

ENROLLMENT SOARS UPWARD

Jayne And Collis Named By MSC Alumni

Two Morehead residents have been re-elected to offices in the Morehead State College Alumni Association and ten Rowan Countyans have been elected to the organization's Executive Council. It was announced last week following was by mail.

Re-elected to offices in the association were Fola Hayes, Lexington, president; Mrs. Mary Anne Jayne, Morehead, vice-president; and John Collis, Morehead, secretary-treasurer. These officers will serve one-year terms beginning Spring Commencement Week in May.

A total of 15 Executive Council members were chosen for two-year terms by alumni in odd-year graduating classes. Those from Morehead are: Mrs. Henry Haggen, class of 1931; John Caudill, 1933; Marguerite Bishop, 1935; Mrs. Roy Cornette, 1939; Mrs. Eunice Cecil, 1941; Keith Huffman, 1943; Mrs. Mary Ella Lappin Wells, 1945; Ward Williams, 1947; and James O. Batts, 1951.

Others elected are: Russell Williamson, Inez, 1957; Mrs. Steve Hook, Augusta, 1959; Fred Caudill, Fern Creek, 1957; Cliff Ford Casaday, Haldeman, 1949; Lorraine Criswell, Grayson, 1953; and Mrs. Joan Ingram Crawford, Mt. Sterling, 1955.

Special Notice To Alumni

In accordance with the constitution of the Morehead State College Alumni Association, as soon as address files can be revised, the Trail Blazer will be mailed only to active members or associate members of the Alumni Association. The Trail Blazer is an organ of college news to those who are actively interested in the College or its Alumni Association.

If you desire to continue to receive The Trail Blazer and are not a paid-up member or associate member of the Alumni Association, you may become active by paying \$2.00 dues for the 1955-56 fiscal year. Membership in the Alumni Association is open to all who have received a degree from Morehead State College; associate membership is open to former students who have not received a degree from Morehead State College. Mail your dues, stating the type membership desired with full name and address to: Alumni Association, Morehead State College, Morehead, Kentucky.

We sincerely hope you will find it desirable to become active in your association in whatever capacity you can and that you may give even more constructive participation in the development of our College.

John Collis, Executive Secretary

Alumni Have New Baby Boy

Mr. and Mrs. Joseph Corbett of Columbus, O., proudly announce the birth of their first child, a boy, who was born to them on Saturday, Jan. 7. The baby weighed eight pounds, nine ounces at birth and has been named Timothy Michael.

Mrs. Corbett, a graduate of Morehead State College, is the former Miss Cozette Phillips. Mr. Corbett, also a Morehead College graduate, is a teacher and coach in the Columbus schools.

Henry Glover Accepted As Art Teacher

Mr. Henry Glover, graduate of Morehead State College, who received his Master's degree in 1953, has been accepted to teach art in one of the largest high schools in Cincinnati. His salary is one that indicates teaching art is a very desirable field.

Mr. Glover is the son of Mr.

Last week Steve Hamilton, President of the Student Council, officially broke ground to commence the construction of the Doran Student House. Soon after he finished his task, two bulldozers and a ditching machine moved in and took over. Rapid progress is observable. The Doran Student House, so named by the Board of Regents over President Doran's protests, will become the center of student social life upon completion about this time next year. The post office, bookstore, cafeteria, grill and many other facilities variously disposed here and there on the campus will be brought together in this modern new building. Left to right, above, are: Dean Roger L. Wilson, Steve Hamilton, President Doran, Superintendent of Buildings and Grounds Henss Rice and Mr. Arce, Superintendent of Construction.

and Mrs. Henry Glover, Sr., of Morehead. He has won prizes for his art, and is recognized as a Kentucky painter.

While in college, he was president of the Beaux Arts Club for two consecutive terms, and took

an active part in all art activities.

He has been in the service doing work with the CIC (Counter Intelligence Corps) in Baltimore, Md. He went into the service in 1953, and because of excellent

work, and because he is going into the education field, he was released three months early.

Mr. Glover has, also, a Commerce Major, and did his practice teaching in Commerce at the Morehead High School.

Is Fifth Consecutive Gain In Registration

Fifteen Complete Degrees

Fifteen students completed the requirements for degrees at the end of the first semester. They will actually receive their degrees at the spring convocation. Their names, addresses and major fields are as follows:

- Charles Bowers, El Paso, Ill., B.S., Mathematics and Physics.
- Ralph M. Canney, Frenchburg, B.S., Commerce, Business Administration.
- Robert L. Connors, Estill, A.B., Social Science.
- Edith Cornett, Gilley, A.B., Economics and Sociology, Agriculture.
- Jack Chandler Cornett, Hindman, A.B., Commerce, Economics and Sociology.
- Herbert W. French, 812 23th Street, Ashland, B.S., Biology and Chemistry.
- Alonzo Gene Kitchen, Blaine, B.S., Biology and Chemistry.
- James Randolph Mann, Scranton, A.B., Economics and Sociology.
- Ruth Marion Mann, Scranton, B.S., Commerce (Teh).
- Harley Howard Powell, Crest-

By Eugene Hamilton

A record-breaking total of approximately 1,050 students have enrolled so far for the second semester here at Morehead State College. As the Trail Blazer went to press, the deadline for registration had not passed in all classes, and consequently, the registration figures were not complete.

As more figures kept coming in, educated guesses placed the final figures at about 1,100. At the same time last year the registration figures had only reached 927. This year's figures thus show a healthy gain so far of over 100 above last year's second semester.

The spring term enrollment is yet to come. Last year's spring term enrollment added 61 students to the registration list. This year's spring term enrollment should at least equal that figure.

An added reason for an even bigger enrollment for this spring term is the Minimum Foundation Program which is now expected to be fully financed and which puts a premium on college credits and degrees.

The total registration for the first semester of this year was 1,000. The long range projection of enrollment trends in college enrollment on a national basis indicates that the enrollment here at Morehead might exceed 1,500 within the next few years.

Together We Live, Work And Play At Beautiful Morehead State College

Commercial Ed. Departmental Offerings Told

The aims of the Department of Commerce and Business Administration are to prepare students for the following occupations: (1) teachers of business subjects; (2) owners and managers of business enterprises; and (3) office and selling occupations, such as typists, stenographers, secretaries, clerks, salesmen, bookkeepers, and accountants. The Department also aids in providing a type of education, regardless of vocational choice, that is desirable and useful in everyday living.

Programs in business education offered by the Department are:

Four-year course for business teachers. This curriculum fulfills the requirements for the Bachelor's degree and the provisional high school certificate. Students who follow this program can major in either accounting, secretarial science, general business or select an area of concentration that includes all of the three subject-matter fields. This program also provides for background courses in the social sciences, mathematics, science, English, etc.

Four-year course in business administration, leading to a Bachelor's degree without a teacher's certificate. This curriculum prepares individuals for various occupations in business, such as owner, business manager, purchasing agent, etc. Background courses in the social sciences, mathematics, science, English, etc., are also provided.

One-year and two-year secretarial and clerical programs. Both programs are for students who desire to prepare for office occupations. Special emphasis is given to typewriting, shorthand, business English, business arithmetic, accounting, filing, adding machines, and office practice. All courses are on the college level and carry full college credit.

Classroom at Morehead is well equipped. The Department has over 50 typewriters, both manual and electric; duplicating machines, such as the Mimeograph and Ditto; an Elliott adding machine; Dictaphone and Sound-Recorder dictating and transcribing units; filing equipment; ten-key and full-board adding machines; and key-driven and rotary calculators.

Beginning classes in a number of business subjects will be scheduled for the summer term which begins on June 11.

Dr. Rader Attends Frankfort UN Meet

Dr. Clifford B. Rader represented Morehead State College at a meeting in Frankfort, Ky., Feb. 4, to organize a Kentucky Chapter of the American Association for the United Nations Organization. The meeting was attended by representatives of several colleges.

The purpose of the newly formed organization is to promote a greater understanding of the United Nations Organization. It is not designed to promote the U. N. as such but to help in the understanding of the U. N. and to create interest in issues and problems as they come before the U. N.

Plans are underway to have a state meeting in two or three months at which one of the major problems confronting the U. N. will be discussed.

Speakers and date for the meeting are to be determined later.

Home Economics Center Sports New Equipment

One of the newest features on the campus this semester is the remodeled Home Economics Department. The department's remodeled rooms include an up-to-date living room, dining room and food laboratory.

The living room is equipped with easy chairs, upholstered with colorful fabrics. There are matching couches which add comfort as well as attractiveness. This dining room is a lounge for the instructors and students. The furniture was chosen by the Home Furnishings Class with the assistance of Miss Patti Bolin, head of the department.

The dining room, situated next to the lounge, is equipped with modern, natural-finished chairs, table and china cabinets. This room is used for formal meals served by the student. Floor covering is marbled asbestos tile.

Through the folding door from the dining room is the well-equipped food laboratory. The lab is made up of four complete

Home Ec Club Offers Many Opportunities

By Carolyn Centers

The Home Economics Club is organized primarily for Vocational Home Economics majors and others interested in Home Economics. It provides opportunity for professional, civic, and social activities.

The club has an annual formal invitation each year for new members. The members of the club now are: Barbara Allen, Virginia Anglin, Dean Bowen, Ind Carey, Lillian Burris, Marietta Caudill, Carolyn Centers, Sally Cornette, Wilma Davis, Marilyn Gray, Eugenia Hatten, Daisy Lee Holbrook, Francis Howland, Joyce Johnson, Belva Manley, Jewettie Munn, Carolyn Kay Eleanor Rice, Ruth Lane Roush, Mary Louise Sexton, Ottolena Tulliver, Tamara Shay, Ollie Marie Nickell, Bonnie Shiverdecker, Gloria Crisp, Mary Mulder, Delores Mullins, Helen Reed, Jeweldene Williams, Eldene Kennedy, Phyllis Bowling, Wenonah Bradford.

Betty Roberts, Martha Freeback, Ina Mae Daily, Martha Arnett, Ivetta Reddy, Betty Wheeler, Lee Burton, Sara Roberts, Joyce Muse Aubrey, Letitia Tyler Young, Phyllis Daniel, Jean Bogg, Thelma Munn, and Eva L. Bogg.

The Home Economics Club is a very active organization. So far this year the club has given a number of banquets and a student dinner, serving the Kappa Delta Pi banquet, and serving sandwiches to classes at various times.

Coleman To Lead Baptists

By Patzy Taylor

The Baptist Student Union has elected as its new president Jim Coleman, a junior from Morehead. Jim, who majors in Business Administration, is replacing Ramona Reynolds, who transferred from Morehead this semester.

Jim, a conscientious Christian and faithful BSU church worker, is well liked by all students on the campus. He is a member of the Student Council and the Junior Chamber of Commerce of Morehead, and the Lions Club Quartet, and we're proud to have him to lead the BSU in its work on the MSC campus.

The BSU is proudly introducing a new member of its council. He's a well-liked guy on the campus who hails from Wheelersburg, Ky.; namely, Tom Spradlin. Tom, a sophomore football player and major in industrial arts and math, is our new first vice president. We're glad to have Tom assume this place of leadership on our BSU Council.

Home Economics Center Sports New Equipment

kitchens equipped with many modern conveniences. The color scheme is bittersweet and yellow combined with powder blue.

Wall and base cabinets are arranged around the walls of the room. Each kitchen unit is also equipped with a pushbutton electric range and a sink, both with porcelain enamel finish.

Roomy refrigerators, that have a freezing compartment in the bottom, are shared by two kitchens. Two disposal units are installed in this four-kitchen unit along with two dishwashers.

Also in the lab is a new automatic washer and a breakfast bar. There is also a roller-type ironer which starts and stops with a touch of the foot on the pedal.

Four new dinette sets are located in the center of the room. They are of a natural finish with metal legs. The chairs are of molded contour. These tables are used for class work-space and for occasional informal meals. The department is open at any time to visitors.

A group of students get out the student newspaper once every 4 weeks. The activity is voluntary and offers an opportunity for students interested in writing to try their contributions printed. The night the picture was made, not all of the regular staff members could get together, since Morehead is a busy place. (Back row) Barbara Hensley, Jim Rowland, Roselyn Renfro, Eugene Hamilton, Leslie Daily, Ina Carey, Harry Gillespie, Sports Editor; Emily Morgan, Editor; Shirley Pannin, Advertising Manager; (Front row) Begie Breeding, Jeri Crawford, Ron Rogers. (Not pictured) Richard Burns, John Haug, Ina Kay Adams, Betty Cooper, Jane Carver, Milda Lou Preston, Dr. Norman Tant, Faculty Adviser, was not present when the picture was made.

KaDelPhians Extend Welcome To Fifteen New Members Feb. 6

The word "impressive" describes the lovely initiation and banquet programs of the Epaulon Theta Chapter of Kappa Delta Pi in its monthly meeting, Monday evening, Feb. 6, in the Home Economics Department, Morehead State College.

The theme "The What and Why of Kappa Delta Pi," presented in panel style by James Williams, president; Phyllis Woods, secretary; Don Holloway, treasurer; and Mrs. Hazel Whitaker, counselor, disclosed the purposes of Kappa Delta Pi to encourage high professional, intellectual, and personal standards and to recognize outstanding contributions to education.

Students of junior, senior and graduate ranks and faculty members as have exhibited commendable personal qualities worthy educational ideals, and sound scholarship were honored at this meeting by being welcomed into this professional society.

Members initiated were: Ina Kay Adams, Jenkins; Peggy Jean Bowen, Carr Creek; Lillian Burris, Vanceburg; Marion Coleman, Newport; Nancy Combs, Newport; Pat Johnson, Edgerton, O.; Sara Glenn Lane, Morehead; Lucille Mayhall, Morehead; Shirley Potter, Raceland; Forest Tackett, Virgie; Mrs. Helen Sakins, Quincey; Otis Murry, Mt. Sterling; Mrs. Blanche Walt, Morehead; Mrs. Pearl Haggan, Morehead; and George T. Young, Morehead.

Sophomore students with high scholarship records initiated to membership as pledges were: Frank Bryson, Mary Louise Jamerson, Ashland; and Noah Logan, Fitch, Ky.

Kappa Delta Pi as an Honor Society in Education, enables its members to maintain a high degree of professional fellowship.

Students Agree On New Method For Registration Day

By Betty Cooper

The students of Morehead State College agree that Jan. 31 and Feb. 1 were remarkable days for the students who registered for college subjects. Did anyone ever think that registration could be that fast?

Before registration day the students were saying what a horrible day was waiting for us. The freshmen were "shaking" of the upper classes who would also be registering with us and how we would have to go to the auditorium so early in the morning in order to be the first to register. We were thinking how early we had gotten up last registration day, some of us before dawn, and how we stood in line for hours. We knew it was a day of torture last semester and we were thinking ahead to this next registration, which we believed would be more terrible. But we were wrong and of the comments from the students these were the

most often expressed: "Registration day was the best we have had yet and we should always use this method." "I liked this registration day because we didn't have to stand in line all day and we didn't have too much trouble registering for the courses we wanted." "Last semester's registration was, 'Meet the Mob Day,' and this semester it was, 'Do it yourself plan.'"

To the faculty members and Student Council who put this new method of registration day into effect, the students say, "Thanks to each and every one of you."

TAX FRAUD CONVICTIONS

A total of 1,641 persons were convicted of income tax fraud in the three-year-period from January, 1953 and exceeded by more than 100 the total of tax convictions for similar tax offenses in the four-year period 1949-1952.

"Ulysses" Starts Tomorrow Night At Trail Theatre

"Ulysses", the new movie starring Kirk Douglas, will be presented at the Trail Theatre on Wednesday and Thursday nights, Feb. 15 and 16. The film is the fourth in the series of notable movies sponsored by the English Department of Morehead State College. Kirk Douglas plays the part of Ulysses (or to use his Greek name, Odysseus) in this latest version of Homer's adventurous account of the homeward journey of Odysseus from the siege and destruction of Troy which ended the Trojan War.

Freshmen should be particularly interested in the movie, as they are currently reading Homer's original story. The version is based on Dr. Long remarked, "Our students will have a chance to know the story in both literary and dramatic form and can thus see demonstrated the advantages and disadvantages of both forms." When asked his advance opinion of the film, Dr. Long declined to comment. "I haven't seen the movie," he explained, "besides, we don't select the films just because we in the English Department like them. We pick them on the basis of the pertinence of the films to subjects being studied by the students. In this way, the student knows something about the subject before he sees the movie, and can judge for himself whether the movie is good or poor."

"Ulysses" will be presented at the usual evening showings each week. Students will be admitted at the usual student rate upon presentation of their identification cards.

Arlis Wheeler In Chemical Research

Arlis W. Wheeler of Trotwood, O., has become a member of the chemical research department of Monsanto Chemical Company's Research and Engineering Division at Dayton, O., it was announced recently.

Wheeler is a native of Elk Fork, Ky. He holds a bachelor's degree with majors in biology and chemistry from Morehead State College, awarded in 1950, and received his M.A. degree in education from the same college in 1955. For the past four months, he has been employed by the Trotwood Board of Education.

Dr. Doran Is KEA Director

The Delegates Assembly of the Eastern Kentucky Education Association has announced the appointment of Dr. Adron Doran, Morehead president, as a member of the Kentucky Education Association's Board of Directors.

Dr. Doran, immediate past president of the KEA, also served as president of the KEA in 1946. Dr. Doran has previously served on the Board of Directors as representative of the First District Association.

Agriculture Offerings Are Varied

The department of agriculture offers a two year program that can be applied to a degree in agriculture in the fulfilling of the requirements of becoming a teacher of vocational agriculture. Many of our former students, doing their first two years in agriculture at Morehead now hold responsible positions in various fields of agricultural work after having received their degree in agriculture. A number of men are on the teaching staffs of large universities, while others occupy responsible positions as county agricultural agents, vocational agriculture teachers, soil conservationists, field representatives of dairy organizations, operators of stores for cooperatives, and many other fields of work.

Besides the above work, it is possible for a student to take an academic major or a minor in agriculture applicable to the A.B. and B.S. degree with the Provisional High School Certificate.

The objectives of the department of agriculture are as follows: To give a basic foundation in a two year program leading to a degree in agriculture. To prepare students for agricultural positions in industry. To develop a greater appreciation of a rural way of life that leads to a higher standard of living. To develop leaders for community service. The Agriculture Club is open to students of agriculture and to those interested in the development of rural areas. Much of the landscaping on the campus and in the community has been done through the efforts of this organization. Among the community services performed for others, a number of churches, parsonages, and school houses have been landscaped. The outstanding objectives of the Club are community service and the development of rural leadership.

Prominent visitors come to the campus at frequent intervals during the school year. Pictured above is Jean Rogers visiting intercultural relationships with Mr. Willie Walsh, acting French Consul for the State of Kentucky, when he visited the language department last fall.

The Home Economics Department at Morehead State College has recently been completely modernized. Miss Lillian Burris and Mrs. Mack Lynn are shown operating a new electric ironer. Training in the Home Economics Department can lead to a career in teaching or homemaking.

Kappa Mu Elects New Officers

By Lucille Mayhall
The Kappa Mu commerce club met at 6 o'clock Feb. 7. The meeting was called to order by Raleigh Chadwick, the president. Officers were elected for this semester as follows:
President—Charlie Williamson.
Vice-president—Raleigh Chadwick.
Secretary—Ina Kay Adams.
Treasurer—Norma Jo Cross.
Reporter—Lucille Mayhall.
Fees of 50 cents were collected by the newly-elected treasurer. All members are urged to pay their dues as soon as possible.

Wives usually tell everything they know about their husbands because too many of them know nothing else.

Home Ec Club Has Featured Many Recent Activities

Manuscript Deadline Is March 1

A March 1 deadline for submission of manuscripts for the second volume of Kentucky Writing was announced this week by Dr. James R. McConkey, English professor at Morehead State College and editor of the anthology.

The paper-back volume, to be published by Morehead State College, will include short fiction, poetry and essays, and will be sold in book stores and drug stores throughout the state, Dr. McConkey said. The first issue, published in 1954, was a sell-out and a larger printing is planned for the forthcoming volume.

Manuscripts from any Kentucky writer, professional or unpublished, will be carefully considered, Dr. McConkey said. Only restriction is that essays should be concerned in some way with Kentucky or Kentuckians; there are no restrictions on subject-matter of fiction or poetry.

"Material to be published will not be selected on the basis of complexity or any particular view about life or literature," he said. "We shall choose those manuscripts which we feel show originality and which best accomplish whatever it was the author set out to do. We are not interested in the so-called 'formula' story or in the 'poesy' type of verse."

Contributors to the first issue of Kentucky Writing included a number of writers who attended the annual summer Writers' Workshop at Morehead State College. Well-known Kentucky authors who were represented in the anthology include Jesse Stuart, Hollis Summers, Janice Holt Giles and Joe Creason.

A one-track mind is not a handicap if you are not the right track.

Good Time Had By All Is Verdict After Reception

Music, dancing and special entertainment were highlights of the President's Reception held Jan. 31 from 7:30 to 10 o'clock in the Baird Music Building.

Students attending the reception were greeted at the door by President and Mrs. Doran.

Music selections were provided by the combined efforts of Mrs. Doran at the organ and Tom Young at the piano.

Acts from the minstrel show given earlier in the year at Breckinridge Training School were also included in the program. Don Holloway served as master of ceremonies.

The college orchestra provided music for dancing and refreshments were served.

The large gathering of faculty members and students "fraternized" in small conversational

groups around the spacious hall. Frequent trips to a seemingly inexhaustible punch bowl presided over by relays of "faculty" ladies served to keep "whistles" wet and the cookies and sweets served as fuel for the energetic bunny hops which periodically halted the more sedate waltzes and the frenetic jitterbugs.

The annual President's Reception gives students a chance to pick up some social savoir faire. Only with such practice can one overcome the dreadful feeling that, after all, he might actually have two left feet.

The college orchestra blew hot and the students termed it cool. The caliber of their offerings surprised many who had danced to "name bands" here and there. They were really hot—or cool—if you prefer that terminology.

Located in the lot directly across the street from the Science Building will be the beautiful Doran Student House which is now under construction and is scheduled to be completed during the next academic year.

WINNING EAGLES' TRAIL BLAZER

Eagles Fatten Point Average In Defeat By U. Of Cincinnati

The mighty Bobcats of the University of Cincinnati trimmed Morehead Eagles 119-113 Saturday night as the whistle-blowing inflicted 82 personal fouls and three technicals on the Eagles. Specifically, this was the highest score an opponent had ever made against the Bobcats. The same holds true for the Eagles, according to a newspaper published in a regional newspaper Sunday.

The highlight of the game came in the closing seconds of play as "Misty Mouse" Tolle stole the ball from the Bobcat guards four times and scored seven times while completing two charity tosses.

The 113 points the Eagles scored ran their two-night program to 123 points against Ohio competitors. They won over Ohio University the night before by a score of 110-67. These two feats ran their point average to an even 88.00 per game for the year.

Cincinnati's longest lead in the first half was 15 points, 31-16, with 12 minutes remaining. Morehead, however, whittled it down to 60-56 at the intermission.

The Eagles moved within two points, 64-62, early in the second half before the Bobcats started pulling away again. With some 18 minutes remaining Cincinnati had built up another 15 point cushion and rode it along until Tolle's feat in those final 41 seconds cut the winning margin to

six. Dan Swartz was the game's high scorer with 33 points on nine field goals and 15 free throws. Four other Morehead starters also hit double figures again. Steve Hamilton tallied 22, Dennis Gaunce scored 23, Tolle had 18 and Jim Jewell 12.

For Cincinnati Wheeler scored 20, Plumkett tallied 28. First contributed 20, Nimmo and Stevens 12 each.

Four Bobcats starters were waved to the bench with five fouls as were two Morehead regulars.

In all 38 fouls were called against Cincinnati and 24 were charged to Morehead. Cincinnati missed 25 of 45 free throws and Morehead hit a whopping 53 of 67 charity flings.

Cincinnati punched 42 of 82 flings from the field for a blazing 51 per cent. Morehead had a 33 per cent on 43 successes in 82 shots. The Eagles were charged with three technical fouls.

Four-Way Tie In OV Conference Possible; NCAA Bid At Stake

The Ohio Valley Conference could end in a four way tie between Morehead, Murray, Tennessee Tech and Tennessee Tech. There are some "ifs" but they are not as big as on night experts the above four schools will finish with seven victories and three defeats each.

Only two clubs—Eastern and Middle Tennessee—are out of the running.

The two "ifs" are that each of the four contenders must win the remaining home games and Murray must also beat Eastern at Richmond.

Anyone who knows the OV conference realizes that all the teams are hard to beat at home. For example, Tennessee Tech has knocked off Eastern, Morehead and Western at Cookeville.

Western has lost two home games in three years. Morehead has been beaten only twice at Morehead in the three years

that Bob Laughlin has been at the coaching helm.

Western ran into more trouble than expected against Middle Tennessee last night but finally won 88-78 to take over the OV leadership.

Winner of the OV gets an automatic bid to the NCAA playoffs. In case of a tie the NCAA picks the team and there will not be a playoff.

The four contenders have the following conference games left to play.

Morehead—Feb. 25, Western (H); Murray—Feb. 15, Tennessee Tech (A); Feb. 18, Eastern (A); Western—Feb. 25, Morehead (A); Feb. 28, Tennessee Tech (H); Mar. 3, Middle Tennessee (H).

Morehead Tech—Feb. 15, Murray (H); Feb. 28, Western (A); and home game against Middle Tennessee.

Lame Eagle Squad Falls To Toppers

An orange and black tide swept over Morehead's crippled quintet and dimmed its hopes for the

For second-place Morehead this was its second league loss against six wins.

During the first half, the Hilltoppers rallied unmoored to a 57-39 half-time lead.

The Hilltoppers enlarged this margin to 20 in the opening two minutes of the second half before Morehead started connecting.

But in the next 16 minutes the Eagles melted the lead down to two points and with four minutes to go in the game the score was Western 74-Morehead 74.

During the next minutes the Eagles committed numerous fouls of which the Hilltoppers Owen Lawson and Forest Able took advantage and scored a couple of free throws each during the waning minutes of the game.

As the final gun went off the Eagles trailed 80-74.

Dan Swartz, the nation's number one scorer, sparked the Morehead attack that almost caught the Hilltoppers.

He led nine points in the first half. "Dangerous Dan" rattled the nets for 18 in the second half to run his game total to 27.

However, the Hilltoppers were proficient in team free throw percentages. Morehead has completed 55 of 70 attempts for 72.5 per cent.

But scoring is not the only department in which the Eagles are deficient. In team free throw percentages Morehead has completed 55 of 70 attempts for 72.5 per cent.

At the latest statistics released by the NCAA, the team has 12th in rebounding. Out of a total of 1,859 saves in 18 games, the Eagles have picked off 1,977 of them, or 27.9 per cent.

Among the individual leaders, the Morehead Dan Swartz is third in scoring behind Robin Freeman of Ohio State and Darrell Floyd of Furman. In 10 games, "Dangerous" Dan has put in a total of 340 points for a 28.4 average.

The 6-4 senior, a strong candidate for All-American honors this year has scored a total of 1,837 points in 60 games during his three years of competition with the Eagles for a career average of 30.6 points per game.

Big Steve Hamilton, Morehead's sensational 6-6 forward currently holds the number seven spot among the nation's individual free throw percentage leaders. Steve has completed 69 of 81 attempts for an average of 85.2 per cent during the season he completed 31 straight.

Swift skill session! While Bernie "Slim" Shimeczek apprehensively watches the "balky" clock on the scoreboard Coach Laughlin and the Eagles map some strategy in the waning moments of the game. The clock shows 18:00. The game is being played at the Marshall Field House in Huntington, W. Va. Despite a "long count" during the final minute and a half, Morehead's Eagles emerged triumphant for the second time of the year after Marshall. Over 200 points were scored in each of the two halves.

Eagles Rated Tops In Scoring Among National Powers

The Morehead Eagles seem on their way to setting a national record for scoring. With just a few games remaining on the schedule, Coach Bobby Laughlin's charges are leading the nation in scoring with an average of 98.7 points-per-game, almost two full points ahead of the current record set by Furman last year.

But scoring is not the only department in which the Eagles are deficient. In team free throw percentages Morehead has completed 55 of 70 attempts for 72.5 per cent.

At the latest statistics released by the NCAA, the team has 12th in rebounding. Out of a total of 1,859 saves in 18 games, the Eagles have picked off 1,977 of them, or 27.9 per cent.

Among the individual leaders, the Morehead Dan Swartz is third in scoring behind Robin Freeman of Ohio State and Darrell Floyd of Furman. In 10 games, "Dangerous" Dan has put in a total of 340 points for a 28.4 average.

The 6-4 senior, a strong candidate for All-American honors this year has scored a total of 1,837 points in 60 games during his three years of competition with the Eagles for a career average of 30.6 points per game.

Big Steve Hamilton, Morehead's sensational 6-6 forward currently holds the number seven spot among the nation's individual free throw percentage leaders. Steve has completed 69 of 81 attempts for an average of 85.2 per cent during the season he completed 31 straight.

There are seven other members of the team whose ability in the gruelling sport of basketball is a constant source of amazement to the fans.

This outstanding team are the foremost performers of the day. The "Travelers" trounced the men of the Campus Club.

Travelers Trrounce Campus Club

A very unusual basketball game was played in the Morehead State College gymnasium Dec. 12. The men of the Campus Club, sponsored by the Western Recreation Association, competed with the Arkansas Travelers, a professional team's basketball team.

The game was played for the purpose of raising money for the Georgia Mullins Scholarship Fund, sponsored by the Western Recreation Association of the college.

This game was only one of the many games the Arkansas Travelers have played in four such benefits. This 11 times selected All-American team is headed by Hazel Walker.

Hazel has played 14 years in amateur ball, spending five national championship teams and runner-up three years.

She won the national free throw title six years and the international title two years. Her 49 out of 50 record has never been equaled in national tournament history.

There are seven other members of the team whose ability in the gruelling sport of basketball is a constant source of amazement to the fans.

Take Firmer Grip On National Scoring Title

Morehead Unwinds Union Five

Morehead's high-scoring Eagles squashed Union's quintet in a high-scoring contest. Morehead came out on top by a 82-point margin. The final score was 122-70.

The Eagles' starting five all hit double figures in a game that was Morehead's from the starting buzzer. As the game started, the Eagles turned to an eight-point lead which they enlarged on throughout the game. At half-time, the Eagles held a tremendous lead, 60-37.

During the second stanza Union's manmanning did not improve enough to catch up with the rebounding and shooting of the Morehead squad.

As the game proceeded it turned into a complete rout.

Although the Eagles took this game by a landslide, they lost their star forward, Steve Hamilton, to the injury list. With 11 minutes gone in the first period, Hamilton, who had already scored 18 points, sprained his ankle and missed the next two games.

Dan Swartz was top scorer of the game with 35 points.

Eagles Bash Bellarmine Knights

Little Bellarmine gave the powerful Morehead Eagles a tussle for 30 minutes at Louisville Monday, but the nation's number one scoring team finally found the range to notch a 100-51 victory.

The small Male High playing floor plus "too close" officiating slowed down Morehead's fast break. Four field goals and two free throws the Eagles had and were going away at the end.

Donnie Gaunce played one of his better games, notching 24 points, most of them in the first half.

Dangerous Dan Swartz, nation's third leading scorer, was back. Four field goals and two free throws the first half, but cut loose in the final 20 minutes to end up with 25 points, high for the evening.

The Knights used two men to battle Swartz. The first half, Coach Laughlin moved his big boy to the outside after intermission and his matchless son, County started hitting in his usual fashion.

The Knights have been in last meeting for several years between the two teams since Morehead's last visit to the state nearly all major colleges. The

Morehead State College's mighty Eagles took a firmer grasp upon the national scoring title as they overwhelmed the University of Ohio in the Morehead gym Friday night. The final tally showed Morehead out front by 43 points, 110-67, averaging a 97-91 deficit by the Bobcats during a KIP consolation round game.

The average of 98.00 points per game the Morehead Eagles now appear to be an invincible lead over the nearest competitor, Marshall, which floundered to low-scoring victories over two opponents in the Mid-America Conference while Morehead was boosting its record to three full points over the existing record for major college teams. In other words, Morehead has now scored more points in 22 consecutive games in one year than any other major college team in the history of the sport.

The battle got off to an amazing start as both teams astounded the spectators with an exhibition of "Dave Crockett" style shooting. Both teams scored on 100% of their attempts during the first five minutes of the affair. The swift, slashing Eagle led the play, never once being fouled, and they fell behind and failed to challenge after the first three minutes of the game.

Steve Hamilton slaughtered Ohio U. as he snared 27 of Morehead's nearly flawless game also included 10 field goals and one charity toss. He had only one foul called against him during the encounter.

Both teams proved to be red hot in the shooting department during the first half. The Eagles fired 45 times at the hoop, connecting on 22 of them for a 44% average. The Ohioans flung the sporadic three and penetrated the ring on 17 of them for a 41% average.

Once again all five of the starting Eagles tallied in dual figures. "Dangerous Dan" Swartz led the scoring with 25 points, followed by Steve Hamilton with 21, Woodrow "Fats" Tolle with 13 and Jim Jewell with 10.

The Bobcats cooled off after the last period as they fell further behind. The Eagles' fast breaking quintet. They ended up the contest with 88 attempts from the field, 26 successes for a mediocre 36 per cent. The Eagles added 50 attempts during the second half for a total of 138 attempts, 45 of which scored 19 times to lower their average to a 36.2 per cent.

The decisive thrashing administered to the Ohio U. Bobcats by the Morehead Eagles after a Kentucky Invitational Tournament game at Morehead, was the "Rubber game" will be played when Morehead returns the game at Ohio U. on Feb. 22.

Hardware galore! Dr. Nolan Fowler, track coach, is shown visiting Carl Denton in his dormitory room to admire the collection of individual trophies and medals he has won as a cross country and distance runner on the Morehead State College track team.

Carroll Saunders Has Art Exhibit In Louisville Gallery

By Jane Carver

A Morehead State College art student is presently exhibiting his paintings in a Louisville gallery which has displayed the work of many well-known artists.

Carroll Saunders, 21-year-old senior, opened an exhibit Feb. 4 at the Little Gallery, which is owned by Mrs. Mary Alice Hadley, outstanding Kentucky ceramist. The exhibit will close Feb. 22.

"It is quite an honor for an artist, still in college, to have a one-man show in such a recognized gallery," Mrs. Naomi Claypool, head of the Morehead Art Department, commented. "And already Carroll's work has drawn a considerable amount of favorable comment."

Carroll, who has "always been interested in art," began exhibiting at county fairs at an early age, and won a number of blue ribbons. He has also displayed his work at a Women's Club exhibit in his home town of Owensville. Early in May he will have an exhibit at the Little Art Gallery. Already he has orders for over \$125 worth of pictures.

The Louisville exhibit includes

Carroll Saunders

seven oils (his favorite medium) and nine water colors. Almost all his work is modern in style.

Mrs. Claypool recalled that before Carroll enrolled at Morehead he remarked that he would like to study here if he didn't have to do "that crazy modern stuff" he'd seen so much of from Morehead. He didn't, either—about three weeks. Then one day Mrs. Claypool happened to spot an ultra-modern painting Carroll had just finished and was too embarrassed to bring her. From that day on, she said, he has worked almost entirely in modern style.

Art work hasn't been Carroll's only interest at Morehead, for he is active in a number of campus organizations. In addition to being vice-president of the Beaux Arts Club, he is a member of the Morehead Players and Les Courants. He designed costumes for the Players' recent production of "Simple Simon."

Upon graduation, Carroll hopes to attend Columbia University to work on a master's degree in art. He is a 1952 graduate of Owensville High School.

Scholarship Slated For Crippled Typist Here Next Year

Loss of an arm in a hunting accident a few years ago did not prevent Emory Whitt, Morehead High School senior, from learning to type. According to his instructor, Mrs. Ruby E. Fowler, Emory can type between 25 and 30 words a minute and does not use the "hunt and peck" system. He learned from a book especially prepared for one-handed typists. Emory is one of those rare students who can read and follow directions and knows how to proofread and correct his errors, so his work is above the average done by other students in his class. His papers often win a coveted place in the bulletin board.

Emory plans to enter Morehead State College next fall with the assistance of the State De-

Emory Whitt

partment of Education, Division of Vocational Rehabilitation, and will probably major in commerce.

"Mrs. McThing" Is Latest Production Of Morehead Players

By Joyce Gam

"Mrs. McThing," a comedy-fantasy by Mary Chase, will be presented by the Morehead Players next Tuesday, Wednesday and Thursday (Feb. 21-23) at 7:30 p. m. in Butler Auditorium.

The play, by the author of "Harvey," was a recent Broadway hit. The comedy depicts a pseudo-society of "filthy rich" and a group of "cream-puff criminals."

The college production here will be directed by W. P. Covington III, drama professor, and will be sponsored by the Breckinridge Training School PTA which is selling tickets on a commission basis.

A leading roll will be played by a seventh-grade Breck student, Donald Long, son of Dr. and Mrs. John H. Long. Donald will be seen in the roll of 11-year-old Howard Larue, which was played on Broadway by Brandon de Wille. Donald's father is a member of the college English Department faculty.

Also in the cast are three other college students who are Breck graduates. They are Joyce Brown, who plays the old maid Grace Lewis; Larry Monhollan, cast as Peking Eddy Schellenbach; and Denise Prewitt, who plays Virgil.

The part of Mrs. Howard Larue III, a rich widow and the mother of Howard, will be played by Phyllis Lawson. This is the role played on Broadway by Helen Hayes.

The character of Mrs. McThing is portrayed in the play by two actresses: the "ugly crone" by Nancy Montgomery and the "beautiful witch" by Patricia Buresch.

Other in the cast are Lee Horton and Helen Reed as Evva and Maude Lewis; Sandra Patrick as Carrie; Phyllis Slone as Sybil; John Washko as Nelson; Ralph Crafton as Dirty Joe; Larry Dales as The Stinker; Ray He-

lal as the chef; Glenna Hay as Mim; Carolyn Brooks as Mrs. Schellenbach and Douglas Smith as the policeman.

Carolyn Brooks is assistant director for the production. Mary Louise Sexton heads the costume department and Bonnie Daley and Fred Cowell handle lighting and sound, respectively.

Admission prices are 50 cents for students and 35 cents for adults.

ENGAGED

Miss Patsy Lane

Mr. and Mrs. Glenn Lane of Morehead announce the engagement of their daughter, Patsy, to Mr. Larry Wayne Hillman, son of Mr. and Mrs. Ted Hillman of Jenkins, Ky. Miss Lane, a graduate of Breckinridge Training School, attended Morehead State College and is now a student at Miami University, Oxford, O. Mr. Hillman is a graduate of Morehead State College and is now Band Director at Ansonia High School in Ansonia, Ohio. A June wedding is planned.

Mentors Of Cage Squad Sketched

This season will mark Bob Laughlin's third year as head coach of the Eagles. In two previous seasons his teams have won 30 games while losing 17. A firm believer in the fast break style offense, his squads can always be expected to wind up among the nation's leaders in team scoring. Last season when Morehead met Furman, the highest scoring team in the history of the sport, Laughlin's charges came out on top, 130-117, in an unbelievable offensive circus that set a national scoring mark.

After a leg injury, in his sophomore year at Xavier University, cut short his playing career, the popular mentor came to Morehead in 1935 as assistant football coach of the college and head basketball coach at Breckinridge Training School. He has been connected with Morehead sports ever since. He received his AB from Morehead in 1937 and his MA from the University of Kentucky in 1941.

As coach of the Training School team for 14 seasons, Laughlin accumulated an enviable record. His teams went to the Regional Tournament 12 times and were finalists on 10 times. In 1946 his team won the State Championship.

After a short but highly successful coaching stint in the high school ranks, Don Miller was recalled by his Alma Mater this fall to assist with the varsity squad and handle the frosh. A 1952 graduate of Morehead, Don lettered four years on the hardwood for the Eagles, making the All-OVC team at the end of the 1930-51 season, and was elected captain in his senior year.

Upon graduation, he accepted the coaching job at Trimble County High, a school that hadn't had a winning season for eight years. In the two years he spent there, Don rebuilt the team and compiled a very creditable 35-13 record. Moving to Anderson County High last year, he continued his winning ways with a 19-9 mark.

G. I. HOME LOANS

The number of G. I. home loans guaranteed by the Veterans Administration in November reached a record for the second consecutive month. The V. A. announced it had guaranteed 66,400 loans totaling more than \$755,000,000, a 3 per cent increase over the number in October.

The Campus Club initiation is a time in which the more serious side of college academic life is momentarily laid aside while the boys indulge in some pranks. Pictured here are four pledges performing some voluntarily assumed duties of the initiation during last fall's initiation. Membership in this group is highly prized and is open to male students upon invitation only.
