Our suggestion of a few letters that the young ladies of the community write to the boys in the service from this county, is bearing fruit. A number of the young ladies have come in to the News office and obtained the lists of the boys names and their addresses, and have agreed to write letters to the boys. We are sure that the letters that go regularly to them will cheer them up and help them through many a difficult period in their army or navy life.

Marion M. Hogge: A Review

Marion Mayfield Hogge, widow of Spire Hogge, died at her home in Morehead on March 22 following an illness that had extended almost a year, although her last illness was of only a few days duration.

Funeral services were held at the home of her son, Lester Hogge on Tuesday afternoon at 2:00 p. m. by Rev. A. E. Landolt assisted by Rev. Bill Moore. Burial was made in the Mc Brat Cemetery at Hogtown.

Thurs. passes on one of Morehead and Rowan county's old citizens, one of the few rearing people who can truthfully be said to have formed the history making element of the pioneer days.

With a woman of Marion Mayfield Hogge's background, hardships meant nothing. She was born, she lived. She lived fully and completely. Age? She had none. She disliked old age not because she feared it but because she abhorred its limitations. She loved young people, especially boys. She delighted in living among them in their activities and in their games the days she could not otherwise recall.

Revival Planned At Haldeman Baptist Church

A revival is to begin Sunday April 5 at the Haldeman Baptist Church. Evangelist Sam Shon, a woman who up to the last moment retained her faculties, who took an active interest in the world around her and the work at large. Who lived in the world, and who knew the world and loved the world? Who in her last hours looked back and thought of the world she loved and prayed with her dying breath for the Peace on Earth, that she was about to receive at the hands of her maker?

Marion Hogge loved people. She loved to talk to them. She loved to listen to them. She loved books and poetry, and was keenly individual in her tastes. She kept thoroughly up with the times, and formed her own determined opinions up to the very last.

And on Sunday, March 22 she went to sleep quietly, without a murmur, she closed her eyes and never opened them again. Her last thought, murmured as she dropped away, was typical of her way of life, "Just as I am, without one plus."

Her last thought, murmured as she dropped away, was typical of her way of life, "Just as I am, without one plus." I am, without one plus." Her last thought, murmured as she dropped away, was typical of her way of life, "Just as I am, without one plus."

4-H Clubs To Enlarge Year Projects

The week of April 5 to 11 has been designated as National 4-H Club Mobilization Week. During this week 4-H club members will study their own program for the year and see if they can't increase their projects for the year. Instead of producing 50 to 100 chickens it is hoped they can produce 200, or if they are taking corn as a project, maybe now they can produce 500 bushels. If a girl is taking clothing she can finish her clothing before the coming season starts and then make a financial report on it in the summer. If all of our 250 club members in the county would do this it would mean a big increase in our food production, which is so vital to our country.

Promise Of Easter

Last year all over the world there was sorrow and desolation. War laid waste the very foundations of our civilization. Being crushed through the air to shatter the earthly monument of past glories, and the values of the sea laid in wait for the proud ships that bore the harvest of the world. Everywhere there were homeless and broken hearted people, harried and there by their relentless oppressors.

This year our own country sucked into the vortex of the struggle by the insatiable greed of the hate mongers, known at first hand the bitter pains of war, hearts are fraught with trouble. Separation, anxiety, death, all weigh down the spirit and the minds of countless millions.

Across this darkness falls the light of Easter—the pledge of life and of life eternal. Here, where there shall be neither sorrow of parting nor affliction of heart and soul. The pledge of the resurrection symbolized in Easter is the light in the darkness—a ray of sunlight falling across a wood land glade, dank and cold from the devastation of windy blasts.

A Soldier's Viewpoint

This speech was given by Lieut. General Ben Lear, Jr., commander of the second army of the United States of America. The other day in Cleveland, General Lear spoke some truths every American should hear.

ABOUT CRITICIZING-OUR ALLIES:
..... "Let us be thankful that the great most of the United Kingdom, has stood. Let us be thankful for those magnificent Russian armies that refused to acknowledge defeat and came back fighting in a campaign that has the admiration of every soldier. Let us be thankful for the tenacity and endurance of the Chinese.

"Criticism of our Allies in their hours of trial is not only destructive of a sense of proportion and appreciation of their great loss, but it leads to the question: Who wants us to suspect and criticize our Allies? Who wants to prepare us to be suspicious and hatred so that we will lose that peace after we have paid the awful price that will be exacted to win the war?
"Let us be loyal. Let us be worthy of others being loyalty to us."

"Your effective organization, that involves the complete civilian effort, is what will do more than any amount of cheering, entertaining and gift giving, to give confidence to the soldier that the great American team is functioning. When this soldier sees that every household is organized against waste, is following a plan of conservation, is actively contributing more money to the war effort, then he will have greater confidence and pride in the unity of our war effort."

ABOUT WINNING THE WAR

"Your sons are being made into fighters. Their instruction may be varied and requires professional skill, but their mission is simple: to destroy the enemy, on land, on the sea and in the air.

FIGHTERS WILL WIN:

..... "Their families at home, their neighbors around the corner, their teamworkers in the factories and on the farms, they, too, belong grimly determinedly unselfishly in the ranks of the warriors of the republic. They, too, must fight for every advantage that may be given their men and their Allies on the battle fronts. At home, as greatly as overseas, in the deserts, among

the jungles and over mountains and plains, FIGHTERS WILL WIN.

Mr. Ramey, as a member of the Board of Regents, served Morehead State Teachers College devotedly, faithfully and well from the date of his appointment in April 1940 to his untimely death on January 14, 1942.

This service was no ordinary one, but a service envisioned by a purpose which concentrated his very best to the present and future growth of this college and a service which he rendered at all times with an inspiring enthusiasm and an unlimited energy. Mr. Ramey not only showed his loyalty and help to the college through his untiring work as a member of the Board of Regents, but evidenced further proof of his loyalty and support by sending deserving students to the college at his own expense. In the passing of Mr. Ramey, the President, the Board of Regents and John M. Sutton spoke for the negative.

Promise Of Easter

(Continued From Page One)

There is no deeper human experience than the realization of the impermanence of evil. It is that knowledge which will sustain and support us through the dark days ahead. We know that ours is the ultimate Victory for we fight on the side of right.

Sorrow there is, and suffering and pain and loss, but beyond them all is the glory of the Easter morning when the stone is rolled away. In the words of the old hymn, "Weep may endure for a night, but joy cometh in the morning. Easter is the eternal pledge of the resurrection. The voice of the prophet, Job, paraphrased and set to triumphant strains of music, still rings out: "I know that my Redeemer liveth—and because he lives, I too shall live."

The annual KEA conference will be held in Louisville from April 15-18 inclusive. The Morehead headquarters will be in the Brown Hotel. It will be open to all faculty members, graduates and students and friends who wish to attend the meetings. Dr. J. D. Falls will be in charge of the opening program on Wednesday, April 15.

**THERE'S A DIFFERENCE,
MR. TAXPAYER**

... between an unregulated traffic contributing nothing in state, county or local taxes, and Kentucky's \$20,000,000 legalized beer industry which has paid more than \$7,000,000 in taxes to the state alone during the past seven years!

But occasionally some people, losing sight of this difference, would unwittingly deprive state and county treasuries of this revenue thereby increasing their own tax burdens as well as inviting a return of the anti-social conditions resulting from unlicensed, unregulated outlets.

Through our Committee's self-regulation program, the Kentucky beer industry is cooperating with law-enforcement officials to preserve these benefits by helping maintain wholesome conditions in licensed retail beer outlets in counties where the sale of beer is legal.

YOU can help by (1) patronizing only law-abiding beer outlets; and (2) reporting any abuses to the proper authorities.

It means a chance to work and to walk with pride in the Nation that gave this birthright to every boy and girl and the community which insured it for them.

WE HAVEN'T HAD A LETTER from our friend in the Canadian Army for some time. We refer, of course to Buck Bairson of Mrs. Lillie Bair of this city. Well we have one this week. It seems Duke will hit an accident, but he'll let him tell it.

14th Cin. General Hospital, Canadian Army Officers.
My Dear Mom:
I think this will be my address for the next three months I broke my right leg on this great "Commando" battle that

our regiment is putting on at present. I jumped across a little stream in an assault and it (my leg) just snapped, which left me out of action for awhile.

The Doc says it is set perfectly and I'll have just as good a leg as I had before it happened. My doctor is a captain and did the latter part of my training in New York. He sure is a good egg. The sisters (nurses) are all right. There is nothing for you to worry about as the leg is already set and in a cast and all the pain has already gone. It wasn't bad any way for I showed a couple of the boys what to do and we set it and put on some splints out in the field. They took some Xrays and found it just right. So you see a little first aid can come in handy a lot of times.

Does though it a good thing I didn't let them move me until I had it fixed like I wanted it. I got you and Edna's parcel, mailed December 1st. According to the list everything was there.

I haven't decided which one of my nurses to favor as a nurse I think. The two day ones are nice and kind, pleasant and good. The night one is the best and the most sort of person and the extra night nurse is nice but not at all like the others. She is meticulous as heck. She said a toast for me when I took a dose of salts this morning. I'm OK and will be back in circulation again before long.

So long now, Buck
From Roy Hicks
Mrs. Flora Hicks, Morehead.
Dearest Mother:
Just received two letters, and both were from you. That's what we call hitting the Jack pot. I sure does my heart good to hear how well the boys are doing in school. What makes me happiest, though, is to know that I made it possible for you to enjoy a few of the things you like. Which reminds me, have you bought that new washer yet?

Tell Warren not to goof off and marry that gal of his. He would have to forget about college then.
I hope my pictures have arrived there by now. I sent all the boys in California one each. I have one letter for a girl, but I think I will send it to Aunt Anna in Washington. I lost her address. You will send it to me.

I guess everyone back here is hoping the Japs will never get as far as Hawaii again. Well we are all wishing they would stop. Nothing would make me happier than turning my machine gun loose on a few dive bombers. So if you ever hear of them hitting here, you will know that I am right in my 7th heaven March 6, 1942.

Well, Mom, we really hit the Jack Pot since I started this letter. I got five letters in one day one of them was from Rae, the first I have received from her. I hope she writes more. I enjoy her mail very much.

I am working on a poem about Ky. now. I hope I can get it in the mail in time.

Well everything is still going fine over here. My studies have been changed. I'm not on the switch board any more. I am in a position I like much better. I was sorry to hear that your kids make the trip with the boys. Be sure and make the know how well you like basketball.

Will close with lots of love.
Roy Hicks.

Mrs. Ora James,
Dear Mother:
This leaves me OK and still liking this place fine. The weather is fine also. Boy they sure feed good around here and also have good beds.

I think I will get a rating in the next few days. I will be glad to get a little extra money. Some are going to be transferred pretty soon. It will be to the north about 80 miles from here. They seem to think we will all have good ratings before long. We don't have to work hard, but we put in long hours. In the morning we are going to have alert call. We all fall out as if we were being attacked by the enemy. We have been issued rifles and packs. All I will have to do is taxi an airplane.

I am sending a picture of myself on detail. You can see what a good man looks like. The lights have gone out so here is where I sign off. Love to all.
