September 26 Employee Livestream Presentation Posted:

Our apologies for the employee livestream hiccups a few days. We had some tech issues in the ADUC theater and were not able to deliver the usual stream. To disseminate the information on employee health insurance for 2024, compensation increases, and other information, we have posted the presentation in your mymoreheadstate portal for you to click through.

2024 Employee Health Care:

Open enrollment is October 9-20, and the Benefits and Wellness Fair is scheduled for October 10 from 10-2 pm in the ADUC ballroom(s). Employee health care premiums will go up about \$216 starting January 1, but once again the University is going to cover the cost of the increase. We have been covering the cost of the increase in health care for the past few years.

Employee Compensation Raises:

Please review the powerpoint within your mymoreheadstate portal for more information on employee compensation raises to begin in mid-October.

Many thanks to everyone!
