We've put one over on the yardsticks

Kentucky

Time was when you measured a car's ability and standing by the yardstick distance from bumper to bumper.

Morehead.

But not any more — not since Buick made ready the four new additions to its 1941 Special series that are built for big-car travel tastes — and small-car garages!

They are cars to take the measure of almost anything on the road in the lift and life of their 115-hp. They are cars with room for all the family, with all the little Buick luxury touches, with the unrivaled comfort of Buick's all-coil spring-ing and steady-going roadability.

Their wheelbase is 118 inches, they park like a bicycle and flit through traffic with ridiculous ease.

They go farther on every gallon-farther, even, than other Buicks.

Buick Special 4-door Sedan, model 47, \$1021.*

So you can't take their measuith a yardstick.

You've got to measure them by what they do for you—in the easier handling, the bigger thrill, the extra convenience they add — and by prices made lower by their new
