touch," which only the Old Master himself is able to impart to a picture.

"Reap The Wild Wind" is a tale told in bold, heroic strokes of America's fight to rid the Florida Keys of a piratical yester who preyed on the lifeline of her windjammer merchant marine in the 1840's. DeMille's 66th picture, under the Paramount banner, the present truly great film need make no obession to any of its predecessors.

The stand-out sequence in this swash-buckling saga of the sea comes when Ray Milland and Paulette Goddard, who are at the bottom of the Caribbean, engage in a nightmarish battle with a giant squid. The picture is a masterpiece of photography and excellence of story. It's great drama any way you look at it.

In the star-studded supporting cast, Raymond Massey plays the heavy villain, King Cutler, chief of the wreckers, Lynne Overman portrays his mortal enemy, Robert Preston. Susan Hayward, Charles Bickford, Martha O'Driscoll, Walter Hampden, Janet Beecher and Louise Beavers do magnificently by their appointed parts. Hundreds of others appear in lesser roles. The film play in particular, according to the campaign chairman, was the best of the Bennett and Jesse Lasky, Jr. from the Saturday Evening Post story by Thelma Strabel.

Schools To Stage Demonstrations

Plans to extend into the field the services of the War Department Civilian Protection School at Purdue University, Lafayette, Ind., were discussed this week by Colonel Willard A. Johnston, head of the OGD, civilian protection officials. Dan O. Moore, director of the Fifth Region of the Office of Civilian Defense, announced today.

According to present plans, the school's officers would stage two-day demonstrations of protective measures in strategic localities throughout the region. "These demonstrations would give the entire local civilian defense officials a chance to acquire some idea of the intensive nature of the courses at the Indiana school, and they would also serve as clinics where local problems of protection would receive expert treatment," Mr. Moore said.

Although complete plans have not yet been worked out, Mr. Moore said, they called for the staging, in conjunction with the course for civilian defense leaders, a mammoth public demonstration of certain vital aspects of civilian protection.

Mr. Moore indicated that full plans regarding the demonstrations and extension courses would be made public soon.

The leather in a pair of men's oxfords would make an officer's pistol holster.

Vetch Great Crop Say Henry Farmers

Henry county farmers grew approximately 1,000 acres of vetch this season, about four-fifths of which was turned under to enrich the soil.

Bob Mason has seventy-five acres of vetch and small grain, of which he will harvest twenty-five or thirty acres for seed. He is planning to grow tobacco continuously on the same ground, with the aid of vetch.

Paul Boyer has forty acres of vetch, some of which he will throw under. Minor Maddox will plant acres of vetch and shrubs, and Linden James has a field of vetch and barley.

Chandler Campaign Headquarters Open At Frankfort

Robert Humphreys, Of Mayfield, Is Campaign Chairman

State headquarters of Senator A. B. Chandler, candidate for re-election to the United States Senate, has been opened in the Capitol hotel at Frankfort. It was announced here today by Robert Humphreys, Mayfield, Chandler's campaign chairman.

Mr. Humphreys also announced that Charles G. Franklin, Madisonville, has been named as co-chairman of the Chandler campaign and will be associated with him at the state headquarters to assist in the organization and other activities connected with the campaign. Mr. Franklin, former state senator representing Hopkins and Christian counties, and a leading attorney in western Kentucky, was a close friend and advisor of the late Governor Ruby Laffoon and is a firm supporter of the administration of Governor Kern Johnson, Mr. Humphreys stated.

With the opening of official headquarters, assurances of the support of many of Kentucky's outstanding citizens and political leaders have been received in Frankfort, according to the campaign chairman, who added that among these were scores of passages indicating that much new support has been won by the Junior Senator in appreciation of his splendid representation of Kentucky.

Returns From One Ewe Total \$40.61

There's money in sheep, says County Agent Ralph D. Winchester, of Russell county. Here's why: Chester Gosser of Russell county received \$40.61 for lambs and wool produced by a three-year-old ewe. She had triplets. She costs \$9.75 when Gosser took her out at brand of northwestern ewes two years ago.

Social Security Tax Must Be Paid On Vacation Jobs

College and high school students who are employed in commerce or industry during the vacation season are subject to old-age and survivors insurance under the Social Security Act. Taxes must be paid on such employees regardless of whether they work part time or full time and regardless of their age.

This statement is made by Elbert M. Bohon, manager of the Ashland, Kentucky, field office of the Social Security Board. He explained that students who have worked in the second quarter of 1942 must have their wages reported and their social security account numbers given in the tax return which each employer must file for this period. The second quarter return is due not later than July 31 and must be made to the Collector of Internal Revenue in this district.

Third quarter wages must be reported similarly and taxes for that period paid not later than October 31. A return is not complete unless it includes the names and social security account numbers of all the persons for whom old-age and survivors insurance taxes are being paid.

Activity Approved By War Department

The Civil Air Patrol of the Office of Civilian Defense has evoked considerable comment from the House appropriations committee working on the first supplemental national defense appropriations bill, James M. Landis, director of the Office of Civilian Defense, today informed Dan T. Moore, Fifth Region OCD director.

War Department and is rapidly developing into one of the most effective arms of civilian defense," the House committee report said. Forty-eight wings, subdivided into groups and squadrons, have been established, one in each State, the committee noted. It also revealed that the total enrolled membership is now 51,000, including more than 20,000 experienced pilots and that the patrol now has 4,500 aircraft.

"These patrol units are called upon by Army Base Commanders

to perform many official missions such as couriers, reconnaissance and observation, exercise of aircraft warning service, towing targets, observation of blackouts, and forest patrol. Additional bases are desired by the Army along the coasts and an increasing volume of civilian personnel is needed in connection with manning and operating them."

Commenting on the organization and activities of the Office of Civilian Defense, the committee pointed out that "the function of the office in coordinating other federal activities with the work of Civilian Defense and of organizing, instructing and assisting the efforts of citizens and local organizations in the protection of lives and property against damage from war hazards constitutes one of our most important responsibilities.

The National office is cooperating with State Councils of Defense in each of the forty-eight states, more than 9,000 Local Councils, and a volunteer citizen membership approximating 9,000,000 persons.

"The work of the Office of Civilian Defense has been thoroughly reorganized and the committee feels that the house will be gratified that the basis for criticism which formerly existed has been removed. The Physical Fitness Program, the Youth Program, the Know-Your-Government Program, and the offices of Inspectors General have all been dropped. Aside from the service divisions, the main divisions of the central office are the regional offices are those dealing with mobilization, protection, facility security, and civil air patrol."

The committee approved the budget estimate (\$7,447,975) for the office of Civilian Defense. In doing so, it observed that "the work of civilian defense is making progress toward adequately equipped and trained organization. It is to be hoped that our people will be spared the loss of life and devastation of property that war has brought to other nations. Our immediate duty is to press the organization, training and equipment of the local defense groups so adequately that if we are called upon to meet these emergencies the citizen groups in any community that may be attacked will be prepared in every respect to deal promptly and effectively with every aspect of the disaster. The Federal Government owes them expert guidance, equipment, and assistance of the most experienced type. The Office of Civilian Defense with the funds allowed will be able to round out its field organization and strengthen its central office staff in a manner that will go far toward achieving this responsibility."

John Y. Brown To Speak Friday

Promising "further revelations of improper political behavior," John Young Brown has announced in Lexington that he will make a second radio address over station WHAS and other stations Friday evening from 7:40 to 7:55 p. m., in his campaign against Senator A. B. (Happy) Chandler for the Democratic nomination for U. S. Senator. Brown said the fight has just begun to investigate the gift of a swimming pool to Senator Chandler by a war contractor.

Sale Of 7 Species Of Fish Is Illegal, Says S. A. Wakefield

Kentucky Game and Fish laws prohibits the sale of purchase of seven species of game fish—black bass, channel or fiddler cat, under fifteen inches in length, sturgeon or huckleback, crappie, jack salmon or walleyed pike, or striped bass, sand pike or sauger—S. A. Wakefield, director of the Division of Game and Fish, pointed out to Kentucky anglers today.

The same statutes prohibit the serving of any of the above species of fish by any hotel, restaurant, etc. except that a fish legally taken by a guest may be prepared and served to that guest.

The Conservation officers of the Division of Game and Fish made a total of forty-four arrests during the month of May and received a total of thirty-three convictions and checked 301 fishing licenses, according to a statement issued today by S. A. Wakefield, director of the Division.

Of the thirty-three convictions two received from April arrests. And of the forty-four arrests thirteen have not been tried to date.

Squirrel Season To Open August 15

Kentucky's open season for hunting grey or fox squirrels will begin this year on Saturday, August 15, and close on Saturday, October 31, S. A. Wakefield, director of the Division of Game and Fish announced today.

The daily bag limit for squirrels is six with possession of not more than two days bag limit. Reports from various sections of the state where woods abound would indicate that there will be a plentiful supply of the bushy-tailed squirrels for the coming open season. It is strictly against the law to sell squirrels.

Morgan Co. Youths Leave For War Jobs In East

Thirteen young men from the NYA War Production Shop in W. Liberty, left Wednesday morning for war production shops in Hartford, Connecticut and Baltimore, Maryland. These young men who left for Hartford were: Charles W. Friend, Kermit E. Little, James B. Buchanan, Bernhard E. Patrick, and William C. Lowe. The young men who left for Baltimore are: Max H. Vance, Chalmers T. Kilgore, Gilbert Oney, and Grover H. Vance. These young men were sent to an NYA Residence Center in the two cities mentioned where they will receive additional training for a few days and will be interviewed by personnel of nearby war industries. Mr. Bernard E. White, NYA Personnel officer, said this is the first group to leave West Liberty and that others will go later.

MISS KATHERINE WILLIAMS PALMER

Nashville, Tennessee, from which she was graduated last June. Mr. Daugherty is the son of Mr. and Mrs. Carroll Daugherty of Morehead, Kentucky, and attended N. Carolina State and Centre College at Danville, Kentucky. At present he is in training at Pensacola, Florida. The wedding will occur in the late summer.

ly inaugurated a one and two year program to provide training for stenographic and clerical workers needed in defense plants and for civil service positions. Special emphasis is given in this short curriculum to typewriting, shorthand, English, business arithmetic, and retorial procedure and practice. This work is all on the college level and students receive credit toward graduating while they are preparing for immediate employment.

The college has equipped the Department with the most modern machines found in the business office, and all of this equipment is available for student use. The offerings of the Department for the second summer term which begins July 20 include courses in beginning, intermediate and advanced typewriting, business English, Secretarial procedure and practice, Secretarial office machines and clerical office machines. Students interested in commercial work will also find courses of interest in the Department of Economics and Sociology.

Mr. and Mrs. John Milton Palmer of Morehead, Kentucky, announce the engagement of their daughter, Katherine Williams, to Cadet John Thomas Daugherty of the Marine Air Corps. Miss Palmer attended Transylvania College, where she was a member of Chi Omega Sorority. She also attended Morehead State Teachers College and Peabody College at Nashville, Tennessee.

All teachers a administrators are welcome at this institute. A number of Superintendents have indicated their particular interest in the Institute, and several will be in attendance. Topics thus far discussed are "Work Towards the Professionalization of Teaching," "Recruiting for the Profession," and "Teachers Salaries."

"Sound public relations can be built only on a sound professional relations policy," is the keynote of the Institute throughout the United States. An Institute on Professional Relations is an informal, democratic gathering of the teachers in attendance at summer school—along with the faculty of the institution and representatives of the other agencies which are deeply concerned in the professionalization of teaching—for the discussion of the teacher's relationship to his profession and to the public.

REMEMBER PEARL HARBOR!

Sat.-Sun.-Mon.-Tue. July 11-12-13 & 14. "They Even Photograph My Check?"

"Don't tell me about all banks being alike. When I hear others talking about their banks, I'm amazed at the things my bank does for me. Little extra things that count, and make a man feel like the bank's most important customer. Why, they even photograph my checks!"

The Citizens Bank photographs by Recordak every check drawn on its checking accounts. The films become a permanent record and may be referred to at any time; or a facsimile may be reproduced to establish proof of payment of a bill or other obligation. This is a valuable service, and offers a high degree of protection. It is doubly appreciated by customers of this bank because it is available in Morehead only at The Citizens Bank.

Time Is Money

In these busy days it may be difficult for you to find time to do all the things you want to do. But there are many ways that precious time may be saved... and one of these is to mail checks drawn on this bank when paying bills.

It may not take much time to go to one office to pay a bill. But there are many bills each month, and the total of the time required during a year is really surprising. Steps make miles and minutes soon make hours. If you value your time, you will value a Checking Account here. Time is money, and few can now afford to waste it.
