MERGED WITH THE MOREHEAD INDEPENDENT - JANUARY 1945

CRACK BARREL COMMENTS

By Woody Clinton

Christmas, to me, has been a time of joy and tears. I really enjoyed seeing Santa present Dietze, the Christian minister, with a can of "pistol oil" but I begrudge him getting that folding money when I need some so badly myself.

I hated to hear of the son of my favorite cousin being killed by a train in Mayville on Saturday before Christmas. He was some on furlough for the first time in three years. I sometimes wonder about life, and I quite agree with a passage I once read: "Life is but a pendulum between a smile and a tear... life is but momentary halt within the waste... life is a shadow."

I have thought many times of the happiness that some folks enjoy this Christmas and I have thought of the sorrow that many others have not enjoyed.

Instead of sending people greetings in an envelope this year with a one-and-one-half cent stamp on them, I have waited until Christmas was over and I like this means of telling my so-called friends what I think of them.

To you, "Snopog" Crutcher, the editor of this sheet in Rowan County News, I present you with the dandruff from my head. The things you said about me in your last column were embarrassing to a gentleman, and I am getting tired of your false accusations. I am so mad at you Crutcher that I will chastise you on a moment's notice. I am SO mad that I have asked my wife not to speak to you.

One more time you accuse me of copying stuff from your column to put in my column, and of bribing your help. I will whip you any way that you can get on your back. I did not bribe your stenographer and I can prove it. I stopped by the Trail Theatre to get her a box of pop-corn, but they did not have any country butter to put on it. I did hand your printer a cigar but I had forgotten it had a rubber band on it pinned up my sleeve and as soon as he reached for it I let loose and it went to your sleeve. I know that you—Crutcher—are getting so fat that those three-year-old boys will fill you, but why get mad at me about it?

Everything has hit me this Christmas and I have changed everything I received. I even had that \$3 and 1/2 dollar bill changed that three Martt gave me. I changed my socks the day after Christmas. I was so mad I even wrote the richest on one of my notes.

I hit Bill Miller on the side of the head with my open hand and boy is he a mess!

I thought you so tough this Christmas that I could not even eat the steak I got at Clark Williams.

This is the first year I ever got a tie that kept me warm all through Christmas that I could not even eat the steak I got at Clark Williams.

I gave my brother Frank a sack of fertilizer. Watch the ceiling on that Frank!

To my devoted wife I gave a spoon of Clark's O.N.T. Number 8 and hid out my other pair of pants that did not have any pockets in them.

Most everything I gave this year was sensible and usable merchandise.

Good luck to you Curley Barker and Virginia (Cornette) Barker. We enjoyed your coming up with you when you were married on the 25th and it was very nice of Rev. VorThurn to pronounce the words.

Don't tell Curley, but when he slipped the preacher that two dollars, he was so nervous that he didn't notice it was his hand and I got it myself.

All you have to do now Virginia is fix bisquites for him every morning with country ham and eggs and ham gravy, plit for dinner with corn-bread — and for supper a rare steak with french fries!

SGT. BLACK AWARDED SILVER STAR

MAJ. C. M. CHRISTIE of the Fort Knox, Kentucky Separation Center staff, congratulates Sgt. James E. Black, Rt. 1, Morehead, Kentucky, after pinning the Silver Star Medal on him during final ceremonies just prior to Blacks discharge for the service at the center recently. While serving 22 months overseas Black was a member of the 702nd T. D. Bn.

Explosion At Pineville Traps 35-50 Miners

Little Hope Held For Men As Fire Slow Up Rescuers

Rescue crews worked feverishly yesterday in an effort to reach an estimated 30 to 50 miners trapped underground by an explosion at Kentucky Straight Creek Coal Company's mine at Pineville, Ky., where a fire was held back by a wall of water Wednesday night, according to a report from the mine entrance. It was not heard above ground.

(From Washington, the United Press quoted Daniel Harrington, director of Mines official, as saying it is "not likely" any of the miners are alive because of gas and smoke which "filled the shaft with considerable violence." The "assessing continuing gas knocked out the electrical circuit in the mine." Trained rescue crews were summoned from several mines in the Southeastern Kentucky coal fields. First squads entered mine's lone exit shortly before noon, Lewis said, while clouds of smoke still boiled from the opening.

The source of the smoke was not determined immediately, and there were no indications what caused the explosion. Lewis said the mine ranged back from two to two and one-half miles from the pit entrance.

Lewis said rescue men were handicapped by gas and debris which followed them as they advanced. It had been able to penetrate only 1,500 to 2,000 feet into the mine by 2 p. m. There was no indication of any further progress and nothing to indicate the location of the explosion area.

(The explosion ripped the shoring of the main tunnel for hundreds of yards and the rescue squads had to replace supporting timbers as they progressed in fear of cave-ins. All of the rescuers wore gas masks. "It's mighty slow work," one told the United Press.)

(The mine is four miles outside of Pineville. A number of the men lived in a little settlement near the mine, known as Four Mile. Others were from mountain towns in the area. The company employs 150 men in the mine.)

Although there was no way to determine the exact number of trapped men, Lewis said there were between 30 or 40 and 50, judging from the number of mine lamps checked out by the miners.

Rowan Official Family Changes January 7th

Only County Judge, County Attorney Will Remain In Office

With two exceptions, Rowan County will have a complete new official family on Monday, December 7. That is the date on which the officials elected at the November general election will assume office.

The only two of the present county staff, not including the Fiscal Court, who will hold over are County Judge Lattie Bradley and County Attorney Elijah M. Hogg. The County Attorney has not received his discharge from the Navy, and the office will continue to be filled, during his absence, by his father, Attorney Lester Hogg.

Bradley is a Republican and succeeded B. H. Frazier, Democrat as Sheriff.

Bernard (Bun) Day replaces Vernon Alfrey as County Clerk. Both are Republicans. Alfrey, who has held the office for 12 years, did not seek re-election.

Ernest C. Brown, Republican, succeeds Alta Parker, Democrat, in the Circuit Court Clerk's office. Mrs. Parker was appointed last summer to succeed Joe McKinney, who resigned.

Allie Y. "Hoss" Sorrell will take the place of Isaac Caull as Jailor. Sorrell is a Democrat and Caull, who did not ask for reelection, a Republican.

Jim Brown, Republican, becomes the new Coroner while R. W. (Riley) Cline will take office as Tax Commissioner. Cline takes the place of Peyton Estep. Both are Democrats.

For the first time in 20 years, the Fiscal Court will have Republican domination. The Democrats, Elijah Ambrager and Wiley Conley, were elected, along with two Republicans, Daniel Barrows and George Hogg. With a Republican County Judge the GOP will hold the edge.

Walter Bailey will take the place of Herbert Moore, Republican, while J. Sidney Caull and W. Bridges Moore will succeed themselves as Commonwealth Attorney and Circuit Judge, respectively. Both are Democrats.

Year's Chronology Appears In This Issue Of News

As an added service to its readers, and in keeping with its annual policy, the Rowan County News for this week carries a chronology of the important happenings of the year.

Not only does the News bring its readers, in digest form, the major news in the United States and abroad, but also all the important happenings in Rowan County and vicinity.

The chronology this year is more important because this was the greatest 12 months in the history of the world. It will probably later be referred to as the "atomic year" or the "year when the war ended."

In the portrayal of the local happenings will be found the news of Rowan County at the time that the real-estate transfers, accidents, fires, local politics and in fact everything that made the major head lines during the past 365 days.

We suggest that our readers save this paper as a future reference. It will provide many hours of happy reading and reminiscing in the years to come.

McBreyer Gets Membership For Life In Club

Rowan Farmer Annually Produces More Than Ton of Tobacco a Year

Harve McBreyer well-known farmer of the Poplar Grove neighborhood of the Elliottville Community recently sold his third crop of tobacco that averaged more than 2,000 pounds per acre.

The last three crops the McBreyer raised produced more than 2,000 pounds per acre and records are available which show he has averaged more than 1,900 lbs. per acre for his tobacco. This year Mr. McBreyer averaged \$49.87 per acre and produced 4,305 pounds.

Mr. McBreyer always plants his crop early, uses all the manure that he has available on his tobacco land, and applies from one to three thousand pounds of fertilizer per acre. He has been growing a non-root-rot resistant tobacco but after seeing what root-rot did for his brother's crop this year he plans to raise root-rot resistant tobacco in 1947.

Tobacco and crop specialist from the University of Kentucky who visited Mr. McBreyer's farm last summer stated that his yields per acre were as high as those in the blue grass.

Blood Plasma To Be Available For Civilians

Blood plasma — the substance known as "whole blood" — is available without cost to civilians who need it.

The Red Cross, announcing this tonight, said it would distribute 1,250,000 units of plasma which had been declared surplus by the Army and Navy. This was estimated to be enough to meet civilian needs for two years.

A three-month supply will make up the initial shipment to health departments in each state. The departments, in turn, will distribute it to hospitals, health agencies and physicians.

The Red Cross announcement said: "As envisaged under present plans, every acceptable hospital, in every community will have a supply of plasma on hand, ready for instant use in the treatment of any patient without charge for the product. Every physician licensed by the state to practice medicine and surgery may also keep a small supply for emergency use."

Red Cross reserves, which will be tapped as necessary to replenish state supplies, will be stored in warehouses at New York, Alexandria, Va., Atlanta, St. Louis and San Francisco.

Registration At Morehead State January 2

Increase In Enrollment Predicted; Will Offer Saturday Classes

Registration of all students for the winter quarter at Morehead State Teacher's College will begin at 8 o'clock Wednesday morning, Jan. 2, 1946, according to Dr. W. H. Vaughn, president of the college.

A decided increase in the enrollment over that of last fall is expected in January. Last fall the enrollment was 30 per cent higher than that of any previous quarter since the beginning of World War II, and an even greater increase is anticipated for the winter quarter.

Morehead is particularly well equipped to care for returning veterans and their wives. An entire dormitory has been reserved for veterans and their families. There are courses held on Saturday to equip this dormitory to provide for the needs of the veterans.

When this equipment has been installed, increase is anticipated for the best facilities to care for returned veterans and their families of any college in the state.

Morehead will renew its practice of offering classes on Saturday for students who are working. These courses will meet on the campus and carry residence credit.

Anyone interested in this work should be present at the organization meeting to be held on Saturday, January 5, at 10:00 a. m. The courses to be offered will be determined at that time according to the wishes of the group. It will be possible to earn eight hours of residence credit in this manner.

Ex-Service Men's News

By CLAUDE S. SPROWLS
Editor of the Ex-Service Men's Board, Lexington, Ky.

Unemployment Pay

*We have had many inquiries as to what fraction thereof a veteran is eligible for Unemployment Pay. We are listing the four major factors.

A veteran is not entitled to Unemployment Pay if:

1. He leaves suitable work voluntarily, without good cause, or is suspended or discharged from the course of employment.

2. He, without good cause, fails to accept suitable work which has been referred by a United States Employment Office, or to accept suitable work when offered.

3. He, without good cause, does not attend an available free training course as required under regulations.

4. He is a participant in a labor dispute causing work stoppages.

The allowance for a week shall be \$20 less than part of wages paid the veteran which is in excess of \$30.

The number of weeks of allowance is determined as follows:

1. For each calendar month, or major fraction thereof, of active war services, the veteran is entitled to four weeks of allowance. For the first ninety days of service the veteran is entitled to 24 weeks of benefits.

Provision is also made for payment of benefit to those who are self-employed, trade, business or profession, or other vocations.

A Happy and Prosperous New Year

All of We'uns To All of Yo'uns

ROWAN COUNTY NEWS

"All The News About All The Folks In These Parts"

NO EDITORIAL PAGE THIS WEEK

Due to space limitation, plus the printing in this issue of the chronology of the national, foreign and local happenings of 1945, the News, for the first time does not carry its editorial page this week.

It will be resumed with the next issue.

**Porter and Caudill
Convinced 41A Best**

Ed. Porter and Orville Caudill, Rowan farmers, who carried on a tobacco demonstration comparing five different varieties of burley tobacco report that the 41A out-yielded the other varieties. They grew an out-standing crop of tobacco and even though they sold after the market started dropping the average was \$36.64 for 2,305 pounds which brought \$1,075 for one acre.

which Mann had started.

Human said the Menifee County election board's certificate showed the original 809 and 803 figures marked out and a new certificate and also that the Governor can not issue two commissions for an office.

The law provides in case of a tie and no contest, the winner shall be decided by lot.

In 1941 Charles C. Marshall and J. Wirt Turner ended a tie by agreeing for each to serve half the term.

County Judge John W. Bridges White pointed out that the two got every eligible lawyer in their 12th Judicial District to sign an agreement that he would not run for the place or accept appointment to it when Marshall resigned at the end of three years and Governor Keen Johnson appointed Turner.

The situation in a county judge case is different, Human explained. Under Kentucky's Constitution, every man 24 years of age or older who has been in the state two years and in the county one year is eligible for the office. There is no provision even that the judge be a lawyer, as is the case for circuit judges.

**State Deer Hunt Gets Underway
January 2 In Bernheim Forest**

Some 450 Kentucky hunters take to the woods and fields of Nelson and Bullitt counties beginning Jan. 2 for the first controlled big game hunt in the state's history. Targets of the shotgun will be the big European red deer herd of the Bernheim Forest area. Ten from Rowan County will participate in the hunt.

Earl Wallace, director of the Division of Game and Fish, today announced that plans are complete for the hunt. It is scheduled to continue through Jan. 3, 4, 5, 7 and 8. There will be no hunting on Sunday, Jan. 6.

Wallace has named about 40 Division men to stage the hunt which will be in charge of John DeLine, Louisville, Division supervisor of game refuges and hunting areas. Nearly 450 special \$10 licenses had been issued by today, and a few more are expected. Each hunter will pay \$15 additional if successful in killing a deer.

Detailed instructions will be sent to each licensed hunter, telling him when, where and to whom he is to report. Under DeLine will be six key men, each in charge of a specified district, and under each of them will be five conservation officers detailed to the hunt. A total of about 175 hunters will be in the field each day.

Each conservation officer will be in charge of a hunting party of five men. The hunters will be allowed two days each, spending one day "driving" and one day "standing" or "on post." The Division has made every effort to assign hunters to the days they requested, and in most instances were able to satisfy the requests.

The controlled hunt will be over about 30,000 acres, in the areas where the deer are most heavily concentrated. Wallace said the hunt has been planned to be "as safe as we can humanly make it."

He added again the warnings—no liquor can be carried by a hunter, and no drinking hunter will be allowed to participate.

Division men have been studying the terrain in Nelson and Bullitt counties for over a month. DeLine reported "lots of deer signs" and expressed the opinion that the best hunting would not necessarily be on the first day. The deer will "fan out" after driving starts, he said, and will be on the move thereafter throughout the region.

Parties of five under the conservation officers will operate in limited geographical districts. DeLine said. The hunters detailed to drive will move on compass laid courses, and there will be no danger of parties "hunting into" each other. Hunting will start at 8:00 a. m. each day, and hunters are asked to report about 7:30.

The Division is furnishing approved ammunition of 12, 16 and 20 gauge. The charges can be obtained from the six district directors. They are Charles Finley, M. W. Chapman, Dick James, R. D. Gregory, John Morris and Don Warner.

If hunters bring their own, it must not be smaller than .00 buckshot. Rifles cannot be used.

The Division has engaged teams to haul out deer carcasses. There is no limitation on sex, or since the objective of the hunt is to reduce the deer herd, grown now in numbers which cause serious agricultural damage.

Nylon, For Low Cost Garments Will Be Sold By Government

A national sale for the disposal of more than 4,500,000 yards of surplus nylon parachute fabric, in white and camouflage design, to be used as lining material for low-cost garments, was announced today by the Reconstruction Finance Corporation and Civilian Production Administration.

Trade with foreign merchants.

**Ruling Given
On Procuring
Drivers Licenses**

New applicants for motor vehicle operator's licenses must be accompanied by a licensed operator when applying to take the examination given by the Highway Patrol. Col. John Baker, Director of the Highway Patrol declared today.

Colonel Baker said that there was an apparent misunderstanding on the part of some of the Circuit Clerks, who issue licenses, and applicants, who drive their cars to the examining station without a licensed driver in the seat with the applicant. The law provides that any person who, except for his lack of instructions in operating a motor vehicle would otherwise be qualified to obtain a license could procure an instruction permit which would entitle the holder to operate a motor vehicle for 60 days on the highways, provided the operator had a licensed driver occupying the seat beside him.

Those persons failing the examination will not be permitted to drive their car home unless a licensed operator accompanies them, Col. Baker declared.

Support the Victory Bond Drive

SEAS BRANCH

Mr. and Mrs. William Fultz were the guests of Mr. and Mrs. Fred Fultz Saturday.

Mr. Chalmor Fultz has been given an honorable discharge from the service and is now at home with his parents, Mr. and Mrs. Ed Fultz.

Mr. and Mrs. George Johnson were the guests of Mr. and Mrs. Fred Fultz last Wednesday.

Miss Rose Com of Detroit, Michigan, has been visiting friends here the past few weeks.

Miss Nema Kidd and Mr. J. H. Stone were guests of Mr. and Mrs. James T. Kidd Sunday afternoon.

Miss Stella Marie Kidd, Miss Nema Kidd, and Mr. J. H. Stone were kidding Saturday afternoon.

Otis Thomas, son of Mr. and Mrs. Jeff Thomas, is spending a leave at home. He has reenlisted for three more years in the service.

SEAS BRANCH SCHOOL

Miss Nerval and Gladys Fultz visited Seas Branch School last Friday.

The students were very amused last Thursday when Plummer Barwick's goat, that had followed him to school, came into the hall and put his head inside the room looking for his master.

Dr. T. A. E. Evans and Mrs. Maude Clay visited the school last Tuesday.

Sgt. C. G. Clayton
To Be Home Soon

Miss Olivia Adams received word this week that her nephew, Sgt. C. G. Clayton, has arrived in the states after spending several months in the European theater and is now at Fort Knox awaiting a discharge. He expects to be home within a few days.

**Governor Says
Menifee Office
Not Be Divided**

**Points Out That He
Cannot Issue Two
Certificates To Judgeship**

Attempts of Asa R. Little, Republican, and Charles Mann, Democrat, to divide time as Menifee County Judge were blocked by Governor Simeon Willis this week.

The Chief Executive forwarded an opinion from Attorney General Eldon S. Mann that he could not legally issue split-term commissions to the men who ran almost neck and neck in the November election.

The official returns showed Little got 809 votes and Mann 803, but during a recount before the County Judge W. Bridges White, the men decided to compromise.

Judge White wrote that on their joint request he issued an order declaring the race a tie and for Little to serve two years beginning next January 7, and Mann the following two years.

Ralph Human, the Governor's secretary, explained that as they got into the recount it gave half a dozen more votes to Republican Little, but also disclosed that the stubs had not been torn off some of his ballots.

The courts have held that failure to remove the stubs invalidated the ballots, and apparently neither Mann nor Little wanted to risk going through with the recount.

**January 31
THE LAST DAY
FOR MEN NOW IN THE ARMY TO
RETAIN THEIR PRESENT GRADES
BY REENLISTING...**

Men now in the Army who reenlist before February 1 will be reenlisted in their present grade. Men honorably discharged can reenlist within 20 days after discharge in the grade they held at the time of discharge, provided they reenlist before February 1, 1946.

There's a long list of attractive reenlistment privileges in the new Armed Forces Voluntary Recruitment Act of 1945. The incentive to keep your present grade is only one of them, but this privilege expires on January 31.

There are plenty of other reasons why many thousands of men have enlisted, and more thousands are enlisting every day. You'll certainly want to know all of the opportunities open to you. If you'll read them carefully, you'll know why a job in the new peacetime Regular Army is being regarded today as "The Best Job in the World."

**HIGHLIGHTS OF THE NEW
ENLISTMENT PROGRAM**

1. Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men now in Army with 6 months' service.)
2. Enlistment ages from 17 to 34 years inclusive, except for men now in Army, who may enlist at any age.
3. Men reenlisting retain present grades.
4. Men reenlisting within 20 days after discharge and before February 1, 1946, may reenlist at any grade.
5. An increase in the reenlistment bonus to \$50 for each year of active service since such bonus was last paid, or since last entry into service.
6. Up to 90 days' paid furlough, depending on length of service, with furlough travel paid to home and return for men now in Army who enlist.
7. A 30-day furlough every year at full pay.
8. Mastering-out pay (based upon length of service) to all men who are discharged to reenlist.
9. Option to retire at half pay for life after 20 years' service—increasing to three-quarters pay after 30 years' service. All previous active federal military service counts toward retirement.
10. Benefits under the GI Bill of Rights.
11. Family allowances for the term of enlistment for dependents of men who enlist before July 1, 1946.
12. Opportunity to learn one or more of 200 skills and trades.
13. Choice of branch of service and overseas theater in the Air, Ground or Service Forces on 3-year enlistments.

**PAY PER MONTH—
ENLISTED MEN**

In Addition to Food, Lodging, Outfit and Medical Care

Master Sergeant or First Sergeant	\$138.00	\$89.70	\$155.25

INDIVIDUAL INITIATIVE OF FREEDOM OF SPEECH AND FREEDOM OF RELIGION

THE ARCH OF DEMOCRACY

INDIVIDUAL initiative is the keystone of American freedom. Without that keystone, the whole structure of democracy would collapse. Individual initiative—democracy—free enterprise. Three definitions of the same thing, the American way of life.

What does it mean to you? Simply, that under our system of free enterprise your son may be an office boy today and president of the company a few tomorrows away; that you may be working for someone today and tomorrow have men working for you.

The electric power industry met every demand of our wartime economy because it is a product of that free enterprise system. Our company shared in that record of achievement.

And, so, the Kentucky Utilities Organization stands ready to meet every challenge of peacetime expansion and growth in the territory we serve.

That is individual initiative—the combined skills and know-how of 1,100 men and women—in action for the betterment of all our people. That is the American way.

SKIRT-TUGGER?

Is your child irritable, fretful—tugging at your skirts? This crossness is often the sign a laxative is needed.

The Triena FOR CHILDREN

Most children have times when faulty elimination makes them tired, sluggish, with a coated tongue. When this happens, remember the quick relief Triena brings. Made with famous senna, it's effective, gentle. TRIENA won't upset your child. It tastes good because it's flavored with pure prune juice. 30c. Use as directed on label.

Improved SUNDAY International SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D. Of The Moody Bible Institute of Chicago. Revised by Western Newspaper Union.

World Fellowship of Christians

LESSON TEXT—Acts 10:34-43. GOLDEN TEXT—The same Lord over all is rich to all that call upon Him.—Romans 10:12.

Fellowship is impossible where there is prejudice and intolerance. The world is full of it even now, after we have fought a global war to stop such inhumanity of man to man.

It would be a surprise even to some Christian people to learn that "God is no respecter of persons," that with Him a man is not received because of his of a particular race, color, education or social position.

God created all men. He loves all men. He is no respecter of persons, and every Christian ought to be desperately concerned that all men should hear about their Saviour and come to know the love of God.

The church of Christ has its greatest opportunity now to show that the things it professes to believe actually work in the relationship of man to man. They will work if we will only let them! Our lesson presents:

I. Principle—God is No Respector of Persons (vv. 34, 35).

Peter had learned about God's love for the Gentiles. The Jews were (and still are—let us remember!) God's chosen people. However, they were not chosen for their own comfort, convenience or glory but that they might be channels for the outflowing of God's blessing to all nations.

Cornelius was typical of those in every nation who are ready for the preaching of the gospel. He was a God-fearing, but powerless, and nonetheless in need of redemption. God brought this man, who was ready to receive the message, together with the man Peter, who was prepared to preach it, and the result was salvation.

Whatever it may be that keeps us from carrying the gospel to all nations, we ought to recognize as un-Christian, and put it aside, as Peter did his prejudice, for it stood in the way of the gospel.

Let us, like Peter, go to them and open our mouths to proclaim Christ.

II. Practice—Jesus Did Good to All (vv. 34-41).

The attributes of God are always active. He not only is good, He does good. So the principle, "no respecter of persons," is perfectly exemplified in our Lord Jesus who "went about doing good and healing all that were oppressed of the devil," and we may well place the emphasis on the word "all."

III. Privilege—We Are to Preach to All People (vv. 42, 43).

Yes, it is a command (Matt. 28: 19, 20), but it is also an unestimated privilege to be called of God to tell all nations about the One in whom there is "remission of sins."

Let us preach that message. Book reviews, political addresses, discussion of civic or social problems will not bring the result. Forums, clubs, discussion groups, unless they have for their subject the Word of God, need not expect anything like this to happen.

Preaching of the Word of God concerning the person and work of Christ, whether it be in a home (like that of Cornelius) or in a great cathedral (and thank God, some of them do have such preaching), will result in souls and finding Christ and receiving the Holy Spirit.

It is worthy of note that these believers gave evidence of their new-found spiritual life by magnifying God, obeying His word, and testifying to others. It is to the credit of Peter and his companions that they recognized the workings of God's grace in the lives of these Gentiles.

May we also be quick to see, appreciate and encourage every true gospel work, whether it be among our own people or with some other race, whether in our church or in some humble cottage. "God is no respecter of persons."

The best New Years gift—a subscription to the News.

IT HAPPENED IN MOREHEAD

No More Copies! To all the readers (and I didn't realize there were so many) who have called up, written in, and stopped the editor on the street, asking for additional copies of this column which portrays the matrimonial difficulties of Malindy, the little colored girl, we want to say that the supply has been exhausted. There just isn't any more.

The last copy went to Libbie Nickel, the sweet lady down at the Kentucky Utilities, who collects your light bills and has your current turned off if you don't heed the warning. I thought that little friend "Reddy Kilmoyer" who first warns you with "Have You Forgotten My Pay?"

But, just as Malindy finally got her husband, this columnist finally receives something tangible for all his efforts.

The mail brought the following letter from our old friend, John Palmer:

"Dear editor: The book I'm sending you under separate cover is not a Christmas present. If it had been it would have been handy about a week ago. But every since I read that poem about Malindy you had thought of 'A Little Touch of Lavender.' Nothing naughty about it from cover to cover, but a lot of good luck wishes on the book at your own risk unless you have an hour to spend writing it for you will find it hard to lay down. I'm not selling them—just want to give you a good laugh."

John Palmer just as soon as we get this edition of the paper, I'm starting in on the book. Thanks a lot, but the Buick would've right about now.

Aside to Elwood Allen at the News stand, in Morehead: Preach for a big rush on "A Little Touch of Lavender" for if John Palmer recommends it, it's a K.

John Palmer

The Year Ends

Not only is this the end of 1945 but this issue of the News marks a full year since it and the Morehead Independent were consolidated into one publication.

plus the labor and material shortage, the heavy task of merging the publications into one has probably been a difficult year.

We never like to tout our own horn too much, but our circulation has doubled, the total number of pages printed during the year is more than twice as many and the News ranks right at the top in Kentucky in advertising sales.

Within a few weeks our plans call for an increase in the number of pages and the addition of several new features and even more local news.

Salary Increase

As a New Year's present, we want to notify all of our 62 rural correspondents (those who are sending in the News all about the folks in their section) that their pay will be doubled, and even though Doc Hoke can't see to get his column through the censors at Paris, France any more, we'd like to pay him a bonus.

We have already notified Woody Hinton, by registered letter, that his pay is being slashed 50 percent, starting January 1.

But to all of you, even including Woody, may this be the happiest and most prosperous New Year for you and your family and all your friends and neighbors that you have ever had.

Trade with Morehead merchants.

THE WAY THEY LOOK to the automobilist to the tax collector

This cut is from an aerial photograph. It shows the relative size of one of the heavy trucks regularly operated on Kentucky highways before the enactment in 1932 of the 18,000-pound gross weight law, that is, when trucks with a gross weight of 28,000 pounds were permitted. The heaviest type of modern railroad freight engine is only 4 inches higher and 2 1/2 inches wider than the one shown in this picture.

Kentucky's Highways Were Not Built for Heavy Trucks

It is reported that the commercial trucking interests will seek to have the legislature permanently authorize the operation of trucks with a gross weight of more than 40,000 pounds.

There are only 2,100 miles of high type surface roads in Kentucky. Even the main highways across the state contain long stretches of narrow, winding roads of low type construction. In the State Highway System of 10,000 miles there are 3,200 miles less than 18 feet wide, many substandard bridges and 16,000 places where the view ahead is restricted within 300 feet by sharp curves or other obstructions. In the County Road System of 47,000 miles there are 27,690 miles of unimproved roads. The plain fact is Kentucky's highways were not built for 40,000-pound trucks.

The Subsidy

In a normal year automobiles and trucks of 1 1/2 tons or less capacity pay more than 90% of all gasoline

THE DANGER AND COST OF THE HEAVY TRUCKS ARE PLAIN ENOUGH. IT IS HARD TO SEE WHAT BENEFIT ANYBODY EXCEPT THEIR OPERATORS WOULD RECEIVE.

This message is published by the Kentucky Railroad Association. Protection of the safety and convenience of the operators of automobiles and of trucks of reasonable size, preservation of the highways, due regard for taxpayers and for those who are dependent upon farm-to-market and county roads—all unite with simple fairness to competing forms of transportation in requiring that reasonable limitations be imposed upon the instrumentalities that use public property for private profit.

and license taxes. All commercial trucks normally pay less than 4% of all road taxes. This is actually less than the portion of railroad property taxes that is used for county roads, bridges and city streets. Why should those who build and maintain the highways subsidize the heavy commercial trucks which endanger the public's use of public property?

No Benefit to the Public

Only the operators of the superizing trucks would be benefited by the proposed law. The 20-ton trucks were permitted here during the war but they did not reduce their charges to the public. Increasing truck weights in other states has not reduced commercial truck rates. The commercial trucking interests do not even propose to reduce the rates they charge the public if their law should be adopted.

Shall We Build Superhighways or Farm-to-Market Roads?

The more of the road taxes that is used for building the superhighways needed only by the superize trucks, the less will be the funds available for building the farm-to-market roads so badly needed by the farmers and school children in the rural sections of the state.

Are your birds busy? They shouldn't be when it's easy to disinfect them by spreading Dr. Salsbury's NIC-SAL on the roost. It does it regularly and disinfects with Dr. Salsbury's PAR-O-SAN. A good soaker in all cracks and crevices with PAR-O-SAN is here. See gets those roaches, too.

Here's what Happened in Rowan County and Vicinity During the Last 12 Months

A Digest of the Local News Headlines During the Year 1945

JANUARY
The Morehead Independent was consolidated with the Rowan County News as one publication, offering Rowan County the best weekly newspapers in Kentucky.

Ray Gastineau, 24, was charged with the murder of Delmore Curtis. The shooting in West Morehead climaxed an all-night New Year's eve party.

C. O. Leach was elected Master of Morehead Lodge No. 654 F & A M.

Rowan County soldier, Pfc Jimmy Christy, credited with capturing 24 Germans, killing four, had both legs amputated following wounds received when he stepped on a land mine.

ABSOLUTE

377 ACRE FLEMING COUNTY FARM

34 Dairy Cows - Farm Machinery and Personal Property

As agents for O. T. Williams, we are authorized by signed contract to sell his Farm and all Personal Property on the premises, eight miles from Flemingsburg on State Highway No. 111, between Poplar Plains and Hillsboro, on

Thurs. January 3rd

1946. At 10:00 O'Clock, A. M., Rain or Shine

This farm is known as the Bob Porter Farm. It has about 75 acres of woodland with a lot of good saw timber. The balance of the farm is in grass except 9 acres in tobacco this year and 9 acres in wheat.

IMPROVEMENTS consist of a large 7-room house with two porches and three wells; two large stock barns; new tobacco barn and all necessary outbuildings. There is a cistern at the house and the farm is extra well watered by four never-failing springs and creek. It lays well and produces a good quality of tobacco. Last year 7½ acres produced 14,000 pounds and this year 8.7 acres produced 13,300 pounds. There is electricity in the house and all the barns.

Personal Property

Thirty-four good, young dairy cows; Good 2-year-old Brown Swiss Registered Bull; 6 nice half-stock Brown Swiss heifers; one aged pony; Sarge milking machine, same as new, with two units and all equipment.

Good Allis Chalmers tractor with harrow and 16-inch plow; manure spreader; grain drill and trailer; Etnis tobacco setter; new hay loader; wagon and frame; 45-horse power tractor; disc harrow; 15,000 tobacco stuffer; 40 mowing machine; hay rakes; riding cultivator; disc harrow; 15,000 tobacco stuffer; 40 tons of good timothy, red clover, alfalfa and lespedeza hay; some good locust posts; cream separator; several milk cans; lot of small farming tools, and other things too numerous to mention.

In case of bad weather, the sale will be conducted in a large tobacco barn. Lunch will be served on the ground.

For further information, see or call W. J. Sample, Morehead, Kentucky, Ray Rowland, Winchester, Kentucky, or J. W. Black, on the farm.

Clothing Gifts May Be Left At Postoffices

Soon after post offices are cleared of the last Christmas packages, they will begin to receive clothing gifts from the American people to the suffering people in bombed-out lands, according to an order of Postmaster General Robert E. Hannegan which was made public today.

Henry J. Kaiser, national chairman of the Victory Clothing Collection, declared that the order to all postmasters authorized and directed them to permit local committees of the nation-wide clothing drive to place boxes in post-office lobbies to receive clothing donations.

Mr. Kaiser also announced that Nelson A. Rockefeller, former Assistant Secretary of State, will serve as the New York City chairman of the Collection.

Mr. Kaiser also announced that America are organized to conduct clothing drives under the local chairmanship of 4,313 men and women, many of whom will direct county-wide drives.

One community, South Hero, Vt., has completed its clothing collection. The 600 residents of this village on an island in Lake Champlain began their drive a month in advance of the national campaign. Mrs. Henry Buermann, local chairman, explained that three pre-Christmas sewing bees were held to salvage garments that were worn and ripped.

The Victory Clothing Collection, scheduled from Jan. 7 - 31, seeks 100,000,000 used garments, in addition to shoes and bedding. Each contributor is invited to attach good-will messages to clothing gifts.

K.I.A.C. Fives Prep For Games After Jan. 1

Morehead One Of Unbeaten Teams; Sea Cards Leading Loop

Competition during the quietude within the K.I.A.C. basketball ranks is at a standstill and it will not be until the first of next year when all teams will be in competition. At that time Western will invade K.I.A.C. ranks for their first stab at rankings within the ten-team conference.

A couple of the teams will try conclusions this week but they will not be conference games.

Apparently basketball coaches in the conference believe they can sharpen their team's chances in the coming K.I.A.C. tournament, to be held in Louisville, Feb. 21, 22 and 23, by booking games with opposition outside the loop. That being the case, there will be a lot of high class basketball in the Kentucky metropolis when the starting whistle sounds on Thursday the 21st.

According to the Associated Press the standings for the week are:

Team	W.	L.	Pct.
Louisville	3	0	1.000
Eastern	3	0	1.000
Morehead	2	0	1.000
Centre	1	1	.500
Georgetown	1	3	.250
Union	0	1	.000
Murray	0	1	.000
Berea	0	1	.000
Wesleyan	0	3	.000

ROWAN CIRCUIT COURT

ESTILE DALTON Plaintiff
Versus
ANNAL DALTON Defendant

By virtue of a judgment and order of sale of the Rowan Circuit Court rendered at the November Term thereof 1945, in the above case, I will proceed to offer for sale at the Court House door in the City of Morehead, Kentucky, to the highest and best bidder, at public auction on the 7th day of January, 1946, at One O'clock P. M., or thereabout, upon a credit of six months, the following described property, to-wit:

Two certain lots west of Morehead, Rowan County, Kentucky, and being lots No. 18, and 19 as shown upon the map of said West Morehead and being the same lots conveyed to Estile Dalton and

British Brides Receive Best Xmas Present

Britain's 45,000 G. I. brides got the happy tidings this week. The U. S. Navy announced it would start shipping them to the United States in January and by February expected to be sending 12,000 a month to join their husbands.

Li. Com. Lonnie Garvin, Aiken, S. C., said brides would begin reporting at five Army-Navy reception stations in Britain on January 5 for physical examinations, inoculations and orientation.

Garvin, who recently returned from Washington conferences on "Operation Bride" said: "We had to transport 6,000 brides to the U. S. in January and 12,000 a month in February, March and April. The speed of the entire program depends upon the number of vessels allocated by the War Shipping Administration."

ROWAN COUNTY NEWS 7
 Thursday, December 27, 1945

ber of vessels allocated by the War Shipping Administration."

Garvin said several hospital ships were already allocated, and "one or two large vessels" would be assigned within two or three weeks.

Army and Navy officers supervising the program hope to complete the transfer, estimated at 45,000 persons, by the end of May. Special facilities aboard vessels normally used as troop transports are being set up to transport women with children.

The maximum number shipped during any period will depend upon U. S. entry quotas for Britain, which is now 6,000 monthly, Garvin said.

The brides and their children will be transported free of charge by the Government, Garvin said. Special facilities aboard vessels hospitalized will hold first priority, Garvin said.

Today, progressive women all over the country don't have to scrub kitchen linoleum so often! After washing the floor, simply wipe on WILBERT'S "NO-RUB" FLOOR WAX. No rubbing—no buffing! And just see how that linoleum stays clean and bright!

Only imported Carnauba Wax is used in Wilbert's "No-Rub" Floor Wax. It is known as the most durable wax known!

WILBERT'S "NO-RUB" FLOOR WAX cleans and grime! Compare it with any other floor wax at any price! See for yourself how Wilbert's "No-Rub" Floor Wax saves work, time and money. Get the original—the genuine—the ONLY "No-Rub" Floor Wax—today!

"The name 'No-Rub' is the registered trade mark of Wilbert Products Co."

WILBERT'S "No-Rub" FLOOR WAX

15 to 18 million new cars needed! Making them will mean jobs!

Over 2,000,000 new trucks needed! Building them will build jobs!

Millions of cars need gas, oil, and parts. More jobs for workers!

Jobs by the carload! On railroads! In factories, banks, stores!

Postwar Jobs - Delivered by Automobile!

FEW of our basic industries contain as many postwar opportunities as the business of making and selling automobiles.

In almost no other industry is the pent-up demand for postwar products so apparent. At least 15 to 18 million people want new cars—and want them just as soon as they can get them! 5,000 cars are wearing out and leaving the roads every day. And for many months there will be more demand than our factories can possibly supply. Over and above this, more than 2,000,000 new trucks are needed.

Building these cars and trucks will mean jobs—in mines, mills, and factories. Jobs on farms. Jobs in machine shops. More jobs on the railroads that haul raw

materials and parts for making automobiles—as well as the finished product.

In addition, the manufacture of tires and parts, and the selling and servicing of automotive equipment, can mean the employment of hosts of other workers. It can mean additional jobs in the country's 250,000 gasoline stations, 85,000 independent service shops, 35,000 car agencies! It can mean jobs in banks and in offices. In the service trades and in the professional

Here's one of the greatest opportunities for mass employment, mass buying power, mass prosperity, that any nation has ever had! And the automobile industry is just one of many great enterprises along the Chesapeake and Ohio, the Nickel Plate,

and the Pere Marquette, that are preparing for greater production than ever before—to satisfy the demands of all of us—and by so doing to multiply jobs and opportunities in this country!

Kentuckiana Almanac

What is the livestock market doing today? How are poultry, eggs, and grain? What is the weather forecast for today, tomorrow? These all-important questions are answered every day on the WHAS "Kentuckiana Almanac" . . . broadcast just when you can listen, 12:35 to 1:15 p.m., Monday through Friday, Saturday the Almanac is broadcast at 11:30 a.m. to 12:25 p.m.

But, of course, that isn't all that's in this big, newsy, interesting program. There's music a-plenty played by WHAS soloists and the WHAS orchestra . . . sweet songs straight from Redco Valley, and Kentucky mountain folk music by Frank Cooley, WHAS agricultural program coordinator. Too, there's humor and suggestions for women by antics and frequently visiting stage, screen and radio celebrities come to the studios of WHAS for a broadcast on Kentuckiana Almanac. Daily, Dean Hurlcher of the University of Kentucky interviews a specialist about topics of interest to urban and rural folk alike, and music. . . . It's broadcast daily on your favorite clear channel radio station.

SPECIAL DOUBLE-DUTY NOSE DROPS
Works Where Most Colds Start!
 When a head cold strikes, put a little Vicks-Va-Tro-Nol in each nostril. It's a specialized medication that—
 ✓ Quickly Relieves sneezy, sniffly, stuffy noses.
 ✓ Helps Prevent many colds from developing by using at the first warning sniffle or sneeze.

THE OLD RELIABLE
 Now Back In Business TO SERVE YOU

We Pledge To Give You The Same Kind of Quality Shoe Repair That We Always Have Rendered Our Customers

We're back in business again — at a new location. After taking a holiday we're back, offering to the people of Morehead and vicinity the very best workmanship and leather in your shoe repairs. We are now located next to the Frozen Food Lockers, across from the court-house.
