## Now Is The Time To Plant Your Garden

This is the most important planting season in American history. We can still increase the number of acres we plant. We ask farmers, on their part in the days that remain of spring planting to take extra degree of chance this year for their country. To plant in full the acreage they can expect to handle under most favorable circumstances. "Everyone of us has the responsibility of seeing that action is taken from this rallying call. A report from the wife of one of Kentucky's AAA Community Committeemen: "Farm women over the county are increasing chickens; and milking an extra cow or two, but as far as labor is concerned, I find the families who are shouting the least about labor, shortages are making as much or more effort to increase production than those who complain the most. And the same holds true with the machinery. I think the farmers feel where there is cooperation in the community or even among relatives by exchanging pieces of machinery, the work can be done. Every farmer and farmer's wife in the county are planting to the extreme limit in plowing, cultivating, and harvesting the largest crop ever produced on his farm. This will not only benefit the farmers himself, but will help to eliminate the food shortages of your neighbors who are less fortunate, and have no space in which to plant gardens. Also, these extra rows planted by our American farmers will be extra blows on the Axis and Japanese who threaten us. We feel sure that every man, woman, boy, or girl in this county, if called upon individually, would pledge an all-out effort to plant harvest and give as direct hits on the enemy, and an ever-ready will to win for his country. Rowan County is urged to do just this, not as an experiment but it MUST be done and NOW.

## Still Short On Red Cross Fund

The Red Cross, war fund in Rowan County now totals a little over \$6100.00 it is announced by the county chairman, H. C. Haggan. Two of the most active clubs of college students, the Deaux Arts Club and the Agriculture Club, have recently sent in their checks for \$5.00 each. These clubs are also regular buyers of U. S. War Bonds. Persons Supervisors Haggan has not been approached by Red Cross solicitors should hand mail their checks to Mr. Haggan, the sooner the better. The county quota of \$8000.00 is still far from subscribed.

## Morehead Gives Blood To Hospital

According to local Red Cross officials, St. Joseph's Hospital in Lexington has been very generous in dealing with charity. Recently such a patient had an operation there, and the hospital telephoned the Red Cross in Morehead that blood donors were needed for transfusions to save the patient's life. Since transfusions are expensive and have been given to several charity patients, it seemed desirable to give an extra supply to the hospital's "blood bank."

## Americans All

Just to give you an idea of what they are doing for Service Men in other places, we are running this sketch of the Chicago Service Men's Club. It is in a ten story building given over for the comfort and entertainment of men in the Service. There are dormitories, dance floors, rooms for shows, pool, billiard, music, canteen, craft shop. They have a recording room where records are made for those boys who would rather talk than write, (then all they have to do is send the record home). One boy made five records while we watched. They even have a woman who will do the boys' mending. Everything is free. The canteen was the most popular place. We didn't eat but they invited to this what they had at the canteen last week. It was a big week at the centers. We had 127, 292. SOMETHING'S COOKIN'—Guess what Hit slightly—hot dawgs! You ate 46,862 last week. Sandwiches made from 56,540 slices of bread plus 1,424 lbs. of peanut butter and 24 lbs. of jelly. There was plenty of pie—4, 578 pieces. Yes, apple is the favorite. Some had it la mode. You ate 42,212 pcs. of cake. You dunked 900 donuts. Beverages included, 10,820 glasses of the milk, 1,732 bottles of pop and 16,000 glasses of orangeade, 42, 800 cups of coffee. Extras were 727 lbs. of candy and 208 lbs. of potato chips.

## Spring Clean-Up Is Now On In Morehead

The annual Spring Clean-up began Monday and will continue through Saturday. The city is busy gathering the winter's refuse, if placed in a convenient place. The truck will make the last round Saturday. Men are urged to pile your rubbish in the yard or on the front of your property, where it can be easily reached. If the truck misses you, call the City Clerk, phone 73, and they will notify the driver. Make every effort to get your property cleaned up this week and make and keep MOREHEAD THE CITY BEAUTIFUL.

## Mrs. Barker Dies After Long Illness

Mrs. Minnie Mauk Barker, daughter of Samuel and Deliah Mauk was born in Elliott County on June 3, 1827, and died on May 4, 1943 at the age of fifty seven, eleven months and twenty-seven days. Mrs. Barker had been in ill health since December, when she was taken to the hospital and the doctors told she had cancer in the advanced stages and that there was no help for her. She knew her condition and said she was ready to go home to live with God, where she knew there would be no more sorrow. Mrs. Barker leaves to mourn her loss four sons and two daughters, Mrs. Beulah Tuttle of Mines, Ind., Loren of Crestline, Ohio, Theophilus of Indianapolis, Tallage, Mary Louise and Hendrix all home; three come "aboard" the U. S. Naval Training Station at Great Lakes and Ill. for basic training are Blue-jackets in Uncle Sam's Navy. They will train for 12 weeks of fundamentals of seamanship and Naval customs and procedure; the church of God on Thursday take a series of aptitude tests day at two o'clock with Barnes and have personal interviews with Ramah Johnson in charge. Fall bearers were Harlan Cooper, and Bill Carter, Judge Dan Parker, get into fighting trim through Harlan Poves John Adams and participation in the Navy's physical "P" Caudill. Honorary pall bearers were H. S. Sparks, Drene and Alfrety. Burial was made in the Rosewood cemetery near Home was in charge.

## Services Held At Clearfield For Thornsbury

The funeral services for Ray Thornsbury were conducted at the Church of God, Clearfield, Ky. May 3. He was the son of Robert and Eva Thornsbury, formerly of this place but now in Union City, Ind. Ray was at the time of his death 17 years old. He was employed at Mansfield, Ohio. He leaves to mourn his loss, mother, 4 brothers and 1 sister, William Thornsbury, Mansfield, Ohio, Nathan Thornsbury, Mansfield, Ohio, Roscoe Thornsbury, U. S. Navy, Oscar Thornsbury, Union City, Ind., Mrs. Hobert Crase Muncie, Ind. He also leaves a host of Aunts, Uncles, and other relatives. Services were conducted by Rev. Abel Tackett and were at the Baldrige cemetery near Clearfield, The Ferguson funeral home was in charge.

## Join WAVES, SPARS Release A Man For Duty

JOIN THE WAVES and SPARS and Release A Man To Fight for His Country. This is your opportunity to show your real patriotism and join the Navy where your services are so much in need. Be some a WAVE or a SPAR and serve your country in a non-combat activity. This is your opportunity to get in while the WAVES and SPARS are still young, while there is a better chance for promotion and a better choice of specialist jobs to fill. The WAVES in an organization of women whose job is to supplement Navy manpower at ship stations. The SPARS is the same type of organization in the Coast Guard, which is itself also a part of the Navy. Neither WAVES nor SPARS are called to serve outside the continental limits of the United States. Join the WAVES or SPARS. You will help your country at a critical time, and you will help your life.

## Editor Goes To Chicago For Visit

The Editor, Mrs. Grace Ford has returned from a six days visit in Chicago, where she met Chief and Mrs. E. W. Spalding, Chief Spalding was formerly connected with the local Naval Training School. Miss Helen Lammers of Omaha was also a guest at the Spalding home. In reporting the trip, Mrs. Ford says: "I have been in Chicago many times before but this time was entirely different. Before the Caliendo and her new son, Jack and another thing we are at WAR and you can see enough find it out in Chicago, there are thousands and thousands of service men, soldiers, sailors, marines, WAVES and SPARS, even saw Canadian sailors who dress almost like our sailors except they wear a black band around their caps. But you would realize also that they are not warm in other ways. The help situation is just the same as here. You might have all the money in the world but you couldn't spend it for you can't get what you have to wait so long for change or packages heard of. We finished the day with a much the same in the hotels had chop-uey. Sunday went to church. Thursday and Friday we went to real church in the theatre. There were no good shows except and a restaurants. We have already had in Morehead. Thursday evening, p.m. and I should have arrived in Lexington at 7:30 but we spent some time with us. Mr. Fisher is in the Navy, study-king every soldier from Fort Knox was on that train, having Friday noon we were queuing spent the weekend in Chicago at lunch of Mr. W. S. Hefferon, ago.

## Error Made In News Story Last Week

In the May 6th issue of the Rowan County News an article by Evans Supervisors Borden, stressed the imprudence of avoiding waste resulting from the practice of cutting trees that are too small to pay their way. The practice of cutting small trees results in a waste of man labor to produce a given quantity of lumber from larger "ripe" trees. Due to a typographical error the article referred to conversed the opposite meaning to that which was intended, and the above is printed as a correction. We weather and care exercised by brush burners, have reduced the number of fires to ten so far this year on the Red River District reports Ranger Stoller. On May 5th, however a small fire took place along the Morehead-Burgess road, South of the Clay Mines. This fire apparently started from a cigarette or match carelessly thrown from a passing automobile. This brings to our four the number of fires this year in Rowan as against one in the same period last year.

## Meeting Of Dealers To Be Held At Court House

There will be a meeting of all wholesale butchery and court-wholesalers, butchers, slaughterers, retailers of meat, in Morehead, on Monday, May 17 at 8:00 o'clock p.m. at the court house. All meat dealers from Bath, Menifee, Morgan and Elliott Counties are urged to be present. The Food Distribution Administration is sponsoring this meeting for the purpose of furnishing these groups with complete information on Government Restriction Orders, regarding meat.

## Five Rowan Boys At G.L.

Oh, that be it ever when free men shall stand Between their lord's home and the war's desolation. Blessed with victory and peace may the heavy-ruined land Praise the Few that hath made and preserved us a nation. Then conquer we must, when our cause it is just, And this be our motto: "In God is our Trust."

And the Star-Spangled Banner... k triumph shall wave Over the land of the free and the home of the brave

## Notes From Morehead NTS

### NTS LOOKS GOD IN GOND

While no final figures are available on the performance of other activities in the Ninth Naval District in the current war bond drive, progress reports indicate that NTS will be near if not actually at the top of the list, with perhaps the highest percentage of men registering allotments.

With large numbers of men registering for allotments well

over the \$625 monthly minimum there is little doubt in the mind of the station war bond officer that the total amount of money to be checked from NTS men's pay, beginning in July, will exceed that of any other activity man for man.

### HUMPHREY COMES

Reporting aboard last week after 13 years of almost uninterrupted sea duty, Eleon Loren R. Humphrey, USN, was assigned by the commanding officer to the educational office to serve as liaison officer between the Navy and the civilian technicians teaching at NTS.

In view of his long service with the fleet, Mr. Humphrey

is exceedingly well qualified to serve in this capacity and his presence at NTS possibly will be felt through certain changes in the curriculum. While the technical personnel at NTS are all well trained in their specialties, it is the opinion of the commanding officer that Mr. Humphrey will fill a need long felt at this and other service schools - specifically a man who by virtue of his own experience can best signpost the course to fit the requirements of the modern Navy.

Mr. Humphrey, NTS' first warrant officer, served aboard a troop transport in a convoy from the United States during the initial invasion of North Africa. In addition he has had duty aboard repair ships and the U. S. S. ARIZONA, the only battleship completely destroyed during the raid on Pearl Harbor. He counts many hundreds of her crew, killed during the bombing as his friends.

**CHIEF EMERINE NOW CGM**  
 Permanent appointment of Joseph Olney Emerine, USN, to the rate of Chief Gunner's Mate, effective April 1, was announced this week by the commanding officer for Division I, and assistant to the gunnery officer at NTS.

Having served two years in an acting appointment at this rate, Emerine is a veteran of 24 years of duty on many shore stations and ships of the fleet. Among many other duties he served on board a destroyer skippered by Admiral Halsey who at that time held the rank of lieutenant commander. The Admiral is now commander-in-chief of the south western Pacific theater of naval operations.

The additional pay he will receive as a result of his advancement "is going into war bonds, one a month," Emerine said.

### AMERICANS ALL

(Continued From Page One)  
 We miss all of you to and we have to be away from all our pretty girls too. But don't worry you will see me and Old Harry coming up the road in that old pard one of these days just making the dust fly that is the way I feel about it don't never give up hopes. I want you to send me Harry's address and I will write to him.

Say is Ro Plank in the Army? Do you know where Elmo Plank

I got a letter from Aunt Nella she said Hiram Lee was at Seattle Washington.

I guess that Arthur will have to go to the army before long, hope not, for it will be so hard on poor old mother and I don't want her to worry any more than she does now.

I would give anything to come home and see all of you but it is hard to tell when I will get home. We'll I can't think of much to say, I'll stop by saying tell all I said to be good and soon. So long for this time.

The two letters that follow

### WAR BOND QUIZ

- Q. May I sell a Bond or give it away?  
 A. No. War Savings Bonds are not transferable.
- Q. May a beneficiary redeem a Bond during the lifetime of the registered owner?  
 A. No. The Bond will be paid to the beneficiary by the Treasury only when the beneficiary has furnished proof of the owner's death.
- Q. How much does a War Bond cost?  
 A. The price of War Bonds is 75 percent of their maturity value. For a \$25 denomination Bond, for example, you pay \$18.75 and at maturity in 10 years you receive \$25. This is the smallest Bond you can buy.
- Q. How do I receive my Bond?  
 A. If you buy over the counter for cash, it will be delivered at that time. If you buy by mail, it will be mailed to your address or to anyone whom you designate.

By Ed Crockett.

Remember—the longer you keep War Bonds, up to 10 years, the more valuable they become.

are from James Hall and Woodrow Hall, sons of Mr and Mrs Ed Hall of Morehead. James had been in the army for about six months and is located at Chicago. Woodrow has been in the service for about a year and has just landed in Australia.

Dear Sis and Family,  
 Well I know my letter is late but here it is anyhow. I am still in school, but I hope to be out in about five weeks. Well I finally met the girl of my dreams and we have become engaged, she is very nice and quiet nice looking, but we don't plan on getting married until after the war I just finished writing dad a letter, and I hope I can find time to write one to Willard and family. I sure do like the Navy life in my opinion it's swell. Chicago is now in Spring, everything seems like new life, even the old lake has warmed up. Last week we went to Glenview air base, to try out for aerial gunners. We got to practice in one of the Navys new planes I can't tell you how fast we went but I can tell you it will run the pants off of any of the Japs planes. We are supposed to go back soon to try out for bombardiers. I hope we get to ride in one of those big flying boats. I can't wait to get away from here and I hope some day that I can come back for a visit and we can talk of all our experiences. Tell the children how the little baby is coming along.

Until you answer I remain,  
 Your Brother  
 Jim Hall

Dear Sis,  
 I will try and write a few lines to let you know I am well and hope you are the same. I am in Australia the people here are nice and friendly but the money is hard for me to get used to I don't know if I have a dime or a penny, boy I sure have come a long way's to get here when it is dark here it is getting day light at home. Tell Tom I came across the Equator and it sure was hot. The trip across was nice I never got sea sick but a lot of the men did. It's starting in winter here the days are hot and the nights are cold. Grace did you write my girl in Tenn. she wrote and said that she wrote to you. I got three letters from her since I got here. If you go to town tell dad I will write to him. Well Grace there is not very much to write about this time so ans. soon tell Mildred and the rest hello for me.

Love To all  
 Woodie

And now we have a letter from Clyde Clark son of Mr and Mrs Jack Clark of Route 2, ME. Mom I will answer your letter I just got it and was glad to hear from you all this leaves me well hope you all are the

same you You said Uncle Luke was there I wrote him a letter about when he was in before and never did get any answer you said Chester was at Los Angeles send me his address had a chance to go to Los Angeles a time or two but I never went it is about 250 miles from here Did my insurance papers ever come in I never did think I write and ask. Write and tell me I bet Elmo hated to go back if he is in a dusty place like this well, we have been here one month and are supposed to stay two more I don't know whether we will or not we may be lucky enough to come closer to home we may go to Georgia or Florida for ward. I hope we do well soon I can't think of much to write I sure would like to have about a gallon of water out of the well

## The Churches of Morehead

Our Community Is Judged  
 More by its Churches  
 Than By Its Beautiful Homes

The Churches of Morehead need no better justification than the Christian atmosphere they produce.

But our Churches cannot exist on good wishes alone... They cannot build a Christian atmosphere on left-over loyalties!

They cannot save your son and daughter in spite of you!

The Churches of Morehead cannot be helpful and EMPTY

Our Churches cannot suffer lack of interest and support without everyone being the loser.

## CONTROL CAN DO WHAT PROHIBITION CAN'T!

THE OLD JUDGE SAYS...

"I couldn't help overhearing you, Mary, when you asked Jim here why they let the liquor companies use sugar to make whiskey when all the rest of us have to cut down on it. I happen to know the answer to that."

"You see, the fact of the matter is, the industry never has used a single pound of sugar to make whiskey. The bootleggers were the only ones who used sugar to make whiskey. On top of that, there's not a single large distillery in the country making whiskey any more. They're all working day and night making war alcohol for the government for gunpowder, synthetic rubber, chemicals, and medical supplies."

"Just as I told Ed down at the court-house this morning, the government simply wouldn't be able to get all this alcohol it needs 'a time if we didn't have these distilleries available here on the job."

**DON'T BE A LAND PILOT**

One thing we know - the calls for more arms, more food, more bandages, more bombs - are the signs of pending offensive action on the part of the Allies. Such action will be costly, we know - costly in men, munitions and money - but wars are never won by defensive measures. We have to take the offensive and strike hard, fast and ruthlessly.

The fighting is up to the armed forces and to those who direct them, but there is one thing we can all do to help - Stop harrying those in authority who have the responsibility and burden of making decisions and determining strategy! The enemy should be the only opponent about whom they should have to worry. Whether we agree or not with their decisions is unimportant. In democracy and under a republican form of government it is up to both minority and majority to give loyal service both of lip and arm to those whom the people themselves have selected to lead them.

The success of the North African venture was largely due to the fact that it came as a sur-

IN SPITE OF THE FACT IT DESTROYS THE SOULS AND LIVES OF BOYS AND GIRLS AND MEN AND WOMEN, THAT IT BREAKS UP HOMES, WRECKS MEN'S MINDS, DESTROYS REASON, COSTS THE TAX PAYER ABOUT FOURTEEN TIMES THE REVENUE LIQUOR PAYS, AND DEBAUCHES SOCIETY IN GENERAL, . . . FOR MONEY.**

We are amazed at their frankness. But they do not qualify. They simply state that their whole purpose is to make liquor and beer a habit for business, no matter what destruction it brings. Throughout that notable article you hear it ringing: "We don't care what other issues are involved, who gets hurt, whose heart aches, who suffers hunger or poverty, or what follows in the wake of our traffic, one thing we want, and want it at all costs, and that is, **BUSINESS.**" Read it for yourself and see if that is not what it says.

The article frankly states that beer and liquor have built the business that our business men enjoy, that beer and liquor, sustain it, and that if beer and liquor goes, business is gone. Do our merchants and our business men want to say to the DRYS of this community: **"WE COULD DO WITHOUT YOUR BUSINESS; WHAT WE MUST HAVE IS THAT BUSINESS WHICH BEER AND LIQUOR BRINGS!"** Such a confession is too ruthless, too murderous, too hard, for men to make, in view of the destruction liquor and beer bring.

The article states that the farmers have the best market they have ever had in Morehead, and that "beverage dealers" are responsible for it. It says we are the center of surrounding DRY COUNTIES, and that our "beverage" draws them to us. **MERCHANTS, BUSINESS MEN, DO YOU WANT TO SAY TO THE DRYS IN THIS COMMUNITY THAT YOU PREFER THAT BUSINESS TO OURS? DO YOU HAVE LET SOME ONE SPEAK FOR YOU, DID YOU MEAN THAT?** (The truth is, we owe it to these dry counties around us to do all we can to respect their wishes, and stop the dealers of this town from bootlegging into other counties.)

**"THE WETS** make no defense of liquor and beer. They make no claims that it is beneficial to the people. They do not deny that it destroys the souls and the lives of our boys and girls, men and women. They do not deny that there has been in Morehead and

Rowan County nearly **FOURTEEN TIMES** as much drinking under **REPEAL** as there was under **PROHIBITION**. Of course they must sell the **DIRTY STUFF** to somebody who will drink it and get drunk before they can make money, and they know it will produce nothing but destruction and debauchery.

**BUT IN SPITE OF ALL OF THIS, THEY SAY, IN ESSENCE: "WE DON'T CARE WHAT WRECK IT BRINGS TO PEOPLE AND HOMES AND COMMUNITIES, WE WANT MONEY AND BUSINESS, AND WE ARE WILLING TO WRECK THE PEOPLE'S HOMES AND LIVES AND CHILDREN FOR MONEY."**

**MERCHANTS, BUSINESS MEN, DID YOU SAY THAT, OR DID SOME ONE SAY IT FOR YOU?**

They make a sentimental appeal about our boys in the army. "Buy liquor," they say, "so our government will get the taxes, and thus be able to send our boys more guns and ammunition." Sounds patriotic, doesn't it? But let's see what they really want. I quote from the **BREWER'S DIGEST** of May, 1941: "One of the finest things that could have happened to the brewing industry was the insistence of high ranking officers to make beer available at Army Camps — Here is a chance for brewers to **CULTIVATE THE LARGEST BEER CONSUMING SECTION OF OUR POPULATION** —"

Does that look like they are interested in our boys? Yes! deeply interested. While they are in the army thousands of boys who never touched the stuff at home will be made drinkers, so that when they return they will be regular customers. That is nothing short of a **STABB IN THE BACK!**

Besides, that revenue "gag" is a hoax. It cost the public last year **FIFTEEN BILLION DOLLARS** to get **ONE BILLION** from the liquor business. **FIVE BILLION BOUGHT THE LIQUOR, AND TEN BILLION PAID THE DAMAGE IT DID.** ISN'T THAT **SMART BUSINESS? DID THAT HELP OUR BOYS IN THE ARMY?** Figures for Rowan County bear this out.

AGAIN, WE SAY, THE WETS ADMIT, **FRANKLY AND HONESTLY, THAT THEY ARE WILLING TO SELL THE ENTIRE MORAL AND SPIRITUAL WELFARE OF THIS TOWN AND COUNTY, OF YOU, YOUR FAMILY, YOUR BOYS IN THE ARMY, — FOR BUSINESS — FOR MONEY. — THIS MAKES JUDAS ISCARIOT LOOK LIKE A PIKER!** BUT NEVER WAS THERE A MORE HONEST STATEMENT MADE BY THE LIQUOR PEOPLE. THAT IS THEIR SOLE AIM. ARE YOU WILLING TO LET THEM DO IT?

prise to the enemy. Its advantages or disadvantages were not hashed out in the press or over the air by self-styled experts. That is not the way wars can be fought and WON. Now is not the occasion for either land plots or swivel-chair generals. We have commanders trained and equipped to make the necessary decisions - so let's leave the job to them.

Two thousand, one hundred and seven years ago, Lucius Aemilius Paulus, a Roman general stated the case in words which are just as applicable today.

"In every circle, and truly at every table there are people who lead armies into Macedonia; who know where the camp ought to be placed; what posts ought to be occupied by troops; when and through what pass that territory should be entered; where magazines should be formed; how provisions should be conveyed by land and sea; and when it is proper to engage the enemy, when to it a quiet.

"What is my opinion?" That commanders should be counselled, chiefly, by persons of whose knowledge is derived from experience, from those who are present at the scene of action who see the enemy, who see the advantages that occasions offer, and who, like people embarked in the same ship are sharers of the danger.

"If therefore anyone thinks himself qualified to give advice respecting the war which I am to conduct which may prove advantageous to the public let him not refuse his assistance to the state but let him come with me into Macedonia. He shall be furnished with a ship a horse a tent - even his travelling charges shall be defrayed.

Who thinks this is too much trouble and prefers the repose of a city life to the toils of war, let him not, on land, assume the office of pilot. The city, in itself, furnishes abundance of topics for conversation let it confine its passion for talking within its own precincts and rest assured that we shall pay no attention to any counsels but such as shall be framed within our own camp."

**QUESTIONS**

Q. May I have a Bond released so as to include the name of a coowner?  
A. Yes if the Bond is registered in your name alone, and if an excess holding does not result. The released Bond will bear the same issue date as the original Bond.

Q. May a creditor obtain information as to a debtor's ownership of War Savings Bonds?  
A. The Treasury gives no information about the holdings of any person in War Savings except to that person or to such persons as have clearly established a legal right to the information.

Q. What will the Government do with money I pay for my Bond?  
By G. Crockett.

A. Your money will be put to work at once to help the Nation's war program.

Q. When will I make my income tax report on the increase in the value of a War Savings Bond?  
A. You may do either. You may report the increase in value of a War Savings Bond on your income tax report each year that you hold the Bond, or you may wait until you redeem the Bond and then include the increase (the amount received over and above the price you paid for the Bond) as income for that taxable year.

**Remember**— the longer you keep War Bonds, up to 10 years, the more valuable they become.

# Do You Know That - - -

THAT Alcohol Beverages in Rowan County is controlled better than any other county in the state? with about all the dealers being in the city limits or near by.

THAT The Beverage Dealers are rendering the merchants a service they don't care to do themselves? by bringing people to town to spend their money. Under prohibition the merchants of Morehead will be the first to suffer thru the loss of business.

THAT The farmer has the best market built up in Morehead they ever enjoyed in their lives, and have been a life time building that market to where it is, only to have it wrecked by killing the "GOOSE THAT LAYS THE GOLDEN EGG" from no other cause than prohibition.

THAT The Beverage Dealers are responsible for this great market and increased business? put the Beverage Dealers out of business and you have about put the merchants out of business also.

THAT We are the center for the surrounding dry counties who came to Morehead to spend their money shopping and enjoy their favorite beverage and leaving countless dollars with our merchants, and the merchants in turn start that money circulating in your city. do you think the bootlegger can, or will, do so much? Not on your life.

THAT The Beverage dealers license and taxes go into the fund for the old age pension, the blind, and the school fund? several of our old age pensioners have had their pensions reduced right here in Morehead, the past month? this is happening all over the state because

of the loss of revenue brought about by so many counties going dry. No one else is going to contribute to the support of these good old souls, nor, will they, but will seek to take it from them.

THAT the city of Morehead is paying into the war effort every year the sum of approximately \$100,000 dollars thru revenue paid in by the beverage dealers in your city? that means more guns, ammunition, tanks, machine guns and countless other equipment needed by the boys in the firing line. Cut that off and of course the bootlegger will more than Well, we think it is high time you people likely did it for you. What do you think? who have boys or relatives on the front to wake up and try and do something for them instead of doing something that will deprive them of their so badly needed equipment. You had better do it if you want it done for the bootlegger will not do anything that will help them. THAT You had better get busy and see your neighbors and have them think this matter over and explain to them what we are doing for your boys at the front and for the community and you, and what it means to your business men of your city, and not do something you shouldn't do just because you want to vote for prohibition, that something you well know is a physical impossibility. To do so means you have done something that will only make matters worse. THAT One half of the people in your community becomes slaves to the other half and live and do what they want you to whether it suits you or not? It's pure selfishness on the part of those who desire to do such things. THINK IT OVER.

Would you like to carry home 300 POUNDS OF CANDLES?

YOU: What on earth for? What would I do with all those candles?

Why, they'd light your home for a month.

YOU: Light my home? But I've got electricity!

Yes, but if you didn't have it, you'd need about a quarter-ton of candles to do the same job.

YOU: A quarter-ton? That's a lot of candles!

It's a lot of money, too. It would cost you about \$200.

YOU: Now! I couldn't afford that. My monthly service bill now is only three dollars or so.

Well, that's just about average. But remember that only about 85c of it goes for light. The rest runs your radio, refrigerator and other appliances.

YOU: Say, electricity's pretty cheap when you come to think of it.

Yes! Cheaper than it's ever been. You're getting about twice as much electricity for your money today as you got nine years ago.

YOU: How can that be? My bill hasn't changed.

But think of the electric appliances you've added. Did you have an electric refrigerator?

SHUFF OUT THE AXIS BY BUYING BONDS!

YOU: No. Radio? Electric Mixer? Electric clock?

YOU: No . . . Say, how come I do get more electricity now?

That's easy. Experience—efficiency—sound business methods.

YOU: I don't get it.

It's simple. The electric companies under business management know their job. That job is to give you the best possible service at the lowest possible price. And they're doing it! Today—when most other prices have been going up.

ELECTRICITY is one necessity that is cheaper today than it was before Pearl Harbor. Our company is a business managed utility under Federal and State regulation.
