Another Secesh Murder.

[From the Mayaville Eagle, October 31.]

We exceedingly regret to learn that Mr. Logan, Clerk of the Circuit and County Courts of Rowan County, was recently brutally murdered by guerrillas, near Morehead. He was shot once through the arm and twice through the body, living for a few days, but his wounds have proved fatal. Mr. Logan was an excellent man, a useful citizen, whose place can not well be supplied in Rowan. If there is any clue to the perpetrators of the savage act, we trust that a reward will be offered for their capture, and that their deserts may be meted out to them in the shape of a well-twisted halter, adjusted about the neck in a style which will render its slipping impossible. Of course our neighbor of the Bulletin will denounce this proposition as fiendish!
