"ONE OF KENTUCKY'S GREATER WEEKLIES"

VOLUME X MOREHEAD, KENTUCKY, THURSDAY MORNING, MAY 6, 1943 NUMBER EIGHTEEN

Haldeman Church To Hold Revival

The Haldeman Church of the Nazarene, located on U. S. Highway 60 at Hayes Crossing beginning Sunday, May 9, and will continue in progress for two weeks until Sunday, May 23. The Reverend and Mrs. C. C. Creamer, of Covington, Kentucky, have been engaged to conduct the evangelistic services and the couple will also offer special singing during the meeting.

"Clean-Up Week" Scheduled For May 10 - 16
Mayor Noah E. Kennard has proclaimed the week of May 10 to May 16, inclusive, as "Clean-Up Week" in Morehead, and has announced that trucks will be furnished by the city, in co-operation with the Rowan County Woman's Club, co-sponsors of the campaign.

The Woman's Club is taking an active part in presenting a "City Beautiful" to visitors of Morehead, and the city administration is lending its wholehearted support to the campaign by causing trucks to cover the entire city during "Clean-Up Week," to remove all trash, rubbish and garbage which has accumulated on property in the city limits.

Haldeman Resident Succumbs At Covington
Green A. Webb, 84, father of Mrs. Thida Stegall of Haldeman, Ky., died April 30 at Covington, Kentucky, while visiting at the home of another daughter, Mrs. Lillie McCoy.

Many Requests For "The Professional Teacher"
Dr. Frank B. Miller has received a request for 200 copies of his "The Professional Teacher" from the Academia Lutheran Philosophiae (Alpha Lambda Phi), an Academy for Scholarship, as stated to Dr. Miller in a letter from the secretary, is to meet the need for sharper delineation of procedures and policies.

Here's Where They Are
To Central Signal Corps RTC, Camp Crowder, Missouri—Henry L. Richard, Morehead, Kentucky. To Air Force Command, Medical Academy, Ft. Belvoir, G. Ellington, Morehead, Kentucky. To Medical RTC, Camp Barkeley, Texas—George Kiser, Hilda, Kentucky. To Air Force Command, Signal, Greensboro, North Carolina—Walter E. Calvert, Morehead, Kentucky.

Peoples Bank Buys \$150,000 in Bonds
The Peoples Bank of Morehead announced this week that at the end of the Second War Loan Campaign that institution had bought \$100,000 worth of United States Treasury Bonds, \$50,000 worth of Series B War Bonds, and had sold to individuals a total of \$62,500. A physical education work were subscribed during the Second War Loan Drive, from April 12 to April 30.

New Women's Physical Education Instructor Named
Miss Frances MacNaught, of Wilkes-Barre, Pennsylvania, has been named to the staff of the physical education department of Morehead College, to fill the vacancy of Miss Louise Caudill, who left Morehead to study medicine. The new instructor, a member of a prominent Pennsylvania family, is at present engaged in Y. W. C. A. physical education work in her home state.

P-T-A Council Elects Officers

The Rowan County Parent-Teacher Association Council met at the office of the Superintendent of Schools Thursday, April 29, and elected the following officers for the coming year: Mrs. John Will Holbrook, president; Mrs. Lydia Messer Caudill, vice president, and Mabel Alfrey, secretary-treasurer. Mrs. W. H. Rice, retiring president of the Council, recently received a check for \$5.00 awarded to the Rowan County Council for having organized the greatest number of P. T. A. units during the year, while losing none of the P. T. A. units already organized. The contest was open to all counties in the ninth district, which includes a large number of eastern Kentucky counties, and the award to Rowan County is quite a distinction.

Circuit Court Will Convene May 17

The Rowan Circuit Court will convene May 17 for the regular two-week term. The light docket, according to Circuit Court Clerk Joe McKinney.

With a very light criminal docket and only one civil action slated for trial at this time, the May term is expected to be even lighter than the record-breaking March term, when only 10 indictments were returned by the Grand Jury. The jury lists, as released by the Circuit Court Clerk this week, are as follows:

GRAND JURY: J. Earl McBrayer, Henry Eldridge, James Porter, Gus Vencil, Oscar Corbett, J. M. Pettit, W. L. Stumper, Jake Plank, Jr., Timon James, James Boyd, Clyde Smith, Sam Allen, Fred E. M. S. Bowen, J. E. Manning, F. M. Justice, Jr., Gus Utterback, M. C. Crowley, John Pennington and G. F. Keener.

JURY: Wm. S. Wainwright, C. R. Porter, Doan Markwell, Mitchell Estep, C. E. Dillon, Robert Young, Frank Havens, Fred Hollan, John Hamilton, Emil Brown, Leland Hogg, Telford Gevedon, Theodore Dean, Guy Wood, W. S. Tilden, Duley, W. H. Vaughan, J. C. Stewart, Joe Sloan, Alice Porter, Ernest Moore, J. L. Lane, Tilden Hogg, Tilden Caudill, Norman Wells, Chiles Van Antwerp and Robt. Day.

Short Commerce Course Offered By Morehead College

Intensive Study Program To Give Complete Course
An intensive commerce course designed to prepare students for practical office work in twelve credit hours will be planned by the commercial department of Morehead State Teachers College for the summer term.

According to the term of the new plan, a student will be able to take the equivalent of a semester's worth of work in twelve hours during the summer, divided into two five and one-half week terms. He will be able to earn six or eight credit hours during each term, totalling sixteen hours of college credit for the summer's work.

Professor Rigal Jennings, head of the Morehead commerce department, said that the program will be managed by having students meet the class schedule as usual, in order that the work may be completed in so short a time. Typing classes will be held at 8 a. m. 11 a. m., and 2 p. m., with an extra hour of laboratory work and supervised study at 4 p. m. in the afternoon. Short-handled work will be arranged during the typing and shorthand will give six credit hours, and the two extra hours may be earned from the physical education department, which might include operation of a calculating machine, duplicator, dictation, or similar machine. Students who have already studied typing and shorthand will be taken care of in specially-arranged advance courses. Professor Jennings said. Schedules for intermediate and advanced work have already been made out, and those weeks will be arranged during the summer.

Funeral Services Held Today For Mrs. Minnie Barker

Had Been In Ill Health For More Than A Year

Mrs. Minnie Barker, 56, well-known resident of the Flemingsburg Road section of Morehead, died at her home on Fleming Avenue Tuesday, May 4, after a lingering illness for more than a year. Mrs. Barker was suffering from cancer and had been in a Lexington hospital for treatment recently, but had been at her home here for the past several weeks.

She was born and reared at Stark, Elliott County, Kentucky; the daughter of Mr. and Mrs. Sam Mauk, both deceased. Mrs. Barker is survived by six children: four boys, Loran Barker, Crestline, Ohio; and two girls, Indianapolis, Indiana; Talmadge Barker and Hendrix Barker, both of Morehead; and two daughters, Mrs. Beulah K. Mumford, Indiana, and Mary Louise Barker, Morehead.

Funeral services will be held this afternoon (Thursday) at 2 o'clock at the Morehead Church of God with the Reverend Ramah Johnson officiating.

Morehead Women Ask For Help With Surgical Dressings
1942 Quota Just Now Being Completed

The women of Morehead and of Rowan County are helping with the Red Cross quotas of surgical dressings, but they are not helping enough. Just as in the War Fund drive a great many people give generously but the total is still far below the quota, so in the production program many are helping, but the total is still helping regularly, but not nearly enough is being done.

In garment production the 1942 quota has just been completed, nearly four months late. The last shipment of 250 pounds of clothing has just been sent out. The 1943 quota is already started, but there are many more garments to be issued. This work can be done at home, and it is to be seen Mrs. Grace Ford, who is also helping with knitting. This work is being done at her home, who will be glad to talk with anyone willing to knit.

Top Poultry Prices Announced By OPA
The Lexington district office of Price administration Wednesday announced the maximum prices which Fayette-county farmers and poultry raisers may charge for live poultry sold at their farms to stock shippers or wholesalers. The prices in cents per pound are as follows: Broilers, fryers, roasters and hens, 12 to 14; heavy capons, 21; fowl, 24.7; steags and old roosters, 20.7.

An expert on poultry sold today that while the prices quoted were specified "at the farm," the same prices "would be paid for poultry crackered to poultry-buying centers."

Teachers For School Year '43-'44 Hired Monday Night

Glennis Fraley Appointed Member of Board Of Education

The Rowan County Board of Education, meeting in regular session Monday, May 3, appointed Glennis Fraley, local merchant, to serve the unexpired term of his father, John P. Fraley, whose position on the Board of Education was made vacant by his death last April 20.

Also at this meeting, all legally-certified teachers were hired for positions in the Rowan County School system. According to the Board, it will be necessary to hire other teachers at a later date, however there are enough applications on file to fill all positions in the county. It may be necessary to use some permit teachers, but the law requires that the Board hire all qualified teachers before an application of a permit teacher can be given consideration.

Teachers Meeting To Be Held Friday
The final consolidated teachers meeting will be held at Morehead High School Friday, May 7. At this time an exhibit of the drawing and art work of the four consolidated schools will be held. Prizes will be awarded to the best entries. The program follows: Devotional; Food Production in War Time; Dan Brume, County Agent; Art and Awarding of Prizes; Naomi Claypool; County P. T. A.'s; Mrs. W. H. Rice; business; Roy Corbett and Mabel Alfrey; adjournment.

Board Of Education Adopts Resolution

WHEREAS, John B. Fraley, chairman of the Rowan County Board of Education, departed this life on April 20, 1943, and whereas, Mr. Fraley was a well beloved citizen of Rowan County.

And whereas, he had served as a member of the Board of Education for twenty years, and was deeply interested in the welfare of our school system and gave untiringly of his time and effort in promoting the interests of our school children.

And whereas, Mr. Fraley had the confidence and respect of all who knew him and were associated with him and his passing is a distinct loss to this community and entire county.

Now be it resolved, that these resolutions be made a part of the minutes of this Board and copies thereof furnished to the newspapers for publication and a copy be sent to his widow and family.

Mrs. Fildon Dalton Succumbs After Long Illness

Mrs. Fildon Dalton, 70, wife of a prominent farmer of the North Fork section of Rowan County, died at her home here Tuesday night, May 4, Mrs. Dalton had been in ill health for the past eight years, suffering from a heart ailment.

She was born in Floyd County, Virginia, but had made her home in Rowan County for the past 33 years.

In addition to her husband, she is survived by five children: Mrs. Mollie Alderman, Morehead; Mrs. Clark Logan, Rowan County; Mrs. Gladys Bays, Rowan County; Estill Dalton, Rowan County, and Climie Dalton, Eden, Indiana.

Funeral services will be held this afternoon (Wednesday) at 2 o'clock at the residence, with the Rev. H. H. Kazee in charge. Burial will be made in the Caudill Cemetery.

Miller To Address Graduates
On Friday, May 14th, Dr. Frank B. Miller, Professor of Education, will deliver the Commencement address at the graduation exercises of Headquarters High School in Nicholas County.

Dr. Miller will address the High School graduates on the topic: "Popular Values" (Whether Goes Thou?).

Girl Scout Council
The Morehead Girl Scout Council will hold its May meeting at 2:30 o'clock of 2:30 P. M. at the home of Miss Inez-Faith Humphrey Friday, May 7.

Intermediate
The Intermediate Girl Scouts met as usual last Saturday at 1:30 at Breck. After the roll call and pledge to the American flag, the Girl Scout flag, they discussed better organization of their group, that is, more regular meetings, a prettier method of badge work to be done by each girl each week, etc. They devoted the rest of their meeting to songs, and closed it with a song, "Withcraft," at the Girl Scout song, and their promise. They then adjourned to the Breck gym where the Girl Scouts of the Morehead City Scouts 38-34 in their scheduled basketball game. The intermediates will meet at their regular time and place this Saturday.

Brownies
The Brownie Pack had no other meeting last week than the basketball game, at which they did their share of the cheering. Afterwards, they, the intermediates, were awarded awards by the Girl Scouts. They played a few games among themselves. They

Senior Scouts
The Senior Scouts had their regular meeting on Monday at 7 p. m. Their leader, Miss Avis Woolrich, was not able to be present. The first prize was given to an assistant leader took charge. They discussed the possibility of giving a dance or some other type party. It may be a barn dance if the Seniors find that plan feasible. They will make more definite plans at their next meeting next Monday.

Cub Scouts
Den No. One of the Cub Scouts was awarded a first prize last week at its monthly Pack Meeting for having the largest number of pets in the pet show.

Ferry Benton Dowdy and Harold Lancaster were initiated into Cub Pack No. 21.

Gerald Lancaster was graduated from Den No. 4 into Scout Troop No. 76, and will be a member of Marvin Hamm's Patrol.

MIDLAND TRAIL GARAGE

A WEEK OF THE WAR

The barbarous execution by the Japanese of some of the eight American aviators captured after Major General James H. Doolittle's raid on Tokyo on April 18, 1942, brought expressions of deep horror from high United States officials. Our State Department, in a vigorous protest, warned the Japanese that officers of that government who were responsible for this savage cruelty would be held fully responsible and would get the punishment they deserve. Discovery of this latest inhuman act by the Japanese followed closely the announcement that the aircraft carrier, "Hornet," since from which the "Shangri-la" from which the planes took off to bomb Tokyo. All but one of the bombers in that raid made crash or forced landings, but 64 of the 80 men participating were saved. It was indicated that all of the eight men captured by the Japanese were tortured and those not executed had been sentenced to prison.

Air raids by U. S. forces on Kiska, the Aleutian base which the Japs are frantically attempting to prepare for further attacks on American territory, increased in intensity last week. In one day, fifteen raids left great fires burning on the Jap air base bearing completion.

Allied fliers in the southwest Pacific from April 11 to 15 had destroyed or damaged 128 Japanese planes, 19 ships, including nine warships, and probably damaged 12 more boats. Raids in the Solomons continued unabated as Donald M. Nelson, chairman of WPB said that airplane production in the U. S. would probably reach 7,000 for the month of April, and would continue to increase until there were ample planes for all war purposes.

One of the greatest air battles

Allied forces in Tunisia have taken most of the important hills protecting the way into the coast plain around Tunis in a full-scale offensive that has brought the British Eighth Army, which has advanced from the south against stiff resistance, as the Americans have come within 25 miles of Bizerte. Thousands of land mines planted by the retreating Germans were cleared by United States forces as they captured Sidi Nsir.

The battle line which stretched from Djebel Dardays on the north, where the American forces, to Djebel Mdeker in the South, was rapidly contracting as the Axis armies retreated under the heavy infantry and tank attacks of American, British, and French troops. Although there are signs of collapse, the enemy has been forced to make withdrawals from his most heavily fortified positions, and the Allies have kept up their raids on troop concentrations and ammunition dumps behind the enemy lines. In a spectacular battle, Allied aircraft intercepted a convoy of 20 huge Mercedes-Benz transports each capable of carrying 120 men and shot down all of them.

General Eisenhower's headquarters reported that Axis losses in Tunisia from January 1 to April 13 included—66,000 killed, wounded or captured; 250 tanks, 3,000 vehicles, and 425 guns destroyed or

in history was won by Allied fighters, our Cape Bon, Tunisia, who they shot down 11 Axis fighters and damaged 30 more. Fifty-eight Junkers—32 transports were among the planes brought down. The total of Axis planes destroyed during one day was 96 and in three days, 142. Only 11 Allied planes were lost to the Axis.

The British Eighth Army continued its two-pronged drive against Rommel's defenses, which were broken and the enemy's fortified positions further back in the hills. The British repelled a number of desperate counterattacks and forced the enemy to meet them at two points, Takrouma, Djebel Garci, and Enfidaville were captured.

United Nations now hold complete air mastery over the enemy in the northwest Africa theater of war, according to Lieut. General Carl A. Spaatz, since March 20, when the battle of the Marech Line began. 519 Axis planes have been shot down by Allied fliers, and another 1,000 Axis planes have been destroyed or damaged on the ground. This activity has cost the Allies only 175 planes and five fighters retained from an offensive consistently. In England, it was acknowledged that the Allies have air superiority, though they do not have air superiority, though the Nazis were building up their fighter strength to protect Germany proper.

The Soviets reported the destruction of 302 Axis planes in one week and admitted the loss of 103 of their own aircraft. German attempts to halt the Russians in the Kuban area of the western Caucasus were unsuccessful; the Germans left 1,400 dead in counterattacks on one hill. An unexpected statement from England said that the British Government had received numerous reports that the Nazis were getting ready to use poison gas against the Russians. Britain reported her own use to retaliate immediately and fully against Germany itself if war purposes.

Allied forces in Tunisia have taken most of the important hills protecting the way into the coast plain around Tunis in a full-scale offensive that has brought the British Eighth Army, which has advanced from the south against stiff resistance, as the Americans have come within 25 miles of Bizerte. Thousands of land mines planted by the retreating Germans were cleared by United States forces as they captured Sidi Nsir.

The battle line which stretched from Djebel Dardays on the north, where the American forces, to Djebel Mdeker in the South, was rapidly contracting as the Axis armies retreated under the heavy infantry and tank attacks of American, British, and French troops. Although there are signs of collapse, the enemy has been forced to make withdrawals from his most heavily fortified positions, and the Allies have kept up their raids on troop concentrations and ammunition dumps behind the enemy lines. In a spectacular battle, Allied aircraft intercepted a convoy of 20 huge Mercedes-Benz transports each capable of carrying 120 men and shot down all of them.

General Eisenhower's headquarters reported that Axis losses in Tunisia from January 1 to April 13 included—66,000 killed, wounded or captured; 250 tanks, 3,000 vehicles, and 425 guns destroyed or

captured; 1,754 planes destroyed, 278 probably destroyed, and 586 damaged—a total of 2,618 put out of action. Losses at sea were also great. It was reported that a single United Nations' submarine force had sunk 85 Axis ships in the Mediterranean since November 8.

Canadian airmen joined American in raids on Kiska, strong outpost of the Japanese, which was bombed 142 times in April. The largest of the Ellice Islands, Funafuti, has been occupied by United States forces. It is about 450 miles south of the Gilbert group where the Japanese have heavy fortifications. Date of the occupation was not revealed, although it was announced that the Marines had taken the island without resistance.

Chungking declared that the Japanese have used poison gas

against Chinese troops in one sector, and that the Japanese had advanced as far as Yukiakwen in southeastern Shansi.

The Polish cabinet, meeting in London, drafted a reply to Russia which was couched in moderate language and left the way clear for the British and Americans to attempt to restore normal relations between Soviets and the Polish Government in exile. Russia suspended diplomatic relations with Premier Sikorski's Government over a German propaganda story that the Red had executed 10,000 Polish officers.

Saboteurs are active in Europe. Norwegian patriots blew up four ships and a lighthouse in Oslo Harbor. It was reported that an attempt had been made on the life of the Nazi governor of Warsaw and that there had been a

wave of attacks on Nazi soldiers in Greece. Rowan County farmers have found balboa rye to be one of their most successful winter cover crops. Among the satisfied planters are Joe McBrayer, Hiram Eldridge, W. A. Caudill, Claude Curtis, and John C. Eldridge. One acre of balboa rye, seeded in September, will replace several acres of hay. Since feed crops are scarce, farmers should contact one of the above mentioned users for details and statistic on their crops.

FACTS YOU SHOULD KNOW DON'T BE MISLED

--- DO YOU KNOW ---

THAT, Alcoholic Beverages in Rowan County is controlled better than any other county in the state? with about all the dealers being in the city limits or nearby? THAT, The Beverage dealers are rendering the merchants a service they don't care to do themselves, by bringing people to our city to spend their money? Under prohibition the merchants of Morehead will be the first to suffer through the loss of business. THAT, The farmer has the best market built up in Morehead they ever enjoyed in their lives, and have been a lifetime building that market to where it is, only to have it wrecked by killing the "GOOSE THAT IS LAYING THE GOLDEN EGG"? THAT, The beverage dealers are responsible for this great market and increased business? Put the beverage dealers out of business and you have about put your merchants out also. THAT, we are the center for the surrounding dry counties who come to Morehead to do their shopping and enjoy their favorite beverage and leaving countless dollars with the merchants, and the merchants in turn start to do so much? THAT, the beverage dealer's license and taxes go into the fund for the old age pension, the blind, and the school fund? several of our old age pensioners have had their pensions reduced right here in Morehead, the past month? This is happening all over the state because of loss of revenue brought about by so many counties going dry. No one else is going to contribute to the support of these good old souls, nor, will they, but will seek to take it from them. THAT, the City of Morehead is paying into the war effort every year the sum of approximately \$100,000 through revenue paid in by the Beverage Dealers in your city? That means more guns, ammunition, tanks, machine guns and countless other equipment needed by the boys on the firing line. Cut that off and of course the bootlegger will more than likely do it for you. What do you think? Well, we think it is high time you people who have boys or relatives on the front to wake up and try to do something for them instead of doing something that will deprive them of their so badly needed equipment. You had better do it if you want it done for the bootlegger will not do anything that will help them. THAT, you had better get busy and see your neighbors and have them think this matter over and explain to them what we are doing for your boys at the front and what it means to the community and you, and the business men of your town, and not do something you shouldn't do just because you want to vote for prohibition, that's something you know is a physical impossibility. To do so means you have done something that will only make matters worse. THAT, one-half of the people of your community becomes slaves to the other half, and live and do what they want you to do whether it suits you or not? It's pure selfishness on the part of those who desire to do such things. THINK IT OVER!

Rowan County Farm Notes

Farm Security Administration borrower families believe they can top last year's production of war essential crops by further increases ranging from 20 to 72 per cent.

Results of a survey released by the Office of War Information, and just received here by the local Farm Security office, show that the 463,941 family-size farmers

who as FSA borrowers made record-breaking increases in major war crops in 1942 expect to turn out 20 per cent more milk this year than last; 41 per cent more 62 per cent more hogs; 38 per cent more beef; 38 per cent more dry beans; 62 per cent more soybeans; 22 per cent more flax and 72 per cent more peanuts.

With the aid of Farm Security Administration loans and the assistance of FSA supervisors in planning and producing war needed crops, these farmers increased their 1942 output from 20 to 106 per cent over 1941, and accounted for a substantial proportion of the nation's total increases in five major crops. Constituting 7.6 per cent of the country's farmers, they supplied 36 per cent of the total increase in milk, 27 per cent of the increase in dry beans, and 10 per cent of their increases in eggs, chickens, and peanuts.

In 1943 these farmers believe they can produce enough additional milk to meet the requirements of more than 3,000,000 (million) active men or a total of 1,183,350,000 (billion) gallons. In 1942 they produced 892,800,000 (million) gallons. They also expect to boost their pork production from 782,800,000 (million) pounds in 1942 to 1,178,000,000 (billion) in 1943, chickens from 140,150,000 (million) to 224,350,000 (million) and peanuts from 216,000,000 (million) to 374,000,000 (million) pounds.

These estimates represent the farmers' own belief in their ability to increase production. Last year their actual production came fairly close to plans that were set up of planned production in some major crops, but overshot their mark in others. Whereas estimated milk increases were set at 1,150,000,000 (billion) pounds, FSA borrowers actually produced an increase of 1,419,000,000 (billion) pounds. They also topped the peanut and beef production estimates but were unable to meet, in full, the goals set for eggs, pork, and soybeans.

"While these are national figures, small farmers in this section can be expected to carry their part of the production load," said Coy M. Hibbard, County Supervisor of Rowan and Elliott counties. Farm plans indicate increases in poultry, beef, milk and eggs.

War Bonds and Stamps totaling \$422,601.55 have been purchased by employees of the Farm Security Administration in this state region to April 1. The figures were received here today from regional headquarters by Coy M. Hibbard,

FSA Supervisor for Rowan and Elliott counties.

Individual purchases amounting to \$277,266 were made through an organized agency campaign, to August 31, 1942, and \$145,333 worth have been added since that date through the voluntary salary allotment plan. The average FSA worker, at present, is investing \$18.46 per month in bonds. The total average bought to date is approximately \$242.23 per worker. This region includes North Carolina, Tennessee, Kentucky, Virginia and West Virginia.

Local Farm Security employees are taking part 100 per cent, Mr. Hibbard said.

where timber is destroyed. Fire wardens have been instructed to investigate all fires in their territory and charges will be filed where there is evidence of sabotage or carelessness resulting in the destruction or damaging of timber, McConnell stated.

Forestry Director Urges Great Care In Burning Brush

Says Negligence Responsible For Many Forest Fires

If more farmers would take the precaution of raking a fire lane around a brush pile and then staying there while it burns, Kentucky would have fewer forest fires and an increased income from future timber sales, G. G. McConnell, director of the Division of Forestry, pointed out.

The same method of raking a fire lane should be used in all debris burning, safeguarding the young trees and possibly farm buildings which might be in the path of a fire which was left to spread over nearby fields.

Despite the educational campaign which has been waged over the state and the co-operation of hundreds of farmers and landowners, scores of fires have been reported in recent weeks by fire wardens and observers in the towers. Many of these have been traced to brush and debris fires started by farmers and landowners who were clearing their fields for spring planting. In some cases the fires were started and left unattended. Others were started without any precautions being taken to prevent their spread or on days when a strong wind fanned the flames and carried sparks over fire lines.

Prevention of such fires is an important part of the war program at this time, timber being a vital war material and an equally essential material in the years to follow the war. In addition to the state laws for the protection of wooded lands, federal penalties have been provided for cases

Tobacco Treatment Demonstrations To Begin April 30th

Prevention Of Rust And Wild Fire Is Object

Farmers interested in learning modern methods of treating tobacco beds for wild fire and rust are urged by the County Agricultural Agent, Dan Brame, to attend one of a series of demonstrations to be held at various farms throughout the county during the coming week.

The demonstrations will be held at the following places and times: Lewis Fraley farm, Wagoner's Corner, Friday, April 30, 10:00 a. m.

Emil Brown's, Minor, Friday, April 30, 1:00 p. m. Orville Caudill's, Poplar Grove, April 30, 3:00 p. m. Tildon Caudill's, Cranston, Saturday, May 1, 8:30 a. m. Willie Estep's, Cranston, Saturday, May 1, 10:30 a. m. Robert Kinney's, Harpman, Saturday, May 1, 1:00 p. m. Elmer Kinder's, Adams-Davis.

3-PURPOSE MEDICINE Hits HEAD COLD Misery Fast!

If you are suffering with discomforts of a head cold, enjoy the grand relief that comes when you use Vicks Vapo-rubol 3-Purpose Vapo-rubol is effective because it does three important things. It (1) shrinks swollen membranes, (2) soothes irritation, (3) helps clear congested nasal passages. And so brings wonderful relief! ... And remember, if used in time, Vicks Vapo-rubol helps to prevent many colds developing. Follow directions in folder.

ville attending the Eastern Star School of Instruction.

Miss Patricia Caudill, accompanied by Mr. and Mrs. Paul Little, of Lexington, attended the Derby in Louisville last Saturday. Mr. and Mrs. Little and Miss Caudill were dinner guests of Miss Louise Caudill and Mr. Milton Caudill that evening.

Mrs. E. D. Blair entertained Tuesday afternoon at 3.30 at her home on Main Street in honor of her mother, Mrs. H. L. Wilson, who was celebrating her 58th birthday. The guests included Dickerson, Russell, Ky., a returned missionary from Brazil, who was a surprise party. After the guests participated in several games, refreshments were served.

CHURCH NEWS

Pastor B. H. Kaeze of the Morehead Baptist Church will preach at both services Sunday at the First Baptist Church in Lexington. In his absence, Elder C. W. Dickerson, Russell, Ky., returned missionary from Brazil, will preach at both services in the Morehead Church.

A revival meeting at the Elliottville Baptist Mission began Monday night, with Missionary L. E. Leeper doing the preaching. The meeting will continue for about two weeks. Services are held each night at 7.30.

Revival To Begin At The Church of God

Rev. W. T. Wallace, pastor of the First Church of God in Louisville, Kentucky, will be the evangelist during a two weeks' meeting beginning May 17th through the 30th. Reverend Wallace is a well qualified and is a nationally known. He is a very interesting speaker. A cordial invitation is open to the public. Plan to attend as much as possible.

The children of the Christian Church will present a Mother's Day program next Sunday evening at 7.30, in honor of the Mothers of the Church.

The program will be under the direction of Mrs. Arthur Landolt and Miss Lavina Waters, and will consist of readings and vocal offering in keeping with Mother's Day.

An Eastern Kentucky Man For Kentucky's Second Highest Office

DEMOCRATIC PRIMARY

AUGUST 7, 1943

On This Mother's Day

This year, it is fitting that Mother's Day be dedicated first of all to mothers who have a son or a daughter in uniform with our armed forces. A mother can make no greater sacrifice. No greater service to humanity can be rendered.

For all mothers of today—and for those of past generations—the nation has set aside a special day each year to acknowledge its debt of gratitude. And it is especially to mothers in this community that we extend greetings and sincere good wishes.

preliminary courses which will not be required of college students.

Red Cross (Continued From Page One)

ers are needed. Volunteers for this work, which cannot be taken home, should go to the Science Building at any time when the production room is open, taking 2.30. Mrs. E. L. Shannon will preside. The program will be on "Nutrition."

Commerce Course (Continued From Page 1)

classes will meet at different hours than classes scheduled for beginning students.

There will also be intensive work offered for bookkeeping students, he said, as well as courses for college students not specializing in commerce.

The intensive summer courses will be preparation for Civil Service positions, according to Professor Jennings, and upon the completion of the two terms the students should have enough practical knowledge to accept positions as typists or stenographers.

Arrangements have been made with the Civil Service Commission to send examiners to the Morehead campus during the last week of the summer term, so that students may take tests for government jobs.

The plan of study during the summer terms is similar to that adopted by the Navy schools for the training of yeomen, except that the course here will continue for twelve weeks instead of sixteen which the Navy requires for indoctrination along with commercial training.

Professor Jennings commented that the new short term plan will probably be especially desirable to high school graduates who are uncertain about entering college, but who will find it profitable to spend the summer in school preparing for office positions.

The program will be run on a schedule similar to that adopted by numerous business colleges throughout the country, except for the elimination of a number of

Committee Begins Improvement Of Morehead Grounds

New Walks, Trees, Shrubbery Included In Big Budget

A project which will spend between \$2,000 and \$3,000 for the beautification of the Morehead College grounds has been outlined and begun by the campus landscaping committee, it has been announced by Dr. G. B. Pennebaker, a member of the committee.

Orders have already been sent for trees which will be replanted on the campus, and an architect has submitted plans for the improvement which have been accepted by the landscaping group. Intensive work will be begun very soon on laying new sidewalks, planting shrubbery and trees, and sowing seed, Dr. Pennebaker said. New shrubbery will be planted around the home management

house, Allie Young Hall, the swimming pool, auditorium, and administration building, according to outlines of the committee. Special attention will be given to relieving the bareness of the foundation of the administration building, where evergreen trees, low shrubbery and barberry bushes will be set. Two larger trees will be planted in the yard of the home management house, and evergreens will be set out around the swimming pool.

Walks will be laid where paths have proved the need for them, Dr. Pennebaker said. A new walk will be made across the vacant lot opposite the science building, and another will be made from the front of Allie Young Hall to the auditorium. There will also be additional concreting near the front door of the grill, he said.

Dr. Pennebaker commented on the necessity of students' keeping off the lawns, in order that the improvements will have opportunity to be effected.

MOTHER'S DAY

We Pay Homage To Her, May 9th

We offer these simple suggestions for Mother's Day:

If your Mother is living, make certain she knows how highly you cherish her love, devotion and self-sacrifice. If she has passed on, pay tribute to her memory.

And don't forget the Mother next door whose son may be fighting overseas. See to it that she, too, gets a word of greeting and good cheer. That's the real spirit of Mother's Day.

CONTROL CAN DO WHAT PROHIBITION CANT!

THE OLD JUDGE SAYS...

"Quite a discussion some of the boys were having down at lodge meeting last night, Judge...you know, in the anteroom before the election of officers."

"Sure was...and Herb was dead wrong. The alcoholic beverage industry does account for more taxes than any other industry. I checked the figures in my office this morning. Why the figure on alcoholic beverages is pretty close to a billion and a half dollars a year. Lucky thing we haven't got prohibition or the government would have to make up the money some other way. And there's only one answer to that—more taxes. You know what that would add up to... about \$25 more taxes a year for every man and woman in the country. In other words you and Sue would have to pay about \$50 more in some form of tax. I guess about the only ones who'd come out on that deal would be the bootleggers and gangsters."
