

October 5, 2021

MSU Faculty and Staff:

It is hard to believe that Fall Break and mid-semester are here. A few updates are listed below as you plan:

Dates:

Fall Break – Friday, October 8

Homecoming – October 15-16

Next University Livestream for Employees Via Web/Ex:

A University-wide employee livestream via web/ex is scheduled for Tuesday, October 12 at 3:30 pm. A link will be provided for log-in behind your mymoreheadstate portal the day of the stream. Topics will include a number of mid-semester informational items, announcement of our next phase of employee Covid vaccination exemptions per state law, an outline of health care plan(s) for 2022, and other general campus updates.

30-Day Vaccination Challenge Update:

Thank you to all of our employees who have uploaded a copy of your Covid vaccine card. This has helped us immensely in pushing towards our goal to get 75-80% of our full-time employees confirmed with a vaccination. Our number of cards to date looks really good! However, we need a little time to confirm a number of items in the system.

Over the past two weeks we have drawn approximately 35 individuals in total from the pool of uploaded cards, and each has received a \$500.00 award. We will be drawing a very significant number of new individuals from the pool of cards that were uploaded as of this week. All individuals drawn this week will be notified soon of their awards.

Even though our October 1 challenge date has passed, we still hope that you will participate. If you have not participated so far, please consider uploading a picture of your Covid vaccine card showing at least one dosage to the following link.

<https://my.moreheadstate.edu/FacultyStaffCovidSurvey/Pages/default.aspx>

If you do not feel comfortable uploading a picture of your card, you may alternatively take a copy of it by the Office of Human Resources and show the card to our Director of Human Resources who will record your name.

Many thanks to everyone.

Jay Morgan
President
