WALTER J. BAILEY
as a candidate for Representative of the Ninety-Sixth District composed of Rowan and Bath Counties, subject to the action of the Democratic Primary on Saturday, Aug. 7, 1943.

We are Authorized to Announce:

LESLIE E. RICHARDSON
as a candidate for Representative of the Ninety-Sixth District composed of Rowan and Bath Counties, subject to the action of the Democratic Primary on Saturday, Aug. 7, 1943.

We are Authorized to Announce:

G. C. EWING
Of Owingsville, Ky.
as a candidate for Commonwealth's Attorney for the 21st Judicial District, subject to the action of the Democratic Primary, August 7, 1943.

We are Authorized to Announce:

J. A. RICHARDS
Of Owingsville, Ky.
as a candidate for the office of State Senator for the 27th Senatorial District, subject to the action of the Democratic Primary, August 7, 1943.

State Senator for the 27th Senatorial District, subject to the action of the Democratic Primary, August 7, 1943.

Political Announcements

J. A. RICHARDS

I formally announce my candidacy for the office of State Senator for the 27th Senatorial District of Kentucky, composed of the counties of Mason, Fleming, Bath, Rowan, Menifee and Wolfe, subject to the action of the Democratic party at the primary election, August 7, 1943.

In so doing I am fully aware of the high responsibility and the position of power and influence incident to election to a seat in the Senate of Kentucky for it is there that the wishes of a people can be most effectively heard and the affairs of State government. I shall not in this announcement attempt to enlarge upon the various questions which will come to the attention of the voters but will content myself with stating certain principles which I hold to be self-evident:

No man in his capacity as a Senator should use his influence to secure the appointment of relatives to positions with the various departments of the State. I PLEDGE NOT TO DO THAT!

No man in his capacity as a Senator should use his influence for the purpose of selling to the State or its departments merchandise or services for a corporation, partnership or individual whom he represents as an agent in private life. I PLEDGE NOT TO DO THAT!

For a Senator to engage in these practices results often times in a failure on his part to speak and vote the wish and will of his people on public questions because of his fear of political reprisals or the loss of political patronage or business with the State. To engage in these practices is to render a Senator less effective in procuring for his District its fair share of the public improvements to which it is entitled.

It is evident that this District has not received its fair share of such public improvements in the past four years. I promise to use every effort at my command and every influence within my power to secure for each County in this District its share of such public improvements, and this applies likewise to the advancement and improvements of the Morehead State Teachers College.

It is my purpose to wage an effective and vigorous campaign and to bring to the voters of this district through a series of public addresses the purpose of my candidacy and should I by your suffrage be elevated to a seat in the Senate of Kentucky, I ever shall bear before me the truth that your people are my people and I shall ever endeavor to make your wish my wish and your voice my voice.

Respectfully
J. A. Richards.

G. C. EWING

I have served your district as Commonwealth's Attorney under an appointment of the Governor of Kentucky since October 29th, 1942. At that time I was appointed to serve until the next General Election, which will be held in November, 1943. I am now a candidate for the unexpired term of two years, subject to the action of the Democratic Party at its primary to be held on August 7, 1943, and am facing opposition which developed from a totally unexpected source.

I am a member of the Democratic Party, having affiliated with said party and having supported its nominees since early manhood, I am asking the Democrats of this

district to endorse my services as your public prosecutor during the brief period since my appointment.

I am not unmindful of my obligation to my friends; my oath as an official or my duties to society I believe in treating everyone on an equal basis, without granting special privileges to any, but affording equal rights to all, and if nominated and elected to the office of Commonwealth's Attorney, I will continue to serve the people of my district honestly and faithfully.

My sole purpose will be to enforce the law as it is written in the Statutes and without fear or favor.

I earnestly solicit your support.
Sincerely yours,
G. C. EWING

Every seventh person engaged in the life insurance business before the outbreak of the war was in the armed forces, in war production, or in government service by the end of 1942, according to a recent manpower survey.

Also at the Courthouse in Morehead, Wednesday, July 7, 10:00 A.M. to 3:00 P.M.

ABSOLUTE AUCTION OF

Extra Good Bath County Farm, Stock and Farm Equipment

As agents for T. H. Perry, we are authorized by signed contract to sell his well-improved farm, located at the junction of 2 State Highways, 6 1/2 miles from Salt Lick, Ky., and 11 miles from Owingsville, Ky., on

SATURDAY, JULY 3rd
10:00 A. M. RAIN OR SHINE

This farm has 181 2-18 acres and all bottom land except a small piece of hill and timberland. About 150 acres has been tilled, with 5 to 12 tons per acre, and is all drained. It is a high state of cultivation, and will grow the best of crops. There was over \$1,500 worth of hay sold, and 65 head of cattle and 14 mules and horses wintered last year, and all the feed was produced on this farm.

There are 28 acres of corn, 4 acres of tobacco, which will go with the farm subject to the tenant's contract.

There are 20 acres in alfalfa, 5 acres in alfalfa and timothy mixed, 40 acres in extra good timothy meadow, and the balance in good pasture land of clover and mixed grasses. The farm has a never-failing water supply in every field, and is corn and well fenced, so if you want a real stock, hay and corn farm, this is the one.

IMPROVEMENTS consist of a 6-room house with front and back porches, surrounded with plenty of nice shade trees. Good well near the back door, 120-ton concrete block silo with large silo barn, large stock barn (both barns have new hay forks), tobacco barn 40x100 ft. All of these barns are new, with good galvanized roofs, and are built with the best of lumber. Has double corn crib, small tenant house, and all necessary outbuildings.

LIVESTOCK - Pair of extra good gray mules, pair of black mare, mules, good yearling draft fully, 62 head of cattle, consisting of 3 good Jersey cows, giving good flow of milk, 11 grade cows with calves by side, several springer cows and heifers, some yearling steers and heifers, 2 pure-bred Hereford bulls. Most of these cattle are all white faced. 1 Extra good brood sow, half Poland-China and half O.I.C. from registered stock, 6 nice shoats.

FARM EQUIPMENT - One Farmall Tractor with tractor plow, disc harrow, mower, and cultivator, all same as new, and in A-1 condition. Double leather tractor belt. Case hay baler with gasoline motor mounted on ball bearing truck, same as new; International three-horse machine, blinder, stage filler, same as new; god-out-of saw, extra good wagon with bed and large hay frame, mowing machine, 2-horse rolling plow, 1 turning plow, lot of small plows, riding cultivator, same as new; hay rakes, hay tedder, McCormick-Deering corn planter with fertilizer attachment, same as new; road grader, large pond scraper, extra good wheat drill with seed and fertilizer attachment, 4 sets of good harness, complete blacksmith outfit and all kinds of small tools. All of these tools are in perfect condition and most of them are same as new.

HAY - 200 to 400 bales of mixed clover and timothy hay, extra good; several tons of this year's alfalfa hay; 100 cords of pole stove wood, 3000 feet of new lumber, lot of used lumber, lot of locust posts, 2 bales of woven wire, lot of heavy barbed wire, 2 pairs high 7x14 inch corn rolls.

FREE CASH PRIZES WILL BE GIVEN AWAY FREE
ALL DURING THE SALE

All personal property will be sold for cash but the farm will be sold for only 1-2 cash, the balance in five years, at only 4 1/2% interest. Remember, this one of the best farms in Eastern Kentucky, and the only reason for this sale is that Mr. Perry is retiring from farming. Possession will be given at once, and the crops will go with the farm, subject to the tenant's contract.

If you want a real money-making farm, one that will pay for itself in a few years, be sure to look this one over before the sale, as it is now ready to go into heavy production, while prices are high. Anyone wanting to see this farm, stock or tools, can see Mr. Perry on the farm or call or see Sam D. Cesh, at Hazel Green, or Ray Rowland, at Winchester.

SELLING AGENTS WINCHESTER, KENTUCKY

"Such a little thing"...

but that's what makes

BLACK MARKETS

Think hard.
Can you honestly say you never missed a single small ration stamp?
It's such a little thing to do - carelessly. It seems so unimportant.
Yet it takes only a single innocent offense, repeated by many others just like you, to mount up into a great national menace.

Black Markets can get their start in what seems the most innocent way-through honest, patriotic people like you who wouldn't do one thing to handicap the war effort.

-people who don't even realize they are misusing their rationing books, or violating the rationing rules.

The farmer who kills his own meat - as he is entitled to - and sends his extra rations to a relative in town.

The woman who has guests coming for dinner, finds herself short on stamps and begs her grocer to help her out.

The man who returns the garageman's friendly services by handing him a few loose gas coupons.

Multiply one innocent violation by all the innocent, careless violators and we'll be a nation of cheaters - and starvers.

Take only a little that isn't yours... and, together, you take all!

* * *

-If you want to keep your skirts clean of any Black Market transactions, do these three things:

1. Make no purchase of rationed goods without surrendering the correct amount of ration points.
2. Obtain no rationed goods, to which you are not entitled, on someone else's ration stamps.
3. Pay no more than ceiling prices.

red or critical illness has come to the home. Other conditions were verified for the Military. Other activities are too numerous to mention for lack of space.

Mrs. Cabell will do much of the work heretofore performed by W. H. Rice and Henry C. Haggan. Mr. Rice will serve as Executive Secretary in looking after the problems connected with the United States Navy Unit at the College. Mrs. Cabell will serve for the Rowan County Chapter. Mr. Haggan still remains as Chairman of the Chapter and will do the work when Mrs. Cabell is out

of the office or when she is away.

CHURCH NEWS

The Christian Crusaders at the Church of God are continuing their services in honor of some boy in service who was a member or attended the Church before going into service. This Sunday Clester Riddle, the son of Mr. and Mrs. J. W. Riddle, will be honored. All of the parents in the Church who have sons in service are asked to be present as this will be a special service, in which all the boys will be included.

Rev. Ramah Johnson left Wednesday for Ashland. He will have charge of a service in Ashland Wednesday and in Russell Thursday evening, returning to Morehead Thursday.

Rev. Zach Tussy of Clearfield had charge of the service at the

Church of God Sunday morning.

The money paid out to life insurance policyholders and beneficiaries last year would be sufficient to provide an income of more than \$45 a week for some 500,000 families for two years.

Life insurance funds representing the "pooled resources" of 67,000,000 policyholders are flowing into U. S. Government Bonds at the rate of \$10,000,000 a day in direct aid to the war effort.

Improved family finances and the keener war interest in security and protection are reflected in the fact that life insurance policyholders

ders to a greater extent than ever before are keeping their policies in force. So far this year the call upon emergency cash values in life insurance policies has been at a rate one-third below that of 1942, which was the previous low record rate.

Recent upturn in life insurance purchases by the American people is expected to continue with most families having more money to spend and fewer things to spend it on.

Life insurance policyholders

tands have extended financing aid through mortgage purchases, to owners of farm and city property in the amount of 3 billion dollars in the past 4 years.

HOW LONG SINCE YOU'VE READ

The Constitution of the United States?

"We, the people of the United States..." 156 years ago, these simple words began America's warranty of freedom.

Today we are deep in war—so that this warranty may endure. Should we win—and win; whose mass—whom will it profit?

Are you a farmer, and do you love your land? Are you a worker, and do you cherish your hard-bought home? It will profit you that no man, without due process, can wrest your home, your field, your plow from you.

Do you worship God in a church, or in a synagogue, or in the secret places of your heart? It will profit you that no heathen hand can desecrate your altars.

Do you impart the truth to the printed page—or do you seek it there? It will profit you that the presses will not be shattered in the night.

Do you talk with your neighbors in the market place—or meet on the steps of the town hall? It will profit you that no bludgeon can drive you into secret cellars.

Our Constitution assures us these things. And these we fight for.

In many ways we fight. Some in small, silent ways—when our sons have gone. Some in large, heroic ways—in the roaring of wings. Farmers fight in the rows of corn; writers under the lamp; ministers from the pulpit's height.

Not the least of these are the men of industry. And proud we are to be among them.

Proud to pledge ourselves still further to the fight—that all peoples everywhere may continue to find in this Constitution of ours a heartening hope!

"Gangway, please... we've got a war to win"

AMERICANS ARE STILL THE BEST NOURISHED PEOPLE ON EARTH... AND THERE'S A REASON

Our food may be stretched out these days, to share with the peoples of the United Nations, but thanks to new scientific developments in animal feeding, our feathered and four-legged armies are being greatly improved in quality and propagation.

To tiny yeast cells goes much of the credit, because brewer's yeast is the source of the vitamins used to fortify feed mixtures. Now, when you eat meat raised on vita-

min-fortified feeds, you're getting nutrition plus.

Anheuser-Busch is America's biggest supplier of yeast vitamins for cattle and poultry feeds. Our large-scale production of natural vitamins is another achievement that resulted from years of research and laboratory work in producing the world's most popular beer.

In addition to supplying the armed forces with glider parts, gun turret parts and foodstuffs, Anheuser-Busch produces materials which go into the manufacture of: B Complex Vitamins • Rubber • Aluminum • Munitions • Medicines • Hospital Diets • Baby Foods • Bread and other Bakery Products • Glycerin • Paper • Soap and Textiles—to name a few.

A Free America Forever

The war gives Independence Day a deeper meaning. Our liberty is endangered. This makes us value it all the more, and our vast resources have been mobilized to preserve it.

Though the Declaration of Independence was signed 167 years ago, the present conflict has revitalized its words. The right to "life, liberty, and the pursuit of happiness" are things for which we will stand, and for which we fight. We must keep the fire of freedom burning.

FREEDOM

Always Worth Fighting For

July 4th this year finds millions of American boys in the armed forces fighting for Freedom in all parts of the world.

As we observe Independence Day let's remember that Freedom is well worth the sacrifice our Nation is making for its preservation. It is our most prized heritage. Whatever the cost, we will fight to keep our own land free... to remove the dictators' yoke from oppressed peoples everywhere and infuse a just peace.

TO ALL YOU FRIENDS OF THE BROWN HOTEL

FOR more than 200 nights during the past year, every available room of the Brown has been "sold out", and we have had the very unpleasant situation of being unable to accommodate many of our oldest and best friends.

Part of this unhappy condition is due to the fact that Louisville has become a key city in war production work, and hundreds of visiting officers, inspectors and officials have been using The Brown as their "home away from home". . . . Part of it is due to the fact that we have been trying to take care of the thousands of mothers, fathers and wives who come here to visit their boys in the two great nearby Army Camps. Under the circumstances, it is both our duty and our pleasure to see that as many of them as possible have proper accommodations for their brief moments with their soldiers. . . .

Believe us sincerely—we by no means like the concentration of business we have been "enjoying" since the War began. We would vastly prefer the easier days before Pearl Harbor. But we think you are entitled to know the facts as outlined above, and we ask your sympathetic indulgence during these critical times. When Peace comes back, you'll find that we've really done the best job we know how to do, and that we've not forgotten our old friends.

The Staff of the
BROWN HOTEL

WANTED
1,000 Gallons of Blackberries, will pay Spot Cash. Midland Trail Hotel.

Thank you

AMERICANS are learning that war reaches deep into the lives of all. There are dislocations of accustomed practices—from torn homes to much less consequential disruptions. Meat and shoes, soup and gasoline are on a share basis, neighbor with neighbor, state with state.

The sharing of gasoline, for example, has thrown a nation-on-wheels "out of gear." Daily going and coming have been revolutionized for millions. Yet with a minimum of confusion and complaint. For our part, we pay our respects to the motorists of the South for the spirit and aptitude with which they have met these wholly strange methods and procedures.

Thank you, Southern car- and truck-drivers. You have shared your gasoline without grumbling. You have quietly adapted yourselves to the coupon, to the tire inspection requirements and to the sometimes annoying details of regulation. The oil industry is carrying a heavy burden in the performance of its distribution and marketing obligations to the Government and to you.

Thank you for your help.
