Dear Dr. Dobranski:

On behalf of the Board of Regents, I want to express my appreciation for the ongoing and collegial discussions between the Board and the Faculty Senate regarding PAc-26. Together, we have made significant progress in finding common ground up to this point in the revision process. I am aware however, that all matters of disagreement have not been reconciled and additional work remains on certain fundamental elements of the proposed revised PAc-26.

I, along with my fellow Board members, desire to continue exploring ways in which we can find agreement regarding those elements of the revised PAc-26 about which we differ. Toward this goal, I propose that we continue in discussion regarding PAc-26 and that the Board postpone action on PAc-26 pending further negotiation. More specifically, I also propose that the current revision of PAc-26 be remanded back to the administration, and that the Faculty Senate and administration assemble reconciliation teams that will meet to work through the continued areas of disagreement. I will remain involved in the process to allow for continued Board engagement.

To summarize, the Board agrees to postpone action on PAc-26, until further notice, to ensure the administration and Faculty Senate reconciliation teams have sufficient and ample opportunity to negotiate the remaining areas of disagreement regarding PAc-26.

Thank you for your consideration and I look forward to your response.

Sincerely,
