

## Woody Herman Brings Band To Morehead For Jan. 28 Concert

16-Piece Band  
To Perform  
In Auditorium

By William Randolph Wurst  
Woody Herman, who currently has one of the nation's top bands, will give a two-hour concert in Button Auditorium, Tuesday night, Jan. 28.

Herman will bring a 16-piece band to Morehead for the concert which will begin at 7 p. m. Admission is \$1.00 per student, considerably less than the admission fee charged when Herman plays in larger cities.

Herman has long been noted for his fine smaller jazz groups and in the past few years has developed one of the nation's finest big bands.

Featured in the Herman band is Bill Harris, considered one of the finest trombonists in the land. Harris has a distinctive style and is featured in many of the Herman numbers.

The Herman band was recently on the Steve Allen All-Star jazz show with most of the current jazz greats such as Duke Ellington, Louis Armstrong, Dave Brubeck, Jack Teagarden and John Christy.

Herman's band is playing in Charleston, W. Va., before coming to Morehead. The band will also play in Knoxville, Tenn., after the performance here.

Morehead State College students and faculty members will have first choice at the available seats in the auditorium. The Dean's office has announced that there will be a pre-concert ticket sale and all seats are not sold.

The ticket sale will be offered to area high schools. The ticket sale will be offered to area high schools.

The ticket sale will be offered to area high schools. The ticket sale will be offered to area high schools.

The ticket sale will be offered to area high schools. The ticket sale will be offered to area high schools.

The ticket sale will be offered to area high schools. The ticket sale will be offered to area high schools.

NEW CROSSWALK—Taking advantage of the new crosswalk to the Doran Student House are a number of Morehead State College students. Signs have been erected which make it mandatory for automobiles to stop when pedestrians are near the crosswalks. (See editorial on page two.)

## MSC All-District Band Clinic To Feature Famed Cornetist

By Lois Cornett  
Leonard B. Smith has been selected as cornet soloist and band clinician for the All-District Band Clinic which will be held at Morehead State College Jan. 31 through Feb. 2.

He will be featured as soloist with the Morehead State College band and in seminar. In addition, he will offer extensive seminars on the cornet.

Band students from high schools throughout the eastern Kentucky region will attend the clinic and will be housed free of charge in the dormitories. Meals will be served in the Doran Student House.

A concert by the All-District band on Sunday afternoon at 4:00 will be the highlight of the clinic.

Smith has studied at Curtis Musical Institute and at Ernest Williams School of Music. He

has also studied arranging with Eric Leidner and Maybess Lake. For six years, he was the cornet soloist with the Goldman Band.

Smith played his first trumpet with Detroit Symphony Orchestra when he was 22 years of age. Later he was cornet soloist with the Ernest Williams Cornet Band and appeared with Philadelphia Symphony as trumpet soloist.

He was the organizer of the famed B. B. King Concert Band and now conducts it. Tentative Schedule of Events: Friday, Jan. 31: 9 a. m.—Auditions for seating of band. 11 a. m.—Full rehearsal. 12 Noon—Lunch. 1 p. m.—Rehearsal. 3 p. m.—Seminar on cornet. Mr. Smith's return to Morehead at 4 p. m.—Rehearsal. (Continued On Page 4)

## College Street Is Now One Way

By Gordon Sanders  
The crosswalks painted on the college streets are proving to be an asset to the students of Morehead State College.

Its two main purposes are to slow down traffic on College Boulevard, and to give the students more safety when they cross the boulevard.

The local police chief said he thought that the crosswalks had been a great help to combat the increasing traffic problem. He also added the fact that there hadn't been a single traffic accident on campus in the last six weeks.

The reason that parking was stopped on the V-shaped curve in front of the Student House, was said to be because the students were creating a traffic hazard.

The west end of College Street was almost entirely blocked off. In case of a disaster occurring on College Street it would have been next to impossible to get any equipment or vehicle to their destination in time.

College Street going west has been made a one way street. There have been signs erected on that street to indicate the correct procedure.

The police chief said, "Within the next couple of years the school will have to build a parking lot for the students, or not allow the freshmen and probably sophomores to drive their cars to school."

## First Best Dressed Week Gets Underway Tomorrow

### Style Show To Be Held In Chapel

In connection with "Best Dressed Week", the Council of Presidents will present a Style Show during the regular chapel program on Thursday, Jan. 16, in Button Auditorium.

Jun Clay, President of the senior class will serve as host during the show, introducing the models and their wearing apparel. The show, one of the first of

### Social, Style Show, Dance Are Features Of 3-Day Activities

Morehead State College's first Best Dressed Week will get underway tomorrow. Sponsored by the Council of Presidents, the week is geared toward improving the dress of college students.

An inter-school social between Morehead students and Eastern students will be held in the Doran Student House prior to the Morehead-Eastern game. A style show is scheduled for chapel Thursday and an all-campus dance featuring the McCoy Brothers will be held Friday night in the Doran Student House.

"We certainly hope the Best Dressed Week will be helpful to the student body and will prove an incentive toward better dress the year round," said Dean Wilson.

## Best Dressed Dance Scheduled Fri. Night

The highlight of the "Best Dressed Week" festivities will be the dance to be held in the cafeteria of the Student House from 8:30 to 11:30 p. m. on Friday, Jan. 17.

The dance will feature the McCoy Brothers Orchestra and the dancers to "Danceable Music". The McCoy Brothers presently have four records on the jukebox in the college grill, and have played in such places as the Paradise Room in Atlanta, Ga.,

the Coral Room in Evansville, Ind., and both Myrtle Beach and Steel Pier in New Jersey. Last year the McCoy Brothers played for the annual spring dance held by the Campus Club.

Open to both students and faculty, the dance will be a semi-formal affair, suits for the boys and either party dresses or formal for the girls.

Under the sponsorship of the Council of Presidents and with the aid of the administration, the dance will be free to all.

## Dr. Tant Films Class While Taking A Test

By George Stevens  
Dr. Norman Tant, Director of Audio-Visual Aids, recently proved the existence of cheating at Morehead.

Dr. Tant rigged his class room with a camouflaged motion picture camera to find out what extent students were cheating on exams. Here is his personal account of what happened:

"It is not unusual for athletic directors to require films be taken of a game to check the performance of the players. I decided to film the class during an exam to check the performance of the students under test situations.

"I mounted a concealed, wide angle lens camera 7 feet off the floor situated at a point where the entire class would be under surveillance once the camera started. The camera was loaded with 100 feet of film.

"I distributed to the class copies of the exam and left the room and entered my office. The students always listen for the reek of my swinging door so I gave it a big push. I then flicked the switch and the camera was set in motion.

"Dr. Tant entered the class at the end of the filming and announced what had happened. Here is one of the replies made by a student present during the filming.

"I realize a certain amount of cheating exists here at Morehead but this is certainly not the way to eliminate it. This is an insult to the students and a baited trap." (Name withheld).

The film was processed and came out quite clearly according

to Tant.

"At least three people could be recommended for suspension without a shadow of a doubt," stated Tant. He added that this first filming will not be used to incriminate anyone.

Tant says of cheating, "An issue must be brought out in the open if it conflicts with basic ideals. I feel students are not basically dishonest but it is the failure of teachers to emphasize the principles of fair play. When a student cheats on an exam he is showing the respect of his fellow man."

Dr. Tant also revealed that during his talk he remarked that in his opinion the "Burdens of the young people, not only those with marks of 'A' scholastically, but especially on those with an 'A' in character and leadership."

## Shannon Replaces Hall As Regent At M'head State College

Mrs. Ernest E. Shannon of Louisville has been named to the Morehead State College Board of Regents to replace Dr. Paul Hall of Paintsville.

Dr. Hall resigned last week to accept an appointment as a trustee at the University of Kentucky.

Mrs. Shannon, who has long been a supporter of Morehead State College, is the first woman to serve on the Morehead Board of Regents since Mrs. Allie W. Young, whose term expired in 1940 and was a Vice President from 1937 to 1941. He also was State Auditor from 1936 to 1940 and was a member of the Board of Regents from 1940 to 1944.

The new regent is a graduate of the Draughton Business College of Paducah and has done extension work at the University of Kentucky. She has worked for the Commonwealth of Kentucky and with the Smith and Leary law firm of Frankfort.

She is a member of the First Christian Church of Louisville and is on the board of directors. She is a member of the Louisville Woman's Club, a member of the East Kentucky Rural Development Association, is chairman of the Lawrence County Chapter of the American Cancer Society and is a member and former secretary to the Woman's Auxiliary to the Kentucky State Medical Association.

Mrs. Shannon has done little

## Campus Improvements, Numerous

By Nadine Carver  
Morehead's campus has undergone many improvements since the beginning of this term through a special \$250,000 appropriation.

The Science department now has a newly equipped chemistry laboratory and the Home Economics department has a newly equipped kitchen.

Both Allie Young Hall and Fields Hall have all new furnishings, including new beds, dressers and lounge chairs. Both buildings have all new tile floors. Fields Hall has been redecorated with individual rooms painted in pleasing pastel colors.

Allie Young Hall will be redecorated in the near future.

Fields Hall now has six new rooms which were added this summer while Allie Young Hall has five.

The exterior of the two men's dormitories has been painted with 18 new rooms added in Men's Hall and four in Thompson Hall.

Button Auditorium has undergone a complete renovation with one of the finest lighting systems in the land being installed, new seats have been added in the balcony, new draperies have been added and the entire auditorium has been redecorated. A floor covering and portable stage have also been added.

The Public Relations department has moved from the Administration Building to the former location of the grill and Extension.

NEW CHANGES—One of the new changes on the Morehead State College campus in the past few months is the bright new area occupied by the Public Relations office. The PR office is now located in the basement of Allie Young Hall where the grill and lounge were formerly located. (See adjoining story for a complete rundown on the many changes which have been made on the campus.)

The Audio-Visual Aids department is now located in the basement of the Administration Building at the former site of the post office and bookstore. A classroom, offices and work area are provided for Dr. Norman Tant, Director of Audio-Visual Aids.

The area formerly occupied by the Public Relations office is being used by Mrs. Octavia Graves as an office and classroom.

There is also a newly created Department of School Services which houses Monroe Wicker, Director of School Services, for students.

This department is located in the basement of Allie Young Hall where the old cafeteria offices were located. It consists of offices and conference rooms. The library has a completely new lighting system and an entrance has been added at the back of the building.

President Adron Doran said in regard to the changes, "I think the new improvements and newly installed physical facilities will enable us to handle the increased enrollment and provide a better program for students."

## Draftees, Faculty Lead Volleyball League; Outlaws, Campus Club Are Close Behind

By Minnie D. Roy

The Draftees under Coach Nelson Allen and the Faculty with Bob Stokes as coach are currently leading the intramural volleyball league. The Draftees have won seven games while not losing a single game. The Faculty has won six games and will be awarded another game when the schedule calls for them to play. The Outlaws which have been expelled from further league competition because they have forfeited two games.

The Draftees is a well balanced ball club with heights ranging from Ted Thompson who is six feet to six different men who are six even. The club is sparked by two of the better volleyball players your reporter has seen. They are John Garlin and Orville "Whitey" Conley. John Garlin is one of the better blockers in the league. He has had some previous experience when he was captured by the Chinese in the Korean conflict he stayed in a prisoner of war camp for 26 months and volleyball was the only source of recreation available.

"Whitey" Conley is one of the best high jumpers in the college. It is believed to be second only to Kenny Thompson. Because of his ability to jump "Whitey" can give any opponent a real scare. According to Draftees Coach Nelson Allen the team wins because of effort, initiative, and aggression.

The Faculty is one of the best organized teams on the campus. It consists of Ray Hornback, B. Stokes, W. Cooper, J. Collins, J. Wing, B. Mack, and E. Hall. They can all play the ball so that the opposing members must be on their toes at all times. They spike predominantly to the side of the court. They are always set the ball up very beautifully. Using all three chances the faculty sets the ball on the court. Bob Stokes, Ray Hornback, and Warren Cooper are on best spikers on the team.

These two are followed by the Outlaws which after losing their first game to the Draftees have not lost another game and are currently supporting a six and one record. The Outlaws are coached by Bobby Breeding. Members of the Outlaws team are: R. Littler, C. Lafferty, B. Clark, J. Whitaker, B. Kroun, T. Scott, B. Hall, and C. Cassell. Next in the line-up you will find the Campus Club entry. The Campus Club was previously undefeated until last Wednesday when they played two games losing first to the Faculty and in the second game losing to the Outlaws. Their record is 5-2.

In a tie for the fifth spot you will find the Marps, Newman Club, and the Rinkydinks. Each has a record of three wins and four defeats. The Marps have the best cheering section that has come out to give their team support in the entire league.

### TRAIL BLAZER

## Sports Rumblings

By George Stevens  
Trail Blazer Sports Editor  
EAGLES PLACE FIVE ON ALL-OVC TEAM

This week we received the official All-Ohio Valley Conference football team and five Eagle griders were placed on the top two teams. Sophomore center Tom Scott was selected by the OVC coaches to fill the first string center slot on the All-OVC squad.

John Polyon and Wayne Chapman were placed on the second team line while Tom Sims and Curt Cassell held down positions in the backfield. All five of these players will be returning next year to fill their slots on the team.

Probably the reason for Morehead's losing season was not the play of these fellows, but the lack of reserve power.

**All Opponent Teams**  
In view of Morehead's losing season, the Eagles faced well individually, Center Tom Scott was placed on the Western All-Opponent team. Sophomore quarterback Tom Sims captured a position on the Murray All-Opponent team.

**NCAA Basketball Results**  
The NCAA has recently published the mid-season basketball totals and here is how Morehead ranks in national competition:

**In Rebounding . . .**  
The lowering Eagles are presently ranked 5th in the nation in rebounding. They have recovered 375 rebounds for a percentage record of .311.

**Forward Steve Hamilton** is 9th from the top in total rebounds. He has recovered 123 from the boards and thus has captured a third of the Eagle rebounds.

**In Free Throws . . .**  
Morehead was rated 15th in national competition in free throw percentage. They have hit for 720 percent from the foul line.

**From The Field . . .**  
The Eagles hold a number six slot in the country among field goal percentage leaders.

In view of these statistics, the Eagles are experiencing a mediocre season in the OVC circuit. The noted fast break of Morehead hasn't seemed to click this year. The Eagles opponents are slowing the Eagles down and playing a slow deliberate brand of ball. This seems to be the crippling throw in the Eagles offense.

**Thompson Looks Good**  
The probable standout of the freshman squad is Heckie Thompson. Heckie, a guard, is a highly aggressive ballplayer and has poured in an average of 25 points per game. He is starter at guard and promises to be a fine ballplayer.

**FOOTBALL OR VOLLEYBALL**—This picture may look as if the ball is being kicked but such was not the case as the Faculty and Campus Club locked horns last week. The Faculty emerged victorious in a hard fought battle. League play is nearing its conclusion with the Draftees and Faculty the only undefeated teams.

currently supporting a six and one record. The Outlaws are coached by Bobby Breeding. Members of the Outlaws team are: R. Littler, C. Lafferty, B. Clark, J. Whitaker, B. Kroun, T. Scott, B. Hall, and C. Cassell. Next in the line-up you will find the Campus Club entry. The Campus Club was previously undefeated until last Wednesday when they played two games losing first to the Faculty and in the second game losing to the Outlaws. Their record is 5-2.

In a tie for the fifth spot you will find the Marps, Newman Club, and the Rinkydinks. Each has a record of three wins and four defeats. The Marps have the best cheering section that has come out to give their team support in the entire league.

The Newman Club have won their last three games, and this team gave the Faculty a real scare last Wednesday. The Faculty won, however, 13-15, 15-10, 15-10.

The Rinkydinks under Coach Marcus Craft have played more close games and lost than any other team in the league. This team was organized by telling Director Jerry Wing individual players that each wanted to play and therefore organized the team through his directorship.

Morehead, also on the league's standings are the Steamrollers and Noname with a one and seven record and last is the Yell's Club which has forfeited all nine of its games.

We feel that Coach Jerry Wing is doing a great job as director

of the Intramural Program. We ask that each student give him your support. He works many hours to see that the league is working properly. We hope to see more fans out to see these boys that give up their social life to play volleyball. Although it is not as exciting as basketball it is a great sport and requires a lot of skill to play the game.

**STANDINGS**  
Team Won Lost  
Draftees 7 0  
Faculty 7 0  
Outlaws 1 1  
Campus Club 5 2  
Marps 3 4  
Newman Club 3 4  
Rinkydinks 3 4  
Noname 1 7  
Steamrollers 1 7  
Yell's Club 0 9

**Five Eagles Selected On OVC Squad**  
By George Stevens  
The official All-Ohio Valley Conference football team has been selected and the Eagles have placed five players on the two teams.

The OVC football coaches were agreed on one thing—John Sebest of Eastern was the best back in the Conference. Here are the first two teams:

**FIRST TEAM**  
Center—Scott (Morehead)  
Guard—Harden (Western); Rizer (Middle Tenn.)  
Tackles—Ferguson (Tech); Massey (Middle Tenn.)  
Ends—Hurst (Middle Tenn.); McCormack (Middle Tenn.)  
Quarterback—Hallum (Middle Tenn.)

Halfbacks—Sebest (Eastern); Rolman (Middle Tenn.)  
Fullback—Wright (Tech)  
**SECOND TEAM**  
Center—Hall (Middle Tenn.)  
Guard—Greer (Middle Tenn.)  
Tackles—Chapman (Morehead); Patterson (Western); Franklin (Middle Tenn.)  
Ends—Holt (Western); Schulte (Eastern)

Quarterback—Sims (Morehead)  
Halfbacks—Cassell (Morehead); Riggs (Western)  
Fullback—Simpson (Western)

**SCHOOL DROPOUTS**  
Four out of every ten American teen-agers drop out of school without being graduated every year. Only about half of these dropouts find jobs. The rest are unemployed.

Little people, given a little authority, become big problems.

## Maroons Invade Morehead Stronghold Tomorrow Night

By George Stevens

The Morehead Eagles clash with the Eastern Maroons tomorrow night in the fieldhouse. Because of the great rivalry between the two schools and the inevitable tension mounted games, this contest is practically a war.

The Eagles rolled over Eastern 106-35 at Eastern and then lay out the Maroons 92-25 at Morehead.

The future looks bright for the Eagles. Because they didn't lose any players from last year's squad. This leaves the Richmond group with nine returning lettermen.

Junior guard Larry Wood is the star of this traditional game should this year averaging over 20 points per game. Wood played exceptionally fine ball last

year, hitting with an amazing average of 43 percent from the field. The highlight of Wood's career came in the game against Louisville when he scored 30 points in 32 minutes of play. Wood is the big gun for Eastern and a man to watch.

The Maroons have played only one conference game to date and they were defeated by Tennessee Tech 52-52.

The Eagles maintain an all around team this year with their starting five usually scoring in the two digits.

Hamilton, 6'7" forward, has started to pick up and scored 24 points in the last home game.

This traditional game should be a wide open, anybody's game, type of affair with tension mounting to the "Nth" power.

## Eagles Win First OV Game, 79-69—Tech

By William Randolph Wurst  
Morehead's Eagles finally came to life on the road as they defeated a taller Tennessee Tech, 79-69, at Cookeville, Tenn., Saturday night.

The lead changed hands six times and the score was tied five times in a rugged game highlighted by the brilliant play of 5-9 sophomore guard Herbie Triplett who scored 27 points—18 of them coming in the second half.

Prior to Saturday night's game, the Eagles had found the going rough on the road as Bob Laughlin's charges had been able to win only two of six games on the road.

But Saturday night was the Eagles' night as they hit 44 percent of their shots from the floor while the tall Tennesseeans could hit but 34 percent.

Morehead, also out rebounded Johnny Oldham's boys 36 to 32 as the Eagles warmed to the oc-

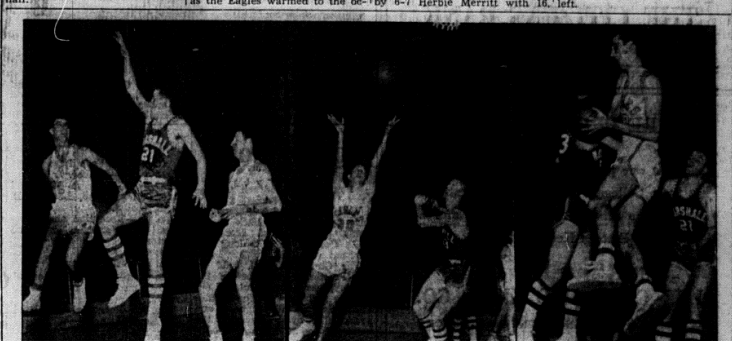

caison on the boards in the second half after being out rebounded during the opening stanza.

Supporting Triplett in the scoring column were Dave Kelsner with 13, Steve Hamilton with 12 (Steve also collected 20 all-important rebounds), Ken Meyer with 11, Thornton Hill with 9, Bernie Shimmessell with 5 and Ken Thompson with 2.

6-5 Larry McDonald led the Tech scoring with 21, followed by 6-7 Herbie Merritt with 16.

Dale Phelps with 15 and 6-9 Jim Hagan with 11. Morehead held all-conference guard Kenny Sidwell to only 2 points.

Morehead broke out into an early 10-4 lead after four minutes of play but Tech battle back to tie the score at 10-10 after seven minutes. The midway point of the first half found Tech out in front at 19-18 and the Golden Eagles increased the lead to 29-26 with only 4:00 minutes left.

**BIG GREEN TURNS GREEN**—Marshall's vaunted Big Green ran into more than they could handle last Thursday night as Morehead State College handed the Huntington lads a sound 82-88 defeat. At the left, smooth working Herbie Triplett passes behind his back to Dave Kelsner who scored on the play. In the middle shot, Steve Hamilton scores on a driving lay-up while in the next shot the 6-7 forward collects one of the 20 rebounds he grabbed during the heated contest.

## Society Notes

By Arlene Shadrach and  
Jadine Wilson

Well Eagles and Eaglettes . . . once again we are back in the swing of things at Morehead State College, after a long and pleasant vacation.

The Christmas Ball, held by the Freshmen class before the holiday, was a successful and enjoyable social event. The attendance was at its highest and everyone enjoyed dancing to the music of Joe Bonduant and his Dixieland Six. Morehead's own Imperials put on a floor show during the intermission. These boys, we can only say, are three of the "swingin' cats" around! The new school year was off to a good start with an informal dance sponsored by the Newman Club. The dance was held in the recreation room of the Doran Student House after the broadcast of the Morehead-Middle Tennessee basketball game. The music was provided by the Imperials.

Coming up on the Eagle social calendar is "Better Dress Week" sponsored by the Council of Presidents. This will begin Wednesday when the Morehead Eagles meet Eastern State College on our own floor. Some of the events of this week are as follows: a better relations program between Morehead and Eastern students Wednesday; a fashion show Thursday in chapel, with students doing the modeling; a free admission dance with music provided by the McCoy brothers and their orchestra. We sincerely hope all MSC students will participate actively during this week and help make it a success.

Our well-rounded social calendar will soon make way for those "dreadful" semester exams. Lately, what have you been doing toward the preparation of these exams? Nothing? Perhaps Newton's law of work might help: "Input-Output. If you put nothing into your work, you get nothing out of it." Now is the time to try harder at exercising "whats in between the ears."

Remember, it's never too late and "education is a preparation for life." Don't be one of those who will spend money uselessly on paper and books and waste the chance of a good college education.

Begin planning NOW—ways in which to increase your intelligence; develop a better self character; strive to maintain and sustain the type of citizenship the world needs. Education is beckoning to you . . . begging you to LEARN. Now is your best chance. See what you can contribute to your own growth in intelligence before this semester ends. Above all, strive for this in the next semester and those which are still to come.

### Fashion Notes—

Look to the foot! Yes, this fashion season is bringing about a new trend in shoe styles. No—believe it or not, they are once again becoming popular with the young generation. You can now purchase raccoon coats in many department stores. Seems as though the style in clothes and shoes is turning backwards.

Do you recall the talk of the raccoon coats of the 20's. Well, believe it or not, they are once again becoming popular with the young generation. You can now purchase raccoon coats in many department stores. Seems as though the style in clothes and shoes is turning backwards.

## WRA News

By Phyllis 'Hoot' VanHoose  
WRA will meet Thursday, Jan. 16, for the first time this year. Basketball will be the sport for the rest of the semester. All girls wanting to play in the tournament, please be present at this meeting or see Sally Roberts. Demonstrations of the game and rules of the game will be explained that night. Tournaments will probably get under way the following Thursday. We are hoping to schedule games with Eastern, Berea, Marshall, and U. K. both away and at home.

## Dr. Tant —

(Continued From Page 1)

development section. He informed that other departments were suffering from the effects of cheating but wished to make no statement concerning these departments.  
During an address delivered to his class after the filming Dr. Tant had this to say, "Periodically, from time to time, there will be a motion picture camera that will be either concealed or in the open during exams. Now that we have set this precedent, off comes the head of the next one who is filmed cheating."

"I want individuals to have precise knowledge of their material, I am assigned to teach. I try to play fair and square with students and there is no reason for students cheat behind my back."  
One student stated, "We heard the grinding of the camera but we couldn't figure out what it was at first. Then a girl towards the front of the room spotted

the camera. If it was not for the sound we would never have discovered it."

When it was mentioned to Dr. Tant that the sound revealed the "candid camera" he replied, "I have access to a completely silent camera which will be used in the future. The students would be completely unaware of the filming."

As a result of the filming, two other professors have approached Dr. Tant expressing the desire to have a similar "candid camera" in their particular classes.

People like to be told how smart they are, even if they know they're dumb.

## Kiwanis —

(Continued From Page 1)

Installation of new officers was also held with District Lt. Governor Waldo Cummins presiding. New officers are: Harold Bellamy, president; Bob Stokes, vice-president; Jack Helwig, Jr., secretary and Ora Cline, treasurer.

A former Morehead resident, Lloyd Cassidy, who is now president of the Ashland Kiwanis Club, was present along with five other members of the Ashland club.

Winners of the Kiwanis exterior Christmas decoration contest were also announced.
