Clearfield Is Heavy Donor To R. C. Fund

It is gratifying to know that the Red Cross drive in Clearfield under the leadership of John Francis has made considerable progress in meeting the call of the National Red Cross in their drive of \$500,000,000 and in meeting Rowan County's quota of \$25,000. To date, the employees of the Lee Products Company together with the Company have contributed approximately \$300 and looks as if this amount will be considerably enlarged. During the Roll Call this same group contributed \$185 and besides this the Lee Clay Products Company donated \$50 to the fund for furnishing eye glasses to some of the children in the rural schools who were in need of same but without funds to secure them. On the same day the Roll Call the employees of the Lee Clay Products Company donated \$20 and a ton of coal to a family in need.

Mr. Francis is an untiring worker and a former ex-soldier. Many of the men at the plant are former service men. These men know the needs of the Red Cross and the needs of the people.

An American Boy Writes To Mother

The following letter from Chester Kelley, son of Mr. and Mrs. John Kelley of Easton, written only a few days after Pearl Harbor, is one of the best examples we have seen of how American Youth is accepting the challenge tossed so ruthlessly to them.

Chester Kelley is in the Naval Reserve Training Base at Atlanta, Georgia, where he is preparing to become a Naval aviator. His brother Jack is also in the Naval Aviator Service.

U. S. Naval Reserve Aviator Base, Atlanta, Georgia, December 10, 1941.

Hello Papa, Well, how is everyone taking the war? I hope they are taking it like we in the service. Most of the men are fighting mad.

Mother I want to make my position clear in regard to this war. It may not be right to make selfish requests, but I'm praying to God to give me the power and ability to become a pilot and to give me the privileges of being in at least one lick at those yellow devils. They got one of the best friends I've had in the Navy in Hawaii. Besides that they got a lot more of my shipmates. I know vengeance isn't right, but I don't consider it all vengeance. I consider it riding the sword of justice to Democracy and Christianity. I'm going to do everything in my power to get there as soon as I can and do all in my power to get them out.

J. M. Waltz Dies At Sharkey Saturday

John Milton Waltz, 68, died at his home near Sharkey on Saturday last week, following a heart attack. He was born and spent his entire life in Rowan county. Funeral services were held at the Ferguson Funeral Home on Tuesday afternoon by Rev. Heberts. Burial was made in the Herat Cemetery in Flemington.

Mrs. Paulina McKenzie Dies December 14

Mrs. Paulina McKenzie died at her home on December 14, following a long illness. Funeral services were held at the Ferguson Funeral Home on December 16, conducted by Rev. Henry Hall. Burial was made in the Cadell Cemetery.

Mrs. McKenzie was born August 2, 1879 in Morgan county. She was united to John McKenzie at the age of 20 years and to this union were born two daughters, Mrs. George Radtke of Louisville and Hazel McKenzie, Morehead. Her husband passed away five years ago. She leaves to mourn her five sons, they are: Alf Caskey, Morehead; T. H. Caskey, Farmer; Will Caskey, Clearfield; Ollie Caskey, Salt Lake City; and one son, she is also survived by one sister, Mrs. Willie Dehart, Blounton.

Her aged mother, Mrs. Louisa Caskey, also survives. She is well as a number of nieces and nephews, and nine grandchildren.

Dear, don't be worried about the letter I wrote this week. I really don't expect to get mine because I'm trusting in God. I just wanted to prepare in case it is His will that I do go. If that's the way it has to be, please please mother cheer up. This is going to be tough on her and on you, and I'm afraid I'll have to much time to worry about might get sick. If I get to come home Christmas I think I can assure. (He came home for the day Christmas).

Dad, no doubt before this war is over Jack and I will be in places where we can't write on for quite a while. Remember this though, no news is good news because the Navy Department will notify you if anything happens to us.

Well I guess that is about all I'll put in a lick for you and the others when I get over there. I'm sure you understand how I feel. You probably feel the same way. We are fighting for the fundamental right of all men's Freedom. It has been the right of man but not always the privilege since Adam and Eve. It has been our privilege here in America for 166 years. Now the Axis is trying to deprive us of that privilege and personality I'll fight them as long as I can wiggle to preserve that privilege. So you see it all isn't revenge, although I feel I owe them that lick for one of the best shipmates that ever lived, but to mention the others that were checked out.

Sorry I blew off, but I couldn't help it. That's the way I feel about it. It's the way every true American and Christian should feel. I think, Guess I'd better be hush now. I have a radio check being in a few minutes. Adios (text) in a few minutes. Adios. Your Very Son, CHESS.

Drive For Huge R. C. Fund Is Announced

The response in Rowan county in meeting its quota of \$25,000 in the drive for the American Red Cross for \$50,000,000 through out the nation has met with very little results. Less than \$100 has been given so far. The sick and dying on the battle front cannot be relieved by citizens withholding their funds in time of need. Rowan county has its sons on the battle front and as time goes on there will be more. We are to turn our backs to these young men who are willing to give their lives that America may stand as a democracy? Shall the boys return from the front and say that most every county in Kentucky met its quota but Rowan County? Is it a scandal for the boys to strike in National Red Cross when they know the folks at home do not have their heart and soul in the war and in going to the homes of the wounded, the homeless, and others in distress? It is hoped that Rowan County will give and give until it hurts.

The striking power of the enemy does not wait. Nor is the enemy a respecter of persons. The country will win that works the hardest, puts fourth the equipment, and takes the best care of its soldiers. It is hoped that America will be that nation. Shall America lose its young men unnecessarily because we fail to provide the funds needed in all branches of Second (Continued on Page Four)

Resolved

Ruth Taylor Two years ago, Jonathan Edwards, the eloquent preacher of early colonial days, carefully planned resolved the creed by which he lived. Since that time, the spirit for me was firm with himself, but among them is one which every American needs to take to heart on this New Year's Day 1942.

Resolved: never to do anything which I should despise or think meanly of another.

This is a resolve which can be made by every man, woman and child, and which is the spirit of its negative phrasing, is constructive.

It can be kept, because this land of ours is free. We are free to our Congress. The hapless people of the conquered and subjugated nations are forced into acts utterly foreign to their own religious and national ideals. But here we are free to our own decisions and we are free to do right. We can make a resolve—and we can keep it. We can constructives for his very own in negotiation calls for action. Despite cruelty; we can avoid treachery; we can avoid it by being kind. We despise being true to our ideals. We despise lying; we can avoid it by speaking the truth. Rowan County Financial Statement In This Issue

The Rowan County Financial Statement for the Fiscal year of July 1940 to July 1941 is being published in this issue of the Rowan County News. Incidentally, for the first time, it is being published in the News for the legal reason that the NEWS has the LARGEST bone-fide circulation in the county. The Fiscal court instructed the treasurer to investigate circulation and the News gladly complied with her request by obtaining a statement covering the past 6 months from the post office and turning that over to the treasurer. The other paper failed to comply with the request and the statement appears in these columns. It is worthy of your close and careful study.

Here's the list: Convalescent robes, 48; Hospital pajamas, 48; Bed shirts, 48; Boys Pajamas, 150; Boys Shirts, 150; Crocheted shawls, 28; Baby pajamas, 28; 2 dresses, 2 gowns, 2 shirts, 2 pairs stockings; 2 blankets; 1 dress; 1 kimono; 1 square; 1 hood; 1 band; 1 washcloth.

Of these complete layettes the local women have made 50 complete outfits. You can figure the number of garments up for your selves. In the knitted department in addition to the shawls crocheted there are being sent 25 scarfs, 20 crocheted caps, 38 children's sweaters, 38 bonnies and 30 men's sweaters. To give you a better idea of what the means of 300 pounds of yarn were knitted and crocheted into these garments. And that is only the beginning for after the first on 1942 on Monday, January 5, the work is to be started again with re-embodied energy. There are immense amounts of material to be made up, and there will be additional immense amount throughout the year. If you have not yet done your part you are urged to join the other women of this community and together work and complete your share of the garments needed not only by our Allies, but by our own soldiers and sailors and Marines and the innumerable families that have been and will be bombed from their homes.

Rowan County Must Raise Full Quota

The American Red Cross has asked us for a \$500,000 emergency fund. It is needed for relief to bomb and evacuated civilians.

Overnight the war has come to our very door steps. Death, bombings, sudden death, mutilation, and bereavement have taken on a new and personal meaning for every one of us.

The pupils are enjoying the commodity lunch very much. The pupils drew names for Christmas presents and received much joy from doing this.

In this crisis, the nation turns with thankfulness to the Red Cross for sixty years a tower of strength in the war disasters.

The ones who have perfect attendance for the fifth month were Carl and Ruth Ellington, Edward Johnson, John Ailes, Rex Crosthwaite, and Nola Mae Nickell.

ofakes so little to make a child happy and a home where there is peace, quiet, and cheerful voices and unflinching love will immunize a child against fear or community programs; we may be anxious, we may not be afraid, we may be sad-but our fellow-men for the good of our country we can keep that to ourselves all and not shadow our children's lives. They are the ones for whom we are fighting and sacrificing. They are the ones who will rule that better world of tomorrow we are fighting to avoid it by being fair.

This is just for the women of the country. But it is a call to arms! Our men are going to fight whether they go into the armed forces, into the factories busy turning out the weapons of defense, or into civilian defense work, giving wholeheartedly of their time and energy that none of us, the people of their community may be unprepared or unprotected.

We women have work to do. Those of us who are free enough can take over many of the defense tasks and can work actively side by side with the men. We can be hot-house plants no longer.

But there is one job which is peculiarly our own and which we can do no matter how tired down we are-and no matter how little money or time we have.

The most serious effect of war is never on the generation fighting it but on the generation following. The tension, the excitement, the disruption of regular living falls hardest on them; they have not had the background, the bitter knowledge of what is going on, they cannot evaluate happenings. Even when they do not show any immediate effect, fears, inhibitions and little money or time we have.

And those who are and who are hampered and hindered in other lands were children when the guns roared before.

It is up to the women to guard the minds of the children of America not by shutting them away from the truth-but by teaching and training them to see clearly and without fear.

The women must keep the light of faith burning. They must never be too occupied to scotch the first signs of subversive, schismatic propaganda. They must keep their children from bitterness and hatred. They must educate them in understanding-to shun the evil act because it is evil-not because it is against them. They must use the war as a clarion call to the inculcation of noble ideals and high standards of neighborliness.

But the three principal gifts they must give to the children are peace, love, and happiness at home. This requires rigid self-discipline-it is not dependent upon material things. It

Let us resolve, therefore, with strong healthy minds unscarred and unafraid fore to be the person we want and able to think clearly and to can be and never to do with understanding. This is the anything which we should demand of the women of America-peace or think mealy of in another.
