### **Provost / Vice President for Academic Affairs Search:**

The search process for Provost and VPAA will begin this fall and follow a normal national search timeline with the final candidates coming to campus in late January/early February for campus visits. The search committee is composed of:

Russ Mast – Vice President for Student Affairs - Non-voting Chair

Jon Musgrave – Smith College of Business & Technology

Lori Baruth – Caudill College of Arts, Humanities, and Social Sciences

Michael Kessinger – Volgenau College of Education

Patricia Harrelson – College of Science and Engineering

Lucinda Ward – University Library

Michelle Barber – Director of Advising and Retention

Emma Sherman – Student Representative

James Masterson – Representing Department Chairs

Ahmad Zargari – Representing Deans Council

Ben Malphrus – Space Science / Program of Distinction

#### **Vice President for University Advancement Search**:

Rick Hesterberg has elected to retire this fall after two terms of duty at MSU. We will be starting an internal search process to help us meet the timeline for continuity of leadership for the division and a new person identified this fall. The search committee is composed of:

Mary Fister- Tucker – Vice President for Fiscal Services - Non-voting Chair

Fatma Mohamed – Faculty Representative

Casey Cosgriff – Faculty Representative

Kenna Gauche – Athletics Representative

April Nutter - COMA Representative

Jessie Ferguson – Alumni and Development Representative

Rachel Rogers – Craft Academy Representative

Perry Allen – MSU Foundation Board Representative

Noah Cupps – Student Representative

### **Artificial Intelligence Workgroup**:

One of our initiatives this year is to infuse knowledge of artificial intelligence into our campus, as well as to assess how it may affect our campus instructional, work, and student success

environments going forward. The following individuals have been asked to comprise a working group for this purpose based on their prior experience or representation for an area:

John Nelson – Convener

Jim Masterson

Rachel Rogers

Heba Elgazzar

Donell Murray

April Nutter

Patrick Gonzalez

Siriporn Peters

Alison Hruby

Holly Pollock

Sherif Rashad

# **Recent Board of Regents Meeting Summary:**

Our Board met recently with the following business / items:

- Approval of minutes, election of officers, ratification of personnel items, approval of an updated
  - Student Code of Conduct, amendment to a fee schedule for a course, granting of faculty emeriti status for Greg Wing (Music), and approval of a state matching fund of donor money.
- Approval of athletic contract extensions for Braden Ward (Baseball) and Mark Coleman (Cheerleading)
- Approval of policy changes for faculty with 'Instructor' titles to more consistently define
  service in their FEP's, as well as the development of a promotional opportunity for
  Instructors to move to Senior Instructor. Note: Department Chairs and Deans will be
  speaking with Instructors about the FEP and policy change soon. One of the basis for this
  change was to find consistency across our many departments for FEP and service towards
  student success.
- The Board heard a presentation on 2024-2025 University Goals and Initiatives, an update
  on financial aid, a presentation on honoring buildings and naming plans, an update on the
  Quality Enhancement Plan, a presentation on Name, Image, and Likeness in athletics, a
  report on service contracts, and a presentation on calendar year 2025 employee health
  care plans.
- The Board also approved state asset preservation funds for campus technology upgrades, Fields Hall basement renovation and stone repair, a Breckinridge Hall roof replacement, water mitigation around former Laughlin and Wetherby areas, a complete renovation of

Normal Residence Hall in summer 2025, a renovation of the Veterinary Technology Building at the MSU farm, and a roof replacement for Eagle Lake Apartments.

#### Streets and Parking Lots:

Over the summer we paved a few parking areas, but will be holding off on working on paving actual streets for a little while as construction crews come in and out of campus. The increase in large truck traffic for construction and renovation will take a toll on our streets, and we will come back and fix them after some of the heavy traffic if behind us.

Many thanks to everyone and we hope to see you at Convocation on August 14.

Jay Morgan President
