USO Committee to Meet January 4th

Nine New Members Added To Committee At Dec. Meeting

The regular monthly meeting of the USO Citizens Committee will be held in the USO Club Room on Monday evening at 8 o'clock on January 4. The December meeting was the first under the new constitution, and it is hoped that a good attendance will be maintained by each member for the duration.

At the last meeting nine new members were elected to the Citizens Committee. The most of these have been accepted, and are already rendering a valuable service in keeping the membership at its best. Those who do not accept will leave vacancies to be filled later. The committee will be glad to receive applications for membership in the Citizens Committee very ACTIVE. By so doing each member will make a real effort toward membership in the USO Club Room, and make their stay in the USO Club Room as pleasant as possible. There is no charge for membership, and it is thought that active participation will yield a valuable social and moral income to our community. Busy times rather more money than drops.

The Christmas holidays have come and gone. Many delightful hours were spent by the boys at the USO Club Room, and the College Gymnasium. Today there is a deep feeling of sadness, because many who were with us have since been graduated and have gone to a greater service.

We as citizens must not let up, but continue to serve for the boys in our midst as they are serving their Country. No citizen should be content with a few pennies, a few hours, or a few minutes of entertainment, but to the welfare of our young men. Here we can render a simple, but a real service to our boys, free from lip-loyalty, and without verbal patriotism. It is our duty with our own hands to help them to the front lines of the flag that counts, but the spirit of its bearer that makes the difference. The USO is a center of service for those in THE SERVICE.

Fertilizers To Be Available For All 1943 Farm Crops

Committee Reports Rationing Unnecessary

Fertilizers will be available for all 1943 crops, T. E. Millman, chief of the Agricultural Chemicals Unit of the WFP, Washington, declared in a General Electric Farm Farm address, recently.

Mr. Millman, who is also president of the GLF soil building service, a breeder of Guernsey cattle in Monroe County, N. Y., said that any restrictions will apply in minor degree and to the less important crops.

"Every fertilizer dealer will be prepared to implement the war effort by intelligently working with the farmer and the fertilizer manufacturer," he pointed out. "Local fertilizer customs and the pattern of historic use will be largely preserved."

"In fact, the farmer is to be less disturbed in his fertilizer supply than in many other directions."

Mr. Millman said that the Fertilizer Industry Advisory Committee and another committee of farm co-operatives, meeting in Washington recently, are of the opinion that fertilizer rationing is unnecessary. They have recommended to the government accordingly.

To the friends and readers of The Morehead Independent, we wish a very Happy and Prosperous New Year!

May the coming year bring you success and happiness, and bring all of us, as a Nation, that which we desire most of all . . . VICTORY!

The trend toward that ultimate goal has been started in 1942; it is our fervent prayer that we will attain it in 1943.

Local Red Cross Plays Santa Claus For Thos. Collins

Delivers Xmas Flowers To Two Morehead Ladies

Mrs. Maxine Collins and Miss Frances Caudill were pleasantly surprised at Christmas with a beautiful bouquet of flowers sent by Tommy Collins, who is stationed in the armed forces overseas. Tommy had contacted the Field Director of the American Red Cross overseas and expressed his desire. The Field Director contacted the Home Correspondence Office of the Red Cross at Alexandria, Virginia, and the request was relayed by wire to the Rowan County Chapter of the Red Cross. The local Chapter placed an order for the flowers through the Battalion Drug Store, who are agents of Pools and Furnish Florists at Winchester. The local Chapter of the Red Cross delivered the flowers to Tom on Friday, December 24. In each box of flowers was a card reading "With Best Wishes for a Merry Christmas and signed 'Tommy'." This was the message Tommy wanted to go with the flowers. The local Chapter has written Tommy overseas telling him what a pleasure it was for the local Chapter to be at his service in carrying out his Christmas gifts to the above-named people. The names of the recipients were kept secret and both Mrs. Collins and Miss Caudill were pleasantly surprised.

M.S.T.C. Releases Rainfall Data For Past Fifteen Days

Local Station Furnishes Data To Government Agencies

Since the Morehead State Teachers College has been taking rainfall readings for the United States Government in their study of flood control in this area, many interesting questions have been asked and answers supplied. The Soil Conservation Service and Geological Survey requests that the data be given them after each rain.

The rainfall on the campus of the college has been 5.43 inches since December 15 to December 30th at noon. The heaviest continuous rainfall during the year occurred on the night of December 27th and 28th, with a total of 2.46 inches and until noon on the 30th, when 2.96 inches fell. On the night of the 27th there was 1.15 inches and December 22, a recording of 35 inches was read. There was several lighter showers. In August one shower recorded 2.75 inches. The present rainfall of 2.46 being distributed over 25 hours gave the streams time to empty part of their load, thus Triplet did not go on the rampage it usually does.

To give one an idea of what 5.43 inches means in terms of rainfall, one might conclude that 1 inch of rainfall over an acre weighs 112.48 tons, thus over

Samuel Acres, 29, Fatally Injured By Local Taxicab

George Samuel Acres, 29, an employee of the American Rolling Mills Company, at Middletown, Ohio, was accidentally struck and killed by a taxicab, driven by Talmage Barker, of this city, on the night of December 24.

Acres, who was reported to have walked into the path of the taxicab at a point on U. S. Highway 40, near the Twin Wells Tourist Camp, suffered a fractured skull, one broken leg, and a fractured jawbone. A coroner's inquest arrived at a verdict of accidental death, with the factored skull the immediate cause. Barker was completely exonerated of any blame for the accident.

Acres was born at Wrigley, Morgan county, Kentucky, July

ON THE WAR

"There is no hope in any lessening of the restriction on the use of gasoline and fuel oil," OES Director Byrnes said after a conference with the officials of the nation's petroleum program. Mr. Byrnes asked the administrators of the three agencies responsible—the OPA, the OEC and the Petroleum Administration for War—what suggestions as possible the restrictions on gasoline and fuel oil, and in the meantime to take steps to increase supply and improve rationing methods.

The immediate problem of petroleum is the result of unanticipated demands for the product in various parts of the country. And since 20 states are fuel-oil rationed and all the states are rationed the production of vital interest to the entire nation. The suspension order on the use of gasoline in the eastern states and the District of Columbia lasted only a day and a half, but when the order was lifted, at 12:01 a. m. December 21, B and C coupons in the area had been reduced in value from four to three gallons and the issuance of these books had been suspended. The OPA said that when issuance resumed a "new and tougher" policy will go into effect, with local ration boards instructed to hold issuance of extra rations to the "absolute minimum."

While a B and C drive has been launched against black market operators with the rationing of gasoline in the east coast rationed area working to prevent local distribution. This has increased emphasis on strict enforcement of all gasoline rationing regulations, and special attention given to suppliers of B, T or commercial vehicles. Gasoline dealers have been told that they will be held "strictly accountable" for violations.

The OPA asked all truck, bus and taxicab owners whose certificates of war necessity do not provide for sufficient miles for allocations to estimate their requirements carefully and apply the minimum amount of gasoline necessary for essential operations. Secretary Wickard called on farm areas in the east to cooperate to the utmost in conserving fuel and to buy only enough for current needs. And Petroleum Administration likes, to safeguard the Administrator's limited stocks, issued an order controlling the amounts of gasoline and fuel oils that may be withdrawn from east coast refineries and terminal supply points.

WPA has approved the large, tubular and towboat building program recommended by OPA. This program will begin shortly on 150 wooden tank barges, 21 steel hull towboats and 100 tugboats, to enable an additional daily east-

George W. Truett Will Inaugurate 1943 Baptist Hour

WHAS Is One Of 35 Stations To Carry New Series

Dr. George W. Truett, pastor of the First Baptist Church, Dallas, Texas, and past president of the Southern Baptist Convention, will inaugurate the third annual Baptist Hour series of radio sermons at 7:30 CWT (8:20 EWT) Sunday morning, January 3, over Station WHAS. He will speak on "Christ's Answer to World Unrest."

The Baptist Hour for 1943, according to S. F. Lowe, chairman of the Board of Christian Education of the Southern Baptist Convention, will consist of thirteen sermons by prominent Baptist pastors and leaders. These will be delivered from January 3 through December 27, 1943, over a network of 35 stations in 16 southern states, on the general theme of "American Christians Amid World Crises." Station WHAS will carry the entire series.

The series has become a popular religious radio feature, attracting 25,000 listeners. It is believed that the 1943 broadcasts from January through March elicited more than 15,000 letters.

In addition to Dr. Truett, January speakers include: January 10, Dr. R. C. Campbell, pastor of the First Baptist Church, Columbia, S. C.; January 17, Dr. E. D. Howard, pastor of Southern Baptist Theological Seminary, Ft. Worth, Texas; January 24, Dr. H. H. Rogers, professor of Religion, Wake Forest College, Wake Forest, N. C.; January 31, Dr. Frank B. Rowland, N. C. State University, Washington and Lee University, Lexington, Va.

The speakers for February will be: February 7, Dr. G. Lee, pastor of Bellevue Baptist Church, Memphis, Tenn.; March 14, Dr. Lee E. Ellis, A. Fuller, president of Southern Baptist Theological Seminary, Louisville, Ky.

Christmas Buying Breaks Records For Morehead

Survey Shows Holiday Shopping Large Despite War Restrictions

In a cross-section survey of Christmas buying at Morehead business establishments, conducted by the Morehead Independent this week, we were amazed at the findings.

Most astonishing fact was that despite the heavy burden upon civilian consumer supplies made by war priorities, transportation restrictions and reduced production of many articles, the volume of Christmas shopping this season was by far the greatest ever experienced by Morehead merchants and business establishments.

During the past few years the trend has been shifting to Morehead. This year, however, the volume of this section. Morehead merchants have been quick to realize this change and have endeavored to accommodate the increasing flow of trade; they have remodeled, redecorated and improved their establishments as attractive and well-stocked as any in Eastern Kentucky.

Complete lines of merchandise are being carried in stock, and a large number of consumers in this section of finding exactly what they want at Morehead stores. Many consumer products have disappeared from merchants' shelves at the war. Morehead stores, however, have been able to procure Pearl Harbor, but those products are absent from all shelves and counters throughout the nation.

Free School Lunch Program Will Be Expanded In 1943

Rowan County Provided Lunches For 2,806 Children In 1942

This is the eighth consecutive year that the Agricultural Marketing Administration and its branches have participated in the program, and yet almost half of the 240,000 schools in the entire nation are not providing school lunches. This year it is hoped to reach all of the 9,600,000 children in the nation throughout the country.

Rowan county is doing its part toward reaching the national goal established for community school lunch programs this year. In February, 1943, 1,800 community school lunches will be provided for 47 schools participated in the program. Of this number a large percentage are in the school which received free lunches.

Under the liberalized requirements of the National School Lunch Act, children who are not 26 nutritionally are eligible for school lunches. In determining the eligibility of school children, the Department of Welfare, at its discretion, may accept the school's statement as to the children's status, children for whom commodities are requested; however, only those children who are nutritionally deficient are eligible for free school lunches. Mr. Melntosh, State Supervisor, Agricultural Marketing Administration, announced today.

The purpose of the Community School Lunch Program is to provide at least one hot well-balanced meal each day. Schools should be encouraged to prepare and serve hot lunches may be certified for commodities for school lunch cooking," Mr. Melntosh concluded.

Rowan county is doing its part toward reaching the national goal established for community school lunch programs this year. In February, 1943, 1,800 community school lunches will be provided for 47 schools participated in the program. Of this number a large percentage are in the school which received free lunches.

Under the liberalized requirements of the National School Lunch Act, children who are not 26 nutritionally are eligible for school lunches. In determining the eligibility of school children, the Department of Welfare, at its discretion, may accept the school's statement as to the children's status, children for whom commodities are requested; however, only those children who are nutritionally deficient are eligible for free school lunches. Mr. Melntosh, State Supervisor, Agricultural Marketing Administration, announced today.

The purpose of the Community School Lunch Program is to provide at least one hot well-balanced meal each day. Schools should be encouraged to prepare and serve hot lunches may be certified for commodities for school lunch cooking," Mr. Melntosh concluded.

Rowan County Provided Lunches For 2,806 Children In 1942

This is the eighth consecutive year that the Agricultural Marketing Administration and its branches have participated in the program, and yet almost half of the 240,000 schools in the entire nation are not providing school lunches. This year it is hoped to reach all of the 9,600,000 children in the nation throughout the country.

Secretary Hull, describing the assassination of Admiral Darlan as "an odious and cowardly act," said that the all-important consideration now is not to be "diverted for a moment from the supreme objective" of gaining control of the African continent and the Mediterranean. The battle, he said, is still at a crucial and critical stage, and General Eisenhower and his staff need the fullest measure of unified support. Earlier, Secretary of War Stimson told a press conference that Allied forces on the offensive in Tunisia have a fairly good margin of superiority over the Axis forces defending Tunis and Bizerte, and added that in the air our margin of destruction is holding at a rate of about two to one. Both sides are bringing reinforcements into Tunisia, but "our side is preparing for an offensive to take Tunis and Bizerte"--the Axis has the advantage in existing bases, but the Allies have the advantage in the mounting size of their forces and the development of new bases. Meanwhile, land activity has flared up in Tunisia, as Allied forces occupied a dominating position near Medjez-el-Bah. Allied fighters continued their sweeps and patrols over the forward areas, attacking Axis vehicles and destroying Axis planes. In the South Pacific on Christmas day, a flight of army bombers took off from the airfield at Guadalcanal to bomb Japanese shipping in the harbor of Rabaul, New Britain Island. They scored three direct hits on a large transport or cargo ship and several near hits close to three smaller cargo vessels. The day before Christmas, U. S. planes from Guadalcanal bombed and strafed the Japanese airfield and shore installations at Munda on New Georgia Island, downed 14 intercepting enemy planes and destroyed 10 more on the ground. All the U. S. planes returned undamaged.

The Government is preparing a program for the scientific training of civilian specialists so urgently needed in the war effort. The program is similar to that formulated by the army and navy for college-age men, but the WMC expects to use the facilities of more universities and colleges that the armed services will use. More than 6,500 war production plants in which more than 6,000,000 men and women are at work have now been aided by the job instructor training program of the training within industry service. Better than 320,000 supervisors, industrial foremen and crew chiefs have been certified as war-production job instructors and the announced goal of 225,000 "trainers" by the end of 1942 will be reached on schedule.

To combat rumors that negroes are not being inducted into the army in percentages commensurate to their population, the OWI reported that they are not only being inducted in the same proportion as they are registered, but in 9 out of 14 southern states, inductions have exceeded that proportion. Although a negro constitutes 9.8 percent of our total population (according to the last census), one out of every ten negroes entered the army on October 31, 1942, was a negro.

As for voluntary enlistment, during the 1941-42 period negroes constituted better than 16 percent of the total number of volunteers entering the army through selective service. The Director of Selective Service, in reporting to the House on the percentage of negro volunteers, said that in one particular state every call made for negro selectees was filled over a period of several months by volunteers. "Negro soldiers are now on active duty in almost all overseas theatres where American troops are stationed."

3 PURPOSE MEDICINE Hits HEAD COLD Miserably Fast!

If you are suffering with discomforts of a head cold, enjoy the grand relief that comes when you VICKS VA-TRO-NOL. 3-purpose VA-TRO-NOL is so effective because it does three important things: (1) shrinks swollen membranes, (2) soothes irritation (3) clears out clogged nasal passages. And so brings wonderful relief!... And remember, if used in time, VA-TRO-NOL helps to prevent many colds developing. Follow directions in folder.

VICKS VA-TRO-NOL

FOLKS: At this writing, Hitler, Hirohito and Mussolini have started down the terrible road of defeat. They know that their Day of Judgment comes on our Day of Victory... So at this New Year season, let us all solemnly resolve that individually we will do everything possible to bring that Day of Judgment and Victory in 1943.

Let us accept cheerfully wartime hardships and necessary restrictions. Let us set aside personal ambition. Let us work diligently. Let us give generously. Let us be neighborly. Let us have faith in our cause, our leaders, our fighting men.

And let us remember that our American Way of Life--with freedom of speech, of enterprise, of worship, of education, of ballot--is the hope of the world... worth any sacrifice to keep, and to protect against those misguided or sinister men who would destroy it!

Jan. 15th Deadline For Ration Book 1

Necessary For All Persons To Secure Book No. 1

Deadline for obtaining Ration Book No. 1 has been extended until January 15, it was announced yesterday at state headquarters of the Office of Price Administration the deadline being December 15.

The O. P. A. said it would be necessary for all persons to get the No. 1 book, which now is being used for sugar and coffee, before it was indicated by the new deadline that the all-purpose book will not be generally distributed until a later date than had been anticipated. Previously it had been announced that the books would be in the hands of the public early in the new year.

By the same token it is indicated that no other items of food will be rationed before the new books are out as the first book has set of coupons which are being used from both ends, the large numbers for sugar and the larger numbers for coffee.

CHURCH NEWS

The Missionary Society of the Christian Church will meet at the home of Mrs. Hartley Batson, Thursday evening, January 7, at 7:30. Mrs. H. L. Wilson will be in charge of the devotional program.

Christian Church to Have Prayer Periods During the week of January 4, through Friday, January 8, Rev. A. E. Landolt, of the Christian Church, will conduct prayer-periods each afternoon at 2:00 o'clock in the parlor of the Church.

Prayer-themes will deal with the problems confronting us as individuals, and as members of a world society. The periods will be of short duration, lasting between 30 and 40 minutes.

The plan is in harmony with the resolutions adopted by the Federal Council of Churches.

Young People Plan Canoe Service The Young Peoples Guild of the Christian Church, next Sunday evening at 6:15, will hold their annual New Years' Candle-Light Service. For the past five years the young people of the Church have made this one of their impressive services. During the hour, the young people will hear read the resolutions they made last year, to see if they kept them, and will make resolutions for the coming year.

Make It A Better Year

A New Year is ever a time for new aspirations. Even if you never reach the goals you set, you will profit by trying, and benefits of a start in the right direction will multiply in future years.

Sound management of money will be even more important than before. It is advisable to have a definite financial plan, due to new and greater taxes and other changes the war has brought. There will be new problems, but also many new opportunities.

An account here will help you make 1943 a better year. We cordially invite your business.
