VOLUME NUMBER: Old Series No. 62; New Series No. 27. MORRHEAD, KENTUCKY, THURSDAY, AUGUST 10, 1944. NUMBER THIRTY-TWO

We pledge Allegiance to the Flag of the United States, and to the Republic for which it stands, ONE NATION, indivisible with LIBERTY and JUSTICE for ALL.

## AMERICANS ALL

### Geo. McCullough Killed In Action In South Pacific

**Son Of Mr. And Mrs. Boyd McCullough**

Lt. George McCullough, 21 year old son of Mr. and Mrs. Boyd McCullough, Morehead, has been killed in action in the South Pacific area. His parents were notified by the War Department last Friday.

Lt. McCullough met his death on July 22.

The only child of Mr. and Mrs. McCullough, he was a graduate of Preckinridge Training School and had attended the Morehead State Teachers College for two years. He enlisted in the service in 1941 and was assigned to the Army Air Force.

Lt. McCullough was sent to the South Pacific area this year and had seen considerable action prior to his death.

His father, Boyd McCullough, is chairman of the Rowan County rationing board, a past officer and an active leader in the Corbie Elington Post of the American Legion and has headed for many years the Morehead Volunteer Fire Department.

### Ligon Kesler To Be Home After 50th Bombing Mission

Lt. Ligon Kesler, son of Mr. and Mrs. Claude Kesler, stationed in the Italian War Theatre, has just completed his 50th successful bombing mission, and has notified his parents that he will be home within a month. The letter was written July 26.

A bombardier on a Flying Fortress Lt. Kesler completed the 50th mission without getting a scratch. On July 7 he was elevated from 2nd Lieutenant to 1st Lieutenant.

### Charles E. Bowen Awarded Combat Infantry Badge

With the Fifth Army, Italy-Private First Class Charles E. Bowen, son of Mrs. Pearl Bowen, who lives on Route 2, Morehead, Kentucky, has been cited by his company and awarded the Combat Infantryman Badge for actual participation in combat with the enemy while serving on the Fifth Army front in Italy.

Standards for the badge are high. The decoration, which was recently authorized by the War Department, is awarded to the infantry soldier who has proved his fighting ability in combat.

The handsome badge consists of a silver rifle set against a background of infantry blue, enclosed in a silver wreath.

### 4 Rowan County Men Killed In Action This Week

**Death Again Visits Grace Black Family.**

The fast tempo of the fighting on all war fronts has taken another heavy toll from Rowan County, according to official information released this week from the War Department.

Sgt. Fulman Hardin, son of Dorsey Hardin and husband of Marjorie (Ellington) Hardin, of Cogswell, is missing in action in France, relatives have been notified.

George Black, son of Grace Black of West Morehead, has been killed in action in France, she has been notified. This is the second time that death has entered this family. The father and his number was killed in action two months ago in Cincinnati of a heart attack.

Mary Stevens of Morehead has been notified that her son, Rufus Stevens who has been in the service for two years, has been killed in action in France.

Mr. and Mrs. Boyd McCullough, of Morehead, have been notified that their son, Lt. George McCullough, of Morehead, has been killed in action in the South Pacific.

This week's casualty list brings the known total for Rowan County of men killed in action or who have been missing in action so long that they are probably dead, to 25.

With word just now being received from the heavy fighting in the European invasion theatre, the number will probably be increased considerably during the next two weeks.

### Hubert Allen Going Overseas

Mrs. J. A. Allen received word from her son, Hubert, last week that he is being sent overseas. Hubert has been in Seltridge Field, Mich., since completing his work at the University of Chicago in the spring.

### Advised Son Is In Service Overseas

Mrs. Carrie Howard of Sandy Hook has been notified by the War Department at Lincoln, Nebraska, that her son, Sgt. Leonard Howard, also of Sandy Hook, has now gone across.

Sgt. and Mrs. Howard have many friends in Morehead. Sandy Hook and Baltimore, Md., where Sgt. Howard worked previously to his draft call.

His sister, Mrs. John T. Green, resides in Morehead with whom he made his home for several years. Sgt. Howard was inducted December 15, 1943. Mrs. Howard was with him while he was stationed in Lincoln but is now at home.

### Another Free Service To You

Absentee voting applications are available at the Rowan County News office without charge.

Anyone having a member of the family in the armed services or working in a defense plant or who will be unable to be here to vote in the November election should mail them one of these applications.

It is necessary that this be done at once because the time consumed in getting these to men in the armed forces who are in foreign countries.

The absentee voter does not have to be registered if he is 21 years of age, since the application itself constitutes registration.

Persons writing for absentee applications should enclose a stamped addressed envelope.

### The Rowan County News

"Your Newspaper"

### Transferred To Other Army Camp

Ernest Oney has been transferred from Ft. Benjamin Harrison to Camp Atterbury. In accordance with word received by his wife at Haldeman.

Momer Thurman, grandson of William Butler, of Route Two, has been sent from Ft. Benjamin Harrison to Camp Walters, Texas.

### Tax Assessors Office Open During August

**Urges Owners To Make Listings Now**

Warning to Rowan County property owners that the tax assessors office will be open for listing of assessments only through August was issued today by Peyton Estep, Commissioner.

Mr. Estep said that in the last few days property owners had been coming in slowly and many were under the impression that the office would be open for this purpose through September.

Property owners who desire to give their listing the same as last year may do so by writing the Tax Commissioner at Morehead. It is mandatory that property owners desiring to change the assessment call at Mr. Estep's office.

The Tax Commissioner's office, located in the courthouse, is now open throughout the day.

### Red Cross To Meet At Science Building Friday

The Rowan County Chapter of American Red Cross will hold its monthly meeting Friday night, August 11, at 7:30 in room 106, Science Building at the college. It is hoped all board of directors will find it convenient to attend. Sometime ago a meeting was held in which a vote was taken in the selection of a board of directors.

The method of election was slightly changed as some were elected for one, two, and three year terms. This prevents all going out at one time and leaving the Chapter without a board membership familiar with the many duties and services now demanded due to the war. At this meeting the Board of Directors will elect a Chairman for the coming year. Henry C. Haggan has served in this capacity for the past three and one-half years.

### Logans Have Two Sons In Service

Mrs. Boone Logan, of Route Two was a visitor at the News office last week, coming in to send the paper to her sons in the Service. One son, Pfc. Glen C. Logan, has been in the army for over three years, serving most of that time overseas. His parents have not heard from him in over two months. They know however, he was in the Saipan drive.

The other son is John Isaac Logan, who has been serving in the Navy since last October. He is somewhere in the Pacific.

### Red Cross Helps Cpl. Barker See Baby Son

An example of the good work done by the Red Cross and army cooperation, was shown last week when a wire sent by H. C. Haggan, head of the Red Cross here to Captain G. B. Thomas, brought Cpl. Ollie Barker home by plane from Ft. Worth, Texas, to see his day old son, Larry Turman Barker, and his wife at the Good Samaritan Hospital in Lexington. Larry was born August 1 and weighed 9 pounds.

### 3 Absentee Votes Cast In Rowan County In Primary

The honor of casting the first absentee ballot in Rowan County goes to Robert Hodge, son of Mr. and Mrs. Lester Hodge.

Robert, now in the United States Navy, just became 21 years of age. His voting place is in Morehead, Number 1 precinct. Commissioners and tabulators were anxious to see the first absentee ballot, but it proved to be little different from other ballots. Robert's ballot was plainly stamped for Alben W. Barkley.

In a letter to his mother, he said he had wanted to cast his first ballot for Elijah, his brother Elijah, an ensign in the United States Navy stationed somewhere in the Pacific, is County Attorney of Rowan County. His father is serving in his place while he is in the service.

Two other absentee ballots were cast in Rowan County in Saturday's primary. They were from Ann Jane Day, a W.A.C., and a leader in the women's organization of the Democratic party, and Maurice Brown, son of Jim Brown, a stalwart in the Republican organization.

Miss Day cast her absentee ballot for Senator Barkley and also wrote in the name of Joe B. Bales for Congress. The latter vote was not counted since Congressman Bales already has the nomination without opposition.

Election officers at the number 10 precinct had rejected the vote of Brown, writing across the envelope it was mailed in that he was unregistered. However, the election commissioners ruled it a valid vote since application for an absentee ballot within itself constitutes registration. Jim Parks for Senator and Tom Yates for Congressman, were the votes on this one ballot.

### Cpl. Caudill Home On Furlough

Mrs. Burchie Caudill of Shelby, Ohio, was home for a few days last week, visiting her sister, Mrs. Bill Garey. Her son, Cpl. Winfred Caudill and wife of Ft. Sill, Okla., were also guests, enjoying a ten-day furlough. Cpl. Caudill is in the field artillery and has been stationed at Ft. Sill for several months.

### Students Here Yesterday—Leaders Today

The Moreheadians will recognize 5th row Luster Blair, J. H. Powers, Leo Oppenheimer, Maude Oppenheimer, Violet Evans, Mrs. Deward Evans, Lydia Messer Caudill, Jean Thomas, and Joe Littles.

At the meeting of the following officers were elected: Frank Havens, president; Lester Hodge, vice-president; Anna Carter, secretary; Ruth A. Lappin, Deward Evans, assistants; Clay Caudill, captain, and Arthur Blair, treasurer.

Lvda M. Caudill, Luster Blair, M. A. Littleton, Mrs. Daisy Slambaugh, Mrs. Ollie Nickell, Mrs. Peachy Ramsey, Blaine Lewis and Leo Oppenheimer comprise the Board of Directors.

The surplus money in the treasury will be used to finance some worthy student through Morehead State Teachers College.

M. N. S. Club is composed of the alumni of the old Morehead Normal School.

### James Danner Is Radio Repairman

Headquarters, European Theater of Operations—Problems of communication occupying a major role in the invasion of France, are worked out at a huge Services of Supply invasion base maintained by a number of American Service Forces Signal Detach companies "somewhere in England."

Among those working in the Signal Section of the depot, and their unit jobs are:

Sgt. James N. Danner, 20, of Haldeman, Ky., is a radio repairman.

### Brothers From Rowan County Get Corporal Ratings

George H. Bowen and Claude C. Bowen, brothers, serving in the U. S. Army, have been promoted to Corporal. Cpl. George Bowen now is serving in the Medical Corps of the 1st Army, somewhere in France. He served in the invasion of Sicily and has been overseas fifteen months. He is the husband of Mabel Bowen of Flemingsburg, Ky.

Cpl. Claude Bowen has been in service since November 1943, and is serving with the 27th Engineers in Camp Bowie, Texas. He is the husband of Prentice Bowen of Haldeman, Ky.

### Navy Crew To Present Informal Dance

The Station Crew of the Morehead Naval School will hold an informal dance Friday night, August 11, at 8:30 p.m., for the benefit of the Naval Education Trust and the Morehead USO hostesses.

Smoking Richardson and his orchestra, from Lexington, will furnish the music.

Admission will be only by written invitation. All of the local Junior Hostesses will receive their invitations from the naval crew at sometime in the next future.

This will be the last large party given in Morehead for the naval students.

### BUY WAR BONDS

Sportmen' who have been waiting, patiently or otherwise, for a ample supply of ammunition to reap a fair harvest from increasing game supplies may be heartened by recent developments in the sporting arms and ammunition industry.

Although allied guns are firing all over the world at a furious rate, the small arms ammunition industry is so far ahead of requirements that several plants have closed and the production of others curtailed drastically.

The speed with which new manufacturing facilities were brought into operation, plus attainment of unexpectedly high production rates have resulted in an accumulation of reverse supplies. Greater effectiveness of improved types of ammunition also was a factor in creating the surplus, which commends sharply with the acute shortages of two years ago.

### CHILD'S ARM BLOWN OFF IN BLAST

The seven year old son of Mr. and Mrs. Lesty Williams, of Jones Ridge, near Dry Creek, was severely injured this week when a dynamite cap exploded in his hand. The blast will probably result in the loss of the arm besides other injuries.

### Tuesday Sales At Morehead Stock Market

Sales report of Morehead Stock Yards for August 8, follows: Stock—HCS—Packers \$13.90; Mediums \$12.45; Shoats \$2 to \$10.75; Sows and Pigs \$16 down.

CATTLE—Baby Heaves \$9.25 to \$12; Cows \$35 to \$66.25; Cows and Calves \$43.50 to \$75; Stock cattle to \$28.50; Bulls \$5 to \$8.50; Weight Cows \$4 to \$8.25.

CALVES—Top Veals \$14.65; Medium \$12.80; Common and Large \$7.10 to \$13.10.

### John Rice Made Seaman 1st Class

John W. Rice son of Mr. and Mrs. John Rice of Haldeman, Ky. has been promoted to Seaman 1st Class. He is with the Amphibious forces somewhere in New Guinea. He has been serving overseas since November 15, 1943.

### Shotgun Shells To Be Available For This Fall

The War Production Board's announcement of the release of more essential small arms ammunition through commercial channels this fall is exceedingly good news for ranchers, farmers and sportsmen who suffered from a shortage of this commodity last season. This information was received by the Kentucky Division of Game and Fish today.

WTB officials have reported that ammunition in process of manufacture would total, during the first quarter of this year, some 10,000,000 shotgun shells and 20,000,000 center-fire rifle cartridges. They state that two hundred million 22 calibre long-rifle cartridges have already been manufactured and have been made available.

They indicate further that allocations of production materials for the second quarter have been approved, which means that 250,000,000 shotgun shells, 30,000,000 center-fire rifle cartridges and 10,000,000 22 calibre cartridges will have been placed in manufacture by July 1.

Initial shipments, according to WTB, will be confined to stores necessary to fill orders now on order books, from farmers and ranchers and for essential uses. Shipping schedules and method of distribution are expected to be determined at any early date, but WTB officials state that, while it is possible that sufficient ammunition for game shooting will be available for the time being, some can be spared from supplies necessary to crop and livestock conservation.

Sportmen' who have been waiting, patiently or otherwise, for a ample supply of ammunition to reap a fair harvest from increasing game supplies may be heartened by recent developments in the sporting arms and ammunition industry.

Although allied guns are firing all over the world at a furious rate, the small arms ammunition industry is so far ahead of requirements that several plants have closed and the production of others curtailed drastically.

The speed with which new manufacturing facilities were brought into operation, plus attainment of unexpectedly high production rates have resulted in an accumulation of reverse supplies. Greater effectiveness of improved types of ammunition also was a factor in creating the surplus, which commends sharply with the acute shortages of two years ago.

### Everhart Family To Go To Columbus

Dr. and Mrs. J. O. Everhart and children, Johnnie and Nancy, left this week they return to Columbus, Ohio, where they will resume their work in the field of their company. At Columbus, the County Judge's race brought out most of the Republicans. Henry Cox was unopposed for the Democratic Judgeship nomination to fill the balance of the term of the late Dan Parker.

Alben W. Barkley received all but 34 votes cast in the Democratic primary. Jim Parks, Lexington, ran away with the Republican Senatorial race. Surprisingly, Judge Bartlett showed little strength here.

Tom Yates, Republican candidate for Congress to oppose incumbent J. O. Everhart, also secured his nomination on the Democratic ticket without opposition, ran away from all opposition. He was the only Democrat named considerably for the nomination received 89 votes in the county.

Yates ran well all over the district to capture the nomination easily. Jim Parks also won the Republican Senatorial nomination with an overwhelming majority of better than two to one over Judge Bartlett.

### Auxiliary To Have Pie Supper Saturday

The American Legion Auxiliary will sponsor an old-fashioned pie supper to be held Saturday night, August 12, in the Morehead High gymnasium. Everyone is invited to attend. The girls are urged to bring pies and the boys money to buy them with. Each pie will be sold to the highest bidder. The money derived from their sale to go to the American Legion. The supper begins at 7:45.

### Subscribe Now

The subscription rates of the Rowan County News are being raised.

But, you can take advantage of an offer, appearing elsewhere in this issue, which gives you the Rowan County News a full year in Kentucky for \$1.25 and for a full year overseas for \$1.75, including men in the armed services overseas.

This applies to both renewals and new subscriptions.

# Ordnance Keeps Army in Trim by Repairing Parts

## LST Personnel From All Parts of Country Prove They Can Take It

By Ernie Pyle

IN NORMANDY.—One of the things the layman doesn't hear much about is the ordnance department. In fact it is one of the branches that even the average soldier is little aware of except a vague one.

And yet the war couldn't keep going without it. For ordnance repairs all the vehicles of an army and furnishes all the ammunition for its guns.

Today there are more vehicles in the American sector of our beach-head than in the average-sized American city. And our big guns on an average heavy day are shooting about \$10,000,000 worth of ammunition. So you see ordnance has a big job.

Ordnance personnel is usually about 7 per cent of the total men of an army. That means we have many thousands of ordnance men in Normandy. Their insignia is a flame coming out of a retort—mistaken in the army "The Flaming Onion."

Ordnance operates the ammunition dumps we have scattered along the beachhead. Much bigger than its ammunition mission is ordnance's job of repair. Ordnance has 573,000 items in categories of parts and the mere catalog itself covers a 36-foot chest.

In a central headquarters here on the beachhead a scheduling system housed in big tents keeps records on the number and condition of 800 major items in action. It also has a list of parts to replace.

We have scores of separate ordnance companies at work on the beachhead—each of them a complete firm within itself, able to repair anything the army needs.

Ordnance can lift a 36-ton tank as easily as it can a bicycle. It can repair a diving top or the intricate breech of a machine gun.

Some of its highly specialized repair companies are made up largely of men who were craftsmen in the civilian line in their home country. You will find the average age of men doing the average work about 40. You'll find men with their own established businesses who were making \$30,000 to \$40,000 a year back home. You'll find men wearing sergeant's stripes. You'll find great sobriety and sincerity. Plus the normal civilian attitude that comes from making things whole again instead of destroying them.

You will find an IQ far above the average for the average man. It is that way or the other would not get done.

You'll find mechanical work being done under a tree that would be housed in a \$50,000 shop back in America. You'll find men working 18 hours a day, then sleeping on the ground, who because of their age don't even have to be here at all.

Ordnance is one of the undramatic branches of the service. It is the mechanics and the craftsmen, the fixers and the suppliers. But their job is vital. Ordinarily they are in a great deal of danger. There are times when newly won and congested beachheads when their casualty rate is high, but they are not sent down and there is room for movement and dispersal it is not necessary or desirable for them to do their basic work within gun range.

Our ordnance branch in Normandy had casualties. It has two small branches which will continue to have casualties—its bomb-disposal squads and its retriever companies that go up to pull out crippled tanks under fire.

But outside of those two sections, if your son or husband is in ordnance in France you can be quite easy about his returning to you. I don't say that to belittle ordnance in any way but to ease your own mind if you have someone in this branch of the service overseas.

Ordnance is organized in a vast structure of companies that are the same as any other army command. The farther back you go the bigger become the more elaborately equipped and more capable of doing heavy, long-term work.

Every infantry company has an ordnance company

with it all the time. This company does quick repair jobs. What it hasn't time or facilities for doing it handle on back to the next echelon in the rear.

The beach ordnance companies do the beach on D-Day. The next echelon back being coming on D-Day plus four. The great heavy outfit arrived somewhat later.

Today the wreckage of seven weeks of war was a big and a great depot after another it is being worked out—repaired or rebuilt or sent back for salvage until everything possible is made available again to our men who do the fighting. In later columns I'll take you along in the activities of ordnance companies that do the vital work.

The cook on LST No. 38, on which I was in France, was a beefy, good-looking fellow named Edward Strucker of Barberton, Ohio, which is near Akron.

One of those transport ships is a terrible job, for you suddenly have to turn out twice as much work as normally. You are doing the worrying job, and he takes it all in his stride.

Eddie has a brother named Charles in the army engineer corps in the past year has been lucky enough to run into him four times—once in Africa, once in Sicily, and twice in Italy.

One of those small-world experiences happened to me, too, while on that ship. We lay at anchor in a certain harbor a couple of days before sailing for France. On the second day I was in the washroom when a sailor came in and said there was a Commander Greene who wanted to see me in the captain's cabin.

The only Greene I could think of who might be a commander was the name I saw in the Green's Weekly. You see, I had been in the Green's Weekly days? Well, I don't get confused, because they were very hard to read.

At any rate I went to the captain's cabin, and sure enough it was the name I saw in the Green's Weekly. By some strange coincidence we had both got 17 years older in the meantime.

Greene held a very important position in the convoy. He was tickled to death by his assignment, for he had been in the States almost 18 years and was about to nuts for some action.

I haven't seen him on this side of the Channel since we sailed. I don't know if our trip over wasn't as exciting as he would have liked. But you can't please everybody, and it was just plain enough to suit me.

One of the gun crew in the Seaman John Leppard of Hershey, Pa., was the oldest man in the crew. He is 34, and has three daughters—17, 15 and 13—and yet he got drafted last November and is now in the front lines. He is a tall, dark, quiet fellow who knows a great deal more about the Southwest than I do. He said he had driven past our beach many times, and we had long, no-nonsense talks about the desert and Indian jewelry and sunsets. We are both tired of being where we are and wish we were back on the Rio Grande.

Among the soldiers I talked to on the LST were Corp. LeRoy Gilbert of Springfield Hill, La., Pvt. James Davis of Ft. Belvoir, Ill., and Pvt. Floyd Woodling of Baltimore.

### Pyle Finds General Pershing's Son Making Good

Among the army personnel aboard our ship was Capt. Warren Pershing, son of General Pershing. The captain, who is not a professional soldier at all, started out as a cadet in this war. He is in the engineers. He is a tall, blond, regular fellow and everybody likes him. He kept overboard not to trade in his father's name. He doesn't speak of the General unless you ask him.

## Star Dust

### STAGE-SCREEN-RADIO

By VIRGINIA VALE  
Released by Western Newspaper Union.

The first movie to be shown on the Normandy beach following the June 6th invasion was Columbia's technicolor "Cover Girl," according to information received from Col. E. L. Munson, chief of the Army Motion Picture Service. The musical was shown to the invading armies on June 16, and Colonel Munson reports that "the boys love." So this co-starring effort of Rita Hayworth and Gene Kelly's makes movie history.

### Food Problems Can Be Solved By Careful Cooking

Vegetable platters offer light summer eating possibilities. Arrange them in a pretty pattern with green beans or asparagus making a pattern with macaroni in the center and spaces filled in with corn kernels.

There's nothing like good food well prepared. It's a pleasure both to the prep and to the eat and also to the one fortunate enough to eat it. Proper preparation is a matter of following recipes carefully. That's why we have recipes carefully tested and with accurate directions given. Formerly, good cooks put in a handful of butter, a dash of salt, etc., but no one else could cook like they did.

Now we have recipes so that everyone can be a good cook as long as he follows directions.

Vegetables, to be perfection itself, must be cooked to doneness with just a bit of crispness left in them. Fats must have a crust with flakiness that will melt in your mouth, with creamy smooth fillings or luscious juicy berry fillings.

Cakes are at their best with fluffy, fine-grained texture, well flavored and frosting. Ice creams and sherbets should be frozen so that they are creamy and contain no ice particles.

And now, to get down to the business of preparing food with results that will last, here are just described. First is an ice box cake with chocolate filling:

**Chocolate Ice Box Cake**  
(Serves 6)  
4 squares unsweetened chocolate  
1/2 cup sugar  
Dash of salt  
1/2 cup water  
4 egg yolks  
1 teaspoon vanilla  
4 egg whites, stiffly beaten  
1/2 cup cream, or evaporated milk  
2 dozen lady fingers

Melt chocolate in top of double boiler. Add sugar, salt and water, stirring until sugar is dissolved and mixture blended. Remove from boiling water; add egg yolks, one at a time, beating thoroughly. Chill in refrigerator for 20 minutes or until thickened, stirring constantly. Add vanilla and fold in white cream. Fill in cream. Chill in refrigerator for 2 hours or until firm. Dip bottom and sides of a mold with lady fingers or strips of sponge cake. Turn chocolate mixture into mold and place remaining lady fingers on top. Chill in refrigerator for 2 hours or until firm. Refrigerator. If desired, add 1/2 cup walnut meats to chocolate mixture before turning into mold. Unmold.

There's a short-cut method to making fluffier, lighter cakes. If you want a real treat in making cakes, try the new method. Be sure ingredients have stood at room temperature for 2 hours or more so that shortening is soft and pliable:

**Maraschino Cherry Cake.**  
Sift together in a bowl:  
2/3 cup cake flour  
3/4 or 4/5 teaspoons baking powder  
1/2 teaspoon salt  
1/4 cup sugar  
Add:  
1/2 cup shortening  
1/2 cup maraschino cherry juice

**Lynn Says**  
Paint Strichers: For the vegetable course, combine two left over tomatoes, lima beans and peas; tomatoes and eggplant; peas and small onions; cauliflower with peas.

Stuffings stretch meats: prune and apple stuffing for roast duckling or veal; stuffing for ham; sausage and stuffing for plumb beef roast; and apple stuffing for roast pork or slices of ham.

Potatoes can stretch hamburgers or hash. Or, use leftover mashed or rice potatoes in stretching the meats.

Vegetables can stretch scrambled eggs. Try carrots, celery and onion.

### SEWING A CIRCLE PATTERNS

## Cool and Practical Barebacker

very, very pretty. Have at least one real barebacker with matching jacket.

Pattern No. 8664 in sizes 12, 14, 16, 18 and 20. Size 16 dress, requires 2 1/2 yards of 35 or 37-inch material; jacket, 1 1/2 yards.

Due to an unusually large demand and current war conditions, slightly more time is required in filling orders for a few of the most popular pattern numbers. Send your order to:

SEWING CIRCLE PATTERN DEPT.  
539 South Wells St. Chicago  
Enclose 25 cents in coins for each pattern desired.  
Pattern No. \_\_\_\_\_ Size \_\_\_\_\_

Address \_\_\_\_\_

### Lung Capacity

The maximum air capacity of the lungs of human adults averages about 300 cubic inches, which is 10 times the quantity that is normally inhaled and exhaled—and 15 times the quantity that actually enters the lungs—at one time.

## Kool-Aid

MAKES TO Big Cool DRINKS

FROM coast to coast women are wearing these strapped, sun-backs! It's the new look in fashions—and it's practical, cool and

### Ready to be Enjoyed

## Kellogg's RICE KRISPIES

"The Grain is Great Food" Kellogg's Rice Krispies cereal is naturally the whole rice grain in nearly all the protective food elements declared essential to human nutrition.

**Kellogg's RICE KRISPIES**

1/2 cup sliced peaches  
1 tablespoon lemon juice  
1/4 cup sugar  
3 tablespoons cornstarch  
2 teaspoons butter  
Dash of salt  
1/4 teaspoon almond extract  
1 1/2-inch baked pastry shell

Sprinkle peaches with lemon juice and sugar. Cook slowly to extract juice. Mix juice with cornstarch and blend. Cook over low heat until thickened, stirring constantly. Remove from heat. Add butter, salt and almond extract. Add peaches. Pour into pastry shell. Chill. Garnish with cream or piped meringue if desired.

### The Same HIGH QUALITY as always

### The Same LOW PRICE as always

## CABBER GIRL Baking Powder

CABBER GIRL goes with the best of everything, for baking

Meat is simple and economical meat, but elegant if properly prepared in this chilled loaf style:

**"Killed" Veal Loaf.**

1 veal knuckle  
1 pound veal shoulder  
1 onion  
2 eggs  
9 pimiento olives  
1 tablespoon salt  
1 tablespoon Worcestershire sauce

Have the veal knuckle sawed in 3 or 4 places. Slimmer the knuckle, veal, onion and seasonings in water, cover until tender, about 2 hours. Chop veal fine. Garnish the bottom of the loaf pan with sliced hard-cooked eggs and sliced pimiento. Add chopped veal. Strain the broth and cook until reduced to 1 cupful. Pour over meat, add salt and Worcestershire sauce. Press firmly into pan. Chill. Unmold and serve with preserved fruit and cold slow in lettuce cups.

A sauce to go with fish or vegetable: Hollandaise. Here is a vegetable made recipe:

Hollandaise Sauce.  
4 eggs  
1/2 cup melted butter  
1 teaspoon salt  
1/2 teaspoon paprika  
1/2 cup boiling water  
3 tablespoons lemon juice

Strive egg yolks, adding melted butter gradually. Season with salt and paprika. Add boiling water, stirring constantly. Place in double boiler and cook until thickened. Remove from fire. Add lemon juice and serve immediately.

To Hollandaise sauce to serve over fish, add one of the following:  
1/2 cup chopped pimiento olives  
1/2 cup capers  
1/2 cup chopped tart pickles

If you wish additional instruction for canning fruit or berries, write to Miss Lynn Chambers, 2117 South Desplaines Street, Chicago, Illinois. Please enclose stamped, self-addressed envelope for your reply.

Reprinted by Western Newspaper Union.

## ATHLETE'S FOOT NEWS

"80.6% of sufferers showed CLINICAL IMPROVEMENT after only 10-day treatment with SOROTONE"

Foster D. South, Inc., well-known consulting chemists, have just completed a test with a group of men and women suffering from Athlete's Foot. These people were told to use Sorotone. At the end of only a 10-day test period, their feet were examined by a physician. We quote from the report:

"After the use of Sorotone according to the directions on the label for a period of only ten days, 80.6% of the cases showed clinical improvement of an infection which is most stubborn to control."

Improvements were shown in the symptoms of Athlete's Foot—the itching, burning, redness, etc. The report says:

"In our opinion Sorotone is of very definite benefit in the treatment of this disease, which is commonly known as 'Athlete's Foot.'"

So if Athlete's Foot troubles you, don't temporize. Get SOROTONE! McKesson & Robbins, Inc., Ridgeport, Connecticut.

We are authorized to announce **LUTHER BRADLEY** as a candidate for the office of County Judge of Rowan County, subject to the action of the Republican party at the August 5 primary.

**Allie Holbrook Is Home After Two Years In Army**

Received Civilian Pilot Training At Morehead

Allie Holbrook, resident of Morehead up until two years ago when he enlisted in the army, is back home again. He arrived Sunday, August 6, from the separation center at Fort Sheridan, Ill., with an honorable discharge under Section 10 of the Army regulations. "Section 10," Holbrook stated, "means at the convenience of the army." That is, it is the same kind of discharge that the boys will get at the end of the war. He was in the first outfit released under Section 10 and is among approximately 3,000 men in the country who have been

servicing with the War Training Service. Under this ruling, the men were given a choice of receiving honorable discharges or remaining in the regular army, or, as in Holbrook's case, going to radio school. He stated that 90 percent chose the discharges.

Fort Sheridan is one of five army posts in the United States which is serving as a separation center. Holbrook was assigned to Fort Sheridan from Truxa Field, Madison, Wisconsin, where he had just completed a 22 weeks course in radio mechanics.

Originally, he was a member of the Civilian Pilot Training program and received his primary training here at Morehead after his enlistment in July, 1942. During the early days of the program, the men in C.P.T. took eight-week courses in certain designated colleges throughout the country and were furnished only room, board, medical and flight instruction without pay, but on January, 1943, they were paid \$50 per month.

Following his secondary training at Cincinnati, he received his basic army training at Kessler Field, Miss., and was sent to Winston Salem, N. C., for cross-country training, then to Parkersburg, W. Virginia, for Link instrument training.

Until January 18, 1944, when the whole program folded, Holbrook was continuing his training in flying in preparation for service as an army flight instructor, but the demand for instructors fell off so heavily, the C.P.T. program, then called to the War Training Service, was disbanded.

After War Training Service was disbanded, he was sent to Greensboro, N. C., for another six-weeks of basic training. He was then assigned to Truxa Field, and, at the completion of a radio mechanics course, received his discharge.

He is now back at Morehead visiting his mother, Mrs. D. M. Holbrook, and friends and relatives here.

**BRADLEY THANKS ROWAN COUNTY VOTERS**

To The Voters of Rowan County:

I desire to express my thanks to the voters for their confidence in me by honoring me with the nomination for County Judge at the recent Primary.

As I look forward to the regular election this fall I do so with a full realization of the great responsibility that you have placed upon me and I now renew my promise to you to endeavor to carry our banner to success in the final election and when I am elected I assure you that I shall exert my every effort to give you a safe and sane administration of your county affairs.

On account of the short time before the primary I was unable to see many of you but I hope that between now and the regular election that I may be able to see all the voters and personally express to you my sincere appreciation for your expressed confidence and hope for your continued support.

Again thanking one and all, I am

Respectfully,  
**Luther Bradley**

**Let's Make the Sun Shine Brighter on the Old Kentucky Home**

WHEN we talk about the greater development of Kentucky we should face the real facts about the conditions and factors that cause the development of any area. For example—

The New York State Department of Commerce has just completed a poll among New York State manufacturers on the merits of that region as a business area and as a place in which to locate. The questions brought out necessary requirements for industrial development.

Ninety-seven per cent praised the State as a market; 92% said labor was co-operative; 91% approved the availability of raw and semi-processed materials; 92% were satisfied with transportation facilities; 91% approved fuel costs; 92% were satisfied with electrical costs and service. After these basic requirements came reasonable tax laws, sound government and moderate living costs.

It is noteworthy that no single requirement—no

matter how favorable—is enough to attract industries to any region. Yet some promoters of socialized utilities say government-owned T.V.A. power in Kentucky will draw industries to our State.

It is also noteworthy that the poll showed 92% of the manufacturers in that highly industrialized area approved electric power costs and service. In New York State electric utilities are business-managed, like Kentucky Utilities Company.

The U. S. Census Bureau has proved the fallacy of the claim that T.V.A. power would bring industries to the State. A Bureau report stated that only 82 cents worth of electric power is used in each \$100 worth of manufactured goods—against \$53.40 for materials and containers, \$22.60 for wages and salaries, and \$20.64 for taxes, overhead expense and profit. It is evident that electric power is a very minor cost in the manufacture of the average article.

Kentucky has good labor, plenty of raw materials, adequate transportation facilities, cheap fuel, satisfactory market outlets, fine climate, moderate living costs, and an ample supply of low-cost electricity.

Kentucky can be more rapidly developed if the people really want taxpaying industries that will provide plenty of work and supply State, county and city funds for better schools, roads, public institutions, health facilities, etc., and help pay for the war.

We must all work together to let industries inside and outside the State know they are welcome—that all groups among us (capital, labor, state and municipal officials, etc.) are quite as friendly toward taxpaying industries as the people are anywhere else.

We can make the sun shine brighter on the Old Kentucky Home... speed the development of our State... if we'll all pull together. Let's start now!

REDDY KILOWATT, your electric salesman

**Daniel Boone Smedley, "Hottest Democrat In 40 Counties Or 48 States" Hasn't Missed Voting In Piercy Precinct For Over Sixty-Four Years**

Under Saturday's hot sun Saturday in the Piercy precinct there trudged along an old and proud man, a pioneer citizen of Rowan County and Eastern Kentucky—to cast his ballot in the primary election. And with him probably went the record for consecutive voting in this county. The proud old man was 86 years old Daniel Boone Smedley, a defiant and outspoken liberal and the "hottest Democrat in forty-eight states."

Boone Smedley—called "Boone" by his neighbors and hundreds of friends—has voted in Rowan County. He has never missed an election, whether it be a primary, final, school board or wet and dry.

As Daniel Boone Smedley straightened his shoulders and dropped his ballot in the box he murmured, "I'll be back in November."

That ballot was cast for Senator Alben W. Barkley and of the some hundred thousand

that the Senate floor leader received in Saturday's light primary there could be none more treasured than Daniel Boone Smedley's.

While many Morehead people didn't take the trouble to walk across the street to vote Saturday Uncle Boone trudged his way keeping intact a unique voting record.

"In sixty-four years, I've never crossed my ballot—my 'X' has always gone under the rooster, and I've never been sorry for a ballot I cast," Mr. Smedley declared.

"I've never missed an election, my one hope is that I live to get to the polls this November and put one more stamp under the Democratic emblem."

Uncle Boone says that "Franklin D. Roosevelt is the greatest president the nation ever had."

"I thank God that I lived to vote for him three times already and ask that I be spared until the general election so that I can make it four in a row."

The son of Samuel Smedley and Deliah Brown Smedley, Uncle Boone was born August 8, 1858, at the mouth of Upper Lock Fork in Rowan County. He has lived in this county his entire life of 86 years.

On February 1, 1877, he was married to Mary Eliza Ellington of Morgan County. Of their 11 children, all but one survive. They are: J. D. Smedley, route 3, Morehead; Frank Smedley, Harveys, Ill.; Kate Hargis, Farmers, Ky.; Dell Foster, Clearfield, Ky.; Ora W. Smedley, Seattle, Wash.; Emma Pigman, Morehead, Ky.; John Smedley, Dayton, O.; Charlie Smedley, Columbus, O.; Mary Black, Osburn, O.; and Jessie Smedley, route 3, Morehead. Following the death of his wife he has resided with his son, J. D.

All of Uncle Boone's votes have been cast in Piercy, Number 3 precinct. At the time he cast his first ballot there were only four precincts in the county: Morehead; Farmers, Piercy and Hogtown.

Mr. Smedley is proud that he has never been in court, "was never sued and never sued anybody."

Although his friends have urged him to run for political office many times during 64 years of maturity, Uncle Boone has turned his ear although he has always been one of the first to espouse the cause of the Democratic party. He did serve as school trustee for 29 years and on the Board of Education four years.

One of his fondest memories is of Cora Wilson Stewart of Morehead, famed originator of the Moonlight Schools. Mr. Smedley never missed a night attending these schools and he thinks they did much to elevate the educational status of the county. "Why hardly anyone could read or write at that time before these schools

were started," he recalled. He classed her as the real pioneer in education in this county.

**Morehead Man Drifts With Storm At Sea**

**Everett Hamm Has Narrow Escape**

NEW ORLEANS, La., July 28.—He thought for a while that maybe the Navy had assigned him to a phantom ship because after he had abandoned her and taken to a life raft, he then found her tied up to a dock when he reached port.

He is Everett L. Hamm, USNR, seaman first class, son of Mrs. Ida Hamm of Morehead, Ky. He recently told his story when he arrived at the Navy's Armed Guard Center here after spending the past nine months at sea as a member of a Navy gun crew aboard a merchant ship.

It all happened last January when he, as a part of a Navy gun crew, left an eastern seaboard port for the European war theater with a cargo of vital war supplies.

A storm arose and it increased steadily in velocity. The raging seas whipped Hamm's ship mercilessly. She strained under her load and then a sound, like some huge rifle being fired, rang out. The merchant crew told Hamm and his shipmates that the old ship was mreaking up.

**Abandon Ship Ordered**

"The order to abandon ship came immediately," Hamm reported, "and I was picked among the first eight men for the first life raft. We had plenty of trouble in getting the raft launched but the eight of us finally made it."

The raging storm immediately separated the raft from the groaning ship. Hamm and his mates "batted" the waves for nearly an hour before an escort vessel, assigned to guard the convoy, spotted the eight men and pulled them aboard.

But their trouble didn't end with that rescue. The escort had also taken a beating from the storm and wicked waves lashed at her continually, finally wrecking her steering gear.

"We drifted with the storm for about 36 hours," Hamm related, "and then crewmen completed repairs and we were able to steer a course."

The ship's captain put into the nearest North Atlantic port and it was there that Hamm and his shipmates received the surprise of their lives.

"We were moving in toward a pier and dead ahead of us was our old ship, the same one we had abandoned as lost," the Kentuckian said. "We were later told that soon after we had taken to the raft, the captain decided that the remaining men should stay aboard while an attempt was made to reach port. They got there about a day ahead of us."

Hamm, who attended Haldeman, Ky., high school, was employed by the Pullman Standard Car Co., Hammond, Ind., before entering the service. He enlisted in the Navy June 8, 1943, and since then has been attached to the Armed

Guard."

The young Navy gunner is now awaiting orders which will place him aboard another supply-laden merchantman bound for foreign battle zones.

He is a nephew of Mrs. Bettie Brammer, Emlston and Morehead merchant.

**Marriage Licenses**

The following licenses to marry have been issued during the month of August to:

William Richardson, 17, single, son of Burl and Bertha Richardson of Morehead, and Lavena Davs, 19, single, daughter of William and Oda Davis, of Morehead, Ky., on August 5.

William Clayton Roberts, 17, single, son of Eddie and Ethel Roberts of Clearfield, Ky., and Lona Katharine Lambert, 18, single, daughter of Alex and Melissa Lambert, of Clearfield, on August 4.

Denver Dalton, 19, single, son of Estil and Anner Dalton, of Morehead, and Janet Evans, 19, single, daughter of Edward and Violet Evans of Farmers, Ky., on August 5.

# Dummitt Gives Answers On Absentee Ballot

## Says Law Not Clear To Many

Attorney General Eldon S. Dummitt stated today that his office was receiving numerous inquiries from over the State regarding the use of the Absentee Ballot. He said that he had been advised that there was an impression in some quarters that only members of the Armed Forces could avail themselves of the privilege of using the Absentee Ballot. He continued, "in order to generally clarify the situation and to make it possible for the full purpose of

the law to be effective my office has prepared the following questions and answers which cover the most controversial features of and vote under the Law?

Q. Who is eligible to register and vote under the Law?

A. Every voter of the Commonwealth who expects in the course of his business or duties to be absent from the county in which is situated his voting precinct on the day of holding any special, general, or primary election and who is otherwise under the Election Laws of the Commonwealth eligible to vote.

Q. For whom may an Absentee Voter vote?

A. Presidential and vice-presidential electors and members of the U. S. Senate and House of Representatives.

Q. To whom is the application for Absentee Voter's Ballot sent after it has been properly executed?

A. To the Secretary of State, Frankfort, Kentucky.

Q. What does the Secretary of State do with the application?

A. He sends it to the County Court Clerk or the chief registration official of the county of the Absent Voter's residence. That official determines whether or not the voter is registered and, if not registered, whether or not he is eligible to register. After this determination the Secretary of State is notified and if the voter is eligible to vote the Secretary of State sends a ballot to the Absent Voter. The Clerk or the chief registration official maintains an official list of all such Absentee Voters and certificates same to the precinct election of-

fers at the time other election paraphernalia is delivered.

Q. Upon receipt of the Absentee Ballot what does the voter do with it?

A. Goes before some civil officer authorized to administer oaths or before a commissioned officer of the Armed Forces and in the presence of the officer casts his vote. He then returns the voted ballot to the Secretary of State, Frankfort, Kentucky.

Q. Upon receipt of the ballot what does the Secretary of State do with it?

A. Forwards it to the County Court Clerk of the County of the Voter's voting residence.

Q. What does the County Court Clerk do with the ballot?

A. BEFORE the day of the election the Clerk sends the ballot to the voting officers of the Voter's voting precinct.

Q. Can an Absentee Ballot be counted which is received by the Clerk of the precinct day of the election on Election Day?

A. No, it must be destroyed thirty days after the election, unopened and not counted.

Q. What do the election officers of the precinct do with the Absentee Ballot?

A. The Clerk of the precinct election must call the names of the Absentee voters aloud; the Clerk or the precinct election officers must examine the ballots and determine that the inner envelope is regular and in form and condition and that it has not been opened. If the form of voting is regular and the envelope and ballot have not been opened or tampered with, the clerk of the election and one of the judges sign the back of the ballot and

place it in the regular ballot box; the vote may be challenged in the same manner as any other vote if it is rejected. The Clerk of the election must write the word "rejected" on the ballot. A rejected ballot will not be put in the ballot box.

Q. Can anyone other than the Absentee Voter execute the application for a ballot?

A. No, the Absentee Voter must personally sign the application.

Q. What form of application may be used by the Absentee Voter?

A. The form prepared by the Secretary of State pursuant to the Law or the form prescribed by the Congress of the United States. Any form prescribed by the Congress must be a substantial compliance with the form provided by the Kentucky Law.

Q. Can the Absentee Voter use any ballot other than the ballot prepared by the Secretary of State pursuant to Kentucky law?

A. No, the use of any ballot other than that provided by Kentucky Law will void the vote.

Q. Where can application forms for Absentee Voting be obtained?

A. From the Secretary of State, Frankfort, Kentucky.

Q. Where an Absent Voter has not registered and is otherwise qualified to vote makes application to vote under the provisions of the Absent Voter Law can the County Court Clerk or Chief Registration Official of a county, upon application to vote by an Absent Voter register him even though the registration books are closed under the Election Laws?

A. Yes, he may be registered if he is otherwise qualified to vote.

## Would you like to borrow \$700,000,000 for 60 years without interest?

A PROMINENT OFFICIAL of the Tennessee Valley Authority spoke at a joint meeting of the Washington Society of Engineers and the Washington chapters of the American Society of Civil Engineers and the American Institute of Electrical Engineers, on April 19. Regarding T.V.A., he was asked: "Does income exceed expense?" The reply was:

"By this autumn \$700,000,000 will have been invested, 65 per cent of which (\$455,000,000) is power investment. The power investment can be retired in thirty years without interest. The whole investment can be retired in sixty years without interest. This is based on current income and the assumption that the T.V.A. has now reached practically full development and will not require any further appropriations by Congress."

By this answer the official stated that T.V.A. IS SUBSIDIZED AND

IS NOT SELF-SUPPORTING. The T.V.A. is a corporation owned and operated by the Federal Government. It competes with privately owned, tax-paying business enterprises. There is not one single valid reason why T.V.A. should not pay us—the people—the interest on money which it has borrowed from us.

This subsidy of free money is one reason why T.V.A. should be able to sell electricity cheaper than any business-managed utility can. The other reason is that T.V.A. does not pay any federal taxes. If T.V.A. were a tax-paying utility, it would have put into the U. S. Treasury about \$9,500,000 taxes on its 1943 business alone. And you, Mr. Tax Payer, would have had to pay that much less.

Suppose at some future date the Congress of the United States decides that T.V.A. as a government corporation, should be self-supporting and pay

interest and income taxes as all other businesses do. Then, according to reports from reliable engineers, T.V.A. rates would have to be increased about 80 per cent . . . or almost doubled. Users of T.V.A. service then would pay a lot more for it than they would pay for service bought from a tax-paying, business-managed utility.

It is easy for promoters of a government socialistic program to claim success when the taxpayers put up the money, pay the interest and taxes, and make up all losses.

REDDY KILOWATT,  
your electrical servant

If one government bureau can take this unfair advantage of the electric power business, another government bureau can and may take the same unfair advantage of other businesses in due time.

## Send This to Your Absentee Voter

Mail this coupon to a voter in your family, whether in the armed services or not, who expects to be away from his home precinct during the general election November 7, 1944. Ask the absentee voter to fill out the form and mail it to the Secretary of State, Frankfort, Ky. That will start procedure for absentee voting under authority of House Bill 205, enacted by the 1944 General Assembly.

Section 3 of the bill follows:

"Application for such ballot shall be signed and sworn to by the absent voter before a civil officer authorized by law to administer an oath, provided that if such absent voter is in the military or naval service of the Commonwealth of Kentucky or the United States, or serving in or attached to any branch of said services, he may swear to said application before any commissioned military or naval officer of the Commonwealth of Kentucky or the United States, or any branch of the Armed Forces. Said application shall be substantially in the following form:

Secretary of State,  
Frankfort, Ky.

I, \_\_\_\_\_, state that I am a resident of the State of Kentucky and have been such for at least one year prior to the date hereof, I am a resident of \_\_\_\_\_ County and have been such for more than six months prior to said date, and am a resident of \_\_\_\_\_ Precinct of said county (or \_\_\_\_\_ Ward of the city of \_\_\_\_\_ county of \_\_\_\_\_) at least sixty days prior to said date; that I am a duly qualified voter of said precinct (or said ward); that in the course of my business or duties I expect to be absent from said precinct or ward on the election to be held in said ward or precinct on the 7th day of November, 1944, and I will not vote elsewhere at said election. I request that an official ballot be mailed to me at the following address:

(Name and official title.)

Subscribed and sworn to before me this \_\_\_\_\_ day of \_\_\_\_\_ (Voter must sign here, and oath must be administered and attested.) (Name and Address)

## HE 'AIRS' THE DEPOT daily

interviews hot off the bus make homespun entertainment for WHAS radio listeners

TED GRIZZARD . . . the casual conversationalist you hear at four-thirty every afternoon, finds a good deal of news and nonsense in every person he "interviews". The big Irishman claims people as his hobby and vocation . . . editorial on Ted when he dropped a hint at his last broadcast that he was pushing on . . . probably to California, did not have a sponsor, and that only written recommendations carried any weight when applying for a job on radio. Over eight hundred letters poured in . . . representing every level of listener audience. Ordinarily Grizzard says that the most ardent response comes from children, religious-minded folk and sports fans.

A big, red-haired Irishman with merry blue eyes, Ted takes his stand in the bus terminal at the same hour daily, approaches travel-tired people from everywhere, engages them in conversation, and within a few moments brings up some item of interest to listeners. Significant example is the interview with a woman whose conversation failed to sparkle until he asked what unusual dishes she had cooked. "I once baked a cat," she answered, "when I was a child."

In demand by Rotary, Lions, Kiwanis, Exchange Club and The American Legion, Ted led his way through unhearsesed programs nimbly leading his audience in a merry chase, at once exciting and informal.

Giggle with Ted Grizzard as he "lays 'em in the aisle" of buses . . . just for fun.

### County Agent Discusses Amount Of Livestock That Should Be Kept This Year

The drought has caused a big reduction in the amount of hay and grain that will be harvested in Rowan county this year. Pastures are short and cattle will probably start in the fall carrying very little flesh. Rowan county farmers are making every effort to increase their feed supplies and some of them will find it necessary to reduce the number of livestock. The University of Kentucky has worked out a simple chart for farmers to use in figuring the number of head of cattle, poultry, hogs and work stock they can carry through the winter on the feed that they have available. This leaflet is available at the County Agent's office and every farmer should get one now and plan to balance his livestock with its available feed.

#### Rowan Farmers Have Started Harvesting Tobacco

A number of farmers have reported to the county agents of Rowan county that they are busy priming tobacco. They report that they have caught up with most of their work and that the bottom leaves have turned yellow so they are breaking them off and stringing them on a stick. Priming if done the right way is the answer to the question often asked "What can be done if the bottom leaves are burning badly by the rest of the plant is still immature?"

Instead of cutting at this time they would go through the field and pick off 2-5 bottom leaves per plant they would harvest more tobacco and better quality of tobacco. Growers have found that they can increase the yield per acre 300 to 400 pounds by priming. Farmers with less than 10 acres of tobacco will find that their time is worth at least \$1.00 per hour. To get the greatest number of leaves in the best possible condition they should be primed before or partly cured. Cured or partly cured leaves attached to the growing plant or lying on the ground darken rapidly and may be entirely lost in 3 to 4 days if the weather is warm and rainy. If the bottom leaves are yellow priming may be done any time during the day. If however, the leaves are partly cured the work must be done when the bottom leaves are in case to prevent shattering usually in the early morning or on a cloudy day. Pull the leaves from the plant, take them to the barn sort, then according to soundness and quality and the them to tobacco sticks with light wrapping twine. If the leaves have fast stems don't tie more than two at one place. If the stems have dried then 3 or 4 leaves may be tied at a place. After the sticks are filled house them at the rate

of 15 to 18 sticks to the 12 ft. tier rail. Curing primed tobacco is easier than curing the entire plant. The important thing is to keep the leaves dry most of the time. Many growers follow the practice of putting the primed sticks in the top of the barn when the leaves are cured they should be taken down and tied loosely in hands of 20 to 25 leaves placed on sticks the same as other tobacco and bulked in hollow bulks, covered but not weighted. Don't hang fresh harvested tobacco under cured primed leaves.

### Missionary Society Elects Officers For This Year

On Monday night, July 31, the Missionary Society of the Church of God held its first meeting of the year. New officers were elected and committees appointed to perform the various duties of the society. The society's new president, Mrs. Lula Holbrook gave an interesting report on the State Missionary meeting she had recently attended in Winchester, Ky. Mrs. Roy Vencil and baby were president of the society and Mrs. Ruby Moore secretary and treasurer. Laura Barbour, Stella Croethwaite and Vada Croethwaite were appointed to serve on the budget committee. Grace Crestwaite, Fyrl Black and Ruby Moore were placed on the program committee. The music committee is consist of Mrs. Dee Sims, Mrs. Marie Ellington, and Mrs. Susie Lewis. Mabel Alfrey, Inez Kegley, Mrs. Roy Vencil, Hester Roberts and Mrs. Lourraier Kegley are to make up the finance committee. Mildred Spencer, Nettie Hudson, Letha Hall and Mole Jones were placed on the refreshment committee and Rose McClain, Mary Lee Mauk and Hester Roberts on the flower committee.

The society decided to hold regular meetings on the last Monday of each month. Mr. and Mrs. Charles Tackett of Triplett, Ky., had a Tackett reunion at their home Sunday, July 23.

Mr. and Mrs. Charles Tackett of Triplett, Ky., had a Tackett reunion at their home Sunday, July 23.

### Fred Hogge Is Representative In Oratorical Contest

Rizz Wallace of Eubank, Pulaski County, was adjudged winner of the State Future Farmers of America public speaking contest sponsored by the Courier-Journal and the Louisville Times. Young Wallace was awarded a \$50.00 cash prize and an all-expense trip to Chicago, where later this month he will represent Kentucky in the North-Central Regional finals of the national FFA public speaking contest. Other entries, each of whom was awarded \$10.00 by the newspapers, were James Merchant, Bagdad, Shelby County; Charles Livingston, Harson, Hopkins County; Patrick Murray, Murray, Paducah County; Ray Hatfield, Clarkson, Jefferson County; Leonard Page, Alvaton, Warren County; Everett Parker, Sadleville, Scott County; William Armstrong, Simon Kenton County; and Fred Hogge, Morehead, Rowan County.

Judges for the contest, held in the College of Education auditorium on the University of Kentucky campus, were Lewis Clift, director of university extension; Dr. C. C. Ross, of the College of Education; and Dr. Forrester Ely, head of the dairy department of the university's College of Agriculture and Home Economics. Fred Hogge represented the Rowan County Chapter and the Eastern Kentucky District in the public speaking contest. Although Fred lost in the elimination contest he finished only three points below the state winner. The date of the Future Farmer State Meet at Hardinsburg was postponed until August 21, 22 and 23.

### Hughes Supervises Rowan Cannery For Next 2 1-2 Weeks

Mr. Charles Hughes, Vocational Supervisor of Rowan County Cannery for the two and one-half week period that Mrs. W. H. Rice is in Lexington attending the summer school course in Current Problems in Home Economics Education. Mr. Hughes will be assisted by several experienced cannery men in order that families may receive help with their canning. The charge for this family help is 25c an hour. The day by day market will be continued and the following foods will be brought to the cannery for canning during this period: apples, grapes, tomatoes, beans and corn. Any family wishing to sign up for any of these foods for canning, call Mr. Hughes either at 34 or 121.

Mrs. Warren Lappin, Mrs. W. Robert Lughlin and Mrs. V. H. Wolford spent Tuesday in Lexington shopping.

### Demand For Green Beans Increases At Local Cannery

The Tuesday morning wholesale vegetable market sponsored by the Board of Trade showed an increased demand for green beans. The market price for beans was \$2.50 per bushel but very few farmers had beans to sell. The demand was strong for both beans and canning corn. Apples sold at 25c per gallon. There were at least three buyers for every bushel of vegetables and fruit that came to the market. Farmers who have a surplus should send it to town on Tuesday morning when they can dispose of it at market price. Mr. Jesse Perkins, manager of the market, reports that last Tuesday morning 16 bushels of beans went through the market.

Mrs. J. G. Black and son, Charles, left Monday night after a visit with Mr. and Mrs. J. G. Black, Jr., for her home at Ann Arbor, Mich.

# PULPWOOD NEEDED TO SPEED VICTORY

You have been reading about the wartime need for pulpwood. Today the need is greater than ever before. Our offensives in Europe and the Pacific have greatly increased military requirements for supplies and equipment made of pulpwood or packed in paper or paperboard made of pulpwood. It has become an A-1 war material.

**It's a Wartime Job**

Pulpwood cutting has been recognized by the War Manpower Commission and the Selective Service System as an essential occupation.

**With a Post-War Future**

But pulpwood production is different from most war industries. It will continue on the same scale after the war.

Cut pulpwood today because it is both patriotic and profitable. Your county agent, forester, or mill buyer will tell you about the peak wartime prices being paid for it.

Now's the time to get into a business which will continue to pay good dividends when peace returns.

**US VICTORY PULPWOOD CAMPAIGN**

**VICTORY PULPWOOD COMMITTEE**

Rowan County Agent Forest Ranger

Editor, News

## WHICH WAY WOULD BE BEST FOR YOU?

**YOU** hear a lot of talk these days about the Government owning electric utilities. Naturally, you wonder if you and your children would be better off if Government ownership... not only of power systems, but of all kinds of business that affect your daily life.

When Government is in business it is socialism. When you are in business, it is free enterprise. When Government enters business it gets the capital to start by taking tax money paid into the Treasury mostly by the owners and employees of free enterprise businesses. When you go into business you use your savings as capital. If Government business loses money, it dips into the Treasury for more tax money. If your business loses money, you go broke.

**Has Special Privileges**

- PROMOTERS of Government power systems (such as the T. V. A.) say they can sell you electricity cheaper than you can buy from free enterprise systems. If that is true, it is because a Government system enjoys special privileges:
  - It has free use of the mails.
  - It borrows money at little or no interest.
  - It makes up losses from taxes.
  - It buys all supplies at big discounts.
  - It gets transportation at lower rates.
  - It pays no federal taxes.
  - It is regulated by state or local governments.

**Boosting Your Taxes**

If a Government system (the T. V. A., for example) is selling you electricity at slightly lower rates it is helping to boost your federal taxes. For every free enterprise power business it wipes out a big taxpaying and this adds to your tax bill.

Remember that Government in business is socialism.

is an European idea spawned by Karl Marx, a "quer" German. It was brought to this country by radical politicians. The Russians have copied it and used it up. The Nazi and Fascist boot horns whined it on Germany and Italy. It has ruined both countries.

Servants of the State

SOCIALISM makes the Government all powerful, and makes the people servants of the state. It is exactly opposite to "government of the people, by the people, for the people." Its purpose is to destroy free enterprise. Its aim is to crush independence of spirit. To do this it puts Government in business in competition with its citizens, and stacks the cards against the citizens.

This socialism is what powerful elements—many of them with radical European ties and background—are trying to foist on the American people. They say it is best for you and your children. (That's what the Nazis told their victims!)

**Best for the "Little Man"**

If you oppose them with common sense and the hard facts of history, they call you "fascist names." They say you want to go on robbing your fellow citizens. They say you hate progress and a better world.

Well, when you're wondering what would be best for you and your children, remember this: the traditional American way of life—with free enterprise for everyone—has made this nation the strongest on earth. It has given the "little man" (meaning all of us shirt-sleeve Americans) greater opportunity for happiness, growth, and freedom than he has had at any other time and place in history.

## Pulpwood Drive One Year Old

Just a year ago this week American newspapers launched the Victory Pulpwood Campaign in response to an appeal from Donald M. Nelson, chairman of the War Production Board.

At that time the pulpwood production picture was dark indeed. The nation's pulpwood supply has been steadily dwindling since the fall of 1942 while military and essential civilian needs for paper and other pulpwood products had been as steadily rising.

Although the emergency is not yet past, we are happy to report

that real progress has been made during the twelve months that The Rowan County News and other newspapers in pulpwood areas have been supporting this war campaign.

The trend in pulpwood production has been reversed. Receipts this year are consistently better than last year and in some months on a par with 1942 when pulpwood production reached its highest peaks. However, pulpwood inventories all but disappeared during the lean months of 1943 and mill requirements for paper and other pulpwood products have exceeded earlier Government estimates.

We are not yet out of the woods—literally or figuratively. In fact, WPB officials report that the victory terms of our military services has increased the demands for pulpwood—now a war material of the highest priority.

Mr. Nelson, you can count on this community to cut its share of the needed 16,000,000 cords this year.

**SPARKY WATTS**

**By BOODY ROGERS**

**Speaking of Sports**  
By **Bob McShane**  
Released by Western Newspaper Union.

**IT REMAINED** for Arne Anderson, Swedish schoolteacher, to prove to the world that talk of a four-minute mile was more than wishful thinking. In the greatest mile race of all time, Anderson tore the distance in 4:01.6. Running against the famed Gordon Hagg, Anderson came closest to achieving the goal of some 70 years. He has definitely proved his superiority over Hagg, and has removed any doubt that there is anyone in his class. And it should be noted that Hagg knocked off the mile in 4:02, better than any previously recorded time before their duel.

**1943 Record**

Anderson's 4:01.6 mile was the latest development in the running of the event that has become monopoly for him and Hagg. They have broken the record four times in the past two years, shaving nearly five seconds from the 4:08.4 set by Sidney Wooderson of England in 1937. In 1943 Anderson established a world record of 4:02.6. At Arne Anderson, 28, the flying Swede cut a half second from that mark. For the first three quarters of his race with Hagg, Arne actually was eight-tenths of a second ahead of the four-minute pace. He ran the first quarter in 58.8 for the fastest lap ever made in a mile race. When he reached the half-mile mark, with 59.5 for the quarter, he was hitting pretty much the pace of a good middle-distance man. He made the third quarter in 62.9 and the last in 61.4.

In running 4:02.6 last year Anderson set his quarters in 58.5, 62.5, 61.8 and 59.8. Comparison of his four-minute race shows that he was 1.7 faster on the first quarter than last summer and two full seconds on the half. He began to lag and ran the third quarter 1.5 slower and then he has improved over the first half mile. But he will have to develop a stronger finish to clock the four-minute mile.

Francis Powers, Chicago sports writer, points out that Col. Arnold George Jackson, English Olympic champion in 1912, calculated that the four-minute mile will be reached only if a runner can pace himself to 58, 62, 61 and 59 seconds. That is a punishing schedule. It demands a terrific start, a breathing spell during the second quarter with a great pickup during the third and speed enough for a slamming finish.

**A Comparison**  
Anderson bettered Jackson's standard for the first quarter and was 2.1 ahead of time at the half. He fell 1.1 back at schedule on the third, but was still eight-tenths of a second to the good for the three-quarters. The final lap was his undoing—he went 2.4 off the Jackson pace.

Anderson indicated earlier in the season that he would have come to the United States but for previous running commitments in Sweden. Hagg, too, has announced that he will return to the United States at the earliest possible convenience. Their appearance here would furnish great entertainment, but the competition we could provide during the summer would mean a very early try to this country rather futile.

It would be better if the two Swedes would come for our winter season. They could meet America's milers when they were in top form. It is also doubtful if Anderson and Hagg, during the warm months, could approach the time they made in their homeland, where they can run late in the evening when it is cool and there is no bothersome humidity.

**Pretty Girl Had Reached The Age of Discretion**

It was long after midnight in the home of the famous author. He looked haggard and worn, for he had been working on his latest novel. "Darling," called his wife, "are you coming to bed?" "No, I'm not," muttered the author. "I've got the pretty girl in the clutches of the villain and I want to get her out." "How old is the girl?" asked the wife. "She's twenty-three," informed the writer. "Then for goodness sake put out the lights and come to bed," snapped the weary wife. "She's certainly old enough to take care of herself!"

### Evans-Dalton Marriage Solemnized Saturday

Miss Jane Louise Evans, daughter of Mr. and Mrs. Deward A. V. Evans, of Farmers, Ky., became the bride of Corporal Denver Dalton, son of Mr. and Mrs. Estil Dalton, of Morehead, at 5:00 Saturday afternoon, August 5. The ceremony took place in the Baptist parsonage, with Rev. Euell H. Kaze officiating.

Served as best man and matron of honor for the young couple. The bride wore a becoming summer dress and chose for her flowers a shoulder corsage of red roses.

After a short wedding trip the young couple returned to Morehead and Cpl. Dalton left on Wednesday to report to his Air Corps base at Lincoln, Nebraska.

On Tuesday night Mr. and Mrs. Deward Evans entertained a small group of friends with a reception in honor of the young couple at their home at Farmers, Ky.

Refreshments of ice cream and

cake were served to Mr. and Mrs. Estil Dalton, of Morehead, Dr. and Mrs. T. A. Evans, of Farmers, and Cpl. and Mrs. Denver Dalton.

### Mrs. Lindsey Caudill Given Birthday Party

### Miss Wellman Weds Chemist In Alabama

The marriage of Miss Kathryn Leslie Wellman, daughter of Mr. and Mrs. D. W. Wellman, of this city, and Mr. Gene L. Samsel, son of Mr. and Mrs. C. J. Samsel of Toledo, Ohio, was solemnized at 7:00 Tuesday evening, August 1. The wedding, a double ring ceremony, took place in the Presbyterian parsonage, at Florence, Alabama, Rev. D. W. Hollingsworth officiating.

The bride wore a charming summer suit of white alpaca crepe, with white accessories, and chose as her flowers a shoulder corsage of red camillias.

Miss Betty Jane Darrough, of Florence, was Miss Wellman's maid of honor. Her gown was of pink silk crepe with black accessories. Her flowers were a shoulder corsage of white butterfly geraniums.

Mr. T. C. Hoppe, of Florence, acted as best man.

Guests at the wedding were: Mrs. T. C. Hoppe, Mr. John Morgan Chilton, Miss Marie Hitchcock, all of Florence, and Miss Martha Alice Wellman, sister of the bride, of Morehead.

After the ceremony, a reception was held in honor of the newly wed couple at the home of Miss Billie Fitzpatrick, in Florence.

Mrs. Samsel is a graduate of Morehead State Teachers College and was formerly employed as a research chemist for Seagram and Sons in Louisville, Ky.

Mr. Samsel is a graduate of the University of Ohio, where he was a member of Phi Delta Theta and Phi Beta Kappa. He recently completed work on his master's degree in chemistry at the University of Ohio. Both he and Mrs. Samsel are employed as research chemists by the T. V. A.

Immediately after the reception the young couple left for a short wedding trip at Natural Bridge, Tenn. Upon their return they will make their home at 806 Jackson Road, Florence, Alabama.

### Celebrates Sixth Birthday Tuesday

Janice Moore, daughter of Rev. and Mrs. B. W. Moore, celebrated her sixth birthday, Tuesday afternoon, August 1, with a group of twenty small friends who enjoyed a party at her home. As it happened, two others of the group, Johnny Lewis, age 4, and Brenda Lee Roberts, age 2, were also celebrating their birthdays. Presents were exchanged and the afternoon enjoyed in playing games. Fruit salad, cake, and grapefruit were served as refreshments.

Those present were Benda Lee Roberts and Helen Roberts from Fleming County, Joyce Hall, Mary Ferguson, Nancy Ferguson, Frances McBrayer, Phyllis McBrayer, Phillip McBrayer, Hildreth McBrayer, Freddie Fraley, Carolyn Fraley, Mary Louise Johnson, Mary Jane Ramey, Shirley Dee Stewart, Johnny Lewis, J. ### IMPORTANT NOTICE TO ROWAN COUNTY PROPERTY OWNERS

The Tax Assessor's Office will be open all day through the month of August for the listing of property. Do not wait, however, until the last minute.

The office will not be open in September as many people apparently believe.

Persons who desire their property have the same listing as last year, and find it inconvenient to call at the Tax Commissioner's Office in the Courthouse, should write stating this. Letters should be addressed to the Tax Commissioner of Rowan County, Morehead, Ky.

If you are a property owner this is important! Do not neglect it!

### PEYTON ESTEP
