A WEEK OF THE WAR

New Year's Day, 1943, marked the first anniversary of the formation of the United Nations. In his first press conference of the New Year, President Roosevelt vividly recalled the world situation that existed one year ago when 28 nations, bound together by the universal ideals of the Atlantic Charter, signed the United Nations Declaration and thus created "the mightiest coalition in history."

MIDLAND TRAIL GARAGE

As for the U. S. war production, Chairman Nelson said that in 1943 this country expects to produce about twice as many arms as were produced in 1942, spending better than \$90,000,000 more for materials in 1943.

Special attention has been given to the items most needed in the type of warfare now being waged in North Africa, with outstanding gains recorded in the output of single-engine pursuit planes, medium bombers, smaller transport planes, navy fighters, and in production of the self-propelled guns and in tank warfare.

Right now, the U. S. is turning out enough rifle and machine gun ammunition each month to fire 33 rounds at each individual soldier in the Axis armies. In one year of war, production of small arms ammunition has increased up 18 per cent and is still going up.

Backing up our production of motor car materials is the production of metals and minerals. A year end report from the Bureau of Mines announces that in 1942 we produced more metals and minerals than in any year of our history.

By virtue of a judgment and order of sale of the Rowan Circuit Court rendered at the November Term thereof 1942, in the above cause for the sum of \$295.90 plus interest from the date of May 5, 1942 to Dec. 15, 1942 at 3 1/2 per cent, of 30 days on the first \$150.00 and at the rate of 6 per cent annually from date of the judgment until paid and the Get therein I shall proceed to offer for sale at the Court House door in the City of Morehead, Kentucky, to the highest and best bidder, at public auction on the 6th day of February 1943, at One O'clock P. M., the described property of three (3) months, the following described property, to-wit:

Under the point system, the housewife uses her stamps when she buys rationed foods from the storekeeper, the storekeeper uses the stamps when he buys from his supplier, and the supplier, in turn, uses the stamps to buy from his carrier or from another supplier along the line, there is complete freedom of choice. And since the point values are the same in every store there is no action in the retailer's business.

Marine Corps Still Open To Recruits

The Marine Corps Recruiting and Induction office in Louisville has announced that the Marine Corps is continuing to accept men between the ages of 13 and 30, through the Selective Service System, upon immediate induction and transfer to the Recruit Depot.

Applicants for Marine Corps may make their application at any Marine Corps Station or through their own local Selective Service Board if they will be assigned to training stations as soon as their induction is effected.

At the same time it was announced that the Marine Corps is seeking specialists for voluntary enlistment, also the age 17, who can qualify as stenographers, clerk typists, barbers, cooks, bakers, carpenters, electricians, plumbers, tank water supply engineers and foremen, gunsmiths, cobblers, motor mechanics, painters, blacksmiths, motion picture projectionists, machinists and Diesel mechanics. Men desiring to qualify for any of these special positions must apply in person or by letter to the U. S. Marine Corps Induction and Recruiting Office, Room 104, Hoyburn Building, Louisville, Ky.

Curtiss - Wright To Train Women Engineers

"Cadettes" Will Receive Free Tuition And Salary

The engineering profession is no longer reserved "for men only" it is emphasized by G. W. Wright, president of Curtiss-Wright Corporation, in a statement explaining how this organization is now seeking approximately 800 American college women for special training as engineers in eight universities. This project is especially significant, he said, since less than 20 women through the United States received engineering degrees in the past year.

According to plans made by Curtiss-Wright Corporation, America's largest producer of warplanes, engines and propellers, the women candidates, to be known as "Cadettes," will be enrolled February 1, 1943 as engineering student employees of the company in various capacities.

The corporation announced that "Cadettes" will receive tuition, room and board, plus a salary of ten dollars per week. They will be registered as special students living in special sections of the engineering building, and will receive all benefits and privileges given regular students.

Recognizing its inability to send representatives to all the schools for interviewing prospective "Cadettes," the organization has set up temporary district offices. Students on this campus who are interested in the program are urged to contact by letter, telegram or telephone Miss C. Keplinger, a Curtiss-Wright representative who will be located at the Lincoln Hotel, Indianapolis, Indiana, between January 7th and 15th (1943) inclusive to arrange for a convenient interview.

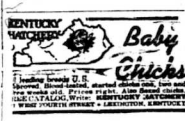

Curtiss-Wright representatives have visited 110 colleges and interviewed several hundred for the training program. It was announced that the program will be administered by Cornell University, Rensselaer Polytechnic Institute, Pennsylvania State College, Purdue University, Northwestern University, Iowa State College and University of Texas.

To qualify for "Cadette" positions, women students must have passed their 1943 birthday prior to February 1, 1943; should have a sophomore standing, or better; must have completed college algebra or its equivalent. It is interesting to note that those accepted by Curtiss-Wright Corporation to date, the average "Cadette" is 19 years and 8 months of age, is completing her junior year in college and has completed college mathematics for 19 years.

Another interesting fact was revealed by Curtiss-Wright inter-

viewers as a result of hundreds of individual conversations with applicants. That fact was that many young women expressed a long-standing interest in engineering, some wistfully stating that they might have entered engineering colleges had the field not been recognized at that time as being "for men only."

**Farm Notes**

Survey of Hopkins county showed about 50 percent increase production in pork over 1941. About three fourths of the increase came from the larger number of hogs raised. The rest was due to heavier weights at which hogs were sold.

F. N. Williams of Monroe county sold 21,000 pounds of soybeans from 22 acres, netting him \$667. Mr. Williams says this income compares favorably with that of the same acreage of corn, and was less labor.

In Wolfe county, growers of hybrid corn are enthusiastic over its use. S. E. McGuire planted all

his corn on good hill land. The hybrid yielded 50 bushels to the acre and stood up well, while his own seed yielded only 20 bushels and blew down badly.

Poultry and egg production were increased about 25 percent in Trigg county in 1942 over the preceding year. Twenty-five brooder houses and 10 laying houses were built and 12 remodelled, while 149 producers started feeding protein supplements to their laying hens.

In Ohio county, the Buford Homemakers Club in cooperation with a parent teacher association is sponsoring a lunch room in the neighborhood school. The homemakers contributed large equipment, and in the summer canned fruit and vegetables for lunch.

room also.

Mr. and Mrs. Frank Brownfield of Pendleton county are developing a flock of broad breasted turkeys. Of more than 1,000 produced for market in 1942, 40 percent were of the broad breasted variety, for which there is a strong demand.

Soybean marketing has reached an all time high in Logan county. Approximately 20,000 bushels are already in storage, with about 3,000 more bushels to come in. It is expected that a larger acreage will be planted to this crop in 1943.

The Kentucky College of Agriculture and Home Economics forecast this week that "1943 should be another good year for growing burley tobacco."

The college's "Annual Outlook Report" cited increasing use and lowered manufacturers' stocks of burley in making its prediction.

"During the twelve months ending last October 1, disappearance (consumption) of burley equaled 381,000,000 pounds, or 12 percent more than during the previous year," the college said.

This was by far the largest disappearance on record for a twelve month period, it added.

"The total supply of burley tobacco, including the stocks on hand October 1, 1942, plus the 1942 crop, is lower in relation to disappearance than any year since 1930," the report continued.

"This situation is recognized by an allotment of 421,000 acres for 1943, or 10 percent more than was grown last year. If 90 to 95 percent of this acreage is planted and yields an acre are the average of the past five years, a crop of

380,000,000 to 375,000,000 pounds will be produced this year. With increased use in prospect, total supplies a year hence may be even smaller than at present.

"Use of cigarette tobacco in the year ending October 1 was 14 percent larger than for the previous year. Chewing tobacco was up 7 percent but smoking tobacco with drawbacks were down at least 10 percent.

"If 60 percent of burley tobacco is used in cigarettes, 10 percent in chewing tobacco and 30 percent in smoking tobacco, the above figures suggest that 6 percent more burley was used in 1942 than in 1941."

**Ed Farrell Studies Naval Aviation At Pensacola Base**

Edmund G. Farrell, a graduate of Morehead College, was recently appointed a Naval Aviation Cadet and was transferred to the U. S. Naval Air Training Center, Pensacola, Fla., for flight training, according to an announcement from the office of public relations of that station.

Farrell, son of Mrs. Margaret H. Farrell, of Louisville, Ky., received his A. B. degree at Morehead last June, prior to entering the Naval Service. While in college, he played varsity football and was a member of the swimming team.

He began his preliminary flight training at the U. S. Naval Reserve Aviation Base, St. Louis, Mo., early in September, and successfully completed the elimination course the first of December.

Upon completion of the intensive course at Pensacola, the "Annapolis of the Air," Cadet Farrell will receive his Navy "Wings of Gold" with the designation of Naval Aviator, and will be commissioned an Ensign in the Naval Reserve or a Second Lieutenant in the Marine Corps Reserve.

Results in The Beer Industry's Crusade of Decency

THESE figures may amaze you. For never before has an entire industry fearlessly acted as judge and jury in keeping its own business clean. But wherever beer is being sold in unwholesome surroundings, without regard for the simple common-sense rules laid down—we act! Here are the results:

	1940	1941	1942	TOTAL
Places investigated	239	446	533	1218
Places found O. K.	148	303	326	779
Licenses Revoked or Suspended	13	26	76	115
Other Actions	78	115	161	324

The record speaks for itself. Decent law-abiding beer retailers are entitled to do business without illegal competition that brings discredit on them all.

This Committee, pledged to the Clean-Up or Close-Up Campaign, investigates constantly, reports those places that do not heed the warning to clean up. Alert state enforcement officials promptly revoke or suspend licenses on the evidence we submit.

Beer's reputation as a beverage of moderation is jealously guarded against those who would use it to cloak unsavory activities.

*Three Cheers for You*

from Our Men in Uniform

And Many Thanks from GREYHOUND!

**With Your Co-operation Greyhound Got 'Em Home for The Holidays!**

Thanks to you, a most critical period in wartime bus transportation has been passed with flying colors.

Just before Christmas, Greyhound asked you to "Give your Holiday trips to men in the service"—and you who have learned to depend upon Greyhound for your travel needs, responded!

As a result of your postponing such trips, thousands of men and women in uniform were able to go home by bus to spend precious hours with loved ones.

While helping members of the armed forces, you also made travel smoother and more convenient for war workers and others whose trips could not wait. It's cooperation like this that makes it possible for Greyhound and other bus lines to carry on the tremendous mass-transportation job that is so completely essential to winning the war.

Now the holiday period is passed, Greyhound will make every effort to see that the service you count on is available when you need it—and with the utmost comfort and convenience that war conditions will permit.

We suggest, however, that you phone or call upon your nearest Greyhound agent well in advance of any trip. He can help you choose days and schedules that will be most convenient for you and best for wartime travel.

ist Church on Monday evening at 7:30. The leader in charge of the program was Miss Eugenia Nave and she was assisted by Mrs. E. E. Turner, Mr. Jack Hardy, Mrs. Ray Lytle and Miss Mary Caudill. The subject of the program was "A Witness to the Light."

Saturday afternoon at two o'clock Mrs. E. D. Blair entertained with five tables of bridge at her home on Main Street. After three rounds of bridge, at which Mrs. Ike Noe won high score, a delicious supper course was served. Miss Lottie Powers assisted. Mrs. Blair in receiving and serving guests.

Mrs. Riemzi Jennings returned Wednesday from the Good Samaritan Hospital at Lexington with her little son, William Walter, who was born on Sunday, January 10. Her mother, Mrs. Bishop of Lexington, accompanied her and will be the guest of the Jennings for several days.

Mr. and Mrs. Kenyon Hackney left last week from Gary, Indiana, where she went to spend the holidays with her son, John D. McKinney. Mrs. McKinney remained longer than she had planned due to her son suffering a painful injury to his foot caused by an accident where he was working. Mrs. John D. McKinney of Grayson has given up her school and goes to live with her husband at Gary.

Mrs. J. H. McKinney returned last week from Gary, Indiana, where she went to spend the holidays with her son, John D. McKinney. Mrs. McKinney remained longer than she had planned due to her son suffering a painful injury to his foot caused by an accident where he was working. Mrs. John D. McKinney of Grayson has given up her school and goes to live with her husband at Gary.

Mrs. Fred A. Dudley is entertaining this afternoon at 3:00 with a mother-daughter tea. Guests with visiting mothers who are invited are Mrs. W. H. Vaughan, Mrs. Carl Oseland and Mrs. Len Saunders. Other young women who are invited along with their mothers, who are residents here are Mrs. C. B. Pennebaker, Mrs. John W. Holbrook, Miss Marguerite Bishop, Miss Louise Caudill, Mrs. R. R. Wendel and Mrs. R. D. Judd.

Commander and Mrs. George Walker entertained Wednesday evening with a buffet supper. Guests were Dr. and Mrs. Warren Lappin, Mr. and Mrs. W. H. Rice, Mr. and Mrs. Clarke Lane, Lieutenant H. P. Saunders and Mrs. Saunders, Dr. and Mrs. W. H. Vaughan. After supper the guests enjoyed a bridge game at which W. H. Rice was given prizes for the ladies. Mrs. Lane won high score and Mrs. Lappin won consolation prize; for the men, Mr. Rice won high and Mr. Lane won consolation.

Honoring Miss Mildred Morris and Miss Nell Walters, the WAAC and WAVE respectively, Mrs. Thomas D. Young entertained Wednesday evening at 8:15 with three tables of bridge. The color scheme Mrs. Young used for her party was red, white

and blue. A prize was presented for the high score at each table and the winners were Mrs. J. Jessa Mays, Miss Hazel Nolleau and Miss Nell Walters. Oriental punch and cookies, carrying out the color scheme, were served.

Andy Huke will entertain a group of his friends at a theatre party this evening at 6:30 to celebrate his tenth birthday. Before going to the show the young people will gather at his home for refreshments. Guests invited are Eleanor Dudley, Eleanor Bruce, Mary Scott Wendel, Lydia Lora Clayton, Philip Ray Kaeze, Billie and Bobbie DeForest, Melvin Laughlin, Jimmie Wellman, Frances Bellamy, Shirley Shaffer, Bessie Kenney, Lucian Rice and Karenne George.

The Morehead branch of the American Association of University Women held its regular meeting in the College Library last Thursday, January 14th, with Miss Humphrey presiding. The program consisted of a talk by Harry Goldberg, district supervisor with the Office of Price Administration, who explained the reasons for price regulations, the needs for readjustments, and the importance of the rationing program.

Who's Who

OLLIE M. LYON, Jr.

Ollie M. Lyon, Jr., editor of the Trail Buzzer, is among the Morehead College students selected by a faculty committee to represent the college in this year's edition of the publication, "Who's Who Among Students in American Universities and Colleges."

Lyon, a senior with a major in political science and history, and minor in chemistry and English, will graduate in June after three years of college attendance at Morehead. During his college career, he has been active in numerous campus activities, as well as having maintained a good scholastic standing. He is at present editor of the Trail Buzzer, president of the Campus Club, a member of the college band and chorus, of Quill and Quiver Club, and of the Y. M. C. A.

His work in the music department of the college has included a number of solo appearances in public performances as baritone soloist; during his freshman year he played the role of "Mikado" in the Gilbert and Sullivan operetta of the same name which was staged by the music department. He has also participated with the college chorus on several nationwide broadcasts, and has been a member of various vocal ensemble groups. As a member of the college band, Lyon has held positions in both the clarinet and saxophone sections.

Lyon was a member of the debate team which represented Morehead College in 1941, and held the office of vice-president in the Debate Club. He appeared in two performances of The Players, college dramatic group.

A graduate of Olive Hill high school, Lyon won a number of notable honors in his pre-college career. He represented his school as baritone soloist for three years and won honors in that field. In 1940 he won several speaking contests including radio speaking, public discussion and oratory. After winning first place in a state oratorical contest, he was elected to compete in a national contest, in which he placed third.

In the summer of 1940, Lyon was elected governor of the first Kentucky Boys State, a puppet organization of the U. S. Government.

During the past summer vacation, Miss Waters held a position

W. M. HODGE, Pastor Sunday School, 10:00 A. M. Miss Eva Kegley, Supt. Morning Worship, 11:00 A. M. N. Y. P. S., 7:30 A. M. Miss Evelyn Bowen, President. Evening Service, 7:30 P. M. Prayer Meeting Wednesday Evening, 7:00 P. M. You are heartily invited to attend these services.

step sponsored annually by the American Legion on the campus of Western State Teachers College. He will be elected chairman of a member of the advisory staff at the annual Boys State sessions. Lyon joined the reserve corps of the Army last July and expects to be called to serve immediately after his graduation from the college in June. He plans to continue the study of law following his release from the Army. Lyon is the son of Captain O. M. Lyon, former Morehead High School, now stationed at Fort Knox and Mrs. Lyon, of Morehead.

Commerce Dept. Trains Men In Army Office Routine

A pre-induction course in Army Office Training is being offered by the department of commerce this quarter under the direction of Prof. R. W. Jennings. The purpose of the course is to give young men who may soon be inducted into a service a thorough knowledge of Army forms, Army correspondence—forms and classification, company administrative forms, Army personnel, filing and indexing and the work of the company clerk, together with an understanding of Army organization.

Classes are held at 3 week intervals with double periods on Wednesdays and Fridays, and are held at four quarters of credit. It is designed particularly to help those who may enter the service as clerical workers. Inasmuch as it gives training that will be helpful to all, whether they do office work or some other form of Army work.

Seven men are enrolled in the class, most of whom are members of the enlisted Army reserve. The members of the class are Edgar Corking, James Towler, Addison Bunker Rex Nye, Andy Daugherty, Peter Moons, and William Bentley.

In addition to this class, the commerce department is giving special training in the forms of Army and Navy correspondence in the form of typewriting classes. In order that the students may be more fully prepared for positions relative to the war effort.

Jipsy Christian, 53, Succumbs To Heart Attacks

Jipsy Christian, 53, wife of Davis Christian, of this city, died of a heart attack on her birthday, January 15, at about 8:45 in the evening.

Mr. Christian is survived by her husband and six children by a former marriage: Harold White, Manville, W. Va., Carl White, Manville, Ala., Neale, Manville, W. Va., Myrtle Kidd, Morehead, Myrtle Adkins, Elliottville, and Maxine White, Morehead. She is also survived by two brothers, Frank Pettitt, Morehead, and Roscoe Pettitt, of Oak Hill, W. Va.

Funeral services were conducted at the residence in Morehead, Sunday afternoon, January 17, at 1:00 o'clock, with the Rev. Luther Bradley and the Reverend Able Tackett officiating. Interment was made in the New Deal Cemetery, at Haldeman, Ky.

framed, how long it shall be under the jurisdiction of the Army, and then whether its administration should be under the Veterans Administration, the Office of Education, or some new government agency set up for the purpose.

Details of how college credits earned in pre-war days shall be applied to a student's record which he returns to school, have been worked out by the American Council of Education in Washington.

Frank Miller, Jr., visiting parents here

Frank Miller, Jr., son of Dr. and Mrs. Frank B. Miller, is enjoying a furlough with his parents. He is a student at the University. Mr. Miller just completed his naval preliminary training at Great Lakes, Ill.

Frank graduated from the University of Kentucky in May of last year and was awarded a fellowship at the University, where he was working on his Master's Degree when he entered the service. He was No. 1 man on the Varsity Tennis Squad of the University and was elected captain. Shortly after Frank's furlough which ends Sunday, he will leave for Officer Candidate School at Northwestern University in Chicago.

Card Of Thanks

We wish to thank our many friends, who assisted at the death of our dear wife and mother, Mrs. Jipsy Christian. We wish, especially, to thank the Rev. Luther Bradley, and the Rev. Able Tackett, and the employees of No. 1 and No. 2 plants of the Ky. Fire Brick Co., at Haldeman, for the beautiful flowers. We wish particularly to thank John H. Ferguson and son, of the Ferguson Funeral Home, for the careful arrangements which they made.

W. D. CHRISTIAN and FAMILY.

Join the March of Dimes.

The dimes that fight polio... Are you behind Mr. Roosevelt? Of course you're against the Axis. Are you against infantile paralysis, too? Go to the drug store now and ask for your "President's Birthday Greeting Card."

In World War I, people were urged by the Government to borrow to buy Liberty Bonds. Today, they are being urged to pay for War Bonds out of current earnings, more than half of the payroll purchase plans established to date having resulted from the efforts of life insurance agents.

MORE FOOD IN 1943

This Bank Will Help FARMERS

Finance This Big Job

Uncle Sam asks our farmers to produce more of everything in 1943 — especially beef, pork, mutton, milk, cream, butter and eggs.

Farmers in this territory have the plant to produce these products and the patriotic spirit to co-operate.

If you need financing to operate your farm, or to increase its production in 1943, come in and talk with us. You'll find a friendly welcome and you'll find this Bank ready to help.
