Are We Easy?

Are we too easy? In the past weeks we have heard many people say, and we have said it ourselves, that we are taking this war too lightly that we are soft, that we are lulling ourselves in to dangerous complacency with a lullaby of over emphasized success and under emphasized fears...

Jimmie Clay Enlists In U. S. Marine Corps

Jimmie Edwin Clay, 21, son of Mrs. Mude Clay and James of brain and brawn, of seedless, Clay of this city, enlisted during the past week in the U. S. Marine Corps.

State of Kentucky, County of Rowan: Sworn to and subscribed before me this 7th day of July, 1942, and I hereby certify that I am not an officer or director of this bank. Lois Broughfield, Notary Public. My commission expires April 30, 1945.

Carolina. While undergoing the five other destroyers off Point six week training period at Honda, California. Was serving Parris Island, they will be given on USS Hookins at San Diego on the use of such weapons as Cal. when transferred the the rifle, bayonet, hand gun, Fleet Naval Reserve after com...

Virgil Wheeler, (WV) Enlisted in US Navy October, 1919. Took preliminary training at San Francisco Navy training station. Served on 'Ch' station from 1927 to 1932. Transferred from active duty in Navy in 1933. Recalled to active duty Oct 1940 and was assigned to the USS Trout...

Amirians All So since how long we would be out and the skipper had to make it last as long as possible. We were thirty all the time. At the start the Lieutenant took up all the arms on the boat and locked them up. It was done for our own safety for no one knew what might happen. We rowed for years. And then I found out what it means to be lone at sea. At first it seemed impossible to stand it. Then as day followed day, we gradually fell in to a gaze when it seemed that nothing mattered and we did everything automatically.

There's one thing certain: It will either break you, or it will make a man of you. So said John D. Epperharts. He said a MAN who only four short months ago was only a Morehead boy. John D. will remain home for two weeks being on leave until July 20, when he reports back for duty.

He together with other survivors was flown to New York from Trinidad. Other life boats were landed at Barbados Island but he said only one man on the ship lost his life.

Editor's Note— Because of the length of the story about the experiences of John D. Epperharts, we have omitted the publication of letters this week but will take them up again next week.

Meet the Navy

(Continued From Page One) squadron, scouting fleet 1927 1929; US Naval Training Station Norfolk, Virginia 1929 and 1930; USS Kingfisher (Pacific Fleet and Survey Expedition Aleutian Islands 1931 and 1932; Recruiters school Norfolk Va 1933 and 1934; US Navy Re-creating Station, Pittsburgh Pa 1934 to 1936; Placed on retired list March 1, 1937. Received active duty April 1942. Mr. Toliver adds: "Let's see, What else. Not much of any import...

William Smasen, CBM (Chief Boatswain Mate) Enlisted April 6, 1917 at age of 14 years. Born April 9, 1902. In the US Navy was called to duty April 17, 1917. Discharged after 28 months service during the World War. Enlisted in 1941 for active duty. Served at University of Chicago until being assigned to Morehead Naval Training School.

Roy V. DeHart SEM (Chief Electrician Mate) Enlisted in US Navy July 1920; took preliminary training at Hampton Roads Va.; graduated 1921; served aboard USS Utah 1921 to 1924; Naval Air Station Pensacola, Florida 1924 to 1926; Submarine training school at New London, Conn., 1927; USS Submarine O3 1927 to June 28, 1937; transferred from active duty to Fleet Reserve to await orders in Rowan county, Ky; recalled to active duty 1941 and assigned to duty at Naval training school, Detroit, Mich.; assigned Naval Training School Morehead June 1942.

Mr. DeHart is strictly at home, here being a native of Rowan county. Joseph Olney Emerine, CMC: (Chief Gunner Mate); Born Feb 18, 1903 at Callian, Colo. Enlisted in the Navy Feb. 26, 1919 at Louisville; received recruit training at Great Lakes; served on board the following ships: USS Yarnall, USS Chauncey, USS Walker Crane, USS Texas; Was aboard USS Chauncey when she sunk along with

Hemp Growers Must Thin Out Plants Now

Rowan county farmers are cautioned to thin their hemp plants. This is one of the most important, yet one of the easiest steps in hemp seed production. Most of the hemp seed is produced at the branches of the plant and not more than two or three plants should be left in a hill, so they will have room to branch well from near the bottom to the top of the plant.

Next Week — Ship Company. A 60 percent increase in net earnings and nearly 50 percent increase in home food production have been claimed up for small farmers in Kentucky...

Professional Relation

(Continued From Page One) cluding and culminating in professional and public relations institutes. The programs are being initiated by the National Education Association.

Final Appeal USO

(Continued From Page One) final appeal in any amount. Please send cash or check to any member of the committee or the chairman and get receipt for your money. Please remember "You give to some one you lose it."

The same farmers increased their milk production for home use from 380 to 900 gallons per family 085 per cent.

Fruits and vegetables canned for home use increased from 216 quarts to 356 quarts, or 65 per cent, and meat and poultry increased from 300 pounds to 500 pounds, an increase of 67 per cent.

Last year the average family also stored an additional 31 bushels of fruits and vegetables and produced and used three small children all living 132 dozen eggs and 12 gallons of lard.

Farmers represented are of the family type farmers unable to secure adequate credit elsewhere to get themselves in shape or good farming. Loans are made through county FSA supervisors. More than 70,000 families are now being reached by the Farm Security Administration in this region, including 5,000 former tenant farms and farm laborers who are buying farms through the Bankhead Jones Tenant Purchase program.

In Kentucky the average FSA borrower increased his net income from \$612 before aid to \$976 in 1941, an increase of 59 percent. Milk production for home use increased from 121 gallons to 221 gallons or 83 percent; and 43 percent of vegetables canned increased from 238 to 357 quarts, or 50 percent; and meat and poultry increased from 373 pounds to 522 pounds or 40 percent.

A BUSTED HOT WATER BOTTLE May Help WIN THE WAR

Remember the old time ballad which says, 'For the want of a rider a battle was lost?' Well, we're not going to lose this war but a leaky hot water bottle may supply the extra ounce of scrap rubber that will more quickly give the Axis the ax.

WANTED

That rusty old stove up in your attic. That old piece of brass pipe. Those worn out galoshes. Those broken toys.

America needs millions of pounds of scrap metal, old rubber, old rags. It needs them to help build ships and guns and ammunition and tank treads and hundreds of other necessities of war.

Don't say "My little bit won't do any good." It will. Gather it together—and then turn it in. There are different ways to do this in different communities. Some people sell their scrap to a junk man. Some give it to a local charity. It will all end up in the right place eventually. It will all help to win the War.

UNCLE SAM WANTS THAT OLD RUBBER RIGHT NOW

There's
130 Lbs.
of Junk in your home!

In the attic or cellar of the average home there is 130 lbs. of junk. In ordinary times, it would stay there to gather dust. Or it would be destroyed.

But this is war. America needs every single pound of that junk—every pound of scrap metal, scrap rubber, and old rags. It is needed to make ships and shells, tires for jeeps, bottles, shells, guns.

Gather it up today. And then turn it in. Sell it to a junkman. Or give it to a local charity. Remember, your junk can win the war.

YES, the government wants every disused or worn out article made of rubber that can be sent to the nation's stock pile, and wants you to help get it there in a hurry.

OIL INDUSTRY IS COLLECTING IT!

Continuing through July 10th gasoline stations in Rowan county will continue to help collect scrap rubber paying

A PENNY A POUND IN SPOT CASH FOR EVERY POUND SENT IN OR

contributed by you . . . so take all the old rubber you can collect to the nearest gas station today. NOW! None of the oil companies will receive ONE PENNY in profit in this service to the nation. By the cooperation of thousands Dealers and gasoline company employees,

the scrap rubber will be turned over to the government and will be paid for by Uncle Sam on the basis at \$25.00 per ton. the \$5.00 extra per ton over the price paid you has been pledged to the USO, Navy and Army Relief and the American RED CROSS.

MAY HELP STOP GASOLINE RATION!

Since a shortage of rubber is considered as the MAIN reason for rationing gasoline in the central states, this

is one important way to do your part, and it may help to ward away the need of curtailment and gasoline rationing.

THE ROWAN COUNTY NEWS

Personals

Mrs. Hayden Carmichael entertained at a bridge shower Saturday in honor of Miss Frances Peratt whose marriage to Dr. Warren Garrison will take place next week in Chicago.

What does the Fourth of July Mean to You?

Revolution. It inspired the peoples of South America to throw off the cruel Spanish yoke. And everywhere outside the Orient it gave the common man cause to hope for a happier world.

On this Fourth of July, 1942, our country is once more engaged in a terrible struggle against the forces of tyranny, brutality and greed. Thousands of our men already have given their lives battling enemies determined to drag civilization down to the level of the Dark Ages. Military necessity requires that all of us give up many, vital liberties in order to win the war.

But with victory and peace, and vast social readjustments affecting everyone, we must guard against the aims of social-minded politicians who would try to establish in these United States of ours some evil principles we are fighting today.

Indeed, the great mass of us men and women who do the productive work, pay the taxes and fight the wars, must recapture every one of the rights and safeguards that make the American Way of Life . . . the greatest of free enterprise . . . which in 166 years has made ours the greatest nation of all time.

KENTUCKY UTILITIES COMPANY

ONE hundred and sixty-six years ago this week a group of brave and determined men drew up the Declaration of Independence and signed it. Their act marked the birth of this nation which we celebrate on the Fourth of July.

The authors and signers of the Declaration risked their lives and all else they possessed for the sake of freedom—

For the right to speak as they pleased, to worship as they pleased, to meet as they pleased, to work as they pleased, to vote as they pleased.

And the right to make their own laws, to lay their own taxes, to choose their own government.

The plan they made was not perfect. For a long time it was little known beyond the North American Atlantic seaboard. But it lighted the flame of the Republic.

KEEP THE RIGHT FREE . . . DON'T LET THE WRONGS

FRANK MAXEY, Manager
