# Baseball Team Wins OVC, Looking By Overpowering Western

By Billy Joe Hall

As this, the last edition of the Trail Blazer goes to press, we are winding up one of our most glorious years in the sports section. This entire year has been full of big things in this athletic department and I would like to take this opportunity to review a few of them for you.

We began the year off in fine order last September when the football squad, under the leadership of new mentor Paul Adams, won the first two games of its schedule. They continued throughout the season their fine football and never lost by over one touchdown on more than one or two occasions. This was somewhat different from the previous three and one half years without a victory. It also served as the kickoff for a complete year of successful sports activities.

Following the football season, we found ourselves engulfed in the following of a different sport. The cross country team enjoyed one of its most successful seasons and came out top of the Ohio Valley Conference for the third consecutive year. They did the title of the South's finest cross country team.

Then came the big story of the year, the basketball season which is the most exciting of the year. Throughout our state, rolled into all winning and losing, the "Big Eagles." They emerged as champions of the OVC with Western to the second straight year and represented the Conference in the NCAA tournament. Also repeating in that respect. Their won and lost record and their category of competition showed that this was the most pleasant year the sport had ever known in the history of our great institution.

The next great and we may say startling news that rocked our school in the sports world was the beginning of a varsity tennis team by Miss Shely. This drew much attention and the school showed a phase of the excellent caliber of leadership which we are privileged to have.

Then came a big shot to almost every student and follower of Eagle athletics. The baseball team, under the leadership of Coach Allen, had a miserable start this spring. Then they closed out to capture a share of the Division crown in the Conference and advanced to the playoffs opposite Western by defeating Eastern in a playoff.

The track team is competing in the OVC meet at Middle Tennessee and is determined to capture their third championship in a row. With the return of many old year to team and many good new boys, they should be up to that affair.

At the time of this writing these two championships were in the process of being completed. We believe that this will mean two more conference crowns for the Blue and Gold.

These happenings which I have just brought to mind should make us a proud student body and should give us the greatest desire to go on forward in the upcoming year. Our athletic program is on the move.

I would like to take this opportunity to salute these athletes who make up the various teams and coaches Laughlin, Adams, Allen, Frewitt, Fowler, Shely, and Lucke, for their year in sports.

## WAF Officer To Visit Here Tues., May 28

Local women interested in a challenging job which offers good pay and opportunities for travel and meeting new people will have a chance to talk with Lt. Mary Dalsman of the 380th U. S. Air Force Recruiting Group, Harrisburg, Pa., who will be visiting Morehead State College next Tuesday, May 28.

During her visit here Lt. Dalsman has said that she will be happy to discuss the opportunities for direct appointment as commissioned officers in the Air Force with young women who meet the basic eligibility requirements. Under the new commissioning program recently announced by the Air Force a limited number of direct appointments are available for single women college graduates between 21 and 34 years of age (up to 40 years in exceptional cases).

Women appointed under this program would be commissioned as second or first lieutenants and would attend a three-month officer basic training course at Laine Air Force Base, San Antonio, Texas, before being assigned to their duty bases. At assigned to their duty bases, they would be engaged in executive type work in accordance with their aptitudes, interests, and the needs of the Air Force.

The Air Force has found that women can handle more than 80 per cent of its job specialties and, according to Lt. Dalsman, the jobs women are doing as WAF (Women in the Air Force) officers are all interesting because they all require initiative, creative effort, and managerial ability.

**Art**—(Continued From Page 1) colors have been exhibited at Morehead State College previously. Glover paints outdoors every second after teaching a series of classes at Woodward.

Joseph Goethe is a well known California sculptor who is known primarily for his carved wood sculpture. He has examples of his work in leading museums in the United States.

Mrs. Naomi Claypool made the arrangements for the June exhibit.

## Lovers Win Crown In Intramural S'ball

By Jack Waddell  
The intramural softball play-offs have been completed and the new champs are the Lovers. The final contest in the playoffs pitted the Lovers against the Leftwingers as the final score read 6-0 for the Lovers. The Lovers gained the finals by trouncing Vets Village 19 to 10. The Leftwingers were "dropped" by the River Rats in the first game of the playoffs by a 10 to 4 margin. The Leftwingers could muster only seven hits off winning pitcher Arnie Sparks as the River Rats banded out 13 hits off losing pitcher Charlie Banks. The River Rats then met the Leftwingers to battle for the honor of reaching the finals and a chance at the high-flying Lovers. The Leftwingers emerged from the close battle with a 14-13 victory and the right to play the Lovers for the championship.

The Lovers were without question the strongest team in the playoffs with their batting power and fine pitching. This combination could not be denied when the chips were down. Congratulations to Coach Jim Gose and all the members of the Lovers squad for capturing the 1957 intramural softball crown.

## Plan Exams For Annapolis And West Point

A civil service examination for young men interested in entering one of the Service Academies will be given July 15. The examination is for men interested in the Air Force and Merchant Marine Academies as well as West Point and Annapolis. Congressman Carl D. Perkins said that he would be glad to arrange for all interested persons to take the exam and would supply them with a list of sample questions.

According to the Civil Service Commission announcement "the purpose of the examination is to aid Senators and Representatives in the selection of appointees for the classes entering the Academies in July, 1958."

Those interested in taking the exams should write to Congressman Carl D. Perkins, House of Representatives, Washington, D. C., before June 20. The tests will be given in Ashland, Hazard, Lexington and Painsville, as well as many other cities throughout the country.

**SUCCESSFUL YEAR**—In his third year at the Morehead State College, Dr. Adorn Dorn saw Morehead complete what most observers call the most successful year in the school's history. A new 5,000 seat fieldhouse, near completion of the Dorn Student House, plans for renovation of the dormitories, a special appropriation for needed equipment, OVC championships in basketball, baseball and a near crown in track, an increase in faculty members, plans for additional classroom space and many other achievements highlighted the year.

## Heart Attack Fatal To Beulah Williams

Mrs. Beulah Williams, 51, recently voted by a civic organization as the woman who contributed most to Morehead during the past year, died Sunday, April 21 from a heart attack. Mrs. Williams, who held many high offices in civic and educational organizations and a member of the policy committee in last year's successful Centennial observance, was stricken at Portsmouth, Va., and died shortly after being rushed to a hospital. She was a past president of the Morehead State College Alumni Association.

She was in apparent perfect health and had never before sustained an attack.

Mrs. Williams was driving in Portsmouth with a friend, Curt Dillan. They had stopped the car at a filling station when Mrs. Williams fell against the side of the vehicle.

Rushed to nearby Mercy Hospital, she was placed under an oxygen tent but failed to rally. The body lay in state at Lane Funeral Home, which handled arrangements. The funeral home reported that perhaps more people called to pay their respects than ever before.

Mrs. Williams was a member of the Morehead Christian Church.
