Freshmen, Meet Your President --- News Butch, Preacher, Educator

His wavy dark hair held partly under control by a uniform cap, the lanky young news butch cried his wares while pacing the littered day-coach seats.

Persuasively he hawked peanuts, crackjacks, chewing gum, cigars and cigarettes on the train between Parsons, Kan., and St. Louis.

At that time the news butch, a Western Kentucky boy named Adron Doran, had as his only ambition that of becoming a teacher.

And peddling peanuts was one way of earning a little money to help finance his education.

He not only achieved his school-teaching goal but went on to head the Kentucky Education Association and eventually to become a college president.

Almost Anywhere . . .

When not too busy with college administration, Dr. Doran is likely to be found almost anywhere in the mountains. Seldom is he absent from a meeting of the Eastern Kentucky Regional Planning Commission. Often he attends Boy Scout Council sessions throughout the area. He is in constant demand as a high-school commencement speaker. And on most Sundays he can be found preaching in Kentucky churches.

Known as a captivating public speaker, he is a qualified minister of the Church of Christ, although he never has held a regular pastorate. He became a preacher more or less accidentally while working his way through Murray State College as a paid Gospel singer.

On one occasion, while taking part in a country revival down in the Purchase, young Doran was drafted into the pulpit when the revivalist suddenly became homesick for Texas and walked out just before the Sunday service. Members of the congregation urged the Gospel singer to fill in. He did.

"And that," he said, "is how I happened to get into the preaching business."

Aside from Dr. Doran's educational and religious work, he has

FRESHMAN RECEPTION—Dr. Adron Doran (center) is seen here with the Mignon, (right) greeting Miss Deanna Lee Thomas, a freshman from South Shore, at the annual Freshman Reception. Getting acquainted with the many students attending Morehead State College, is only one of many items on the versatile president's schedule.

served four terms as a member of the Kentucky House of Representatives. During one of those terms, he was Speaker of the House. He also has been a basketball coach, and once was editor of The Fulton Daily Leader.

Graduate Of Cuba

Born near Boydville, Dr. Doran was graduated from Cuba High School, where, being 6 feet 2 inches tall, he "jumped center" on the basketball team. It was a pretty fair team, too, winning the district championship in 1928. Like a later Cuba team that won the state championship, Doran's quietest might have gone to the Lexington tournament that year except for one thing!

Parents of the Cuba players refused permission for them to take part in the regional tournament at Lone Oak. Too far to travel just to take part in a basketball tournament, they agreed. They didn't want their boys traveling 35 miles away from home just to play games.

Dr. Doran attended Freed-Hardeman Junior College in Tennessee and received a bachelor-of-science degree from Murray State College, where he was a member of the basketball team.

It was at Murray that he fell in love with Miss Mignon Louise McCain of Sedalia. She is now Mrs. Adron Doran, the organist who plays between games at the state basketball tournament each year, and at halftime during the Eagle home basketball games.

Married As Student

They were married while both were students at Murray, where he went on to earn a master-of-arts degree. Then she taught school while he attended the University of Kentucky, earning a doctor-of-education degree.

Dr. Doran served as teacher and principal at Boaz, Sylvan Shade and Wingo High Schools. He also was basketball coach at Boaz and Weber, Shade, later, he became visiting professor of education at the University of Georgia and was director of the Division of Teacher Education and Certification for the Kentucky Department of Education. He has been president of the Murray State College Alumni

Association three terms, and for 10 years was secretary of the Jackson Purchase Athletic Conference. He had been a member of the Kentucky Legislative Research Commission and a member of the executive committee of the Blue Grass Boy Scouts Council.

He has also been a past president of the KEA, First District Education Association and Eastern Kentucky Education Association. (He is the only person in the history of Kentucky who has served as president of two different district associations, as president of KEA and as a member of the Board of Directors from two different districts.)

Recognition

At Morehead State College, where he became president in 1954, he was awarded the Lincoln Key for success in integrating Negroes without fanfare or incident.

Besides being listed in Who's Who in America, Dr. Doran has been honored by being named "Kentuckian of the Year" in 1959 by the Kentucky Press Association and a Knight of the Kentucky Derby in 1962.

He has also been honored by various governors who have named him as a: Kentucky Colonel, Arkansas Traveller, Louisiana Colonel, Nebraska Admiral and Oklahoma Commodore.

Two merit awards have been presented Dr. Doran, as he has received the merit award for outstanding contributions to education in Kentucky given by the Kentucky Association of Colleges and Secondary Schools and the merit award for outstanding contributions to conservation education given by the Kentucky Association of Soil Conservation Districts.

In the eight years that he has been Morehead's president, the enrollment has grown from 608 to over 3,000, and new buildings and physical facilities have been seen springing up over the college campus for the first time in 20 years such as a package of dormant seeds, when suddenly planted in rich soil and put under special care, will grow and bud into beautiful flowers.

This, freshmen, is your president!

Student Council Reports

By Pat O'Rourke

Student Council Reporter

This is the first in a series of articles giving information about your Student Council. I hope to pass on to the student body the information that the Student Council is doing for the forthcoming year.

The Council has already completed the Freshmen Handbook. The theme of this year's handbook is "Making Freshman Year Count." It contains timely advice and helpful hints on making a successful year of a freshman year.

The next important item which

the student body will come in contact with is representative elections to the Council. There will be two representatives from each dormitory. Lakewood Terrace will also elect a representative. This will bring your Student Council to a full strength of 25 members.

The Student Council is presently composed of: Paul West, President; Harold Greenstone, Vice President; Ron Lykins, Treasurer; Nancy Patrick, Secretary; Pat O'Rourke, Reporter; Ed Hussey, Historian; Ray Allen, Secretary; Senior Class; Gary Mills, President of Junior Class; and David Vance, President of Sophomore Class.

The new members will appear in the next issue of the Trail Blazer.

The Student Council will have its first regular meeting on Wednesday, Sept. 26.

Members of the student body are cordially invited to attend. We need your help in order to help you.

WOMEN'S HONORARY SOCIETY

A honorary society for Junior and Senior women is in the planning stages. To be eligible for this one must have a three point overall standing and be nominated by faculty members. All faculty members will be asked to nominate a specified number of women. This group is being formed due to popular request and a decision based on the initial success of Omegas, a similar organization for sophomore women, and the eagerness of the alumni of this group to be further service to Morehead State College.

Conkel And Hamm Acquire Roles In Summer Stock

The Morehead Theatre sent two of its members into summer stock during the past summer. Jonnie Conkel acted at the Shawnee Summer Stock Theatre in Indiana and Harlen Hamm acted in the company of the Wilmington College Theatre in Ohio.

Jonnie played roles in "The Sleeping Beauty," "Rashomon," "Summer and Smoke," "Man Who Came to Dinner," "Our Town," and "Arsenic and Old Lace."

Harlen appeared in "I Remember Mama," "The Little Foxes," "Pygmalion," and "The Visit." Harlen also did technical work and lighting for the company.

Jonnie is a senior speech and drama major from Lucasville, O. Harlen is a junior speech and drama major from Felicity, O.

MOVING IN—The problem of moving into a new environment was eased for incoming freshmen by the Campus Campers, who aided them in carrying their luggage and helping with any problems which arose during the hectic day. Helping these frosh, (l to r) Kathy Coan, eleven year old sister of Carolyn West; Jane Truitt and Carolyn Coan, set settled here; (l to r): Dave Vance, Dick Robinson, Larry Maynard, Pete Verwer, and Steve Barnett.

IT'S A FACT

A man's life is 20 years of having his mother asking him where he's going; 40 years of having his wife ask the same question; and at the end, the mourners are wondering too!

With a flash of light and a high ole silver — Freshmen — you are on parade.

Welcome Freshmen !!!
This week's column is dedicated to the new freshmen at MSC. We are sure these freshmen will be welcomed by every person on campus and that a true concern for their questions about college life will be extended by President Adron Doran, the faculty, and the student body — as many of Morehead's present students were when they attended their first year at MSC.

A general announcement to all girls in Allie Young Hall — if you need first aid just go to the first floor and there you will find three prospective nursing students — Vivian Zadarla, Johnstown, Pa.; Mary Teaty, Grayson; and Marsha Taylor, Grayson.
Would you like to have a formula for making an "A" in your science course? Mr. Allen Lake, science instructor, has this to say on the subject: "There is not a student anywhere, regardless of background, who could not pass a beginning science course with a C- or B- if they put in the required amount of time and effort into the course — of course, I am assuming the student is of average intelligence."

The other day I interviewed a few of the freshmen girls who live in Allie Young Hall. The question was — "What has been the most humorous thing that has happened to you since your arrival at MSC?" Here are a few of the answers I received.

Judy Turner, an elementary education major, answered, "I finally graduated from high school."
Dathi Thistlethwaite, Rochelle, Ill., "I met my roommates (all four)."

Rai Trimble, Ashland, "I got married."
Theresa Vigilante, Onda, N. Y., "Everyone thinks I'm a foreign exchange student."

Mary Lou Reilly, Akron, O., "I slept through my English class."
Ann Ruckner, Wauson, O., "I watched Mary Lou sleep through her English class."

A warm welcome goes out to the two new social organizations on campus. They are the CAPA Tridents and Aquilas. Oh, girls, there will be a campus wide meeting for all sophomore, junior, senior, and graduate women Tuesday evening, Sept. 25, 8:00 p.m. at this meeting all the CAPA Tridents want to see you. Be prompt and you'll only be there twenty minutes.

The Division of Fine Arts will certainly miss Mr. Donald Holloway, Mr. Brent Fry, and Mrs. Violet Severy as they are going graduate and the doctorate degree. Oh, well, MSC will again see their cheery smiles.

The Morehead Marching Band is out practicing hard with Bill Svec and his band, but where is Mr. Svec, that's right he is also working on his doctorate at Indiana University.

DID YOU KNOW THAT

Linus Fair was the only member of the present staff of the Science Division here prior to 1947?

Mary Lou Smith won Best Actress four years at the University of Oklahoma?

Dr. Exelbirt, history professor was at one time active in the sport of mountain climbing?
Sandra Howell, Homecoming queen of last year, appeared on television advertising Coca-Cola?

Miss Ella Wilkes, Department of Geography, retired after many long years of service to MSC? She will be missed by the faculty and student body.

Gabriel Banks, associate professor of English, has also retired?
Dr. Margaret Heaslip, professor of biology, is doing experimentation at Oak Ridge, Tenn.?

MEET AND GREET

Dr. Adam F. Levengood, welcome to MSC.
Dr. Levengood was born in Bopertown, Pa., but after attending high school and college in Pennsylvania he went to France to study. He received the BA, MA and M.ED. from the University of Grenoble in southern France. In 1950 he was awarded his doctorate from the University of Paris.

He has taught at secondary and college levels both here and abroad. He has also worked as an educational consultant with the U.S. Office of Education, the Department of Defense and Radio Corporation of America.

During the war Dr. Levengood served as an officer in various branches of Allied Intelligence. Early in the war he recruited and trained spies for O.S.S. After the invasion he edited the daily, top secret intelligence report of Psychological Warfare Division of Allied Headquarters. War's end found him chief of intelligence for the Information Control Division in the American Zone of Germany.

He enjoys all sports but prefers mountain climbing, skiing, ice skating, tennis and ping pong. Most of his reading is in the field of philosophy of science and religion. He prefers classical music but also enjoys country music.

When asked why he came to Morehead he answered: "I was looking for a nice quiet spot where I'd be able to work on and American schools. I chose Morehead primarily because it is a teaching institution with a laboratory which I had hoped to try the publishers."

Dr. Levengood, it is certainly nice to have you at MSC. If you traveled around the world several times.

Next week we will interview another new faculty member — so see you then.

THOUGHT OF THE WEEK

Do you think a girl should wear flowers in her hair? Sue Bodenheimer and Alex MacDonald would probably answer this by saying flowers in her hair and times when it was worn. Ann Hazelbaker, this question by, saying, "It's okeh if your scalp is dirty enough to grow them!"

Thirty-Six New Faculty Members Added At MSC

Thirty-six new faculty members have been hired for the 1962-63 academic school year.

The two new commerce teachers are Charles Ray and Hobart Adams. Mrs. Virginia Irons is the new face in the home economics department.

Dr. Morris Norlie is the Director of Supervised Student Teaching. Dr. F. F. Poney is also new in the Division of Teacher Education.

Rebecca Back is the Director of Breckinridge Training School. Charles L. Jones is the mathematics instructor there. Mrs. Debra J. Moore teaches the second grade.

Miss Sandra Manburg is the new speech instructor. New faces in the music department include James Fawcett, Douglas Duffell and William Svec. Larry Daves is now in the art department.

Dr. William Kerr, Carl Oakley and Roy Kidd are associated with the physical education field.

The English faculty has added

Mrs. Betty Wells, Dr. Charles Pelley and Dr. Elizabeth Casale. Dr. Levengood is in charge of the French department.
Dr. James Kurfess is staff physician and teaches biology. Johnnie Fryman is the mathematics department's newest. Others in the Division of Science and Mathematics include Dr. Lamar Payne, chemistry; James Cooley, science; Don Worsenecott, physics; and Dr. Robert Datzell, biology.
The additions to the Division of Social Studies are Joseph LaFarge, history; Don Platt, history; Dr. Dee Akers, economics and political science; Dr. Lilalyce Akers, sociology; and Harold L. Whitman, geography.
Three new assistant librarians have been hired. They are Mrs. Rose Wilson, Misses Beatrice Springs and Barbara Svis.
Bill Pierce is the new postmaster. Harry Mayhew is the associate director of Public Information Relations.

MOTHER AND SON COMBINE FOR EDUCATION—Dr. Adron Doran, President of Morehead State College, (left) is shown here talking with Mrs. Vernon Whitaker, and her son, Kenneth Dwight, at a freshmen registration Thursday, Sept. 13. Mrs. Whitaker, long desiring a college education but unable to obtain one, saw the opportunity arise when her son enrolled at Morehead. After discussing the situation, both decided to get their college degree together.

EDUCATION, PLUS HOME COOKING

M'head Freshman, 18, Brings 42 Year Old Mother To College

One of the seemingly big problems for college freshmen is cutting the apron strings and leaving behind that good old home cooking. But Kenneth Dwight Whitaker, a freshman at Morehead State College, has solved that problem. He has brought his mother to college!

And although she will be available to continue her cooking, there may be home hastily prepared meals as Mrs. Vernon Whitaker has also enrolled as a freshman and will carry a full academic load.

Dwight, a tall, pleasant looking 18-year-old, had planned for some time to attend Morehead State College and had reserved a room in

one of the residence halls. Early in August, the 42-year-old Mrs. Whitaker casually mentioned that her lifelong ambition had been to attend college and teach. Dwight responded by saying, "Well, Mother, who don't you come to Morehead with me?"

And that she did. Mrs. Whitaker, Dwight and 14-year-old Vernon D. left their Columbus, Ind., home and have rented a house at 402 Second Street in Morehead. Mr. Whitaker and his 11 children in Columbus where he works.

Young Vernon will attend the Breckinridge Training School on the Morehead campus while his mother majors in home economics and Dwight in biology.

Dwight, a serious young man who plans to go into industry after graduation from Morehead, says, "I was happy that Mother decided to work toward her degree. She has always wanted to attend college and now that this opportunity has presented itself, we're happy that she has decided to take advantage of it."

Mrs. Whitaker says, "We're native Kentuckians and have always planned to return to Kentucky. Ten of my cousins attended Morehead State College and Dwight has never really considered going anywhere else."

She and Dwight do not have any classes together during the first semester which Dwight feels "is probably best, because I would have to work awfully hard to keep my grades up with hers."

But Mrs. Whitaker isn't quite so confident. "It has been a long time since I've done concentrated study and it may take me a while to become accustomed to the rigors of study and classwork."

Young Vernon, who will be a freshman too but at Breckinridge Training School, is thrilled by the idea of being in a college town where he can attend football and basketball games.

His only comment concerning mother going to college was, "Why Mother, everybody in college will know you."

TO LIVE IN LEXINGTON

Ed Detherage Retires As Manager Of Post Office

By Thomas Almeida
Edward Detherage, the Post Office Manager here at MSC, is retiring from the postal field to enter the life of leisure in his Lexington home. Detherage came to MSC three years ago when the need for a P. O. Manager became apparent.

Detherage is married and is the father of three girls, all are married and residing away from home. He met his wife, Mrs. Mary Detherage, in Washington, D. C. while working for the War Dept. and they are now residing at 109 Glen Ave., in Lexington. Detherage has been active in the church for over 15 years and during this time he met and became a close friend of Dr. Adron Doran, President of Morehead State College.

He attended Berea College and worked for the Post Office. Detherage regrets leaving Morehead, he said, for he "likes working with college students and likes Morehead's friendly atmosphere."

Woodworking and "do it yourself" projects are what he spends his leisure time on around the house.

At the beginning of each college year, there are always humorous anecdotes going around about freshmen, and this year is no exception. It appears that when the first big "snake dance" of the year took place at the freshmen class meeting, Sept. 20, several of the freshmen girls were seen on the Boulevard wearing skirts and looking pretty, all asking the same question — "When's the dance going to start and where's the band?"

It appears that when the first big "snake dance" of the year took place at the freshmen class meeting, Sept. 20, several of the freshmen girls were seen on the Boulevard wearing skirts and looking pretty, all asking the same question — "When's the dance going to start and where's the band?"

At the beginning of each college year, there are always humorous anecdotes going around about freshmen, and this year is no exception. Famous Names At Morehead College

A clerk processing dormitory reservations at Morehead State College had to take a second look at some of the forms last week.

Among applicants in one group were John Crawford, Robert Young, Fred Burns and Robert Montgomery.

A glance at attached photographs quickly revealed that none of the persons was of movie fame.

"We would start our own 'The Name's the Same' program, though," the clerk conjectured.

ANOTHER YEAR, ANOTHER LARL

With today's entry I begin my ninth year of writing columns in your school newspaper for the makers of Marlboro Cigarettes. Nine years, I believe you will agree, is a long time. In fact, it took only a little longer than nine years to dig the Susa Canal, and you know what a gigantic undertaking that was. To be sure, the work would have gone much more rapidly had the shovel been invented at that time, but, as we all know, the shovel was not invented until 1946 by Walter R. Shovel of Cleveland, Ohio. Before Mr. Shovel's discovery in 1946, all digging was done with slogs long, the emerald nature pool, cheered by inflicting a duck for say and a half hours. This so depressed Mr. Edison that he fell into a fit of melancholy when he did not emerge until two years later when his friend William Wordsworth, the emerald nature poet, cheered him up by inflicting a duck for say and a half hours. But I digress. For nine years, I and I have been writing this column for the makers of Marlboro Cigarettes, and for nine years they have been paying me money. You are shocked. You think that anyone who has tasted Marlboro's unparalleled flavor, who has enjoyed Marlboro's filter, who has revelled in Marlboro's jolly red and white pack or box should be more than willing to write about Marlboro without a penny's compensation. You are wrong.

Compensation is the very foundation stone of the American Way of Life. Whether you love your work or not, if you system absolutely requires that you be paid for it. For example, I absolutely require that you be paid for it. For example, I have a friend named Rex Gable, a veterinarian by profession, who simply adores to worm dogs. I mean you can call him up and say, "Hey, Rex, let's go down a few lines," or "Hey, Rex, and he's go down some pennies on the railroad tracks," and he'll always reply, "No thanks. I better stay here in case somebody wants a dog wormed." I mean there is not one thing in the whole world you can name that Rex likes better than worming a dog. But even so, Rex always sends a bill for worming a dog because in his wisdom he knows that to do otherwise would be to rend, possibly irreparably, the fabric of democracy.

"I better stay in case somebody wants a dog wormed."

It's the same with me and Marlboro Cigarettes. I think Marlboro's flavor represents the pinnacle of the tobaccoist's art. I think Marlboro's filter represents the pinnacle of the filter-maker's art. I think Marlboro's pack and box represent the pinnacle of the packmaker's art. I think Marlboro is a pleasure and a treasure, and I fairly brag with pride that I have been chosen to speak for Marlboro on your campus. All the same, I want my money every week. And the makers of Marlboro understand this full well. They don't like it, but they understand it.

In columns which follow this opening installment, I will turn the hot white light of truth on the pressing problems of campus life—the many and varied dilemmas which beset the undergraduates—burning questions like "Should Chaucer dissertations be converted to parking garages?" and "Should reporters be given a saliva test?" and "Should foreign exchange students be held for ransom?"

And in these columns, while grappling with the crises that vex campus America, I will make occasional brief mention of Marlboro Cigarettes. If I do not, the makers will not give me any money.

King Of Hearts

(Continued from page one)
Included in this triangle is Norman, a boy from Australia who is adopted by Larry to show what a good guy he really is. Mixed with Jennella, the maid; Joe, Larry's drinking agent; Mike, the errand boy; Bill, Norman's publisher, and Happy, Norman's dog, this play will keep the audience in constant laughter.

The play is directed by Mary L. Smith with technical direction by Jerry Bangham.

All seats for this production are reserved and reservations may be made by mail or by phoning Extension 72, the Morehead Theatre Box Office. Tickets for "King of Hearts" are \$1 and certain time is 8 p.m.

The world has a lot of people who are ready to be generous just as soon as they get a couple of million dollars.

Boxers shake hands when they enter the ring, just like a smart salesman and his prospect.

TEA FOR FACULTY
The Morehead Branch of the A.A.U.W. will be hostess at a tea and reception for all Morehead State College faculty members and wives of faculty members on Sept. 26 from 2 to 5 p.m. The tea will be held in the Home Economics Department in the new Industrial Arts and Home Economics Building.
