

CELEBRITY SERIES—Varel and Bally and their Chanteurs de Paris, will on Morehead State College campus Thursday evening, February 25 as the fourth concert group in the North-eastern Kentucky Civic Celebrity Series.

## Frenchmen To Be In Fourth Concert Here

By Harry Mayhew

Varel and Bally with their Chanteurs de Paris will be the next feature of the Northeastern Civic Celebrity Concert Series which will be held in the Auditorium at 7:30 p. m. on Feb. 25.

This group is the fourth to perform for members of the Series. In order of their performance, other groups who have appeared in the Series are the Danville Players, the Louisville Orchestra, and the Four Freshmen.

This group of Frenchmen are hailed by the New York Journal-American as "The most exciting group of singing men we've heard in years."

They have packed houses and heard loud and spontaneous "bravos" all across the United States. Many area residents are already familiar with this group through their appearances on the Gary Moore and Ed Sullivan TV shows.

Their music is largely folk and popular songs. Varel and Bally are France's top song-writing team, and their Chanteurs de Paris are prize favorites all over Europe. Their American debut during the 1956-57 season was a smash success and resulted in longer annual tours with many engagements.

"All this is easily understood after hearing the smooth-as-silk musicianship of the group," said

a reviewer of their appearance in Santa Fe, New Mexico. "They have near perfect tonal balance and a fine originality of presentation that is apparent at once and which seems to grow with each song they perform."

"Topping off the excellent technical quality of the singers is a wealth of apparently unaffected enthusiasm and charm that transmits itself to the audience from the moment the group steps on the stage."

Rarely has an audience here had such an enjoyable evening of top professional entertainment and rarely has an audience obviously enjoyed itself more."

Tours Successful  
Andre Varel and Charly Bally, lyricist, and composer-pianist respectively, make this one of many nationwide tours undertaken by popular demand as a result of their triumphs in all fields of entertainment the previous season. Varel, a dental surgeon by profession, and Bally, who had already chosen a musical career, met accidentally in Algiers where they had both gone to join the liberation forces during World War II. They shared many perilous experiences and in the course of their military adventures they discovered that music was their common interest. From then on the two were a "pair" not especially by choice, but because after one performance in Paris they were a success!

## Naming Of Campus Sweetheart Highlights Beaux Arts Dance

The annual Sweetheart Ball, sponsored this year by the Beaux Arts Club, will be held in the cafeteria of the Doran Student House this Saturday evening immediately following the Murray game.

The dance, which will be a semi-formal affair, will feature the band of Russell Downs of Ashland, and the price of admission will be \$2 per couple or \$1.75 single.

Highlighting the evening's activities will be the naming of the Campus Sweetheart during intermission. The girl receiving this title will be selected from the primary election, by the student body of the girls in the junior and senior classes.

Serving as master of ceremonies will be Gary Althaus, vice-president of the Beaux Arts Club. He will also be in charge of the drawing for door prizes to be given away during the dance.

The dance will begin at 9:30

p. m. and will last until 12:00 that night.

"Bolshoi Ballet"

The Lepert Films, Inc., color presentation of "The Bolshoi Ballet," which opens at the Trail Theatre Wednesday, Feb. 10 for a two day run, was filmed by director Paul Crinier in two nights of actual film making.

The Bolshoi group, after performing all evening before a live audience at the Covent Garden in London, started to perform for the cameras at 2:30 p. m., and continued until daybreak, dancing the two-act version of "Giselle." On the second night, the Russian dancers performed in the six divertissements.

"The Bolshoi Ballet" will be accompanied by the Academy Award Winning short subject "The Red Balloon." Show time ending each evening.

## Award Brings Tear To Eye Of President

Dr. Adron Doran is in his sixth year as president of Morehead State College. The college has experienced phenomenal growth during that time and people throughout the state have repeatedly commented on the fine job being done here.

But the Kentucky Press Association did more than just comment on it Saturday as the editors of 180 Kentucky newspapers named Dr. Doran the "Kentuckian of the Year."

The award, which is the highest honor granted by the Kentucky Press Association and one of the most coveted awards in the state, has previously been given to such great Kentuckians as Alben Barkley, John Sherman Cooper, Thomas P. Gore, Mary Breckinridge, Harry Campbell, Paul G. Blazer, Albert B. Chandler, Jesse Stuart, Ed Diddle, and Robert M. Watts.

Dr. Doran said with a tear in his eye after receiving an engraved plaque and certificate, "an almost completely overwhelming that you have named me among such distinguished Kentuckians. To be designated by you as a distinguished Kentuckian certainly raises my horizon."

University of Kentucky President Frank G. Dickey made the presentation at the conclusion of the annual KPA mid-winter meeting in Louisville and described Dr. Doran as a man "unsatisfied by little things," and a man who has accomplished a tremendous amount for the organization for which he works and for the State of Kentucky.

Dr. Doran and the other state college presidents had been invited to the annual KPA meeting as representatives of the Association and a more surprised man you've never seen.

One of the first things he said after receiving the award was, "You know, this is the greatest thing that has happened to me since Milton (Mrs. Doran) said 'I do.'"

The packed banquet hall echoed with laughter and he went on to say how the people of the Morehead region and the people of Kentucky have been responsible for the success experienced by Morehead State College.

But the audience knew that there was a great Kentuckian whose untiring efforts had molded a great institution. And as they cheered following his acceptance speech, he motioned to Mrs. Doran to help open the package which held the silver pitcher.

A lady sitting near me said with a tear in her eye, "You know, that's a fine person who will share this moment of recognition. They're an unbeatable team."

She was right. The state's "Kentuckian of the Year" has a wonderful teammate and together they're winning more and more friends and supporters for Morehead State College and the region it serves as each day goes by.

GOLF MEETING

There will be a meeting for anyone interested in playing on the college golf club, Thursday, Feb. 11, at 3 o'clock in the auxiliary gym.

GOVERNOR'S RECEPTION—President and Mrs. Adron Doran are shown here with Lt. Governor Wilson W. Wyatt (left), and Governor Bert T. Combs (right), at a reception in the Governor's Mansion following the Kentucky Press Association award banquet at which time Dr. Doran was named "Kentuckian of the Year". Governor Combs is congratulating Dr. and Mrs. Doran as Lt. Governor Wyatt shows a smile of approval.

## HOUSE RESOLUTION NO. 44

(The following is a resolution unanimously passed by the House of Representatives on February 2.)  
A RESOLUTION commending the Kentucky Press Association and congratulating Dr. Adron Doran.

WHEREAS, Dr. Adron Doran served four terms as a member of the Kentucky House of Representatives; and WHEREAS, he served one term as Speaker of the House; and WHEREAS, he received his educational training in the public schools and colleges of Kentucky and has devoted his adult life to the service of public education in the Commonwealth; and WHEREAS, the Kentucky Press Association at the January 30 annual meeting honored Dr. Doran as the "Kentuckian of the Year";

NOW, THEREFORE, Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky: That the Kentucky Press Association be commended for its selection, and Dr. Doran be congratulated for his selection and his contributions toward the development of Morehead State College and public education in Kentucky.

Mrs. Claypool Named To Who's Who In Art

Mrs. Naomi Claypool, Head of the Art Department, has been listed in Who's Who in American Art.

Who's Who is published by the R. R. Bowker Company under the sponsorship of the American Federation of Arts.

"I am sure this honor is well deserved," said Dr. Doran, "and we rejoice in the distinction which it brings to our college."

She has been at Morehead State College since 1925.

## Mercury Lights To Be Installed Along Campus

Recently, numerous students noticed the activity going on on the college boulevard which was being carried out by electricians and other members of the buildings and grounds crew. A large ditch was dug the full length of the boulevard and at certain points concrete bases were fixed. These concrete bases are being constructed for the new standards which will hold the latest in mercury vapor lights.

Four of these lights will be located on the main boulevard, one at Men's Hall, and three on the new street being constructed at the rear of the campus. In the future, others will be added and the entire campus will be lit with mercury vapor lights.

Mr. Rice, Director of Buildings and Grounds said, "It will be the latest things in street lighting, and some day will be a entire white wave. It should add a great deal to the campus."

The 1960 General Assembly certainly has a Morehead State College flavor. Nine of the members of the legislative body of the Commonwealth have either attended Morehead State College, have had children in school here or have children in school now.

Herbert F. Fern, Representative from Fleming County, has twin sons, Ronnie and Tommy, in school here now. Graduates of Fleming County High School, they are sophomores. Their other brother also attended Morehead State College.

Hobart Rayburn, Representative from Vanhook, has two sons who attended Morehead.

Lake Kelly, son of Senator Ed Kelly of Flemingsburg, attended Morehead last year and is now teaching in Ohio.

Members of the Legislature who attended Morehead are: Harry King Lowman, Representative from Harrodsburg, who attended Morehead last year and is now teaching in Ohio.

Paul Wobser, Representative from Harrodsburg, who attended Morehead last year and is now teaching in Ohio.

## Brown Represents MSC As Candidate For State Princess

Judy Brown, Morehead State College sophomore, has been chosen to represent the college as its nominee for the Kentucky Princess who will represent the state in the National Cherry Blossom Festival to be held in Washington, D. C., on April 5-10.

The Kentucky Princess will be chosen from girls representing the state colleges and from daughters of prominent Kentuckians in the Capital at the next Kentucky Society dance to be held in the National Press Club in Washington on the evening of Feb. 12.

The Kentucky nominee will compete with girls selected by each of the 15 states in the Union by the spinning of a wheel to reign over the activities of the National Cherry Blossom Festival from April 5-10.

For his officially recognized contribution to the Kentucky Soil Conservation Districts, and for his acknowledged leadership in dealing with racial problems.

He also has received the Kentucky Association of Colleges and Secondary Schools merit award for outstanding contributions to education in Kentucky, the Kentucky Association of Soil Conservation Districts merit award for outstanding contributions to conservation education, the Lincoln Key award for success in effecting integration at Morehead State College without fanfare or incident, and the Morehead State College Commerce outstanding citizen award for contributions to his home community.

He organized and directed the Legislative Work Conference of the Southern Regional Education Board, composed of legislators

## Morehead College To Give Summer Science Training

Morehead State College has been granted \$3,750 by the National Science Foundation for a summer science training program for secondary school students.

President Adron Doran announced today.

The training program, which will run from July 11 to August 1, is open to high school students who have finished their junior year.

Dr. Doran said the training program objectives are: (1) to give promising secondary school students an opportunity to gain an increased understanding of scientific content and methods through instruction given by persons of recognized scientific stature and (2) to help develop cooperation between colleges and high schools in increasing the quality of education in the sciences.

Dr. Margaret H. Heaslip, Associate Professor of Biology, will direct the four-week training program.

20 Are Eligible  
Serving as co-director will be Paul Wobser, President of the American Association of Biology Teachers, who currently teaches at Bryan City, O. school system.

Dr. Heaslip said 20 students who have superior records, have

will work on current, college-type research projects which will be of great benefit to the students as it will better prepare them for college and will stimulate their interest in the overall science program."

She added, "We are hoping the students will go back to their high schools more greatly inspired and the inspiration will spread to other students."

National In Scope

The National Science Foundation has awarded 137 of the secondary school training programs to 129 colleges, universities and non-profit research organizations in 43 states, the District of Columbia and Puerto Rico.

The total cost of the program is over \$1,850,000.

Dr. Heaslip came to Morehead State College in 1955 after having served as a plant breeder and as an instructor of botany at Wellesley College. She received the B.S., M.S. and Ph.D. degrees from Ohio State University.

She has had numerous articles published in scientific journals and is currently conducting experiments on the effects of radiation on plants, sponsored by the Atomic Energy Commission.

## Grills Do Get Messy, Don't They?

It's been quite some time since we on the staff have taken pen in hand with the sole aim of criticizing some particular phase in campus life, but the time has come once again when we must take this unpleasant duty to heart.

The object of criticism is the students who use (or should we say "misuse") the Grill in the Student House. When one walks in, he suddenly gets the impression that you have entered a children's nursery.

First of all, one gets this idea because of the immature untidiness of the Grill. There are papers here and there with a few cigarette butts and coke cups thrown in for good measure. (This last sentence is written with

apologies to the younger set). There is a "sommie" mess on the floor that looks as if a child has played alternately with clay and mud pies, then poured the water from his paint set on top of it.

The second thing that makes the Grill behaviour even more childish is the manner in which one group sits in one particular corner and stares at another group. Then all the different groups proceed to make "hash" out of anything good in the others?

We have only a few words to say concerning this whole matter and these are . . . "Why don't some of you grow up and at least hit the high school level?"

## Staff Congratulates Dr. Doran

The Trail Blazer would like to join with the House of Representatives and the many friends of Dr. Adron Doran in congratulating him on being selected as the outstanding Kappa Kappa of 1959.

Since Dr. Doran's coming to Morehead we have seen vast improvements in the curriculum and physical aspects of the college. New courses have been added to those already being offered with new staff members to instruct these courses. The Student House with facilities for eating and relaxation has been built for the use of the student body. The older dormitories have been remodeled with new furniture for the rooms, and in addition to these improvements, new dorms are being constructed to make Morehead bigger and better in every way.

Yes, we on The Trail Blazer staff extend warm congratulations to Dr. Doran on receiving this high honor, and say that we feel that he is indeed "one of the men of the year" on the campus of Morehead State College.

This thing of there being too many people in the world isn't anything new. It has always had too many people of the wrong kind—since the first family, of which Cain was one too many.

## Registrar And Staff Do Excellent Job

Tuesday when several of the students returned to the campus they found that their grades were ready to be distributed to them. In fact even as early as last Saturday . . . only one day after the grades were supposed to be turned in . . . the grades were ready for the students to pick up.

To the members of The Trail Blazer staff this seems like a phenomenal task to have completed in such a short space of time. In talking to one of the women who works in the registrar's office we found out that this was a "day and night" job and that they stayed until late Thursday evening working.

Although few students realize it, this is one of the major considerations we receive on campus. It would be terribly aggravating to have to wait around for grades. Even though we sometimes dread to see them come, we have to admit that it would be distressing to not get them.

We feel that the registrar, Linus Fair, and his staff composed of Mrs. Catherine Smith, Mrs. Greta Carpenter, and Mrs. Mary Wells, are deserving of the heartfelt thanks of the student body, and we on The Trail Blazer would like to take this opportunity to do just that . . . so thank you very much for an efficient and well done job!

## Editorial Comments . . .

By Pat Spencer  
Trail Blazer Editor

Don't know when I've seen such "draggy" looking expressions on people's faces as have been seen around here the past few weeks. Don't really say which was worse . . . "exam" faces or registration faces. Some industrious person ought to write a book on the "Traits and Tribulations of a Student". It would have to sell for fiction though, because no one would believe it to be the truth.

You know we are really lucky in America and should be very appreciative of our library system. Was reading the other day where the books in the Lenin Library in Russia shelve books according to size! The minimum time for delivery of a book to the reader is about an hour. Watch 'em come up with a decimal system of shelving books and then they'll be trying to tell us that they invented it first.

Well, they've done it again! The Morehead Players have put on another of their outstanding performances. This time it was the pro-Broadway production of "The Kids".

On Wednesday, February 10, there will be an organizational meeting of The Trail Blazer staff. All present staff members should be at this meeting if they intend to remain on the staff. Also, anyone wishing to join the staff should attend this meeting. The meeting will be held upstairs in the Audio Visual room of the Morehead Student House at 4:15.

Congratulations to Mrs. Naomi Claypool on being named to "Who's Who in Art"! Don't have all the details, but it sounds like quite an honor.

Really, I should say something about Queen Elizabeth expecting her third child soon (very soon in fact) but since this article goes to

press on Thursday she would probably have the child on Friday just to make the whole thing inaccurate. So I'll just ignore the subject.

You know in the field of education they are always experimenting with new ideas and such. One of the ideas in the past which caused a lot of stir was this thing of co-education. But it did finally come into being. Out in California they almost had an experiment with dorms. It seems that reservations got mixed and one Frank Hamill was assigned to the girls dorm of Stanford University. The error was quickly corrected. What did Frank have to say about the matter? He felt that a student should always comply with the assignments of the administration, even if they did seem to be at times a bit unorthodox.

This is perfectly pointless to say, but if you want good grades at the end of the semester, then now is the time to start working for them . . . not two weeks before finals.

The Colorado girl who wrote President Eisenhower for advice as to what political party to join probably didn't want to take as long looking up her mind in this matter as he did.

In a dream last night a man from Mars asked us, "If the leading nations of earth went to peace, as they stoutly insist, why are they prepared for war?" Our reply, "Because earthlings are nuts."

Few people listen to the voice of Experience—they heed her only when she kicks them in the pants.

Enough for now!

You Big Guys Do EVER thing

## Picklesimer Called Versatile

By Josh Loveless

In writing features, many unusual people come in the path of the writer. One of these people is a man who has been quite unusual in the past few issues. This feature will deal with a very versatile individual with a very unique name, Dorman Picklesimer.

Dorman or "Pick" as most people call him is very active in the campus of Morehead State College. He is President of the Cosmopolitan Club, a Mask player in the Morehead Players, has been a member of the Baptist Student Union, Les Courants, Council Presidents, Literary Arts Club, Forensic Union, and the Debate Team.

## BSU News

The BSU Choir of Berea College presented a concert at the First Baptist Church of Morehead last week. Conducting the group was Johnny Cook, with Eddie Cook, Glenn Hurst, Marilyn Cook, Helen Roberts, and Paul Sale participating as soloists.

Adding to the effect of the concert were choral readings and the piano playing of Miss Barbara Brock.

Jim Fugate, new director of the organization, has announced that his office hours will be from 9 a. m. until 4 p. m. each day. He also added that he hoped students would feel free to call on him any time to act in his advisory position.

The center will be open from 8:00 in the morning until 10:30 in the evening, Monday through Saturday. Students are invited to visit the center in their free time and make use of the facilities there.

## Home Economics Club Holds Regular Meeting

By Nancy Roberts

The Home Economics Club held its regular meeting on Jan. 14, in the Science building. The program consisted of an auction and a short business session.

Each girl brought to the auction a wrapped article that she had no further use for, yet someone else might want. Alex McDonald auctioned the packages off to the highest bidder. Everyone took part in the auction and enjoyed it. After the auction the drawing was held for the door prize.

During the business meeting, the club decided to have a full page in the college year book. Also decided upon was the annual style show which will be held Thursday night, Feb. 25. The club voted to charge the admission price of 25¢ and members hope that there will be a large attendance.

An offensive spirit can be a dangerous affair unless you are properly prepared.

People must learn to get along with less than perfect persons.

No man has more pride than the man who insists that he has none.

Then, there are the people who think anything is evil if any people like it.

There is great danger that what we consider important is unimportant.

Back in high school, Pick found that he just couldn't stay out of politics. During his freshman year he was elected president of his class; in his sophomore year he was elected to the office of vice-president; but once again in his Junior year he was elected to the office of president, and then went back to the office of vice-president in his senior year. He was also Sports Editor of the high school newspaper, annual, and lettered two years in basketball.

Dorman, who is majoring in Speech and Drama, and General Business, was named in Who's Who in American Colleges and Universities this year. When asked, concerning his life ambition he said, "At first, I was undecided concerning a career in teaching, but now I have changed my mind because of the needs of Speech teachers in the high schools."

With his stern turned toward a teaching career in speech, Dorman won the upper class division of the Henry Clay Speech Contest and he is currently directing the play, "Still Voices," which will be presented soon.

"Pick" seemed a little hesitant in replying concerning the greatest event or happening in his life, but finally said, "I think that the greatest event or thing in my life was working with Dr. John Lawton."

He told me that his father was a school teacher and his mother, Mrs. Rebecca Picklesimer, was engaged almost entirely in the duties of mother and housewife. Dorman said that his father seemed to be in his opinion—a great deal to do with the Junior council and was a member of the Debate Team. Wilgus holds an area of concentration in Social Sciences.

Shirley Wilgus During her college career, Shirley has participated in the SNEA and in the YWCA. Holding an area of concentration in social sciences, she plans to teach in that area after graduating. Shirley is a native of Royall, and she graduated from Salversville High School in 1955.

Be The Ditch Where Chevy Shows In color Sundays, NBC-TV—Use Pat Boone Chevy Showroom weekly, ABC-TV.

STEP IN IT—

STEP OUT IN IT

Get the quiet proof of Chevrolet's superior performance on the road.

No other car in the low-priced class can match the borne-on-the-wind sensation you get from a ride in the 1960 Chevrolet. But that's not surprising when you consider to what lengths Chevy has gone to provide for your comfort at no extra cost to you. As you drive, count the big ways Chevrolet has been thoughtful:

**Supple Full Coil suspension**—Coil springs at all four wheels melt bumps as if no other suspension can. Taking the punch out of rough roads is their only function—they don't have to anchor the rear axle.

**Butyl rubber body mounts**—Tighter, newly designed body mounts

further insulate you from the road.

**Body by Fisher**—Only Chevy in the world offers the polish and craftsmanship of Body by Fisher.

**Foam cushioned seats**—Chevy offers foam cushioned seats in both front and rear in all series but one.

**Safety-Glider frame**—X-built and not merely X-braced, the Safety-Glider frame affords greater rigidity to minimize twisting and squeaks.

**Hydraulic valve lifters**—Oil hushed hydraulic valve lifters reduce engine noise to a whisper.

**Cushioned steering shaft**—A universal joint and cushioned coupling keep those annoying road tremors from the steering wheel.

Precision balanced wheels and tires

Here again Chevy has shown concern for your comfort by eliminating vibration in this vital area—tire life is longer, too.

**Easy steering ratio**—Chevy's high ratio Ball Race steering takes the work out of steering for a lifetime.

**Superior weight distribution**—Chevy rides better, handles better and stops better because the car's weight is more equally divided between the front and rear wheels.

**Wide choice of power teams**—Choose from 24 different power combinations to satisfy the latest driving foot—more than any other car.

# LOOKING THROUGH The Eagle Eye

By GEORGE STEVENS  
Trail Blazer Sports Editor

Although the Eagles have been experiencing a rough season in the Ohio Valley Conference race, Morehead has three of its star players named among the conference's most offensive players.

Bill Hawking guard Herbie Triplett is ranked number four in the individual scoring leaders as the Inez Field is currently averaging 20.3 points per game. Triplett has appeared in 10 ball games (let the time of his writing) and tossed in 202 points for the season thus far.

Morehead's "Mighty Mite", Henderson Thompson, moved into the ninth place in the OVC scoring race with an average of 35.0. Thompson, as a 5'11" forward full of drive and determination, has appeared in eight basketball games collecting 120 points.

Guard Mickey Morgan cannot be denied a spot in the OVC scoring statistic as the hustling Lees Junior College transfer is in the individual scoring race with an average of 12.4 points. Morgan also checks in as field goal accuracy, hitting a sizzling 43.4 percent from the floor.

## A SOUTHERN JAUNT

Few people realize the importance of a good manager but little "Big Daddy" Deaton is a living example of a man behind the scenes with a big burden to shoulder.

One local sportswriter (using the term loosely) made a 2,300 mile trip with the Morehead basketball squad on a southern journey and watched the little man in action. The two station wagon-caravan began the long haul from the Dixie Grill in Morehead. The little manager, decked out in a suit and tie, supervised the loading and packing of the station wagons. The small caravan wound its way south and popped up in the bustling city of Knoxville, Tennessee. But in the lives of great men, decisions must be made.

The two-car caravan became separated in the Knoxville swarm of traffic and there were two possible routes the stray car could have taken. Deaton suggested one route. After an hour and a half of searching the Tennessee town, the two cars rejoined and the trip got underway.

On the way throughout the southern states, the basketball team received first accommodations.

Deaton handled the selection of room and assigned the roommates. Putting in his last year as manager for the Eagles, the little manager performed his job with energy and enthusiasm.

On the return trip to Morehead, the Eagles stopped off in Murfreesboro, Tenn. to oppose OVC opponent Middle Tennessee. As the going got rough for the visiting Eagles, four Morehead players bailed out of the contest. As the fourth one left the floor after receiving his fifth foul, the partisan crowd chorused, "We want the manager!"

Deaton turned to the cheering throng and, with a polished style, smiled and took a sweeping bow. It would be an understatement to say the root fell in. The cheering ceased, Deaton took his seat, and the ball game continued.

As the state high school basketball championship approaches many fearless prognosticators have aired their predictions based on dedicated devotion to the sport and hours of research. Raymond Jamieson, Public Relations Director at Morehead, was quoted in East Tennessean sports column in the Louisville Courier-Journal as saying, "Central of Kentucky and Lafayette of Lexington can take it all."

Will the Eagles of Morehead topple the southern boys from Mississippi State in a Kentucky style basketball game tonight?

# Sport Shots

By Ray Allen

The place was the Fieldhouse; the time was mid-way in the first half of the Morehead-Kings College game; a scrappy 6 footer nonchalantly pumped a 25-foot jump shot; the ball rose in an arch and swished the net; a fan turned to his colleague and inquired, "Who is number 44?" His friend replied "I don't know. I haven't seen him around before." Another fan overheard their conversation, and informed them that was Mickey Morgan, a transfer junior from Dayton, O., who was Lees Junior College's leading scorer last year.

Mickey Morgan, who is the brother of Jim Morgan, former University of Louisville All-American, is a dead-eye shooter who fires with his left hand. He is very fast and an excellent dribbler.

Mickey won his starting berth with the Eagles when sickness staked the services of Dr. Williams and a Hecky Thompson from Lynch. Bobby Laughlin, in the first game of the season against Kings College, Morgan was the game's second highest scorer as he bagged 19 points. At Tennessee Tech, Mick finished with 14 points. Morgan's leading scorer with 21 minutes of play was the second leading scorer of the 34 point performance. All-American candidate, Jim Hagan, Morgan, currently averaging 12.4 with 14 points in 16 games, holds down the number 16 spot on the OVC individual scorers' list.

Mickey is sure to see plenty of action during the remainder of the season. Morehead fans don't ask who's that scrappy number 44, for Mickey Morgan has made a name for himself.

# THE TRAIL BLAZER

GOAL BY THOMPSON—Junior forward Herbie Thompson, Morehead State College, tips the chords for a two pointer Saturday night in the Morehead-Murray encounter held in the Fieldhouse. Thompson collected 27 points for the night as Morehead clipped Murray 94-57 in an overtime battle. In the past two years, the Murray-Morehead games have gone into three consecutive overtime periods.

# Blue Raiders Edge Eagles 89-82 There

By George Stevens

Avengence was imbedded in the minds of fired-up Middle Tennessee as the Blue Raiders came from behind to squelch a Morehead State College victory bid 89-82 in a highly spirited contest held in Murfreesboro, Tenn. Feb.

The Raiders were licking the wounds of an earlier last second defeat imposed by the Eagles in the first clash between the two Ohio Valley Conference schools as Morehead won 83-82.

Morehead stepped into the Raiders' seat early in the contest and led throughout the first half as the Eagles rolled to a 37-30 lead by halftime.

As Morehead took the floor at the conclusion of the halftime parity, the Blue Raider offense began closing the gap.

All-OVC candidate Bob Burden led the Raiders in the offensive department as the towering center tossed in right field goals and 10 free throws for a total of 28 points for the evening. Burden ravished the Eagle defense during the second and final periods as the hustling front line men picked up 15 points. Burden, the league's third leading scorer, fired off seven free throws during the latter stages of the game that was instrumental in giving Middle Tennessee the upper hand.

Middle Tennessee started pulling out in front as a quartet of Eagle players paraded to the showers after accumulating five

foals each. Morehead handicapped with a slim line man squad, employed the services of all the personnel available as the bench was empty with eligible players at the conclusion of the game.

The lopsided free throw advantage proved to be the ruin of Morehead in the hard fought contest as 32 field goals were shot Morehead at the free throw circle, 31 to 18, and Morehead collected 32 field goals while the Raiders trailed in 28.

Towering center Ed Noe came into his own against the Raiders in the hot shooting center tossed in nine field goals of 20 attempts and added one free throw to total 21 points for the game. Noe ripped the chords for a sizzling 45 percent from the field and maintained a perfect night at the free throw circle. Noe, a 6-8 sophomore from Mount Clemens, Mich., maneuvered like a seasoned college ball player as the agile frontlinesman collected 15 rebounds during the game.

Noe is currently leading Morehead in rebounds with an average of 11 rebounds a game.

Morehead's All-OVC candidate Herbie Triplett was top scorer for the Eagles as the diminutive guard tipped the net 22 times. Triplett, who fouled out with five minutes remaining, hit 10 field goals of 22 attempts for a fine shooting average of 45 percent.

Morehead guard Mickey Morgan was instrumental keeping the Eagle attack alive during the first half as the hard running junior accounted for 13 points in the first period of play.

Morehead and Middle Tennessee hit identical percentages from the field as both teams collected 42 percent of their field goal attempts.

The Eagles next encounter will be with Southeastern Conference power Mississippi State in the fieldhouse tonight.

# Eagles Down 'Breds 96-87 Triplett Scores 30 Points

By George Stevens

The Eagles of Morehead State triumphed in the battle against Murray-Thoroughbreds 96-86 as guard Herbie Triplett paced the homecoming quintet to the overtime victory held in the fieldhouse Saturday night.

The contest started as a see-saw exchange as the two Ohio Valley Conference rivals vied for the upper hand during the first half of play. With 10 minutes gone in the first half, the score clock revealed the 19-19 deadlock.

Morehead's offensive machinery began to click as Herbie Triplett and forward Herbie Thompson bombarded the nets from the field. As the buzzer sounded end made the first half of play. Eagle fans leaned confidently back in their seats as Morehead rolled to a 46-40 lead over the Thoroughbreds.

But the Thoroughbreds were not to be denied as the visitors stormed into the floor during the second half. Murray then began cutting the Eagle lead.

With 4:30 remaining in the game, the startled Eagles found themselves on the short end of the scoring column as Murray scored into the lead 78-80.

But from that point on, senior All-OVC candidate Herbie Triplett and Herbie Thompson staged a desperation come-back for the hard luck Eagles.

Triplett, the most currently averaging 20.3 points a game, staged one of the most stirring performances of the year as he dribbled his way to the basket, cleared the boards of 18 rebounds, and scored 30 points in the final 10 minutes of the game.

The fabulous "free flash" collected 17 free throws of 19 attempts throughout the game. Triplett tossed in 11 field goals to total a phenomenal 39 points for the evening.

As the game evolved into the all important overtime period, the Eagles surged into the lead. After rolling to the command 87-84 position, Triplett was called for the all important curtain call game.

The impressive regulation game was a back and forth affair as the out-of-bounds pass from running man Mickey Morgan and slowly dribbled down the hardwood into the awaiting Murray full court shot.

The diminutive guard dribbled, dribbled and dribbled the seconds ticked, ticked and ticked off the twin electric score clocks. Kinning out of the fieldhouse. The student body throng rose to their feet in mass applause of the one man freeze as the pint-sized Triplett dribbled circles around the alert Murray defense.

A whistle pierced the roar of the spirited student body and Triplett stopped up to the foul line, took a free throw, added the bonus shot and Morehead was up by six.

While verbal boons were lauded Triplett for his outstanding performance, it was a team effort that claimed the victory for Morehead.

Forward Herbie Thompson turned in a fine "cut and shoot" performance, standing 5-11, averaged 27 points before the homecoming crowd. Thompson rebounded throughout the night as

though he was a towering forward. At the free throw line, Thompson tossed in the vitally important free throw that kept the game up 83-81 with 04:41 remaining in the game. Morehead lost several games this season from the free throw circle but the red net Eagles tossed in 24 of 44 attempts from the charity stripe. In the all important overtime period, the Eagles topped the chords for 11 of 12 free throws in the clutch.

# Seminoles Of Florida Slip By Morehead College Eagles 78-75

By George Stevens

The Seminolas of Florida State University took an early lead over visiting Morehead State College and held it to defeat the Eagles 78-75 in a game that was held in Tallahassee, the capital of the state.

The Eagles of Coach Bobby Laughlin were birds of prey for the home-standing Seminolas as the slow starting Morehead quintet scored a mere 29 points in the first half of play as the Floridians supplied 40 points.

Performing before a partisan crowd of 2,000 fans, guard Fred Woodward and forward David Fedor composed the nucleus of the Seminole offensive machinery as the guard-forward combination accounted for 35 points for the Floridians.

Forward Fedor led the front line attack for Florida State as the 6-6 sophomore tossed in 17 points for the Seminolas. Fedor hit seven of 21 attempts from the field and tossed in three free throws before the final horn sounded. In the rebounding department, Fedor cleared the boards of 18 rebounds.

Florida guard Fred Woodward claimed the top scoring honors in eight field goals and two foul shots for a total of 18 points. As both teams returned to the court for the second half play, the Eagles immediately began to cut the 31 point margin held by the Seminolas.

Towering center Ed Noe got the opening tip off for the second half and Morehead tossed in 20 points with scarcely 20 seconds having elapsed. The Eagles displayed a more impressive offense during the second half but was unable to click well enough to overcome the 11 point deficit.

Forward Herbie Thompson sparked the Moreheadians throughout the game as the 5'11" frontlinesman led the Eagle attack.

Thompson tossed in 20 points, scored the game's only layup, and, tossed in 10 field goals of 16 attempts shooting at a 63 per cent clip from the field.

Thompson made three appearances at the charity stripe tossing in three free throw making his total 21 points.

Thompson, who may well be described as a little man in a big man's game, looked ably with his towering opponents making 11 healthy 10 rebounds. Thompson turned in his finest performance of the season against the Seminolas as the "little" forward accumulated more rebounds and points against Florida State than any other game this season.

Guard Mickey Morgan hit well against the Florida State defense as the 5'11" backcourtman tossed in eight field goals of 19 attempts for a total of 17 points. Morgan, a Lees Junior College transfer, made the lone free throw attempt and collected four rebounds.

The surprise performance of the evening was in the person of forward Arthur Cole who sparked the Morehead second half attack collecting 10 points. Cole, a former basketball coach at Camargo, tossed in five of seven field goals and secured the rebounding department. Cole collected 10 rebounds.

In the final analysis the invading Eagles lost the contest at the foul circle as Morehead outshot Florida State in total field goals and accuracy. Morehead experienced a cold night from the foul line as the Eagles hit five of 14 attempts after being awarded the free toss. The Seminolas took advantage of the charity shots, hitting 11 of 21 free throws.

## Eagles Duel With Eastern Thursday

By Ray Allen

The Morehead Eagles journey to Richmond to take on Paul McBrayer's highly touted Eastern Maroons, on Feb. 11. The Maroons are currently undefeated in conference play.

Scoring debut plus poise has been the key to Eastern's success this season. The Maroons' balanced

## Board Member Gives Opinion In C-J Article

"The progress of our civilization and the improvements in our standard of living might very well be measured by the development of communication and the greater distribution of reliable information. Our daily newspaper has been an indispensable part of this progress.

"Good newspapers improve the business and civic climate wherever they appear. Nothing can take their place."

In this way, B. P. Reed, a member of the Board of Regents of Morehead State College, placed emphasis on the necessity of every citizen's reading a newspaper every day.

Reed's opinion and picture, along with those of 12 other prominent persons from Kentucky and Southern Indiana, were featured in a full page article in a recent issue of the Louisville Courier-Journal. This article was devoted solely to developing an awareness in the Courier's readers of the importance of daily newspaper reading.

Reed is treasurer of the Turner Elkhorn Mining Company, and chairman of the Eastern Kentucky Regional Planning Committee and chairman of the board of the First Guaranty Bank of Martin. He is also president of the Kentucky Coal Association and a trustee of Pikeville College.

## SEC Champions

By Lee Mueller

Royalty comes to town tonight as Coach Bob Laughlin's charges entertain the reigning king of the Southeastern Conference, the Mississippi State Maroons.

The Maroons were ranked third in the final Associated Press national basketball poll, training Coach Babe McCarthy's squad one of a 13 and a SEC record and one of the Maroon's victories was a 86-58 verdict over Kentucky.

That was last year. With three starters, including All-American center Bailey Howell, and a total of six squad members missing from last season's championship club, he Maroons are definitely a weaker foe. A gold-plated stand-out in 6' 6" center Jerry Graves.

Cop Captain of the defending SEC championship team. Leading this year's team, which has a 10-5 win-loss status, in scoring, Graves has been pouring in a nifty 20 markers per contest. Graves has fine all-round ability, he is a good rebounder, an excellent ball handler and has good speed. His scoring ability speaks for itself.

Following Graves in point production is 6' 4" Senior Charles Hull. Hull serves as Cop Captain for Maroons while pumping in an average of 15.5 per game. The former SEC All-Sophomore has

the fastest pair of hands on the Maroon squad. He is an excellent passer, shoots a real quick jump shot and is an effective rebounder. Hull, along with Graves, are the two holdover starters from last year's club.

Backing up these two returnees are 6' 5" forward David Glasgow, 5' 11" guard Jack Berkshire and 5' 10" guard George Oakley. All three are coling an average of from six to seven counters in each game played. Glasgow, one of the three sophomores to break into a starting berth is the team's scraped of 12 stray shots in the Maroon's first 15 games. He is also the team's best marksman, hitting 52 per cent of his field goal attempts.

Coach Babe McCarthy, a 35-year-old native of Baldwin, Miss., led his team to the SEC throne while the process of piecing up the best record of any major college squad in the nation, a sterling 24 victories marked by only one defeat, to Auburn, 97-66. The Eagles will be trying to reverse last year's decision as State won easily, 87-63. Word is to beware of the McCarthy knights of the hardwood next year as their freshman team has run through their first 14 contests without a defeat—averaging over 105 points per game.

## BRIDGE LESSONS

Life Master Bridge Player, Robert Morris, offers bridge lessons for beginners and intermediates. Course runs about 15 weeks, one meeting a week. Interested persons should be present at 3:00 p. m., February 10, Room 201, Loppin Hall.

## Hilltoppers Invade Eagles Sat. Night

By Lee Mueller

The Morehead Eagles said it couldn't be done.

The Western Hilltoppers said it could.

When Western comes to Morehead to do battle with Coach Bob Laughlin's Eagles next Saturday, they will be trying to do something no Hilltopper squad has been able to do since the fieldhouse was built in 1937—defeat the Eagles in their own nest.

Always, since the new floor was constructed, no matter how strong or how well coached the Hilltoppers, the Eagles have emerged victor when the "Toppers" came in Eastland. The Diddlemen, for whom things have been going pretty bad anyway, will be up and swinging when the whistle shrills for the contest to start.

The game will serve as an incentive for the hard-luck men of Morehead as they will be trying to carry out the tradition of whipping W.K.S.C. in heroic fashion on their home court.

Big guns for the "Toppers" are Albert Ellison, man-mountain Charlie Osborne, and hot-shot Bobby Rascoe, who have led the Howling Green men all year long. All have hit the courts for high totals at one time or another during the course of the season. Rascoe, particularly, has been a clutch performer for the Western quintet. Named MVP of the Sugar Bowl Tournament, the 6' 4" guard led his team to the tournament championship. Brusing 6' 6" forward Charlie Osborne has been a potent scorer as well as the teams leading rebounder. Senior forward Al Ellison consistently hits in double figures and is a solid rebounder.

The towel-tossing Ed Diddle will start his 38th season as basketball mentor on the Hilltop campus. Diddle has stamped himself as one of the most colorful figures to ever appear on the national athletic scene. Wherever the Hilltoppers play, the well known coach is closely watched by the fans because over the years he has become known far and wide for his towel-throwing antics, which are not for show but a nervous habit. When a beautiful play clicks or when his charges score a well needed basket, the veteran coach has become his trademark to the rafters or beat the floor with it in wild jubilation. In moments of depression he has been known to try and ram the entire towel down his throat or bury his head in it. During his 37 years at Western, he has amassed over 700 victories while losing approximately 250. He is a ardent advocate of fastbreak basketball as blazing speed is a mark of all

Hilltopper cast teams. The Eagles will try to square things with the Diddleites as they took the first fall at Bowling Green, 70-68.

## Do You Think for Yourself?

(BUZZ THIS QUIZ AND SEE WHERE YOU LAND!)

"A little learning is a dangerous thing" means (A) it's better to leave your mind alone; (B) people who act on half-knowledge often make mistakes; (C) beware of sophomores.

A B C D

"Never took a gift home in the mouth" is good advice because (A) he'll bite; (B) even if his teeth show he's old, what can you do about it? (C) there's nothing in there anyway.

A B C D

Assuming the starting salary is the same, would you rather have (A) a job with an assured income for life, but with no chance to increase it? (B) a job where you'll always be paid according to your abilities? (C) a job where you have to advance rapidly or be fired?

A B C D

"The finer the filter strands, the finer the filter action" is a way of saying (A) don't use chicken wire in a window screen; (B) Viceroy gives you finest filter action because it has the finest filter strands; (C) the finer the filters, the finer the smoking.

A B C D

will have found out that Viceroy gives you the best filtering of any cigarette, for a taste you can really enjoy. A thinking man's filter. A smoking man's taste. That's Viceroy!

\*If you checked (C) on three out of four of these questions, you're fairly astute. But if you checked (B)—you think for yourself!

When you depend on judgment, not chance, in your choice of cigarettes, you're apt to be a Viceroy smoker. You

The Man Who Thinks for Himself Knows— ONLY VICEROY HAS A THINKING MAN'S FILTER...A SMOKING MAN'S TASTE!
