MSU Faculty and Staff:

We have one week to go in our challenge to reach a 75-80 percent, full-time employee vaccination rate. Presently, we have an estimated full-time employee participation rate of upper 60's percent.

If you have not participated, please consider uploading a picture of your Covid vaccine card by this Friday showing at least one dosage to the following link:

<https://my.moreheadstate.edu/FacultyStaffCovidSurvey/Pages/default.aspx>

If you do not feel comfortable uploading a picture of your card, you may alternatively take a copy of it by the Office of Human Resources (HM 301) and show the card to our Director of Human Resources who will record your name.

A week or so ago we drew 15 names from the pool of cards, and each of these individuals received a \$500.00 cash stipend.

Today, we drew 20 additional names from the pool of cards, and each of these additional individuals will also receive a \$500.00 cash stipend.

One of the staff in our Human Resources office was gracious enough to do the drawing of numbers again (all were drawn by numbers) and these additional 20 individuals will be notified within the next day of their awards.

A large number of drawings will take place next week after we get as many cards in as possible. Let's get to 75 percent!

Many thanks,

Jay Morgan
President
