

## Eagles Close Successful Season With 11-0 Win Over Transy

Morehead's baseball Eagles clinched what Coach Stanley Radjumas has termed a "very successful season" by shutting out Transylvania 11-0 in last Saturday's home game.

This year's team, which Radjumas said he considers the "best in the history of the school," lost three of five recent conference games by one-run margins. "With the Ohio Valley Conference championship won by Western with a 9-4 victory over Eastern last Saturday at Richmond. The team, east and west division champs, split a pair of games last Thursday when the play-off opened. Morehead lost out on the eastern division title by dropping several one-hit margin games.

Just a bit more luck we would have had an exceptionally out-leading season," he said. The only opposing team which had the edge on the Eagles was the Eastern club, which squeezed out two victories by one-run margins. Over-all record for Morehead is ten wins and five losses. Radjumas commented especially

favorably on the playing of Joe Kinney whose hitting he termed the "best I've ever seen by a college player." Kinney got two hits for two official times at bat in Saturday's game, which gave him an even .300 for the season—23 hits in 45 times at bat. Kinney was also one of the team's three main pitchers; his season record is four wins, two defeats. Bill Goebels won three and lost none, and Irvin Spencer, who pitched the final game against Transylvania, evened up his record to 2-1.

With only three of the squad graduating this year, next season's prospects look very good. Radjumas said, provided Kinney can be replaced. The other seniors are Joe Corbett; Elmer Litala; Bill Goebels; and Harold Ratliff.

Saturday's game with Transylvania was the only shut-out of the season for the Eagles. Spencer's pitching, especially effective in the clutches, held Transy to only seven hits.

In other recent conference games Morehead bowed to Eastern 8-5 and 3-4 and to Marshall 6-5.

Final game of the season was played by the baseball Eagles last Saturday. Team members included (top row, left to right): Coach Stanley Radjumas, Bill Goebels, Woodrow Tolle, Joe Kinney, Irvin Spencer, Wendell Jones, Tom Kuback, and Bal Delonga. In the first row (l. to r.) are Clarence Schmitt, Joe Corbett, David Harris, Harold Ratliff, Paul Butcher, Bill Hance, and Arnold Henry, manager. Mascot is Radjumas son, Eddie.

## Breckinridge Teacher to Study In Mexico On Scholarship

Thelma Evans, second grade teacher at Breckinridge Training School, has received one of 12 scholarships to the Instituto Tecnológico y Estudios Superiores de Monterrey, Mexico, awarded annually by the Sears-Roebuck Foundation. The scholarship entitles Miss Evans to a seven-week course of study in Mexico.

Miss Evans will leave Lexington, Mo., and will return from Mexico August 27. Her summer study, which will entitle her to nine hours credit towards her doctor's degree, will be centered in field geography and will include field trips over various sections of northern and central Mexico.

Although the seven-week course is planned in advance, Evans still has time for recreation. Miss Evans said as the purpose of the scholarship is to promote better international un-

derstanding and relationships. Foreign students will be encouraged to take part in Mexican dances, hikes, and other amusements.

This will be Miss Evans' second time to visit Mexico. Last year she took a University of Kentucky travel course in geography which took her to such Mexican cities as Monterrey, Mexico City, Tuxtepec, Acapulco, Parícutin, and Aguascalientes.

Dr. J. R. Schweendeman, head of the department of geography at the University of Kentucky, and Jairo Viqueza, University of Monterrey, will be instructors for this summer's program. It was on recommendation of the geography department at Kentucky that Miss Evans received her scholarship.

Elsie Stevens will teach second grade at Breckinridge during Miss Evans' absence.

### Three Graduate Students Commended By Smallwood

Three of the college's graduate students who are also teachers at Morehead High School were commended by C. C. Smallwood, principal, at the high school commencement exercises last week. Mrs. Pearl Haggan, Beige Shipley, and William M. Martin were cited for bringing state honors to their school in the fields of drama and music.

## Morehead Track Team Enters Its First OVC Meet Saturday

Morehead's track team, coached by Nolan Fowler, wound up its program for the year Saturday when 11 boys, accompanied by Coach Fowler and manager Nick Merlino, took part in the Ohio Valley Conference meet at the University of Kentucky. The team showed a decided improvement in the conference meet over their performances in last Wednesday evening's intramural meet at Jayne Memorial Stadium. This is the college's first year to enter a team in OVC competition.

Although Morehead's entries took part in three events, Fowler credited his inexperienced first-year men with much potential ability. Conditions under which the boys prepared for and entered the conference meet were not considered the best. Besides having few experienced track men, Fowler was confronted with the problems of obtaining a regular practice field, getting boys interested in what is a relatively new idea, dealing with a minimum of equipment, and having no regular schedule of meets to offer his prospects.

Boys who were notable in the conference meet were Don Kardok, Ed Wells, and Jimmy Reed. Kardok tied with three men for second place in the high jump, coming under the winner's jump height by only one inch. He turned in a jump of 5 feet 7 inches, compared to 5 feet 8 inches by Eastern's Jim Bingham. In the discus throw, Kardok tied with a throw of 121 feet 4 3/8 inches against the winning throw of 131 feet 11 3/8 inches thrown by Joe Mittino of Murray.

Wells, who qualified for the finals in three events, the 220-yard run, the 100-yard dash, and the broad jump, failed to place in any, but came up with a close sixth in the 220. Another close miser was Reed, who ran sixth in the mile. The conference officials gave places to the best five in each event.

The conference title went to Tennessee Tech, whose entries won 14 of 24 events in all. Last Wednesday evening's intramural meet was reported as a Kardin in spite of three rain at the beginning of events. Due to the fact that track is relatively new here, participants were as numerous as 8-10 each in

Morehead's track team returned this week-end from the first conference meet ever entered by the college. Some of the team members are (top row, l. to r.): Jack Slattery, Ed Reed, Don Kardok, Bob DeLonga, and Jimmy Reed. In the front row are (l. to r.): Nick Merlino (manager), Ed Wells, Bobby Compton, Frank Taylor and Clayton Little. The team was coached by Nolan Fowler.

## Softball Tourney Finals Scheduled For Tomorrow

Because of the surprisingly large turn-out for men's intramural softball this year, an elimination tourney to determine the winning team is being held this week. The finals are scheduled for tomorrow night.

It was planned to designate the winning team on the basis of final standings. Coach Bob Laughlin said, but because so many teams participated they are "all tie-ups" and the elimination tournament was necessitated.

A total of 16 men in nine teams participated in the playing. Mr. Laughlin said, "There were so many boys who wanted to play," he said, "that we had a hard time finding openings."

### Isen, Elkins Capture Handball, Ping Pong Titles

Winners of the handball and table tennis ladder tournaments were announced by the physical education department. Glen Isen won over Nick Merlino in the handball finals, and Jack Elkins captured the table tennis title.

### Morehead Admitted To NCAA Membership

Morehead has been accepted into membership of the National Collegiate Athletic Association. It was announced recently that the college's membership will be effective with the start of the fall football season.

## Hunting, Fishing, Classes Share Sport Shop Owner's Interest

Come final exam week, and most students are willing to agree that college work is a full-time project.

To Jim Reynolds, however, it is but one of four major interests. Not only is he a senior with an area of concentration in biology, but he is owner of one of Morehead's Main Street business establishments—Jim's Sport Shop. He and his wife, Alice, operate the store, and it is the base of operations from which he rushes off several times a day books on campus.

The combination of business and student doesn't prevent Jim from enjoying hobbies, however. Like most sport shop owners, he likes the outdoors, and when classes and business don't interfere, is apt to be out hunting or fishing somewhere. He is, naturally, a trifle less busy at night, and when most people are sound asleep, Jim is often on a fishing trip.

This other interest, of course, is his family—Alice, and his two daughters, Mary, the older, is a senior, and Mary Ann, the younger, is a sophomore. How does Jim find time for them? Alice shares his love for fishing, and he has managed to make a fisherman out of Mary as well.

Both Alice and Jim have lived in Morehead all their lives. They are both graduates of Breckinridge Training School and, as well as Jim has been a student at the college. She has also attended Eastern School of Music in Rochester, N. Y., and the University of Cincinnati. Jim, a veteran of World War II, spent three years in the Air Force, and is serving Morehead under the G.I. Bill.

The sport store has been a family project for over five years. They have recently introduced a line of women's casual clothes and Alice takes care of that, while Jim is in charge of the sporting goods section.

Jim plans to graduate from Morehead next January. One

### Eight-Week Seminar Scheduled This Summer

A college credit seminar on Moral and Spiritual Values in Education will be offered during the eight-week summer term at Morehead State College.

For open house exhibits of the State Department of Education, according to Marjorie Palmquist, who will supervise the seminar work.

One of the special events planned for the seminar will be lectures by Dr. Clarence Linton of Columbia University, who will be working in connection with the Kentucky Committee on Moral and Spiritual Values in Education for several weeks this summer.

A similar seminar was held last year under the direction of Mrs. Pearl Haggan, Miss Palmquist said.

### Grade Teachers Needed

California towns and cities. Salaries \$3,000-\$6,000. Need high school as well as grade teachers for Texas, Arizona, New Mexico, Colorado, Oregon. Salaries \$3,000 to \$7,000. Especially need: Greek, Latin, Ed. Commerce, Music, Spanish, English, and Home Ecop.

TEACHERS SPECIALISTS BUREAU  
Boulder, Colorado

### WAR Drops First Softball Game To UK Team

The Morehead WRA softball team was defeated by the WAA group from the University of Kentucky in its opening game of the season Wednesday, May 14. The game, played on the Morehead field, ended up with a 27-5 score.

Pitching for the home team were Peggy Reynolds and Ann Williams. Others on the team were Bonnie Adkins, Kay Lockhart, Ann Ingram, Pat Glasgow, Kay Kegley, Glenna Thompson, Sally Staten, Martha Meyers, and Phyllis Ernst.

The Breckinridge Training School girls, coached by Bill Schender, also chalked up a win over the WRA, with a score of 15 to 11. The game was played Thursday afternoon. Pitching for the college team were Peggy Reynolds and Faith Sanford.

would suppose that he would be glad to finish up his studying days, so that he could finally relax a little—but Jim doesn't plan to leave Morehead until he has finished his education, and to get a master's degree at the University of Michigan.

Don't that mean, at least, that he will have to give up his sport shop? Jim says it doesn't, and that he plans to keep his Morehead business. Which means, perhaps, an even more hectic life in the future than in the past.

One consolation exists, however—there exist probably a good fishing spots between Kentucky and Michigan, and maybe Jim will be able to try out a few of them on his travels. And nights, when he's caught up on his studies at Ann Arbor—there's a good deer country in Michigan, and it's not more than 150 miles from the University. Not much of a distance for a man that doesn't require much sleep.

## Tentative List For Program Series Set Up

A tentative list of attractions has been drawn up by the community college committee which is planning a community Artists Series for next year. It was announced by chairman John H. Long of the college English department.

The suggested programs would be by the Longine Symphonette, the Louisville String Quartet, the Carolina Playmakers (a drama group which presented "Spring for Sure" here in April) and a hillbilly band, either Tennessee Ernie Ford or Red Foley. It is hoped to engage a demonstration square dance group to appear with the hillbilly band. Dr. Long said.

The program, Dr. Long pointed out, is designed to appeal to the entire community.

Tickets for the series are to be sold on a general admission basis for five dollars per person, or \$2.50 for a child's ticket. The next series will be reserved. General admission tickets for single performances will be sold for \$1.50 per person, with children's rates of 75 cents, of which 25 cents will be refunded to the school which the child attends.

Members of the planning committee include John Palmer of the Lee Clay products Co., representing the Morehead community; Legoy Well of the college music department; Dr. Long; and three students, Anna Louise Edwards, Jim Andy Caudill, and Bill Boy.

## Crawford Awarded Scholarship For Graduate Work In Florida

Harlan Crawford, graduating senior, has received a graduate scholarship award from Stetson University in DeLand, Fla. It was earned last week. He will do his graduate work in the field of literature, specializing in modern fiction.

Mr. Crawford, who is from Nashville, Ky., majored in English and history at Morehead. During his college career here, he has been a member of the Beta Beta Beta Club, Beta Chi Gamma, the Phi Kappa Phi, the Coffee Club, and Kappa Delta Phi.

He selected the Stetson award from several others for graduate work.

After graduation, Mr. Crawford will be employed by Frigidair in DeLand, Fla. He will return to Morehead for his marriage to Melba Howard, a senior student here. From Morehead, where he will begin his graduate work, and will be enrolled in his senior year of undergraduate study.

## Morehead Plays To Be Represented In Theater Library

Copies of programs and pictures of all Morehead Players' productions will be placed from now on in the theater collection of the New York Public Library, which was learned recently. The library, largest of its kind in the country, is known as the American National Theater Collection and is considered an honor for theater groups to be represented in the collection.

The request for theater material from Morehead was received by W. P. Covington, drama program, from George Needley, curator of the collection. Mr. Needley is drama critic for the New York Morning Telegraph, and is now on the staff of the New York City Herald. He is also secretary of the American National Theater Collection.

A copy of the typed script of "The Red Rover," which was given its premiere production here this month, will be sent to the library along with the other program copies and pictures.

## Series of 19 Evening Programs Scheduled For June And July

### Concerts, Plays, Lectures, Shows To Be Offered

A series of evening lectures, concerts, and entertainments have been planned for the months of June and July as part of the college's extensive program of summer activities. The programs, which will be open to the public and most of which will be free of charge, are scheduled for two or three evenings each week during the summer term.

The opening lecture of the series will be given Wednesday evening, June 4, by Rev. Miller Dungan, pastor of the Morehead Christian Church. His topic will be "The Point Four Program." The following evening Dr. Robert F. Hansen, co-ordinator of the Division of the State Department of Health, will talk on "Public Health in Kentucky."

**To Discuss India**

A native of India, Pasupathi Krishnamurti, will speak on "India and the Cold War" on Monday, June 9. Mr. Krishnamurti, now of New York City, has been in the United States for about ten years, lecturing on conditions in his native country.

A lecture on "Inside Ancient Egypt" by Dr. Henry Carey, professor of history and economics at Morehead, will be given Wednesday, June 11.

A lecture on "The Teaching of Science in Elementary Schools" will be discussed by Dr. H. A. Webb of George Peabody College, Nashville, Tenn., on Thursday evening, June 12. Dr. Webb will be on campus to participate in the Workshop for Teachers of Elementary Science, to be held June 2 to 4.

A visiting summer term faculty member, Elizabeth Sutton, will lecture on "The County System" on Wednesday evening, June 18. Miss Sutton, supervisor of Breathitt County Schools in Jackson, Ky., will teach courses in Teaching of Arithmetic and Teaching of Reading during the short term of the summer session.

## Woman's Club Awards Scholarship

Recipient of the first scholarship awarded by the Morehead Woman's Club is John Vernon Stamper, a Morehead High School graduate of this year who will enter the college in September. Awarding \$100 scholarship is Mrs. E. E. Ratini, 1931-32 president of the club. Mr. Stamper, son of Mr. and Mrs. Hollie Stamper of Clearfield, Ky., is 15 years old. His favorite school subject is mathematics and his main extracurricular and leisure activities are football, basketball, and baseball. The new scholarship, which the club hopes to award annually, is financed from proceeds from the children's theater project. Only Rowan County boys and girls are eligible for the award.

Another visiting faculty member in the Department of Education will speak the following evening. He is Norman Tamm, principal of Church Street School in Monroe, Ga., who will discuss "Audio-Visual Materials, Problems and Answers."

**Break Students To Give Play**

Breckinridge Training School seventh and eighth grade students, under the direction of Thomas Young of the college art department, will present "Macbeth" on Monday evening, June 23. Admission of 50 cents for adults and 25 cents for children will be charged for the play.

Siemus McManus, Irish writer who is currently on a lecture tour of the United States, will speak on Tuesday evening, June 24. His exact topic has not been announced.

A marionette play will be offered the following Wednesday evening by the Coffey-Miller Pedal Marionettes, a husband-and-wife team from Chicago. The play will be "Sheridan's 'The Rivals'" and is intended for adults.

A performance of "Alibaba and the Forty Thieves" will be presented for children that afternoon.

On Thursday, June 26, a talk on "Moral and Religion in Education" will be given by Dr. W. P. Covington, now of New York City, who is currently on a lecture tour of the United States.

On Friday, June 27, a talk on "The Modern Novel" on Thursday, July 17. Dr. Summers has published short stories and two novels, including "Tap" for Private Tussle.

A Cleveland, Ohio poet, Collier Hutchinson, will read poems from her volume, "Toward Daybreak," on Wednesday, July 23. Miss Hutchinson was in Morehead for a short time last year to discuss her poetry with student writers on campus, and to read some of her poems to a small group.

All these special summer term programs are scheduled to begin at 7 p. m. except for the plays and the piano-violin concert (which will be held in the auditorium) they will be given in the college Art Gallery.

**Piano-Violin Concert Planned**

Carl Fuerstner, pianist, and Thomas Stone, violinist, will present a concert on Wednesday evening, July 9. Mr. Stone is a

member of the Eastern State College Department of Music; Mr. Fuerstner, a professional concert pianist, will be at Morehead for a week this summer and will accompany Mr. Stone to Morehead for their joint appearance here.

Lecture on "Music and Therapy" will be given the following evening by Walter Hall of Lexington. Mr. Hall will be at Morehead this summer as associate director for the college's annual Band Camp or high school students. An outdoor concert by the Band Camp members will be given Wednesday evening, July 16, under the direction of Karl Nickamp, this year's Band Camp director.

A puppet show by Thomas Young of the college art department is scheduled for Monday, July 14.

**Three Writers To Lecture**

To conclude the summer term program, a series of three talks will be given by professional writers who will be on campus during the two-week Writers' Workshop in July. Hollis Summers, professor of creative writing at the University of Kentucky, will talk on "The Modern Novel" on Thursday, July 17. Dr. Summers has published short stories and two novels, including "Tap" for Private Tussle.

Jesse Stuart, well-known Kentucky writer, will speak on "Why Write a Novel" on Monday, July 21. Mr. Stuart is author of numerous short stories, poems and novels, including "Tap" for Private Tussle.

A Cleveland, Ohio poet, Collier Hutchinson, will read poems from her volume, "Toward Daybreak," on Wednesday, July 23. Miss Hutchinson was in Morehead for a short time last year to discuss her poetry with student writers on campus, and to read some of her poems to a small group.

All these special summer term programs are scheduled to begin at 7 p. m. except for the plays and the piano-violin concert (which will be held in the auditorium) they will be given in the college Art Gallery.

Members of the home economics class in Child Development were entertained at a tea by Mrs. W. P. Covington and Mrs. A. C. Fannin on Monday afternoon, May 19, at Mrs. Covington's home. The class had just completed work in a four-week Nursery School conducted by the children of the hostesses.

The Nursery School, the purpose of which was to give students an opportunity to observe and work with small children, was begun April 22 and continued twice a week for the four weeks. About ten children four and five years of age attended. At the first session of the school, held in the Home Economics Department, the children had a party with refreshments of cakes and peanut butter cookies which they molded themselves.

Students in the Child Development class, taught by Mary Schuster, are Mary Lee Lacy, Geraldine Conrad, Lella Clark, Geneva Bryant, Mary Elizabeth Bailey, Louise Stafford, and Billie Jo Miller.

**Overstreet Elected KEA Department Head**

Paul Overstreet, assistant professor of physics and mathematics, was recently elected president of the Kentucky Association of Physics Teachers, a department of the Kentucky Education Association.

## Kenneth Muse Accepts Job With Phillips Chemical Co.

Kenneth M. Muse, graduating senior with majors in chemistry and biology, has recently accepted employment with the Phillips Chemical Company of Bartlesville, Okla. Mr. Muse will begin work early in June at the company's Plains Plant near Borger, Tex.

Mr. Muse is a member of the Phi Kappa Phi Honor Society and has been employed approximately 1300 employees in the manufacture of butadiene and synthetic rubber. As a new technical employee, Mr. Muse will begin work in all phases of plant operation and maintenance in an informal on-the-job training program that calls for rotation of work assignments through the various sections of the plant. This program, supervised by more experienced technical supervising, will give Mr. Muse a working knowledge of the plant and prepare him for advancement according to company personnel.

During his senior year at Morehead, Mr. Muse served as chairman of the Morehead State College Chapter of the Student Art Society, vice-president of Mu Phi, and secretary-treasurer of Beta Chi Gamma. He is listed in "American College Student Leaders for 1935" and is a member of the Kentucky Academy of Science, the American Chemical Society, and the American Legion.

Mr. Muse is the son of Mr. and Mrs. Owen Muse, Route 1, Flemingburg, Ky. He is a member of World War II, having served in the United States Army as a Sergeant in the 7th Engineer Construction Battalion, and later in the Aviation Cadet Pilot at Randolph Field, Texas.

## Child Development Class Entertained At Tea Monday

Members of the home economics class in Child Development were entertained at a tea by Mrs. W. P. Covington and Mrs. A. C. Fannin on Monday afternoon, May 19, at Mrs. Covington's home. The class had just completed work in a four-week Nursery School conducted by the children of the hostesses.

## 20 MSC Students To Be Included In Honor Volume

All 20 students recommended by the Student Council for listing in a new publication, "American College Student Leaders," will be included in the volume, according to a recent announcement from the publishers.

The 1935 edition of the book will list outstanding leaders from over 1000 colleges throughout the country. Purpose of the book is "to give recognition of achievement to those students who have contributed notably to the college or university by their academic, athletic, or extracurricular activities." The volume is to be published in July by Leader Publications of California, and will sell for \$7.50.

Morehead students who will be listed in this year's edition are: Dave Adams, Charles T. Apte, Eugene Bailey, Willis Conley, Joe Corbett, Ray Hammock, Jesse Hodge, Betty Holloway, Glen Ison, Joan Kugley, Elwood Koe, Billie K. Miller, Sammy Perkins, Peggy Reynolds, Marvin Ramsberger, Don Sam Thompson, Stanley Wheeler, and Alice Williams.

**Wesley Speaks At State Science Academy Meeting**

Dr. William B. Wesley, professor of biology, was one of the speakers at the annual spring meeting of the Kentucky Academy of Science held May 9 and 10 at Mammoth Cave. Approximately 150 science professors from colleges and universities throughout the state attended the meeting.

Dr. Wesley's talk was on the search personnel from colleges and industrial concerns, attended the meeting.

## 20 MSC Students To Be Included In Honor Volume

All 20 students recommended by the Student Council for listing in a new publication, "American College Student Leaders," will be included in the volume, according to a recent announcement from the publishers.

The 1935 edition of the book will list outstanding leaders from over 1000 colleges throughout the country. Purpose of the book is "to give recognition of achievement to those students who have contributed notably to the college or university by their academic, athletic, or extracurricular activities." The volume is to be published in July by Leader Publications of California, and will sell for \$7.50.

Morehead students who will be listed in this year's edition are: Dave Adams, Charles T. Apte, Eugene Bailey, Willis Conley, Joe Corbett, Ray Hammock, Jesse Hodge, Betty Holloway, Glen Ison, Joan Kugley, Elwood Koe, Billie K. Miller, Sammy Perkins, Peggy Reynolds, Marvin Ramsberger, Don Sam Thompson, Stanley Wheeler, and Alice Williams.

**Wesley Speaks At State Science Academy Meeting**

Dr. William B. Wesley, professor of biology, was one of the speakers at the annual spring meeting of the Kentucky Academy of Science held May 9 and 10 at Mammoth Cave. Approximately 150 science professors from colleges and universities throughout the state attended the meeting.
