MOREHEAD, KENTUCKY, THURSDAY, OCT. 30, 1941.

NUMBER FORTYTHREE

Officers For Election Are Announced

Election officers for the November Election have been announced and differ little from those who served in the August primary. They are:

- No. 1: Tifford Geason, Clerk
- Everett Randall, Sheriff
- Lawrence Johnson and E. W. McKinney, Judges
- In each of the other precincts the clerk will be mentioned first, the sheriff next and the judges next.
- Number 2: Walter Gilkinson, Olle Swimm, Thomas Dehart and Sam Young.
- No. 3: Raymond Murphy; Lloyd Brown; Boone Smokey and Arthur Hall.
- No. 4: Emory Fouch; Orville Carter; A. J. Williams and T. H. Lewis.
- No. 5: Ray Hogue; O. R. Glickerson; Harry Bates and Clelia Hamm.
- No. 6: Paris Jackson; Wheeler Epperhart; Bill Brown and J. (Continued On Page Five)

Independent City Ticket Declares They Will Serve

The announcement of the Independent Ticket for the offices of Mayor and Councilmen of the City of Morehead appears in this issue of the News. This Ticket running under the emblem of the Clashed Hands, and called the Independent Ticket is headed by Noah Kennard as Mayor, with the following Councilmen: Watt Prichard, P. Wheeler, S. M. Caudill, A. J. White, J. L. Nickell and Frank Calvert.

Mayor Allen Issues Proclamation

WHEREAS conditions in the world today have necessitated the services essential to the public health and welfare; and WHEREAS our national civilian defense program necessitates a strengthening of all the services essential to the public health and welfare; and WHEREAS no section of the United States is free from the threat of natural catastrophe or disaster, such as flood, hurricane, tornado, drought earthquake, fire, explosion and

Eagles Lose To Thoroughbreds Of Murray

Man for man the Eagles had the best football team on the gridiron when they met the Murray Thoroughbreds at Murray last Saturday, but in football games today iron men don't count, and the school that has the most and best reserves is the one that win in the end. And so the spectators say, it was that the Johnson-Miller coached team, in spite of an early game drive that put them out ahead in the first quarter and held the Breds scoreless the greater part of the game, gave way to the relentless power of the fresh Murray reserves and dropped the decision 16 to 7. By the way that is no alibi, Morehead's Eagles are the one team in the state that have been hard hit by enlistments in the army, and whose ranks have been depleted to almost a skeleton squad. Morehead is rather proud of that fact, but it still doesn't win football games.

Progressive Ticket Endorse Present City Council

In this issue the formal ad and announcement of the Progressive City ticket, under the emblem of the Crescent appears. Members of the ticket are: John Will Hubbard, Mayor; J. B. Fraley, Virgil Wolford, Curt Hutchings, Frank Laughlin, E. E. Sliuss and W. L. Jayne, as Councilmen.

Candidates Close Drive For Votes

This issue of the News is the regular pre-election issue, and for that reason is a day late in reaching our readers. The number and politics of the various candidates advertising for the last time before this November election, is proof that the candidates recognize the value of the Rowan County News as an advertising medium, the leading advertising medium in the county. The management of the News recommends that every ad be read carefully and that every voter, regardless of politics cast his or her vote in the coming election. Only by so doing can we pick the officers in the good old American way.

Red Cross Roll Call Drive Planned

America's national defense efforts require a great expansion of all American Red Cross activities. H. C. Hagan, chairman of the Rowan County Red Cross Chapter, and Dr. J. O. Eyerhart, president of the state Red Cross Council, declared today in urging an "roll call" support of the greatest membership Roll Call in Red Cross history. It is held from November 11 to 30.

Noted Explorer To Show African Film At Mills

Capt. Edward A. Salsbury, world famous explorer, lecturer, author and ex-Navy officer will appear in person on the stage at the Mills Theatre on Wednesday of next week, Nov. 5. He is billed to lecture on his film "Gow", a thrilling series of pictures, depicting the wild men of Africa, bushmen, cannibals and savage herds of the wildest parts of untamed Africa. The film and lecture are both educational and no one should miss it.

Baptists Have Successful Revival

The Morehead Baptist Church last Sunday night closed its most successful revival meeting in many years according to the opinion of other members of the church. Pastor B. H. Kasee did the preaching and Missionsary L. E. Leeper conducted the singing and personal work. From the beginning there was deep spiritual concern on the part of the church members and much personal work was done by them. No sensational methods were used in the meeting, but simple Gospel preaching and earnest prayer characterized the entire series of services.

White Elephant Sale Is Set For Saturday, Nov. 1

This coming Saturday is the big day for it marks the annual White Elephant Sale. Just remember there will be items on sale that everybody can use. There will be all kinds of farm products for sale such as potatoes, onions, apples, pumpkins, canned fruits and vegetables, pop corn, walnuts and pickery nuts. There will be dresses, suits, coats, hats, trousers and stockings of all kinds and sizes. There will be household articles you will like to buy. There will be jewelry and many odds and ends that you will want for only a few cents.

Tobacco To Have Same Quota In 1942

Tobacco allotments for buyers, dark and light, and cured types will be the same in 1942 agricultural conservation program as in 1941. The State Area office announced that E. Turner, chairman of the Rowan county Agricultural Association, points out that this means all farm allotments will remain the same except where adjustments are required because of marketing quota violations or other special conditions defined in laws and regulations.

Door Counties Supporting Amendment

The attention of all citizens is called to Constitutional Amendment No. 1, which will appear upon the ballot at the general election on November 4. This amendment, if adopted, would require the Legislature to appropriate funds in addition to the present school per capita to those school districts in the state where the educational services offered the children are below standard.

Young Folks Are Injured In Wreck

A wreck serious in the extreme, but fortunately with no fatal results, occurred last Saturday morning when the car driven by J. E. Calvert and occupied by Prof. George Young, Misses Betty Hanks and Joyce Wolford and J. B. Calvert, Charles Blair and Jimmie Reynolds, was struck by a truck coming out of the White and Greer Lumber yard on the Flemingsburg Highway near the city limits of Morehead. The Calvert car struck the truck and a literally crashed, the miracle being that any of the occupants escaped with their lives. The accident occurred as the group of young people were starting on a history tour, accompanied by Mr. Young, the dense fog of that morning together with the smoke from the burning wreckage at that place made it impossible to see, and undoubtedly was the cause of the accident.

F. F. A. Plans News Letter To Members

The Morehead Chapter of the Future Farmers of America is planning to publish a news letter during the month of October. This news letter made possible by the selling of ads to the local merchant will be distributed throughout the county to all the schools. Eugene White, Association Manager, Hanson Carey.

Girl Scouts Observe National Scout Day

In celebration of National Girl Scout week, the Morehead Young Lois Carter, Janet Kentrop is engaged in a most active program. Sunday, in observance of National Girl Scout week, the church Sunday school members attended their respective churches in uniform. During the week members will be in full scout dress on all occasions.

Young People To Present Play

The Young Peoples Guild of the Christian Church will present "Bread" Sunday evening, November 16 in the church auditorium. The Guild has presented other outstanding religious plays and has the most given fine interpretations of moral themes. "Bread" is the story of a typical American family, their struggles and temptations, and their search for a solution to everyday problems.

New Laws To Keep Prices High

Kentucky farmers who volunteer their help in producing the increased quantities of hogs, eggs, evaporated milk, nut products and chickens, will NOT RAISE TAXES. They will not pay one cent more in new Federal farm additional taxes than they are already paying NOW. This is the Amendment, which is being introduced by the State Farm Bureau and other civic organizations. It is Non-partisan and is Non-political, and its only purpose is to make possible improved educational services to counties like Rowan and Elliott.

Beyond severe bruises and continuing sore of the occupants of the Calvert car was seriously injured, except Jimmie Reynolds, who suffered a broken nose and a serious concussion. It is reported he is showing improvement, although an operation is said to be necessary.

These news letters will tell some of the things the F. F. A. Chapter is doing and going to do. This is our first attempt to publish a news letter and they hope that you like it. Rod Lyon, John Johnson and his staff have worked hard and deserve a lot of credit.

Due to a change from the original selections, the Emblems of the Two City Tickets were changed in printing so that the Emblem given to the PROGRESSIVE TICKET, the Independent Emblem as it appears on the ballot is the "Clashed Hands" background.

Through a misunderstanding the same Emblem appears in both ads in the News.

Can you refuse to accept this Amendment to the Constitution? If you are a voter in Rowan County should you vote YES on Amendment No. 1. It should carry unanimously.

How Fast Do You Read?

By R. D. Judd, Ph. D.

How fast can you read? If your rate of reading is about twice your rate of spoken word then you are considerably below average. During ordinary conversation one usually speaks about 80-90 words per minute. A woman excited speaking over the telephone may run as high as 150 wpm.

If your rate in silent reading is about twice this number of hundred years—100-180rpm, then you are too slow for words. The average person reads about 250

wpm, but this rate is too slow, and a dollar on your birthday will mount up in one year to \$37.50, the purchase price of a \$30 Defense Bond. Bigger sav-

ings buy bigger bonds.

NOTE—To buy Defense Bonds and Stamps, go to the nearest post office, bank or savings and loan association, or write to the Treasurer of the United States, Washington, D. C. Also, Stamps are now on sale at retail rates.

What About Your Neighbor?

By Charles Steble

The world is closing in on us. The measure of "personal life" is not how long it is, but how true it is to itself. You may talk as you please, but there are things which affect you in our everyday life. They are so personal that in many cases they cannot be reached by the law. The whole doctrine of law has been reduced by Blackstone, one of the world's greatest jurists, to the simple formula: "first, do no harm to anybody, and then, do what is right."

The application of these principles to our social relationships is the larger portion of the book. It is often oversimplified by persons who have these lead to serious conflict, class struggles, and sometimes to world war.

Because of this fact, there arises the necessity for a higher law. It was handed down to thousands of years ago. Here it is: "Thou shalt love thy neighbor as thyself." This law was announced by one great Teacher when he was asked the question as to what is the first and greatest commandment, and when He told the story of the Good Samaritan, an illustration of this principle.

We can't go wrong on any decision or course of action with this law as the guiding principle of our life. Applied to human relationships there would be no world wars, no class struggles, no labor problems, no personal conflicts, less than this level of importance, and recognized in the thinking expressed in the motto: "Every man for himself and the devil take the hindmost."

An unknown "neighbor" once wrote these words as his guide in his relationship to others:

"I shall pass through this world but once. Any good, therefore, that I can do or any kindness that I can show to any human being, let me do it now. Let me not defer or neglect it, for I shall not pass this way again."

This should be the spirit of every man who would be a "neighbor" in the truest sense—and surely he shall have his reward, and he need not wait for that reward in whatever life there is in the future.

To the Voters

Because of the press of the duties of my office, I have been unable to visit you as I had hoped to be able to do before the election on Tuesday, Nov. 4. I wish to remind the Voters that I am a candidate for re-election for the Office of Jailer of Rowan County on the Democratic Ticket an office which I have held since 1937. During that time I have kept up the duties of my office to the best of my ability, fulfilling my obligations to you, the citizens of the county in such a way as to give you the best service possible at all times. Your court house has been kept clean and in repair. Your jail is and has been kept in the best of condition.

The officers have been looked after to the complete satisfaction of the officers as well as the citizens. The prisoners, most of them sons of the citizens of this county, in the time they have been under my care have received the best care of which I am capable, and have been given good food and excellent care. I wish to say that I am making this race strictly on my record as your Jailer. If I have given you good service in the past I ask your support and vote in the coming election. I will thoroughly appreciate your vote and your influence, and I can promise the same service during the next four years as you received in the past four.

BRAMMER for MAGISTRATE

On November 4th you will select the man into whose hands you place the affairs of our county. There will come before the Fiscal Court during the next four years, matters of much concern to you and it is to your interest to select men for Magistrate of your county, with proven business ability to handle those matters. My record as a citizen and a business man is open to the public as well as my record for fair, honest and upright dealings in all my business affairs.

I present myself to the people of Rowan county for the first time, as a candidate for MAGISTRATE for the THIRD DISTRICT. I possess all the qualifications necessary for a fair, honest and economical administration of county affairs, and while my name appears under the emblem of the Republican party, I appeal to all of the people, regardless of their political affiliations, who desire to see Rowan county take her place in the front ranks of the progressive counties of the state, for their support in my race. I assure each and all that every citizen will receive my most kind and courteous effort and my best consideration and effort shall be spent for the best interest of Rowan county.

It has been impossible to see everyone in person. However, I am seeing as many as I can, and to those who I may be unable to see I will ask that you accept this as my personal appeal to you for your support in my race and likewise my deepest appreciation and gratitude for your interest. Truck Owners Urged To Fill Questionnaire

Kentucky truck and bus owners were urged today by William B. Blaton, Kentucky chair of the Highway Advisory Committee to the War Department, to make complete return this week in the national defense truck and bus inventory launched by Governor Johnson from returns will save the expense of further inquiry. The National Defense Advisory Commission and the War Department have recognized the importance of truck and bus transportation in the national defense program. The Highway Traffic Advisory Committee to the War Department has asked the Federal Works Agency to make a national defense inventory of all trucks, busses and freight trailers. The Committee wants to set up a detailed central and regional register of all trucks, busses and freight trailers, similar to on railroads, water shipping or aviation. The information is ur-

REMODELLING HELPS

SAVE ON COUTHING

To fight rising prices of clothing, women in the Dundee Homemakers' club in Hart county have a remodeling program. One woman remade a man's suit into a women dress at a cost of 37 cents. Another woman found enough velvet scraps in a rag bag to make a beret, for only one expense being 25 cents for a Fordyce Ely of the University of Kentucky College of Agriculture asks for next year that women should be had by better feeding milk would be expected from demand "and government support of the market, it is stated in the leaflet that "no substantial lowering of the price of milk and milk products life." Among them may be listed the following factors: 1. Milk prices for foods bought on the farm they were seven a year ago. 15 per cent of more increase during how attractive - the price in a two-year period.

Better Management Would Provide Milk Needed for Defense

The increased milk production which the Secretary of Agriculture asks for next year that women should be had by better feeding milk would be expected from demand "and government support of the market, it is stated in the leaflet that "no substantial lowering of the price of milk and milk products life." Among them may be listed the following factors: 1. Milk prices for foods bought on the farm they were seven a year ago. 15 per cent of more increase during how attractive - the price in a two-year period.

Women Told How To Meet Rising Cost of Living

Farm women and the women of America generally are confronted by several things vitally affecting their "way of life." Among them may be listed the following factors: 1. Milk prices for foods bought on the farm they were seven a year ago. 15 per cent of more increase during how attractive - the price in a two-year period.

Rent of property may be increased. Credit for improvement buying has been curtailed. Clothing costs are up. Taxes are higher now, and probably will go up, not down. Money should be saved, despite all these factors, for buying Defense Bonds and stamps, as a help to national defense and a patriotic duty.

Summingup, home economists at the University of Kentucky and Home Economics say two things stand out clearly: 1. Running the household will take more money, and 2. In some cases farm women will be in a position to keep costs down to a certain extent. For increased expenses such as taxes, etc. more money must be kept available. The only area in which women can cut down is that of buying. In other words, by producing the bulk or all of their food for home-consumption on the farm, the actual cash outlay may be reduced and the money used for other things. Other than that, women may by smart buying cut the clothing costs or at least keep them at their present total figure. This will involve getting maximum service from the clothing on hand, by prompt repair by drycleaning or washing, by longer use, etc. It is desirable at this time to avoid debt. With costs high, it will take longer to get out of debt than it would in a period of relatively low costs. If income is larger from high prices for farm products use the money to pay off any existing debts, mortgages or notes or unpaid bills.

Cumberland National Forest

There are developments taking place that before long may make wood one of the most precious products of the farm. Trees are coming into a new day. Science alone is developing new, almost unbelievable wood products, and our defense needs are spurring on the interest in these products and new uses for wood itself. Ship are being built with plywood sides. Chemists are breaking wood down into its constituent parts and making plastic that can be shaped to all manner of articles. They are impregnating sheets of wood with reinforcing chemicals and subjecting it to all manner of articles. (Continued on Page Seven)

TO THE VOTERS,

In my campaign I have tried to see and talk to each of you. I realize that there are some I have not been able to see and for those and for the public in general I wish to again briefly outline the things I stand for and intend to do if I am elected your Jailer.

The jail will be kept in a clean and sanitary condition and the prisoners will be properly and amply fed.

It will be my purpose to clean up the Court-house grounds and property and put it in a clean presentable and sanitary condition and to keep it that way. I shall make every effort to save the county money in the economical operation of the office. Upon this platform of an efficient, economical and clean administration I ask your support.

all, for there will be no room for parasites. They are giving in expressing their desires. They are terribly sure of what is right and what is wrong. They go most to the everything except their own contributions to society. Youth has a responsibility in this life. The young people may be the mistakes and shortcomings of their elders. They are gaining every opportunity to gain the knowledge that would fit them to do more than their elders? Will they be better equipped for the task of making a new world out of the present chaos has substituted. Their opportunities for education have been greater than their fathers, and therefore the responsibility of the American Youth will be greater. The strain on the coming generation will be great. Those who take in citizenship in this transition period will require initiative, responsibility, adaptability and idealism. The young people of today must have the ability to provide something for the world of the future. Youth has before it NOW the task of preparing for the days ahead, and it must prepare by learning how to think things out and think things through. It will need initiative in order to plan constructively. It will need resourcefulness, which must be gained by practical experience. It will need adaptability which means an ability to cooperate with its fellows. But most of all it will need idealism—but it must be a constructive idealism. Youth could well take for its Creed today the Oath of Citizenship which the Youth of Athens took upon arriving at their majority. To bring no disgrace to this city by a dishonest act; to fight for the ideals and sacred things alone and with many to defend; no fathering comrades to reverse and obey the city laws; to meet respect and reverence in those above us, who are prone to insult or set them at naught. E. B. SLUSS, CURT HUTCHINSON

On November 4, the following names will appear on the ballot, under the emblem of the CRESCENT on the PROGRESSIVE ticket.

JOHN WILL HOLBROOK for MAYOR; and **VIRGIL H. WOLFFORD, J. B. FRALEY, W. L. JAYNE, CURT HUTCHINSON, FRANK LAUGHLIN** and **E. B. SLUSS** for members of the COUNCIL.

We would like to take this opportunity to place before you the facts which we have taken into consideration and studied for awhile before deciding to make the race.

FIRST—We would like for every voter in Morehead to get acquainted with the true facts and reasons for the Candidates on this ticket making the race.

The candidates on the Progressive ticket will carry out the fine work already started by the present Council, as well as complete and build new and better things for Morehead in the future.

One of the major problems or issues that will come before the council during the administration of the next Mayor will be the matter of laying the ground work and the consideration of the expiration of the Electric power franchise and what should be done in the future. The members of this ticket have studied ways and means of getting lower power rates for every consumer of electricity in the City of Morehead and have been in touch with other towns which own their own power plants. In Paris and Paintsville they find that by owning their own plants they have been able to raise Taxes to build their light plants and if the PROGRESSIVE Ticket is elected they assure you that they will do everything possible to secure lower light rates and to secure T. V. A. power, if it is available to this section in the future. These are important things that must be studied in advance of the expiration of the present franchise.

This administration employed a full time Clerk, making it more convenient in paying utility bills and improving the service as well as practically eliminated delinquent accounts. Formerly the accumulation of unpaid water and gas bills, was a considerable problem involving quite a loss to the City but now not over one percent of these accounts will be delinquent 30 days from date of payment.

Our City had been without adequate fire protection for some time and the Kentucky Aerial Bureau had repeatedly warned the City that an increase in fire rates would be made unless additional fire equipment was secured thereby saving the citizens many hundreds of dollars annually in insurance premiums.

Contract has been let and gas lines are now being extended to the West end addition and gas will be available to all within the next few weeks. Street lights were installed months ago in the new addition. New sewers are laid.

Property assessments have been equalized, causing some of the larger property owners who had been escaping their fair share of the tax burden to proportionately share their part.

Much criticism and many complaints had been made against the so called "beer joints" and your present Council refused to issue licenses to those places.

A building Ordinance was adopted governing the construction of buildings and this will be invaluable to the City in its continued growth.

The business affairs of the City have been well managed as shown by the itemized Financial Statements which have been published from time to time. The minutes of the meetings of the city council are also open to the inspection of any citizen and will show how well the finances have been handled.

Your present Council has co-operated with the College as well as with the Merchants and business men of the City. We believe this close cooperation is necessary for the continued advancement of our College and City.

The Candidates on the PROGRESSIVE TICKET whole heartedly endorse the above improvements made for the benefit of the citizens of Morehead and pledge to continue a Progressive program to make a Bigger and Better Morehead.

POPEYE, THE RECRUITING OFFICER, BOOKS A RECRUIT!

To Rowan Co. Voters

The campaign is rapidly coming to a close. Next Tuesday the voters of this county will select by their ballots the officers to serve them during the ensuing four years.

I have been honored by the nomination by my party for the Office of County Attorney and I have made the best campaign possible during the short period since the nomination of my opponent. It has been impossible for me to see all voters, as much as I would have liked to do so, but I feel that they will understand the situation and consider my desires in this matter as much as if I had been able to see you personally.

In this, my final statement to the voters of Rowan County, I desire to renew my former promise of the best that lies within me and of which I am capable of giving and again assure you that I will at all times give full consideration to every matter that comes before me and will accord fair treatment and a square deal to all. No one can do more. With deep appreciation for the many pledges of confidence in me and bespeaking your vote and influence on November 4th, I now submit my cause for your consideration, with the hope that each and every voter of this county will go to the polls and cast your vote for those best qualified to serve

"Fortunately, that protection is not required now, because the farm prices of every one of the nonbasic commodities listed is well above the 85 percent level," but farmers can plan their 1942 production on November 15, when Eastern Western took their first game of two years' last Saturday when it became necessary.

LEE STEWART MAKES FINAL STATEMENT OF CAMPAIGN

In support of my candidacy for re-election as Police Judge of the City of Morehead to be voted on next Tuesday, I wish to make the following statement.

I have been Police Judge since January 1, 1936 and have collected nearly \$7,000.00 in fines and forfeitures, every cent of which has been reported to the City Council together with the name of each defendant who has paid as little as 1 cent and during this time I have had more than 1,300 different defendants in the court and some of them regularly many times.

I have tried to do my duty as Police Judge, but know how difficult it is to please the public in general in any official capacity as the people seem to be more or less prone to criticize court law decisions and may say that he is too easy with defendants, but I doubt if long sentences or heavy fines have the desired effect, or accomplish what the public expects as I have kept defendant out of jail 25 days had would question about. Think of this get drunk when released if the opportunity offers.

Often when a defendant is arraigned for trial for drunkenness he will enter a plea of guilty that in his defense he will say that he has a wife and children dependent on him and if confined in jail he will lose his job on which his family lives. And some friend will support him in contention to the effect that he is a good fellow, met a few friends, had some beer, had a snap of his nose and is drunk before he knows it. I have had hundreds of similar cases of friends appealing for a friend who in their opinion should be permitted to go home and may be able to pay a fine later and often does, but if kept in jail in lieu of a fine away from home and family more than likely be the cause of losing his position, and if he does lose it how much has he lost? In the end for the good of enforcement? Will the community in which he lives be more benefited by his imprisonment and by so doing he loses his job on which he supports his family and if he does suffer for his misdeed for which they are not responsible.

I believe that the condition Morehead is much better than it was when I assumed office in 1936, and I think that you can recall it was difficult to go down on Railroad street without meeting some drunk, but it is a very nice street at present and very rarely any trouble occurs there now. It seems that we do not have more than half as many drunks as formerly.

I have given my entire time and attention to this office and have been subject to call at any time and gone to the Police station long after midnight and have never refused to go when requested. If a person is engaged in any other business, he cannot give the same attention to it as I do, since I am not otherwise employed, for which I regret but has been reported to the City Council together with the name of each defendant who has paid as little as 1 cent and during this time I have had more than 1,300 different defendants in the court and some of them regularly many times.

I do not have anything personally against my opponents as they married relatives of mine, but each draws a salary from the county. I have been informed that a decision has been handed down by a court which prevents a man from teaching school and holding an elective office during two salaries at the same time from a city, county or state is not permitted by law which he would be doing if he were to be elected Police Judge.

I am not a member of any political party and continue to teach school, so I have no vote for a man who may be able to act as Judge, but I expect as I have kept defendant out of jail 25 days had would question about. Think of this get drunk when released if the opportunity offers.

In conclusion I will appreciate any assistance that you can give me next Tuesday in my selection for Judge of the City of Morehead Police Court, and if elected will be thankful for any advice and suggestions in the conduct of the affairs of the city. You may have to offer. And I want to thank you for past support and the confidence you have imposed in me for the last five years and feel that my experience will be worth more to the city than that of my opponents.

Very truly yours,
LEE STEWART.

NYA Places Many In Jobs

During the past three months 1,133 youth employed on National Youth Administration work projects have obtained employment in private industry, according to Robert K. Salinger, State Youth Administrator. This figure, he pointed out, is based on NYA release documents and includes only those youth who told their supervisors where they found employment. During the same period 2,000 left NYA without stating whether they had found permanent work. It is safe to assume, Mr. Salinger said, that many of these youth since found private employment.

Mr. Salinger also reported that very rarely any trouble occurs there now. It seems that we do not have more than half as many drunks as formerly.

Of those who are known to Floor Leader in the United States Senate - United States Senator A. B. Chandler; Governor Keen Johnson; Lieut. Gov. Hodge K. Myers; Joe Carr, president of the Young Democratic Clubs of America and present Secretary of State in Tennessee - Miss Patricia C. Nease, vice-president of the Young Democratic Clubs of America. Word has been received that all eight of Kentucky's Democratic representatives in Congress will make an effort to attend the convention.

The convention will open on Friday morning, November 14 with the keynote address. After business sessions in the morning and afternoon, the convention ball will be held on Friday night in the Gold Ballroom of the Kentucky Hotel. Saturday morning will be given over to business sessions and in the afternoon the election of officers for the next two years will complete the business end of the convention. The remainder of the time will be spent in social activities which will include a second dance at the Hotel.

WHAT DO YOU KNOW ABOUT BEER? . . . No. 2 of a Series

HOW MANY JOBS IN KENTUCKY'S BEER INDUSTRY?

- A: More than 15,000 people hold jobs in this state's legal beer industry!
- Q: What does that amount to in dollars and cents?
- A: \$10,000,000 every year.
- Q: What does this mean to Kentucky's workers?
- A: Steady jobs, good pay, food and clothing, comfort and security—for about 50,000 Kentuckians.
- Q: What is the beer industry doing to protect these benefits?
- A: This committee cooperates with law enforcement officials to keep retail beer outlets wholesome. We do not and will not tolerate law violations by a few undesirable beer retailers.
- Q: Is this program getting results?
- A: Here they are for the past two years:
 - 23 retail licenses revoked
 - 7 beer licenses suspended
 - 2 places padlocked forever
 - 2 license applications refused

Young Democrats Plan State Convention

When delegates from the Young Democratic Clubs of Kentucky gather in Louisville November 14 and 15 for their Fifth Biennial Convention they will find a full business program garnished with a sparkling round of entertainment. Outstanding speakers have been invited to discuss the affairs of both state and nation. Included on the speakers list is Senator Alben W. Barkley.

Forester Smoot Gets His Man

Nearly a year ago, December 6, 1940 to be exact, Lookoutman Hopkins on the fire toter at Stearns, Ky., reported a smoke 9 miles away. Fire fighting crews found the fire in the Cottowpatch area of McCreary county. It had burned 100 acres when they arrived, burned 200 more before it could be controlled an hour and a half later. Who started this fire? "Hunter" Haw was the first "chamfrin". So read the fire boss's report and so ended the first chapter of the book.

Immediately investigation of the fire was made. All persons who had been seen in that area that day were questioned. Shreds of evidence were secured, but nothing conclusive. However these shreds were carefully filed away for future use. Occasionally a new clue was added.

This week the last chapter in the book was written. On October 21 before Circuit Judge J. E. Stephen at Whitley City, came one Tillman Slavers of Oneida, Tenn. Charged: Failing to extinguish his fire of December 6, 1940, as required by Kentucky Statute 1252-1. Verdict: Guilty. Forester Ranger Smoot got his man.

Timber Business Picks Up In National Forest

Cumberland National Forest earnings in the fiscal year ending July 1, 1941 show an increase of 57 percent over earnings for the previous period, according to an announcement today by H. L. Borden, Forest Supervisor, U. S. Forest Service, Winchester, Ky. The higher earnings are largely the result of a 95 percent increase in timber sales of National Forest land and letting it come up to bids because they realize that good trees are valuable and that they are growing scarcer every higher and higher prices as we day.

action resulted in a recovery of another \$237,000 for damages incurred by fire and timber trespass. An equivalent of 1,300,000 board feet of miscellaneous timber was given away to local people for fuel, fence rails, fence posts, boards and shakes.

Twenty-five percent of the total earnings will be returned to the Commonwealth to be distributed to the sixteen counties within the Forest for roads and schools. An additional 10 percent will be returned to the Forest for roads construction and maintenance.

Policy of the Department of Agriculture is to cut all timber on National Forest land on a sustained yield basis, with provision made for cuts on a given definite period of time. Each of the four sub units of the Forest is so organized that each has a round of cutting every 20 years, the second cutting being made where the first cutting was conducted. This involves cutting on a given sale area about one-half of the merchantable standing trees. It is figured will provide at least an equal 20 years hence by again removing only one-half of the merchantable volume. As young growth becomes established be-

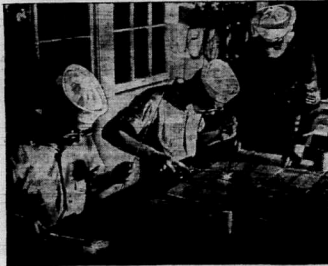

tween cuts, this process can be repeated indefinitely. The result is a sustained supply of timber for an indefinite period of time.

All timber on the National Forest is sold as stumpage under contract. Trees to be cut are marked under the supervision of trained Foresters. Purchaser manufacture the timber as they see fit. Logging is conducted so as to inflict the least possible damage to young trees and the timber allowed to remain for future cuts. Sales are made in values as low as \$10 and as high as \$60,000. The little man is often a mountain farmer using his \$10 sale as a source of cash income.

Forest Supervisor Borden stated that he expects to sell and cut some 10,000,000 board feet of stumpage in the fiscal year 1942. The objective is to eventually cut 12,000,000 board feet each year. The Forest can maintain this rate of cut for 20 years. A cut nearly double that figure is indicated beyond that figure.

SAILORS LEARN METALWORKING

Enlisted men in the U. S. Navy and Naval Reserve have the opportunity to learn more than fifty different trades and vocations. This schooling, worth hundreds of dollars, is free, and the sailors are paid their regular Navy pay while learning.

One of the most popular trades chosen by the blue-jackets is metalworking. Pictured here are two enlisted men receiving instruction in acetylene welding from a qual-

ified Navy instructor. Courses included at the metalworker's school are blacksmithing, oxy-acetylene welding, arc welding and cutting, copper-smithing, sheet-metalworking, general metal-smithing and boiler-making.

Any ambitious and patriotic young man will be given the chance to qualify for one of the Navy trade schools if he enlists for service in Uncle Sam's new "Two-Ocean" Navy.

But out nearly all our virgin forests and are cutting off the seed away for good lumber. In many cases we are neglecting growth faster than it grows, using more and more care in what ought to be natural forest management. The management of their wood-land and letting it come up to bids because they realize that good trees are valuable and that they are growing scarcer every higher and higher prices as we day.

To The Voters Of Rowan Co.

The General Election Day is steadily but surely approaching, in which all the people who vote are privileged to register their choice for the person to represent them in our local county government. I am old-fashioned enough to believe that the people as a whole usually vote for the person who they think will represent their best interests at all times.

Therefore my purpose for thus addressing you, is that I may place before you for your further consideration, my record as your present County Judge, as my claim. I hope that you will accord me your confidence by re-electing me on November 4, for another term, in order that I may carry on my program for the betterment and prosperity of Rowan County.

I have labored hard for my county and my fellow-citizens, and under very adverse conditions chief of which was the depression. Also, when I took office we had a depleted treasury and a Federal Court injunction for \$13000 which prohibited us from spending for anything other than the absolute necessities of the administration of county affairs, until this debt was paid.

Notwithstanding these barriers, I began my tenure of office as your County Judge determined I would succeed in restoring the county's prestige and credit rating, and to its citizens, full faith in honest, fair and economical government. Since I became the Judge of Rowan county we have paid off an indebtedness of over \$18,000, and all bills incurred during the administration have been paid off 100 cents to the Dollar! Through my efforts and the efforts of

a number of civic minded citizens, we prevented the issuance of a huge Refunding Bond, which would have cost the citizens of this county thousands of Dollars, which we are now in a position to save. On January 1, 1942, the county will be PAID UP on its current bills and have no outstanding debts contracted by my administration.

When I came into office, the county had issued \$105000 worth of Road and Bridge Bonds. My administration has paid off \$18,000 of this amount. We have also paid \$18,000 on Judgments, old Debts and on the completion of the new county jail all of which makes approximately \$36,000 paid during my Four years as your Judge.

At present the county has in the bank \$1800 of Road Fund money and early in 1942, thirty-five percent of the general fund will be deposited for use next year. The \$1800 Road Fund and approximately \$5500 revenue from truck and bus licenses will give the county more than \$7000 to spend on county roads in the next fiscal year.

I ask the voters of Rowan County to consider these things. I ask them to look over the county records and to study the work that has been done and the money that has been paid out and saved through my efforts. If the voters want that same economical, efficient service for the next four years I ask them to vote for me in the General Election Tuesday, Nov. 4, 1941. I make no promises to do the impossible, I only offer you a safe and sane administration, an economical administration and a guarantee that not ONE CENT OF YOUR MONEY WILL BE WASTED.

Respectfully Submitted,

I. E. PELFREY

To the Voters

In making this, my final statement and appeal to you, the Voters of Rowan county, I wish first to express my sincere appreciation of your vote and confidence as shown 'the Primary Election in August. It is my sincere determination to justify that vote of confidence, if I am elected to serve of your SHERIFF for the next four years.

I have chosen as my chief Deputy, if I am elected, one of the outstanding young men of Rowan county, a young man who will, I believe prove most satisfactory to every citizen of the county. Together we intend, if elected to this high office, to give Rowan county the kind of law enforcement to which she is entitled and for which she pays.

We propose to give Justice without favoritism; Honesty of purpose, without exception, and a full time, sober and conscientious service to every citizen of Rowan County.

We appreciate the vote of every citizen of Rowan, and We ask only that you give our candidacy the fair and impartial Judgment and Consideration of which we know you are thinking of your future county officials.

We promise only that we will make you an honest Sheriff a just Sheriff, a sober Sheriff and a law enforcing Sheriff whose entire time and attention will be give to you.

On this platform I earnestly solicit your support.

Bill Carter for SHERIFF

A Message To All Voters of Rowan Co.

Before announcing for the office of County Judge of Rowan County, I fully realized the responsibilities facing the next Judge of the County Court. In a war torn and troubled world, I know that it will only be through the cooperation with the State and Federal Administrations that the county can rise from its debt laden condition and once again hold its proud head up. With the cooperation of an honest and conscientious Fiscal Court I promise to you an Administration of Economy and sound business principles. I believe, since the State and Federal Administrations are both Democratic that I will be able to obtain the needed help better than my opponent, for they are the source of most of our money and the sole Administrators of the Road Money. No County Judge can do more than his Fiscal Court is willing to help him do, and I know the voters of Rowan County elected the present Fiscal Court and to them belongs a large part of the credit for the past administration of the County affairs and the payment of the indebtedness of Rowan County and I fear my honorable

opponent failed to give credit where credit was due.

I want you to review my record as Sheriff of Rowan County and in so doing you will find that the taxpayers of Rowan County were my first concern. No official is an honest official who attempts to enforce on the tax payers of any county an unlawful tax law. When I was elected as Sheriff, the law imposed upon me the duty of collecting off of you what I considered an unlawful Road Tax of 40 cents. This tax was voted on the tax payers in an earlier election and when I was elected Sheriff I filed suit and relieved them of 20 cents of this burden, thereby saving every tax payer in Rowan county actual cash outlay. It is this same close contact I promise you as your County Judge.

Permit me to thank you for your past consideration and I assure you I will appreciate your confidence in me once again, and if elected my only hope and desire will be to make Rowan County an honest and a courageous COUNTY JUDGE

To the Voters

As you all know I am a candidate for re election for Magistrate from the Third district. I have served you for four years, and if my record has pleased you, I will appreciate your vote. On my record as your servant and Magistrate, I ask your endorsement in the coming election, and thank you for your confidence in the past.

Morehead Banquet

The Morehead Banquet at E. K. E. A. Meet at Ashland during the week of November 3 to 8 will be held at the Henry Clay Hotel on Friday evening, November 7 at 5:30 p. m. (Eastern Standard Time). Plates will be \$1.00. Every alumnus and every friend of the school is not only welcome, but is urged to attend this annual get-together banquet, and to get in the swing with and for Morehead. It will be the high school's graduation in June, 1940, light of the meeting for More and accepted a position with head.

John Wiggers, Tall Man Take Himself a Bride

Remember "Long" John Wiggers? He was the tallest man ever to don a basketball uniform for Morehead. He graduated two years ago. Well John and his bride spent the week end in Morehead. He was married to Miss Maxine Daugherty of Akron, Ohio on October 18. They have been to New York where John played, and to other points in the East.

Wiggers left Morehead after his graduation in June, 1940, light of the meeting for More and accepted a position with head.

Henry Cox For Magistrate

Permit me to thank you for your past consideration and I assure you I will appreciate your confidence in me once again, and if elected my only hope and desire will be to make Rowan County an honest and a courageous COUNTY JUDGE

Permit me to thank you for your past consideration and I assure you I will appreciate your confidence in me once again, and if elected my only hope and desire will be to make Rowan County an honest and a courageous COUNTY JUDGE

To The Voters Of Rowan Co.

Due to the short time that I have had, from the time that I was nominated for the office of County Attorney on the Democrat ticket, I have been unable to see all the voters in Rowan County. For this reason I feel that I should make some final statement. To those I have not seen, I am sorry. I say to you now, that it was not an oversight but due to lack of time.

There has been some confusion caused by some unknown and totally unreliable source concerning my standing in the military service. As I said in my announcement, if I am elected, I will not be exempt, and if I were to be I would not seek the office as I feel it is the duty of every able bodied man to serve his country in this time of emergency. But the office will be held open for me and a thoroughly capable acting County Attorney will be appointed during my absence and when I return I can assume the duties of the office. I do not know when I may be called. It may be in one month, six months, a year. But when my time comes I will go gladly, as every patriotic American would do. I am not seeking to hide behind any office. My time belongs to my country.

If elected I promise to the citizens of this County, to be a fair and honest official. I will diligently attend to the affairs of the county to the best interests of all. Not one cent will be wasted or spent for naught. All my time will be devoted to making Rowan County a better place to live. With these vows fixed firmly in my mind and heart I earnestly solicit your vote and support in the election next Tuesday.

Elijah Monroe HOGGE For Co. Attorney
