"ONE OF KENTUCKY'S GREATER WEEKLIES"

MOREHEAD, KENTUCKY, THURSDAY MORNING, AUGUST 3, 1944

NUMBER THIRTY-ONE

Billy Young Reported To Be Prisoner Of War

Grandson of Mrs. A. L. Miller Is In German Prison Camp

The War Department announced this week that William A. Young, 28, is a prisoner of war in Germany. The grandson of Mrs. A. L. Miller of Morehead, Lieut. Young was reported missing in action two months ago and it is believed by relatives that he is injured. An Air Corps major back from the bombing mission, of which Lieut. Young was flight commander, has written Mrs. Young in Frankfort, Ky., that they were returning from the mission when he saw the plane in which Young was riding drop from formation in flames. He wrote, however, that the plane seemed to be in perfect control and that he eventually saw five parachutes open and fall free from the flying fortress.

The former Frankfort man is the holder of the Purple Heart decoration and the Air Medal with Oak Leaf Cluster. He has only been overseas since January, 1944, but has already had several narrow escapes and seen a great deal of action.

Last March during a raid over Germany Lieut. Young was wounded when a shell exploded in his plane, a Flying Fortress named

(Continued on page 3)

Navy To Give Dance Friday, August 11

Members of the Naval Training School of Morehead are planning a Station Ball for Friday, August 11 in the college gymnasium. The dance, which will begin at 8:30 p. m., will be informal and the music will be provided by Smokey Richardson's Orchestra from Lexington. This is the same orchestra that played for the Morehead Board of Trade dance given in honor of the Navy last winter.

Guests will be admitted only upon presentation of printed invitations which will be mailed next week.

Mrs. W. H. Rice To Attend Course At U. of K.

Mrs. W. H. Rice, supervisor of the Rowan County cannery, will leave August 11 for the University of Kentucky at Lexington where she will enroll in a two and one-half weeks course in the current problems in home economics education.

She will continue, however, to be in charge of the cannery here until she leaves for the University. She is taking the course in preparation for a vocational home economics course she will teach this next year at Morehead High School. The vocational home economics course will be the first of its kind offered by Morehead High School.

Denzil Wells Succumbs After Long Illness

Denzil Wells, 42, died Monday, July 24, at his home near Morehead following an illness for about two years. He had returned to his home from St. Joseph's Hospital in Lexington only one month before his death.

He was born of Licking River in Morgan County to Mr. and Mrs. Leonard Wells and was a resident for a number of years. He is survived by his wife, Minnie Lowe Wells, and three daughters, Anna Lee, 11, Frances Jean, 9, Myrtle Catherine, 6, and one son, Calvin Ray, 2 years old. He is also survived by his father, step-mother, one brother, one sister, and three half-sisters.

Funeral services were conducted Wednesday, July 26, at 11:00 a. m. at his father's home in Wrigley, Kentucky. Rev. Bob McClure and Rev. Dallas Beuchamp were in charge. Burial was made in the Flatwood Cemetery at Wrigley.

Kay Palmer Daugherty Awarded U. of K. Fellowship

It has been announced by the University of Kentucky that Mrs. J. T. Daugherty has been awarded a \$500 fellowship at that school to do advanced graduate work in education.

She is the daughter of Mr. and Mrs. John M. Palmer of Morehead.

Record Of Last Year Is Doubled At Rowan Cannery

Daily Canning Records Are Broken As More Families Use Cannery

Last week 1,849 cans were canned in the Rowan County School Community Cannery. This makes the total for July 2,817 cans, which doubles the record at this time last year.

A two-year daily canning record was broken last Friday when 806 cans were run through by 32 families. Five varieties of food were canned, including corn, beans, peaches, apples, and blackberries. It is obvious that the purpose of the cannery is to enable farm families to supplement their home canning. Usually, when corn is ready to can, almost an entire field should be canned quickly. If this were done in pressure cookers at home, it would require an entire week. This means that the corn would be too mature before it could be canned. By bringing this corn to the cannery it can be done in one day. Food which is badly needed for the war effort is saved as is also valuable farm labor.

Another service that the cannery supervisors are rendering this year is the day-by-day market. Families from all over the county who have had garden failures due to drought conditions have signed up for food. Those farmers who have crops in bottom land are able to sell their surplus crops and increase the cash income. Peaches will be available again this week, also corn and beans. The golden delicious apples will be ready next week. These will sell for \$2.25, and \$2.50 per bushel. Orders are still being taken for grapes, cucumbers, pumpkins, tomatoes and chickens. Call 24 if you wish to place an order.

Seven Men Are Inducted During Month of July

According to a report sent out from the Rowan County Selective Service Board, the following men were inducted from Rowan County during the month of July: W. B. Gordon Hackney, Homer Russell Thurman, Charles Rollin Hall, Charles Lewis Hinton, Roy Ray Prince, and Robert William Cain, J. G. Black, registered at another board also left this week for induction.

Ramah Johnson Leaves For Evangelist Tour

Rev. Ramah Johnson, former pastor of the Church of God, left Monday morning on an evangelist tour which will last until spring of next year. He is now holding a two weeks revival at Irvine, Kentucky, and will spend the next three weeks in a meeting in Illinois. Rev. Johnson resigned as pastor three weeks ago, but continued his work until Sunday.

Funeral Services Conducted For Aubra Ferguson

Funeral services for Aubra Ferguson, 39, who died July 22, were held Tuesday, July 25, at the Mission Church of Morehead which Mr. Ferguson had personally financed and helped found. Following the services at the Mission Church, the body was removed to his former home in Morgan County where burial was made in the Ferguson Cemetery. Services were conducted by Rev. Linzie Cyrus Rev. Dewie Ivin, Rev. E. V. White, and Rev. Russell Smith.

A prominent businessman in Morehead for seven years and owner of the Cut-Rite Grocery in this city, he is survived by his wife and four sons, Burley, Paris, Ferrell, Paul Eugene and Junior Ray.

County AAA To Conduct Series Of Meetings

Beginning next Monday, August 7, the Rowan County AAA will sponsor a series of meetings in this area for the purpose of advising the farmers in their AAA ACP payments. Through the auspices of the AAA committee five meetings will be held this next week to explain to the farmers the different ways they may earn money to get the cash needed to pay through the American Conservation Association office in Morehead. Members of the AAA committee are C. B. Turner, chairman, and Henry Eldridge, George Brown, and J. B. Butcher, County Agent Dan Drake, Farm Security Agent Coy Hibbard, and Soil Conservation Agent Walter McKenzie. Walter McKenzie will help conduct the discussions at the meetings.

The schedule for the meeting is as follows: Farmers School, Monday, Aug. 7; Morehead Courthouse, Tuesday, August 8; Little Brushy School, Wednesday, August 9; Pine Grove School, Thursday, August 10; Dry Creek School, Friday, August 11. All of the meetings will begin at 8:00 p. m.

Salvage Day In Rowan County Set For August 10

Plans For Collection Of Waste Paper Are Outlined

The chairman of the Rowan County Salvage Committee, Chas. E. Dietze, has announced that Thursday, August 10, will be the Salvage Day for waste paper in Morehead. Trucks will go down every street to collect paper and cartons which have been saved for that purpose. Chairman Dietze reported that the county is on the bottom of the list for waste paper salvage in the state, but that this is due mainly to the lack of adequate facilities for collecting the paper which exists in abundance in our homes and places of business. Each Thursday, beginning with Thursday, August 10, the Girl Scouts of this city will collect paper and paper cartons from the business firm in Morehead hereafter on the first Thursday of each month. The Girl Scouts will collect paper from residences. To facilitate handling, persons are requested to tie the papers and cartons in bundles and place these bundles on the sidewalks in front of their houses so that the collectors may gather them quickly and easily. The paper should be tied in bundles one foot thick. The trucks to be used for collecting will be donated for that purpose, so time and money will be saved. Mr. Dietze stated that "your co-operation in this matter will be greatly appreciated, not only by your salvage committee, but by the government and your service men as well."

Other members of the Salvage Committee are William Sample, Gabriel Banks, and Mike Hall.

The paper pulp shortage in the United States has reached a critical point.

(Continued on page 2)

Course In Repair of Farm Machinery Begins Aug. 5

A course in repair of farm machinery will start at Sharkey Saturday, August 5. The course will be given in John C. Eldridge's garage and will be conducted by Mr. Eldridge, a farmer and repairman in that community. This farm shop has been established for a period of two years. Most farmers in that section have taken advantage of the opportunity to use this shop and equipment to repair and construct farm equipment.

The shop will be open each Saturday for a period of six weeks. Now is a good time to get farm machinery repaired. These courses are sponsored by the Rowan County Board of Education who will be reimbursed for all expenses by the Federal Government.

Roy E. Cornette Appointed On MSTC Board Of Regents

Roy E. Cornette, of Morehead, was appointed a member of the Morehead State Teachers College Board of Regents on July 31 by Governor Simon Willis. He succeeds Harry Laviers, of Paintsville, as a Republican member of the Board, for a four-year term. Mr. Laviers term expired this year. Another appointee to the board is W. H. Ketter, of Ashland, who succeeds Ernest Shannon, of Louisville, whose term has expired. Mr. Ketter will serve as a Democratic member of the Board.

Mr. Cornette is a native of Rowan County and a graduate of Morehead State Teachers College in the class of 1932. He is the only alumnus of the college to be appointed to the Board of Regents. The new board member has taught in the Rowan County School system for five years as principal of Haldeman High School. He has been county superintendent of this county for the past ten years. Both new regents will serve until June 30, 1948.

Former Student Injured In France

Word has been received that Astor Collins, former student, was wounded during the early days of the invasion in France. Technical Sergeant Collins served with Company H, 314 Infantry, of the 79th Division, which was stationed in England five months before going to France. Collins received an injury in his right hand, losing a thumb and finger. Collins, whose home is in Whitesburg, Ky., came here in the fall of 1933 and played football and basketball, both on the freshman and later the varsity teams. They will especially give aid to the younger teachers who have not had previous teaching experience.

The Board of Education thought it wise to postpone the starting date of the schools until August 7, although the rural schools in the county have started about the third Monday in July heretofore. This change in the starting date was taken in order that the farmers might have their children at home to help with the farm work during the busy season. It is expected that by this arrangement the school attendance will be much improved.

The first teachers meeting August 4 will be given strictly to the business of starting schools and the discussion of the many problems that are involved in the first few weeks of school. Free text books are now being issued, and the county superintendent, Roy and Elaine, will give aid to offer the children of Rowan County the best school program possible under existing conditions.

Recent Farm Day Considered Great Success

Summary of All-Day Program Is Given; Participants Are Listed

The Farm Labor Day program held last Wednesday, July 26, has been acclaimed a great success by both the farmers and the business and professional men who joined the farmers in an all-day work program. Sponsored by the Rowan County Farmers Club, the farm day program held in the Sharkey area had two general purposes, (1) to help the farmers do a good day's work upon the part of the business and professional men of the farm problems in this area, and (2) to help the farmers do a good day's work. More than fifty men from Morehead met at the county courthouse Wednesday morning and drove out to the Sharkey area in that area. Approximately one dozen women from Morehead and from different farms prepared a big country dinner. The women present were related upon the part of the business and professional men of the farm problems in this area, and (2) to help the farmers do a good day's work. The first of its kind held by the Farm Labor Day program resulted in a better understanding of the improvements that the farmers in the area have already made and brought out the needs that still exist for greater crop production and more profitable farming. It was noted at the program that the majority of the townpeople present were related on farms and that the day seemed "just like home."

The list of the Morehead men and women participating in the program follows:

Henry Eldridge farm, Felix Wellman morned tobacco; John C. Eldridge farm, Lawrence Thiel morned tobacco; Roy Eldridge farm, Ray Lytle and W. H. Rice dug post holes; Carlos Harris farm, Tilford Gevedon and Isaac Caudill did construction work on a tobacco barn; W. C. Caudill farm, Ed Shannon, G. C. Banks, and Fred Dudley cut wood; M. M. Gregory, Dorsey Gregory, Roy A. B. McKinnel, D. C. Caudill, and Charles Hughes cut brush off a pasture field.

Mr. Cornette is a native of Rowan County and a graduate of Morehead State Teachers College in the class of 1932. He is the only alumnus of the college to be appointed to the Board of Regents. The new board member has taught in the Rowan County School system for five years as principal of Haldeman High School. He has been county superintendent of this county for the past ten years. We wish to express our appreciation to our friends and neighbors and to Rev. C. L. Cooper for their kindness and for the many flowers received during the illness and death of our sister and relative, Miss Mattie Lowery.

MRS. JOHN S. CRAIG

CARD OF THANKS

We wish to thank our many friends and express our appreciation for the many expressions of sympathy rendered upon the death of our beloved husband and father, Denzil Wells. We wish particularly to thank Rev. Dallas Beulahmier, Rev. Bob McClure, and Dr. Everett Blair for their kind services rendered and to thank the pallbearers. We wish to thank Mr. John N. Ferguson and his daughter for their excellent care of our beloved husband and father and for the careful arrangements which they made.

MRS. MINNIE WELLS AND FAMILY

Salvage Day---

(Continued from page 1)
 cal stage. Unless more waste paper is salvaged to make up for the loss of paper pulp there is a danger of creating a very difficult situation on the battle fronts as well as on the home front.

Salvage paper is now being used to make containers for food for the soldiers on the battle line. It is used for wrappings, and in some places it is now being used for newspaper. These are just a few of the places where waste paper has been found of value. It is used in the war effort for making cartons for medical supplies urgently needed by the wounded and it is used for packing implements of war and for other items.

It is for these reasons that the co-operation of every citizen of Morehead is urgently requested to do their part in the drive for the nation's No. 1 need.

ABSOLUTE

AUCTION

OF

CARTER COUNTY FARM
And Personal Property

As agent for Willis Purnell, we are authorized by signed contract to sell his farm and personal property located on Highway 60, 9 miles from Morehead and 9 miles from Olive Hill on

Saturday, Aug. 12, 10:00 A. M.

The farm contains 43 acres of which about one-half is in woodland, with a lot of nice young saw and tie timber, and the other half of farm is in grass. This is good strong land, has a good 6-room house with a well on the back porch, has about 20 young fruit trees and a good garden. This farm has a highway frontage of about 600 feet.

FREE CASH PRIZES WILL BE GIVEN AWAY ALL DURING THE SALE FREE

PERSONAL PROPERTY consisting of one extra good 5-year-old Jersey and Guernsey cow, giving four gallons of milk per day, will be fresh in February, good meat hog weighing 175 pounds, 20 hens and chickens, lot of small tools such as hoes, rakes, shovels, diggers, etc.

FURNITURE consisting of an extra nice 3-piece living room suite, good as new; 4-piece modern bed room suite, kitchen cabinet, cook stove, 5-piece breakfast set, lot of tables, 3 beds, springs and mattresses, 2 dressers, 2 cloth rugs, 3 linoleum rugs, porch swing, several chairs, lot of dishes, stone jars and many other things too numerous to mention.

The personal property will be sold for cash, easy terms will be given on the farm. Be sure to look the farm over before the sale, as it will be sold regardless of price.

For further information, see the owner on the farm or W. J. Sample at Morehead.

Would you like to borrow \$700,000,000 for 60 years without interest?

A PROMINENT OFFICIAL of the Tennessee Valley Authority spoke at a joint meeting of the Washington Society of Engineers and the Washington chapters of the American Society of Civil Engineers and the American Institute of Electrical Engineers, on April 19. Regarding T.V.A., he was asked: "Does income exceed expense?" The reply was:

"By this autumn \$700,000,000 will have been invested, 65 per cent of which (\$455,000,000) is power investment. The power investment can be retired in thirty years without interest. The whole investment can be retired in sixty years without interest. This is based on current income and the assumption that the T.V.A. has now reached practically full development and will not require any further appropriations by Congress."

By this answer the official stated that T.V.A. IS SUBSIDIZED AND

IS NOT SELF-SUPPORTING. The T.V.A. is a corporation owned and operated by the Federal Government. It competes with privately owned, tax-paying business enterprises. There is not one single valid reason why T.V.A. should not pay us—the people—the interest on money which it has borrowed from us.

This subsidy of free money is one reason why T.V.A. should be able to sell electricity cheaper than any business-managed utility can. The other reason is that T.V.A. does not pay any federal taxes. If T.V.A. were a tax-paying utility, it would have put into the U. S. Treasury about \$9,500,000 taxes on its 1943 business alone. And you, Mr. Tax Payer, would have had to pay that much less.

Suppose at some future date the Congress of the United States decides that T.V.A. as a government corporation, should be self-supporting and pay

interest and income taxes as all other businesses do. Then, according to reports from reliable engineers, T.V.A. rates would have to be increased about 80 per cent . . . or almost doubled. Users of T.V.A. service then would pay a lot more for it than they would pay for service bought from a tax-paying, business-managed utility.

It is easy for promoters of a government socialistic program to claim success when the taxpayers put up the money, pay the interest and taxes, and make up all losses.

REDDY KILOWATT,
your electrical servant

If one government bureau can take this unfair advantage of the electric power business, another government bureau can and may take the same unfair advantage of other businesses in due time.

She meets such INTERESTING PEOPLE!

...and her breezy descriptions of personalities and fashions delight feminine readers of Kentuckiana

RHEA TALLEY . . . featured Woman's Page writer of The Courier-Journal, is "lovely to look at . . . delightful to know," as the song goes, and she's "heaven-sent" as far as women readers are concerned. Missing no detail dear to feminine hearts, Rhea interviews visiting celebrities, Kentucky notables, and dotes on the "little phases of life with cosmic implications" which she finds most often in the average woman.

A soft-spoken Virginian with a B.A. degree in French and English, Rhea adds her warm accent also to Spanish, which she speaks fluently. Spending several years as Woman's Editor and on the City Staff of the Richmond Times-Dispatch, Miss Talley's nose for news in women's fields was well trained before joining The Courier-Journal.

Hats are Rhea's first love . . . "personality bursting forth . . . unexpressed" . . . is the way she puts it. Her interest in clothes penetrates into the deeper strata of the significance of fashion trends. "Rhea Talley says" . . . is rapidly becoming a favorite catch-line prefacing current comment in women's circles . . . and a more capable spokesman could scarcely be quoted.

Hardly a day passes that Rhea doesn't interview and write about Kentucky's great and near-great. Her Southern charm and beauty make her welcome wherever she goes. After hours, Rhea's talent is flanked solidly by handsome escorts . . . in uniform.

Rhea Talley's lively and lovable feature articles are morale builders for the women readers of

The Courier-Journal
