

Name New Members To Regents Board

Alex Chamberlain, Ashland and B. F. Reed, Drift, have been named to the Morehead State College Board of Regents by Governor A. B. Chandler.

The two replace Dr. Lowell Gearhart, Grayson and Dr. Elwood E. Vanceburg, whose terms expired on March 31, 1958. Mr. Chamberlain is vice-president of the Ashland Oil and Refining Company and is a well known civic leader in Eastern Kentucky.

Mr. Reed is treasurer of the Turner-Elkhorn Mining Company and is one of the most prominent and forethought men in Eastern Kentucky. He is chairman of the Eastern Kentucky Regional Planning Commission of which president Adron Doran is a member.

Dr. Gearhart and Dr. Eham were both extremely popular and active members of the Board of Regents. Dr. Doran praised the two and said, "Dr. Gearhart and Dr. Eham gave us their time and energy to the betterment of Morehead State College. We feel that the loss of their services to this region is a great loss."

Other members of the Board of Regents are: Charles Gilley,

Winchester; Mrs. E. E. Shannon, Louisville; Dr. W. H. Cartmel, Mayville; Dr. W. E. Day, Lawton, and Superintendent of Public Instruction Dr. Robert Martin, ex-officio chairman.

Senior Day Scheduled April 18th

By Gary Eldridge
Over 2,000 students from 45 Eastern and Northern Kentucky, Southern West Virginia and Southern Ohio counties are expected to be on the Morehead State College campus Friday, April 18 for the annual High School Senior Day.

Wicker, Director of School Services will conduct the day's activities. A free lunch will be served and plans are being made for a full program of entertainment and activities which will give the seniors an insight to college living.

Special Edition 4,500 Copies Of This Issue To Be Printed

By William Randolph Wurst
This issue of The Trail Blazer will have over 2,500 extra copies printed for use at the Kentucky Education Association convention and for Senior Day on April 18.

500 Copies of this special 6-page edition will be taken to Louisville for the KEA convention and the front page will then be made-up again with 2,000 copies being distributed on Senior Day.

The Trail Blazer staff would like to say thanks to all the people who helped on this issue.

Sizemore Laurel Candidate

Betty Sizemore, a sophomore home economics major, has been named to the Morehead State Laurel Festival College Candidate.

The daughter of William and Edith Sizemore of East Point, Ky., Betty will represent Morehead State College at the Mountain Laurel Festival in Pineville on May 22, 23 and 24.

She was elected by popular vote last week in a campus-wide election.

Betty is a member of the Home Ec Club and was a finalist in the most beautiful contest. She also was in the Homecoming Queen's court and the Vet's Club Queen's court.

She is a graduate of Prestonsburg High School where she was a member of the National Honor Society and was president of the Ashland District of the Future Homemakers of America.

Morehead's representative in the festival last year was Joyce Brown, a resident of Morehead.

Taylor, Central Attend Meeting In Chicago

Patsy Taylor and LeRoy Central went to Chicago to the biennial National Kappa Delta Pi Convention on March 19. They stayed in the Sherland Hotel, overlooking Lake Michigan.

At the convention, problems dealing with Kappa Delta Pi were discussed and some changes were made in the by-laws.

However, it wasn't all meetings. Patsy and LeRoy took enough time to see the stage production of "My Fair Lady" at the Shubert Theater. They also visited the Museum of Science and Industry and saw a lot of Chicago.

They returned to Morehead on March 23, after a very nice, expense-paid, five days.

The Boychior and the Chautauqua Symphony Orchestra.

The Boychior director is the husband of vocalist Lola Cullins and father of Stephen Lee, 9, and Travis, 14, the latter a soloist with the Boychior. Mr. Bryant, whose hometown was Chertsville, O., served four years in the armed forces during the second world war.

When Mr. Huffman decided to enter another field in the spring of 1956, the voice of a musical director was a foregone conclusion, and Mr. Bryant was promptly named to the post.

MOUNTAIN LAUREL CANDIDATE—Betty Sizemore, a sophomore home economics major from Prestonsburg, is Morehead State College's candidate for Mountain Laurel Festival queen honors.

Six Added To College Faculty

President Adron Doran announced today the addition of six new members to the Morehead State College faculty.

The new members of the faculty were approved by the Board of Regents at the last Board meeting.

The new additions to the faculty are:

Thelma Caudill, Morehead, who will teach corrective speech and fundamentals of elementary education in the Education Department.

Earline Sanders, Flemingsburg, has been named instructor in the history and political science department and will be Associate Dean of Students.

Clarice Williams, who has just received the MA degree from George Peabody College, has been named an assistant professor in the library science department. She formerly was librarian at Breckinridge Training School.

Dr. Clayton Jackson, a Morehead graduate who has just received the Ph.D. degree from Cornell, has been added to the Division of Science and Mathematics.

Norman Roberts, formerly instructor in industrial arts at Breckinridge Training School, has been named an assistant professor in the College Industrial Arts Department.

Charles Bertram, from Berea, has been named a graduate assistant in the Division of Science and Mathematics and will work on his M.A.

C-J Exhibit Can Be Seen Now

An exhibit of Louisville Courier-Journal photographs entitled "Best Pictures of 1957" is currently on display in the Public Relations Office.

The photographs, taken by Courier-Journal staff photographers, have won a number of national awards and have been placed on exhibit throughout the state.

The display is sponsored by The Trail Blazer and will be exhibited today and tomorrow.

Basic P. Cavanaugh, Courier-Journal Promotion and Public Service Director, said, "Our hope is that it will prove equally interesting to your faculty and students."

Included in the exhibit are 22 prints and 18 photographs of the individual photographers.

The Courier-Journal has long been recognized as one of the outstanding newspapers in the nation both for its editorial and news content and for the quality of its photographs.

KEA Holiday Tomorrow At 12:35

Annual KEA Breakfast Friday Morning; Walker To Speak

By William Randolph Wurst
Morehead's annual Kentucky Education Association breakfast will be held Friday morning, April 11, at 8 a. m. in the Blue Grass room of the Brown Hotel in Louisville.

The breakfast is annually the highlight of the KEA convention for Morehead graduates, former students, faculty, administrative and friends of the college.

Dr. Adron Doran will preside at the breakfast with Morton Walker, professor of speech and English at the University of Louisville, the chief speaker.

Music will be furnished by the Morehead State College music department faculty members.

Tickets for the breakfast may be purchased from Anna Carter in the president's office until

this afternoon and at the Morehead headquarters in the lobby of the Brown Hotel until 9 p. m. Thursday evening.

Morton Walker, formerly assistant to the president and dean of men at the University of Louisville, is dedicated educator who has been chairman of the Louisville Board of Education.

Walker has been president of most every education association in Kentucky and is a member of Phi Beta Kappa, Omicron Delta Kappa, Phi Delta Kappa, Sigma Delta Chi, Phi Kappa Psi and numerous other Greek letter organizations.

A dynamic speaker, Walker is known for his ready wit and speaks on the average of four times a week in the Louisville area.

The annual Spring Kentucky Education Association Holiday will get underway tomorrow at 12:35.

The holiday will end Monday morning at 7:45 with the resumption of classes.

The 4th-day holiday is the only holiday of the second semester and will be followed by seven weeks before final examinations begin on June 2.

Note—A student who is absent from the last class meeting preceding, or the first class meeting following the vacation, will be penalized one-half hour of general credit for each class absence unless he presents a satisfactory excuse.

Many of the Morehead State College faculty members will attend the KEA convention in Louisville during the gathering on Wednesday, Thursday and Friday.

Highlighting the convention for Morehead faculty members, alumni and friends will be the annual Morehead State College breakfast on Friday morning, April 11.

Morehead headquarters during the three-day convention is located in the northeast corner of the Brown Hotel lobby. A lounge for visiting and relaxing as well as the placement bureau and registration and information booth will be located there.

All students, friends, graduates and faculty members are invited to attend the Morehead headquarters and Friday morning breakfast.

Nov. 18—Thursday, KEA holiday begins at 12:35 p. m. Nov. 19—Friday, mid-term reports to the registrar.

Nov. 20—Wednesday, Thanksgiving holiday begins at 12:35 p. m. Dec. 1—Monday, class work resumed at 7:45 a. m.

Dec. 19—Friday, Christmas holiday begins at 5 p. m. Jan. 5—Monday, class work resumed at 7:45 a. m.

Jan. 26—Monday, final examinations begin. Jan. 29—Thursday, first semester closes at 5 p. m.

After the program, the officers for next year were elected. Those selected were:

President, LeRoy Central; vice president, Jo Ann Dillon; secretary, Patsy Taylor; treasurer, Barbara Hensley; historian and reporter, Betty Lynd.

A weiner roast is being planned for the next meeting at which time the new officers will be installed and a panel discussion on "What Is Kappa Delta Pi" will be held.

Summer And Fall Schedules Given

For the benefit of those persons attending the Kentucky Education Convention and for the high school seniors who are visiting Morehead State College on Senior Day, we are running the college schedule for the remainder of this semester, the summer term and the fall term of 1958.

June 1—Sunday, baccalaureate sermon. June 2—Monday, final examinations begin.

June 3—Tuesday, commencement exercises. June 5—Thursday, second semester closes at 5 p. m.

June 6—Friday, grades to the registrar by 12:00 P. M. SUMMER TERM—1958

June 15—Monday, registration of all students. June 17—Tuesday, classes begin; last day to register for full load.

June 19—Thursday, last day to register for credit. Aug. 8—Friday, summer term closes at 5 p. m.

FIRST SEMESTER—1958 Sept. 15—Monday, freshmen orientation begins. (All freshmen are exempt from this orientation.)

Sept. 17—Wednesday, registration of all students. Sept. 19—Friday, classes begin.

Sept. 22—Monday, last day to register for full load. Sept. 25—Thursday, last day of the dinner.

to register for credit. Oct. 13—Monday, students who drop courses after this date will automatically receive marks of "E" in the courses dropped.

Oct. 20—Monday, freshmen grade reports to registrar. Nov. 18—Thursday, KEA holiday begins at 12:35 p. m.

Nov. 19—Friday, mid-term reports to the registrar. Nov. 20—Wednesday, Thanksgiving holiday begins at 12:35 p. m.

Dec. 1—Monday, class work resumed at 7:45 a. m. Dec. 19—Friday, Christmas holiday begins at 5 p. m.

Jan. 5—Monday, class work resumed at 7:45 a. m. Jan. 26—Monday, final examinations begin.

Jan. 29—Thursday, first semester closes at 5 p. m.

After the program, the officers for next year were elected. Those selected were:

President, LeRoy Central; vice president, Jo Ann Dillon; secretary, Patsy Taylor; treasurer, Barbara Hensley; historian and reporter, Betty Lynd.

A weiner roast is being planned for the next meeting at which time the new officers will be installed and a panel discussion on "What Is Kappa Delta Pi" will be held.

Columbus Boys Choir To Be Here April 18

The Columbus Boys Choir will appear here in the fieldhouse on Friday evening, April 18, in the final concert in the Northeastern Kentucky Civic Music Association series.

The 28 youngsters, from grades four through nine, have appeared in Carnegie Hall, the Academy of Music in Philadelphia and in all the leading cities of the United States and Canada.

The boys have sung with the New York Philharmonic, the Philadelphia Orchestra and the NBC Symphony under the direction of Arturo Toscanini.

While on tour, the boys have a nearly normal school routine. Their specially outfitted bus, the "Schoolhouse on Wheels," besides a five-octave piano and kitchenette contains desks at each seat and a public address system so that regular school classes can be conducted while underway.

The bus is parked at stopover hotels and serves as a classroom annex. In this manner, the boys keep abreast in their studies while enjoying the fun and educational benefits of travel.

The concert will begin at 7:30 as members of the Association voted at the last concert to move the time up from 8:15 to a more convenient 7:30 starting time.

Donald T. Bryant, successor to Herbert Huffman as director of Princeton's celebrated Columbus Boychior, has been pianist, accompanist and associate director of the choir for the past nine years and head of the piano and theory department of the Boychior School.

A graduate of Capital University, Mr. Bryant holds a master's degree from the Julliard School of Music, N. Y., where he majored in piano. Not only a brilliant pianist, he is also a baritone soloist and a composer. His "Mass for Treble Voices" having received critical acclaim since first performed by the Boychior and the Chautauqua Symphony Orchestra.

The Boychior director is the husband of vocalist Lola Cullins and father of Stephen Lee, 9, and Travis, 14, the latter a soloist with the Boychior. Mr. Bryant, whose hometown was Chertsville, O., served four years in the armed forces during the second world war.

When Mr. Huffman decided to enter another field in the spring of 1956, the voice of a musical director was a foregone conclusion, and Mr. Bryant was promptly named to the post.

Seventh Writers' Workshop Slated For July 21-August 1

By Pat Spencer

Plans for the seventh annual Writers' Workshop to be held this summer on Morehead's campus are near completion according to Mr. Albert Eberhart, director of the workshop. The date for the workshop is July 21 until August 1.

"Creativity is fundamental to

both living and education . . ." is the code which the workshop will be governed by. It claims as two of its most important functions the stimulation and directing of the writer and an understanding of creativeness and its forms of expression.

The main program of the workshop will consist of morning

writing classes and conferences, group sessions in the afternoon, with evening lectures on the various aspects of writing. Included in the program is a special course which will be a class of writing for teachers from the elementary to high school levels, a poet theatre with emphasis on local and regional talent, and a class in folklore and materials.

The first week will be devoted to poetry and fiction, and the second to fiction and non-fiction.

The faculty will include James Still, short story; Robert Hazel and Robert K. Marshall, novels; Wilma Dykman and James Stockley, fiction and non-fiction; Billy C. Clark, juvenile fiction; Woodridge Spears, John Napier and Byron Herbert Reese in poetry. Other lecturers will appear on the programs too.

By attendance in the two-week period one may earn two college hours, but no more than four hours of credit may be obtained from the workshops.

Writers for the workshop are selected on the basis of capabilities. If evident that the student would be wasting his effort and money he is discouraged from attending. Each person must submit an original writing to the workshop before they will be eligible for it.

Fees are \$15 per week for tuition; \$3 each week for dormitory rooms and \$10 to \$15 per week for food depending on the individual.

NEW BAND—A new dance band has recently been formed on the Morehead State College campus by Dave Smith. Dave's group is called the Midlifers and is available for playing dates throughout the remainder of the year. Dave is from Ashland.

New Dorm To Be Built

A new 400-bed men's dormitory has been approved for Morehead State College, President Adron Doran announced today.

The \$1,000,000 structure has received preliminary approval by the Federal Housing and Home Finance Agency and will be financed by revenue bond proceeds, excluding the costs of moveable furnishings.

The enrollment at Morehead State College is steadily growing

and the future growth will be limited by housing facilities for students," said Dr. Doran.

With the completion of the new men's dormitory, Thompson Hall, which is now a men's residence hall, will be converted into a women's dormitory.

The new dormitory will be located behind Breckinridge Training School and will overlook the recreation area below the college dam.

VET'S QUEEN AND HER COURT—What a charming gathering of young ladies this group is as they pose for The Trail Blazer's ever watching cameraman. From the left, they are: Betty Sizemore, Jane Carver, Julie Wilson, Queen Wilma Connolly, Shirley Fannin, Thelma Roberts, Scottie C. Opper and Jennie Lou McGeehee.

Fun Night Proves Highly Successful

Orechids to the Student Council! Yes, the Student Council finally emerged and made themselves known to the college students. Fun Night, a stranger to all freshmen and several upper-classmen, was taken from the shelf and rejuvenated last week. In spite of a year's absence, the program needed only a little dusting and re-modeling to prove that it is still as effective as in previous years.

Just what is Fun Night? It is a night of carefully planned and well organized fun and frolic for all college students.

The students who attended and participated in the Fun Night activities were entertained for three hours with relaxing recreation. Folk dancing helped to break the ice and get the ball rolling, then a band provided music for social dancing. Diversion of this type is always popular with college students and the Student Council is to be commended for a fine job.

With such a large number of people, it is often difficult to keep everyone entertained. However, there was no lag in the program and the continuity of the activities and fun left no one time to be bored.

With results such as these, it is indeed a shame that Fun Night has not become a regular part of the college's recreation program. Not only would it have afforded us another night out on our social calendar, but the gaiety would have broken the monotony that accompanies the winter months.

Had the Student Council looked ahead, perhaps the crowd would have been larger. Publicity for Fun Night did not appear until the very day it was held. Therefore, it came as a surprise to many. If notices had been posted a few days prior, perhaps all students would have attended and not just the majority.

Intramural games, which are in full swing, were also interrupted by this sudden act of the Student Council. Again we say that if this program had been planned previously, no inconvenience would have been caused.

In spite of the sudden move taken by the Student Council, the results were very rewarding. We hope that this will spur them into action more often. The leadership is there, as was proven. Why not put it to a practical use more often?

MSC To Be Well Represented In Laurel Festival

We, the staff of The Trail Blazer wish to extend our best wishes and congratulations to our representative to the Mountain Laurel Festival.

This is one of the highest honors that can be obtained on any college campus in Kentucky. It is also one of the events in a person's life that is unforgettable.

To be nominated to a high position by one's fellow-students is an honor in itself. When one is chosen by candidates from every college in Kentucky, that is even more of a tribute.

The Mountain Laurel Festival is an affair held in Pineville every spring. It is only fitting that the levellest college coeds should preside over the spring time activities. A queen is chosen and is crowned by the governor—a Glendora's dream come true.

We are convinced that our candidate will be the most gracious and poised of all the candidates. We wish Betty Sizemore luck and success in the Mountain Laurel Festival.

Parents Must Also Be Taught

The schoolteacher of the year, Jean Listerbarger, says it is as important to teach parents as it is to teach second-graders. Miss Listerbarger, from Ames, Iowa, should know what she is talking about.

She was chosen, among teachers all over the country, as the teacher of the year, and has been very successful in her work for seven years. She believes it is very important that parents know what teachers are trying to do, and that teachers know a little of the background of their children.

But the main note she sounds is that parents need to continue their education, and need to be taught, just as children. She does not mean they should be taught in class, or in school, but that we are never too old to stop learning and to neglect our continuing education.

We agree with Miss Listerbarger, and have noticed that many adults are satisfied to cease their education and follow only two pursuits—after leaving high school or college, or after becoming married. One is the pursuit for money, which involves a professional.

While business takes most of our time, until we make enough to retire, it should not be allowed to completely check our education. The other pursuit is that involving the intellect. Many of us work hard and then indulge ourselves, and some live idle lives of almost total indulgence and little time is left for creative thinking, individual intellectual efforts, or our continued education.

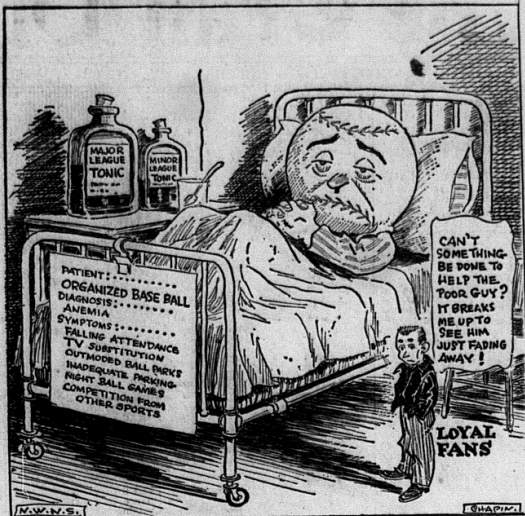

Yet it has been proved, scientifically, that elderly persons fear just as quickly as young persons, in most cases, and there is no reason whatever for adults to lose their desire for knowledge, their enthusiasm for study, or their willingness for continued education—once they are out of formal school.

When it comes to seeing through a woman, a man has the vision of a bat and a woman has X-ray eyes.

The thing that ruins more days than anything else is having to get up early and go to work.

Most people love money so much that they'll even work hard for it—as a last resort.

HOW SOON WILL HE RECOVER?

Reminiscent . . .

(Editor's Note—The following poem was submitted to the Trail Blazer by J. Earl Stone with the note following the poem.)

By J. Earl Stone

There was a time when I was young
(I've no complaint),
Who spoke of much
Of which I aint!

His philosophy
To me was dim,
And yet, I caught
A spark from him.
And in every case
I was content,
I claim e'en then
The time well spent.

But where he gave much,
I oft gave less . . .
Left there some good,
I must confess.

Yet, if there be some
Now, Master Tan,
Who say: Not so . . .
No me! . . . I can't!

Dear sir:
I send this poem
For your consideration.
Should it miss:
Please dismiss;
I will not bemoan,
Nor yet forbid
You tear or burn,
And not return!
Then hap' what will,
I will
Aver:
I must be gone . . .
To you,
From Stone

Highway Courtesy Saves Lives

Some of the accidents that occur on our highways could be avoided by the exercise of good manners on the part of the drivers involved.

The rush to beat other vehicles to the start and to get ahead in a traffic jam often leads cultured people to take advantage of other drivers in a manner that does not reflect proper consideration for others, even in modern traffic snafus.

For the past weeks the evidence of national recession has been noted in the numerous bread and soup lines formed across the nation to feed those lacking funds for food or anything else. To compensate for this lack President Eisenhower has proposed a tax cut for May.

Will this proposal aid in warding off a nationwide depression? This is the question asked on the Morehead State College campus for this week's Open Forum. Harry Gillette says, no, because the economy is based on the purchasing power of the "little man" and this tax cut will not assist him as much as it will the large corporations which don't need the cut.

Too often, in driving along the open road, one meets an approaching vehicle which, passing another proceeding in the same direction, comes dangerously close to causing a collision. It is probably natural to "say something" about such driving without remembering similar occasions when, through an error in judgment, we have done the same thing.

Common everyday courtesy is a good thing for everyday living, and it produces the same desirable results when put into practice while behind the wheel.

Know Yourself Important

The essence of education is to "know yourself" on the side qua non of social cooperation is to "be yourself."

The individual who attempts to attain these goals is fairly certain to be a worthwhile citizen of any community. To know one's self is to understand human nature and to be sincere and unaffected in a modern society which requires unusual characteristics.

To young boys and girls of this country, interested in the problems of life, we suggest serious consideration of these goals. They are also worthy of the attention of older persons, especially those who are under the impression that they have arrived somewhere in the search for whatever they seek in life.

Husbands who are confined to the doghouse a great deal of the time would be well conditioned and also probably willing to make a trip to the moon.

"I wasn't cut out to be a mother," says a movie actress. Many had been thinking that in this respect all women were cut from the same pattern.

The chemise dress is a sort of merger between the old-fashioned Mother Hubbard dress and the hobbie skirt, embodying the worst features of each.

The person who will steal anything that isn't nailed down continues quite active. During the spring heavy snowfall he stole some New Jersey children's snowman.

"Many common colds are due to improper use of the nose," says a physician. So are many black eyes.

The "little old lady" is at it again. In Los Angeles she hugged a young man, stranger to her, exclaiming, "You're the man of my long-lost son!" and then apologized for her impetuosity. We was left a bit dazed and blitherish.

OPEN FORUM

Students View Current Recession

By Pat Spencer

For the past weeks the evidence of national recession has been noted in the numerous bread and soup lines formed across the nation to feed those lacking funds for food or anything else. To compensate for this lack President Eisenhower has proposed a tax cut for May.

Will this proposal aid in warding off a nationwide depression? This is the question asked on the Morehead State College campus for this week's Open Forum. Harry Gillette says, no, because the economy is based on the purchasing power of the "little man" and this tax cut will not assist him as much as it will the large corporations which don't need the cut.

Too often, in driving along the open road, one meets an approaching vehicle which, passing another proceeding in the same direction, comes dangerously close to causing a collision. It is probably natural to "say something" about such driving without remembering similar occasions when, through an error in judgment, we have done the same thing.

Husbands who are confined to the doghouse a great deal of the time would be well conditioned and also probably willing to make a trip to the moon.

"I wasn't cut out to be a mother," says a movie actress. Many had been thinking that in this respect all women were cut from the same pattern.

The chemise dress is a sort of merger between the old-fashioned Mother Hubbard dress and the hobbie skirt, embodying the worst features of each.

The person who will steal anything that isn't nailed down continues quite active. During the spring heavy snowfall he stole some New Jersey children's snowman.

"Many common colds are due to improper use of the nose," says a physician. So are many black eyes.

The "little old lady" is at it again. In Los Angeles she hugged a young man, stranger to her, exclaiming, "You're the man of my long-lost son!" and then apologized for her impetuosity. We was left a bit dazed and blitherish.

ONE BIG, HAPPY FAMILY—Was a beautiful afternoon when these youngsters bunched up and headed for the outdoors. Most of the members of this group are the children of Morehead State College students. Can be seen on the scene on any fine afternoon in the Village. They seem to say, "Dr. live carefully when we're at play."

As of yet this rumor has not been verified and as soon as we learn the truth (an investigating committee will take over. This allegation may be red instead of black ink.) we will give a detailed report to you.

In the meantime keep a wary eye on the lookout for the hungry little lizard. Remember: He does not carry an alarm clock ticking away in his stomach, as does the crocodile in Peter Pan.

There are individuals in every community who care little for the welfare of the people if they can get 100 per cent.

The best thing about spring is that it brings an end to winter.

You can still make many friends by speaking nicely about people.

When little boys stop eating candy, there will be no candy and no little boys.

Why is it that the truth is so painful sometimes?

The Trail Blazer

Official newspaper of Morehead State College, published weekly except on vacations and holidays, and once each summer session. Entered as second class mail at the Post Office at Morehead, Kentucky, under act of Congress of March 3, 1879. Subscription price 50 cents per semester in advance.

EDITORIAL STAFF: Audrey Ingram, Advertising Manager; Gordon Savers, Sports Editor; George Stevens, Co-Society Editors; Arlene Shadrack and Julie Wilson, Speech Events Editor; William Randolph Wurst, Feature Editor; Pat Murphy, William Faye Thacker, Pat Oberly, June Flannery, Lois Cornett, Jo Flee and Clarice Cumberland.

Lung Cancer Being Given More Study

A University of California lung cancer test that has proved successful in 90 per cent of 6,000 cases will soon be given a massive five-year trial on 6,000 California convicts by Dr. Seymour M. Farber, associate clinical professor of medicine.

The inidious tumor disease causes 33,000 deaths a year in the United States. Early diagnosis and treatment has proved of great aid to doctors in combating the dread malady.

A description of the new weapon in the diagnostic arsenal was given by Dr. Farber and Dr. David A. Wood, director of the cancer research at the University of California Medical Center. The two scientists said they have adopted a method used in diagnosing early cervical cancer, one of the most common cancers in women. The method involves microscopic examination of cells shed by the tissue in the potentially cancerous area.

For lung cancer, the cells are coughed out of the body in sputum. The researchers have found, said Dr. Farber, that even before cancer symptoms appear an examination of the minute tissue cells from the bronchial tubes of the lungs reveals the dramatic structural changes that precede cancer.

Dr. Farber said the method is complex and fairly costly. It is now being refined, so that patients can obtain concentrated cell packs from each subject, and make certain they are getting cells from deep within the lungs. The new techniques are being tested at San Francisco Hospital and at Fort Miles Veterans Hospital.

The convicts to be tested next year will all be over 40 years of age. This is the highest risk group for lung cancer. If the tests prove accurate, they may lead doctors to a screening technique that could spot cancer at its inception. This is the period in cancer sufferers' lives in which science can do the most toward saving them.

There are individuals in every community who care little for the welfare of the people if they can get 100 per cent.

The best thing about spring is that it brings an end to winter.

You can still make many friends by speaking nicely about people.

When little boys stop eating candy, there will be no candy and no little boys.

Speaker Says Education Is The Answer

Dr. Louis Rosen, Group Leader in the Physics Division of the University of California's Los Alamos Scientific Laboratory, was the visiting lecturer at Morehead State College on Mar. 27 and 28. Dr. Rosen's visit was under the auspices of the American Institute of Physics, the American Association of Physics Teachers, part of a broad, nationwide program to stimulate interest in physics.

He was the guest speaker at the Morehead State College assembly on Mar. 27, and spoke to numerous smaller groups and classes while on the campus.

Following are some excerpts from Dr. Rosen's address: If you examine our present-day problems, one by one, you invariably find that at the roots of each one is education—or, rather, the lack of it. This is true whether the problem be international tensions, population control, the nuclear energy, or defense of our country.

The difficulty resides in our current educational values. We are prone to consider an individual uncultured if he is ignorant of the appreciation for literature, history, or music. Yet, having been steeped in these disciplines, he automatically becomes a cultured individual though he may be completely ignorant of science. I say to you that we shall continue to honor such a sense of values only at our dire peril.

What I mean is this: the free world is, and will continue to be, engaged in a life and death struggle with the Communist world for technological supremacy. Should we lose this race, the Communists will become the undisputed ruler of the world, either through force or intimidation.

The Russians are working a calculated and determined effort to achieve world supremacy through scientific and technological supremacy. They have built in record time an educational system designed for this purpose.

All Soviet students are introduced to biology in Grade 4, to physics in Grade 5, to physics, algebra, and geometry in Grade 6, chemistry in Grade 7, and astronomy and calculus in Grade 8.

Eight to ten per cent of Russian youth are studying professional science for comparison to five to six per cent in the United States.

Soviet investment of 30 per cent of their gross national product compared to four and one-half per cent in the United States.

Our country is taking advanced training in science, medicine, and engineering in the Soviet Union are women. In this country, women hardly participate at all in these professions.

Prestige and economic status of our teachers must be made commensurate with their importance and contributions to our society.

For the past two decades the main educational effort has gone into the training of the individual. A relatively large effort has also been expended on the training of the individual. Little attention has been accorded the gifted individual despite the fact that he is the one who makes the dominant contribution to the improvement of our health, the defense of our freedom, and the defense of our freedoms.

The next generation will face the most exciting and important problems ever faced by man.

We must increase the scientific literacy of our whole population in order that science may receive the recognition and support that it deserves if our population is to survive.

In stressing the importance of physics, I am not suggesting that mathematics is at the basis of both. Our shortcomings in the physical sciences and engineering.

We have become, during the past several decades, as intellectually lazy as we have become lazy. History tells us that civilization is not long before they are conquered by "bearded barbarians."

We have a choice of getting down to work or becoming another Soviet satellite.

CIVIC MUSIC SERIES—Shown planning the upcoming membership drive for the Northeastern Kentucky Music series are Mrs. L. J. Scudler, Mrs. Ruth of the Civic Music Association, New York, and Randy Wells. Standing are Mrs. Robert Stokes and Mary Alice Jayne.

Music Group Plans Membership Drive

The Northeastern Kentucky Civic Music Association began its second annual membership enrollment Monday with the arrival of Mrs. Grace L. Ruth, Civic Concerts representative of New York City, who will assist in directing the campaign.

A meeting was held Monday in the Fine Arts Building to discuss plans and objectives for the coming year with Andre Bowne, President, presiding.

Dr. J. E. Duncan reviewed the success of the series presented this year and stressed the importance of enlarging our membership, its cultural value to the community and the opportunity for offering a better and more varied program through the organized audience plan. Dr. Duncan then introduced Mrs. Ruth who called upon various committee chairmen for reports of their progress so far. Randy Wells, campaign chairman, was highly praised for his success in enlisting captains and workers to further their services during the drive. Mr. Wells is ably assisted by Mrs. Robert Stokes and Mrs. J. J. Scudler, co-chairman.

It was stated that workers in all outlying towns and communities will be encouraged to join so that everyone living in the northeastern part of the state will have the privilege of joining the Civic Music Association this year. Other committee chairmen giving reports were Dr. Adron Doran, Dean Roger Wilson, Mrs. LeGrand Jayne, and team captains Mrs. Roger Caudill, Mrs. Alvin Lake, Mr. Russell Brown, Mrs. W. J. Sample, Mr. C. G. Clayton, Miss Lane Chapman, Mrs. Winford Crosthwaite and Mrs. Ernest Jayne. Out of town captains will be announced at a later date.

The actual membership campaign begins on Monday, April 14, with headquarters established in the Morehead Floral Shop and lasts for one week only. Dues are \$2.50 for adults and \$4.00 for students for the entire year and members have the privilege of attending any other Civic Music Association concert without additional cost, providing the Association does not already have a sold out house and cannot accommodate more.

There are several hundred Civic Music associations in various cities throughout the United States. The organized audience plan is the only means by which artists of national and international renown can be presented on a nominal basis. It is a non-profit plan, requiring no guarantee and incurring no deficits. The entire amount collected for dues goes toward the artists' benefit after the campaign costs are deducted.

The program was planned in cooperation with Mrs. Avonelle Dyer, Chairman, EKEA Supervisors group and a committee from the area. The theme was "Improving Instruction Through Supervision". Emphasis was placed on the curriculum, materials and public relations.

Faculty Card Party Slated For April 17

All faculty and staff members, their wives, husbands, etc., are invited to attend the Faculty Card Party on Thursday night, April 17 at 8 p.m.

The party, to be held in the faculty lounge, will find various games such as bridge, canasta and scrabble going on in various corners of the lounge.

Mrs. Violet Severy, chairman of the faculty social committee, said today, "We hope everyone will attend. We feel the party will give you a chance to relax, have a good time and get better acquainted with that face from the other end of the campus."

Serving on the entertainment committee are: The Andersons (chairmen), the Apels and the Lakes.

The refreshments committee includes: Anna Hale (chairman), the Donneys, Thelma Evans and the Hales.

Beaux Arts Plan Trip To Cincinnati

The Beaux Arts Club is planning for the club's annual trip to Cincinnati. A visit to an art museum, a Broadway play, Coney Island, and other points of interest are on the agenda for the trip.

The members of the club all enjoy a picnic lunch in Eden Park, which overlooks the beautiful Ohio, before going to the theater.

After the business meeting Tuesday night, cookies, baked by Mrs. Naomi Claypool, and Cokes were served. During this time, Mr. Tom Young gave a marionette demonstration, using four of his many puppets. Afterwards, he discussed the materials and means of making puppets.

The list of activities for this year included selling pennants, selling ceramic jewelry, the club initiation, a Christmas party and a dinner meeting. All this is to be topped by the trip to Cincinnati, which is the biggest event of the year for the club.

The program was planned in cooperation with Mrs. Avonelle Dyer, Chairman, EKEA Supervisors group and a committee from the area.

The theme was "Improving Instruction Through Supervision". Emphasis was placed on the curriculum, materials and public relations.

Bermuda Hop Slated By WRA For April 19

By Phyllis 'Hoot' VanHoose
Who will be king of the WRA Bermuda Hop is what everyone on campus is wondering?

The Bermuda Hop is one of the most unusual things that has ever happened on the campus of MSC because instead of a girl court there is going to be a boy's court. The court will consist of 11 boys and their campaign managers.

The king is elected by the amount of money that his campaign manager turns in for him. All proceeds will go toward the Georgia Mullins Scholarship. The coronation will take place Saturday night in the gymnasium, April 19, from 8 until 12 o'clock.

Mrs. Bob Laughlin will crown the king. The court will consist of the following:

1. Crayton Bo Queen, 'Hoot' VanHoose.
2. Dick Reynolds, Jane Carver.
3. Ted Thompson, Sue Hall.
4. Gene Harper, Lullabelle Webb.
5. Gene Balog, Sally Roberts.
6. Lloyd McCleave, Nadine Carver.
7. Jerry Powell, Pat Murphy.
8. Gene Cavallo, Betty Cooper.
9. Terry McBrayer, Betty Johnson.
10. Bernard Shimmfessel, Eunice Bayes.
11. Tom Hummer, Bobby Dameron.

Tony Allo Resigns At Morehead

Morehead High School Band Director Tony Allo confirmed this morning that he had tendered his resignation to the Rowan County Board of Education.

Supt. Clifford Cassidy said "this is a blow... we'll have a hard time replacing Mr. Allo." Allo, who brought the MHS marching band into prominence as one of Kentucky's best, said he was accepting a more lucrative paying position at a school in Ohio.

Cassidy said it is difficult to keep top personnel on the salaries we can afford to pay.

Mrs. Allo will move from Morehead with her husband. She is an instructor at Morehead High.

The Morehead Band marched in President Eisenhower's Inaugural Parade. This year they plan to appear in the tulip festival at Holland, Mich., and the Kentucky Derby Festival.

The 65 piece unit has been rated superior in every contest they have entered since Allo became director.

Moreheadians raised about \$4,000 to send the band to the Presidential Inauguration, in addition to other sums from time to time. The group also has a working organization of band mothers.

The members of the club all enjoy a picnic lunch in Eden Park, which overlooks the beautiful Ohio, before going to the theater.

After the business meeting Tuesday night, cookies, baked by Mrs. Naomi Claypool, and Cokes were served. During this time, Mr. Tom Young gave a marionette demonstration, using four of his many puppets. Afterwards, he discussed the materials and means of making puppets.

VETS CLUB QUEEN—Named Queen of the annual Vet's Club Dance was attractive Wilma Connelly. Wilma is shown here holding the beautiful bouquet of roses which were presented her at the dance as the Vet's Club "lady fair."

30 Are Candidates For The MA Degree

Thirty students have been admitted to candidacy for the Master's degree at Morehead State College, Dr. Palmer L. Hall, Director of Graduate Studies, has announced.

The following were admitted to candidacy for the Master's degree by the Graduate Council recently and graduate committees have been appointed for them:

- Betty Creech Adams, Morehead;
- Francis Apel, Owingsville;
- Robert Baker, Greenvale;
- Perry Ingram, Bowling, Mt. Sterling;
- Eva Carol Calvert, Springdale;
- Woodrow W. Creech, Worthington;
- Ronald Dean Hart, Morehead;
- Donald Thomas Hester, Jeffersonville;
- William Riley James, Jr., Inez;
- William Burl Kincaid, Jr., Owingsville;
- Glennis Stuart Liles, Riverston;
- Sue Lucke, Morehead;
- John F. O'Call, Tollebores;
- Marguerite S. Preston, Ashland;
- Pauline Ward Ramsey, Ashland;
- Ralph Richard Reed, Greenvale;
- Thelma W. Smith, Combs;
- Nina Lam Whiteley, Morehead;
- Doris Baldrige Woods, Morehead.

Teamwork succeeds when both horses pull.

Smoking was never like this before! Salem refreshes your taste just as a glorious Spring morning refreshes you. To rich tobacco taste, Salem adds a surprise softness that gives smoking new ease and comfort. Yes, through Salem's pure-white, modern filter flows the freshest taste in cigarettes. Smoke refreshed... smoke Salem!

Society Notes

By Arlene Shadrach and Judie Wilson (Co-Society Editors)

Hi everyone!

Well, it certainly looks as though this sunny, warm weather is here to stay. It has brought about quite a change in our campus... eagles and eaglets strutting together, students sitting (between classes) outside and of course all convertible tops... down.

It seems this "lazy" time of year has also brought about a few more campus activities. Successfully planned and attended was the "fun night" sponsored by the Student Council. All we can say for this is "let's have a lot more of them."

The Vet's Club dance was also a well attended and successful affair. The highlight being the crowning of the queen, Wilma Sue Connelly, and the announcement of her court... Judie Wilson, Scottie Copher, Thelma Roberts, Alice Fannin, Jane Carver, Betty Sizemore and Jonny McGee.

The Morehead Players were praised for their Children's Theatre performance of "The Wizard of Oz" held the last week in March. This past week the Campus Club performed their annual play, titled "Comin' Around the Mountain". We salute all these fine actors and actresses.

A coming event on our social calendar is something a little different than usual. It is the "Bermuda Hop", sponsored by the WRA to be held April 19. Admission will be 35¢ stag and 50¢ dam. An extra nickel will be charged those who do not wish to wear Bermuda shorts (this means boys as well as girls).

Highlighting the evening will be the crowning of the WRA king. He and his court will be escorted by members of the organization. Candidates are... Terry McBrayer, Tom Hummer, Dick Renolds, Ted Thompson, Gene Cavallo, Bernie Shimmfessel, Jerry Powell, Gene Harper, Eugene Baylo, Lloyd McCleave and Bo Queen. Campaign managers are busy collecting votes. Each vote is a penny and all money will benefit the WRA.

Better Than Girls! Also with the coming of Spring, a young man's fancy turns to thoughts of "baseball". No spring and summertime activity, excepting dating girls, gives a boy more fun and enjoyment. The thrill of going to the ball park to cheer for your favorite team; the hot dogs, peanuts and pop that go with the wild yelling when a home run is hit; the familiar cries of "Kill the Umpire", "Go, Go, Go" and "Eman, Laker", which arise from thousands of voices and echo throughout the park; the feeling of sadness which is felt deep in your heart when your team loses; the frantic joy which engulfs the whole stadium when they win; the frantic efforts of a boy trying to explain to his girl what is going on and annual while explaining, misses a prodigious wallow into the center field bleacher.

So, if you see a boy walking down the street in a daze, he is not thinking of his girl. He is thinking of baseball!

A little afterthought: Women's faults are many. Men have only two. Everything they say and everything they do...

Take a Puff... It's Springtime

Commerce Dept.

science, mathematics, science and English are also provided. One-year and two-year career training programs are available. Both programs are for students who desire to prepare for occupations. Special emphasis is placed on the following: on the one hand, business English, business arithmetic, accounting, financial office machines, and office practice. All courses are on the college level and carry full college credit.

Classrooms at Morehead are well equipped. The department has 75 typewriters, business manuals and also duplicating machines, such as the Mimeograph and Ditto; Dictaphone and Sound-Recorder dictating and recording; motion picture film editing; ten-key; adding machine; board adding listing machine; key-driven calculators; and room calculators.

Students entered during the summer session are: business arithmetic, introduction to business, personal typewriting,

general business, or select an area of concentration that includes all of the three subject-matter fields. This summer session

that time graduates have found positions in some of the larger cities in the nation. A former student is the assistant manager of a store in Baltimore, more super, others are working in Mississippi, and still others in Miami.

Occupying the entire ground floor of Johnson-Cadden is a cluster of classrooms, a ceramics studio and an art gallery. This gallery is used to exhibit the work of students and from time to time some of the finest work brought from other places and displayed in the gallery.

The Beaux Arts Club is a for the students and is a place where they can exhibit their work in the arts. Persons interested in the club, whether they have taken art or not, are not welcome into the club.

Mrs. Claypool added that any art course offered in any school can be taken at Morehead. The 29 art courses offered include

Each year members of the club take a trip to Cincinnati or to one of the large cities in order to see the art of that city. They plan the trip in order that they may be able to attend a museum, see a play and enjoy the city in any way and usually stop at a hotel for an amusement park on the way back.

It is coincidental that both Mrs. Claypool and Mr. Young are graduates of the University of Kentucky. Mrs. Young has a B. B. degree from the University of Kentucky and both completed their M.A. at Cincinnati.

Mrs. Claypool added jokingly that she was a graduate of the University of Kentucky because her Mother became a member of the "Mrs." degree in the meantime.

While the essentials of a general education and clinical experience are required, the students must meet the requirements of the Kentucky Board of Nursing Education.

Any high school graduate between 17 and 25 who meets the requirements of the board of nursing and is accepted by the hospital association, is eligible for admission.

Nursing students will assume

hospitals will be spent on medical, surgical, pediatric and obstetric nursing while Morehead will provide instruction in the

all expenses while at Morehead, but the Miners Memorial Hospital Association will assume all expenses and offer a stipend of \$30 per month during the two-year period.

dramatic arts and speech. The Department of Dramatic Arts and Speech, under the leadership of Dr. George A. Audin, offers a broad range of courses. The department furnishes opportunities for testing theories with practice for both dramatic and speech majors.

Under the supervision of W. F. P. Smith, the department has recently started to build their own courses offered in speech.

Courses offered in speech include: Fundamentals of Speech, Voice and Diction, Basic Speech, Public Speaking, Oral Interpretation, Workshop in Speech, Advanced Speech, and Dramatic Arts. Teachers, Discussion and Debate and Speech Problems.

Workshops in Dramatic Arts, Morehead State College includes: Elementary Dramatic Arts, Design and Stage Make-up, Workshop in Dramatic Arts, Stage Techniques, Playwriting and Production, Children's Theatre, Problems in the Theatre, and Problems in Playwriting.

You can get more than your money's worth from this program. It is a hard process to continue

Many are the activities which Morehead State College Speech and Drama students may practice in

Under the supervision of W. R. Covington, the Players have received considerable training in the use of small theatre.

Courses offered in speech at Morehead State College include: Voice and Diction, Basic Speech, Public Speaking, Oral Interpretation, Speech Workshop in Speech, Applied Phonetics, Speech for Teachers, Discussion and Debate and Speech Problems.

Workshops in Speech and Drama at Morehead State College include: Elementary Dramatics, Theatre Design and Stage Make-up, Workshop in Dramatic Art, Speech and Drama, Speech and Drama Production, Children's Theatre, Problems in the Theatre and Problems in Playwriting.

You can get more than your money's worth some times, but it is a hard process to continue.

Div. Of Science, Mathematics

By Howard Shackelford
Persons like the students at Morehead State College are the only hope the free world has against being outdone by the Communists in the field of science," was the idea expressed by Dr. Louis Rosen during his two day stay here last month. Dr. Rosen, a physicist from the Atomic Energy Laboratory in Los Alamos, New Mexico, urged students capable of doing so to continue their science education.

Many students who enter Morehead have very little or no high school training in science, because it is not offered in their school. Unlike many colleges, this does not prove to be a major handicap because this situation is realized and most of the science courses on this campus are taught with the idea that the student has had no previous training in that subject.

Morehead State College offers an area of concentration in biological or the physical science with emphasis on the biological or the physical sciences. One may also receive majors in a number of the sciences. This work leads to the Bachelor of Science degree with or without the teacher's certificate, as the student desires.

Three students applied for ad-

mission to the University of Louisville Medical School this year and all three were accepted. Industry also offers the scientist a great opportunity for advancement. Persons having a degree above the Bachelor degree are at a definite advantage, having additional training in their field. A number of Morehead students have been awarded graduate assistantships in different branches of science in the past. With the assistantship, the graduate student is paid to teach undergraduates while he works on his Masters or Ph.D. degree.

Sandra Sue Patrick, a June 1958 graduate, has been awarded an assistantship to work on a Masters degree in bacteriology at the University of Tennessee.

Twelve hours of science are required for anyone receiving a degree at Morehead. There are courses especially designed to fit the needs of the person not majoring in science. These courses are for the purpose of giving the student a general knowledge of the concepts and terminology used in the sciences.

A new \$15,000 chemistry laboratory was completed this year to help satisfy the needs of the ever-growing number of persons taking this course of study. A typical comment made by the science major is "It probably has been a little tougher than other majors might have been, but I would do it all over again."

The Morehead science staff includes: Dr. West (Head of Dept.) Biology; Dr. Owens, Biology; Dr. Cooper, Mathematics; Mr. Overstreet, Mathematics, Physics and Geology; Mr. Phillips, Chemistry; Mr. Lake, Chemistry.

CAUGHT—These two pert young ladies were caught in their newly redecorated and refurbished room in Fields Hall by the candid eye of The Trail Blazer photographer. The two little little dogs on the foot of the beds seem to be enjoying the fine surroundings too.

Audio-Visual Dept.

The audio-visual aids department at Morehead State College is the center for a wide variety of services to the college and the students. These services include the rental of films for the professors in all departments of the college, providing equipment for various class and extra-curricular activities and photographic services.

Adlai Stevenson, speaking on nationwide television broadcast recently dealing with the educational problems confronting the nation, emphasized the importance of audio-visual aids and films in particular. Morehead State College has the most comprehensive audio-visual program in Kentucky. The professors are presently using about 600 films per year along with recordings, filmstrips, slides, opaque projectors, microprojectors, record players and tape recorders.

The audio-visual department produces each year about 4,500 picture film is shot during an average year. During February and March, 1958, over 1,800 photographs have been produced, 1,400 student identification cards sealed in plastic and about 275 newspaper engravings have been made. For instance, all of the pictures in this newspaper were shot, the film developed, printed and the engravings electronically produced by the audio-

visual department. Three students help pay their expenses with this work. The students are: James "Pat" May, darkroom technician; Don Reed, cameraman and darkroom technician; Rex Maxey, photo engraver. In addition, Miss Elizabeth Lynd works when she is not in class as secretary to the audio-visual director.

Teaching is an important phase of the activities in the audio-visual department. Dr. Norman Tant, director of audio-visual education is also ranked as professor of education. Each semester he teaches a course in audio-visual instruction which includes a laboratory experience. In addition he instructs on an individual basis many students and professors in the operation and use of the very latest instructional aids.

Experimental work is another part of the audio-visual activities at Morehead State College. A project using microprojectors and parabolic reflectors for recording bird calls is under way and is quite successful. The successful use of a stethoscope head to a microphone has just been accomplished in order to record heart sounds. This will enable science professors to teach more about the heart than ever before.

All visiting high school seniors are cordially invited to visit this department in the Administration Building.

Physical Education Department

By George Stevens
Headed by Athletic Director Bob Laughlin, the Morehead State College physical education department has much to offer a college student.

Basically the department is devoted to providing teachers with the fundamental knowledge and skills in health and physical education required for effective service in the school. In view of this, the department also provides activity courses for the enjoyment and healthful recreation of the average college student.

The degree received in physical education at Morehead is recognized anywhere in the country. The college provides a staff of competent instructors that at the student's disposal for advice and training in the physical education field.

Bill Mack is one of the instructors in the department.

Keeping up with the Joneses is an endless process, in which no one succeeds.

There is only one way to make an honest dollar.

English, Language Department

By Pat Spencer
Over 50 courses covering 17 different fields are offered under the heading of Morehead's English and Language Department.

Acting head of this department is Mr. Albert Stewart and ten others serve in fields from foreign language to drama. The professors and the courses they teach in this department are Dr. J. H. Lawton, Speech; Mr. Stewart, Mr. Gabriel Banks, Dr. John H. Long, Mr. Easton Shuhr, Mr. James Prince, and Mr. Jesse B. Reese all teach literature. Also included within the English and Language field are Mrs. Ethel Moore, Latin; Mr. Arch Lacey, French; and Mr. W. P. Covington III, Drama.

Courses in French and Latin from the elementary stage to the advanced are offered as are courses in Speech from Voice and Dictation to the Correction of Speech Problems. Even courses in Drama and Journalism are offered in this department.

Classes and lectures, however, do not end the work of the English Department. Under the supervision of this group are the Inkpot, a collection of fresh-

To be popular, one has to continually praise everything and everybody, even though the praise usually isn't warranted.

Despite what some people say, most of us want to do the right thing, even though we don't do it.

English, Language Department

men writings; Inscape, a booklet of more advanced writings; and Kentucky Writing, a publication of essays, poems, and various types of writing submitted by people from all over the state.

The English, Speech and Language Club is also under the direction of the English Department. This club provides social activity and general programs of interest for those students who enjoy or minor in these three fields and for members of the Department. Included in the meetings, which take place in the basement of Thompson Hall, are movies, plays, and readings that might add to the members' knowledge and interest. Serving as faculty advisors to the group are Mr. Stewart, Mrs. Moore and Mr. Lacey.

It would seem with all these activities that the department would have no time for anything else, but the Writers Workshop held on Morehead's campus during the summer is also under its supervision. The workshop lasts for two weeks and offers a program of conferences, discussions and lectures that always prove to be interesting and informative for the participants.

Sports Rumbblings

by GEORGE STEVENS
Trail Blazer Sports Editor

The Morehead baseball team made its initial showing last Thursday afternoon as they split a double header with Hillsdale, Michigan on the college field. Hillsdale cashed in on the opener 6-3 while the Eagles took charge in the night cap winning 2-1.

Alby Dawson made a fine showing in the second game as he hurled a two hitter against a team that hails from baseball country. The right-handed sophomore went all the way for Morehead, giving up one run.

Wendell Jones looked good for the home team, playing fine ball at first and was a clutch player at the plate. Jones drove in the winning run for the Eagles as he doubled on a sharp drive in left center field. With a man on second and the count one and one, the veteran first baseman hit a sharp drive that easily scored the man on second. Jones will be a key man for the Eagles this year.

Calling the signals behind the plate is senior Dudley Caudill, who is a returning letterman from last year. The eager catcher near the 400 mark last season and is expected to be the big stick for the Eagles.

Morehead's next opponent will be Tennessee Tech in an OVC game that will be held on April 19 on the college field.

In connection with baseball, I would like to compliment the workers for the fine job they did getting the diamond in shape.

DEBATABLE CALL

The Draftes defeat the River Rats in a game that proved to be the big event on campus the past week. The Draftes won by a score of 70-49.

The game broke wide open immediately following a disputed call in which George Stefencavage of the River Rats was ejected from the game.

Whether or not the play should have been called the way it was is uncertain. I personally feel the referee should have had full control of any contest. However, the call was made in good intentions to maintain sportsmanlike conduct.

A tip of the hat goes to Buddy Bell for the outstanding game he played for the River Rats. Buddy hit for a total of 24 for the evening with 30 points made from the field.

ALLEN GOOD THING

Coach Nelson Allen has proved to be quite the coach on campus as he has swept the intramural scene.

Allen's charges defeated 6 captured both the volleyball and basketball intramural crowns.

He has picked up quite a bit of talent this year and has used it very well. His teams were fine ball clubs that used talent instead of luck to pull through the tourney.

FINE COMPETITION

To prove the fine competition Morehead opposes during the OVC season may well be rated by individual statistics in the NCAA basketball final statistics.

Of the top 21 scorers in the United States, seven play on teams Morehead has faced this season. Five play on teams scheduled for annual play on the Morehead schedule.

In the number four slot of top scorers is Bailey Howell, the rugged center from Mississippi State. Howell averaged 27.8 points per game for the 58 season. Mississippi State edged Morehead 46-41 in the Invitational Tournament held in Starville, Mississippi.

The southerners froze the ball throughout the game with Morehead fighting nip and tuck all the way.

King Kelly Coleman, a highly debatable figure, finished sixth from the top in scoring, averaging 26.6 points per game. Coleman plays for Kentucky Wesleyan.

Leo Byrd and Hal Greer of Marshall ranked 12th and 17th, respectively on the NCAA statistic sheet. The Eagles opposed Marshall twice this year, splitting the series with them.

The other scorers were Florio of Washington and Lee, averaging 23.4 this year; Kubiszyn, of Alabama, slatted 19th among the nation's leading scorers, and Crosthwaite, of Western, rated 21. Morehead defeated Alabama and split in a series with Western.

SCANDAL OF THE WEEK

A certain intramural coach who recently won a certain championship offered a certain writer a milk shake if he would write a certain story, using certain adjectives describing his brilliant coaching career.

Morehead, Kentucky

THOROUGHBREDS—Kentucky is known widely for its fast horses and beautiful women (or is it just the reverse?) and Morehead College has fielded some of the finest track teams in Kentucky during the past. The above picture shows Coach Jerry Wing's boys working out for the meet with Winona last Friday. Morehead lost 78-40.

Eagles Split Opener With Hillsdale

By Scott Hosler

The Morehead State College Eagles, defending champions of the Ohio Valley Baseball Conference, opened their 1958 season by splitting a twin bill with a strong Hillsdale, Michigan squad. Morehead, with very few practices behind them due to poor weather conditions, lost the opener 6-3 but came back in the second game to win by a 2-1 score.

In the first game, Hillsdale scored seven runs in the first inning, breaking open a tie and breeze to a 6-3 victory. Ruffledge, who relieved Moyer in the bottom of the fifth held the Eagle hitters to one hit in the last five innings, a single by Rupp in the ninth. Miller, Anderson and Creiger worked the mound for the Eagles, giving up nine hits in nine frames.

The second game was a completely different story with fireballer Alby Dawson allowing the Michigan boys only four singles and giving up three walks in the six innings he towed the mound for Morehead. The game was called after five and a half innings due to darkness with the Eagles leading 2-1.

The deciding run came in the bottom of the fifth when second baseman John Fannin led off with a walk. After Blakely struck out senior first baseman Wendell Jones lashed a fly double to left center field bringing home Fannin, who had earlier stolen second.

In the top of the sixth Woods, pinch-hitting for Davis, reached first on an error. Buven sacrificed him to second and after Rabbithood struck out Shaffer walked to put runners on first and second. Then Dawson calmly struck out pinch-hitter Tony to end the ball game.

1958 Baseball Schedule

April 19—Tenn. Tech —Home
April 22—Marshall College —Away

TENNIS BEGINS—With out-break of the sun, Spring weather and flowers, came the Morehead tennis team. Joe Hubbard is shown here in preparation for next Tuesday's match with Eastern.

Roundballers Finish With High Statistical Ranking

By George Stevens

The Morehead State College Eagles ranked high in the nation according to the final NCAA official basketball statistics for the 1957-58 season.

Coach Bob Laughlin's charges finished the season holding down the second place slot for the rebounding section, snagging 388 per cent, just .003 under the leader. Morehead accumulated 1331 rebounds for the season's play.

Star forward Steve Hamilton loomed as the man from Morehead with his name appearing several places on the statistic sheet. Hamilton was ranked tenth in the nation in the rebounding department gathering 440 for the year. The 6-7 forward led all other Kentucky athletes in rebounding.

In the scoring department, Hamilton finished 73rd in the U.S. competition averaging 17.55 points per game. He sank 290 points from the field while hitting 113 from the charity stripe. Hamilton led Kentucky scorers

in free throw percentage hitting 79 per cent ranking him 32nd on the NCAA sheet.

Steve was also distinguished for his fine record at Morehead by being awarded the Kentuckian's Outstanding Senior trophy. Hamilton was in competition for this award with such standouts as Ed Beck of the NCAA champion Kentucky Wildcats and Archie Dees of Indiana. The fast breaking Eagles were ranked 13th in the nation in team offense. Morehead rolled up a total of 1,794 points for an average of 78.0 per game. The high scoring Eagles were experiencing a good season until the bottom dropped out in the final four games. Morehead finished the season with a 13-10 record.

Morehead ranked high in the shot percentage department—ranking 29th in the nation from the field. The Eagles are slatted 24th in free throw percentage hitting .707 from the foul line. The lowering Eagles finished the season with a 6-4 record in OVC play to rank second.

Gold Defeats Blue In Defensive Struggle

By George Stevens

The Gold of Paul Outley defeated the Blue 8-0 in the Morehead intra-squad football game held March 25 in Wayne Stadium. The game was decided by one play that same day in the fourth quarter in which "Miner" McGehee streaked 70 yards on a punt. Quarterback Alby Dawson took the snap from center and faked to his right handing off to McGehee. The Blue defense was charging to the side of the field having the most running room. McGehee streaked around the short side of the field with Wayne Chapman throwing the key block.

Once McGehee reached the secondary he poured on the coal racing down the sidelines for the TD. Halfback Buddy Bell caught the speedster but to no avail as Minner tumbled into the end zone.

The extra points were added on a running play.

The Blue retaliated in the final minutes with Buddy Fields snagging a pass from quarterback Tom Sims on the 20 yard line. Time ran out before the Blue could break through for the touchdown.

The first three quarters of the game were the scene of strictly defensive plays during this period.

The lineups were:

Name	Position	Name	Position
Fields	HB	Craiger	HB
Kincer	HB	Cassell	HB
Bell	HB	Ghent	HB
Walls	HB	McGehee	HB
Sims	QB	Dawson	QB

Story	G		

Coach John Washko, Blue; and Paul Outley, Gold.

Football practice will resume Sept. 1.

A word to the wise might be enough, but judging from the endless discussion and debate, there are few that are wise.

Most parents take credit for the good points of their children and wonder where the preverve symptoms originate.

Most people are befogged by figures, one kind or another.

In case of doubt, don't borrow and don't lend.

Draftees Defeat River Rats 70-46 In Intramural Finals

By George Stevens

Coach Nelson Allen proved his Draftees worthy of the intramural championship title last Thursday night as they rolled over the River Rats 70-46 in a rhubarb-filled contest. Both teams were undefeated going into the final game.

It was a tight ball game until a disputed call was made in which George Stefencavage of the River Rats was ejected from the game. Following the ejection the River Rats went down fast as the Draftees swing into high gear.

George Cooke was the big gun for the Draftees as he poured in 16 points for the evening as 300 people looked on. Coach Allen benched Cooke in the beginning of the game but sent him in to start the rally. The 6-0 guard rolled into action as he poured in 12 of his 16 points during the second half.

Cooke is a former member of

the Kentucky All-State high school basketball team. Center Ed Moore was right behind Cooke scoring 13 points for the Draftees. Moore collected 7 points during the second half.

The stand-out of the game was Buddy Bell with his fine shooting and rebounding. Bell was top scorer of the evening hitting for 24 points. The freshman forward sizzled the nets hitting from all around the outside on one-hand around shots. Bell collected 20 of his 24 points from the field.

Pettit was second high for the River Rats as he collected 8 points in the game. Six of the eight points were from the field. Coach Nelson Allen ran his team well against the River Rats in the crucial clash of two undefeated teams. Allen has ended a fine season as an intramural coach by winning the basketball and volleyball championships.

The senior coach used wise substitutions during the game keeping fresh players in for the most part.

Allen employed the fast break to crack the River Rats in the closing half. The Draftees squelched all hopes of a R.R. victory by pouring on the coal at the finale.

Coach Curt Cassel has had fine season also finishing with one loss.

The officials for the game were Outley and Adkins.

THEM AS HAS, GETS

According to a recent Census Bureau report, something more than long suspected turns out to be true: the fellow with the higher income is more likely to get the girl. The bureau's study of marital status and income showed that 94% per cent of men over 35 who have income of \$8,000 and more are married. Only 71 per cent of those with

BASEBALL UNDERWAY—The third of baseballs resoundingly hitting into baseball gloves is a sure sign of Spring on Morehead State College campus. Shown here are several baseball players trying out for the squad. Coach John Nelson Allen's charges, who are defending OVC champions, opened their season last week, splitting a doubleheader with powerful Hillsdale Michigan, 8-5 and 2-1.
