MINUTES OF THE FACULTY MEETING
Morehead State University
February 20, 1979

The February meeting of the faculty was held on Tuesday, February 20, 1979, at 4:10 p.m. in the University Breckinridge Auditorium. Vice President White called the meeting to order.

Vice President White: Announced that a correction should be made in the minutes of the December, 1978, faculty meeting. In the paragraph regarding the procedure to be followed if a faculty member wishes to be considered for promotion it should state: If an individual wishes to be considered for promotion, they should direct their portfolio to their departmental committee, the departmental committee sends their recommendation on to the school-wide committee which sends the recommendations to the Faculty Organization Committee. The Faculty Organization Committee then sends the recommendations to the Vice President for Academic Affairs who sends it on to the President.

Announced that a faculty meeting would be held in March as well as in April. The date and agenda will be sent out later.

Commented that in a recent visit to a State Department in Frankfort, several people commented that MSU's faculty were the friendliest, most cooperative and seemed to have more "esprit de corps" than any other institution in Kentucky.

Reported that Dr. Ellis handed in a report showing a 38% increase in circulation this year at the Johnson Camden Library; a 52% increase at the turnstile; and a 12% increase in faculty circulation.

Announced that whenever a program or proposal for course change is presented before the University Curriculum Committee a representative from that department should be present. In presenting a program or course change, two things should be kept in mind: (1) what is now in the course, and (2) what should be in the new course.

A final examination week survey will be sent to the faculty and students. Please be sure to vote so the President can get the feel of what the faculty and students want final exam week to be.

President Norfleet:

- Made the following comments and announcements:
- 1) Commended the co-chairpersons of the various committees of SACS and NCATE for the tremendous effort they are exerting and expressed hope that some concrete suggestions for improvement of the University would come from the studies.
 - 2) Commended the Lady Eagles for winning the OVC championship.
 - 3) The Men's Basketball team was also commended.
 - 4) The track team has a winning season to this point.
 - 5) Two women on the women's track team have qualified for the Nationals.
 - 6) The Individual Events teams won the OVC meet.

- President Norfleet:
- 7) Urged the faculty to visit the exhibits at the Claypool-Young Art Building.
 - 8) The new periodical room at the Johnson Camden Library is now open.
 - 9) The concerts at MSU are excellent and the faculty should take the opportunity to hear them.
 - 10) The TRIO program received another grant for the summer.
 - 11) The largest number of faculty members are participating from a programmatic standpoint in professional meetings this spring than ever before. This is a tremendous mark of achievement for the faculty.
 - 12) A special committee has been established to develop the criteria to be used for the Distinguished Research Award.
 - 13) Word has been received from AID that MSU has been funded to conduct a training program for Egyptian businessmen on campus. They will be trained in financial matters by the School of Business and Economics.
 - 14) Announced that there will be a committee report today on measuring faculty achievement. The assessment that a student gives is only one dimension of the total aspect of performance. Other dimensions which are just as important are: undergraduate and graduate advising and supervision, research, service functions, and professional development. We must not get to the point where we are satisfied with the level of achievement and professional development which we have attained. More time must be devoted to professional development.
 - 15) Last February a committee was appointed to look at the administrative achievement. We have been going through a process of establishing objectives to be used in evaluating administrative achievement. We are moving toward achieving a level of sophistication in stating objectives that will enable us to measure accomplishments by bureaus, schools, and departments. We are now in the process of developing job descriptions and instruments which will help us assess based on management by objectives process. This process will continue until it is complete this spring.
 - 16) We are entering into the budget making process. We are looking at the total fringe benefit package to see what improvements could be made and trying to identify means of making the dollars we have go further. Liability insurance has been added to our fringe benefit package recently. Mr. Graham and Mr. Kappes are putting together a list showing the total fringe benefit package which should be sent to you within the next week or two.
 - 17) You play a tremendous role in the upgrading of programs at the University. I hope you feel you have the opportunity to express your ideas and to suggest ways that new levels can be achieved in all areas of the University. We had a recent discussion in the Forum asking the questions "Do we inform ourselves as to what we are doing? Are we knowledgeable as to what goes on at the University?"

- President Norfleet: I hope information is getting to you on a timely basis. Only as a result of the faculty's creativity, ingenuity, and motivation can we really obtain the margin of excellence in all of our programs at the University.
- Vice President White: Asked Dr. Hampton if the report handed out before the meeting was the official report by the Faculty Evaluation Committee. Receiving an affirmative reply, he asked that a motion be made that the report be accepted as a report to the faculty and to the Vice President for Academic Affairs from the mandate given to the Committee. Dr. Philley moved and Dr. Roger Jones seconded that the report be accepted. The motion passed.
- Introduced Dr. William Hampton as the information source for the report.
- Dr. William Hampton: This proposal is being presented to you to give you an opportunity to look it over. All we want to do today is show you the report, ask you to look it over and let us know what changes should be made. This fall you will be given an opportunity to vote as to whether or not you want to use this instrument for assessment. The Committee suggests you use the faculty assessment by the students this semester. After looking at the results, you can decide if the instrument is good, bad, or indifferent. The Committee feels this assessment should be done annually. The faculty member would decide if the assessment by the student would be made public and can use the results in his portfolio for whatever reason he/she chooses. The faculty members would meet with their department head at the beginning of the year to decide what percentage of their yearly evaluation will be based on teaching, research and service. The faculty member would then put together his/her portfolio and give it to the department chairperson. The department chairperson would make his/her evaluation and send the portfolio to the departmental committee. The portfolio is then forwarded to the school-wide committee who sends it on to the Vice President for Academic Affairs. The Vice President forwards the recommendations on to the President.
- The assessments made by the students are as confidential as you wish them to be. We want to give the faculty members an opportunity to improve. Are there any questions?
- Mr. Larry Netherton: If a person is in administration but also holds faculty rank, would they be evaluated by this same plan?
- Dr. William Hampton: Yes, they would be evaluated for their teaching responsibilities under this plan. They would meet with their department chairperson and have a conference as to how they should be evaluated. Administrative evaluation will be handled differently.

Minutes of the Faculty Meeting
February 20, 1979
Page 4

- Mr. Alex Conyers: If the portfolio is being used for promotional purposes, would the Faculty Organization Committee receive it before the Vice President?
- Dr. William Hampton: No, not under this plan.
- Vice President White: Mr. Conyer's question should be considered. Unless there are changes made in this plan, assessment does not include the Faculty Organization Committee.
- President Norfleet: Commented that more and more people are sending student ratings when they inquire about a job opening.
- Vice President White: Stated that Dr. Hampton, Dr. Taylor and Dr. Hay would be available to help with the faculty assessment by the student.
- Stated that school deans are being urged to give 3 hours of reassigned time to a faculty member that advises 50 or more full-time student. This is not a policy and if a faculty member advised 100 students, he/she would not get 6 hours reassigned time.
- Dr. John Philley: Co-chairman of the SACS self-study, stated that the Committee hopes to have the bulk of the report gathering process completed by next month. The faculty will be receiving a survey which we hope to get completed before Spring Break. There will be a survey for people in administrative positions students, and for a select number of our graduates. These surveys will provide attitudinal types of information which will help us complete the drafts of the different committees. Please answer the questions as thoroughly as possible and get them returned.
- Dr. Leonard Burkett: Co-chairman of the NCATE self-study, commented that the NCATE team will be on campus in about a year which doesn't give us a lot of time. The committee hopes to have a preliminary report ready by the first of March.
- Dean J. E. Duncan: Stated that a fine arts study tour to Russia is being planned for June 4-18. Applications must be in by March 30. If anyone wants to see a brochure, contact Dean Duncan or Dr. Roger Jones.
- Vice President White: Dr. Lindsey Back is heading a committee which is coordinating tours of this kind.

The meeting adjourned at approximately 5:13.

Dr. Joe Bendixen	- School of Applied Science & Technology
Mrs. Kay Freeland	- University Breckinridge School
Mr. Ernest Hinson	- School of Business & Economics
Dr. Judy Rogers	- School of Humanities
Dr. Randy Falls	- School of Science & Mathematics
Dr. Robert Gould	- School of Social Sciences

There was a general discussion relative to the student appeal process for reconsideration for entry into the Teacher Education Program. The Committee discussed those students who had taken remedial courses in order to qualify for admission to the Teacher Education Program.

Call to Order - Dean Davis called the meeting to order at 3:10 p.m.

Reading of Minutes - Dr. Payne presented the minutes of the last meeting. Dr. Rogers made a motion to accept the minutes as presented; seconded by Dr. Falls; motion carried.

Reports of Special Committees - None at this time.

Unfinished Business - Dr. Payne reported that we did have some proposals previously presented to the Committee and no action had been taken. He requested that action be deferred until full council was present.

New Business - Dr. Payne made a motion that the name "University Teacher Education Committee" be changed to "University Teacher Education Council". Dr. Falls seconded the motion; motion carried.

Mr. Hinson inquired if we were operating under the new set of By-Laws and, if so, should not the School Teacher Education Committees elect their committee from Teacher Education Faculty,

Dr. Rogers presented an appeal for admission to the Teacher Education Program from Miss Stephanie Rice. Miss Rice had a low California Achievement Score and TABE Test in the area of mathematics. Since the original application, she has taken a general mathematics course and received the grade of "B". She was re-tested and has made considerable improvement in her mathematics score. Dr. Payne seconded the motion to admit Miss Rice to the Teacher Education Program; motion carried. The chair directed Dr. Payne to notify Miss Rice of the Committee's decision.

Minutes--University Teacher Education Committee

General Discussion - The discussion centered around the identification of Teacher Education Faculty.

Call to Order - Dr. Payne, Vice Chairman, called the meeting to order at 3:10 p.m.

Reading of Minutes - Dr. Payne presented the minutes of the last meeting. Mrs. Freeland made a motion to accept as presented; seconded by Dr. Falls; motion carried.

Dr. Payne distributed a copy of the Teacher Education Program applicant's instructions to advisors. He indicated a need for advisors to look closely at the student's screening on achievement scores, etc., prior to recommending for admission to the Teacher Education Program.

Reports of Special Committees - None at this time.

Unfinished Business - Dr. Payne submitted the revised By-Laws. A motion was made by Mrs. Freeland to accept the By-Laws change in Article II, Section 1b; seconded by Dr. Burford; motion carried. (Establish a system for the evaluation of basic and advanced Teacher Education Programs).

The revised Flow Chart, Flow Chart Description, and Routing Sheet were presented as approved September 6, 1979.

Dr. Payne presented the revised Student Teaching Handbook to the Council. Dr. Falls made a motion to accept the Handbook as presented; Dr. Miller seconded; motion carried.

Dr. Payne submitted a revised description of School Teacher Education Committee Responsibilities. These were discussed extensively with the idea that there may need to be some additions or deletions to these in the future, based upon in-put from teacher education faculty members. Dr. Miller made a motion to accept; seconded by Mrs. Coy; motion carried.

The proposal for a remedial program presented on August 30, 1979, was discussed extensively and modified. Dr. Falls made a motion to accept the proposal as modified; Mrs. Clayton seconded; motion carried.

Remedial Program Proposal:

"It is proposed that students who do not meet the minimum achievement level (California Achievement Test or ACT Scores) be advised to enroll in a remedial program. Based upon the student's scores, they would be advised to enroll in a developmental mathematics or reading courses, or both. Students would be required to present evidence of improvement prior to reconsideration for admission to the Teacher Education Program."

New Business - There was considerable discussion and agreement that mathematics majors seeking teacher certification should score at a minimum level of 12th grade on the California Achievement Test. Also, that English majors seeking teacher certification should also score at a minimum of the 12th grade level on the Reading and Language Arts segments of the California Achievement Test. Dr. Payne suggested that proposals to this effect should probably come from the individual departments through the appropriate channels.

Dr. Payne distributed a roster of Teacher Education Faculty at the University, as determined by the Hegis Code, and indicated there were probably additional faculty that could be added to this list based upon the courses they were teaching this semester.

Dr. Payne, as Chairman of the School of Education Teacher Education Committee, submitted a recommendation from the School Committee relative to an appeal from Mrs. Jamileh Khorsandi. The School Committee recommended that Mrs. Khorsandi enroll in the Remedial Elementary Education Program and show considerable evidence of improvement on her achievement scores prior to being reconsidered for admission to the Teacher Education Program. Dr. Miller made a motion to accept the proposed action; seconded by Dr. Burford; motion carried.

Dr. Payne appointed a committee to revise the Teacher Education Policy Handbook. The committee consists of Dr. Falls, Mrs. Clayton, Mrs. Coy and Dr. Payne.

It should be noted that while the Teacher Education Council By-Laws specifically outline a program change procedure, this does not exclude the responsibility of the Council to initiate and establish policies.

The Council adjourned at 4:30 p.m.

MINUTES OF THE FACULTY MEETING
Morehead State University
December 4, 1979

The December meeting of the faculty was held at 4:10 p.m. on Tuesday, December 4, 1979 in the University Breckinridge Auditorium. Vice President White called the meeting to order.

Vice President White: Announced that beginning in January, 1980, faculty members will be expected to excuse themselves from faculty meetings if they are unable to attend.

John Philley: Co-chairman of the Southern Association of Colleges and Schools Self-Study announced that the study is nearing completion. Faculty members should be aware of the results of this study and a synopsis will be presented at a later date. The study was done for the 1978-79 academic year, and policies in effect during that time have been studied. The study also looks at the past five years and the next five years. The study addresses 11 standards and a committee was formed for each standard. Students were involved in some of the committees but faculty members made up the membership of the majority of the committees. Administrators were used mostly as resource people. Of the 11 standards, three are completed and the remainder are near completion.

In addition to the 11 standards, two additional chapters will be written for the report. The Steering Committee will synthesize the reports about MSU's strengths, weaknesses and recommendations into a summary and conclusion chapter. Another chapter will be written on the projections from each standard.

The number of responses to the survey was high. The data collected was made available to the different committees. The study should be completed by the middle of January. The visiting team will be on campus April 8, 9, 10, 1980.

Leonard Burkett: Co-chairman for the National Council for the Accreditation of Teachers Education self-study announced that the visiting team will be on campus March 16-19, 1980. The State Department team will be visiting the campus during the same period. These teams will be looking at records, visiting classrooms and possibly visit the off-campus centers.

Eleven committees with 55 people were involved in this study. There were also many people in supportative roles, i.e., editors and typists. The report should be finalized before the Christmas break.

Vice President White: Said that it is extremely important that the faculty be informed about the NCATE and SACS reports. He urged the faculty to read the reports, particularly the parts in their own professional field.

The meeting adjourned at 5:00 p.m.
