Number Thirteen

## Student Council Elections Scheduled For May 14

### Complete List Of Candidates Is Unavailable

The primary election for the offices on next year's Student Council will be held Thursday, May 9, and the final will be held May 14. Candidates were allowed to file from Apr. 22 until 4 p.m. Monday, Apr. 29.

The following are the candidates who had filed for office at press time Saturday or had stated that they were running for office. Other candidates had until Monday afternoon to declare their intentions to run for office.

Seeking the office of president are Harold Greenstone, Ronnie Lykins and Stuart Shaffer. Don Crisp and John Hawn have filed for vice president. No one had filed for secretary. Those seeking the post of treasurer are David L. Campbell and Richard M. Norman. Bob Wagon filed for historian. Philip W. Ginter and David W. Garvin are competing for the reporter position.

Editor's Note—Since the final date to file for office was Monday, Apr. 22, the Trail Blazer was unable to obtain a complete list of the candidates. However, in the next edition of the paper (May 14) a picture and list of individual activities will be run on each candidate who wins in the primary election.

Rules Of Order  
Voting and campaigning in the election will be governed by the new Rules of Order governing all campus-wide elections. These rules were adopted on Jan. 2, 1962.

There shall be no campaigning in the vicinity of the election polls.  
No person working at the polls shall solicit votes or influence the voter.

There must be written notification of all campus-wide elections in each polling place not less than one week in advance of the election.

Private voting booths must be used for voting in the Student House in all campus-wide elections.

The record of the candidate must indicate that he is worthy of the prospective office or honor.

All persons voting must present their identification cards to the election poll workers. No person shall vote without his identification card.

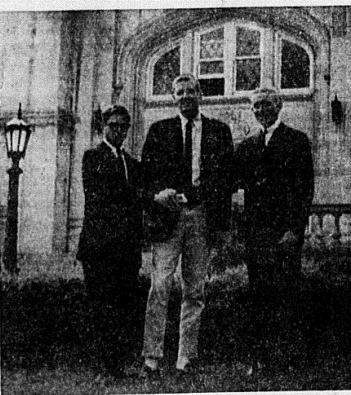

The counting of the votes may be public when proclaimed so by the Student Council.

The Student Council shall appoint the tabulators for each election.

The results of elections shall be made public immediately unless directed otherwise by the Student Council.

The Student Council shall appoint individuals to select the talent show.

Turn to last page

PRESIDENTIAL CANDIDATES—Campaigning for the office of president of the student council in the May 9 primary will be Harold Greenstone, Stuart Shaffer, and Ronnie Lykins. Lykins and Greenstone are definite candidates for the office; however, Shaffer had not officially filed with the Dean of Students' Office at press time.

MAY 8-10

## Morehead Theatre To Present Wilder's 'The Matchmaker'

By JOSH LOVELACE  
Trail Blazer Drama Editor

Thornton Wilder's brilliant and witty "The Matchmaker" is being presented by the Morehead State College Theatre on May 8, 9, and 10 in the Little Theatre.

Heading a cast of 17 is Jerry Bingham who will portray Horace Vandergelder. Others in the cast are: Toadie Sabie as Ambrose Kemper; Larry Kenley as Joe Scanlon; Phyllis Simpson as Gertrude; James Earl Davis as Cornelius; Patsy Chandler as Ernestine; Gary Bradford as Malachi; Sue Yates as Mrs. Levi, the Matchmaker; Noel Onley as Fernaldy; Mary Campbell as Mr. Molloy; and Marcey Caudill as Minnie Fay.

Also in the cast are Wallace Judice as the cabman, Ishmael Johnson as Rodolf; Bob Allen as August; Judy Moore as Miss Flora Van Hysen; Leone Mercedi as the cook and Nancy Uterback as the typist.

SMITH TO DIRECT

The production is being staged by Mary L. Smith with Joe Stearns and Wallace Judice as assistant directors. Paul Rice is technical director and Jim Williams is stage manager.

The story of "The Matchmaker" concerns a certain old merchant of Yonkers who is so rich that he decides to take a wife. To end his flirts with two of his mental clerks, assorted young and lively ladies, and the headwaiter at an expensive restaurant where this swift farce runs headlong into a hilarious climax of complication. After everyone gets all straightened out romantically, and everyone has his heart's desire, the merchant of Yonkers finds himself affianced to the astute matchmaker herself. He is fooled by apprentices in a series of hilarious and sick scenes, and finally has all his Master explode in his face.

"Load, slapdash and uproarious . . . something extraordinarily original and funny," says the New York Times.

All reserved seats for the production are priced at \$1.00 and curtain time for the production is 8:00 p.m. in the Little Theatre.

The Matchmaker  
PRACTICE, PRACTICE, PRACTICE—The students pictured above are shown at a practice session of the play "The Matchmaker." The Morehead Theatre will present the production in the Little Theatre, located in the Classroom Building, May 8-10.

## Yearbook Due Back In May

"Many hours of hard work is the main ingredient which went to make up the 1963 Racooner and a large sigh of relief could be heard coming from the Racooner office as the final copy went to press at the Taylor Publishing Company in Dallas, Texas," said Steve Barnett, co-editor of the Racooner.

The 1963 Racooner, which will have a navy blue cover with silver emblem and lettering, will contain the same number of pages as did last year's yearbook. It will be distributed during the latter part of May.

"Campus Beautiful" will be the general theme of the introduction, which includes color pictures of the campus and Morehead area. The college life section will have a section titled "Campus Beauty," which will feature some of Morehead's beautiful coeds. This section will also show many of the events which took place on the Morehead campus during the 1962-63 school year.

The division pages of the Racooner will be done by a duotone process. The pictures on the division pages will be one color plus black, with the rest of the page a light blue.

"The staff of the yearbook was small, but the determination of its members to produce a yearbook that the Morehead students will be proud of now and in the years to come was the main factor in the producing of the 1963 Racooner," said Sharon McLachlan, co-editor of the yearbook.

Staff members include: Carol Grigsby, assistant editor; Cheryl Shapiro, sports editor; Ruby Lucas, business manager; Judy Henke, faculty editor; and Jane Kendrick, organizations editor. Other members which give much help in typing and proofreading were: Christine Leppa, Nancy Byman, Charlene Addicks, Sharon Brinsley, Bonnie Borie, Leda Cumberworth, and Carolyn Costner.

Osborne Studies of Cincinnati, O., took the individual class pictures, and most of the color pictures which appeared in the introduction. Others who contributed pictures were: Van Colindom, and Martin Huffman.

R. T. Tanti, H. Harold Davis, and Isaac Horneiman.

The yearbook will be distributed during the latter part of May. This year the yearbook will be distributed from the Publications Office in the basement of Allen Young Hall.

CANTREL CHOSEN VICE PRESIDENT

## Gibson Elected As Alumni President

James G. Gibson, Ashland, has been elected president of the Morehead State College Alumni Association and LeRoy Cantrel, Louisville has been elected vice president.

Gibson earned the bachelor's degree in 1958 and the master's degree in 1959. He taught in Rowan County a year and served as principal for two years at Mt. Orab, O. Gibson has been at Ashland since 1961 as vice principal at Cokes Junior High School.

He is married to the former Loretta Blackburn and has one son who is two years of age.

Cantrel received the bachelor's degree in 1959. He teaches business education at Butler High School and is a member of the Cain, Cincinnati, and Joyce Chancy, Board of Directors of the Jefferson County Education Association.

Members elected to the Executive Council of the Morehead State College Alumni Association are: Ted L. Crosthwaite, Bardonia;

Birch Bunch with Harvey Pennington, Glen Burcher, Phil DeHart, and Steve Young. John Barker will do a melody of some Dancers will be the Dugan Sisters doing a jazz number and Brenda Carr will do a specialty dance. Kenny Ambrose will sing with the Corvairs. The Sorry Devils will return with their sick humor.

Master Of Ceremonies  
Dave Vance will serve as master of ceremonies. He will be assisted by John Jones.

Pat O'Rourke is the student chairman of the program. Mona Cuda, of the Morehead English faculty, is the faculty advisor.

For freshmen and transfer students who have never seen the show, it will be one of the major highlights of their first year at MSC. Underclassmen will state that it is a treat for all.

Also to be featured are the John

## Third Annual Fine Arts Week Opened By Louisville Orchestra

The third annual Morehead State College Fine Arts Festival opened April 28, and will continue through May 5, President Adron Doran announced.

Featured during the week-long festival will be lectures, art exhibits and concerts. Some of the nation's finest musicians, artists and lecturers will be on the campus for the festival which will be open to the public.

The festival opened Sunday, with a 3 p.m. concert in Button Auditorium by the Louisville Orchestra, now in its 26th season under the direction of Robert Whitney.

The concert on the Morehead campus will feature Leon Raper, trumpetist, as soloist.

Reading Hour  
Tuesday will feature a reading hour in Baird Music Hall at 3 p.m. Stephen Vincent Benet's "Western Star," an epic poem concerning the settlement of the United States, will be presented by students from the drama and speech area of the Division of Fine Arts.

Morehead's Symphony Band will present a concert in Baird Music Hall at 8 p.m. Friday, May 3. The concert, directed by John K. Stetler, will feature notable works along with the premier performance of David Livingston's Symphonic Variations for Band. Livingston is director of the Franklin County High School Band. Saturday evening's program features an organ recital at 8 in Baird Music Hall by George J. Wilson. Dr. Wilson is associate professor of organ at Indiana University and has performed in concerts throughout the United States and Europe.

Art Lecture Concludes Festival  
Concluding the week-long festival will be an art lecture and demonstration in the Art Gallery at 2 Sunday afternoon. The program will be presented by Mary Spencer May, a native Kentuckian and a frequent winner of prizes in regional and national art exhibits. She is on the faculty of the University of Louisville and the Art Center Association School.

Miss May's art works will be on display in the Art Gallery during the entire week of the festival.

BEANE SERVES AS GUEST CONDUCTOR  
James Beane, music faculty member, served as baritone soloist and guest conductor of adult and young people's choirs at First Baptist Church in St. Petersburg, Fla., during the week of Apr. 20-28.

The church membership there is about 3,000.

He also served as a judge at the Eastern Kentucky Music Festival on Apr. 6 on the campus of Eastern State College.

Area In Music  
Cannel City is the home of Mary Haney. She has an area in music in high school she was in the Glee Club, Pep Club, Library Club, chorus, band, 4-H, yearbook staff, and Student Council.

Turn to last page

Music major Shirley Bell comes to Morehead from DeMossville. She was a member of Y-Teens, FTA, the annual and newspaper staffs, Glee Club, band, and Pep Club.

A native of Ashland, Cheryl Bradford, is a biology major. She was active in these high school activities: annual staff, Glee Club, National Honor Society, and Technical Society.

Nancy Byman resides in Louisville. In high school, she was a member of the Latin Club, Library Club, yearbook and newspaper staffs, FTA, and Student Council.

Others included Juanita Gayhart, Mary Haney, Penny Horgan, Lora Hurst, Judy Hutchison, Sue Hutchison, Shara Johnson, Judy Henke, and Charlotte Griffith.

Also tapped were Lois Krompasick, Neva Newsome, Jacqueline Pravek, Lana Rawlings, Barbara Richardson, Marcia Smith, Dottie Traylor, Julia Turner, Sharon Wason, Palma Ward, Nancy Ward and Rebecca White.

Native Of Jenkins  
Cheryl Adams is a native of Jenkins. She is majoring in English. During her high school days, she was a member of the band, a cheerleader, Beta Club, FTA, Bible Club, Debate, Student Council, and a class officer.

From Tolleboro comes Barbara Applegate. She is also an English major. In high school she was a cheerleader, senior class secretary, member of the FFA and Latin Club, and participated in speech.

SENIOR ART STUDENTS—Senior art students will be honored with a tea and exhibit May 9. Shown above with some of their works are seniors (l to r): Patricia Scaggs, Morehead; Barbara Hamlin, Tolleboro; Patricia Bartlett, Lexington; and Janet Linton, Morehead. Seniors not shown are Jim Tolleboro, Riley, Grayson, and Mrs. Glenna Ambrose, Cranston.

1,000 STUDENTS EXPECTED

## Second Senior Day Scheduled Saturday

The second of two high school senior days will be held on the Morehead State College campus Saturday, May 4. Over 1,000 seniors from 17 high schools will be on the campus Saturday. The first senior day, with over 1,500 seniors from 21 high schools, was held Friday, Apr. 26.

A registration and visitation period is scheduled from 8:30 until 10:00 followed by a general assembly in the Morehead Fieldhouse. The college choir and band will perform and Morehead students will discuss social, recreational and religious opportunities at the college.

Roger L. Wilson, Dean of Students, will bring greetings. Monroe Wicker, director of School Services, will preside.

Following the general assembly, the visiting students will meet in various academic interest groups followed by a lunch in the Student Auditorium. Lunch will be served in the college cafeteria.

Tours of the campus will be held in the afternoon. The day will conclude with refreshments and social events in the Doran Student House.

### TO ISRAEL

## Ann Sandifer Is Exchange Student

Miss Ann LaVaughn Sandifer, 20, of near Mt. Olivet, has been chosen an International Foreign Youth Exchange student and will go to Israel this summer for participation in the FYE program. Miss Sandifer is the daughter of Mr. and Mrs. Herbert Sandifer, of Robertson County. She is a junior at Morehead College, a member of the Home Economics Club there and the Cosmopolitan Club.

An outstanding student at Morehead, Miss Sandifer always has distinguished herself. She was valedictorian at Deming High School, the recipient of a Future Homemakers of America scholarship and Dairy Princess of her home county. She crowned her 4-H work with a trip to the National 4-H Congress in Chicago during 1960.

Subsequent laurels came in March, of 1962, when she represented Kentucky at the 4-H leadership development Conference in Jackson Mill, Va., and in October of last year she was named state 4-H champion in money management and in leadership.

Ann Sandifer

## COLLEGE POLLS SHOW BREATHITT FAR IN LEAD HERE'S WHY:

All political polls taken in Kentucky colleges have shown that students are basing their choice for governor on facts, not campaign oratory. Briefly, here are some of the reasons why they intend to vote overwhelmingly for Ned Breathitt.

**AGE:** Ned Breathitt is 35 years old. Just a few years back he was a college man himself. He remembers the problems that face students when they graduate . . . problems of this generation, not another generation. He has the drive, the energy, and the insight to tackle these problems.

**EXPERIENCE:** Ned has served 3 terms in the State Legislature. He was a supporter of the Minimum Foundation Act that has been the biggest factor in giving Kentucky better schools. He also backed bills that provided \$10,000,000 for new college buildings and \$10,000,000 for the use of Kentucky's free state colleges.

**TRUTHFULNESS:** A man's age and experience mean nothing if he cannot be trusted. In his entire career Ned Breathitt has never broken a promise to anyone. No hint of scandal, no rumor of using a state office for personal gain has ever touched his name. Ned Breathitt can be trusted to do what he promises. Check the record . . . so many students already have.

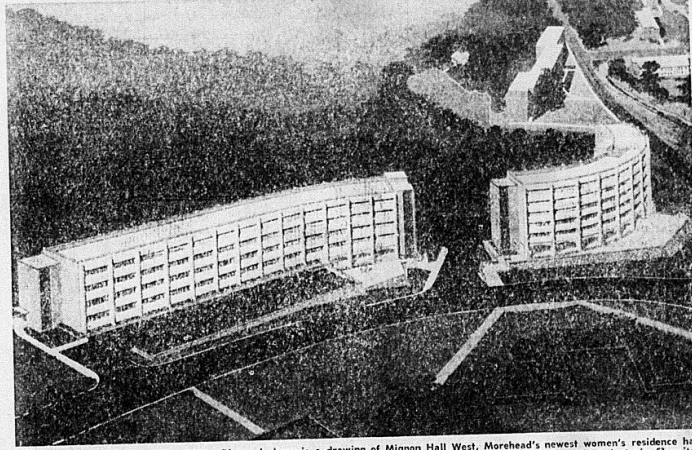

**Vote Breathitt**

**VOTE FOR NED BREATHITT FOR GOVERNOR**

**NEWEST WOMEN'S RESIDENCE HALL**—Pictured above is a drawing of Mignon Hall West, Morehead's newest women's residence hall, is now under construction and is expected to be completed by May of 1964. The dormitory will house 204 students in 51 suites, each of which will accommodate four girls. The \$951,000 structure, designed by McLoney and Tune, Architects, Lexington, is being built by the Sullivan-Cozart Construction Company, Louisville.

### Auto Book Return Placed In Front Of College Library

"An Auto Page Book Return box has been placed in front of the Johnson-Camp Library," said Miss Ione Chapman, head librarian, "so students can return books while the library is closed."

The gray book return is located near the door of the library and has the words "Auto Page Book Return" written on it. Its main purpose, as stated, is to allow students, who are unable to return books during the day, to return library material after the library is closed.

"I would like to emphasize that the book return is to be used to return books only after the library is closed," said Miss Chapman. "During the hours the library is open, books should be turned in at the desk and not deposited in the book return."

### DIAMOND RING LOST ON COLLEGE CAMPUS

A diamond engagement ring, belonging to Sharon Fannin, was lost on the Morehead State College campus Tuesday, Apr. 23. If anyone has found the ring, they should return it to Miss Fannin in the Home Ec Building. There will be a reward given upon the return of the ring.

Miss Fannin stated that she believed that the ring was lost in the library or on the fourth floor of Lapping Hall.

### AT K.E.A. MEETING

## Boswell Elected To 2 Vice-Presidencies

Dr. George Boswell, chairman of the Division of Languages and Literature at Morehead State College, has been selected at the recent Kentucky Education Association meeting for two vice-president positions. They are the vice-presidency of the Kentucky Council of Teachers of English and the Kentucky Folklore Society.

Dr. Boswell has been at Morehead State College since 1960. He received the B.A. and M.A. degrees from Vanderbilt University and the Ph.D. from George Peabody College. Before coming to Morehead, he served ten years in the English department of Austin Peay State College, Clarksville, Tennessee, the last seven as professor of English.

His war record includes four years in the Signal Corps, and he was decorated with the rank of first lieutenant. He has written approximately sixty books, articles and reviews, one of the most recent of which, "Fundamentals of Folk Literature" was published last year by Aurora Political Publications.

He is married to Rose Hall Boswell, and is the father of two boys, Jonathan, 11, and Timothy, 8, and a girl, Rebecca, 10.

He is married to Rose Hall Boswell, and is the father of two boys, Jonathan, 11, and Timothy, 8, and a girl, Rebecca, 10.

Dr. Boswell has been at Morehead State College since 1960.

He received the B.A. and M.A. degrees from Vanderbilt University and the Ph.D. from George Peabody College.

Before coming to Morehead, he served ten years in the English department of Austin Peay State College, Clarksville, Tennessee, the last seven as professor of English.

His war record includes four years in the Signal Corps, and he was decorated with the rank of first lieutenant.

He has written approximately sixty books, articles and reviews, one of the most recent of which, "Fundamentals of Folk Literature" was published last year by Aurora Political Publications.

# Vance's Slants

By DAVID VANCE  
Trail Blazer Sports Editor

The Ohio Valley Conference All Sports trophy appears just around the corner now as the Eagle battlemen have entered the second half of their schedule with an unblemished worksheet against league competition.

The biggest feather in the Eagle's nest thus far, however, is the thrashing they handed the "league contender" Eastern squad in their double-header encounter last week.

The hard-hitting (and 100 per cent) batsmen of Coach Rex Chaney amassed 28 runs and 24 hits, six of which cleared the wall, and were assisted by a shut-out from the pitching staff in sweeping both games at Richmond 14-8 and 14-0.

The battle of the two Eastern division winners turned out to be somewhat of a Yankee vs. Mets affair as Morehead virtually humiliated the Maroon squad.

The Eastern match, or should I say mis-match, left the Chaney-men with a 4-0 record in conference play and a 10-4 overall showing.

Possibly I sense a little anti-Eastern, but, well, just call me Sammy Small.

Morehead now enters the second half of a rugged schedule in sole possession of first place — but then again they did it in basketball too.

Personally I can see no possibility of anything going wrong. The big question in Coach Chaney's mind before the season began was whether or not the pitchers could pitch. Well, the pitchers have pitched very well, just as the hitters have hit very well, but the sore spot lies in the fielders ability to field. There is no room for griping about the showing the Eagles have made up to this point, but as Coach Chaney said "Typical of errors could change with other kind of pitcher." Possibly that's a misquote, but it gets the point across.

Just below the Eagles have been a great diamond crew and there are plenty of reasons for their great showing.

We expected and got an awful lot out of Moose Stewart, Dennis Doyle, West, and others. But the most of the season's hitting depth, comes from a late comer from last year's fabulous Four Freshmen of Batsville.

## PLEASANT SURPRISE

At this point, Joe Campbell leads Morehead in every single department in the score book. The slugging centerfielder has batted out five round-trippers while hitting at a .400 clip. When unable to make

planned with a 400 average, Campbell combines daring base running with above-average speed to place him in the front runners position in stolen bases. Right behind the Morris, Williams combination from Cave comes speed merchant Dennis Doyle, a teammate of Campbell's when Caverna was the state prep title two years ago.

Just below the 400 mark, comes a cotton-topped slugger, ranks one behind Campbell with nine thiefs. Doyle is also among the leaders in hitting with a .344 average.

Following Campbell in round-trippers is Leslon "Moose" Stewart, last year's Mr. Everything of the O.V.C. Stewart has batted out four baggers, while hitting just below the 400 mark.

Also doing quite well with the stick is Bill Sims, Terry West, and another big surprise, Jim Strickland. Incidentally, Strickland, who has two homers to his credit, is another product of Caverna, Morehead's farm club in Cave.

West, a flashy glove man has proven amply well with a stick, ranking fifth in team averages with a .321 mean. Sims has stepped into the line with a 400 average.

With these boys banging 'em out of the park in the same style they have been (18 round-trippers in 14 games) there might be good reason to check the N.C.A.A. record books at the end of the season.

All are doing as expected with pleasant surprises from Sims and Campbell — Shut those doors and keep going, the way you have "Taxi".

## GROUND STAFF STRONG

And now a look at the mound. There stands Pete Gray, Pete now holds a distinct tie. The first pitcher to hurl a major no-hit, no-run game for the Morehead Eagles.

Pete turned the trick in the Eagles spring swing down south against Howard College of Alabama. Gray has good stuff on the ball and sufficient speed which gives him a 3-0 record so far.

Doing equally good for Morehead is the slugging ace, Billy Berryhill. Berryhill has pulled out four big victories so far this season to equal last year's total output.

Chancy can finally look to the bull pen with considerable confidence with a fine ball player, Steve Klimkowski who has become Rex's number one reliever. Klimkowski is only game before regular competition began. They've had a lot more experience can prove to be a great assist to the hurling squad.

What about Pete, Steve, and Ron — don't back.

Vic Petty has shown signs of coming around recently and should see alternating starts with assignments along with Harold Sargent. Sarg, also hampered by ill-health is beginning to regain last year's all-conference form and should be in top form with Petty in the approaching all-important conference days.

What about a line-up of Doogie, Hawk, Red, Moose, Taxi, Squeaky, etc.

## BY-PRODUCT OF SUCCESS

Although the season is still young, tennis and track haven't been too impressive recently, but determination is the by-product of success.

What about a line-up of Doogie, Hawk, Red, Moose, Taxi, Squeaky, etc.

Coach Mike Dudley has also brought the golf team around to fine form with the "Falcon" in the way.

If they will forgive me, I would like to make one small fact public. The fabulous 205's had a tremendous season in the grapefruit league. The combination of "Shaw" and "Weese" lost only one game before regular competition began. They've had a lot of fast talking to get out of that — actually they were undefeated and are my choice for southern laurels.

## LAUGHIN INKS TWO

I hate to go into something that is really history now and I bet something made clear, coach is a fine ball player, so is Redd, but in my opinion, the No. 1 prepster in the state roundball circle is Taylor "Bo" Clem Hawkins. So what if the other two were talked into our opinion — it's Hawkins doing it on Morehead's look out! With Sarg, Keller, Aiken, McCoy, etc., and the addition of "Bo" Clem, we can't be beat. This is a big basketball school, and if you know how to play basketball, you can win. Hawkins is a lot of help. Well, I said good-bye to Mr. Roundball last time, but I had to put two cents in. Eastern got Coach, Western got Redd — but not again, U.K. got Nash, and who really cares.

Recruiting has been going at full pace in the Athletic Dept. and Coach Laughlin just recently inked two good ones. Sam Hall, of Iron-bridge, and a real stand-out for McDowell this year. Things are looking up.

The new scholarship ruling for minor sports is certainly a big boost to the Ohio Valley Conference. Look what we've done without them. Give scholarships in baseball, swimming, tennis, football, track, and golf — Think we could win the conference in every sport?

Well, that does it for another two weeks — all except one last thing — Regards to J.B. — for sure.

At this point, Joe Campbell leads Morehead in every single department in the score book. The slugging centerfielder has batted out five round-trippers while hitting at a .400 clip. When unable to make

planned with a 400 average, Campbell combines daring base running with above-average speed to place him in the front runners position in stolen bases. INKS Eagle-Pact—Wing's Johnny Waggoner recently signed a Morehead State College basketball grant-aid. Looking on, Mr. Waggoner's mother, MSC assistant basketball coach Rex Chaney, Dr. Adron Doran, MSC president, and Waggoner's father, John H. Waggoner. The youth averaged 17 points a game in his junior and senior years.

# Hamilton 'Could Be Beginning Fine Career' Writer Believes

The Washington (D.C.) Post's featured sports columnist, Bob Addie, recently devoted his column to Morehead's Steve Hamilton, Washington Senator pitcher, characterizing Hamilton, "growing-up Walter Mitty," this is what Addie wrote:

When Steve Asher Hamilton is a spindly little boy in Columbia, Ky., he used to avoid the lines in the sidewalk.

He played a game that most little boys play. He tried to take two giant steps in a sidewalk square without stepping on the line.

Most little boys are junior Walter Mittys, dreaming of glories beyond the whistle of the train, which passes through the night.

"Maybe I'd still be playing baseball if I hadn't hurt my knee," Steve said. "But the ex-

perience with the Lakers was great. I'm working for my Masters in physical education at Morehead and I teach there during the winter. When I'm through with baseball, I'd like to coach basketball and baseball."

Right now, Hamilton is only at the beginning of what could be a fine career. He's a southpaw who averages 47. He spreads 195 pounds over his lean frame.

Hamilton is only in his sophomore year in the majors. He has won three times for Cleveland in 1961 but that didn't disqualify him from being a rookie last season.

Steve's freshman year with the Nats hardly was distinguished. He has a 3-8 record but his earned run mark of 3.78 wasn't bad.

Steve already is noted for some idiosyncrasies. In baseball, it's axiomatic that a southpaw pitcher is slightly eccentric. Hamilton never steps on the foot line when he goes out to the mound. Could it be a heritage of his childhood?

He talks to himself on the mound. This has caused some idiosyncrasies. In baseball, it's axiomatic that a southpaw pitcher is slightly eccentric. Hamilton never steps on the foot line when he goes out to the mound. Could it be a heritage of his childhood?

**INDUSTRIAL ARTS EXHIBIT**—Pictured above is the Morehead State College Industrial Arts Club's exhibit which was displayed at the 25th National American Industrial Arts Association Conference held in Indianapolis, April 1-12. Included in the exhibit were summer schedules, graduate handbooks, reprints of articles concerning Morehead industrial arts, and a copy of the Morehead State College Master Plan. Exhibited in the Kentucky Room, the display was noted as being "perhaps the best from the state."

## Industrial Arts Club Members Attend National Convention In Indianapolis

Nine members of the Morehead State College Industrial Arts Club attended the 25th National American Industrial Arts Association conference in Indianapolis, Ind., Apr. 1-12.

"This marked the first time we've taken students to a national industrial arts meeting," said Clyde Hackler, a member of the Morehead State College Industrial Arts Department, "and the trip was highly successful."

Hackler also stated that the students were outstanding representatives of Morehead State, did an excellent job, and that many people commented on them, saying they were "very impressive."

"The next national convention of

the AIAA, a subdivision of the NEA, will be held in Washington, D.C., next year, and we are hoping to attend that meeting also," said Hackler. "It will take place about the same time that the Cherry Blossom Festival is going on in Washington, so it should be a beautiful, as well as educational, trip."

The convention started Apr. 9; however, because of classes, the students waited until the eleventh to attend the meeting, thereby missing two days of classes.

"Contemporary Content and Methods for Industrial Arts" by

Donald Maley, head of the Department of Industrial Education at the University of Maryland; and "Relationship Between Applied and Liberal Education," by Kermit Seefeld, professor at the University of California; were listed among the most interesting topics at the conference. And, besides these and other discussions by noted educators, demonstrations were given Friday afternoon in Electron Beam Welding, Electronic Discharge Machining, Magnesium Processes, and Non-Destructive Testing.

"Being able to hear these people, some of them authors of the texts we are presently using, speak made the program far more meaningful to the students, aside from its sheer content value," said Hackler.

Hackler also stated that there were many displays and machines connected with industrial arts, and the students were able to see the latest in school shop supplies and industrial machinery.

Industrial Arts Club members who attended the convention are: Donald Davis, Ronald Griffith, Paul Ledford, Raymond Lloyd, Charles Schickner, Bemis Sluss, Jan Willis, Glenn Wilson, and Alfred Ziegler.

Norman Roberts, a member of the Division of Applied Arts at Morehead, and Hackler attended the conference with the nine students.

## Alpha Beta Alpha Accepts 10 Pledges Into Organization

Ten pledges to Alpha Beta Alpha were accepted on Thursday, May 12, at 4:30 p.m. in the Library Science classroom.

The new pledges are Martha Jane Campbell, Mary Virginia Collins, Georgeanna Cramer, Patricia DeMoss, Sharon Crouch, Patricia DeMoss, Edna Little, Donna Root, Jan Sizemore Ruff, Ann Taylor and Twila Wilson.

Pledges were given requirements to fulfill throughout the semester. They were to attend meetings and participate in activities and conventions in connection with library work.

Miss Clarice Williams is club sponsor.

MSC Flute Club Presents Program In Baird Music Hall

A joint program by the flute clubs of Morehead State College and the University of Kentucky was presented at 10:30 a.m. Saturday, Apr. 27, in Baird Music Hall at the Morehead campus.

Members of the flute orchestra were: Gail Schaberg, Martha Henkel and Sarah Fouse, piccolo from U.K.; Janice Gardner, U.K.; Amy Goodwin, U.K.; Marvella Haggard, Douglas Diehl and Janet Lickley, flutes, and Betty Griffith and Marvin Perry, U.K., alto flutes.

A trio by Walkers was performed by Janice Gardner, Nancy Tomkins and Amy Goodwin. A quartet by Paisible was played by Martha Henkel, Sarah Fouse, Gail Schaberg and Betty Griffith. All were from the University of Kentucky.

## Campbell Leads Morehead To Record-Smashing Start

With the baseball team having completed their 29 games, they are presently living up to the forecasts which placed them as the number one team in the OVC as they lead the league with an unblemished 4-0 conference record and an overall 10-4 record.

What makes this group of sluggers so important at mid-season is the number of past records that they have already broken. In 14 games, they have managed to surpass some of the time-honored records which took the teams of the past a whole season to establish.

Among the current group of record-shatters are Joe Campbell, who has set a new mark for the total number of bases stolen with 11 and is closely followed by Dennis Doyle. The speedy second baseman has already completed nine pile steels. Doyle held the previous record with 10 stolen bases.

At present, the home run record is also threatening to be broken as "Sluggo" Campbell is only one home run away from setting a new record. Campbell is only one home run away from setting a new record.

From the pitching mound, one pitcher to fame has been called out by Pete Gray as he has pitched the college's first major no-hit, no-run game. Also, Gray may possibly establish a modern strike-out record if he improves his current 21 fanned in 29 innings ac-

complishment.

To secure himself of a strike-out record, Gray will first have to overtake his fellow teammate's list of number of persons struck out as are outpaw Steve Berry. Berry currently leads this department with 24 fanned in 29 innings.

Berryhill and Gray also have a chance of breaking the previous won-lost record of most games won in a single season as Berryhill has a 4-2 record and Gray has compiled a 3-0 total.

An unverified pitching record is being established in the bullpen as reliever Larry Wilson has appeared in six games and given up the unusually low number of two earned runs.

It is unlikely that last year's team batting average, the second highest in the nation, will be surpassed, but the present nine under Coach Chaney's command are batting at a torrid pace and have two hitters batting .400 in Gray and Bill Simms. Aiding them are the above .300 averages of .206 for Moose Stewart, .244 for Doyle, and Terry West's .321.

As there are 15 games remaining in the Eagles' schedule, the probability of these and other new records being established is an almost absolute certainty. An already pleased Coach Chaney remarked, "I'm proud to be coaching these boys, and I feel certain that this team will make to some of the major NCAA baseball tournaments after we've won the OVC title."

**AND I JUST BOUGHT THESE SHOES**—Some people have said that Pat O'Rourke, student council reporter, walks around in a continual daze, and it appears that Pat just can't keep from giving proof of his condition (whatever that is). Last Tuesday he was walking in front of Allie Young Hall doing whatever he generally does when he walks (except watch where he goes) and stepped into freshly poured cement. Two of the workers added the sop up out of the cement, which was poured to rebuild parts of the sidewalk that had cracked.

## Mays Attends Special School In Toledo

Mr. J. T. Mays, chairman of the Industrial Arts Department in the Division of Applied Arts, recently attended a three-day Spray Finishing School that was held in Toledo, O. The school was conducted by the DeVilbiss Company for persons who operate their equipment, as well as for individuals responsible for teaching methods of finishing.

Mr. Mays had the opportunity to study many new finishes and their uses, as well as the operation and maintenance of modern spray equipment. Morehead State College has recently purchased two new spray finishing installations for the new Industrial Arts Building, and they are currently being installed by Buildings and Grounds. A large walk-in model will be located in the Woods Laboratory, and a smaller table model is being installed in the General Laboratory.

Upon Mr. Mays' return, he will conduct a special in-service clinic for the Industrial Arts staff of the college. This is another way to continue to improve the technical education fraternity, as well as a means of introducing the latest techniques to the Industrial Arts and Industrial Technology majors.

Dr. Nelson Grote, division chairman, said, "We were happy to make arrangements for Mr. Mays to attend the DeVilbiss School, and we look forward to the development of this new technique in the Industrial Arts instructional program."

## ATTEND THE ANNUAL Campus Club Spring Dance

May 11 In The Doran Student House

TICKETS may be obtained from any Campus Club member.

Now Give your date plenty of time to prepare for the most tradition-filled dance of the year.

## Books Of The Week

The College Bookstore has in stock many books, both paperbacks and hardbacks, should be of great interest to college and university students. These books cover a wide range of topics which include contemporary fiction, biographies, and translations and analogies of the classics. The books listed below will be featured in a book display on the Bookstore. For books on other topics, ask the clerks for assistance.

**THE LIFE AND WORK OF SIGMUND FREUD** by Ernest Jones Doubleday, Illustrated \$1.95  
An abridged single volume of an original three volume work by Ernest Jones, Lionel Trilling and Steven Marcus, two authorities in the field of psychology, have edited the original extensive biography for the taste of the non-professional reader.

**CALL IT EXPERIENCE** by Erskine Caldwell 35¢  
A book by the author of "God's Little Acre" and "Tobacco Road." The subject matter deals with Caldwell's personal experiences of being and becoming a writer of fiction and how his experiences influenced his novels.

**I WOVE RUSSIA** \$1200 by Bob Hope \$2.95  
Doubleday, Illustrated  
Bob Hope has traveled extensively about the world and in this book he tells of his various experiences, and he does this in a style of humor that is typical of him.

**THE IMAGE MAKERS** by Bernard Fryer 10¢  
Bantam  
The story of a famed plastic surgeon, Mac Adams and of how he came to be known as the "Image Maker" is told in this book.

**THE SECOND WORLD WAR** by Winston S. Churchill \$7.50  
Bantam  
A collection of six paperbacks by Churchill concerning the second world war and the effect it had on the English people. "The Gathering Storm," "The Grand Alliance," "The Hinge of Fate," "The Road to Victory," and "Triumph and Tragedy." An excellent addition to any collection.

## THIS HISTORY SLAYS ME—Taking advantage of the spring sunshine and warmth, Don Brown, a junior from Ashland, is pictured here studying on one of the many benches on the Morehead State University campus. (Readers are urged to study hard, but to take a little break now and then—there's a Mickey Mouse comic book hidden behind the cover.)

## Mu Phi Club Visits Research Center In Oak Ridge

Twenty-six members of the Mu Phi Club took a trip to Oak Ridge, Tenn., where they visited the atomic research center, on Apr. 5-6.

They chartered a Greyhound bus for the trip. There they visited the museum and laboratory.

Members attending were Richard Coon, Bill Wooly, Virginia Mabry, Anna Jean Gayhart, Dean Forcum, Wendell Keenan, James Verne, Donald Hedges, Jim Miller, Harold Hill, Larry Hill and Gene Triplett.

Others making the trip included Jim Noyes, Dean Keese, Richard Coates, John Oaks, Jeanie Ellis, Arlene Walton, Jack Patrick, Patricia May, Mary Glenn Peaback, Lawrence Rosenzweig, Gordon Nolan, Roger Belcher, Joseph Wells and Jon Shaffner.

Mr. and Mrs. John Fryman and Mr. and Mrs. Don Worsen-croft were the chaperones.

Mu Phi is an organization for math and physics majors.

**RELAXATION IN CUMBERLAND NATIONAL FOREST**—Morehead students have been taking advantage of the warm weather this spring as they have been going on picnic, fishing, and hiking trips in increasing numbers. Pictured above are (l. to r.): Jean Dunn, Phil Owens, Jean Rice, Glenn Stallard, and Vic Zaidin, Dick Pawlik.

## Religious Emphasis Week Held On Morehead Campus Apr. 8-11

An annual tradition at Morehead State College, Religious Emphasis Week, was held this year on the campus the week of Apr. 8 through Apr. 11.

The week's activities were sponsored by the Council of Presidents and were planned by a joint committee of presidents of the religious organizations on campus.

Highlighting the program for the week was a special convocation held in Button Auditorium. Guest speaker for the occasion was Ora Spaid, Religion Editor for the Courier-Journal.

Considered one of the finest religion writers in the country, Spaid has been honored by the Courier-Journal since 1951. In 1954, he was presented the Supple Memorial Award, which is the top national award given for religion writing.

He holds both the AB and MA degrees from Northwestern University and has been active in youth work in Louisville.

Dean Roger L. Wilson presented Spaid to the student body at convocation, and prior to Spaid's talk, Dr. Alton Doran sang a religious hymn, accompanied by Mrs. Doran on the organ.

Other activities during the week included a progressive dinner on Tuesday, lake-side services at the college lake, Thursday evening, and continuous church services held by all churches on Good Friday. In addition, many churches invited guest speakers throughout the week.

"Religious Emphasis Week for 1963 was a rewarding experience for all of the many students who participated," said Paul West, president of the Student Council.

## Sixteen Clubs Participate In Tridents' Spring Carnival

By Julia Harden  
Trail Blazer Feature Writer

Button Auditorium was the scene of the first CAPA Tridents' Spring Carnival last Thursday evening. Along with the CAPA's, 15 clubs on campus participated and sponsored booths with activities ranging from water dunking to dart throwing.

The WTA's had a fortune teller in the form of Miss Millie Ryle. The girls of Fields Hall ran a sideshow, which added festive glamor to the carnival.

Other clubs adding to the atmosphere were the Campus Club, with a water dunking booth; the CAPA Tridents, with a spookhouse, complete with screams; and the Collegiate Knights, with an "aquathrow."

The BSU sponsored a miniature golf course, while East and Butler Halls combined forces to sponsor a ring throwing booth. Several of the clubs offered refreshments to the large crowd of MSC students and faculty who attended.

The Open Forum Club gave a presentation of "Parents' Night at the Chicken Little Nursery School." The players, dressed as small children, were members of the club and showed off their talents in a variety of novelty acts.

The feature highlights of the evening was the crowning of Kenon Fairchild as "King of the Carter." Fairchild was sponsored by the Aquila Club, and he was selected from nine possible candidates by the penny votes of his fellow MSC students.

"We were delighted that the carnival was such a success, and we are looking forward to a bigger and better one next spring," said Edie Newland, CAPA member.

**JOHN THREW**—RON FELL—John Stivers (left) was one of the many participants at the dunking machine booth, sponsored by the Campus Club, during the spring carnival held April 25. Ron Lykins, treasurer of the student council, is pictured taking one of his many dips of the night. The dunking machine and the Chicken Little Nursery School sideshow, sponsored by the Open Forum Club, were among the most popular of the carnival's varied activities.

## Natural-Made Recreation Area Surrounds Morehead College

By David Henderson  
Trail Blazer Feature Writer

The Morehead area as well as the rest of the nation is at present recovering from a most severe winter. Just a few weeks ago, students shivered as sub-zero temperatures accompanied by snow and cold winds hit the area. Now, the weather is turning milder, and trees and flowers have already started to show their color, which indicates that pleasant summer months are ahead.

With the warm weather, the heavy clothes of winter are shed in exchange for Bermuda shorts and the usual cool summerwear of college students, who are prepared to let off the steam which was built up during the winter months.

Beyond the crack of the baseball bat or the thump of tennis balls, there is a natural-made recreation center surrounding Morehead. It is the Cumberland National Forest.

In this forest, activities can be found to fit everyone's fancy. The hunter will find streams and lakes. The hiker will find paths, both rough and easy, which will provide an enjoyable afternoon of walking through a cool forest. The picnicker will find complete facilities, and the camper will find cleared campsites, ready for an exciting weekend.

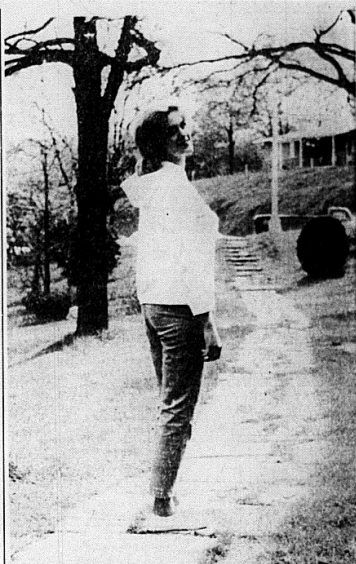

**Triangle Picnic Area**

Four miles from town is the Triangle Picnic Area, commonly called the Fire Tower. This area has 10 picnic units with an overlooking view. Water and toilets are available. Directions to get to this area from Morehead are to follow route 519 to Clearfield, turn left at the bridge on Dry Creek Road, then left on the forest service road at the sign.

A popular recreation area which is planned for development, but as yet has not been developed, is Lochgo. About seven miles from Morehead, this spot provides trails, racks for climbing and an overlook. Lochgo is found by following Route 519 approximately five miles and turning right on Lochgo Road.

**Rodburn Park**

Closer to the college is Rodburn Park. Located two miles east of Morehead, just off Route 60, Rodburn offers fully developed picnic and camp grounds. Running water is available and a shelter is in the process of being constructed. Clear Creek Furnace Area is a recreation area with 12 picnic units and 10 camp units. To get to this

**CALENDAR GIRL**—Items of beauty can often be seen anywhere in the world during spring, and Joan Lancaster, a freshman from Florence, can certainly be counted among these. Therefore, Miss Lancaster, a political science major, has been selected as the Trail Blazer Calendar Girl for this issue.

## Thirty-Two Tapped For Cwens

(Continued from page one)

and was a class officer.

Another Ashland native is Penny Horgan. She is a member of Alpha Beta, Student Council, Y-Teens and the annual staff in high school.

Ohion Lora Hurst comes from Ohio. She was active in volleyball, basketball, and cheerleading. She is a high school vice president of her class in high school.

Charlotte Griffith is a music major from Mason County. She is attending MSC on a music and academic scholarship. Her high school activities were Beta Club, Latin Club, and 4-H.

John Hume, an elementary education major, comes from Maysville. During her high school days she was a member of the Pep Club, FHA, Junior Historical Society, band, chorus and was a student librarian.

John Hutchison hails from Carlisle. In high school she was a member of the Pep Club, chorus, band, French Club, FHA, Tri-Hi-Y, Science Club and National Honor Society.

Shelbyville is the hometown of Sue Hutchison. She is an English major, and in high school was a member of the Beta Club, FHA, band and was a cheerleader.

Shara Johnson was a member of the Latin Club, Co-editor of the annual, FBIA, Chemistry Club, Math Club in her high school at Olive Hill.

From Clifton, N.J., comes Lois Krompaski. She is a physical education major. Her high school activities included Sophomore Singers, Girls' Concert Choir and Girls' Athletic Association.

Neva Newsome is a resident of Virgie. In high school she was a member of the Beta Club and the band.

Jacqueline Frank comes to Kentucky from Strongsville, O. In high school she was a member of the band, chorus, and MYF.

A native of Sharpsburg, Lana Rawlings is an elementary education major. She was yearbook editor, and valedictorian. Her club memberships were Beta Club, Pep Club, FHA, band and cheerleader.

Carter is the hometown of Barbara Richardson. In high school she was a cheerleader, president of FHA and a Student Council member.

Marcia Smith is a native of Cynthia. Her high school activities include Glee Club, Library Club, the newspaper staff, Pep Club, Tri-Hi-Y, and Regional Chorus.

From Owensville comes Dottie Traylor. In high school she was a member of the Beta Club, Pep Club, Glee Club and the Library

### FILLING A WELL-NEEDED GAP

Although my son is a college freshman, I am glad to say that he is still not too old to climb up on my lap and have a heart-to-heart talk when things are troubling him. My boy is enrolled at Harvard where he is studying to be a fireman. From the time he was a little tiny baby he always said he wanted to be a fireman. Of course, my wife and I believed that he would eventually grow out of it, but no sir, the little chap never wavered in his ambition for one minute!

So here he is at Harvard today taking courses in set holding, mouth-to-mouth breathing, carbon tetrachloride, and Dalmatian dogs. It is a full schedule for the young man, and that, in fact, is exactly what we talked about when he'd climbed he do it.

He complained that every bit of his time is taken up with his major requirements. He doesn't have so much as one hour a week to sample any of the fascinating courses outside his major—history, literature, language, science, or any of the thousand and one things that appeal to his keen young mind.

I am sure that many of you find yourselves in the same scholastic bind; you are taking so many requirements that you can't find time for some appealing extracurricular. Therefore, in this day's column I will forgo levity and give you a brief survey in a subject that is probably not included in your curriculum.

*It's still not too old*

I have asked the makers of Marlboro Cigarettes whether I might employ this column—normally a vehicle for innocent merriment—to pursue this serious end. "Of course you may, crazy kid," they replied kindly, their grey eyes crinkling at the corners, their manly mouths twisted in funny little grins. You are a Marlboro smoker—and what intelligent human person is not?—you would expect the makers of Marlboro to be fine men. And so they are—wonderful guys, every man-jack of them—good, generous, understanding, wise. They are each tipped with a pure white filter and come in soft pack or Flip Top box.

But I digress. We were going to take up a topic you are probably unable to cover in your busy academic life. Let us start with the most basic topic of all—anthropology.

Man is usually defined as a tool-making animal, but I personally do not find this definition entirely satisfactory. Man is not the only species which makes tools. The simians, for example, make monkey wrenches.

Still, when you come to a really complicated tool—like a linotype, for instance—you can be fairly sure it was made by Homo sapiens—or else a very intelligent tiger. The question one should ask, therefore, is not who made the tool, but what did he do with it.

For example, in a recent excavation in the Olduvai Gorge a huge assortment of hominid fossils was found, all dating back to the Middle Pleistocene Age. Buried with the fossils was a number of their artifacts, the most interesting being a black metal box which contained a "steady beating sound." Now, of course, zoologists will tell you that tree frogs make such boxes which they employ in their mating activities (I can go into detail about it in this family matter), but the eminent anthropological team, Mr. and Mrs. Walter Sinsch (both he and she are named Walter) were convinced that this particular box, which was made of tree frog skin by Neanderthal man. To prove their point, they scratched on the box and out came a steady beating sound, which was the forerunner of fine television, which anyone knows, was the forerunner of fine television. If there is anything more you need to know about anthropology, just climb up on my lap as soon as my son leaves the house.

The makers of Marlboro Cigarettes who sponsor this column, often with trepidation, are I think, just you'll think so too when you sample their wares—available wherever cigarettes are sold in all 50 states.
