Freud Hogge To Represent Rowan County

Son Of Grover Hogge Wins First Place In Spelling Contest Friday. The last rural teachers meeting was held Friday, January 17, and was pronounced a success. The spelling contest was the feature of the meeting. The contest was called to order by Superintendent Roy Corneley. Rev. Lester conducted the devotional exercises. Immediately after the devotional exercises, the spelling elimination test for the spelling contestants was held. There were 34 contestants entered and only 11 were eliminated. Twenty three contestants took part in the oral Spelling Bee. Fred Hogge from Cranston School won first place. Fred is an eighth grade student at Cranston, is twelve years of age and the son of Mr. and Mrs. Grover Hogge. Besides receiving an award of \$10.00, he will receive a trip to Louisville with the State Spelling Bee with all expenses paid by the Board of Education. Nanette Robinson, student at the Breckinridge Training School won second honors with an award of \$5.00, and Ruby Caudill Morehead Consolidated School won third with an award of \$3.00. Charles Caudill from this school won fourth honors. The boy is only ten years old and is in the sixth grade. Because of his age, it was felt that he deserved some special mention. He is an exceptional speller for a child his age and we believe we will hear from him in the future. The spellers, who took part in the oral contest, are as follows: Lucille Trammell, Geneva Picklesimer, Oleta Robbins, Dorothy Swim, Estell Hargis. (Continued On Page Three)

Martha Jean Hancock Wins Pontiac Car

Martha Jean Hancock, seventeen year old daughter of Mr. Jack West was awarded the 1941 Pontiac Sedan by the Ashland Ford and Eight of the American Legion on Saturday afternoon. Miss Hancock is a senior at the Kentucky Female Orphans School in Midway, Ky. Upon her graduation in June, she will enter nursing training. The Forty and Eight presented to the King's Daughters Hospital in Ashland, for use in Eastern Kentucky as first nurses. Just recently also a baby incubator. Mrs. West is President of The Corbie Ellington Post, American Legion Auxiliary, in Morehead.

Eagles Must Depend On Feet And Head

Centre And Eastern To Be Foes On Friday And Saturday Of This Week. With one conference victory to their credit, the Morehead Eagles, who are in the conference title trap on Friday night of this week when they meet Centre in their second conference game of the season. On Saturday, the Eagles meet Eastern State here in Morehead. The Eagles in what is considered age of the feature matches of the season. In spite of the fact that the Eagles came off second best in their tilt with Wilmington College last week, Coach Johnson says the Eagles displayed the best brand of ball they have shown yet for his season. There as in previous encounters it was a question of speed and accuracy against height, with the height winning for Wilmington. The Eagles, without a man on the squad measuring over six feet, and with Tiny Wiggins having to stretch to make his high jump, otherwise his average would have been well above \$20.00 per hundred pounds.

Mens Club Hears Dr. J. D. Falls Discuss Behavior

Conflicting Mental Behavior was the subject of a most unique and interesting address delivered by Dr. J. D. Falls at last week's meeting of the Morehead Men's Club. The individual is unable to fathom the underlying causes of his own behavior," said Dr. Falls. "Good or bad, right and wrong are incalculably by the approval and disapproval of those whom he respects, honor or even fear." Dr. Falls said the defense mechanisms we set up may be classified as repression, disassociation, compensation, displacement, projection, interjection, transfer, rationalization, and introjection. The following coming programs at the club were announced: Jan. 22, Dr. G. B. Pennebaker. Jan. 29, Rev. L. E. Mattingly. Feb. 5, Glenn Lane. Feb. 12, Dr. J. C. Black. Feb. 19, W. B. Jackson. Feb. 26, Dr. R. D. Judd. Mar. 5, R. W. Jennings. Mar. 12, Dr. T. F. Ferrell. Mar. 19, Emmitt Bradley. Apr. 2, W. C. Wintland. Apr. 9, Dr. J. O. Everhart.

Legion Post To Enumerate War Veterans

Cooperating With National Headquarters In Preparing Defense. The Corbie Ellington Post of the American Legion, cooperating with national and state headquarters, will enumerate the world war veterans for national defense purposes. Arrangements have been made for veterans to report to the court house where they will be assisted in filling out the questionnaires. There is no obligation for the veterans to do this. National Legion Headquarters has devised this means of listing and classifying the veterans and Legionaries for possible emergency national defense service. The Legion is the foremost World War veteran organization in taking the lead in aiding in the defense program of the nation. Post may start registration as soon as the questionnaires are received, and if all veterans are not listed on February 22, the registration may continue until the service men to do this in this case does not mean military service. The Legion feels how ever that in this emergency every member will be able to find some work to do in the defense program, and it is to have the information needed to fit them in the right place. The questionnaires are being filled out.

Announces For Bert Tolliver Jailer's Office

Has Been Prominent In City And County Business Circles For Years. In this issue the announcement of H. B. Tolliver as candidate for the office of Jailer of Rowan county, subject to the Democratic primary on August 2, is published. Mr. Tolliver has been a life-long Democrat, has been prominent in business circles in this county for many years, and is well known throughout the county. He has never asked for public office at the hands of his friends but in the past has taken an active part in the civic and community life of this county. He was one of the best loved donors when funds were being raised with which to bring the Morehead State Teachers College to this city. He is asking that the people of this county give his candidacy consideration, and he will appreciate their support and influence. His announcement appears on another page of this issue.

New Flu Shots To Be Given Here Thursday

Only Fifty Shots Received By Local Health Office. Given Thursday. Dr. T. A. E. Evans, County Health Doctor, has received word that they have forwarded to him fifty shots of the new remedy for influenza, commonly called "Flu." The remedy according to Dr. Evans is purely new, and is still more or less in the experimental stage. However, it has produced results in many cases. The fifty shots have been at the Rowan County. The remedy must be mixed, and after being mixed is good for only six hours. For that reason, Dr. Evans asks that all who wish to take the shots register at his office between now and next Thursday afternoon, when the shots will be administered. Any one wishing to take the shot of the new medicine is requested to leave his name and address with the County Health Office, Mrs. Raymond. It will be necessary for them to go to the health office on Railroad Street Thursday afternoon to take the shot, as the medicine will be mixed at that time and must be used as they are available. So if you wish to obtain one, register early, as those who register first will be served first.

Citizens Bank Reelects Officers For Coming Year

Excellent Progress Made In Past Year By Local Financial Institution. At a meeting of the stock holders of the Citizens Bank held two weeks ago, the following directors of the institution were elected: C. B. Baugert, C. E. Dillon, Dr. T. A. E. Evans, J. W. Jones, Virgil Wofford, G. W. Jones, Mark Logan, and Chiles Van Arman. The meeting was the largest ever held by the stock holders of the bank with many in attendance who have previously failed to present. The Citizens Bank, according to an announcement published in the News last week, have greatly increased their deposits in the past year, and are showing a decidedly improved statement over any previous year. At the directors meeting held Saturday, the same officers were elected to serve for the ensuing year. J. W. Jones was elected as vice president of the institution.

Breck Loses To Strong Inez Indians 30-18

Creed Patrick Outstanding As Visitors Demonstrate To Full House. In a game that was fast and furious for the first, the famed Inez Indians from Martin County defeated Breckinridge Training School Eagles 30-18 at the College gym Friday night. The Indians started fast with a field goal at the tip off. Breckinridge came right back and the score at the end of the quarter was 6-5 in their favor. The score at the half was 14-8. Creed Patrick at forward was the outstanding man for Breck although he made only two points. He played outstanding ball on defense and had a big part of Breckinridge rebounding. The crowd was one of the largest to attend a high school game in regular season play.

Rural Schools To Close This Week End

Few Teachers Have Days To Make Up Due To Influenza Illness. The rural schools will close the school year Friday, January 24. There are a few teachers who have only a few days to make up. The consolidated schools of the county have been hard hit on their attendance by the Flu epidemic. Haldeman schools was forced to close last week due to a large number of absences. However, they resumed their school work Monday. It is believed that the schools will continue their work if the Flu epidemic does not grow worse. The consolidated schools are so congested that they will not be able to take new students from the rural districts in the grades. Any eighth grade student who plans to enter High school should consult his teacher before making a definite decision. It is not thought to be the best practice either for the child or the school for them to enter in the middle of this school year. (Continued On Page Three)

Mrs. Dave Peyton died at her home on Paragon on Thursday of last week the first victim of influenza in Rowan County. Funeral services were held at Paragon on Saturday, conducted by Rev. Henry Hall. Burial was made in the Paragon Cemetery.

Board Of Ed. Records Audited And Approved

The records and accounts of the Rowan County Board of Education were inspected recently by the auditor, J. C. Mills from the Department of Education. Mr. Mills stated in his report that all records were well kept and the financial records are reconciled monthly and the account is in balance.

Meaneast Man Is Yet To Be Found

Them with many eggs to use. They were Chickens and Mrs. Fraley was proud of them. But Monday night of this week this afore mentioned skunk in human form had been found. That is an insult to a decent skunk! broke into Uncle Bob's chicken house and stole every one of the chickens. There may be worse people than a skunk to get along at. At the same time get along at. But we doubt it. And if ever a chicken thief deserved the death sentence that that is the one.

Home Ec Department Serves Free Lunch

The Home Economics Department under the direction of Miss Mary Alice Calvert served lunch to one hundred twenty-five rural teachers and children who attended the all day teachers meeting, spelling bee and art exhibit.

- The menu was as follows:
1. Creamed chicken on timbales
 2. Mashed potatoes
 3. Green beans
 4. Cranberry sauce
 5. Hot rolls and butter
 6. Coffee, apple pie and cheese
- The spellers and art students had hot chocolate and pie alongside instead of coffee and apple pie and cheese. The agriculture boys helped the girls in preparing food, such as dressing chicken, paring potatoes, running errands, etc. A good time was had by all.

The Morehead Public School pupils entertained the teachers and pupils of the rural schools at luncheon with the following program:

1. Two songs
2. Second grade string music and songs
3. Art display
4. One song, high school Glee Club (Boys and girls)

The 7th grade girls will enroll in the glee club next semester. The 7th grade girls will enroll for gym and junior basketball.

The band is progressing nicely. The pupils have been able to secure only a few instruments but those who have instruments are practicing and have now reached the stage where one can recognize the progress.

There are three principles of work that should be obtained from back fat and trimmings and that obtained from intestinal fat. Usually, on the farm, the first two grades are rendered together, while the intestinal fat is rendered separately.

Here is the great picture of Jesus Christ, interceding for our sins. They are shown that their sin of God is upon them for their wrath. They are afraid of his judgments. Then they are told of Jesus the Saviour, whom Paul represents in the story. If they will confess their sins, Jesus will speak to the Father and he will say to the Father, "If he hath wronged thee, or overthrew anything of thine, accept of it: they are thine." He will say, "Father, I am sending this straying sinner back to fellowship with you. He has lost me all his sin and I have asked you to forgive it all to me. So when he comes to you, receive him as if he were myself."

One upon a time there was a great preacher who went out over the country carrying the message of Jesus Christ the Saviour of man and women in different countries around the Mediterranean sea. The people who read the various countries where he went were opposed to the Gospel and he was put in prison. There was a young preacher with him, whom the old preacher had found on one of his preaching tours, and they were both put in prison at the same place and time.

The city could not make an outright purchase, unless the entire cost was available for payment on delivery. The law prevents any city from over-expending its budget and from contracting debts. A decision by the Court of Appeals, however, suggested that the lease method was entirely legal.

It is well understood, of course, that the city will eventually become the owners of the equipment, when sufficient money has been paid on the equipment to make the transfer legal.

Morehead has one of the most efficient and successful fire departments in the state with a reputation that is second to none. The department has built up that reputation under the handicap of poor equipment, limited amount of hose and an antiquated fire truck. With the new equipment their record should be even more impressive.

What the general public has fire insurance premiums would have more than doubled and the additional premiums would have far exceeded the total cost of the equipment.

Marriage Law Is Explained

(Continued From Page One)
The blood specimen taken by him from the applicant must be examined by a laboratory approved by the State Department of Health. At the present there is no such laboratory in Morehead, necessitating a delay of three to five days for the report from the laboratory to which the physician sent the blood specimen. The closest approved laboratory to Morehead now is in Maysville. However, it under-

stand that several local physicians are intending to apply to the State Department of Health for approval of their laboratories for the purpose of making these tests, which approval, if granted by the Department, will eliminate any delay for applicants for marriage licenses. No fixed price has been established by the state department of health, or any other authority for the medical examinations and tests.

Huge Number Of Needless Fires Reported For Year

Cumberland Forest Reports 324 Fires In Area Burned 3,300 Acres

(Continued From Page One)
1940, the Cumberland National Forest had to fight and extinguish 324 fires which burned over 3,300 acres of timberland and cost Uncle Sam over \$25,000.

Every one of these fires was caused by man and could have been avoided if reasonable care had been taken.

31 per cent of these fires were started maliciously with a desire to do damage either to an individual or to the public; 26 per cent were caused by hunters, fishermen, school children, drunks, unbalanced individuals and others who built camp fires and warming fires and left them without extinguishing them; and 20 per cent were caused by land owners and tenants, burning new ground.

The personnel of the Cumberland National Forest are assembled in Winchester, Ky., today to formulate plans to drastically reduce this great number of needless fires. These plans include the making of individual contacts over a 200 mile front in an effort to educate the public and where this fails, to take appropriate action in State and Federal Courts with those failing to cooperate except when forced to.

Kentucky desperately needs game, fish, clear water, timber and jobs—all these can and will be provided in large measure if you, the public, who are Uncle Sam, will insist that Forest fires must stop.

Will you not cooperate with the State and United States Forest Service in using care with fire in the woods? Caution others and report malicious offenders.

Employees Must Issue Wage Reports To All Employees

Employees who have not issued wage statements to their workers who are covered by the Social Security Act, covering which has been purchased by the earnings for the year 1940, must

issue such statements now contract of 114 acres, located at ering earnings of such individuals. This site is about five miles from the 12 months just ended. This statement was made to-day by Albert M. Bohon, manager of the Social Security Administration, in the Social Security Bureau office in Ashland, Ky. Mr. Bohon cited the following passage in the Internal Revenue Code, as amended August 1939 to show the necessity of required of employers of persons who are covered under the old age and survivors insurance system. The citation follows: "Every employer shall furnish to each of his employees a written statement or statements, in a form suitable for retention by the employee, showing the wages paid by him to the employee after December 31, 1939. Each statement shall cover a calendar year, or one, two, three or four calendar quarters, whether or not within the same calendar year, and shall show the name of the employer, the name of the employee, the period covered by the statement, the total amount of wages paid within such period, and the amount of the tax imposed by Section 1400 with respect to such wages."

Commenting on the meaning of this provision Mr. Bohon said: "Where statements have been issued regularly in the manner prescribed by the act, an annual statement, which is called a receipt for wages, need not be issued. Where no written statement has been furnished heretofore, an annual statement is required for all workers. Any employer who vitally fails or refuses to supply such statements is subject to a civil penalty," he added.

The law provides that these statements must be issued not later than February 28, covering the year 1940. In cases where one leaves service of an employer, the statement must be given on the day when the employee receives his last wages.

Hudson Motors To Build New Ordinance Plant

Hudson Motor Car company announced today that it has contracted to build and operate for the United States Navy a \$13,000,000 Ordnance Plant to be erected on a site near Detroit. The land for the new plant Social Security Act, covering which has been purchased by the Navy Department comprises

LIME, PHOSPHATE IMPROVE PASTURE

Applying limestone and super phosphate almost doubled the carrying capacity of pastures, in tests made on 71 fields in Hopkins County, Kentucky, since 1928. Woodrow Coats, assistant county agent, summarizes the results as follows: Untreated pasture required 250 acres to feed one animal from May 1 to November 1. Where lime alone was used, 225 acres were required. Where lime and phosphate both were applied, 150 acres were enough.

Coats adds that fields receiving no treatment had a shorter grazing period during the year, since most of the growth was "respected" with comparatively little grass.

The tests were made by the Kentucky College of Agriculture and the Tennessee Valley Authority.

Infantile Paralysis Campaign On; Need for Funds In State Stressed

One of Kentucky's polio victims, charming and patient.

This picture is worth more than the Chinaman's 1,000 words in bringing home the effects of infantile paralysis, and it thus serves to emphasize the real appeal in the campaign under way throughout Kentucky to fight polio.

Outstanding men and women in each county are working under the State Chairmanship of Judge J. J. Kavanagh, Louisville, to raise money and for the treatment of the victims.

Note to Editor: It is suggested that you prepare a follow story on your local campaign to accompany this mat. It is submitted to you on its merits, in the hope that you will consider it worthy of space in your paper.

Eagles Win From Cedarville College

(Continued From Page One) Judged by past performances both Centre and Eastern should have a comparatively easy time with the Eagles. Eastern, particularly is rated far above the Eagles. None-the-less the Eagles are pointing for the game, and hope to be able to offset any advantage the Maroons may have by a dazzling display of passing and footwork. They are definitely out to win, regardless of size. The Eagles are leaning heavily on Duncan, who starred in the Wilmington performance.

Non Fiction Books. Today we are going to discuss Non-Fiction books that have been published recently. They are as follows: 1. Armstrong, Margaret. TRELAWNY. MacMillan Publishing Company, \$3.00.

With the sparkling vigor and dramatic color which distinguish her biography of Fanny Kemble, Margaret Armstrong now writes of Edward Trelawny, a man who married the daughter of an Arab sheik, whose friendship with Shelley ripened into the greatest experience of his life, and who fought with Byron for the freedom of Greece.

Boone Howard Announces For County Jailer

TO THE DEMOCRATIC VOTERS OF ROWAN COUNTY: I wish to announce my candidacy for the office of Jailer of Rowan County, subject to the action of the Democratic voters of Rowan County on August 2, 1941.

I have been a life long Democratic and have always done my best to aid the interests of the Democratic voters since I cast my first vote in 1892.

I am particularly interested in seeing that all prisoners entrusted to my care will be given the entire attention merited, to keeping the jail and sanitary in a clean and healthy condition, and to looking after the offices in the court house to preserve them in the best possible manner.

Between now and the primary I will make every two weeks in the county, to talk to them personally and to lay my case before them. I will appreciate your vote and influence in the coming election.

CARD OF THANKS. We wish through the columns of the Rowan County News to express our sincere thanks and gratitude to our many friends and neighbors for their kindly assistance and sympathy during the illness and death of our beloved son, Mr. and Mrs. Martha L. Crosthwaite, who departed this life, December 19th, 1940.

DESTROY THE DESTROYER. Fire is no respecter of age, value or usefulness. And fire's worst ravages lie in the destruction of things which insurance never replaces.

CONFIDENCE JUSTIFIED. During the past ten years, there has been without parallel in history.

That is a broad statement, but the figures back it up. The total assets of companies which have not remained during the decade 1929-1938, amounted to about 2 per cent of the assets of all companies.

CREATING ESTATES. Yesterday life insurance was protection; and its motive fear, today insurance is investment, its motive the creation of an estate.

That indicates the remarkable change that has taken place in life insurance in late years. It used to be that the great majority of life insurance payments went to policyholders.

There can be no question now but what Britain means to see this war through to the finish. The recent proposal in Parliament that the war be ended through compromise which was massed by a 341 to 1 vote, shows the way the wind blows. The UPWARD LOOK

By Rev. B. H. Kaeze. Question—Why do you think people do not go to church in large numbers like they used to?

Answer—Well, that is a question with many answers all heading up in one. The common excuses offered are such as the following: "I don't like the preacher. He is a good man, but I don't think he is interesting." "I don't go to church because there are so many hypocrites in the church."

"I don't go to church because I don't know which is right. All of them claim they are the only church, and with such confusion I just let them all alone." "I don't go because I think you are just as religious as they are. Listening to a sermon on the radio, or in your car, or reading a good book, as you can go to church. There are a few of the most common excuses heard, with a little discernment one can see that there isn't much to any of them. Some say: "I have so much work to do that I can't get started."

Others say: "It takes so much work to get the children ready for school that I just can't make it." With few exceptions, including those who are sick or otherwise a student of Berea College is spending vacation with her parents Mr. and Mrs. George Williams. They are going to go to the mountains.

Old Age, Policies Being Three Fold Returns To Aged

Monthly Checks To Those Past 65 Years Bring Real Benefits

Results of the operation of the first year of old age and survivors insurance in the area served by our field office in the Second National Bank Building in Ashland, Kentucky.

Three principal types of benefits have been paid as the result of claims filed through our field office. There are in the form of monthly checks issued to workers who reach age 65 and retire after having obtained insured status, with supplemental checks issued to aged wives of such workers. Others are monthly checks to certain survivors of insured group of beneficiaries is composed of persons who received a single payment to defray funeral expenses of insured workers.

At the end of the first year we are able to show what the amended social security program means to the 19 counties served by our field office in the Second National Bank Building in Ashland, Kentucky.

While the original Social Security Act went into effect January 1, 1937, it was not until January 1, 1940 that old age and survivors insurance became effective and the first benefits became payable.

Mr. Bohon said, "At the end of the first year we are able to show what the amended social security program means to the 19 counties served by our field office in the Second National Bank Building in Ashland, Kentucky."

who died leaving no survivor eligible for monthly checks.

Future Farmers Complete Plans For Project

1941 Arrangements Being Made To Develop Baby Beef Projects

The Morehead Future Farmers have shaped their project plans into final form for operation this coming year.

The members now have 14 baby beef projects. This is a new enterprise that has been added this year.

Claude Pierce, a sophomore earned \$64.51 for labor earnings on a baby beef project last year. The project for the new year are made up of corn, tobacco, garden crops, soy beans, poultry, potatoes and baby beef.

The chapter has a project at the Public School that should be very interesting this year as well as profitable. This project is in poultry. We have our own house equipment, and feed. We are inviting those interested in poultry to see these 200 White Rock chicks in their new warm home at school.

The future farmers are working to advertise the Rowan County Vegetable Cooperative that is now underway. We believe it to be a fine thing since it offers to us a market for our vegetables which will increase our farm income.

Man Kills Wife

(Continued From Page One) Lexington hospital where she died on Friday of last week.

Officials reconstructing the probable scene of the double tragedy, think that Fowler shot his wife twice. He then attempted to cut his own throat, succeeding to the extent that he had apparently bled enough to cause death. He had then changed his bloody clothing, dressing himself in a brown suit, seated himself in the chair and fired the shot gun into his head.

In the absence of a county coroner in Elliott County, John Ferguson, local undertaker was called, to investigate the tragedy and to look after the dead man. No motive for the killings was known.

Funeral services were held at Paris, Kentucky where the couple had lived until moving to Elliott county a year ago. Fowler was buried on Saturday, while his wife was buried on Sunday.

L. F. Martin Dies

(Continued From Page One) May, and Melvina Martin, Cincinnati, and Elbert Thomas Martin, St. Louis, Mo.

Following the death of his first wife, Mr. Martin married Miss Verna Cooper, of Camargo, Ky. To this union was born Olive V. L. D., Pansy Lee, Lucille and James Robert Martin. Mrs. Martin and all five of the children of this second marriage survive.

Mr. Martin had, for many years been a minister of the Gospel, having been affiliated with the Christian Church. During this time he preached in many different localities of Kentucky and organized churches in different mountain counties.

A short service was held at the home in Morehead, Sunday afternoon by the Maypear Branch.

Funeral services were held at the Christian Church Monday afternoon at 2 o'clock at Rosilyn Ky., with the Rev. Ficklin of Owingsville, pastor of the Christian church in charge.

Referral Agency

(Continued From Page One) for a Referral Agent as established by the WPA are as follows:

Graduation from a standard high school. Four years, within the past 10 years, of successful full time paid employment, of which one year must have been during the past 10 years.

The remaining three years in social or relief work, school teaching, or attendance work, probation and parole work, employment interviewing, investigation work, in connection with labor laws or the payment of unemployment or old age and survivors insurance claims, work as a graduate nurse, supervision of organized recreational activities, investigation work in connection with the administration of the farm security program or home demonstration work.

As a county agricultural agent, one year of successfully completed study in a college or university of recognized standing may be substituted for one year of experience, up to a maximum of 3 years. (No substitution may be made for the required year of experience in social or relief work.) Through knowledge of case work practices and principles. Ability to make careful analyses of situations and to evaluate evidence, understanding of individual, family and community problems and resources.

Dr. Lloyd announced that a supply of WPA application blanks had been forwarded to County Judge I. E. Pelfrey and County Attorney R. M. Clay. It was pointed out that unless a person could meet the above minimum qualifications and be willing to accept a position which required full time work for a Doonhue salary of approximately \$60.00 per month, it was necessary to apply for a position through the Department of Welfare and the WPA will be in the Referral Agency Office in the Court House at Morehead, on January 31 at 10:00 A. M. to accept applications and interview persons desiring to have this position.

Cooperative Formed

Infantile Paralysis Campaign On; Need for Funds In State Stressed

One of Kentucky's poor victims, charming and patient.

This picture is worth more than the Chalmers' 1,000 words in bringing home the horror of infantile paralysis, and it thus serves to emphasize the real appeal in the campaign under way throughout Kentucky to fight polio.

Outstanding men and women in each county are working under the State Chairmanship of Judge J. J. Kavanagh, Louisville, to raise money for the National drive getting underway January 30. The need for funds is stressed in the campaign.

With Week Hysteria

The Maroons took an early lead and maintained it, while the Eagles, apparently suffering slightly from their exercise taking hectic affair that rushed the previous night, were unable to get under way in full steam. For eight minutes the Maroons led, the score at that time being 13-0 in their favor. Then the Eagle drive began to function. Sparked by Mussman and Howerton, the ball hawkers got in all that their sales were better than anticipated.

Over Half of the Purchase Price of the Tickets will go to the Infantile Paralysis Fund.

Mrs. D. F. Walker, chairman of the March of Dimes committee announced that their drive had been most satisfactory. The exact amount this drive netted will not be known until all coin containers are collected.

Helping in this drive were the following people: Mrs. D. F. Walker, Mrs. C. O. Peratt, Mrs. turned on full steam and took the lead to maintain it to the Holbrook Mrs. Mabel Alfrey, Mrs. Morgan Clayton, Mrs. Len Miller, Mrs. Robert Laughlin, scoring with 11 points Dumford Mrs. Ellis Johnson, Mrs. W. C. with one eye practically closed. Misses Ella Florence Alfrey, Erin from an injury earlier in the week was a close second. Howerton tossed in two beauties Helen Crosley, Joyce Wolford, from the center of the court. Marie Ramey, Mary Ellen Lapp, while Mussman proved himself to be a real field general.

The passing of the Eagles' under the basket showed considerable improvement over previous games.
