There is a real pleasure in bringing pleasure to others, and that makes us all the more appreciative of the comments we receive each week about this column. Everyone, whether a boy in the service or not, likes to hear of the boys of other parents who are in the service, where they are and what they are doing. And so each week we will continue to publish letters and news of our boys from Rowan county who are doing their part to make this a decent world in which to live and, if need be, die.

This week we give the leading position to Mr. and Mrs. Willie Frank Thomas and their three boys. Norman E. Thomas is 18 and is stationed at Panama Canal Zone. He is in the Air Corps. His brother, William E. Thomas is 20 years old and is stationed at Ft. Moultrie, Ga. He is also in the Air Corps. James E. Thomas is 23 and is in the Medical Corps, station in the Canal Zone at Ft. Sherman.

Here is a letter from Norman, the youngest of the Thomas brothers.

Dear Mom and Dad,
I got those shoes you sent me and thanks a lot. I think they are really nice. How is everybody getting along back there? I don't know about anything, just like being on vacation. How are dad and my cattle getting along? And how's the baby. Mom, did you send me your pictures you sent of yourself and the baby, you look awful bad, like you are worried and awful lot about us boys. Don't worry so much, we're alright.

What's Bill doing in the hospital. He wrote me a card the first time I knew where he was since I left. Mom, I sent \$25 home this month and I have you out a \$25.00 allotment. Boy, you are sure going to get a surprise from me next month.

Mom, don't you get sad and worry about us three boys. We will be all right. Our country is all that matters.

Norman E. Thomas,
Harold Allen, son of Mr. and Mrs. J. A. Allen is now at Jefferson Barracks, Missouri. Harold enlisted in the ground force of the Army Air Corps and is in training at that place just outside St. Louis.

Ligon Kessinger who enlisted in the Air Corps some time ago, has been notified to report for duty on March 25. He is being sent to Santa Ana, California. Claude Dilken Kessler, who enlisted in the Marines early this year is at San Diego, California. He writes that he has been assigned to a tank division.

Willard Harris writes: Ireland Mr. and Mrs. Holl Harris, Dad, Mama and All.
Will answer you most welcomed letter received yesterday. I and I sure was glad to hear from home once more, and that you were all getting along so well. I am OK with the exception of a slight cold, which I have had ever since I landed here.
You were asking me about this place, I can't say much, but when I leave, if I ever do, I sure hope I never return. My either raining or snowing all the time. The hills are rugged and bare with no vegetation on them at all. The hot water is (Continued On Page Four)

Wm. Glover Dies From Heart Attack

William Clarence Glover, of Clearfield died at St. Joseph's hospital in Lexington on Sunday, March 15. Mr. Glover had been suffering from heart trouble for some time, but was taken to the hospital only two days before his death.

Dr. Adkins Organizes First Aid Classes

Under the direction of Dr. A. W. Adkins, First Aid Classes are being organized in conjunction with Civilian Defense in this county. Anyone desiring to join these classes is urged to write, telephone or see Dr. Adkins at his home at 159 Main street. The telephone number is also 159. Already 15 or 20 have signed up for the classes and many more are expected to do so. As the classes increase in size they will be divided into two or more additional classes.

Jack Helwig Attend Fields Trial At Ripley, Ohio

Jack Helwig is off again to the Southern Ohio Field trials at Ripley, Ohio. This year Jack is taking a young dog in which he has confidence as a real hunter. And Jack's confidence is seldom misplaced, as may be proved by the fact that he has entered other dogs on numerous occasions in the past, and has won a number of trophies and wound up in the money a number of times.

In fact, when Bill Elliott and his gang were here a few weeks ago, Jack sold them several pups sired by his champions.

The meet in which he has entered his dog this time lasts from Thursday through Sunday

Christian Churches Plan Convention

The Christian churches of the Kentucky district Missionary Society will hold their annual convention at the Maysville Christian church, March 27. The convention will convene early in the morning, and will last all day. Leaders of the State Missionary Society will have charge of the program and will bring messages. A large group is planning to attend from the Morehead church.

Circuit Court To Close This Week

Circuit Court adjourned Monday of this week. On Wednesday morning, but reopened to continue until the end of the week, with a number of important cases set down for trial before final adjournment.

The case against Ed Hinton charged with murder has been set for the third day of the week.

Leonard Davis charged with the murder of Ed Brown, resulted in a hung jury and is set for retrial on Wednesday of this week.

Asa Riddle was given a jail sentence of 60 days on a charge of petty larceny.

Orville Caudill, who was sentenced to one year in the penitentiary on a charge of receiving stolen property, filed motion and ground for a new trial. The motion has not yet been ruled on.

Gus Ferguson, James Christensen convicted jointly with Caudill and pleaded guilty to the charge. They were given one year each and the sentences were to be served in the penitentiary. Ferguson and Christensen stole the bronze plaque from the Morehead State Teachers college which they later sold to Caudill.

The charge of murder in the case of the Commonwealth vs. John Quisenberry was continued to the seven day of the next term due to the illness of his attorney, B. S. Granlin.

The retrial of Stanley Caudill charged with receiving stolen property was also set down for Wednesday of this week. The first trial resulted in a hung jury. (Continued On Page Four)

Christian Guild To Have Dinner Meeting

The Young Peoples Guild of the Christian church will hold its monthly supper meeting, sponsored by the women of the church, next Sunday evening, the young people enjoyed an interesting talk by Dr. G. B. Pennebaker. Dr. Pennebaker was well received by the large group present, and given a heartening round of applause at the close of his talk on the subject, "War and Marriage."

Speech Festival To Be Held Here

Through the courtesy of the Ashland Home Telephone Co. and the Kentucky-West Virginia Power Co., two cups are to be awarded to winners in the Sixteenth District Speech Festival in their meet at the Science building, Morehead State Teachers college, on Saturday, March 28. Seven teams will represent the following schools in the district: Ashland, Ashland, High, Fairchild, Olive Hill, Russell, Wartland, and Beckridge. Included in the events for this contest are oratorical declamation; poetry reading; extemporaneous speaking; interpretative reading; discussion for both junior and senior high school groups; and debate. An innovation this year is a sectional contest devoted to the works of Kentucky authors and orators three events. The schools to be represented are: oratorical declamation; interpretative reading, and poetry reading.

Mrs. Mae Day Dies After Long Illness

Funeral services were held on Tuesday afternoon at two o'clock for Mrs. Mae Wedding Day of Frankfort, formerly of this city, who died at her home in Frankfort on Sunday of this week following an extended illness. Services were held at the Methodist church of which she was a member, with Rev. C. L. Cooper in charge. Burial was made in the Pine Grove Cemetery.

Mae Wedding Day was born in Elliott county on May 18, 1881, the daughter of Harvey and Mrs. Mary Day. She was married to James H. Day and they had three children: two boys, one of whom is deceased. They are Anna Jane Day, Frankfort; Mrs. Lucy Day Kirk, Louisville; and Jake H. Day, Louisville. She is also survived by her grandchild, Joe and Lonnie Kirk, Louisville.

Her sister, Mrs. C. Manning of Sandy Hook, also survives. She was a resident of Morehead for 26 years until 1936 when she moved to Frankfort to be with her daughter, Mrs. Anna Jane Day, who is employed in the office of the state (Continued On Page Four)

Romance Of Mexico Back In Morehead By Request

This attraction, The Romance of Old Mexico, is given under the direction of Colonel Juan de Esquilima, one time lieutenant of Pancho Villa of Mexico, featuring Greta Rubio, the country's greatest singer and pianist, the Chorro Continental orchestra, Don Jose Marañon, conductor; Velma Montoya, singer; and the Chorro Continental band, including dancer, and Elena Aves, special composer.

The company renders a colorful and captivating program, lasting two hours. It portrays Old and New Mexico in song, story and dance. There are many changes of costumes. Greta Rubio uses seven beautiful costumes for her special numbers: Velma Montoya, four; Colonel Ricardo de Esquilima, uses three; and the Chorro Continental orchestra, two.

This group of Good Will entertainers from south of the Rio Grande has been highly complimentary by college and city audiences from the Atlantic to the Pacific and from the Canadian border to the Gulf of Mexico. You will enjoy the program. Come to see and hear them.

Fly Your Kites But Be Careful Where

The kite flying season among boys and girls is now in full swing in Kentucky. Utilities Company managers and other employees through the state are requesting parents and teachers to warn children not to fly kites near electric power lines, substations and other equipment.

Kite strings containing fine wire may come in contact with charged power lines and seriously shock the kite flyer. And youngsters may be injured by broken, sharp or falling strings. Children should be warned to climb on electric line poles or other substations enclosures to get rescue kites caught in the equipment. (Continued On Page Three)

Easter Week To Be Observed At Christiann Church

Plans have been made for the week of Easter, during which a series of services will be held each week day, beginning at 7:30 at the Christian church. Those services will culminate in the Easter emphasis campaign of the church, which has been in progress during the past four weeks "The Toward Calvary" program has called the congregation to loyalty, Bible reading and church attendance and has met with gratifying success.

During the week preceding Easter, the following services will be held: Monday, message by the Rev. George Frey of Owingsville; Tuesday, a service of baptism; Wednesday, a message by Dr. Charles Lynn Byatt, dean of the College of the Bible, in Lexington; Thursday evening communion; and a message by the pastor. On Easter Sunday the usual (Continued On Page Two)

Sam Allen Store Robbed For Second Time

For the second time in two months the Sam Allen Grocery Store on Railroad street was robbed on Monday night of this week of a quantity of groceries, meats and other items that could be carried or hauled off. The robbery occurred sometime between 10 o'clock p. m. and the morning, presumably when the storm was at its height. Mr. Allen closed about 10 and went home. When he opened the store the next day he found it had been completely ransacked. Two months ago he had suffered a similar loss.

No clue to the identity of the robbers has been found.

W. A. Jones, 85, Is Buried Tuesday

Funeral services for W. A. Jones, aged 85, who died at the home of his daughter, Mrs. Clara Bruce in Morehead on Saturday, March 14, were held Tuesday afternoon at two p. m. at the Midland church with Rev. T. H. Tollett of Mt. Sterling in charge. Burial was made in the Brown cemetery in Morehead.

Service had been planned for Monday afternoon, but was postponed to Tuesday due to the inability of his grandson, James A. Jones of Las Vegas, Nevada, to arrive in time. The grandson is in the Air Corps.

W. A. Jones was born in Rowan county on May 5, 1856. During his early life he went to Missouri; where he was united in marriage to Miss Ida Mae Maxwell. Later he returned to Clark county, where he spent the remainder of his life. He has been a member of the Church of God for over thirty years, and during the greater part of that time has served as minister of the church.

Surviving Mr. Jones are his wife and five sons: Clay Jones, Straight, Ind.; Roy Jones, Mt. Summit, Ind.; Jesse charged power lines and seriously shock the kite flyer. And youngsters may be injured by broken, sharp or falling strings. Children should be warned to climb on electric line poles or other substations enclosures to get rescue kites caught in the equipment. (Continued On Page Three)

Another four hundred pound shipment of Red Cross clothing made by the women of this county for the war refugees, is being shipped to the home and consolation to the homeless in our Allies nations on Monday of this week. The consignment included 50 boys outfits; pants and shirts, 46 girls dresses; 49 women dresses; 26 women skirts; 56 girls skirts; 50 operating gloves; 40 bed sheets; 32 women crocheted pajama suits; 11 women crocheted muffers; 11 have been doing the work and carrying the burden. Merchants To Sell Bonds And Stamps

All Morehead merchants will be asked next week to join with the Rowan County Defense committee in the program already launched to sell bonds and stamps. This phase of the program will be headed by Bill Lane. The Chairman of the entire committee in the county is John Palmer.

Merchants and business houses will be asked to assist in two ways. The first is to place defense stamps on sale in their stores. In connection with this considerable material is being made available for defense advertising windows and displays.

The second method in which they will be asked to assist is in the establishment of the payroll deduction plan. Under this plan an effort will be made to have the employer take up with all the persons who work for him the proposal to purchase bonds or stamps from the salary. This amount will be deducted from the employees salary and the employer will deliver to him the stamps or the bonds. The plan is, of course, available to all employees.

However, experience has indicated that it generally is accepted 100 percent. The payroll deduction plan is being in effect at the Kentucky Firebrick Co. plant at Haldeman and the Lee Clay Products Company at Clearfield.

It is hoped that a similar program this week with a meeting of the speakers committee. This committee will provide speakers for any public occasion. It is headed by Dr. J. B. Holtzclaw.

Methodist Students To Hold State Conference Here

The State Student Methodist conference will get under way on Friday evening, March 20, with a banquet in the basement of the church. The speakers for this conference will be: Dr. J. W. Workman of Chicago who will speak on "Friday in Kentucky"; they will stay in the dormitories of the college. The local Methodist church is the host, and is receiving fine cooperation from the city.

Mr. Sterling Wins Tourney Saturday

Mr. Sterling won the final leg of the championship in the Regional tourney which was held on Friday and Saturday. The Evans knocked Clark County high Saturday afternoon and at night poked out Grayson at the tying score. Grayson was manifestly superior. But that will give Sterling a second relaxation cost to Carter county boys the game as well as the right to represent the county region at Louisville, which is already arranged. Allville, Grayson had come thru women are urged to attend and the hard way, defeating Ashland to do their share in this work; in the event of a tie Saturday afternoon, 15 to 13.

WAKE UP!

This war is not a new war. It is the same struggle of barbarism against civilization that has been fought again and again during the past. The democracy of Athens went down before the massed armies of the Persians. Once before Rome crumbled days of peace are gone. In the East were halcyon days just about to presieve inviolate those inestimable privileges for which we have been so long contending. The noble struggle in Russia were all that abandoned the noble struggle in which we have been so long engaged, and which we have had to abandon until the glorious ob-

Useful Arts Books Recently Acquired by Our College Library. Some of the useful Arts Books that our college library has recently acquired will be the subject of our discussion today. They are as follows: 1. Phillips, M. C. "Skin Deep". Vanguard Publishing Company. \$2.00. The book, like "100,000,000 Guinea Pigs", tells you the facts which are reported only in trade circles or among scientists, about face powder, rouges, talcum powders, soaps, cold creams, lipsticks, and preparations used in the back of the book. This book is addressed to every woman who uses cosmetics of any kind. Reading it will enable you to save many times its cost.

Larson, Carl W., and the late Putney, Fred S. "Dairy Cattle Feeding and Management." Wiley Publishing Company. The third edition of this volume brings together in compact and teachable form the more important findings of investigators in the field of dairy husbandry. 2. Brownell, Kathryn Osmond. "A Textbook of Practical Nursing." Saunders - Practical Publishing Company. \$3.00. This book brings together in one volume the principles, technique and methods of practical nursing. It is concise, easily understood, and was written by an author who, both as a teacher and as a nurse, is especially well qualified to present the essential information needed in caring for the sick in the home. The author would appreciate any comments the readers of these articles might have to make. Just address all communications to 508 College Blvd., Morehead, Kentucky.

FERTILIZER

Our attention has been called to the necessity of farmers buying high analysis fertilizer instead of low analysis. Instead of buying a complete fertilizer with the following formula: 3-8-4, it is recommended that farmers buy a fertilizer with a higher formula, such as 6-16-12 or 10-16-12. The higher analysis fertilizer saves labor in spreading and bagging. Since it is important that these items be conserved as much as possible at this time, it is to be hoped that farmers will buy only the higher analysis fertilizers.

WHITE POTATOES

Potato planting is close enough to make what seed to use a major consideration. With table potatoes expensive as they are, seed potatoes must be high too. As a result, this year, many gardeners will be tempted, as they ordinarily are not, to use last year's leftover potatoes for seed. It would be a pity if they attempted it.

New tire quotas for March are out. They are a little easier due to adjustment to spring traveling, substantially above the February quota. The nation's passenger-motorcycle and light truck owners will get this month-101,701 new tires and 84,365 new tubes this month as compared with 80,784 tires and 67,616 tubes they were given in February. After May 31, there will be no tin cans for beer and coffee. You get them the old fashioned way. The familiar 12 gauge shot gun which custom has always pointed at rabbits and squirrels, will from now on be aimed only at spies and saboteurs. If any new ones are made this year, there will be no many uses of such guns for any government, lease lend countries, to supply a demand for sporting arms industries. Supporting a smy manufacturer have also been asked by the office of Price Control to stop making the price of guns and shells to keep them where they were on January 10. All coal dealers were asked by Mr. Henderson to maintain prices 20 higher than those prevailing December 15-31, 1941.

One undertakes to remodel his home this spring, he will find that certain things have happened to plumbing and to heating equipment, its supply and regulation. His plumbing contractor won't arrive now or he suggest repairs in compliance with the WPB's metal conservation policy just announced. There won't be the variety of fittings because WPB has cut down the types from 8,200 to 3,000 for the same reason. Fan-gy radiators, concealed piping will now disappear for the duration. The June bride this year won't be able to buy fine soft goods of down pillows when she furnishes her home. The nation's goose and duck feather supply will have been converted to the manufacture of soldiers sleeping bags only. The June bride and the old brides too will not have to do with corsets and girdles with elastic rubber in them. The WPB is using all the rubber to streamline our war effort instead.

It may be hard for her to find a good selection of new rugs, too. Carpet and rug manufacturers were warned by the bureau of Industry Branches to get into the manufacture of essential war materials, and were sent to freeze all new yarns, used in rugs, but which, unhappily must be shipped from India. Unfortunately for your industry, carpets are not essential to the winning of the war, the rug men were told.

for such potatoes are not safe seed. In past years, the fact that some failures has sometimes resulted from their use. Better to use for seed are potatoes produced especially for the purpose. But, better than that is to plant only certified seed. The matter resolves itself in a sum in arithmetic, as follows. Exclusive of seed, the cost of producing an acre of potatoes are about \$65. As its present sale value, the home saved seed costs about \$12.50 making its cost about \$77.50 per acre. A fair yield is not over 60 bushels, making the resulting potatoes cost \$1.30 per bushel. Seed, or common seed this year costs about \$30, making the total cost \$95 per acre. But, from records, a reasonable making the total bushel cost \$32 per bushel. Certified seed costs \$25 per acre, or \$100 per acre all costs. But, from records, one may expect a yield of 225 bushels, cost of 14 cents per bushel.

Public health is rapidly becoming an exact science and the department of health has become as necessary to the proper functioning of county government as the other constituent departments. The primary purpose of the health department is to prevent sickness, prolong life, and foster those principles of public health that will result in a better and healthier community in which to live and raise a family. In addition to the cost incurred from the loss of time, medical care and suffering because of sickness, it has been found that in communities where public health activities have been established over a period of time, that the cost of maintaining institutions for indigent delinquency, blind, criminal punishment, and for crippled children have greatly diminished. Public health is purchasable and it is certain that a county can determine its own death rates by its expenditures for health purposes and the present quotation that money spent for public health is an investment and not an expense, has proved to be true. Probably the most difficult problem facing public health today is sufficient funds to carry on adequately; this is especially true in Rowan county. At present the county is not able to secure the services of a Sanitary Inspector. However, the present force and limited personnel has carried on an adequate and well balanced program of public health. The following will give a brief idea of the work that was done by the Rowan County Health department during the year of 1941. Typhoid shots were given to 1285 persons-making 95 percent of the population immune to typhoid. There were 292 smallpox vaccinations given to school children, making 100 percent of the school children immune to smallpox. It is estimated that 40 percent of the adult population has been immunized against smallpox. Approximately 70 percent of the school children have been immunized against diphtheria. Last year the department gave the diphtheria toxoid to 180 children. In a recent bulletin published by the Public Health Service, it was stated that

County Health Department Makes Report

When a Child Needs a Laxative. SYRUP OF BLACK-DRAGHT is a tasty liquid that most children will welcome whenever they need a laxative. What's more important, it has the same main ingredient as BLACK-DRAGHT, its older companion. Perhaps that's why it usually gives a child such refreshing relief from the familiar symptoms which show a laxative is needed. Comes in two sizes: 2oz-5oz.

New Jersey, North Carolina, and West Virginia had adopted the compulsory diphtheria law that every child must be immunized against diphtheria before entering school. The compulsory small pox law is national wide. During the past year the department gave 532 blood tests. All food handlers, maternal and general clinic and had a total of 284 clinic visits. They found and treated 29 cases of syphilis and 14 cases of gonorrhoea. The cooperation of the Woman's club held here this year but nothing definite has been decided as yet. This fall, with the cooperation of the Woman's clubs they hope to have a dental clinic.

(The above is taken from the Eleventh Annual Report of the Rowan County Health Department, and briefly outlines the work that has been done in the past year, it will be worth your while to get a copy of the complete report.)

Fined For Fire That Got Out Of Control

Jake Bush, of Torrent, Ky., appeared before Judge W. C. Smith of Compton on March 11

and assumed responsibility for allowing a forest fire to escape from his property in Sinking Fork of Graining Block in western Wolfe county.

Warrant was executed by Ranger Karl Stoller of the U. S. Forest service because over 150 acres of the Cumberland National Forest were damaged by the fire. Mr. Bush explained how he had burned off a patch for a lettuce bed the preceding Saturday and the

fire spread to grass and sedge and then to the woods. Judge Smith assessed a fine and costs against Mr. Bush for violating Section 1255 of the Kentucky State Laws.

On March 12, Cornelius Dot Adams was arraigned before Magistrate Charlie Markler of Irvine for negligently causing a forest fire in the head of White Oak Creek near Irvine. Adams attempted to burn off a steep broom sedge field on Judge Noland's property without taking reasonable precautions, and the fire spread over the cliff and damaged 25 acres of government land. Adams had only his wife and small boy to help him control the fire on a windy day. Adams was placed in jail because of inability to pay the fine.

Ranger Karl Stoller pointed out that there were 8 forest fires on March 7 on the Cumberland National Forest, and that all escaped because reasonable precautions had not been taken to prevent the

fires from escaping. Stoller gave these simple rules to aid local farmers in disposing of material that requires burning on farms.

1. Select a safe time such as immediately before, during or after a rain; burn late in the evening after 5 p. m.

2. Choose a calm cloudy day in late winter.

3. Rake or plow a fire line several feet wide around the area or material to be burned.

4. If brush piles, make them small and place them apart from any material in which a fire would spread. Burn one pile, adding other brush to it as needed.

5. Have sufficient neighbors with tools to help guard the fire.

6. Burn into the wind.

7. Extinguish the fire before leaving it, or leave a guard on duty.

8. Return to the burned area next day and inspect it for sparks or smoke.

Superior Jordan stated to day that lumber and trees are urgently needed for war purposes in large amounts and that every fire decreases the available supply. Money used to fight fires, could better be used for defense.

Ottis Sorrell Dies As Result Of Car Wreck

Ottis Sorrell, son of Mr. and Mrs. Alle Sorrell and his cousin Gene Coffee, were both instantly killed on the night of March 7, when the automobile in which they were riding and which was driven by young Sorrell, crashed into a telephone pole, breaking both their necks. The accident occurred near New Richmond, Ind. The remains of Mr. Sorrell were returned to Morehead for burial, while Mr. Coffee was buried at New Richmond.

Funeral services for Sorrell were held at the New Sileam church, conducted by Rev. Wm Moore. Burial was made in the cemetery at the church.

Ottis Sorrell was the son of Mr. and Mrs. Alle Y. Sorrell. He was born May 22, 1919 and was 22 years of age at the time of his death. He was united in marriage to Miss Golda Howard and was the father of three children, Glennis, Clarence and Donnie. He is survived by his parents, his wife and three sons, two sisters, Mrs. Virginia Westcott and Mrs. Linnie Poston, and by one brother, Herbert Sorrell, at home. The Ferguson Funeral Home has charge of the arrangements.

Civilian Defense Unit To Be Organized

At the forum on Thursday night, the audience decided to form some kind of a civilian defense organization on the campus to cooperate with the defense unit being organized out in town.

It was decided that the parents would be put before the students in chapel next week and that another discussion would be held to select the leaders of the student organization.

Grand Jury Criticizes City Jail

The final report of the Grand Jury for the March term of the Rowan Circuit Court is as follows:

Honorable W. Bridges White, Rowan Circuit Court. We, the Grand Jury, respectfully submit; the following report:

We have been in session for six days and have returned in open court 46 indictments. We have had before us witnesses from all parts of the county and have returned true bills where we felt that the facts warranted same and we have further endeavored to uncover any and all violations of all laws of this great Commonwealth.

We have examined and investigated the reports of all officers.

We find that the county court house is badly in need of a new roof and recommend the same and that all rooms in said courthouse be papered.

We find that the vaults in the two clerks offices are not large enough to take care of the books stored therein and in addition are not fire proof.

We further find that the men's toilet should be moved from the back and placed on the west side of the courthouse.

We feel it is good policy to close the courthouse over the weekends so that loafers cannot loiter therein, only persons desiring to do business and officers should be afforded entrance.

The county jail needs more bedding when not in use. We suggest that this place be up the stairs, by putting a door in the back part of the building.

We find that the city jail is in a deplorable condition. It is filthy—very unsanitary—some could be used there regularly.

There are no beds at all, to speak of. This should be remedied. Also in the upstairs of the city hall the floor has given away and there is a large crack, about two to three inches, that is unsightly.

And later will become dangerous to the safety of the building.

We find that there has been a wave of stealing in this county and think that the Court should take notice of this fact and try to get at the leaders of it if there are any.

Further, there appear to be too many homicides per population and perhaps the trial juries have been too lenient on them in the past.

We further wish to express our wishes for the safety of and the courage, patriotism and loyalty to his country that has been demonstrated by our Commonwealth's Attorney, J. Sidney Caudel, who has headed in the call of his Country in this emergency and will be with us to more until victory is ours.

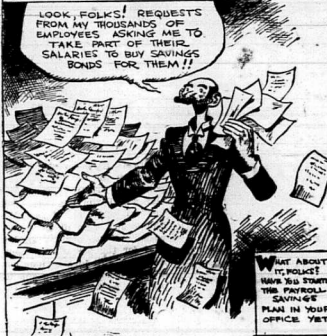

We extend our appreciation to the Court, and all county officers for their assistance during our sittings.

With this, we ask to be finally discharged.

W. C. Hogge, Foreman

POWER—where it's needed!

THE amphibian tractor—a startling product of American Industrial Ingenuity—delivers military power where it will do the most good. The electric network—another example of industrial concentration—connects hundreds of operating electric companies and delivers electric power to points of need.

Built up by the business men who manage America's power, this nationwide web of electric lines has proved its vital value in the war emergency by providing power for tank and plane plants, shipyards and arsenals almost everywhere overnight.

The careful, planned production of electric power will continue—we pledge it—until the war is won—until America's tractors run on diesel tanks to planting peaceful fields.

One even electrical generating and transmission system is now supplying more than one million kilowatt-hours every day (over 30,000,000 kilowatt-hours a month) to tank and plane plants, shipyards and arsenals to keep the Japs and Nazis.

The orange and white held the lead only once during the entire fracas, but Spears, flashy Wildcat forward, led the scoring with 15 points. Jackson led the Trojan attack with three fielders and six gratis throws.

In the second tussel of the tourney, the coaches assessed our teamman 27-25 in an overtime period. The Cardinals sneaked out a 10 to 7 lead in the first frame but the Trojans tied it up level at the intermission. Both quintets cashed in seven counters in the third quarter and three in the last period, and the regular playing time ended with the score showing 25-25 across the board. In the two-minute extra time Stevenson swished in the winning tally.

to drop me a letter, I would appreciate every one of them. I have now been in the service nine months and have not had a furlough to come home and see my people, so I feel as good as if I had a furlough all my life. During my nine months in the service I have seen thirteen of the states of the good old USA. I feel like I've been well paid. I want to say thank a million to the American Legion for giving presents to the boys in the service when they leave. Say hello to M. H. Hill for me.

I am going to do my part to protect our, and I would feel right if I didn't do all I can to save our country. Say hello to mom and dad and tell them I will be seeing them soon after I see the Japs fall and perish. Right at present I am doing guard duty. I really like me out and standing guard on the ships which I guess I will ride almost any time now. I want to say it has been worth while to me to drop you a letter like this to show you I am an American boy.

Lille, I was delighted with the clippings you sent me. It was the first Rowan County News I have read since I left home. Well I must sign off with an ocean of love to you. Elgin Butler, Camp Shady, Miss Dear Mom.

Just a few lines as I am thinking of you. How you moked led the scoring with 15 points. Jackson led the Trojan attack with three fielders and six gratis throws. Other guys said it was good. I don't believe there is anything a boy would rather get than a package from an old friend. (Get the hint). Got a letter from Mr. Leach yesterday, also one from Jack and Jimmy Danner, so you see I have plenty of letter writing to do tonight. But I really enjoy setting them. Wish I would get fifty a day. Nothing would suit me better.

Boy, did I get in a mess this afternoon. Our stove pipe stopped up and we had to take it down to clean it and every time we got it almost back up again, the darn thing would come apart. I was on top of the tent pulling, and Bob (that's my buddies) was inside the tent pushing. We both looked like negroes when we finally did get it back up.

We finally had some weather down here. I was really chilly yesterday. In fact we had to wear our overcoats to the ball field, but today it's like summer time.

Sorry to hear about Lee Clark. Those little yellow devils had better get their acts together. I will get them and I hope I get to give it to some of them. The way we are drilling now, they won't last long as soon as the clack hits them and gets at them. We have been taking up rifle marksmanship ever since we got back from New Orleans. We go to the rifle range very soon. I hope how soon, for I really like to shoot this new army rifle. They also been shooting the bayonet practice to us. We have to run a course about 200 yards long. It has every kinds of obstacle you could imagine and was drilled so we have to job with our bayonets about every twenty yards. It really gets a guy the first time he runs it, but he's not so bad after he runs it a few times.

I saw Red Kisers brother a few days ago and saw Stella's husband. Well I guess I had better get used to take good care of yourself and tell every one hello for me. I will see you soon, as soon as I'll an engagement with the Japs. Lots of love. Elgin Butler writes Sister, The Presidio, California.

We finally had some weather down here. I was really chilly yesterday. In fact we had to wear our overcoats to the ball field, but today it's like summer time.

Sorry to hear about Lee Clark. Those little yellow devils had better get their acts together. I will get them and I hope I get to give it to some of them. The way we are drilling now, they won't last long as soon as the clack hits them and gets at them. We have been taking up rifle marksmanship ever since we got back from New Orleans. We go to the rifle range very soon. I hope how soon, for I really like to shoot this new army rifle. They also been shooting the bayonet practice to us. We have to run a course about 200 yards long. It has every kinds of obstacle you could imagine and was drilled so we have to job with our bayonets about every twenty yards. It really gets a guy the first time he runs it, but he's not so bad after he runs it a few times.

I saw Red Kisers brother a few days ago and saw Stella's husband. Well I guess I had better get used to take good care of yourself and tell every one hello for me. I will see you soon, as soon as I'll an engagement with the Japs. Lots of love. Elgin Butler writes Sister, The Presidio, California.

Mrs. Berta Cooper, Dear Sister: I got your letter last week. Lille I don't think you should worry so much to me. I will be as safe here as I am in Kentucky. I always did want to come to the city of San Francisco, so here I am. I really enjoy life here in this large city. I enjoy looking out over the ocean bay and watching the big ships come in from sea, stand in my barracks and look out over the Golden Gate bridge. The officers took all of the boys out on the ocean beach and explained to us how to defend the Pacific. I was well satisfied with my trip, and liked all the lovely people who were there to meet me. Here is what makes it so easy. Each person has to do his nice out here. Plenty of sun and laundry. But everybody shine all the time and never seems to enjoy, doing it. I've cold. If any of my friends wish

to drop me a letter, I would appreciate every one of them. I have now been in the service nine months and have not had a furlough to come home and see my people, so I feel as good as if I had a furlough all my life. During my nine months in the service I have seen thirteen of the states of the good old USA. I feel like I've been well paid. I want to say thank a million to the American Legion for giving presents to the boys in the service when they leave. Say hello to M. H. Hill for me.
