Are you being troubled by round, black objects hurtling through the air? What's that? A three-legged monster stumpling down the boulevard? Do people keep dashing by on the sidewalk? Are students actually wearing slacks to class?

Don't be alarmed, friends! These strange activities are due to eager competitors getting in shape for the Morehead Spring Olympics, April 30.

After all, we have a perfect setup for training. What student doesn't have to make a mad rush to get to class on time? Most of the students here have become accomplished under jumpers after braving the late snow drifts.

## Workshop In Debate To Be Held

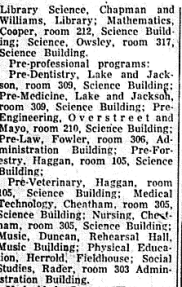

A debate workshop for high school speech teachers and sponsors will be held on the Morehead State College campus Thursday, April 7.

The workshop, directed by Brent Fry, assistant professor of speech, is being held to further stimulate interest and participation in debate in the Morehead region.

The morning session of the workshop, which will begin at 9 a. m., will be devoted to an analysis of the techniques and rules of debate by Fry followed by group discussion and a question and answer period.

The afternoon session will feature a presentation of materials by Don Holloway, Instructor in Speech at Morehead, and a sample debate by the Morehead State College debate team.

Dr. Adron Doran, President of Morehead State College, will be the featured speaker at the evening banquet.

President, Morehead State College

## A Message From Dr. Adron Doran

I would personally like to welcome you to the campus of Morehead State College.

Located in the area where the Bluegrass meets the mountains, Morehead State College is your college. It is an institution of higher learning for the people of this area—an area of which you are a part.

We hope that during your stay on the campus today, you will get to know more about our students, teachers, physical facilities, program of studies and will be impressed by the friendly spirit which prevails in all of our relationships.

We would like to invite you to return to our campus next fall as full time students of Morehead State College and join with us in the experiences found only on a college campus of this size.

It is our sincere desire that you enjoy your visit with us today.

Cordially,  
Dr. Adron Doran

## Spring Olympics To Open On April 30th

By Jane Boam

Carol Heiss can thank her lucky stars that the Mystic Club didn't sponsor the winter Olympics!

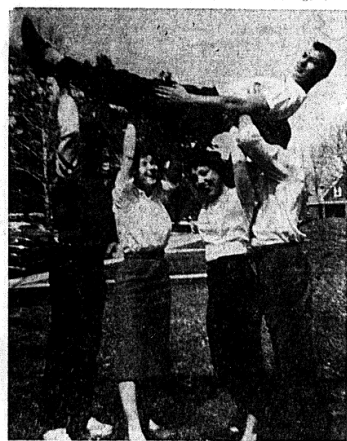

The schedule of events includes the following: basket relay (two boys and two girls); softball throw (boys and girls); 50-yard dash; three-legged race (boys and girls); standing broad jump; 75-yard dash; shot put; 100-yard dash; running broad jump; and a sack race (boys and girls).

For the shot put girls will use an old bowling ball.

The president of the Mystic Club has predicted this to be the "biggest, funniest, little race" the school has ever seen.

Each team may have a minimum of two boys and two girls.

CONTESTING VICTORY—These students, who will participate in the Morehead Olympics, sponsored by the Mystic Club, are: (left to right) Bob Freund, Carol Heiss, Donna Lee Heflinger and Mitch Ghent. Jerry Powell towers at the top.

## 1,000 Students Here For First Senior Day

Over 1,000 high school students were expected on the Morehead State College campus Friday for the first of two High School Senior Days to be held on the campus drive past.

Students from 23 high schools attended Friday's Senior Day with an expected 1,500 students on the campus for the second Senior Day on April 8.

"We are holding two separate days for high school seniors in the Morehead region again this year in an effort to provide a more personalized experience for all visitors," said Dr. Adron Doran, president of Morehead State College. Last year's senior days were attended by over 2,000 students.

Registration was held Friday from 8:00 to 9:30 with the program getting underway at 9:30 in the Fieldhouse.

## Student Support Enlisted To Help Elect Wanda Peace

The public is invited to assist in the selection of The Courier-Journal Cover Girl through use of a ballot in Sunday's Courier-Journal magazine.

Twenty coeds from Kentucky and Southern Indiana colleges and universities have entered the contest designed to select the most beautiful and photogenic girl in the area.

Wanda Peace is Morehead State College's entry.

Representatives of the Student Council and other organizations met last week and agreed unanimously to support Wanda. An all-out effort is being made to collect the aid of students on the campus to purchase papers and mail the ballot to the Courier-Journal.

Early responses have been very good but there are still some copies of the paper available on campus.

## Bermuda Hop Will Be Held April 16 In Student House

By Rheta Martin

W.R.A.'s annual Bermuda Hop will be held in the Doran Student House on Saturday, April 16, from 7:30 until 11 p. m.

Terry Wicker will emcee the Bermuda Hop with all the latest records.

The price of admission will be 35¢ with an extra 5¢ fine for those who don't wear Bermuda.

The highlight of the evening will be the crowning of the Bermuda King and the presentation of the court with their escorts.

Candidates for the king went to be nominated last evening by W.R.A. members. Students may vote for their favorite candidate by contributing a penny to his campaign sponsor. Last year's Bermuda King was Mac McKinley, his escort being Lois Arnette.

Other highlights of the evening will be the selection of the boy with the prettiest legs and the selection of the boy with the knobkiest knees. There will also be a Bermuda bug contest.

The Bermuda Hop has always been an important spring event meeting with great success. The planning on part of W.R.A. members insures an evening of fun.

The regular meeting of the Beta Chi Gamma was held March 22 in Lippin Hall.

Reta Martin gave a report on the General Assembly held at Dr. Owsley reported on the various assistantship grants and fellowships available to graduate students in the fields of science and mathematics.

Beta Chi Gamma regrets to announce that the All Campus Sing has been cancelled. Since this was the club's primary method of securing funds for the Dr. West Scholarship Fund, other sources are being investigated.

Beta Chi Gamma has decided to donate some money to this cause. A committee has been formed to write to the science alumni telling them of the fund in order that they may contribute their share.

The next meeting will be held April 12, during which officers for the coming year will be elected.

A group of the Piper children surrounds the master toy maker. They are: (left to right) Jim Morgan, 'Grumby', Bob Brown, 'Toymaker', Gary Eldridge, 'Boy Riding Hood', Rosemary Hanaker and Ed Yetter, 'Jack and Jill', and seated at right, Marilyn Wiseman, 'Little Bo-Peep', Bob Larimore, 'Simple Simon', and Garlena Coleman, 'Little Miss Muffet'.

## 'Babes In Toyland' To Open April 6th; Fantasy Is Theme

The Morehead Players musical, "Babes In Toyland", will open at 9 a. m. Wednesday, April 6, to an audience from the regional grammar schools.

The two performances Wednesday at 9 and 12, as well as the two evening performances Thursday, and Friday, April 7 and 8, are under the sponsorship of The Morehead Women's Club.

There will be three additional performances: Saturday matinee at 2 p. m., Saturday and Monday evening performances at 7:15 p. m.

This enchanting musical fantasy by Victor Herbert promises to be a colorful show. The Morehead Players and the Morehead College Music Department have been working in close cooperation during rehearsals for the last six weeks with Mr. James Beane of the Music Department coaching the vocal numbers and the full orchestra which will play during the show and Mr. W. P. Covington, III, directing the dialogue and choreography.

## Students Disappoint Us

Last Tuesday evening, Woody Herman was on the campus.

He will probably never return!

One of the all-time "Greats" of the jazz world was greeted by an enthusiastic crowd of 300. But although the crowd of 300 was quite vocal in its support of Woody, it was disappointing for the master of the clarinet to see the most recent acts appearing before him in Boston.

We predict that he will never return to this campus but will go to other where distant flock to his performance in person.

But, while we of the Trail Blazer staff are great Herman fans, we aren't going to condemn the student body as a whole for not attending Tuesday night's concert. We're going to go further.

We say this student body needs to awaken to the surroundings. We long ago are tired of

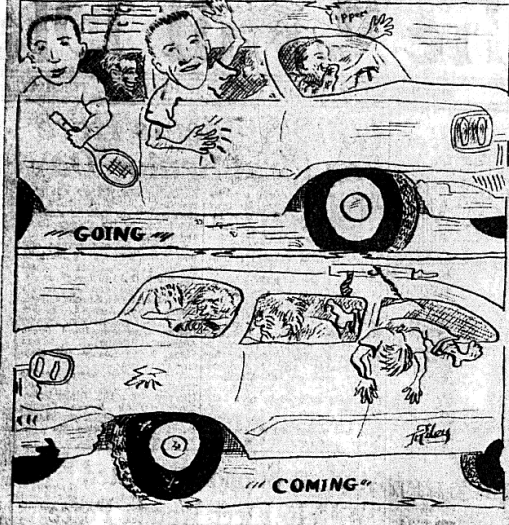

hearing the "grill philosophers" talk about the lack of things to do.

While attendance at the Herman concert was miserable for an event which most of us will never have the opportunity of attending again, attendance at the Civic Concert Series has been even more miserable.

Several of the concerts have had less than 50 students in attendance. Only the Four Freshmen concert was well attended by the student body.

It is our sincere desire that the students on the Morehead State College campus will awaken to realize that the opportunities offered to them for worthwhile entertainment and enjoyment in their leisure hours are being made available.

But attendance such as last Tuesday night's will kill out all efforts of such groups as the Student Council to bring anyone else to the campus.

## Let Us Rejoice

Christ the Lord is risen! Yes, Easter is almost here. Easter Sunday is the resurrection of Christ from the dead. A season that means so much to mankind, as does Easter, should be commemorated by causing a light to shine on our faces and in our eyes. It should be a time when we should help extend to the hard of friendship. It should mean more to us than merely a special day to exhibit our Easter finery.

As Easter comes, church altars will be banked with Easter lilies and homes will be decorated with them. The Easter lilies standing in their radiant immortality and exquisite loveliness, are living emblems of the grace and beauty of the Savior.

This spirit of triumph will be everywhere as through pour into the houses of worship, and sunrise services; as great choruses pour forth songs of peace and love and sermons are exalted with the Resurrection message. Historic Easter is observed once more.

## Let's Win Contest

We vote to win! Miss Wanda Peace, a sophomore from Louisville, has been selected to be Morehead's representative in the Courier-Journal Cover Girl contest. Twenty colleges and universities in Southern Indiana and Kentucky enter this event.

The young ladies are chosen because they possess qualities of beauty and personality. If you purchase a Sunday Courier, which is on sale on the campus, you will see pictures of the twenty girls and a ballot on which to vote.

The ballot should be clipped out and mailed to us with your choice for Cover Girl.

Morehead's candidate, Miss Peace, can win with your cooperation and assistance. . . . therefore, vote to win! We ask the students of Morehead State, Butler High School, at which Wanda is a graduate, and the adults of the community . . . to select our candidate, Miss Wanda Peace as their choice for the 1960 Cover Girl.

## Colleges And Brains

From 700 college presidents and deans meetings in Boston recently came indications that all is not well with these educational institutions.

Heard in that assembly of the Association of American Colleges were warnings that private colleges may price themselves out of business; that the foundations and governments are turning away faculty, and that universities are luring fairly literate freshmen into illiteracy schools.

Colleges, both public and private, are a public concern and the frank presentation of their problems by these college presidents and deans is commendable, if disturbing. The reports that private colleges are being grounded to public college salaries, while the plants of private colleges are falling behind those of public colleges invites what is frequently termed a hard look at the role of the private college in the American education system.

Perhaps a clue to the role of the private college is contained in the complaint heard at the Boston meeting that colleges now are forced to hold their abler, better prepared students in boredom while poorly prepared students catch up.

A nation engaged in war of brain-power cannot afford to prevent its institutions of higher education for purposes of social reform. It cannot afford to waste intellects that may contribute to its survival in a highly technical age.

## Staff Extends Sympathy

The Trail Blazer staff wishes to extend sincere sympathy to our editor, Pat Spencer, in the loss of her father. Pat is now home, 4510 Roosevelt, Middletown, Ohio and will return to Morehead soon.

## April Is Here

Oh, gentle Spring, hath thou arrived? Has not the snow gone forever?

Such are the comments we've heard for the past few days and we believe that maybe the snow has gone forever and Spring has finally arrived.

But as we say such things, we tremble as we keep our eyes on snow shoes, long undies and other deep snow equipment. For who knows what may come tomorrow?

We may again find ourselves engulfed in snow.

A town in Western Kentucky indicted the weather man recently for predicting beautiful Spring weather which did not arrive . . . until several weeks after his prediction.

But we aren't going to indict the weather man. He's had too much trouble already.

With our eyes on our snow shoes, long undies and other deep snow equipment, we are going to go into this business of welcoming Spring with a great deal of gusto!

Oh, welcome Spring! Welcome Spring! Welcome Spring! You are one of us and we are your people.

Oh, Welcome Spring!

## Dead Winter May Be Over

Without going into the scientific explanation and without knowing too much about the revolutions of the sun around the earth and the inclination of the earth's axis, we pause long enough to welcome the advent of what is perhaps the loveliest exhibition of nature.

The dead hand of Winter is loosening its grip upon the earth. The vegetable world is making ready to stage the greatest spectacle that man ever witnesses. The elixir also affects animals and men as physical bodies appear refreshed for further earthly existence.

When we witness the apparent resurgence of vital forces, we are prone to seek a moral and to grasp a hope. All that is certain, however, is that the inexorable laws of nature continue their inevitable procession, inviting men and women to enjoy the delightful experience and to seek an understanding of its fundamental cause.

As nature dresses herself in beautiful colors in this section, we like to think that human beings will refresh their habitations and brighten the areas upon which they dwell. Men and women feel the urge to challenge nature to a contest of beauty.

In fields and gardens they begin to plant, expecting to reap the harvest that attends their efforts in cleaning, house-painting and the beautification of lawns and cities seem to be logical enterprises for us as nature paints her panorama of color and bloom.

Oh, welcome Spring!

Oh, welcome Spring! Welcome Spring! Welcome Spring! You are one of us and we are your people.

Oh, welcome Spring! You are one of us and we are your people.

## Color To State Tournament

The 1960 Kentucky State High School Basketball Tournament was considered by many the most colorful school basketball show in the world.

And Morehead State College did quite a bit to add color to this year's event.

Three of the competing coaches were Morehead graduates while a fourth will receive his Master's degree from Morehead this summer and a fifth has done graduate work on the campus.

Lawrence (Bud) Kinney, whose Campbell County Camels had the best win-loss record (30-1) in the tournament, graduated from Morehead in 1955.

Lindie Castle, whose Clinton County Bulldogs posted a fine 22-4 record, graduated from Morehead in 1954 after starring on Eagles basketball teams.

Wendell Walden, who has his fine Meade Memorial sports upset favored Pikeville in the 15th round, is a 1957 graduate of Morehead.

Fairee Woods, with the winning team in the state with 32 wins against 4 losses, will receive his Master's degree at Morehead this summer.

Bob Wright, who brought his Ashland team into the tourney with a 24-1 record, has done graduate work at Morehead.

Mignon Doran, the vivacious wife of Morehead State College President Aldron Doran, played the organ for the semi-final and final rounds of the state tourney. She had played the organ for eight previous state tournaments.

## Number Of Illiterate Seniors Is Shocking

We find it shocking that 20 percent (one out of five) of the senior class at State University seniors flunk a freshman-level English composition test. The university requires students to pass such a test before they graduate.

What we can't understand is how one-fifth of the senior class got to the seniors without being able to pass freshman English.

Some members of the English faculty at Iowa State said a main reason the seniors are so poor in language is that they get no practical writing after finishing freshman English.

Surely this can't be literally true since students have to write reports in nearly all courses and many of them they must write expository or discussion-type essays. The students aren't graded on English composition.

Others say that English teachers expect freshman English, but that they don't expect it to be a clear, meaningful exposition about a subject, shouldn't be graded down for this deficiency.

This abysmal record on English composition is duplicated in many other public institutions and in the private ones as well. The colleges and universities frequently complain about language deficiencies of the students they receive as freshmen. They blame the high schools for inadequate preparation.

But the colleges have to assume the blame themselves for their own seniors who cannot express themselves in adequate English language—Des Moines Register.

By not in the shuffle, we didn't mention that Edger McNeill who 1931 graduate from Ft. Mitchell, was assistant secretary at the state tourney.

Sorry Mr. McNeill!

The individual, or nation, unwilling to fight for its rights is not entitled to any.

## Essay On Smiles

By Ginger Ale

A smile, according to my trusty self-promoting Webster's, is a home, office or social regular run-of-the-mill dictionary. It is an expression of pleasure by the countenance. The famous Shirley Temple and the can also mean to encourage. And, of course, some faces need encouragement!

Through careful research and hours of study and observation, one can gather a great many interesting facts about work. I made up the following data.

The smile, on most faces is located on the two lips below the nose and extends from ear to ear in a drawn up fashion. Did you ever stop to notice the many different varieties of smiles there are?

Smiles can end abruptly and without warning, so does this essay.

## Movie Reviews

By David Masters

The author of the song of Bernadette being forced to flee Lourdes in the 1940's, stopped at Morehead State College. Bernadette became acquainted with the history of Bernadette Subioub and her stirring story.

When Franz Werfel came to America to fulfill his silent vow to write the story of Bernadette, he was a symbol of the faith that the young girl had and the revelation of the world's Lady.

Bernadette first saw the Lady while hunting firewood near the corner of Massiella. The Lady was dressed in a stunning white garment and a blue belt at her waist.

She came and stood with her head bowed and her hands clasped in prayer. Bernadette told her friends that she had seen the Lady.

For 15 days they followed her to the corner and each day the crowd grew larger. The church and government leader began to move and uprising as this was the rule of Napoleon III.

But Bernadette was a n't politically minded nor did she oppose the religious control of the Catholic Church. Her one desire was to meet the beautiful Lady and worship in her grace and goodness.

Saying said she was a abortion trying to gain money or prestige; a small minority felt that she was a communist. Bernadette was a Lady. Who the body really was, or what Bernadette saw, is not the important aspect of the story of Bernadette. Some will say she was Mary, others will say it was an illusion.

It is hoped that this matter has now been clarified. If anyone is confused, it is advised that they consult a member of the Student Council for further explanation.

## Mrs. Doran Featured In Courier Sun. Magazine Feature Story

Assistant To The President: Mrs. Doran

That was the headline in the Sunday magazine of the Louisville Courier-Journal of March 13 on a four-page story which told of Mrs. Doran's many activities.

Written by Joe Creason, the story was illustrated with seven pictures depicting the many activities of the First Lady of the campus.

The story, in part, said:

"Perhaps the most fortunate thing that ever happened to Morehead State College occurred a singer by the name of Adron Doran came to the school as president, bringing along his pretty, no-so-tall wife, Mignon."

"Only the name of Adron Doran, who in January was named 'Kentuckian of the Year' by the Kentucky P. R. S. Association, shows in the college catalogue as president. Mrs. Doran isn't listed in any capacity, administrative or otherwise."

"Still, the truly remarkable progress made by Morehead in academic standing, plant expansion, enrollment increase and otherwise in the past few years has resulted from the effort of both Dorans."

"He has set the policy and presided over the official operation

of the Northeastern Kentucky college; she has provided frosting for the cake by playing a leading role in spreading the influence of the school in various extra-curricular affairs."

"For instance, at the same time Dr. Doran has been expanding the college curriculum, starting the biggest building program in the school's history and watching enrollment jump from 620 to 2,100, Mrs. Doran has been helping to organize clubs, redecorate and refurbish existing buildings and carrying on a one-woman public-relations crusade for the college."

"Back in 1956, she and a Korean student hit on the idea of organizing a student international-relations club. Called the Cosmopolitan Club, all members of minority groups on the campus are automatically eligible for membership, with others elected by those in the group."

"The Cosmopolitan Club was so successful and filled such a need that Dr. Doran borrowed its general idea and three years ago came up with Morehead's annual Human Relations Day, the only thing of its kind in the entire

nation."

"On Human Relations Day, which is sponsored by the college and the National Conference of Christians and Jews, delegates from 50 high schools in Kentucky, Ohio and West Virginia came to the campus to participate in discussion groups and to learn more about others whose skin may be a different shade or whose religion may seem a bit strange."

"Creason, who has previously done numerous Sunday magazine stories on Morehead State College, went on to discuss the tremendous overall expansion of the total program."

"Pictures for the story were taken by James N. Keen."

"The pictures included ones of Dr. and Mrs. Doran observing the 'Kentuckian of the Year' silver pitcher, walking along the campus and sitting at her Hammond organ."

"Other pictures were: Mrs. Doran and Miss Chapin in the library; Mrs. Doran seated with Linda Spencer and Franklin Carver in the Student House and Mrs. Doran and Public Relations Director Ray Hornbeck standing in front of the Student House."

Q: What is meant by a high heel?  
A: A heel that is definitely higher than it is wide gives all the elegant, dress-up effects women associate with high heels.  
Q: How can you tell if high-heeled shoes fit properly?  
A: While walking, weight should be evenly distributed on the heel, big toe and outer edge of the ball of your foot. If not, foot is unstable, may slide forward, cramp toes.  
Q: What are common faults of walking in high-heeled shoes?  
A: Taking short, mincing steps, having an unbalance, tip-toe look, allowing the arches to sag inward.  
Q: What's new in high-heeled shoes?  
A: Your choice in silhouette: variety of toe shapes, from gently tapered to pointed... spectator shoes and open sandals are forecast for summer.  
Q: What is a major error women make in shoe-fitting?  
A: Buying shoes by size instead of by the "last" on which they were made. ("Last" literally means the reproduction in wood of the approximate size and shape of the foot, so that very, so do for the curve of your foot; be flexible as to size... the correct size for your foot varies according to lasts.  
Q: Is it harmful to wear sneakers?  
A: No, this has never been proven clinically.

**NATIONAL LIBRARY WEEK**—Ray Hornbeck, left, Public Relations Director, attended a meeting of the Kentucky Citizens' Committee for the observance of National Library Week at Lt. Governor Wyatt's mansion on March 26. Sitting at his right is Mrs. Wyatt. Also shown are Warrick Anderson, Louisville, and Mrs. Joy Bale, Elizabethtown.

## National Library Week Is Now Underway; Mrs. Wilson Wyatt Is Chairman

Mrs. Wilson Wyatt, chairman of Kentucky's Citizens' Committee for the observance of National Library Week, April 3 to 9, entertained members of her committee with a luncheon at the Old Governor's Mansion Saturday, March 26.

The citizens committee has been formed to create more interest in the libraries of Kentucky. The 22 members attending the luncheon represent various organizations and groups over the state.

Ray Hornbeck, Public Relations Director, represented Morehead State College at the luncheon.

James Graves, Lexington president of the Kentucky Library Association, spoke to the group on his tour of Russia. He gave the members an insight into the libraries and reading habits of Russian people.

Mrs. Barry Bingham, Louisville, outlined the bookmobile project how it started in and its aims and objectives. There are now some 100 bookmobiles serving the counties of our state.

Miss Margaret Willis, director of the Kentucky Library Extension Division, outlined the work her division is doing in the state's overall library program, in particular progress report on the regional library program. Miss Willis pointed out that Kentucky is going forward in its library work and that the 1959 General Assembly had appropriated an increase in the Division's funds for the next biennium.

Mrs. Mildred Kearns, Lexington, head librarian at the Veterans Hospital and executive director of the Citizens' Committee, explained the background and

purpose of National Library Week celebration. She urged all those present to assist in making people aware of Kentucky's library needs. She went on to say that the development of our libraries in Kentucky and the nation is of extreme importance in the education of our people.

Monte Tussey, Somerset, chairman of the Somerset Library Board, gave suggestions on how to sell the library program to the counties and communities of Kentucky.

The movie, "Lonnie and the Bookmobile" was shown to the members. Mrs. George Gray of Louisville described the plot of the film which was produced by Friends of the Kentucky Libraries. Dorcas Ruthenberg of Radio Station WHAS wrote and narrated the script.

## Do You Think For Yourself?

(DIG THIS QUIZ AND SEE WHERE YOU RATE)

The statement "It's the exception that proves the rule" is (A) a lame excuse for dumb rules; (B) an argument for doing what you please; (C) evidence of a healthy respect for absolutes.

A B C

You've just met a girl whose beauty impresses you enormously. Do you (A) ask for a date at once? (B) say, "Aren't you lucky you found me?" (C) find out what she has to do!

A B C

A rich uncle offers to give you his big, expensive vintage typewriter. Do you (A) say, "How about a sports car, Unk?" (B) decline the offer, knowing the big old husk would keep you broke maintaining it? (C) take the car and rent it for big occasions?

A B C

A manufacturer asks you to pick the kind of filter cigarette he should make to win the most smokers. Would you recommend (A) a cigarette whose weak taste makes smokers think it has a strong filter? (B) a cigarette with a strong taste and a filter put on just for effect? (C) a cigarette with a filter so good it allows use of richer tobaccos?

A B C

If you checked (C) in three out of four questions, you're swift on the pickup, and you really think for yourself!

That's why they usually choose Viceroy. They've found the filter's so good Viceroy can use richer tobaccos for better taste. Is this why they say, "Viceroy has a thinking man's filter... a smoking man's taste"? Answer to that one is: Change to Viceroy and see for yourself!

Football and baseball. They go "arm and arm" with pitcher-quarterback Abby "Buck" Dawson.

Buck, a transfer from Ohio State, is being heavily counted upon by baseball mentor George Cooke to spark his inexperienced baseballers to a successful season. Last year, he posted a fine 3-1 record, the three wins being the only games that the baseball Eagles won. His one loss, a heart-breaker, was to Western as the Hilltoppers nipped Buck's win streak, 4-3.

The 5-10 Coal Grove High School graduate has one of the smoothest deliveries in the game. He has a good fast ball, but counts mostly on his breaking stuff in clutch spots.

Buck's football abilities were somewhat limited last year by the presence of Henry Schutte, but nevertheless he still displayed the cool, calm, and collected manner in which does everything. His junior year, the physical education major saw much more action. He hit on a remarkable percentage of his passes and was an adroit ball handler.

This year on the baseball diamond, Buck will probably be the mainstay on the young pitching staff of Coach Cooke. His ability as a leader has helped him in both sports. He was also a top notch playmaker on the River Rats intramural basketball team. Abby and his wife, Roberta, live in Vets Village.

# Blue Upends White 24-18 In Annual Spring Contest

By Lee Mueller

Led by the razor-sharp passing of quarterback Mike Brown, an inspired Blue team came from a 3-0 deficit to win the annual Blue-White Spring football game 24-18 last Thursday.

After White fullback Jim Hastings nearly split the uprights with a 20 yard field goal to give the Whites their only lead of the game, Brown engineered the Blue to the 23 where he promptly hit Walt Shepard with a miffy toss into the end zone to put his team on top 6-3. Buddy Fields was supposed short of the goal line in his try for the two points.

After a booming punt by White quarterback Henry Schutte on fourth down, Brown, along with Fields and Shepard, surged to the White 25. Brown faked back, spotted end Joe P. Tackett in the end zone and fired. Just as Tackett was about to haul the pigskin in, he was hit hard from behind. Interference was called and Blue took over with a first down on the White one. Steven Brown and Fields hucked the line to run half a yard and then Brown plunged over the double markers to the T.D. The extra point try was blocked by Randy Winberry.

The White team then caught fire. With Schutte making a 31 yard kickoff return, his team moved over to the Blue 45. Here Schutte uncorked a beautiful heave to Hugh Black on the 10 where the big freshman lugged it home from there. Hastings split the cross bar with the p. a. t. to make it 12-0.

With only two minutes to go in the half, Brown hit Shepard again with what proved to be the most spectacular play of the evening. On his own 40, Brown caught Shepard running full tilt on the White 30, and the Ohio youngster proceeded to luge the ball over to give the White a 18 to 10 halftime margin.

The second half saw less scoring and more of the defensive White Eagles will have this fall. Especially effective were Tom Scott, Jack McCormick, Jim Mills, Bruce Howard and Bill Richmond. Other members of both squads turned in fine performance on the line offensively as well as defensively.

Fields caught a Brown pass from the 10 to the White 7 with 3:34 to go in the third quarter. Brown then hit Fields again but the pass was just barely tipped by the Whitesburg Whiz and was deflected into the welcoming hands of teammate Tony Gast to make it 24 to 10. The kick for the extra point was blocked.

Early in the third quarter, the White team drove to the Blue 11. Here quarterback Schutte slipped out to his right and hit halfback

Pete Swain, who made a dazzling catch of the ball. Swain's passes primary target of Schutte's passes all evening. Schutte then flipped a pass to Billie in the end zone on a fake field goal attempt. This ended the scoring as the game ended 24-18.

One of the highlights of the game, although it was not really

part of the game, was the spectacular feat performed by three MSC trackmen, Jim Whiteley, Ireland Stone and Leroy Massey run around the football field continuously while the ball game was in progress. They orbited the field a total of 99 times in the space of two hours. These 99 times are equivalent to 18 miles.

## MSC Trackmen To Meet Georgetown

By Lee Mueller

The Morehead State College track team will open their 1960 season against the Tigers of Georgetown here today.

Coach Earl Bentley, in his initial season as head track mentor, will guide his charges head on into one of the most ambitious schedules ever attempted by a Morehead squad. Tough Georgetown will be but the first of many powerhouses, some from the U. of Kentucky, U. of Cincinnati and U. of Louisville, to be played this year.

The Eagles will be strongest in the long distances with veteran Jim Whiteley and freshman Ireland Stone leading the way in the 880, 2-mile and mile run. Whiteley has made the mile trip in a good 4:30. Eugene Fields in a good Massey will assist Whiteley in this run.

Marshall Banks and Jim Scooby are the two fastest dash men in Morehead history and will combine with Don Henry to live the Eagles great strength in the 100 yards dash. Outstanding in the longer 440 has been Frank Givens, who, along with Glenn Dalgligh, give the Bentley boys fine representation.

Hurdling the hurdles for Morehead will be Paul Huff and Scooby in the low hurdles and Iankey Bob Morton high hurdles.

In the field events, Javain throwing chores will be handled by Dick Robinson, Steve Barnett

and Norm Pokley. Pokley is top man in this event as he consistently hits above the 150 mark.

Shot putting duties will be handled by Randy Winberry, Gerald DeFosse and George Liest.

Hurling the discs for the Bentleymen will be Pokley and Dave Horton. Both have recorded excellent takes this spring.

Pole vaulting for the Eagles will be Gary Baker and Norm Stark. Both Baker and Stark have made excellent showings in early spring trials.

High jump and broad jump duties are in the capable hands or shall we say legs of Carl McMichael, Stark and Scooby. McMichael has hit the six foot mark on occasion this year.

About the team as a whole, Coach Bentley simply states, "They have desire." He feels that with this incentive, his team can't help but make a fine showing, whenever the competition might be.

## McMichaels Shines In Intramural Play

By HARRY V. WEBBER

Teams	Won	Lost	Pins	Percentage
1. Wholly Rollers	24	8	19,250	.750
2. Newman Club	12	12	18,833	.667
3. Poor Boys	20	12	17,468	.625
4. Choke Up	17	10	16,826	.615
5. Left Wingers	12	20	16,655	.375
6. First Timers	3	29	14,596	.103

After a record breaking week in the Morehead State College Bowling League, the Wholly Rollers continue to lead the pack. The race for first place continues to become close as the Newman Club and the Poor Boys roll on.

The Rogers of Roger Shipman's Choke Up team failed to crack under the pressure this week as they surprised the Poor Boys with a sweep of three points. Also in this week's action the Newman Club defeated the First Timers 4 points to nothing. The Left Wingers after a fine start lost three points to the Wholly Rollers.

Nearly every record fell in this week's action. The big winner was Bill McMichaels with a sweep of three records. The biggest sweep made by McMichaels was with a high actual

game of 224. McMichaels now leads in two other departments as he has high game pins handicap with a 269 and high series plus handicap with 669. Other records to fall were, high team three game actual and high team three games with handicap.

The record hit the hardest was high actual series, which was formerly held by Art Chapland with 541. On Tuesday of this week Gary Altheuser had a 545 to take the lead. On Wednesday of the same week Harry Webber got one more pin than Altheuser with 546.

Art Chapland still holds the lead with the high average of 172. The competition in this semester's league is so keen that it seems as if everyone is trophy hungry.

Winston (win's-ton), n. A cigarette with Filter-Blend on one end and a wise man on the other.

Taste (tást), n. What decorators argue about and Winston smokers enjoy.

Filter-Blend (fil'tér-blénd), n. A happy marriage of art and science. Light, mild, flavorful tobaccos are artfully selected, then scientifically processed for filter smoking.

Stogon (stó's-gón), n. (e.g., Winston stogon) goes like a cigarette should. A statement of disputed grammar but unquestioned fact.

Front (frúnt), n. (used in conjunction with the preposition "up"). The section of a filter cigarette where if it hasn't got it, it hasn't got it. Also, the section that counts, the section where exclusive Filter-Blend is to be found.

Boswell (bó's-wél), n. Nickname for a guy who is always hanging around to catch Winston from you.

 Now that the basketball tournament is over, the WRA members will be participating in swimming.

## Jolliff, Adams Of Ohio U. On All-Foe Team

Mid-American conference champion Ohio University was the only team to place two men on Morehead State College's all-foe team.  
 Howard Jolliff and Buck Adams, mainstays on the Bobcats finest team in history which upended Notre Dame 74-56 in the first round of the NCAA tourney, were among 12 standouts named to the squad.  
 Others named to the Morehead all-opponent team were: Jim Hagan, Tennessee Tech; Joe Allen, St. Francis; Charles Hull, Mississippi State; Charlie Osborne, Western Kentucky; Bob Alden, LaSalle; Tom Chilton, East Tennessee; Gene Herndon, Murray; Carl Cole, Eastern Kentucky; Bob Burden, Middle Tennessee; and Ray Abrick, Villa Madonna.  
 "I certainly would like to have all these boys on a squad," said Morehead Coach Bog Laughlin with a twinkle in his eye. "Coaching would certainly be easy with such a fine group."  
 Because of his illness, Diddle had requested that the post go to Hornback representative than himself. Under normal rotation procedures, a Western representative was scheduled to fill the office for the next year.  
 Athletic Director Bob Laughlin represented Morehead.

SCORING LEADER—Sophomore Temple Cole took individual scoring honors in the WRA Tourney.

## 'April Fool Day' Is Hectic For Masters

I woke with the chaotic mummings of an alarm clock near my bed and with half closed eyes prepared my ablutions for school, dashing a few cold drops of water on my face and brushing back my flippity which of course required much diligence to keep it in place.  
 Then quickly eating a grapefruit, drinking a cup of coffee and looking on the calendar to see the day was April 1, I left for class. Not a very significant beginning or so I thought.  
 No sooner had I entered the House some wise guy yelled for me to watch out for a car behind me. I turned but discovered nothing only to hear a yavint "April Fool" and watch him rush on to the Science Building.  
 Mentally I put him down as a smart character and continued on into the building determined to reverse myself on the first person I met.  
 When quickly I saw my chance and began the old stamper, by telling my acquaintance that his tie was crooked and that he had mud on his shoes. Also no luck for me. He realized only innocently, "What about you, are you going to stand there and let your pants fall down?"  
 I sheepishly looked down and another "April Fool" and a burst of justifiable laughter issued from the crowd. I intended to conclude that this wasn't my day, but with my head bent over in a shuffled toward the Ad Building with my head bent over in a shuffled way, I made it to class without another interruption.  
 However, the professor has some other ideas and told us to get some paper and pencil as we were going to have a test. If then told us to write all we knew about the French Revolution and the Civil War, which wasn't much and then when we began to write, we were told to stop. We were told to stop and class dismissed. I was mollified somewhat by the free period, but disgruntled by some silly old professor, absent minded had made a "Fool" of me the second time.  
 I vowed then and there to time, lock the door and not sit until the next morning. Luckily this remedy worked as none of my friends or my wife tried to pull another April Fool joke on me in my unhappy condition.  
 Next morning, being April 1, for sure I walked demurely to school, safe in the knowledge the non won harass me today with my legal practical jokes. As I thought I was safe, I then approached the Student House feeling rather sure that I had beaten the April Fool line.  
 Hearing my friend called, I turned to see who it was, continuing to walk blindly ahead. Excitedly a voice yelled to me "Dave, watch out he's got a pile" and I was told to "hike." But I refused to be fooled again and consequently fell into a huge construction hole, bubbling contentedly to myself as I went down. "April Fool is past and you're the biggest FOOL at last."

BETTY MARZAN—This lovely artist is seen posing in the exhibit of the Art Department of Aile Young. The paintings in the background are not Mrs. Marzan's, although she has several ones on display there.

## Betty Marzan Called 'Jack Of All Trades'

"Jack of all trades," is a phrase well deserved by Mrs. Betty Marzan, originally of Pittsburgh, Pa., and wife of Fred J. Marzan, director of the Morehead State College orchestra and band.

This is the fourth year of residence here in Morehead for the "Marzans." In this short time Mrs. Marzan has kept extremely busy. She is an active member of the Women's Club of Morehead, and is teaching art and English classes while working in the office of Public Relations.

Mrs. Marzan was in charge of the decorations for the Homecoming dance and has worked with various style shows. At present she is designing a yearbook for the school. The two pieces of art that were accepted were: a water color painting of birds, and an abstract literary composition done on burlap. This is a very new type of art expression.

There were over 600 pieces of art entered into this competitive exhibition, and only a very few were accepted for showing. Therefore, it is quite an honor to have work accepted for the exhibit, as this establishes the artist as a professional Kentucky artist.

The Art Center Association Exhibit is sponsored by the City of Louisville, and shows the work of the leading artists in Kentucky and Indiana. It is a yearly activity of Art Center Association, that has been taking place for about 20 years. Some of the most famous artists in the United States who are Kentuckians and Indians compete in this exhibit.

She studied art at the Carnegie Institute of Technology. She worked on the plans for the movie Cinemascope; was manager of the bookstore at the University of Rochester; did drafting for an oil company in Oklahoma City; and also worked in the Electrical Engineering Department of the University of Michigan.

Among these varied activities, Mrs. Marzan still finds time to sew her own clothes, as well as her husband's, and do the re-tiling of her own home. Morehead is indeed fortunate to have acquired the ability of such a person. Her cheerful smile and pleasant attitude and personality, whenever she is asked to help with some task, is an outstanding feature, of Mrs. Betty Marzan.

## Academic Life Depicted In Latest Movie

The movies take a sidelong look at 1960 college life in "Tail Story," a romantic comedy about the crises created by a tall girl with matrimonial objectives who enrolls in a West Coast academic institution famed for its outsize basketball stars.

Turned partly on location on the campus of Occidental College in Eagle Rock, Calif., "Tail Story" stars Anthony Perkins and Jane Fonda, the latter making her motion picture debut. Both Tony and Jane are the children of famous actors; his father was the late Osmond Perkins, while Jane's dad is Henry Fonda. "Tail Story," a Massfield Production for Warner Bros., was produced and directed by Joshua Logan, whose many stage and screen hits include "South Pacific," "Master Roberts," "Picnic," "Sayonara" and "Middle of the Night."

Miss Fonda's screen debut, following her stage debut in Logan's production of "There Was a Little Girl," marks the emergence of an important motion picture star. It was less than two years ago that she decided on an acting career and began a regime of aerobic study with Lee Strasberg in New York. Wanting to earn her way, she began to work as a photographer's model. Her refreshing beauty quickly made her one of the most popular models.

In a two months' period she graced the covers of four leading national magazines—Esquire, Vogue, The Ladies Home Journal and Glamour. She was modeling when Logan tested her for film. The test was so exciting that he immediately placed her under a five-picture contract.

Incidentally, it is not surprising that Marc Connelly portrays a professor so convincingly. He was a full professor in the drama department of Yale University from 1946 to 1951. Now did Logan, Perkins and Miss Fonda experience any difficulty in getting into the proper collegiate spirit? Logan attended Princeton University.

Perkins went to Rollins College and Columbia University, while Miss Fonda attended Vassar.

There are two songs in "Tail Story." The title song, sung by Earl Davis, Morehead High School Speech Department, will give a talk concerning the problems he has faced and the way he has solved them "in the field." Remember... that majors are required to take a minimum of Showcase presentations.

2. Each team will procure their own bicycle and be responsible for the safety and care of the same.

3. The course will consist of 40 laps around the oval, starting by the College Boulevard and College Street. The starting line will be in front of the Student House and the finishing line in front of the President's home.

4. The race is scheduled for April 9, 1960 at 12:00 noon CST. The race will be held regardless of the weather.

5. The first prize will be \$25 paid to the leader of each lap which will be determined by actual conversion.

6. Judges will rule infractions such as fouls or other race behavior. Penalties will be in the form of laps or disqualification upon discretion of the judges.

7. No more than two varsity athletes (varsity being qualified as being on athletic scholarship) will ride for one team. The race is open to all college students.

8. Each team will be furnished with a set of specific rules to pertain to the conduct and behavior of his team during this race.

9. The Campus Club assumes no responsibility for any injuries or damages incurred as a result of this race. For the race to be official, there must be a minimum of ten entries.

Joan Meyer and George Stevens represented Morehead State at the Lexington State Oratorical Contest in Lexington March 31st. The winner of the Lexington event will be announced next issue.

Special notice to All Morehead Players... to the Players' meeting will combine with the Showcase series on Wednesday, March 23, at 4 p. m., Thompson Hall basement. The program will be of special interest since Mr. James Earl Davis, Morehead High School Speech Department, will give a talk concerning the problems he has faced and the way he has solved them "in the field."

Remember... that majors are required to take a minimum of Showcase presentations.

## Holloway's Speech And Drama Program At Breck Progressive

By Dave Masters

From Demosthenes on, men have taken a keen awareness in the power of the human voice and the importance of good speech to any intelligent human being. This is no more than right and proper, but often is neglected in the formation of an educated man or woman. However, today our colleges, universities, high schools, and whatever school of instruction are placing much emphasis on speech training at Breckridge Training School under the direction of Don Holloway.

Here speech and also drama are forming important places in a student's education.

First of all let us take Don Holloway's work in speech and drama which are two closely allied areas of study. The program at Breck, began two years ago, was devoted to training for Juniors and Seniors, but through his leadership is expanding to include Freshmen and Sophomores.

In his work as an instructor of the Language, Literature, Speech and Drama Department at the college, students are able to take part in Speech Festivals covering the Morehead region, are taught debate, designs, makeup, and various other drama and speech projects of lasting interest and worth.

Major in speech and drama do their student teaching at Breck and Rowan County High School. Recently a Regional Speech Festival was held at Breck which covered Rowan County, Ashland, Catlettsburg, Flemingsburg, and the other schools in the Morehead area.

There were 23 entries and from this number 10 received a superior rating. This is quite indicative of the speech ability of this area. Those in the superior rating will go to the State Speech Festival at Lexington April 19-20.

Also the Breckridge Drama Department has been busy thinking and planning a play which will be given May 12, 13. The title "Bull in China Shop" should suggest many interesting thoughts to all of us.

These are only few of the examples of what Don Holloway is helping to accomplish. One might well say that he has had quite a busy schedule. He is President of the Morehead State College Alumni Association and Vice-President of the Joint Alumni Council of Kentucky.

He has an A.B. in music, an M.A. in speech and drama, and worked on a graduate assistantship at Morehead State College.
