Heavy Rains Damage Bridge Abutment On Triplet

Consistent heavy rainfall for the past week has resulted in flood warnings throughout this area. The Farmers school in Rowan County was closed as waters from Licking River and Triplet Creek flooded part of the town. The bridge on Morehead's Bridge Street, as seen at left in this picture, is threatened as the swift waters broke through the retaining wall west of the structure. A sewer line crosses the top of the bridge near the Morehead State University generating plant. The bridge provides access to Morehead's recreation complex.

Bell, 113 Years Old, Tolls At Church

For whom the bell doth toll? This would have been fitting words Sunday morning when the bell sounded to summon worshippers to the First Freewill Baptist Church on West Main Street of which Rev. Ted Greene is the pastor.

The clear, far-reaching and clarity were unusual in that—

- + It is more than 100 years old, but still as resonant as a bell should be.
- + This was the first time the bell had tolled in over 53 years.

The story dates back to around 1860, or four years after Morehead and Rowan County were created by the Kentucky General Assembly.

The large bell was purchased for the first town hall at Morehead, then at the corner of Main and Bishop Avenue—later the location of the Dixie Grill, across the street from the old Greyhound bus station, and the Galt House, a luxury hotel in those days complete with home cooked meals and a saloon.

CLEAR AND STRONG — Norman Wells, 98, left, who contributed a bell, estimated to be 113 years old, and Vernon Alfrey, oldest trustee of the church, were selected to pull the cord to ring the new bell Sunday morning at Morehead's First Freewill Baptist Church.

Bell Summoned Everybody

The bell was rung when there was a meeting of Council... a town hall gathering for in those days before the turn of the century when an important problem faced this community of less than 500 souls, folks gathered at the sounding of the bell in city hall to ponder, debate and decide when Morehead's one policeman needed to summon the Mayor or Police Judge he rang the bell... or, in case of fire or any emergency.

In 1920, the populace decided the old City Hall was not an acceptable place for the seat of government, and purchased the lot where the present City Hall stands. The old city

hall, at Main and Bishop was publicly sold. The bell—a sizeable one—was procured by Norman and his wife Rena Wells; and Mrs. Drew Evans. It was then preserved with grease and packing and carefully stored.

Several years ago when the Freewill Baptist Church was revitalized, Mr. Wells offered the bell for the new church building. But, the church had only so much money, and not enough to erect the steeple which the architect planned.

Under Rev. Greene's leadership the

A STEEPLE WITH A BELL... The steeple on the First Freewill Baptist Church on Morehead's West Main Street has been completed and a 113 year old bell, used in Morehead's first city hall, installed. The carefully preserved bell, contributed by 98 year old Norman Wells, sounded Sunday for the first time in 53 years.

Farmers Delays Plan To Be 6th Class City

The town of Farmers on Licking River in far western Rowan County, two miles north of Cave Run dam, will not be immediately incorporated, this newspaper learned today.

The chronological developments—

- + On Oct. 31, Attorney Buddy R. Salyer in behalf of 64 petitioners that a half-square mile be incorporated. The petition stated the 64 signers represented more than two-thirds of the registered citizens who voted in the last election; and that the town would have a population exceeding 150.
- + On Nov. 18, Maxine Flannery, who lives in Farmers, filed a motion through Attorney Terry Anderson, opposing the incorporation.
- + A hearing between the two sides was set. But, Salyer, after conferring with his clients, Circuit Judge Caswell F. Lane with the understanding of the court that it could be refiled within 20 days before the March, 1974 term convenes and be acted on at the March term by Judge Lane.

incorporation should be for a 6th class city. The legislature no longer creates incorporated cities or towns, but can change their status, i.e., from 6th class to 5th class cities.

The statutes also provide for the minimum area to be half of a square mile; 150 population; and petition by two-thirds of the registered voters.

Before the turn of the century Farmers (or Farmers) had a larger population than Morehead, being the site of a large sawmill operated with the virgin lumber floated down Licking River, saved at Farmers, and then shipped by railroad mostly to the eastern market. The area also mined a special type of rock known as bluestone, used for ledges, mantles and the like; and a high grade limestone.

The Farmers area abounds in here as John Hunt Morgan's army camped three during the Civil War; this was one of Daniel Boone's favorite hunting grounds; and Indians are buried in the general area.

Authority Rests With Judge

The statutes set out that the Circuit Judge is the sole judge of whether any area should be incorporated... and always such

Policeman Assigned To Farmers Area

The decision is incorporated, according to

Murder Case Will Be Tried Monday In Court

The third week of Rowan Circuit will open Monday when a murder trial will get underway.

Charged with willful murder in connection with the slaying death of Jim 27 of Arthur Moore, 65, Rowan County, are Eugene Strode, 28, Winchester; and Wendell McCarty, 20, Olympia.

The shooting took place in the afternoon of Jan. 27 in the hills behind Moore's home on Christy Creek, off Ky. 32.

At the time of the arrests, State Police said two weapons believed to have been used in the shooting were confiscated near the scene. One of the weapons was a .38 caliber and the other a .22 caliber pistol.

The shooting victim was a native and lifelong resident of Rowan County where he

the case of Commonwealth of Kentucky vs. Charles Douglas Kelley. He is charged with trafficking in alcoholic beverages (third trafficking) and carrying concealed a deadly weapon.

Appearing next Thursday, the final day of the court term, and the charge against each will be—

- + Willard Rigby, Elsie Quisenberry and Bill Mason, false swearing.
- + Kenneth Setters, trafficking in a controlled substance.
- + James Michael Brown, trafficking in a controlled substance.

Outdoor Christmas Decorations Will Be Scant On Main Street

There will be no garlands of yule greens and lights hanging over Main Street in Morehead during this Christmas season; however, ornamental pole decorations for utility poles on Main will be put up today (Thursday) if weather permits.

Lonnie Gregory, president of the Chamber of Commerce, advised that the Chamber board of directors decided against the hanging of the yule lights as the result of President Nixon's request to conserve all types of energy.

Gregory said, "Had we decided to hang the lights, they would have remained unlighted and therefore not very effective." He added that the pole ornaments will probably be turned on since they use only 15 watt bulbs.

The Chamber president said that Mayor William Layne favored the decision, noting that numerous other cities and towns throughout the state are curbing roadside Christmas lighting to conserve energy.

Claig Sprout ... SEZ

DEAR EDITOR:

About the only differences between the ruse of democracy in the U.S.A. and communism in Russia is that in Russia the government owns all the land and everybody works for the government.

Day by day I see an alarming trend toward the United States adopting the Russian form of government. For example, Example 1: The U.S.A. is buying more native-born organization to stop the government from buying up so much land. I'm thinking about coming a dues paying newspaper of the Chamber of Commerce that is being kept quiet whereby the government intends to permit the mining of all coal in Appalachia; then buying up all the land; making this vast area into a big national wildlife refuge, probably part of Daniel Boone National Forest.

Example 2: It must be getting close to the end of the public (tax) payers. There's the members of a paid army; the millions working in government bureaus; the postal service; all the housing, health, welfare etc. programs; the state's employees; the county clerk's workers. These are only a part; and doesn't include all who are receiving

Leaf Brings \$86.32 On Opening Sales

Sales of Kentucky's biggest once-a-year cash crop — burley tobacco — opened Monday with an all-time record high first day average.

The figures—

- + The state-wide average was \$86.32, or \$8.92 higher than the first day auctions last year.
- + The Morehead market sold 521,099 pounds Monday, an average of \$86.78 hundredweight.
- + Mayville which has three sets of buyers, sold 1,478,479 pounds which averaged \$86.08.
- + The average at Mt. Sterling was \$86.06 for 569,600 pounds.
- + Lexington, the world's largest burley market, sold 2,665,785 pounds at an average of \$86.54.

in the past 15 years.

Many farmers are reporting low yields on the weather started crop, with losses ranging from 15 percent to 50 percent.

Per acre yield this year is predicted to be 2,150 pounds, compared with 2,675 for 1972 government officials say.

Extremely dry weather before opening sales also is blamed for the light volume. When the weather is dry, farmers cannot handle the cured leaf because it shatters and cannot be stripped and tied in hands (bundles).

The shortness of the crop, of course, enters into the sales volume. The most recent government estimates place the 1973 crop at 500 million pounds, one of the smallest crops since 1960 and 100 million pounds below last year's farm sales.

Volume Drops Sharply

The opening day average last year at Morehead was \$79.47.

Monday's price also beats the record season average set in 1971 by \$6.44 per hundredweight. That crop averaged \$80.88 for the entire burley leaf.

Volume on Monday's Kentucky markets, however, dipped sharply from a year earlier, with only 18,162,604 pounds being sold, compared with 21,919,226 pounds on opening day a year ago.

The reduced volume of sales Monday, described as light in early reports, is attributed to the short crop and dry weather. Kentucky traditionally produces about two-thirds of the nation's burley. Other states in the Burley Belt are Indiana, Ohio, Missouri, Tennessee, West Virginia, Virginia and North Carolina.

Opening Day Burley Sales

Market	Pounds sold	Average per hundred pounds
Bloomfield	344,279	\$86.05
Bowling Green	1,002,891	\$86.92
Corrington	282,442	\$85.98
Cynthiana	390,450	\$87.01
Dawville	457,525	\$86.09
Ferrellin	335,676	\$85.94
Glasgow	992,598	\$85.97
Hazard	383,853	\$87.04
Hazardburg	452,835	\$85.44
Henderson	76,000	\$84.46
Hopkinsville	457,800	\$86.92
Horse Cave	479,718	\$85.97
Labadie	366,748	\$87.25
Lanesburg	2,665,785	\$86.54
Lawrence	512,043	\$85.26
Louisville	801,572	\$86.73
Mayfield	76,000	\$85.97
Morehead	1,478,479	\$86.08
Nashville	591,099	\$86.78
Northfork	569,600	\$86.05
Mt. Sterling	777,011	\$86.07
Paris	424,118	\$86.56
Piedmont	149,047	\$87.78
Richmond	418,329	\$84.23
Shelbyville	No Sale	
Shelbyville	633,775	\$86.35
Somerset	\$23,238	\$86.20
Spartanburg	444,818	\$86.27
Winchester	594,703	\$86.46
Total	18,162,604	\$86.32

Smallest Crop In 15 Years

Early reports from Tennessee, West Virginia and North Carolina, still showed averages hovering above or near \$85 per hundredweight.

Monday's sales — accented with heavy rain, an apparent reminder of the bad weather which hampered those-crop throughout its entire growing season — opened bidding on one of the smallest crops

VYING FOR LEAF — Burley tobacco buyers are pictured at Morehead Tobacco Warehouse during the opening of the marketing season Monday. The Morehead market disposed of 521,099 pounds of the golden leaf for which farmers were paid an average of \$86.78 per hundredweight. Monday's average was up \$7.31 over opening day last year on the local market.

Deadline Extended In UF Campaign

The closing date of the Rowan County United Fund campaign has been extended to Dec. 9 in an effort to meet the goal of \$15,000 campaign chairman John Colias announced today.

The chairman said two-thirds of the goal has been reached, with total pledges and contributions to date amounting to approximately \$10,600. Colias said solicitors' collections from three house-to-house canvasses still are outstanding as well as reports from two community development groups. He also pointed out that a few commitments from businesses are yet to be fulfilled.

Persons who have not been contacted by the United Fund volunteers and would like to make a donation should contact Mrs. Edith Conyers, UF president, or Bobby Trent, bookkeeper for the fund. Contributions also may be mailed to United Fund, P.O. Box 97, Morehead.

Colias concluded, "If a person has not been contacted, it is not because the contribution is not needed. It is because we have not had enough workers to thoroughly cover the entire community."

welfare, food stamps, Medicaid etc.

So it becomes increasingly apparent that half the people who are the average wage earners, farmers, little businesses — in other words "Mainstream U.S.A." — are working and paying big and getting bigger taxes to support the other half.

All them Washington crooks have a big problem, though. There's the anger that one-half who work, and have their big taxes taken from their pay checks, might organize, say to hell with it all, and quit working, then there'd be no tax money to pay the U.S. national debt.

This may sound unbelievable as it is written in November, 1973, but the time might not be far off when what I write today becomes a reality.

The average citizen — Mainstream U.S.A. — the working people who are the backbone of our country, are getting kicked in the rear end so much that they just might all give up and so much that, there would be the bureaucrats and political parasites be.

YOURS TRULY,
CLAI G SPROUT

P.S.: I note that Mr. Nixon paid less than 500 income taxes in each of the past two years. This is less than is taken out of the pay check of the lowest paid worker for federal income tax. What are we coming to?

Four Additional True Bills Returned By Grand Jury

Four true bills were returned last Tuesday afternoon by the grand jury in Rowan Circuit Court, bringing to 12 the total number returned by the jury since the court session opened Nov. 19.

Named in the indictments and the charge against each were:

- Wayne Wilson, taking or detaining a woman against her will. Wilson was arraigned Tuesday. Her plea of not

guilty and his trial set for Dec. 4.

- William Keith Burhardt and William Joseph Gordon, grand larceny and aiding and abetting (three separate indictments). Gordon was sentenced to one year on each indictment to run concurrently and has made motion for probation.

Burhardt was scheduled to be arraigned Wednesday (yesterday).

The grand jury was dismissed until Dec. 4. Also in court last Tuesday Gary Lee Gregory, charged with carrying concealed a deadly weapon, pleaded not guilty and his trial set for March 19, 1974.

The case of Commonwealth of Kentucky vs. Jackie Adkins and Bobby Kiser, named in a true bill in connection with a break-in on Feb. 2 at the Southern State Store, was dismissed.

Last Wednesday guilty pleas were entered by Robert Delaney and Beverly Delaney, named in a true bill on charges of attempting to commit storehouse breaking and stealing from a public building. They were sentenced to two years on each charge to run concurrently. The Delaneys' guilty pleas were to the charge of stealing from a public building in connection with an incident on Dec. 26, 1971, at the First Church of God and Morehead United Methodist Church.

Those entering innocent pleas last Wednesday and the dates on which their trials are set were:

- William Myhner and Walter Billy Ramey, charged with resisting arrest and assault and battery, March 20, 1974.

Roy Lee Crisp, illegal transportation of alcoholic beverages in a dry territory and

operating a motor vehicle without owner's consent, March 18, 1974.

- Winford Tackett, malicious and willful shooting with intent to kill, March 18, 1974.

Also last Wednesday, Scott Dennis Horton was sentenced to one year on a charge of trafficking in a controlled substance. He made motion for probation.

The court term entered its second week Monday when Danny Thompson, named in a true bill for trafficking in a controlled substance, entered a guilty plea and was sentenced to one year after which he made motion for probation. Named in the true bill with Thompson was Christopher Smith and that case has been continued, with no trial date set.

The civil case of Walter and Stella Caudill vs. Glen and Madge Nantz also has been continued. It previously was docketed for Monday.

Two cases originally set to be heard Tuesday were continued. They were Commonwealth of Ky. vs. Beckman Instruments, Inc., a civil action; and Thompson Electric Lighting and Supply, Inc. vs. Heath Scarborough Construction Company, Inc., a civil case. The case of Commonwealth vs. Betty White, charged with assault and battery, was dismissed Tuesday.

Scheduled for Wednesday (yesterday) were Commonwealth of Kentucky vs. Glennis Lacy, named in a true bill on a storehouse breaking charge in connection with a break-in at Carr Lumber Company; Commonwealth vs. Butch Lowers, charged with assault and battery, and trafficking in a controlled substance. The

case of Commonwealth vs. Elsie Decker, charged with assault and battery, was docketed for yesterday but has been dismissed.

Two persons are scheduled to appear today (Thursday) on charges of trafficking in a controlled substance. They are David Allen Thompson and Robert Cunningham.

State Announces Toll-Free Energy Telephone Number

The Kentucky Mandatory Allocation Office has announced a toll-free telephone number for consumers of heating oil, kerosene and diesel fuel who are currently experiencing shortages or anticipated shortages.

Consumers should contact their distributors first if they face a shortage. If the distributors are unable to help, consumers should contact the Kentucky Mandatory Allocation Office, Capital Plaza Office Tower, Frankfort, Ky. 40601. The toll-free telephone number is 800-372-2978. Frankfort area residents should use 564-7416.

Emergency allocations are being made for homes, health services, essential government services (police, fire departments and emergency care vehicles), food production and related transportation (farm and factory) energy production and related transportation and mass transit.

RIBBON CUTTING . . . Kentucky Secretary of Transportation E.M. Hogge, Morehead, was Master of Ceremonies as the ribbon was cut for Carter Co. Grayson to open the last "missing link" of Interstate 64 from Grayson east to Kilgore, 9.7 miles. Gov. Wendell Ford was the principal speaker, following a dinner at Kentucky Christian College by the Grayson Chamber of Commerce. Shown at the ribbon cutting with the Transportation Secretary is his wife, Norma, who is 7th district March of Dimes chairman.

Missing Link Of I-64 Opened In Carter Co.

Dedication ceremonies for the last major link of Interstate 64 were held Wednesday in Grayson.

The Carter County I-64 Link was officially dedicated as Governor Wendell H. Ford connected a symbolic wooden chain on I-64 and opened the 9.7 mile section to the traveling public.

The Grayson Chamber of Commerce sponsored a dedication luncheon which was held at the Kentucky Christian College in Grayson. Fred Buck, president of the Grayson Chamber of Commerce, was master of ceremonies. Dr. Lowell Lusby, president of Kentucky Christian College, delivered the invocation. Gov. Ford made a few remarks to the luncheon guests.

The ribbon-cutting ceremony was held at the KY 7 and I-64 interchange at Grayson, Secretary of the Department of Transportation Elijah M. Hogge directed the event as master of ceremonies.

Dr. Lowell Lusby delivered the invocation. Music provided by the East Carter High School Band, directed by Carter Oliver, added to the atmosphere.

Other officials present were: Bob Johnson, Federal Highway Administration's Division Engineer from Frankfort; Ralph Coffman, Department of Transportation's Executive Office of Staff Services; Commissioner O.B. Arnold, Department of Transportation's Bureau of Vehicle Regulation; State Highway Engineer J.R. Harbison; Assistant State Highway Engineer Frank Kemper, District Engineer Gene Sturgill, resident engineer for the project; Walter Johnson, Grayson Mayor; Judge Porter, Judge George R. Hall of Boyd County; Judge Otis Caldwell of Rowan County; state Senator-elect Nelson Allen and state Rep. James A. Davis.

Estimated cost for the 9.7 mile section is \$16.4 million. This section is the last major link in the 192 miles of I-64 in Kentucky with only the Ninth Street Interchange in Louisville still under construction. Interstate 64 in Kentucky stretches from the Indiana state line via the Sherman Minton Bridge on the Ohio River in Louisville to the Big Sandy River just south of Ashland. The Big Sandy River separates Kentucky and West Virginia.

Bell

Continued From Preceding Page

churched prospered and gained in membership. The decision was reached this year to build the steeple. And, in the steeple went the old city hall bell, believed to be 115 years old. It had been wisely preserved and after being cleaned and oiled found to be in excellent working condition.

It was decided that the bell should first toll for last Sunday morning's services, and the honor of being the first to pull the bell cords, went to Mr. Wells, the contributor; and to Vernon Alfrey, oldest living trustee of the church.

Mr. Wells is 98 years old; Mr. Alfrey 76. (Mrs. Rena Wells and Mrs. Drew Evans, who owned the old bell in partnership with Norman Wells, are deceased).

Sunday's bell ringing could have been interpreted as having a bi-partisan echo. Mr. Wells was a long time leader in the democratic party of Rowan County, and served as Sheriff 60 years ago. Mr. Alfrey was a leader of the republican party in the 20's and 30's, and served three times as County Court Clerk before deciding to not seek re-election.

Holiday Weekend Reported 'Quiet' By State Police

State Police at the Morehead Post described the Thanksgiving Holiday weekend, which began at 6 p.m. Wednesday and ended at 6 p.m. Sunday, as "unusually quiet."

There were no fatalities or major traffic accidents in the Rowan County area. Citations on violations of traffic laws also were down over previous holiday weekends, according to the records.

"One officer said, 'I believe this fuel situation is slowing the drivers down, thus cutting the accident rate as well as the number of citations issued.'"

In Rowan County, where there were no personal injury accidents during the holiday week, only one person was cited for speeding. Two were arrested in Rowan for driving while under the influence of intoxicants and 22 others were issued citations on miscellaneous traffic violations.

State Police arrested one driver in Fleming County for driving while under the influence and another for no inspection sticker. In Bath County two were arrested for having no operator's license and three were cited for having expired inspection stickers. No citations were made in Elliott County.

6th Class City

Continued From Preceding Page

Attorney Salyer, was reached because the community thought there was too much loitering, public drinking and the like during night hours without proper police protection.

Rowan Fiscal Court passed an order providing for an auxiliary police force on Nov. 1; and employed Edmond Adams, 28, of Farmers, as the first and only patrolman. Adams is expected to assist in operating in Farmers and that area of the county. He is paid \$300 a month from county funds.

Salyer said he had contacted the leaders of the incorporation movement, and "it is my confirmed conclusion that the incorporation petition will be re-submitted to the circuit court before the March term and Farmers will be a 6th class city."

Farmers is expected to thrive after Cave Run reservoir is opened. It is also encompassed in the widely publicized proposed model city, as prepared by Spindler Research.

Farmers is about seven miles due west of Morehead on U.S. 60.

Attorney Terry Anderson, representing Maxine Fannery, had asked that the incorporation petition be dismissed because:

1. It contained many signatures of people who didn't live in the area to be incorporated;
2. The petition had been misrepresented and many of the signers thought they were attaching their names to a document for a sewer district; and
3. The petition was filed 19 days before the November term of Rowan Circuit Court opened, and the law requires it be filed with the Circuit Clerk at least 30 days prior to the beginning of a regular court term.

According to a truisim, no man is a hero to his valet. It is also true that no man is a big shot to his wife.

Lives of skinflints should remind us . . . We can hoard our dough and when . . . We check out we'll leave behind us . . . Kin who'll quickly bow it in.

"Most suicides are committed early in the morning," says a psychiatrist. The consensus is that this is a rather poor way to start off the day.

UNITED PENTECOSTAL

Evangelist and Mrs. Donald Bryant were guest speakers at the Morehead United Pentecostal Church on Nov. 20. The Bryants have been on the Mission Field in South America for three years. The Morehead church is presently supporting the Dykes in France, Shoemakers in Madagascar, Tins family who went to Austria and how the Bryants in Paraguay, South America.

Persons who desire transportation to the Morehead United Pentecostal Church should call 784-9145 or contact the church. Clothing is available to the needy through the United Pentecostal congregation.

The International Conference of the United Pentecostal Church International will be held in Louisville in October 1974.

HAYS CROSSING

Free religious literature is available through the Mays Crossing United Pentecostal Church commonly called the "Cobblestone Church in the Wood." This will be mailed upon request.

The Home Study Course, "Search for

Truth," will be made available to all interested persons and can be taught within seven nights of Bible Study.

Weekly Meditation

If we were to itemize those things in which we trust, how far down the list would the name of the Lord appear?

In one man's list, His name was the only entry. He wrote in Psalm 118:8, "It is better to trust in the Lord than to put confidence in man."

To him He was not "a" Lord, or "any" Lord, but "the" Lord. For He is unique. His ability knows no equality. His care no indifference, His love no relapse. His perfection no shortcoming. His wisdom no ignorance.

Another important word in this verse is the little verb "is." It is in the present tense. If it is better to trust in the Lord now, it will be better to trust in the Lord tomorrow - for tomorrow will be in the "present." Some may think it is better to trust in self. But he who is his own counsellor often has a fool for his client. Others may think it is better to trust in friends. But they sometimes fail and will surely die.

Thomas Wentworth carried a document signed by King Charles I which read, "Upon the word of a king you shall not suffer in life, honor, or fortune." But in a little while he signed his death warrant. "It is better to trust in the Lord."

Deeds Recorded

In the office of Rowan County Court Clerk Ottist W. Elam

Ralph F. Watkins and Betty J. Watkins to Vernon Hamilton and Dorris Hamilton, 0.94 acre more or less in Hayes Branch area, \$400.

Fred Collins and Clara Collins to Fred Collins and Clara Collins, lots No. 54 and 55 and part of 56 in Caudill Addition, \$1, joint survivorship deed.

Billy L. Patrick and Donna P. Patrick to Arnold Pack and Mildred Pack, parcel of land along U.S. 60 at Rodburn, \$1.

Ted Pass and Virginia K. Stucky Pass to Ted Pass and Virginia K. Stucky Pass, 2.45 acres in Ted Pass parcel, \$1 and other consideration, joint survivorship deed.

Lloyd Kinder and Ruby Kinder to Richard Heterbrand and Jimmie Heterbrand, one acre more or less on North Fork of Triplett Creek, \$500.

Richard Heterbrand and Edith Heterbrand to Ralph Adkins and Maysel Adkins, one acre more or less on North Fork of Triplett Creek, \$1,000.

Publisher's Pen...

Day-by-day sit-downs and editorial observations of the publisher of this newspaper.

Every community has its share of "in the money" citizens who operate them in the more automobiles — Cadillacs, Lincoln Continentals and the like.

They sort of downgrade and put to shame us poor people who can afford a Chevrolet, Ford, small Pontiac or Volkswagen.

This fuel crisis has changed things.

For a long time we have envied them big and expensive cars boys as they passed us with a disdainful wave of the hand.

Now, when the locally owned Cadillacs and Lincolns travel down the street everybody will say "Gas hog." And, there'll be conjecturing what filling station attendant they bribed to get enough fuel for their big jobs.

In the past the get-rich boys of our community have made your small vehicle look like a food stamp. Hereafter, the operator of a small car will be praised and the big tires "Gas hog" criticized.

The worm has turned.

INSPECTING FUEL... Joe Ramey, Grayson senior at Morehead State University, checks his airplane's fuel line during a pre-flight examination. He is one of seven senior Army ROTC cadets participating in the flight training program at MSU.

Biggest danger immediately facing our community — little or no increase in the state appropriation for Morehead State University. The University of Kentucky, University of Louisville, and Northern Kentucky College are after the big shares.

Expenses and salaries are rising at MSU and there's deep concern in the office of the President and midst the members of the Board of Regents.

It's a certainty that Morehead, Eastern, Western and Murray won't come out smelling like roses, but we're hopeful of at least being a daisy.

Morehead could well be the "gainer" if the energy crisis bans outdoor street Christmas lighting. This newspaper has complained over the years that Morehead has the poorest business section of any location and lighting of anyplace we know. Our "image" in this respect has been below par.

We recently wrote that Eastern Kentucky University President Robert Martin promised an extra day for Thanksgiving classes ending Tuesday instead of Wednesday if Eastern beat Morehead in football. Nite to be airborne by his old buddy, the MSU President Ardron Doran made the same commitment. Eastern won.

MSU students complained that "too much pressure was put on the team" and "we were so sure of winning we wrote our parents we'd be home early, and a thousand and one other illogical arguments such as college students can concoct.

The students lost the argument.

It is pleasing to note with all these shortages that hunters report above average kills of rabbit, quail, grouse and deer in this area. People wouldn't have nearly so many headaches if it wasn't for people. A friend has ordered a bumper sticker which reads: "Honk If You Believe the World's Nuts" 1973 may go down in history for Watergate, and also the last year that you would drive up to a service station and say, "Fill 'er up!" Our local ministerial association should like our next observation: About the best investment now is that of laying up treasure in Heaven. Only 21 more shopping days until Christmas... The dog business is thriving in Morehead. One day last week the warden had 19 impounded and we hear complaints he's doing his job better than a dog catcher should.

Four columns of the Publisher's Pen, already in the Morehead area, have been deleted this issue because of the newsprint shortage.

There were no highway accidents to speak of, everybody had turkey, and we haven't heard of anybody filing for divorce.

The gossip subject in this genteel neighborhood for several weeks has centered on dissolutions of marriage, mostly from the blue ribbon residential areas, and mostly by husband and wife who have been married for over two decades.

If we had a good wife we'd think a long time before divorce because good women are getting scarcer all the time; and there's always been a shortage of virile men who are good providers. We started to add to the last sentence "like this Publisher" but then some of the women we've been associated with might giggle up their sleeves.

HELP UP... Presidents of the Tilden Hodge 4-H Clubs are shown presenting the club's donations to the United Community Fund treasurer, Bobby Tetter. From left above are Trent, David Polittie, Mike Spurlock, Peggy Esham and Bruce McClurg.

ASHLAND JUNIOR WILL GIVE CLARINET RECITAL SUNDAY

Michael Acord, Ashland Junior at Morehead State University, is presenting a clarinet recital Sunday, Dec. 2, at Morehead State University's Baird Recital Hall.

The 3 p.m. program, which is free and open to the public, includes works by Schumann, Caplet, Strauss and Robert Starer. Acord will be assisted by Dr. Polittie, Mike Spurlock, Peggy Esham and Bruce McClurg.

Acord, the son of Mr. and Mrs. Gerald Acord of 274 Terrace Blvd., Ashland, is a member of the MSU Marching Band and Symphony Band. He is a graduate of Paul Blazer High School.

Seven MSU Students Taking Flight Training

Seven Morehead State University students are all up in the air.

It's because they're enrolled in the flight training program sponsored by Army ROTC and have been learning to fly this semester.

The future pilots are John Hinton of Falmouth, Robert Justice of Miaminsburg, Ohio, Steve Kinney of Lexington, Allen May of Kimper, Joe Ramey of Grayson, Steve Tabor of Louisville and Allen Taylor of Alexandria.

"The purpose of the course is to identify cadets who could successfully pass the Army's flight program," said Major John Vitvok, MSU's flight program coordinator.

He explained that each cadet receives nearly 47 hours of pilot training valued at about \$900. The Army pays travel expenses to the Montgomery County Airport, where the training is conducted.

During the week before fall semester began, the cadets attended ground school for seven hours a day for five days where they learned about weather, principles of flight and cloud formations.

When the term began, each cadet started traveling to Mt. Sterling to log air miles. The program is strictly extracurricular and no academic credit is awarded.

The men are trained in a two-seat, single-engine plane, which Major Vitvok described as "a VW with wings." The instructor spends eight to ten hours teaching the students the basics of flight and emergency procedures.

Sale of Student Art Work Sold

The annual Student Christmas Art Sale is scheduled Dec. 3 through Dec. 14 at Morehead State University's Claypool Young Gallery.

Works available for purchase include: water colors, prints, drawings, oils, photographs, ceramics, and sculpture.

Gallery hours are 4 a.m. to 5 p.m. weekdays and from 1 p.m. until 4 p.m. Saturday and Sunday. The gallery is open from 7 p.m. to 10 p.m. Monday and Wednesday.

Recital Slated By MSU Best Actress

Cheryl Melton of Louisville is presenting a senior soprano recital Sunday, Dec. 9, at 3 p.m. in Morehead State University's Baird Recital Hall.

The program, which is free and open to the public, includes works by Vivaldi, Wolf, Brahms, Puccini, Faure, Bizet, Silver, Read and Rorem. Miss Melton will be accompanied by Lucretia Stetler.

A graduate of Pleasure Ridge Park High School, Miss Melton is the daughter of Mr. and Mrs. Kenneth W. Melton of 8000 Nancy Lane, Louisville.

She had the lead role in the recent MSU production of "The King and I" and she was selected as best actress for her 1972 performance as Aldonza in "Man of La Mancha."

A past president of Sigma Alpha Iota music honorary, she is a member of Louisville Music Educators' National Conference and the Baptist Student Union.

RCHS Student Dies Following Extended Illness

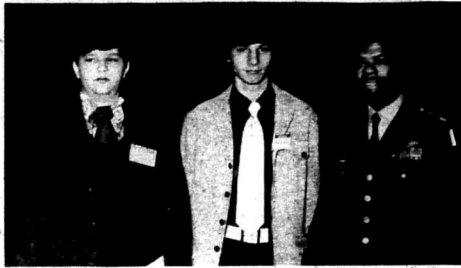

Miss Lacy Glover, 15-year-old daughter of Mrs. Faye Hamm Glover of Rt. 2, Morehead and the late Earl Glover, died last Tuesday at the University of Kentucky Medical Center in Lexington. She suffered an extended illness.

A sophomore at Rowan County High, Miss Glover was a native and lifelong resident of Rowan County. Born June 2, 1958, she was a member of the Church of God.

Surviving, in addition to her mother, are three brothers, Willis and Leo Glover of Olive Hill and John Glover of Rt. 2, Morehead; four sisters, Mrs. Edna Stevens of Mansfield, Ohio, Mandy and Diana Glover, both of Morehead, and Key Hamilton of Belleville, Mich.; and the maternal grandmother, Stella Hamm of Mansfield, Ohio.

Funeral services were conducted at 10 a.m. Friday at Holy Church by Revs. Gayle Price and Brooks Karrick. Burial was in Masters Cemetery.

Pallbearers were George, Harold, Ray Paul, Charles and Gary Glover. Lane Funeral Home was in charge of arrangements.

RECEIVE ROTC INFO . . . Army Lt. Col. Otis Saunders, associate professor of military science at Morehead State University, discusses the Army ROTC scholarship program with Edmund Buckner, left, and Rick Stigall, seniors at Rowan County High School. Seniors from 14 Eastern Kentucky high schools visited MSU for a recent scholarship assistance orientation.

Two RCH Students Attend ROTC Scholarship Session

Edmund Buckner and Rick Stigall, Rowan County High School seniors, attended a recent Army ROTC scholarship assistance session at Morehead State University.

The scholarship assistance program is designed to acquaint outstanding high school seniors from Eastern Kentucky with Army ROTC and to explain the procedure to follow when applying for the four-year ROTC scholarship.

"These high school seniors have two of the prime requisites for the scholarship — academic performance and leadership potential," said Col. E.H. W. Birdsong, Jr., MSU professor of military science. "We can assist them in obtaining more information about the scholarships."

The orientation included briefings on various extracurricular activities and the scholarship program. The group viewed exhibitions by the Pershing Rifles Drill

before the fire season began. The Division of Forestry is now manning its fire towers and, in the central and western portions of the state, airplanes are being used to check on smoke and locate fires.

I hope all Kentuckians will take a tip from Smokey and remember that only you can prevent forest fires.

Team and the Pershing Berets, a women's drill team. Members of the MSU Raider Company demonstrated rappelling. Thirty-six students from 14 area high schools attended the orientation.

Mrs. Henry Stratton of Pikeville will speak at a meeting of Girl Scouts Monday evening, Dec. 3 at 7:30 at the Rowan County Public Library.

Mrs. Stratton took the Senior Girl Scouts in Pikeville to visit the Girl Scout Chalet in Switzerland last summer. She will show a film of their trip and discuss it with leaders and parents of local girl scouts.

Girl Scouts and their parents are invited to attend the meeting.

Your . . . Social Security

By: Thomas B. Thompson - Ashland District Mgr. For Social Security Information write: District Social Security Office, 1814-C Carter Avenue - Ashland, Ky. Phone 325-7666.

The Social Security Administration is asking for help in getting information to people who may be eligible for the supplemental security income payments that start in January for people with little or no income who are 65 or over, or blind, or disabled.

Supplemental security is being publicized in newspapers and on radio, according to Thomas B. Thompson, social security district manager in Ashland. And people getting public assistance payments because they're 65 or over, or blind, or disabled generally will be eligible for the Federal payments and don't have to apply.

"But we are still concerned that there might be people who will not hear or know about the program," he said.

"If you know of someone 65 or older who is in need, or a blind or disabled person, regardless of age, who needs financial help and they aren't getting public assistance now, please tell them about the new program. And suggest that they call the social security office to get more information."

Supplemental security income will establish a nationally uniform income floor for people in need who are 65 or over, or blind, or disabled. The amount of the payments they get will depend on how much other income they might have.

Eligible people with no other income will have a basic cash income of at least \$130 a month for one person and \$186 for a couple, according to Thompson. People in institutions or with other income may get reduced supplemental security income checks, he said.

SON OF MOREHEADIAN'S COMMISSIONED ENSIGN

Clyde R. Dulin, son of Mr. and Mrs. Cecil Dulin of 204 Spoke Factory Lane, was commissioned an ensign upon completing the 18-week Naval Officer Candidate School at Newport, R.I., on Nov. 15.

He is a 1973 graduate of Morehead State University.

READY TO MULCH . . . Mr. and Mrs. Harlan Casdill are pictured checking their strawberry field prior to mulching. They have used chemical weed control to help cut down on labor and plan to apply the mulch within the next two to three weeks. The Rowan County Extension Office has complete details on cultivation and management practices regarding strawberries as a cash crop.

I want to thank the fine voters of this County for electing me to the office of Sheriff.

I also want to thank my opponents for the honorable straight forward campaign they conducted.

Jack Carter

Kentucky is now in its fall fire season which runs from Oct. 1 to Dec. 15. During this period a number of forest fires can be expected. Most of these can be prevented with your help.

Last year 99 percent of all forest fires in the state were the result of carelessness and could have been prevented. I urge all Kentuckians to exercise extreme caution this fall.

During fire season it is illegal to set fire to inflammable material within 150 feet of any woodland or brushland, except between the hours of 4:30 p.m. and midnight.

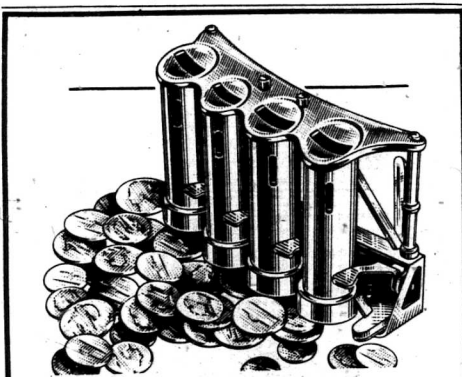

The Division of Forestry in the Kentucky Department for Natural Resources and Environmental Protection prepared for the fire season by conducting a special training session for each forest district in the state.

Particular emphasis was placed on initial attack on a fire and proper control line location and construction. All fire fighting equipment and fire crews were made ready

PICTURE IS DARE

BIKE-A-THON WINNERS . . . Don Minto, center, chairman of the Lambda Chi Alpha Bike-A-Thon at Morehead State University, presents plaques to Julia Simpson of Kappa Delta sorority and Terry Harmon of Sigma Nu fraternity. The two Greek organizations collected nearly \$300 of the total of \$700 which was raised for the American Cancer Society. Riders cycled from MSU to Salt Lick and returned.

Kentucky Utilities Requests Increase In Electric Rates

Calling its present rates inadequate to "continue providing reliable service to customers," Kentucky Utilities Company has asked the Public Service Commission for a 13.1 percent increase in electric rates. The company serves about 278,500 customers in 78 Kentucky counties.

Under the proposed rate schedule the average urban residential customer will receive an increase of less than 4% cents a day.

"During this period of restrictions and shortages of many forms of energy, it is more important than ever to the customers buying power that we be able to pay expenses and raise the money for building the power plants and other facilities needed to provide dependable electric service," said a spokesman for the utility.

The filing sets out proposed new rates for residential, commercial and industrial services.

Comparison of typical electric bills for present and proposed (urban) residential rates set forth in an Exhibit in KU's application showed:

Minimum monthly bill: present \$1.20/ vs. proposed \$1.35; 250 kilowatt hours: 28 vs. 38; 500 kw: \$10.85 vs. \$11.93; 750 kw: \$15.05 vs. \$16.52; 1,000 kw: \$19.15 vs. \$21.12.

KU's filing proposes to put the new rates in effect December 15. The company asked the commission to permit the new rates to become effective on that date, but also asked that if the PSC felt it necessary to suspend the effective date, the commission grant it 180 days to file a new application.

Minimum monthly bill: present \$1.20/ vs. proposed \$1.35; 250 kilowatt hours: 28 vs. 38; 500 kw: \$10.85 vs. \$11.93; 750 kw: \$15.05 vs. \$16.52; 1,000 kw: \$19.15 vs. \$21.12.

State Legislators To Gather Next Sunday

By Carroll Hubbard

The 138 legislators who will comprise the 1974 Kentucky General Assembly are scheduled to meet at the Kentucky State Park next Sunday through Tuesday for their pre-legislative conference.

About one-third of the senators and one-third of the members of the House of Representatives are freshmen and they have been invited to a seminar and discussion period at the Gilbertville resort park near Louisville on Saturday afternoon.

Veteran legislators and members of the Legislative Research Commission staff will be speaking to and assisting legislators who will be making the trip to the law-making chambers of the state capital for the first time.

Gov. Wendell Ford will speak at the main banquet of the conference next Monday afternoon.

Selections of the Senate and House of Representatives leadership for the coming 90-day session will probably be determined at party caucuses next Monday afternoon. House Democrats will have a caucus meeting room as there are 80 of them. Other meetings regarding the choosing of leadership will consist of 20 House Republicans, 20 Senate Democrats and 9 Senate Republicans.

There will be very little jockeying among Democrats as those who held legislative positions in the 1972 session will most likely be re-elected.

In the House elections Norbert Blume (Speaker), Billy Patton (Speaker Pro Tem), John Swinford (Majority Floor Leader), W.J. Reynolds (Majority Caucus Chairman) and George P. "Big Boy" Whip are all set to return for the 1974 session.

Gov. Carroll is president of the Senate by virtue of his office. Sen. William L. Cray is president of the House. Sen. Tom Garrett (Majority Caucus Chairman) and Sen. Joe Stacy (Majority Whip) are returning and are expected to be in leadership positions again, though who will succeed Sen. Don Delaney as president of the Senate's Majority Floor Leader last session, is undecided. Garrett may be President Pro Tem, Sullivan Majority Floor Leader and Stacy Majority Caucus Chairman, and George P. Whip being the one to pick his choice.

There is much speculation that Sullivan may become a candidate next year for U.S. Senator and his poor leadership would give him more opportunities for actual legislative leadership than retaining his present position. (Sen. Huddleston would agree with that.) If Stacy moves up, the Majority Whip slot will be vacant.

One person who will be consulted about and agreeing to each of the leadership positions for Democrats will be Gov. Ford. The Republicans might start the year with Sen. Huddleston as their leader and challenger Bruce Clyde, a veteran representative from Louisville. Eugene P. Stuart, outgoing House Minority Caucus Chairman, will be a challenger for the House, and thus that job is available. The House Minority Whip of last session, Arthur

from HISTORY'S SCRAPBOOK
DATES AND EVENTS FROM YESTERYEARS

Samuel L. Clemens, who used the name Mark Twain, was born on November 30, 1835. The first leading "Christmas Club" began December 1, 1906. On December 3, 1852, President James Monroe issued his famous Monroe Doctrine. (It took because the 21st state to enter the Union, December 1, 1852.) The "December 4th" took place in Paris, France in 1821.

Health . . .
... for all

There are all kinds of ways to fight air pollution. Reduce the lead in gasoline. Restrict the number of cars allowed in the cities. Increase public transportation and bikeways. And stop "topping off."

How often does the attendant add more gas to your tank after the automatic pump has shut off? When he does he is topping off your tank. And the California Air Resources Board says this practice sends considerable spurts of hydrocarbon pollution into the air. Now the Lung Association of San Diego-Imperial Counties in California is distributing cards for motorists to display to serve station attendants. The card says, "Don't Top Off My Tank. Stickers could be put right on the cover of the tank itself. It's a simple, effective, and no-cost way to reduce air pollution. It could even save money for the motorist, since topping off all too often ends in spilled gasoline."

Lung associations across the country are concerned about topping off and all other practices that contribute to more air pollution. Some associations have cosponsored auto emission and engine diagnostic clinics. Others have organized young people and other groups to report violations of anti-pollution laws. Still others have disseminated information about setting up regional transit systems of electric trolleys and buses run by liquid natural gas. Car exhaust is the chief source of air pollution, but pollution comes from many different sources, including power plants, industrial activity, and incinerators. Cleaning up our air is a complicated business. But simple acts such as stopping "topping off" can help. To join the fight against air pollution, contact your Kentucky Lung Association. It's a matter of life and death.

Students Will Give Joint Recitals

Lynette Davidson and Ron Davidson are presenting a joint senior recital Thursday, Dec. 6, at Morehead State University. The 8 p.m. program in Baird Recital Hall is free and open to the public. Mrs. Davidson, the daughter of Mr. and Mrs. Robert L. Taylor of 1126 Audubon Ave., Park Hills, will present oboe selections. Davidson, the son of Mr. and Mrs. Joseph C. Davidson Jr. of 311 Hinde Ave., Fairdale, will perform double bass works. A graduate of Simon Kenton High School.

Convalescent Home To Have 50 More Beds

The Daniel Boone Convalescent Center at Morehead will soon be expanded from its present 61 patient beds to 111 beds. Authorization for the additional 50 beds was given this week by the State Certificate of Need and Licensure Board. The Morehead facility was one of 39 approved in the state for expansion.

Daniel Boone Convalescent Center is located in the Tolliver Addition of Morehead. It is currently classified as a 61 bed skilled nursing unit.

Daniel Boone Convalescent Home belongs, on paper and according to official records, to the City of Morehead. However, it is operated and fully controlled by Healthcare Management Corporation, home-based in Tennessee and also chartered in Kentucky.

On April 30 of this year Council voted to issue \$1 1/2 million in revenue bonds to purchase all the stock in the convalescent home, mostly owned by Moreheadians. The bond issue was permissible under a law passed by the last General Assembly permitting governmental units to borrow such sums for attraction of industry, health care etc. . . . the municipal tax free bonds were sold privately by Healthcare Management of an undisclosed interest rate. In the face of the indentures specifies the city cannot be held responsible for any default of the City, in turn, leased the convalescent home to Healthcare for 25 years at a rate to fully retire the \$1 1/2 million, plus interest . . . and the end of the 25 years Healthcare has an option to lease the facility for \$10,000 a year from the City . . . and at the end of that five years, or 30 years from now, Healthcare Management holds an option to purchase the property at a fair appraised value as of then.

The complicated \$1 1/2 million bond issue, possible only because of the new law enacted by the Legislature, attracted criticism in the last Mayor's and Council races.

Mrs. Davidson is a member of the MSU Marching Band, Symphony Band and Orchestra. She received the Sigma Alpha Iota Performance Award.

Davidson, a graduate of Fairdale High School is a member of the MSU Orchestra, Jazz Ensemble and Percussion Ensemble. He has both performed with the Lexington Philharmonic Orchestra.

Father, Son Argue; Bystander Is Killed

A Flemingsburg man became involved in an argument with his 19 year old son, and accidentally killed an innocent bystander Thanksgiving Day.

Coroner Robert Jones reported that the father, Allen Thomas Jones, 51, had a bitter falling out with his teen-age son in a yard at their home. . . . the father procured a high-powered .30-30 rifle and pointed it at his son. . . . one of several bystanders bumped into Jones, knocking the gun aside. . . . the rifle exploded and the bullet struck Charles Richard Potts, 25, another bystander of Flemingsburg.

The high velocity bullet struck Potts under his left arm. He was rushed to the Fleming

County hospital, and then ordered transferred to skilled care and the emergency unit at St. Claire Medical Center in Morehead.

Potts died in the ambulance enroute to Morehead. The father of two children, Potts was a member of the Flemingsburg volunteer fire department. Jones was placed under \$2,500 bond charged with involuntary manslaughter.

Marvin Wilson, 43, Widely Known In Horse Circles, Dies

Marvin Wilson, 43, highly instrumental in the winning of two world championships for Tennessee walking horses, died at 2 o'clock Monday morning at Scioto Memorial hospital in Portsmouth, O.

The end was not unexpected as Mr. Wilson had been in failing health for several weeks. A native of Elliott county, he came to Morehead while a young man as an assistant trainer for the walking horse stable of Claude Brown. The stable produced Major Wilson which won the world's title.

After spending about six years at the Brown farm, Wilson became affiliated with the Dick Thompson farm in Tennessee, and in 1969, trained and rode a horse which belonged to Thompson to the world's walking horse-championship.

It was accepted in international walking horse circles that Wilson was outstanding as a developer of horses; training them to peak performances; and also getting the finest effort from a horse in the show ring.

The body was taken to Herald and Stewart Funeral Home at West Liberty.

Letters . . . to the editor

This message column brings publicists an outlet of general, local, or news interest. It is not intended as a platform for editorial comment. No return will be printed without address.

PINPOINTS THAT DEMOCRATS RECEIVED MOST ABSENTEES

The Editor:

After studying the General Election vote tally published in the Morehead News, November 8, I wonder how many readers noticed how the major Democratic candidates commanded the absentee ballots in this election.

While no no-voting precinct did the Democratic candidate receive a majority of more than 3 to 1 of the votes cast for that office, they received 3 to 8 times as many absentee votes as the major Republican candidate.

Does this fact tell us something, or not?

Christmas Concert Scheduled Dec. 4 By MSU Groups

Morehead State University's Women's Chorus and Men's Glee Club are presenting a Christmas Concert Dec. 4 at 7 p.m. in Baird Recital Hall.

The Men's Glee Club, directed by Joe W. Figg, will sing "The Bear's Head," "O Tannenbaum," "Mary Had a Baby," "I Wonder as I Wander," "Virgin Luvva Panama," and "March of the Kings."

Jo-Anne Keenan and Larry Montgomery will be featured soloists with the Glee Club. Directed by "Vasile Vencetzotti, the Women's Chorus will sing "Hoanana," "He whom jousts shepherds praised," "Wexford Carol," "Come, Ye Gay Shepherds," "Fa La Nana Bambin," and "From The Hills and From The Vales." Deborah Easton will be the soloist.

The groups combine to sing Pinkham's "Christmas Cantata" with Figg directing. The program is free and open to the public.

"The King And I" Being Presented At University

"The King and I," Rodgers and Hammerstein's popular musical, is being presented Nov. 28-30 in Morehead State University's Batten Auditorium.

Curtain time is 8:15 nightly. Admission is \$1.50 for adults and 50 cents for children. MSU students are admitted on ID cards.

Cast in the lead roles are Cheryl Melion, Louisville senior, as "Anna" and Mike Clark, Madeira, Ohio, freshman, as the King. Miss Melion was the female lead in MSU's 1972 production of "Mun of La Mancha."

Dr. William J. Layne is the stage director. Joe Figg is the vocal music director and Paul Whaley is the technical director. The MSU Orchestra will be conducted by Douglas Engelhardt and Constance Phelps, who danced in the Broadway production, is the guest choreographer.

Mrs. Pearl Patton spent the Thanksgiving holidays with Mr. and Mrs. Herman Oberstein and family, and Mrs. Carl Elam and family in Dayton.

Mr. Tom Clayton of Louisville visited with his father, Mr. Claude Clayton over the weekend.

Mrs. Don Batton and children, Stephanie and Dennis of Richmond spent the week-end with her husband, Don Batton and with Mrs. Hartley Batton.

The Day Homemakers met Nov. 13, at the home of Mrs. Edith Cline. The lesson, "Christmas Preparations and Foods" was presented by Doris Turner and Louise McCarty. Other members attending were, Edith Griffith, Bonnie Thompson, Emma Notshburn, Mae Caudill, and a guest Jean Murray.

Save up to \$2,000.00 on a double-wide, 2 bedroom - \$7,995.00.

By Helen Price Stacy. If Gov. Wendell Ford's present search for the oldest Kentuckian had been conducted in 1921-22, the state's senior citizens would plead "no contest" to a Leslie County man named John Shell.

Darrell Terry, a former student at Lees Junior College in Jackson, claimed in a research paper that Shell lived to be 134 at the time of Shell's death he had a son 95 years old and another who was only seven.

Shell was actually a Tennessee native. His parents migrated from Pennsylvania and finally settled in Kentucky's southern mountains in a four-household community now known as Harlan.

Shell and his first wife, Elizabeth Nance, had eight children. To keep his large family well fed, he often hunted deer and bear. The fact that he was not always successful in bringing home the meat resulted in the naming of Greasy Creek.

He had taken his long ride to the mountain when he came upon a bear. His shot merely wounded the animal and caused it to run and fall into a deep water hole.

As time passed, the bear fat created a greasy scum on the water, making it known

VOCATIONAL CLUB OFFICERS... The Vocational Industrial Clubs of America, Rowan County Chapter, has elected its officers for the coming year. Pictured from left, they are Bruce Adkins, parliamentarian; David Thomas, reporter; Dwight Barnett, treasurer; Tony Sparks, president; Steve Littleton, vice president and Randy Waltz, secretary.

Leslie Man Lives 134 Years; Son Now 57

from then on as Greasy Creek. Kentucky's pioneers had to be versatile if they were to survive, and Shell was no exception. He was a gunsmith, blacksmith, beekeeper and carpenter. He made waffles, operated a flour and grist mill and carved spinning wheels and looms with his handmade knife.

A man who lived 134 years is certain to have had many memories. Shell saw early scouts and explorers, including Daniel Boone and even helped defend the Harlan settlement against an Indian attack.

He felt the great 1811 earthquake that changed the structure of the Mississippi basin as well as sections of the state.

Shell's first wife eventually died, and he later married Elizabeth "Chappie" Theron. Albert James Shell, of Leslie County, is now 57.

The secret of Shell's longevity is unknown, although heredity is thought to be a factor. Shell's love for pure honey and his lifetime in mountains, spent walking daily along narrow valleys and climbing steep hills, possibly contributed to his attainment of age 134.

Free Fuelwood Available To Rowan Area Residents

In response to President Nixon's message on conservation of energy, the Daniel Boone National Forest has announced a more liberal use of free fuelwood permits.

Forest Supervisor John E. Alcock, has announced that any person, without regard to place of residence, may get a free-use permit for fuelwood. The wood can only be used for home heating or cooking.

Free-use areas will be designated on the Morehead Ranger District and the other six Ranger Districts in the National Forest. Persons planning to cut firewood on the National Forest in the Rowan County area should contact District Ranger Richard Bonaya, U.S. Forest Service, Box 10, Rowan Hollow, Morehead, or by calling 784-3624.

Mrs. Monnie Cox Claimed at 57; Rites Saturday

Mrs. Monnie Cox, 57, Elliottville, died last Wednesday at her residence following a six-month illness.

A native of Carter County, Mrs. Cox was born Aug. 6, 1916, the daughter of Mrs. Ellen Middleton Reynolds and the late Charlie Reynolds. She was a member of the Church of Jesus Christ, a cook at Morehead Grade School and had resided all of her lifetime at Elliottville.

Surviving, in addition to her mother who resides in Carter County are her husband, Everett Cox, one son, Malcolm Cox of Elliottville, three daughters, Shirley Cline of Niles, Ohio, Wanda King of Elliottville and Jesus Christ, a cook at Morehead Grade School and had resided all of her lifetime at Elliottville.

Funeral services were conducted at 2 p.m. Saturday at the Frayley Chapel by Revs. Russell Reynolds, Gayle Price, Clifford Price and Tommy James. Burial was in the family cemetery.

1974... a beautiful time for Dodge.

'74 Dodge Charger.

MAKE THIS YOUR YEAR TO GO "CHARGER STYLE!"

Welcome to the 1974 Charger, a beautiful breed of car for a special breed of person - that special individual who likes his cars classic, yet distinctive. There are three ways to go "Charger Style" in '74. The Charger coupe, styled and priced right for the young guy or gal on a budget. Charger hardtop, the distinctive mid-size. Finally, the ultra-sporty Charger SE! This year is a beautiful time to go "Charger Style" you owe it to yourself!

See how easy it is to go Charger Style- (AND TELL 'EM "HONEY" SENT YA).

your week ahead by DR. A.W. DAMIS

- Forecast Period: December 2 to December 8. ARIES: There's an old saying: If the candle once gets his nose into a leak, the whole body will water. TAUROS: Listen well! You have become too preoccupied with thoughts of the opposite sex. GEMINI: Apparently, someone connected with your job, project or task holds most of the answers you need concerning a member of the opposite sex. MOONCHILD: This week you will undergo what appears to be a reversal when in fact, this so-called reversal will prove to be an improvement in your outlook toward life. LEO: It's a fact of life, those under your sign involved in a triangle will discover additional overtures coming their way. VIRGO: Persons much younger than yourself will play an important role in this week's events. LIBRA: A romantic word or gesture will come your way from an unexpected source. SCORPIO: It seems as though you will gain the confidence of someone who has questioned your motives. SAGITTARIUS: A member of the opposite sex simply will not face a critical issue. CAPRICORN: The moods and tensions rising from your job, task or project might creep into your domestic life. AQUARIUS: The week might seem to move along rustily, but near the close of this cosmic cycle, the other sex's actions should prove to be most provocative. PISCES: You might not be aware of it, nevertheless, your life has reached a crossroad.

CADET CLIFFORD CAUDILL PROMOTED AT MILLERSBURG

Cadet Clifford Caudill, son of Mr. and Mrs. James Thomas Caudill of Morehead, has been promoted to the rank of private First Class at the Millersburg Military

Institute at Millersburg. The promotion was based on academic, general attitude and military excellence. Col. Joseph R. Johnson said in announcing the promotion.

Ann Landers

Copyright - Field Enterprises, Inc.

Dear Ann Landers: My husband used to be a heavy smoker. I told him how unhappy it made me so he said he's quit. He did. Or, at least I THOUGHT he did because that's what he told me.

Last week a mutual friend whose husband smokes too much was complaining. I said, "If Karl can quit, so can Fred." She gave me an odd look and asked, "When did Karl quit?" I said, "Two years ago." Well, I really did get a horse laugh. "What you mean is he quit smoking in front of YOU," she smiled.

I began to put together all the pieces - the unexplained used matches I had found in the trash, the smell of smoke in Karl's hair. (When I questioned him about it, he'd say the people in the office smoke around him and he picks up the scent.)

That night I told Karl what my friend had said and he denied it. But he had a very guilty look on his face. I think he's been lying to me and now I wonder what else has been lying about. comment, please. - Confidence Waning

Dear C.W.: Don't get carried away, Honeybun. If the only real evidence you have is the look on Karl's face, it's not enough to "convict" him. Have faith in the guy and let him know you trust him. Husbands, like children, usually behave as well or as poorly as you expect them to.

Dear Ann Landers: How can you respect your mother when she doesn't do anything to deserve it?

Mom works 30 hours a week in a small restaurant. They are busy only at rush hours, like noon and dinner. It's not all that

hard. When Mom comes home from work she heads for the sofa and sleeps until Dad gets here. She doesn't lift a finger to do one thing around the house. All she does here is eat and sleep.

I am 19 and am doing all her work. There are younger kids here and I have to be a mother to them.

Ann, there is nothing wrong with her physically or mentally. She is just plain lazy. Don't get me wrong. I love my mother but I don't respect her. How can I make her understand that she should buckle down and stop using me as a substitute? - Fed Up To Here

Dear Fed: There is more than laziness involved. A woman who does nothing but eat and sleep at home sounds depressed, half sick and in need of counseling. Be thankful that you can help. Think of what life would be like for those little kids if you weren't there. Try to get your mother to a doctor for a complete physical checkup - and then to a counselor. She's not in good shape. In spite of what you think.

Dear Ann Landers: I'm a neat, attractive (not beautiful) widow in my early 60s, who is tired of office work. I'm a good cook and housekeeper and although I once felt that such work was beneath my dignity I've changed my mind.

I would like a job as a housekeeper-cook for a widower or a bachelor. I'm beyond the age when I want to take orders from a woman. Can you help me? P.S. I am respectable. Veva

Dear V: You say you're beyond the age when you want to take orders from a woman? Well, I have a hunch you don't want to take orders from a man, either. You're looking for a tame single male who will let you run things. I'm sure there are such men around but you'll have to find 'em on your own.

EKC Tourney Opens; Vikings Meet Elliott Co.

Rowan County meets Elliott County and West Carter tangles with Salyersville tonight (Thursday) in first round games of the 32nd annual Eastern Kentucky Conference Basketball Tournament at Morehead State University's Wetherby Gymnasium.

The West Carter-Salyersville game begins at 7 p.m. and the Rowan-Elliott contest starts at 8:45 p.m.

University Breckinridge drew a first-round bye and will play last night's Menifee County-East Carter winner in the semi-finals on Friday.

The championship game is Saturday at 7:30 p.m. No consolation game is planned. Officials are Don Hardin, Warren Cooper.

Herb Ramey and Nelson Allen, Rondal Hart is the tournament manager.

Tickets are \$1.50 per session and are available at the gate.

Teams Added To EKC

EKC Commissioner Jack Fultz announced this week that Maysville, Lewis County and Fleming County have joined the conference, effective next fall. Their addition increases the league's football schools to six and basketball to 10. The next members make their first appearances next August in the EKC Grid-O-Rama at MSU's Jayne Stadium.

Football Squad Breaks 12 Marks, Ties 7 Others

Morehead State University's football Eagles left their mark on the MSU record book this season by breaking 12 school marks and tying seven others.

The squad scored more points than any previous MSU team, 266, but also allowed more points than any other. This year's Eagles gained more yardage by rushing, 2,255, and had more total offense yardage, 3,648, than ever before. They also rushed 67 times in one game for another mark.

The Eagles tied individual records for touchdown passes caught in one game (8, Mike Matta); pass interceptions in a season (7, Vic Williams); and defensive plays in a

game (23, Jerry Spaeth).

The 12 new individual marks are most total offense yardage in a career (5,584 Dave Schaezke); most offensive plays in a career (1,129 Dave Schaezke); most total yardage in a season (3,648, Dave Schaezke); most passing yardage in a career (4,036, Dave Schaezke); most extra points by kicking (29, Don Russell); most extra points attempted by kicking (29, Don Russell); most consecutive extra points by kicking (29, Don Russell); most points scored by kicking in a game (10, Don Russell); most points scored by kicking in a season (50, Don Russell); most field goals in a game (3, Don Russell); and best punting average in a career (37.8, Lon Mains).

SOME RESERVED SEATS FOR BASKETBALL STILL AVAILABLE

A limited number of reserved season seats are still available for the 1973-74 Morehead State University basketball season.

The seats are \$42 for the 12-game home slate and they may be purchased from the Athletic Ticket Manager in the Howell-McDowell Administration Building.

"We like those who admire us."

SOUTHPAW BOWLER . . . Kathy Fergus, Hartford City, Ind., sophomore at Morehead State University, is learning to bowl in an MSU physical education class.

PLAYER HONORED . . . Player of the week at University Breckinridge is Jimmy Morrison, shown hitting a driving layup giving him 10 points against the Radlers from East Carter. Earlier in the week Morrison hit for 26 points against Morgan County, his individual high for the young season. He followed this with a 24 point performance against Montgomery in a losing cause. He is the son of Mrs. Anna Lee Morrison.

*Saturday Games

IN COMPETITION . . . Keane Foster, third grader, prepares to kick during the University Breckinridge Pass, Punt and Kick competition. The activity is sponsored by the Key Club, with boys and girls in grades three through six competing with members of their own grade and sex. Club members Jimmy Fraley and Mickey Miller are showing giving instructions in kicking technique and scoring Keane for his efforts. About 80 boys and girls competed. Winners were Sammy Holbrook and Renee Wright, third grade; Terry Mann and Laryn Tapp, fourth; Joe Dawson, fifth; Mark Patrick and Lee Clough, sixth. Al Fryman, project chairman, said the competition is one of six sports events being sponsored by the club for elementary students. All participants received certificates. Winners received first place certificates and ribbons.

TOURNEY TALK . . . Senior John Back and Todd Alfrey discuss Eaglet chances in EKC Tournament action with Coach Ditzel Dennis. The Eagles' tournament play begins Friday evening against the winners of East Carter-Menifee County contest played in Wednesday's opening session. Back is a two-year regular and the only returning starter off last year's conference champions. He leads the team in scoring and rebounding through the first six games of 1973-74 seasons. Alfrey is a first year player having returned to Breckinridge from New York where he participated in only football.

Will Have A Ball

A grand prize worth \$10,000 will be awarded in a Super Bowl football contest that was recently kicked off. The winner will receive, for a family of four, a trip to Super Bowl '74, a week in Hawaii, including air travel, hotel accommodations and meals, and \$5,000 in incidental expenses.

Really having a ball, they will not only watch the game as guests of Terry Bradshaw, quarterback of the Pittsburgh Steelers, but also receive an official NFL football, autographed by Bradshaw.

One doesn't have to win top prize to score on the contest sponsored by "Eveready" batteries. There are also four First Prizes of Magnavox color portable TV sets plus official NFL footballs (retail value \$510.00), 25 Second Prizes of Tascos binoculars, and official NFL footballs (retail value \$101.45), and 5,000 Third Prizes of official NFL team pennants.

All you need to enter is a Super Bowl spectacular coupon featured in many sports magazines and Sunday supplements beside a picture of Bradshaw. All entries must be postmarked by November 30, 1973, and received by December 14, 1973.

It might be well worthwhile. After all, there's a real possibility that it won't be just for kicks!

SOUTHPAW BOWLER . . . Kathy Fergus, Hartford City, Ind., sophomore at Morehead State University, is learning to bowl in an MSU physical education class.

PLAYER HONORED . . . Player of the week at University Breckinridge is Jimmy Morrison, shown hitting a driving layup giving him 10 points against the Radlers from East Carter. Earlier in the week Morrison hit for 26 points against Morgan County, his individual high for the young season. He followed this with a 24 point performance against Montgomery in a losing cause. He is the son of Mrs. Anna Lee Morrison.

Last Year's Open House Party was enjoyed by all, and we are sure that you, as one of our Valued customers, will want to get a head start on your Christmas shopping at a time when you can have fun and save money.

HOBBS

Morehead — Mt. Sterling

REJECTOR... Center George Williams (43) blocks a shot by guard J.J. Garris (18) as Eugene Lyons (25) and Lovell Ashby (32) look on during Morehead State University's intrasquad game. Williams and Garris were teammates at Lorain Community College in Ohio before transferring to MSU. Williams is expected to be the starting center when MSU opens the 1973-74 season at Mercer University Saturday night. The Eagles make their first home appearance Dec. 6 against Union College.

Harrell Unveils Powerful Eagles

Offense was the whole show this week when Morehead State University held its annual Blue-Gold intrasquad basketball game.

Coach Bill Harrell unveiled his Eagles for the home fans and the Gold team, comprised of the first unit, edged the Blue team, 104-103.

"I think we demonstrated our offensive power," Harrell said. "But at the same time, there also was some good defense."

All-OVC forward Eugene Lyons, a 6-5 senior, led the Gold attack with 34 points.

"I think Eugene dispelled any doubts that he can play guard," Harrell said of the new position experiment.

Forwards Arch Johnson and Leonard Coulter chipped in with 19 and 16 points, respectively. Coulter also hauled down 13 rebounds. Guard Howard Wallen scored 14

points and had 12 assists. George Williams, a 6-8 center, added 13 points, and 12 rebounds and blocked seven shots.

The Blue team was led by 6-6 freshman center Ted Hundley with 25 points and 12 rebounds. Charles Frazier, a 6-4 forward, picked up 23 points and guard J.J. Farris had 22. Both are junior college transfers.

"Overall, I was very happy with the showing," the coach added.

MSU's Eagles have posted the best conference record in the OVC over the past two seasons. They open the season Dec. 1 at Macon, Ga., against Mercer University. The first home game is Dec. 6 with Union College.

"Our fans are excited about the team and we're eager to get started," Harrell said.

Eagles' Tentative

Basketball Lineup Announced

With the opening game of the season less than a week away, Morehead State University Basketball Coach Bill Harrell has not decided on a starting lineup.

The Eagles open the season Saturday night in Macon, Ga., against Mercer University, a team the Eagles defeated 95-91 in Morehead last season.

"We have settled on a tentative lineup," said Harrell. "But it seems each day another player challenges to break into the starting

five."

The temporary lineup includes three All-OVC players, a returning letterman and a junior college transfer.

All-OVC forward Leonard Coulter, a 6-5 senior, will handle one forward slot with 6-6 junior Arch Johnson as his ruing mate. A pair of all-league choices, 6-3 Howard Wallen and 6-5 Eugene Lyons, will be at guard. Lyons, who has been moved to guard this

7 Victories, 1 Tie

Viking Frosh Undefeated

Morehead is the home of the University "Eagles" football team.

Naturally the local and area prime sports interest is centered on the University team.

Next, in football comes the Rowan County High School Vikings, this year's champion of the E-K conference.

Little known is the freshmen team at RCHS.

Without publicity, but day by day and week by week hard work, the Viking freshmen compiled an undefeated record. Their only blemish is a 6 to 6 tie against Fairview in the opening game.

The Viking freshmen started improving after the opener and here is the way the rest of their games went—

- + Defeated Bath freshmen 29 to 21 in a hard fought contest.
- + Ran up a comparatively easy 17-0 victory over East Carter freshmen.
- + Upheld favored Mt. Sterling freshmen 14-7.
- + Lambasted Morgan County freshmen 40 to 0, using substitutes most of the way.
- + Steamrollered West Carter freshmen 62-4.
- + Had an easy time beating Fleming County freshmen 40 to 8.
- + Closed a glorious season by again beating East Carter freshmen, this time 28 to 14.

Their proud coach is Mike Springer. He

says this is the "best, hardest working, most cooperative, and determined group of young men" that he has ever worked with.

The beautiful part about the undefeated

season is that these freshmen will move to the varsity squad next year... and that could mean strong football teams at RCHS for the next three years.

UNDEATEN... This is the freshmen football team at Rowan County which finished with seven victories, and one tie (their first game). The Viking freshmen scored 216 points to 36 for their opponents. All are eligible to step up to the varsity, making the future football outlook good at RCHS. Front row from left—Delmer Estes, Kermie Hodge, J.C. Jolley, Ricky Cornett, Roger Sloan, Robert Keeton. 2nd row—Coach Mike Springer, Marvin Blitch, Mike Howard, Billy May, Danny Wallace, Scott Mullen, Blain Ellington, Coach Ted Treat. Rear—Mark Plank, Ronnie Day, Robert Thomas, Eddie Fultz, Larry Lambert, Mitch Ramey.

Wrestling Will Open Friday

Morehead State University Head Wrestling Coach Dr. David Beaver enters his first season at the helm of the Eagles and really doesn't know what to expect.

"We have some good personnel returning and some fine looking prospects," said Beaver. "But I don't know how competitive we are yet."

The Eagles will answer that question Friday when they host Georgetown, Bradley and the University of Kentucky in a quadrangular meet in MSU's Wetherby Gymnasium.

"We are facing some good individual wrestlers and some established teams in this meet," said Beaver.

The meet begins at 1 p.m. with MSU taking on Georgetown and UK wrestling Bradley. At 4 p.m. MSU faces Bradley and UK meets Georgetown. The final matches are set for 8 p.m. with MSU wrestling UK and Georgetown meeting Bradley.

All matches are free and open to the public.

"We would like to encourage the students and fans in the area to attend these matches," said Beaver. "I think they will like what they see."

The Morehead News Sports

FINALISTS... Rowan County High Pep Club's One-On-One Competition for grades seven through nine has produced the above four finalists. From left, they are Robert Thomas, Scott Mullen, Mitch Ramey and Billy May. They will battle for the first place honors this week. The competitions are held during the lunch break at the school.

CHEERLEADER OF THE WEEK... Vicki Collins, freshman at Rowan County High School, has been named cheerleader of the week. Vicki is active in the Pep Club and Science Club and is a member of the Band. She is the daughter of Coach and Mrs. Zane Collins of 548 Crestview Lane.

Here's a pretty way to serve

and it's Free.

This richly embellished Hostess Serving Tray is a full 12" x 14" oval. Its warm red background is delicately scrolled in gold with touches of violet. And it is a practical gift as well as good looking. The heavy gauge metal won't bend or buckle in use. Best of all, it's our free gift to you when you open your new Christmas Club.

Supply is limited, so don't wait. We must end this offer when they are gone.

Ohio Man Injured In Carter Shooting

An Ohio man was seriously injured last Thursday in a shooting incident on Ky 7 in Grayson, according to Kentucky State Police.

Victor Sparks, 36, Niles, Ohio, remains in serious condition at Cabell-Huntington Hospital in Huntington, W. Va., with gunshot

wounds received from a 12-gauge shotgun. The incident took place at the home of Willis Hall on Ky 7 police reported.

Charged with malicious shooting and wounding with intent to kill is Earl Michael Suttles, 24, who was lodged in Carter County Jail pending a hearing.

COX MONUMENT CO.

Lonnie & Juanita Cox—owner

The COX MONUMENT CO. features FIRST CLASS MONUMENTS and are located at U.S. 60 E. Morehead, Ky. Phone 784-5852.

This firm is one of the leaders of its kind in this district and has built its reputation upon service, satisfaction, and the good will of its many satisfied customers. Having been in this line of business for a number of years, the management knows the demands of his

customers and furnishes quality service at reasonable prices.

People everywhere prefer doing business with them because they know they will be treated fairly. It has often been said that business goes where it is invited and stays where it is well treated. That accounts in a very large measure for the success and popularity of the COX MONUMENT COMPANY.

DIVISION WINNERS... Morehead State University's debate team of Debbie Poore, left, Hodgenville sophomore, and Kathy Justice, Ashland sophomore, won first place in the junior varsity division of Western Kentucky University's Kentucky Colonel Classic. M.S. Justice also placed fourth in the junior division speaker awards.

MSU Debaters Taking Part In First OVC Tournament

Hoping to add to its collection of 22 trophies for the season, Morehead State University is entering four teams this weekend in the first Ohio Valley Conference Debate Tournament at Bowling Green.

Representing MSU will be Steve Hohmann, Louisville sophomore; Kathy Justice, Ashland sophomore; Don Kazee, Ashland sophomore; Gary Padgett, Louisville freshman; Debbie Poore, Hodgenville sophomore; Carol Snider, Madisonville sophomore; Pam Todd, Madisonville junior; and Susan Washburn, East Monroe, Ohio, senior.

The MSU squad captured seven trophies and won the varsity and junior divisions in the recent Morris Harvey College

Tournament at Charleston, W. Va. Hohmann and Miss Todd posted a perfect 5-0 record to win the varsity competition and Hohmann was selected top varsity speaker.

Padgett and Kazee teamed to win the junior division with a 5-0 record. Kazee and Padgett were named first and second speakers, respectively.

A week earlier, Miss Poore and Miss Justice won the junior division in the Kentucky Colonel Classic at WKU. They posted a 1-0 record and Miss Justice ranked fourth among 68 speakers.

Miss Snider and Padgett reached the quarterfinals with a 6-2 preliminary record. MSU received the runner-up sweepstakes trophy.

FUEL SHORTAGE—Fuel shortages have already hit many Kentuckians, and state officials fear the situation is worse than previously expected. John Stapleton, director of the Office for Mandatory Allocation, said the increased need and decreased supply have led to a critical situation for many people affected by allocation regulations. Another spokesman for the office said they are now trying to meet home heating and farming needs on a day-to-day basis until the federal government can enact long range solutions.

\$4 Million Civic Center Planned For Kentucky

Gov. Wendell Ford has announced plans to include \$4 million in his Executive Budget for the construction of a proposed civic center in Lexington.

In a press conference, Ford stressed that the center would be a multi-purpose complex designed for conventions, exhibitions, sports, entertainment, business and the arts.

Not only would the center be vital to Lexington and Central Kentucky, he said, it would be important in some aspects to all Kentuckians.

Construction of the civic center would mean the creation of a new industry, new jobs, new opportunities to increase the entertainment and cultural potential for all the state's citizens, Ford said.

He also pointed out that the center would stimulate additional economic growth and expand Central Kentucky's convention and tourist opportunities.

"Through a self-supporting concept; the return on our investment is significant, because when growth is created all Kentucky prospers," Ford said in justifying the state's participation.

The proposed complex, which would cost approximately \$38.8 million, has been under consideration since March, 1972. The Lexington Center Corporation formulated plans which call for:

- A convention-exhibition hall containing 80,000 square feet for meeting, banquet, display and ballrooms.
- A sports and entertainment arena

Media 22.600.

Restoration of the old Lexington Opera House to be used as a theater for performing arts.

A 400-room hotel, plus space for parking and retail shops.

The Governor explained that the state's lump-sum share would be channeled through the University of Kentucky, which would use the sports arena for basketball games. The arena would be the nation's largest and would provide 10,000 more seats than the existing UK facility, Memorial Coliseum.

"With approval of the General Assembly which convenes in January, work can begin at once, and Kentucky can expect completion in approximately 30 months after the first shovel is turned," the Governor reported.

The remainder of the cost for the center will be retired through the issuance of bonds.

ART EXHIBIT OF MIXED MEDIA NOW ON DISPLAY

An art exhibit of mixed media by Eddie Horton, Danville junior at Morehead State University, and Sam McKinney, a 1973 MSU graduate, is on display through Dec. 12 in MSU's Johnson Camden Library.

TRAFFIC DETOURED ... About one block of the extreme eastern portion of First Street was cut off to traffic for an hour Monday shortly after noon due to excessive water. City Police cruisers are pictured above blocking a section of the street while traffic was rerouted. Police Chief Curtis Coyle said the water was about eight inches deep in front of Imperial Laundry. He said the storm sewers would not take the water fast enough, but pointed out that the condition is not unusual during a heavy downpour.

Breck Key Club Involved In Week Of Varied Events

The Key Club at University Breckinridge is joining over 1,500 club members throughout Kentucky this week in observance of International Key Club Week. Internationally over 80,000 Key Clubbers are involved in telling the Key Club story during this special week.

Randy Oppenheimer, club president, said the Breckinridge chapter has planned a full week of activities that involves not only club members but will include the entire student body, faculty, community and Kiwanis to focus on Key Club programming.

Club members started their activities by attending the Methodist Church on Sunday as a group, accompanied by Key Club Sweethearts. "This type of activity helped set the tone for total commitment to Key Club ideals and places spiritual value in programs undertaken," said Jimmy Frayle, Frayle, a first year club member, served as project chairman and assisted David Layne with hosting a Fellowship Dinner immediately following church services.

Set Up Career Center

The afternoon found members being of service to their school by establishing a new Career Education Center. Drug Education, VI and Alcohol Education Centers and relocating the Key Club library used by members to stay informed concerning Key Club programs at the Division, District and International levels.

Other chores accomplished for the school were hallway cleaning, trophy cleaning and mop-wax application to student lounge in preparation for Kiwanis Banquet and open house. During the school week numerous activities have been planned offering highlights and enrichment experiences for club members, Ronald Hart, club advisor, said.

Tuesday, November 27 was the date for a joint meeting of Key Club and Kiwanis. The meeting was hosted at Breckinridge with Key Clubbers in charge of the program. Following the banquet and program Kiwanis members were taken on a tour of the school with Key Club projects (improvements) emphasized.

Topic for the evening was "Commit Yourself - Why?" with Key Clubbers Tom

Boody, John Sadler and Brian McBrayer making presentations. Each used the "involvement" theme to demonstrate Key Club interest in service programs. Key Club Sweethearts assisted by serving as hostesses and serving the banquet meal to Kiwanis guests.

A School Leaders Banquet was hosted on Wednesday to honor club-class presidents. Keith Haines, chairman, said the purpose of this activity was to give due recognition to students who have been elected to leadership positions and encourage joint efforts to accomplish maximum results in school and community work. Rev. David Book served as guest speaker for the occasion.

Recognizing Teachers

On Thursday (today) the club will sponsor a school assembly to recognize teachers. The day will be proclaimed as "Faculty Appreciation Day" with each teacher presented a certificate of appreciation for their contribution to the education process. Chairman Tommy Queen said each club member will begin the day by taking their teachers "a big red polished apple" and all students have been asked to be just a little nicer and considerate.

Key Club School Lunch Day will be held on Friday with Key Clubbers preparing and serving the lunch. Menu based on interest survey is to be pizza (cheese and sausage) with salad and drink. Joe Back has been honored by being named Chief Chef as he and his kitchen team will attempt to satisfy over 500 students during the lunch hour.

Rally For EKC

Key Club Week activities continue on Friday with a Pep Rally for Key Clubbers assisting varsity cheerleaders in generating pep and enthusiasm for Eaglet EKC Tournament game with winner of Menifee County-East Carter as opponent. Mickey Miller will serve as Key Club Cheerleader "Godmother" on this occasion.

Friday is also the date for University Breckinridge Sloppy Dress Day with all students invited to join in the act. John Back is coordinating this activity and encourages all students to become involved in a fun

Morgan Countians Hospitalized Here After Auto Mishap

Three Morgan Countians remain at St. Claire Medical Center where they were admitted Saturday following a single-car auto accident on Ky. 191 south of West Liberty.

Treated at the Morgan County Appalachian Regional Hospital and transferred to St. Claire in Morehead were Don Nelson Peyton, 21, his sister, Janice Peyton, 18, and Ralph Nickell, 19, all of West Liberty.

Randy Hank Peyton, 17, West Liberty, driver of the car, was treated at the regional hospital in Morgan County and released.

Kentucky State Police said the right front tire of the car blew out, causing the vehicle to leave the road and overturn.

BICENTENNIAL BANNERS AVAILABLE - Charles J. Hellmann, executive director of the Kentucky Bicentennial, recently stated that individual counties can now order Kentucky '74 Bicentennial parade banners and receive them by Nov. 19. The banners are red, white and blue, measure 3x16 feet and resemble the Kentucky '74 commemorative license plate. The \$25.00 banners may be purchased through Stuart Allen Promotions, Inc., 300 W. Main St., Room 200, Louisville, Ky. 40202.

activity to promote school spirit.

A coffee house-dance is scheduled for Saturday following the finals of EKC Tournament. This will conclude a week of involvement by Key Clubbers, student body and Kiwanis members. "While we have called attention to Key Club accomplishments during the week our objective is to bring the school, community and Kiwanis family in focus and allow for a more cooperative and productive atmosphere," Oppenheimer added.

The University Breckinridge Key Club received International recognition at Chicago during International Convention, being named Achievement Winner and taking First Place in Scrapbook competition. The club completed 206 projects last year with a goal of 230 set for 1973-74, Oppenheimer said.

Finding Security in Retirement

A friend of mine from New sense of the word Everybody York writes: "Many of your col. does something and some say that you give attention to things like even doing nothing is doing some work."

Even better than doing nothing is doing only that which gives you nothing! Some of us retirees are enjoying and satisfaction. In the really interested in this subject retirement years. If you have there is one definite thing in your pocket, a little reserve before you are so alone. If a tucked away - life can only be retiree is so inclined the only enjoyable.

I do find it kind of hard to make it self-sufficient. This is heavy though, that someone could another way of saying that, if one is happy just sitting down by an afford it, he doesn't have to get up and do something, even if I'm sure my friend doesn't mean "nothing" is the complete he just crosses the road.
