

New Rating on Sewage Encouraging

Chances for the 15 per cent million in sewage facilities and treatment at Morehead appeared brighter today, following a meeting Friday between city officials and policy officials of the Kentucky Environmental Agency (EPA) at the State Capitol.

Democrats Control Council

Democrats won almost everything at stake in Kentucky Tuesday . . . and also in the City of Morehead. Morehead had a Council race. Five democrats ran under their party (crowing rooster) emblem; and three aspirants filed on different non-partisan tickets.

The five democrats were all elected to two year terms. The other member of Council will be JoAnn Needham, running under the Progressive Party ticket.

The vote for Council — Lee Casper (D) 1088+ Roy Anderson (D) 1050+ Marvin Moore (D) 1019+ Keith Kappes (D) 962+ Hezia McDaniel (D) 897+ JoAnn Needham (Prog.) 787+ Mike Mayhew (Citizens) 663 Geo Blankenship (G Gov.) 359

Mayor C. B. Cornett is a holdover with two more years on his term. The vote for Council was much lighter than had been expected.

The democratic candidates obviously had the advantage of receiving all the straight party ballots . . . and this was a surprise in a row in Rowan County and in Morehead.

The new Council members will assume office Jan. 1. Casper, Anderson and Moore, who led the voting in that order, are all incumbents.

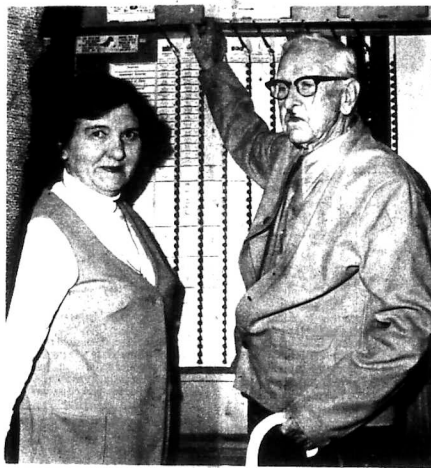

Nine Months For Blueprints EPA advised that Morehead's formal application for preparation and construction funds must be in their Frankfort office by Dec. 1.

Unemployment In Rowan 5.4 Percent Rowan County's unemployment rate for September was 5.4 per cent, one of the most enviable in all of eastern Kentucky.

The Kentucky Department of Human Resources reported that the unemployment rate in eastern Kentucky was 8.9 per cent, and for the state 7.5 per cent.

Contract Expired Oct. 22 Manager Eddie Ashburn said the Morehead district employees continued.

University was the last college to abandon the curfew on women's dormitories. It used to be that a college girl stayed out until daylight, the rumors were that she was doing things an unmarried girl shouldn't.

ROWAN'S OLDEST VOTER . . . Norman Wells, right, will be 100 years old on February 10. He was in Texas at age 2 but has not missed voting since he became 22 years old.

Tax On Utilities Rejected

It's almost an axiom in Rowan County, in Kentucky, or anywhere in the nation, that it's virtually impossible to persuade the voters to approve by referendum any new tax.

The Board of Education was "strong" for the three per cent levy with the exception of Lake Cooper.

Mrs. Cooper led the battle against the tax. She claimed that the Board is not "properly" using existing tax revenues.

Democracy Co-Op Management

Democracy co-management managers Paul Blair and Sherman Arnett were pleased with the big democratic majorities, but said the majorities would have been much higher in Rowan County if more people had gone to the polls.

Rowan was little different from the rest of Kentucky with the exception of metropolitan Louisville and Lexington.

Rowan County Vote By Precincts — General Election — Nov. 4, 1975

Table with 14 columns (Precincts 1-14) and 14 rows (GOVERNOR, SECRETARY STATE, ATTORNEY GENERAL, STATE TREASURER, AUDITOR, SUPT. PUBLIC INST., COMM. AGRICULTURE, CLERK, COURT APPEALS, JUDICIAL AMENDMENT, HOMESTEAD AMENDMENT, 3% UTILITY SCHOOL TAX, MOREHEAD CITY COUNCIL).

Democrats Win With Landslide

Julian Carroll and the entire democratic ticket received landslide majorities in Rowan County at Tuesday's general election.

The democrats carried all of Rowan's 16 precincts, more of them decisively. In its 120 year history Rowan County has voted for the winning Governor with one exception in the general election.

Carroll's Rowan majority was 1606, perhaps a record, although the voter turnout was considered light.

The vote in Rowan's 16 precincts including the absentees: Julian Carroll (D) 2745 Robert Gable (R) 1137

Man Did Not Go To Polls Democratic co-management managers Paul Blair and Sherman Arnett were pleased with the big democratic majorities.

Precinct workers said that many people accepted a democratic victory as inevitable and wouldn't take the time to vote.

An indication of the democratic landslide was apparent shortly after the polls opened. The republicans had few voters, other than a checker or a cashier here and there.

The democrats staffed every precinct with campaign workers and also had more than enough automobiles to bring in the vote.

Rowan was little different from the rest of Kentucky with the exception of metropolitan Louisville and Lexington.

ahead by better than 100,000.

Two Amendments Approved

No other candidate for Governor has received a larger majority in the general election in Kentucky's history.

Gable ran a close race in Jefferson and Fayette counties because of the basing issue in the schools. Gable told the voters to "throw out everybody in office."

Kentucky voters apparently approved two constitutional amendments. The judicial amendment was winning with a 58 per cent margin and yes votes on the homestead amendment appeared sufficient to put this revision in the state constitution.

In Rowan County the judicial amendment carried by a 57 majority and the homestead amendment by 192.

Thus Rowan followed the state trend in the entire election. Democrats will have strong control of the State Legislature when it convenes in January.

Disappointing Nationally To GOP Only Kentucky and Mississippi had gubernatorial campaigns Tuesday and the Kentucky vote was observed nationwide.

Elected to the so-called "minor offices" in Kentucky with landslide majorities were: David Hodge, Circuit Court Clerk; Wathan Armstrong, Senator; Woodrow Stamper, State Representative; Woody May and

Democrats retained full control of the offices in Jefferson county, Kentucky's largest metropolitan area. Tuesday was the first time in 20 years that democrats have won Jefferson County in the general election.

Also elected without an opponent in Tuesday's election all democrats are — Circuit Court Clerk Wathan Armstrong; Senator Woodrow Stamper; and State Representative Woody May and

Wildcat Phone Strike Averted At Morehead

A rumored and feared "wildcat strike" of General Telephone Company employees at the Morehead district offices, did not materialize and negotiations are underway today between the union and the company.

General Telephone workers in Ashland and Hazard walked out at midnight Monday. But GT employees at the state office in Lexington, and the other district office in Morehead, did not join the unauthorized strike.

Federal mediators conferred with striking employees at Ashland and Hazard Monday afternoon, and workers returned to their jobs at midnight Monday.

But, the agreement to return to work at Ashland and Hazard provided that the negotiations between the company and the union be on a day-by-day basis, and that in the event the union decided to strike that 48 hours notice would be given General Telephone.

Morehead has a 95 per cent sewage tax, computed on the amount of water used.

Mayor Corneil said the completion of this sewage system will mean the difference whether Morehead becomes a sizeable city of possibly 20,000 people.

Last year burley accounted for about \$70 million of the state's farm income. Burley is produced also in Indiana, Ohio, West Virginia, Virginia, North Carolina, Tennessee and Missouri.

Democrats are sort of like cats, he said. "Some nights you hear them screaming and fighting and you think

eight working days before the first sales. Last year burley accounted for about \$70 million of the state's farm income.

In recent months, however, burley exports have been declining. As a result, Clay said, a "buyers' market" seems to be awaiting the farmers.

In an interview after the meeting, he explained that the three major grades of burley will bring support prices of 94 cents a pound if they are mixed together.

Massie said it appears that prices will be lower this year and that a considerable amount of burley will go at support prices levels.

The U.S. Department of Agriculture recently estimated this year's million-state burley crop at 837.7 million pounds, which is a four per cent above last year's.

In the marketing year that ended Sept. 30, burley usage slipped to about 600 million pounds, less than what is being grown this year.

The quality of this year's crop is uneven, according to reports at yesterday's meeting.

Summing up the situation in Kentucky, Massie said that spotty weather conditions have made this "a pretty difficult crop to get a handle on."

In the discussion of marketing dates, it was brought out that the sales committee received ballots from a number of warehouses and re-drying plant operators...

Burley sales will be conducted 3 1/2 hours a day. Sales are scheduled for Nov. 20, 26, 28 and 29. After that, they will be on the first four days of each week.

The marketing dates and a series of regulations were included in resolutions adopted by the committee. One of the resolutions urged warehousemen not to officially weigh tobacco before Nov. 14.

Phone Strike

Continued From Previous Page. to work Monday while the Ashland and Hazard districts were on strike.

The contract between Communications Workers of America (local 10371) and Bell Telephone of Kentucky expired Oct. 22.

About 400 employees at Ashland and Hazard admitted the one day walk out was unauthorized and a "wildcat strike."

As of today, everybody is back on the job and the union and company are in negotiations. But, it should be borne in mind that the negotiations are on a day-to-day basis and could be broken off anytime.

Lower Burley Prices Expected; Markets Will Open November 24

The week's developments indicate that burley growers will be "unhappy" with the prices they will receive for their tobacco.

Highlights of the meeting Friday in Lexington of the Burley Sales Committee...

1. The market will open (first sales) on Monday, Nov. 26. This was not unexpected although certain segments of the committee wanted to open the markets a week or two later.

2. A considerable amount of the crop is expected to go into the government pool. The federal price support this year averages 96 1/2 cents a pound.

3. Strong warnings were given growers they should separate their tobacco into at least three grades to gain the highest price, and also assure themselves of the government support price levels.

Albert G. Clay, chairman of the Tobacco Auction Warehouse Association, warned farmers that they might lose 7 cents a pound if they don't separate their burley into at least three marketing grades.

Under the price-support system, he noted, farmers would receive that much more for graded tobacco than for mixed leaf. Last year, when prices hit a record of nearly \$1.14 a pound, little burley was taken by the government.

Everything bringing the same price," Clay recalled, about 75 per cent of last year's crop was taken to market in mixed grades.

In recent months, however, burley exports have been declining. As a result, Clay said, a "buyers' market" seems to be awaiting the farmers.

In an interview after the meeting, he explained that the three major grades of burley will bring support prices of 94 cents a pound if they are mixed together.

Citizens' Consultants Recommend That Annex Be Erected To Present Courthouse

The location of the Rowan County Courthouse continued controversial this week with the release of the recommendations of a planning study made by Chrisman, Miller, Wallace, an architect and planning company, home-based at 326 South Broadway, Lexington.

This recommendation is at variance with that of the VTN Corporation of Charleston, W. Va.

The VTN concern was employed by Morehead Rowan County Fiscal Improvement Association which was appointed by the Morehead Council and Rowan Fiscal Court.

VTN recommended that the county or the city and county purchase the Pinecrest property (buildings and 25 acres) for \$700,000 and renovate the buildings, plus a jail.

The Fiscal Improvement Association adopted a "no decision" attitude following this report and recommended to Fiscal Court and Council that the matter be put to a vote referendum. But, nobody has come up with the legal process for conducting such a referendum.

The report of the VTN Company caused a group, "Committee of Citizens On The Courthouse" to employ Chrisman, Williams and Wallace.

The Chrisman, Miller, Wallace recommendations, released today, advocate: 1. Discontinue the basement of the present courthouse except as the location of heating, electrical etc. units. 2. Build an annex to the present courthouse with sufficient floor space to accommodate both county and city offices and 3. Use the old courthouse while construction is underway.

The Citizens Committee is headed by Dr. Norman Tant, who owns two main street jewelry stores.

The Chairman of the Morehead Rowan County Fiscal Improvement Association is Billy Litton. Other members are Randy Wells, Mrs. Paul Ford Davis, Dr. John R. Duncan, Lee Casper, Calvin Ray Lytle, Ray Martin, County Judge Ott Caldwell and Mayor C. B. Cornett.

One Big Mix-Up

Thus, the mixed-up and heated controversy as of today is 1. The Chrisman consulting firm recommends purchase of the Pinecrest property. 2. The Fiscal Improvement group selected by Council and Fiscal Court, says the matter ought to be left up to a referendum of the people. 3. The Tant committee is not in agreement to a referendum, but is adamant that the courthouse not be moved, and 4. The Lexington consultants, employed by the citizens group, recommends an annex to the present courthouse, plus a new jail.

Everybody admits "it's a hot potato." "Damndest thing I ever saw," was the comment of a person who has long been in county government.

Three attorneys contacted by the Morehead News said they didn't know

who had the power to call such a referendum (election) and especially so since the city and county are two different governmental units.

The circuit court room has been banned for future public gatherings, and one of the immediate questions is where the November 17 term of Rowan Circuit Court will be held.

Dr. Tant had delivered to the Morehead News the following news release which recites the recommendations of Chrisman, Miller and Wallace:

Citizens Committee News Release

"The Pinecrest Children's Home, as presented, cannot satisfy previously established space requirements and does not lend itself to workable functional arrangements" was the first major observation by Chrisman, Miller and Wallace, a Lexington-based architectural firm engaged by the Citizens' Committee for the Courthouse. This conclusion was based upon a physical inspection of the Courthouse and the Pinecrest Children's Home by three architects from the firm who also attended the meeting at which the VTN group, Charleston, West Virginia, made their report to the Morehead-Rowan County Fiscal Improvement Corporation October 21. The Lexington firm has also had for study and analysis a copy of the VTN group report, which included a copy of the McLonee and Associates' space requirements study of 1973 with an updating of costs as of September 15, 1975.

The VTN group's report was criticized further.

"The preliminary office layouts shown in the report for the Rowan County Offices in the Children's Home could result in unsatisfactory functional arrangements which are awkward for county personnel. For example the (Circuit Court) Judge's chambers and the offices of the County Attorney and Commonwealth Attorney are on the upper level while the courtroom is on grade level. It also appears that it will be necessary to add an elevator to comply with KR527.305 regarding accessibility of public buildings for the handicapped. The consultant did not include the cost of an elevator in their estimate."

Other major areas which the Citizen's Committee's report disagreed with the West Virginia group's report were:

"The cost comparisons contained in the consultant's study are of questionable validity. The major points included the fact that in the VTN study, no cost estimate was made for remodeling the existing courthouse, even though this was one of the alternatives they were to consider. The Citizens Committee report, which was written in part by a licensed architect who specializes in restoration of old buildings, lists another choice, a renovation-addition project which might provide for the abandonment of the basement for public use and

building an addition which would provide for adequate space for the local governmental bodies as well as providing required access for the physically handicapped.

"Comparison of two other alternatives misleading. The cost of a 90,018 square foot new facility was compared with the cost of purchase and remodeling of a 24,960 square feet existing facility. Several agencies and departments have not been accommodated in the Children's Home alternative report, therefore, does not make an apples-to-apples' comparison and the results are misleading."

"Children's Home remodeling costs appear to be underestimated. The consultant's study identifies the impracticality of adding central air conditioning. New window units would probably exceed \$10,000 an elevator would have to be added, the cost of which can be anticipated at between \$15,000 and \$25,000. The consultant's description of work required for the Children's Home alternative did not mention the need to provide storage vault spaces for the County Clerk, Circuit Clerk, County Judge, etc. This type of construction, especially the vault doors is quite expensive. The square foot costs used in the consultant's estimate for the renovation work appear too low in every area, except the jail."

"Other considerations discussed in the Citizen's Committee's report include several less direct items:

1. "Property Taxes. The Pinecrest Children's Home is a privately owned facility and represents tax revenue to the County (and City) which will terminate if the County buys the property."

2. "Employment. It is certain that Rowan County and Morehead will lose the benefit of the current payroll and sales by local vendors at Pinecrest if the facility is converted to city-county government functions."

"The suggestion (by the consultant) that a parking lot on the existing courthouse site would be a viable stimulus to downtown business seems unsubstantiated in consideration of the fact that well-located, undeveloped property in downtown Morehead is currently available for parking lot development and has not been developed. The revenue from the courthouse site parking lot projected in the study would require the lot to be completely full six and one-half hours per day, six days per week. Such utilization is very nearly impossible

Experience in other communities with municipal parking lots also suggests that the net revenue would only be a small fraction of the gross revenue, and frequently less than potential tax revenue from other uses."

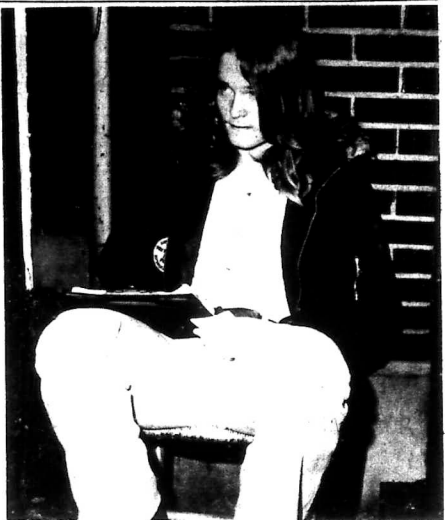

Dr. Norman Tant, Chairman of the Citizens Committee for the Courthouse stated that he and his committee were pleased that a reputable architect, registered and licensed in Kentucky, had made such a penetrating study of the courthouse, the Pinecrest Children's Home and the VTN report to the Morehead-Rowan County Fiscal Improvement Corporation. He further stated that he expects the Committee will authorize very soon the publication of the entire report by Chrisman, Miller and Wallace, along with explanations and positions on the many recommendations in the report.

"We don't have any axes to grind, real estate to sell, or secret to hide. We were formed at a public meeting in response to a crying public need. We shall continue to be vigilant in our efforts to protect the interests of the people. My own feeling is that there should be prompt action to assure the most sensible solution which I have heard from a qualified person and that is to build a three or four-story addition to the present courthouse, meeting the present and reasonable future needs of local governmental offices and in a phased construction then renovate the present courthouse. The jail would be on the top floor and an elevator would be incorporated in the addition to give access to the renovated second floor of the present courthouse to comply with the law regarding the handicapped."

"Off-street parking lots should be developed. Adequate parking spaces should be provided on the courthouse site for people having to come in on business. Employees in the courthouse would be prohibited from occupying these parking spaces, with the possible exception of constitutional officers of the county or city government."

"No Johnny-come-lately can provide Rowan County with an instant history by moving monuments and markers over to a new field and cutting a road to them. Pride and tradition are as important as a place to park. They were started before the need to park arose and will remain after the need to park has passed."

The Executive Committee of the Citizens Committee is made up of Norman Tant, Chairman; I. Madell, (Mrs. Steve) Eldridge, Treasurer; Pearl (Mrs. Claude) Brown, Jewel; (Mrs. Walter) Carr, Roy Caudill, Steve Goldberg and Alpha Hutchinson.

CHECKING VOTERS Democrats had checkers and car haulers at every Rowan County polling place Tuesday. In this precinct the captain was Geneva Humphreys, who was absent getting another car load of voters when the Morehead News photographer appeared. Her helper Jim Cornett has a comfortable chair from which to check off each voter entering the polling place.

Special Youth Matinee!
Doors Open 1 p.m. Friday, Nov. 7
"THE MUMMIES SCHROOD" and "HILLBILLIES IN THE HAUNTED HOUSE"

PRECINCT OFFICERS... Rowan County last year raised the pay of precinct election officers to \$25 but that is still below the minimum wage because they are put in about 13 hours on election day. These are the election officers in the Morehead City Hall (No. 13) precinct in Tuesday's general election. Seated, from left - Margaret Ferguson and Velva Caskey. Standing - Jim Barker and Emma Earker.

BROWNOUT: WE HOPE YOUR KIDS NEVER FIND OUT WHAT IT MEANS.

When the demand for electricity is so great the electric company can't meet it, a "brownout" occurs. Line voltage drops, lights dim; appliances don't work properly; motors overheat, work slows down or stops.

Right now this isn't a problem for our customers. We have enough generating capacity to supply your home and job, even during times when everyone uses a lot of electricity. And we want to keep it that way. That's why we must build new generating plants today. To meet increasing electrical demands. To avoid brownouts five or ten years from now.

All of this takes money.

And we have to borrow that money at today's high interest rates. Our construction and operating costs are up like everyone else's. We have to pay more for the fuel we need to make electricity. And we have to prepare for the future. The result is an electric bill that's higher than most people are used to. But for a lot of costly reasons. Reasons we don't like anymore than you do.

Our job is to supply you with the electricity you need... now and ten years from now.

CLASSIFIED ADS

Tract No. 2 — "Also a certain tract containing 8 acres, more or less."

TRACT No. 2 — "Also a certain tract or parcel of land, lying and being in Rowan County, Kentucky, on the northwest side of Triplet Creek and bounded and described as follows, to-wit: Beginning at a large maple tree on the west bank of Triplet Creek, near the Allen Ford and on the opposite side of the creek from the Norris Spring and running in a southwest direction up Triplet Creek 1510 feet to a small beach tree and set north on the bank of the creek; thence North with the Fleming County road 818 feet to an elm tree on the south bank of Triplet Creek near the Carey Fork; thence with the bank of Triplet Creek northeast 183 feet to the beginning, containing 43 acres more or less."

Tract No. 3 — "Beginning at the southeast corner of W. B. Ford's lot on Triplet Avenue, thence a west course with the line of said W. B. Ford's lot, a distance of three hundred and twelve feet, to a set stake at the corner of said Ford's barn, being the southeast corner of said barn, thence with said Ford's line, a north course, a distance of 126 feet, to a set stone in Wm. Stevens line, thence with said Stevens line a west course, a distance of 372 feet to the corner in Razer line, thence with said Razer line a south course 343 feet to a corner of A. M. Prentice in said Razer line; thence an east course 340 feet with said Prentice line more or less to Triplet Avenue, thence a north course with Triplet Avenue 206 feet to the beginning."

Tract No. 4 — "Also another tract or parcel of land, lying and being in Farmers, Rowan County, Kentucky, and described as follows: A certain tract of land situated in Farmers, Rowan County, Kentucky, beginning on Triplet Avenue, at a stone, thence west 312 feet to a stone; thence north 126 feet to a stone in W. F. Stevens line to a stone on Triplet Avenue, thence south on Triplet Avenue to the beginning, containing 14 acres more or less."

Tract No. 5 — "Also another tract or parcel of land, lying and being on the waters of Licking River and on U. S. Highway No. 60, within the limits of the town of Farmers, and bounded on the north by Triplet Creek; on the east by the lands of Rcy Stamper, Bill McClain and M. G. Maze, on the south by the Chesapeake and Ohio Railway Company, and on the west by the lands formerly owned by Burrows, now owned by Gullett, and containing within said boundary, 10 acres of land, be the same more or less."

Tract No. 6 — "A certain tract or parcel of land lying and being in Rowan County, Kentucky, in the town of Farmers, Kentucky, and described as follows: Beginning at a stone on the north east corner of lot now owned by

Bill McClain (formerly owned by Frank Calvert); thence with Triplet Avenue to the Triplet Creek on west side of Triplet Avenue; thence with Triplet Creek to the line of Razer heirs; thence with the line of Razer heirs (now Bill McClain) south to the line of Wm. McClain; thence east with the line of McClain to Triplet Avenue, the beginning, containing 9 1/2 acres, more or less."

Tracts No. 1 and No. 2 are the same land conveyed to Jerry Brewer by deed from William T. McClain and wife, dated January 27, 1945, and recorded in Deed Book No. 55, page 294, of the Rowan County, Kentucky Records for Deeds.

Tracts No. 3 and No. 4, and No. 5 are the same lands conveyed to Jerry Brewer from William T. McClain and wife, by deed dated January 27, 1945, and recorded in Deed Book No. 55, page 283, of the Rowan County, Kentucky, Records for Deeds.

Tract No. 6 is the same land conveyed to Jerry Brewer, from Creed Norman and wife, by deed dated February 4, 1947, and recorded in Deed Book No. 58, page 141, of the Rowan County, Kentucky, Records for Deeds.

The judgment and order of sale provides that the above described Tracts 1 and 2 shall be sold together; that Tracts 3 and 4 shall be sold together; and that Tract 5 shall be sold separately at the rate of eight (8) per cent per annum from the day of sale, until paid, and having the force and effect of a judgment. Bidders will be prepared to comply promptly with these terms.

Master Commissioner
Rowan Circuit Court c-47

Rocks Being Thrown At Trucks On I-64

Truckers in Kentucky and area states are suffering each other by Citizens Band (CB) radios to be prepared for trouble when passing underneath an Interstate 64 bridge in east Rowan County.

The bridge which is above I-64 is on Ky. 758, known as the Big Perry road. The district State Police office at Morehead confirmed that on Thursday, Friday and Saturday that rocks eggs and perhaps other matter had been thrown from the Ky. 758 bridge toward trucks, mostly eastbound.

State Police are also on the lookout, and have received reports of three broken windshields and perhaps other damage.

Every trucker apparently knows about the danger... and it appears only a question of time, if the rock throwing continues... whether the culprits will be caught by the truckers or the State Police.

It is an "open secret" that some truckers are approaching the Big Perry bridge with guns in their hands.

Police had no comment about reports of a Mt. Sterling prostitute soliciting business on a CB radio. One officer said the woman speaks in a sexy and seductive voice but that she really isn't a prostitute but "having some fun on her CB radio."

Consumer Comments

This column is written by Ed. W. Hancock, Attorney General of Kentucky. Any reader having questions (or complaints) should write to Mr. Hancock at Frankfort, Ky.

Rising gasoline prices have made everyone more concerned with fuel economy as a factor in new car purchases. This year's new car advertisements refer to mileage figures published by the Environmental Protection Agency (EPA) in Washington, D.C. Do you know what these EPA figures mean?

The Federal Trade Commission (FTC) has issued interim guides concerning the use of fuel economy claims in advertising. These guides are based on the "city" and "highway" gas mileage figures of the EPA, which derives its figures from tests on cars driven on platforms designed to simulate city and highway driving conditions.

EPA figures are used to compare fuel economy on different model cars. But don't forget to consider the following factors which effect EPA gas mileage figures and which the FTC requires car ads to disclose:

- + The engine size, transmission type and fuel system result in different gas mileage for the same model cars.
- + When mileage figures in an advertisement refer to a specific car, the ad must disclose all optional equipment which can increase fuel costs. In addition, the absence of optional equipment must be disclosed.

Bill Lambert, Widely Known Citizen, Dies

One of Rowan County's best known citizens, W. L. (Bill) Lambert, died last Tuesday at his residence on Dry Creek. Mr. Lambert, who witnessed the development of Morehead and Rowan County was 80 years old.

Funeral services were conducted Friday afternoon at Oak Ridge United Baptist Church by Reverends Wallace Webb and Owen Cox. Burial was at Critt Church.

Few Rowan Countians were better known than Bill Lambert. He was born in Elliott County Dec. 13, 1894, son of James and James August Lambert and Martha Binion Lambert. The family moved to the Dry Creek section of Rowan County when Mr. Lambert was 10 years old.

He married the former Arville Crum who preceded her husband in death. Mr. Lambert was a successful farmer and was last seen at his home in a forced retirement. He was also a

charter member of the Oak Grove Baptist Church.

Mr. Lambert leaves four sons — James A. Lambert of Ironton, O., John H. Lambert of Ashland, Dock R. Lambert of Pittsburgh, Pa., and Sindy Lambert of Gaston, Ind., eight daughters — Mrs. Ardella Clark of Elliotville, Mrs. Ethel McBrayer of Springfield, O., Mrs. Jessie Caskey of Eustis, Fla., Mrs. Hettie Berdar of Kennerfield, Pa., Miss Bessie Lambert of Clearfield, and Mrs. Lottie Marie Staggs and Mrs. Verne Quisenberry, both of Morehead.

Other immediate survivors — a brother, Samuel Lambert, Clearfield, three sisters — Sarah Gehler of Whitewater, Wis., Ida, Morton of Oakwood, Ill., and Cora Wells of Buckley, Ill. There are 34 surviving grandchildren, 38 great grandchildren and four great great grandchildren. The family is one of Rowan County's largest.

The bearers — Eugene Lewis, Wilfred Lewis, Clinton Lewis, Vern Stamper, Michael Berdar and Jim Hildreth Stucky Funeral Home was in charge of arrangements.

Leora Mynhier, Rowan Native, Dies In Ohio

Death came in Mansfield, O. last Wednesday to a native and pioneer Rowan Countian, Mrs. Leora Mynhier. The end was not unexpected as she was 87 years of age and had long been in failing health.

The remains were removed to Lane Funeral Home at Morehead and final services conducted Saturday afternoon by Reverends Scott Griffith and Luke Richmond at the Clearfield Tabernacle. Her husband, Jess Tony Mynhier preceded his wife in death.

Mrs. Mynhier lived in Rowan County until five years when she moved after the death of her husband to Mansfield to reside with a son.

She was a housewife and member of the Church of God. Immediate survivors are three sons — Russell Mynhier of Morehead, Delbert Mynhier of Golon, and Harold Mynhier, Mansfield, and a daughter, Mrs. Rosie Jenkins, Morehead. She leaves 33 grandchildren, 71 great grandchildren, and seven great great grandchildren.

The bearers — Harry Gault, Bobby Wright, Buddy Owens, John Dickerson, Earl Gilliam and Woodrow Hall Lane Funeral Home was in charge of arrangements.

Your Social Security

By David Bryan — Ashland District Mgr. For Social Security Information write: District Social Security Office, 1046 Carter Avenue — Ashland, Ky. Phone 325-7666.

Doctor bills for October, November, and December may in some cases count toward the \$60 annual deductible for 1975 and 1976 under the "carryover" provision of Medicare medical insurance, according to David Bryan, social security district manager in Ashland.

Medicare medical insurance doesn't pay for the first \$60 in covered medical expenses in a calendar year. "But people who haven't had \$60 in covered expenses before October should be sure to send in all the bills for covered services they receive in October, November, or December," Bryan said.

"Any expenses you have during the last 3 months of the year that can be counted toward your deductible for that year can also be counted toward the deductible for the next year," he said.

The carryover rule helps people who might otherwise have to pay the \$60 deductible twice in a short period of time — at the end of one year and at the beginning of the next year, Bryan explained.

Bills for covered medical services should be attached to a filled-out Request for Medicare Payment form and sent to Medicare, Metropolitan Life Insurance Co, 1218 Harrodsburg Road, Lexington, Kentucky 40504. Request for Medicare payment forms are available at any social security office and are available many doctors offices.

Medicare medical insurance helps pay for doctor bills and many other medical expenses of people 65 and over of disabled people under 65 who have been entitled to social security disability benefits for at least 24 consecutive months, and of many people with permanent kidney failure.

Medical insurance is the voluntary part of Medicare, funded by individual premiums and Federal general revenues. Medicare is administered by the Social Security Administration, an agency of the U.S. Department of Health, Education, and Welfare.

The Ashland, Kentucky social security office is at 1816 Carter Avenue. The phone number is 325-7666.

Skibobbing—A new sport catches on

DENVER, Colo. (AP) —

Combines the grace and maneuverability of sking with the speed and thrill of bob sledding and you get up some where in the middle of a relatively new sport showing up on several of the radio snow slopes.

The skibob is a bicycle-like frame with seat and handlebars. Skilled runners take the place of skiers and use short skis for the roller but the skibobber uses his or her feet to maintain balance and guide the "bob."

With the ski slopes, success to Fitzsimons Army Medical Center many of the hospital's employees have tried out the sport. After a particularly fast run, Sp5 Rosanne Turner of Exton, Pa. compared it to a skibob to riding a motorcycle.

Skibobbing was brought to Denver from Europe, where it is already a popular winter pastime.

AFTER A FEW HOURS skibobbing becomes a thrill for John Guaretti and Sp5 Rosanne Turner of Fitzsimons Army Medical Center, specialist Guaretti of Portland, Maine is assigned to the center's pediatric clinic, and Specialist Turner of Exton, Pa. works for Fitzsimons radiology service. (U.S. Army Photo by A. B. Croninger)

CARROLL'S BIG HUG... The latest picture the Morehead News had in its morgue of Julian Carroll, elected Governor Tuesday by a landslide, is the one above. In the picture Carroll congratulates 85 year old Miss Ollie Randall of New York City who has just received the Donald P. Kent Award for outstanding contributions in the field of aging. Gov. Carroll was the principal speaker in Washington for the national meeting of the national Gerontological Society.

Rowan County Has No Court Room, Jurors Summoned

Rowan County officials apparently don't know where the next term of Rowan Circuit Court, scheduled to open November 17, will be conducted, but summons are being issued by the Sheriff and a jury of 30 has been drawn from the wheel.

The present Circuit Court room, in which court has been conducted for almost 80 years, has been condemned for public meetings by Fiscal Court Engineers, the Fire Marshall and others have also said the circuit court room is unsafe and subject to collapse.

Following are jurors who are being summoned by the Sheriff to serve during the November term - Leslie E. Figs, Betty Lane, William Hampton, Hezia McDaniel, Joe Harvey, Shade Kincaid, Roy Cassidy, Roger L. Wilson, Joe Tolliver, Leo Miller, Carlos Hill, Zane Collins, Neil Mahoney, Janice Gaudin, Georgia Ann Staton.

Others summoned to report for jury service Nov 17 - Eunice Cecil, Winford McCarty, Charles Holt, Barbara Gilles, Donald F. Platt, John D. Stansley, Addie Rader, Emma Hutcheson, Rita Klegley, William Marple, Donald J. Martin, Beulah Pennington, Fred Patrick, Edmund Hicks and Robert G. Praley.

It is used to be that those drawn out of the jury wheel first (about 16) served on the grand jury, and the others, except those excused on the petit jury. That has been changed, and Judge Caswell P. Lane first draws the capsules from the above 50 who will serve on the grand jury.

It is expected that County Judge Ott Caldwell and Fiscal Court working with the Circuit Judge and Commonwealth Attorney James E. Clay, will decide within the week where the November circuit court session will be conducted.

Engineers say that the flooring and underpinning are pulling apart from the walls in the old circuit court room.

Parent, Teacher, Student Group Meets Thursday

The Rowan County High Parent, Teacher, Student Association will meet this (Thursday) evening at 7:30 in the high school cafeteria.

Following a brief business session, student aides and committee chairman will be elected.

Miss Sheila James, Rowan County High 1975 homcoming queen, will head the talent program along with other RCHS homcoming queens.

Registration for charter membership will be accepted and cards later distributed.

Officers of the PTSA are President Frances Fatch, Vice President Mary Lee Bonyala, and Secretary-Treasurer Shan Jackson. The organization meets the first Thursday evening of each month.

School Boards Elect Stringer Chairman

School board members and administrators from 17 area school districts re-elected Bobby Stringer chairman of the Kentucky School Boards Association's Eastern Kentucky North Region for 1976. Mr. Stringer will continue to serve on the KSBA Board of Directors, the governing board of the statewide organization. He is a member of the Boyd County Board of Education.

The KSBA Eastern Kentucky North Region's dinner meeting was held at Morehead State University on Thursday, October 31, with Chairman Stringer presiding.

Rowan County Has No Court Room, Jurors Summoned

The audience of over 60 meeting participants, including local district school board members, administrators, legislators, KSBA officers and staff was welcomed by Dr. Adrian Dorman, president of Morehead State University. They also heard presentations on legislative matters and Association programs and services, and discussed issues and centers of interest to school boards in the Eastern Kentucky North Region.

Thomas Wilson, chairman of the Russell Independent Board of Education, was re-elected vice chairman of the Region.

Dr. William Edson, superintendent of the Boyd County Schools, will continue to serve as secretary to the Region.

MRS. RAY ELECTED TO OFFICE BY NURSES

Mrs. Jane Ray, head of the Department of Nursing and Allied Health at Morehead State University, has been elected to office in the Kentucky Nurses Association. She was named secretary of KNA's education administrators, clinician and teachers section during the group's 88th annual convention.

Mrs. Ray is a former resident of Mayfield, Ky.

Breck Captures Third Place In 1st Tournament

The Breck Eaglets opened their 1975-76 basketball season Friday night, October 31 at Menifee County in the Foothills Conference tournament. The Eaglets faced Elliott County in a semi-final game. Elliott County has a big front line-3 players 6'4" or better. In contrast, the tallest Eaglet player stands 6'2". The Eaglets started out slowly trailing at halftime 36-19. Breck warmed up some in the second half but wound up on the short end of the 71-53 score.

The Eaglets were led by Jimmy Morrison's 21 points. Tommy Queen added 9, Tony Jones 8, Mike Gillum scored 7, Kevin Harris had 4, and Danny Dailey and Nathan Huang rounded out the scoring with 3 points and 1 point respectively. Leading rebounders were Tommy Queen with 15 and Mike Gillum with 10.

The loss moved Breck into the consolation game Saturday night against Riverside. The Eaglets got off quickly in this game as Riverside didn't give Breck much trouble early. The Eaglets substituted freely in the second half as every player saw action. The final score was 91-40. The Eaglets were led in scoring by Jimmy Morrison's 27 points. He was followed by Kevin Harris 18 points, Tommy Queen and Nathan Huang also hit double figures with 11 points each. Danny Dailey had 8, Tony Jones and Mike Gillum 6 each, and Tim Hughes added 3 points. Breck was led in rebounding by Kevin Harris and Tommy Queen with 20 and 19 respectively. Jimmy Morrison had 11 and Mike Gillum pulled down 10. Morrison also contributed 10 assists. The Eaglets next game is at home against Menifee County on November 7.

RIDIN' AND HIKIN' . . . The Webelos Den of Morehead Cub Scout Pack 21 conducted a bike hike last Sunday in the area of Paragon Tunnel, south on Highway 519. The hike was approximately ten miles long and was thru some very beautiful country. The Webelos who made the trip are (from left): David Thompson, Robert Kiesel, Mike Wilson, John Balda and Bruce Scott representative David Setzer. Any 10-year-old boy attending Morehead Grade School or University Breckinridge School is eligible to join this Webelos Den. He just has to phone Mr. Dennis Karwatska at 784-3364.

4,000 Feet Of Water Lines In Relocation

The Kentucky Department of Highways (Department of Transportation) has been forced to relocate about 4,000 lineal feet of 6 inch and 3 inch water lines in connection with the re-paving and widening of highway 32 from Morehead to Flemingsburg.

The 4,000 feet of line is owned by Rowan Water. Inc. It is in the area on Ky. 32 just north of the I-64 connector at Morehead.

The State today advertised in the Morehead News for relocation of the lines. Bids will be opened in the district highway office at Flemingsburg Nov. 25.

Some Other Reason
The new Postal Service credit just came out. Neither snow nor rain nor heat nor gloom of night stays these couriers from the swift completion of their appointed rounds—so there must be some other reason.

Cave Run And Grayson Water Conditions Given

The Kentucky Department of Fish and Wildlife Resources released the following fish:
Cave Run reservoir: Black bass slow on spinner baits in inlets and bays; musky slow casting and trolling deep runners over channel drop-offs, clear to murky, stable, four feet below summer pool and 59 degrees.

Grayson reservoir: Black bass slow to fair still fishing minnows on the lower lake and casting and trolling surface to medium runners around stick ups; crappie slow over submerged cover; below dam, trout slow, clear to murky, falling slowly, five feet below summer pool and 56 degrees.

Kentucky Afield

By Hope Carleton
Dept. of Fish and Wildlife

There's a new topic of conversation around the docks at Herrington Lake, a new kind of excitement among fishermen and a "new" species of fish in the waters that is responsible for both the talk and the excitement.

The rockfish isn't actually a "new" fish to Herrington, but it might as well be. The first of these salt-water cousins of the white bass were caught in 1958, but in small numbers on an experimental basis. Herrington received a few rockfish in subsequent years, but not in really significant numbers.

When it became apparent that these fish were surviving and doing well in Herrington (a 44 pound, four ounce rockfish, the state record, was caught there in 1970) the numbers were increased significantly. In 1973, the Department of Fish and Wildlife put 29,800 rockfish in Herrington, then increased the 1974 and 1975 stockings to approximately 50,000 per year.

Those 1973 fish are now averaging between three and five pounds each, and they are the ones that are being caught in increasing numbers at Herrington. According to one dock owner, fishermen started taking these fish in early July and have been catching them ever since. This is the first year that Herrington's anglers have been fishing specifically for rockfish and they are slowly developing techniques for locating and catching them.

The most productive lures seem to be either deep runners or large dollies fished fairly deep, but recently some rocks have been caught in the jumps on surface lures. Those who have seen rockfish slashing through surface schools of shad say that it's really a fantastic sight. If you've ever fished for white bass in the jumps, you can imagine what a commotion these much larger rockfish make.

Add to this the possibility of hooking into a 30- to 40-pound or perhaps larger fish when you cast into these jumps, and you'll see what all the excitement is about. A 16-pounder was brought in recently and apparently some much larger fish were hooked but not landed. Several docks reported selling out of 20-pound test line a couple

Boats Need Winterizing

Now that the last golden days of summer have faded, Kentucky boat owners are hearing a different line of advice from the Department of Transportation's division of water enforcement here.

Instead of preaching safety on the water, the division now has been telling boaters what they must do if their boats are to be kept safe and seaworthy until next spring.

"Putting your boat in drydock calls for more work than just lifting it out of the water and storing it until next year," says Doug Shoulters, the state's director of water enforcement.

For one thing, says Shoulters, both the hull and engine should be inspected thoroughly for any signs of damage or rot that needs repairing. Steps should also be taken to protect the hull and engine from corrosion during the coming winter months.

"If it isn't done now you could have a lot of serious and expensive problems to correct next spring," he said.

Other essential steps which should be taken now in winterizing boats, either dry-docked or in the water, were listed by Shoulters as follows:

- Examine the steering system for rust, kinds or other obstacles to free steering movement.
- Inspect the electrical system for damaged insulation or loose connections.
- Check the fuel system for leaks, corrosion or loose fittings, drain the system and let the motor run dry to purge the engine of all gasoline fumes, although it is not necessary to remove the gas.

- Look over your safety accessories for signs of necessary repair or replacement, especially personal flotation devices, navigation lights and fire extinguishers.

THIS REFRIGERATOR HELPS TO PAY FOR ITSELF!

Based on Morehead 1975 electric rate information

This Philco COLD GUARD CAN SAVE \$400.00 UP TO IN ELECTRICITY

Tests show Philco Cold Guard refrigerators use electricity only about half the time when maintaining recommended food conditions. Most major competitors use electricity continually. Cold Guard makes the entire cabinet-top back sides doors—even the bottom—a multi-layer barrier against heat loss. Keeps cold in, heat out. Saves operating costs—no, save money and the refrigerator can help to pay for itself. Actual savings may be more or less depending on climatic conditions, individual usage and electric rate charges. Savings are based on typical residential electricity rates and consumption in the above mentioned areas. Savings test data available upon request from Philco-Ford Corporation, Blue Bell, Pa. 19022.

PHILCO NO-FROST 16.6 cu. ft. capacity SIDE-BY-SIDE REFRIGERATOR-FREEZER

SAVE TIME, MONEY, FOOD, SPACE WITH REMARKABLE COLD GUARD FEATURES. Un-wait their locks in cold—no seams or joints to leak cold. Easy to clean too. Adjustable shelves. No rotating in freezer section. Deep-shelf storage doors. Add optional Automatic Ice Maker now or later.

THE REMARKABLE PHILCO COLD GUARD IS NOW AVAILABLE AT...

10 oz. Jar

Vikings Win 66 To 2; Clinch EKC Championship

Rebounding from two straight losses, Fleming County clinched the Vikings' Eastern Kentucky Conference football title with a crushing 66-2 win over Fleming County last Friday night.

The fired-up Viking defense forced the Panthers into repeated mistakes, and the offense wasted little time in converting the errors into scores. Unable to move with the opening kickoff, the Vikings' Danny Wallace punted to the Panther 3 yard line. After three plays, Fleming County's Steve Adams, punting under pressure, managed only a short kick which Robert Thomas returned to the Panther 15. Donnie Skaggs then ran for a touchdown on the first play, and the Viking onslaught began.

After returning the subsequent kickoff to their own 30, the Panthers fumbled on their third play. Rowan County's Dewayne Carter picked up the ball and ran 25 yards into the end zone. The minute later, Viking tackle Scott Mullen duplicated Carter's action from 15 yards out. The next Panther drive lasted only three plays before Preston Armstrong recovered another fumble for RCHS. Steve Hodges then rambled 30 yards on a sweep for the fourth Viking TD, and RCHS had a 30-0 lead with two minutes left in the first period. Hodges then had a 70-yard punt return score canceled by a penalty as the first quarter ended.

The Vikings scored twice in the second period when quarterback Tim Whittle connected with end Billy May for a 28-yard TD pass, and Hodges broke loose for an 80-yard score, after the Vikings had recovered yet another Fleming County fumble at the RCHS 11 yard line. Thomas' conversion run

boosted the Vikings to a 46-0 halftime advantage.

Skaggs In 40 Yard Romp

The second half began very much the same as the first half, with Skaggs scoring on a 40-yard pass interception, Paul Kidd going five yards for a TD after a bad snap by the Panthers, and May passing to Gary Kerns for a 25-yard score to raise the margin to 66-0 after three periods.

Fleming County's safety, their only score, was unfortunately compliments of Kerns, who was tackled in his own backfield zone while recovering Viking fumble early in the last quarter. The Panthers, injury-plagued all season and vastly out-manned, mounted three scores in their final fourth period. The Viking defense held five times inside their own five to stop the first one. Tony Glover intercepted a Panther pass in the end zone to stifle a second, and the final clock halted the third one at the RCHS 14 yard line.

Coach Ken Howard's Vikings amassed a total of 291 yards in the game. Hodges had 142 of those, all but five coming in the first half. The Panthers of Joe McMackin had 49 yards rushing in the first half but picked up 125 more against the Viking reserves in the second stanza.

Despite the huge score, it was the defensive unit that excelled in the game. Mike Howard, Scott Mullen, Mitch Ramey, Chuck Gilley, Dewayne Carter, Chuck Adams, David Tolliver, and Buck Bennett were all cited by Coach Howard for their efforts. Steve Hodges scored 18 points and raised his

season total to 110.

The Vikings' jaw 9-2 will help Morgan County tomorrow night in a game which will decide whether or not the Vikings are undisputed District 2 Champs. The Vikings have already clinched a spot in the playoffs, probably against Hazard next week, by virtue of their earlier win over Prestonsburg, their closest challenger. But a win over the Cougars from West Liberty would give the Vikings some more momentum going into the playoffs and a perfect 5-0 district record. Kickoff is at 8:00 at Viking Field.

Bad Weather Blamed For Dismal Finish

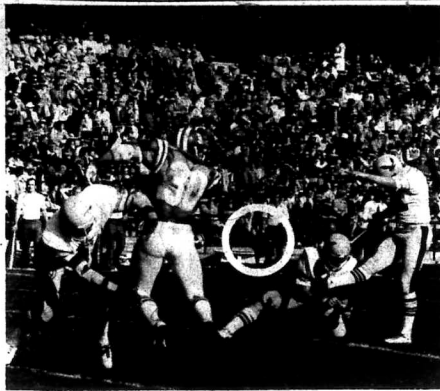

"We had so much bad weather we were not able for the tournament."

That's how Morehead State University's women's tennis Coach Sue Lucke summed up her team's sixth-place finish last weekend in the Kentucky Women's Intercollegiate Conference Tennis Tournament last weekend.

Western Kentucky took the title and Murray State was second. Kentucky Wesleyan, Eastern Kentucky and Louisville rounded out the field. MSU tied with UL for the final spot.

Freshman Cindy Queen was MSU's only winner in first round competition. Queen won a No. 4 singles and then fell to Judy Sherrill of Murray State in the second round.

MSU completed its season with a 2-4 mark.

LONG FIELD GOAL . . . Morehead State University placekicker Don Radin boots a 41-yard field goal in MSU's 14-10 loss to Western Kentucky. Radin, a junior from Lexington Bryan Station, broke three MSU punting records during the game. He set new marks in punts in a game (11), most punt yardage (151) and longest punt (75 yards). MSU hosts East Tennessee at 2 p.m. Saturday.

Terry Not Asked To Resign As MSU Coach

Subtle hints by uninformed metropolitan sports writers that Roy Terry was asked to resign as football coach at Morehead State University are untrue, according to a full check into the situation by the Morehead News.

President Adron Doran said: "Nobody asked for his resignation. He submitted it voluntarily to me."

Dr. R. H. Playforth, Chairman of the MSU Athletic Council, said that he knew "nobody asked Terry to quit." This was also verified by Athletic Director G. E. Moran, Jr.

Also classified as "ridiculous and unethical reporting" was a statement in some daily papers that "Jake Hallum lasted only four years at Morehead."

Hallum resigned in 1970 to become assistant football coach at the

University of Maryland. At the time, Dr. Doran and others urged him to remain at Morehead.

The Morehead team won its first game this season, on last minute field goal at Marshall, then lost the next five.

Homecoming Game Was Clincher

Criticism of Terry mounted on the campus and among MSU followers after the homecoming game. The Eagles were favored over Austin Peay by two touchdowns, but lost 20-10. Terry said after the litesst game "We stunk."

There are widespread reports, neither verified or denied, that both football and basketball players quartered at Downing Hall, a special luxury type dormitory for varsity players, have been "doing lots of things, particularly at night, they shouldn't do." Dr. Doran said he would not comment on this, adding that the dorm is in charge of the head football and head basketball coaches.

Something must have happened among the players following Terry's resignation because the Eagles played a whole of a game Saturday against powerful Western Kentucky at Bowling Green. Western won 14-10, but needed the breaks to do it, and Morehead was on their nine yard line near the end of the game.

Morehead looked like an entirely different, and greatly improved, team at Western.

Assistant Coaches Affected

Reports, also neither denied or verified, are that some of the assistant football coaches became "denied" last week over the conduct of some of the players on and off the field . . . and there may have been fistfights. The assistant coaches could lose their job when Terry leaves as the new head coach chooses his own assistants.

Anyhow, the Eagles looked like a colorful football team the first time last Saturday in Bowling Green.

Terry's Integrity Questioned

One of the members of the athletic council told the Morehead News: "Roy Terry is a fine, likeable and personable Christian man. But, he just couldn't get the job done at Morehead."

Terry is well liked on the campus and downtown, but the string of defeats over 3 1/2 years was too much for the followers of the MSU team.

Following the line of procedure in selecting Terry's successor —

1. Applications are received by G. E. Moran, Jr., the director of athletics. Moran also explains to prospective applicants the scope of the job,

Eagles Almost Beat Powerful Western

Morehead State University's football team made its final road appearance of the season a memorable one.

The Eagles raced to 100 haltime advantage over Western Kentucky sixth-ranked Hilltoppers but faltered in the closing minutes and lost, 14-10.

"It was very proud of the way we played," said Head Coach Roy Terry. "We led almost the entire game and it has to be a moral victory for us."

MSU's record dropped a 1-4 overall and 0-5 in the Ohio Valley Conference. The losses have been consecutive.

MSU scored first on a 41-yard field goal by junior Don Radin and later added a touchdown on a one-yard run by

freshman quarterback Phil Simms. Radin established three new MSU records in punting. He kicked 15 times for a total of 514 yards. His longest boot was 78 yards.

Simms found MSU's new "shotgun" formation to his liking, completing eight of 19 passes for 105 yards.

Defensively, tackle Al Moore led with eight unassisted tackles and two assists. Earl Ray Graham had six tackles, two assists, a block-punt and a pass deflection. Vic Williams and Cal Long each had pass interceptions.

Morehead State returns home Saturday to face Tennessee at 8:30 p.m. in Jayne Stadium. The Blue-Gold Marching Band Championships begin at 9 a.m. and conclude during halftime.

Morehead Soccer Team Has Led With 3-1 Record

Morehead State University's soccer team remains atop the Kentucky Intercollegiate Soccer Conference after a 3-1 win over Center last week.

Dr. Mohammed Sabir's squad ran its record to 9-4, overall and 7-1 in the KISC. Sophomore Ron Forsberg scored two goals and freshman Jays McLeans the other.

The Eagles, who lead Absorb by one game in the title race, visit Ball State Saturday at 1 p.m. They return home to face Transylvania on Nov. 12 at 6:30 p.m.

MOREHEADIAN PARTICIPATES IN HAWAIIAN MANEUVERS

Army Private First Class Rex A. Sparks, 18, son of Mrs. Dottie F. Sparks, Morehead, Ky., participated in a field training exercise on the island of Oahu, Hawaii.

The training consisted of airborne operations and live fire exercises.

Pvt. Sparks, an ammunition handler in Battery A, Jr. Battalion, 13th Field Artillery of the 25th Infantry Division Artillery, Schofield Barracks, entered the Army in November 1973, completed basic training at Ft. Knox, Ky., and was last stationed at Ft. Sill, Okla.

remuneration, etc.

2. After a fixed deadline, Moran will turn the applications over to the athletic council headed by Dr. R. H. Playforth.

3. The Athletic Council will probably contact several of the applicants for interviews, etc.

The Athletic Council will then submit to President Doran their recommendations, probably first, second, third etc. choices.

Doran then presents the recommendations and all related matter to the Board of Regents. The Regents will employ the new head football coach.

Members of the Athletic Council besides Playforth, Moran and Doran are — Dr. J. R. Duncan, Dr. John Graham, Dr. Gene Scholes, Dr. James Powell, Roger Wilson and Jerry Franklin, and two student members, Rick Covington and Miss Sharon Goldsberry.

MSU Track Team Finishes 4th In OVC

Morehead State University's cross country team captured fourth place last weekend in the annual Ohio Valley Conference Meet.

Coach Buck Dawson's runners finished behind champion Western Kentucky, East Tennessee and Murray State.

"We ran very well," said Dawson. "It was good to improve on last year's 15th place finish."

MSU's John Baxter finished 12th individually with a 31:43 clocking and Mike Becraft was 22nd at 32:40.

The Eagles finished ahead of Eastern Kentucky, Tennessee Tech, Austin Peay and Middle Tennessee.

Dawson's squad was 2-2 in dual meets and finished third in the Kentucky and the Marshall invitational.

OFF AGAIN . . . Rowan County's Steve Hodges breaks loose on his way to an 80-yard touchdown run against Fleming County last Friday night as teammate Mike Howard (73) moves into blocking position. The Vikings won the game 66-2 and clinched the EKC title. Hodges has a clear shot toward being the highest scorer this year in Kentucky high schools.

World Championship Quarter Horse Show

The second annual World Championship Quarter Horse Show, to be held November 7-11 at the Kentucky Fair and Exposition Center in Louisville, will bring together an unprecedented number of the nation's top Quarter Horses in competition.

Sponsored by Ponderosa System, Inc., the five-day show will feature competition for purse money in excess of \$100,000. Eligibility will be based on a predetermined number of points earned in halter and performance class events at AQHA (American Quarter Horse Association) approved shows between January 1 and August 31, 1975.

Entrants from Canada, Mexico and the United States have qualified for competition in 45 sanctioned events. The show is billed as "one of the richest and most prestigious Quarter Horse shows ever held," with the first-place winner of each class to be designated as World Champion.

Considered by many to be the most versatile horse breed in the world, Quarter Horses are used in rodeo events, day-to-day ranch work, and racing. Well-matched horse and rider spring from a standing start with unequalled speed, the Quarter Horse is

well adapted for the quick turns and rapid accelerations needed in such events as pole bending, barrel racing, calf roping, reining and cow cutting.

The rules and regulations, selection of judges and qualification standards for the World Championship Quarter Horse Show will be under the jurisdiction of the American Quarter Horse Association of Amarillo, Texas. The 70,000-member association, which was founded in 1940, has an online register of more than one million Quarter Horses.

Competition sessions will be held daily at 8:00 a.m., 1:00 p.m., and 8:00 p.m., except Tuesday, November 11, when only the morning and afternoon sessions will be held. In conjunction with the competition, there will be a trade show with displays of equestrian equipment. Western wear and veterinary supplies. Entertainment will be headlined by Charlie Fride, Marty Robbins and Waylon Jennings.

More information may be obtained by writing World Championship Quarter Horse Show, Kentucky Fair and Exposition Center, P.O. Box 1179, Louisville, Kentucky 40221.

Rebuilding Eagles Open Season Friday

Using the old standby of "This is a rebuilding year" will, in fact, be the truth this time around for University Breckinridge in basketball.

Last year was another 20 win season for the Eagles giving them 7 out of the last 9 years. Breck finished with a 27-11 record and was a semi-finalist in the 16th region tournament. They captured the Foothills Conference Tournament, the Eastern Kentucky Conference Tournament, the Foothills regular season (undefeated), and the Eastern Kentucky conference regular season for the 6th straight year (undefeated).

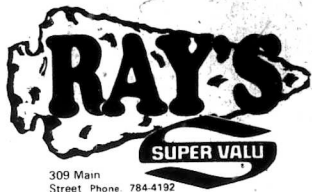

Lost from that squad includes 6'4" center Bud Lucke, who earned All-American, All-State, All-Area (A.D.I.), All-Region (16th), All-E.K.C., All-Foothills, as well as team M.V.P., Captain, Rebound Award (15.3), Field Goal Per Cent (50 per cent), Free Throw (75 per cent), Leading Scorer (20.3), and Academic Award (3.14). Both forwards graduated, taking much size with them Keith Raines stood 6'3", playing opposite of 6'5" Louie Magda, the team's most improved player. Part time starter Billy Calvert (6'11") also moved on to college along with substitute guard John Sadler and forward Tom Boody.

Besides these 6 seniors, the Eagles also are without two-year starter Skipper Holley, who is passing up basketball during his senior year. Other underclassmen Varsity performers not playing this season include Lloyd Raines, who probably would have started at guard, Mike Sparkman, and Vic Venetozzi.

Adding to these woes is the injury factor to the already thin squad. The biggest man on the team, Steve Gilley, sustained a knee injury requiring surgery and is out for an indefinite period. One of two juniors on the squad, Mike Tapp, is lost for at least 6 weeks with a broken hand, and sophomore guard Tim Hughes is still out of practice with a broken thumb on his shooting hand.

The Eagles will probably be built around a veteran of 3 years, Jimmy Morrison. A full time starter for his last 2 years, he is a part time starter for a freshman, Jim brings more experience to the squad than the rest of the team combined. This 6'0" senior guard was voted Best Defensive player for the past 2 seasons and has also led the team in assists during the same span. Jim also won the Hustle Award, All E.K.C., All-Foothills, All Region, All-Area, All-State, and All-American honors this past campaign.

Tom Queen, a 6'0" 185 pound senior will probably get the starting position in the middle. Kevin Harris, a 6'7" junior will man one forward spot with the other forward and guard position wide open. Tony Jones (6'0"

309 Main Street Phone 784-4192

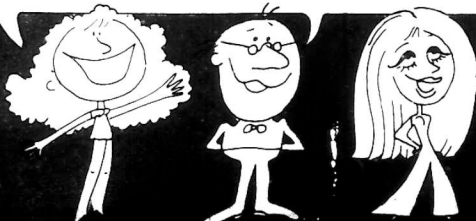

NO PURCHASE NECESSARY TO PARTICIPATE. MASTER GAME CARDS AND GAME TICKETS AVAILABLE ON REQUEST AT END OF CHECKOUT LANE OR AT STORE OFFICE AND PER RULES. LIMIT ONE PER ADULT CUSTOMER PER STORE VISIT.

RULES FOR PLAYING GAMERAMA

SERIES #12

- Get a FREE Gamerama Master Card on request at the end of the checkout or at store office. Get one FREE Game Ticket every time you visit a participating Super Valu Store. No purchase necessary to participate. Adults only eligible to play.
- On each Game Ticket there are four Gamerama Markers. To reveal the Markers, simply scratch out the perforated portion of the Game Ticket, then separate the punched out portions and you will have four Markers. Each Marker corresponds to a square in one of the Games on your Master Game Card.
- When you **FREE** revealed the Gamerama Markers, carefully place them in their appropriate squares on your Master Game Card. **EXAMPLE:** If one of your Game markers is a 4 Club in the 51000 Game, insert that marker in the square numbered 4 Clubs in the 51000 Game. When you complete any row in a game, you may have a winner. In some games, you will find squares marked FREE and it is unnecessary to collect a marker to be placed in such FREE squares - FREE squares are not transferable.
- When you have a winning card which has been verified by authorized personnel, you will, after furnishing your name and address, be awarded your prize. A Federal Trade Commission rule requires that the names and addresses of all winners be printed in all participating stores. When turning in your winning card at your Gamerama Markers which are not part of the winning row may be removed and transferred to a new card. Only one prize will be awarded per game on any one Master Game Card. All Gamerama Markers of a winning row must be included on the back by the customer in the presence of authorized personnel. The liability on prizes is the responsibility of the prize winners.
- All Game materials will be accepted and judged void if not obtained from and verified by authorized personnel or if any part of any of the game pieces is illegible, altered, misused, defaced, tampered with, forged, contains poisoning or other errors, or is irregular in any way. Game material will show tamper or prohibited by law.

- Game will end upon distribution of all Game Tickets. All prizes must be claimed within five (5) days after announcement of termination or they are forfeited. Notwithstanding anything herein to the contrary, at such time as the verified claims for prizes in any category equals the number of prizes advertised for that category, then the game as it relates to that specific prize category shall immediately terminate without notice, and any unverified claims at or after that time shall be automatically forfeited.
- Game materials valid only for this game. All game tickets, Gamerama Markers and Game Cards must have the same series number. **EXAMPLE:** If you have Master Game Card Series #12, all of your game pieces must have Series #12.
- Employees and their I.R.S. local dependents of Super Valu Stores, Danco Associates, their advertising agency and any other companies engaged in the development and production of these game materials are not eligible to win.
- Gamerama Marker void if it does not have on it:
 - Series #12
 - Value of Game
 - Bingo symbol or card and suit symbol spelled
 - Bingo symbol or card and suit symbol
 - Numbers spelled out
 - Other Printer background
- GAMERAMA MARKER VOID IF ABOVE SIX (6) ITEMS ARE NOT CLEARLY VISIBLE.
- Gamerama Series No. 12 Marker must conform in size, shape and detail to the example illustrated above, and must contain the six (6) items of authentication described in Rule No. 5.

ODDS CHART

as of November 3, 1975

Scheduled Termination Date of this Program is February 2, 1976.

13 Youths Will Be Honored Next Tuesday By Optimists

Outstanding high school students from Morehead and Rowan County will receive special recognition next Tuesday, Nov. 11, from the Morehead Optimist Club at a noon luncheon at the Holiday Inn.

The week of November 10 is celebrated by Optimist Clubs throughout the nation as "Youth Appreciation Week."

Students from Rowan County High School who will be honored are Karen Calvert, Jackie Early, Cheryl Hargis, Sheila James, Nancy Perkins, Keith Skillern and Henry Weldon.

University Breckinridge students to receive honors are Margie Cornett, Julie Dennis, David Flatt, Lisa Holloway, Jimmy Morrison and Jana Ousley.

Rowan County High Students

Karen Calvert, daughter of Mr. and Mrs. George Calvert, Sr. Farmers, is a member of Beta Club, Paper Staff, French Club, Latin Club, Science Club, Drill Team, Pep Club and Chorus. Awards she has received include Spirit of Junior Miss, Poise and Appearance Award, Girls' Club, Society of Distinguished American High School Students, Who's Who of American High School Students, Prom Court and Homecoming Court.

Jackie Early, son of Mr. and Mrs. Don Early, Clearfield, is a member of the Science Club and Pep Club and President of the Chess Club. He has been a member of the Stage Band for three years and the band for four years. Awards he has received include Homecoming Queen Escort, an Honor Usher at Graduation and membership in Who's Who Among American High School Students and the Society of Distinguished American High School Students.

Cheryl Hargis, daughter of Mr. and Mrs. John Hargis, Morehead, is a member of the Anchor Club, Science Club, F.B.L.A. Junior and Senior Prom Court and is a cheerleader. Cheryl has been a Key Club Sweetheart, Calendar Girl, on the Homecoming Court, Treasurer for the Freshman Class, and alternate to Girls State and an alternate for the Personal Enrichment Program.

Sheila James, the daughter of Fred James, Elliottville, is a member of the Anchor Club, Pep Club, Science Club and F.B.L.A. She has been Homecoming Queen, second runner-up in Junior Miss, a Calendar Girl and is a Distinguished American High School Student.

Nancy Perkins, daughter of Mr. and Mrs. Glenn Perkins, Clearfield, is a

VIKINGS Seven outstanding Rowan County students are among the 13 to be honored Tuesday by the Morehead Optimist Club in connection with National Youth Appreciation Week. member of the Science Club, Pep Club, French Club, Beta Club, Prom Court and Homecoming Court, and is President of the Student Council. She has received the High School Student Award and is a member of Who's Who Among American High School Students and the Society of Distinguished American High School Students.

Keith Skillern, the son of Mr. and Mrs. Leo Skillern, Cranston, is a member of the Chess Club, Science Club, Key Club and 4-H Club, and has been a Homecoming Queen escort. Keith has played varsity basketball for four years and ran track for four years.

Henry Weldon, son of Mrs. Dorothy Dean Weldon, Morehead, is a member of the Beta Club, Science Club, Society of Distinguished American High School Students, French Club, 4-H Club and Pep Club and has served on the school paper and as historian of his class.

University Breckinridge Students

Margie Cornett, daughter of Mayor and Mrs. C. B. Cornett, Morehead, is a varsity cheerleader, President of the Girls Athletic Association, and is a member of Beta Club, Pep Club, girls basketball team, girls track team, girls volleyball team and the Science Club. Awards she has received include a P.E. award, Outstanding Athlete for 1973-74, Who's Who Among American High School

Students, National High School Award for Excellence, nominee for the Society of Distinguished American High School Students, Drama Award, Key Club Sweetheart and Honor Student Award.

Julie Dennis, daughter of Mr. and Mrs. Diemel Dennis, Morehead, is a member of the National Junior Honor Society, Pep Club, track team, volleyball team, Annual Staff, Future Homemakers of America, Spanish Club, First Church of God Youth Choir and Youth II Sunday School. She is varsity cheerleader, Secretary of the Student Council, an honor student, a Key Club Sweetheart. Julie has also received awards in Spanish and Home Economics.

David Flatt, the son of Mr. and Mrs. Don Flatt, Morehead, is a member of the Debate Team, National Forensic League, Golf Team, Thespians, Beta Club, Science Club, Soccer Team and a member of the Church of Christ. Awards he has received include Kentucky State Thespians President, Outstanding Speech and Drama Student and U.S. History Award. David is an Honor Student and Outstanding Senior High School Student finalist.

Lisa Holloway, daughter of Mr. and Mrs. Don Holloway, Morehead, is a member of Thespians, National Forensic League, Science Club, Methodist Adult and Youth, choral. Awards she has received include membership in the Society of Distinguished American High School Students, Who's Who Among American High School Students and the All State Chorus for 1974-75. She is an Honor student and received an English award. Lisa was first runner-up in the Rowan County Junior Miss Pageant.

Jimmy Morrison, son of Mrs. Anna Morrison, Morehead, is a member of the Key Club, basketball team, baseball team, cross-country team and track team. Awards he has received include High School All American, All Regional Team, All Area Team, All EKC Team, Assist Record (211 assists), Most Valuable Player in Baseball, Defense Award in Basketball, Hustle Award in Basketball, and membership in Who's Who Among American High School Students.

Jana Ousley, daughter of Mr. and Mrs. Paul Ousley, Morehead, is a member of Beta Club, Pep Club, Girls Athletic Association, volleyball team, basketball team, Methodist Youth Fellowship and Methodist Youth Choir. Jana is a varsity cheerleader and has received numerous awards, including All Region Girls Basketball Team, EKC Girls Basketball Team, All-Area Ashland Daily Independent Girls Basketball Team, Outstanding Student nominee, Physics and Chemistry Award, Health and P.E. Award and Key Club Sweetheart. She is an Honor Student and nominee for the Society of Distinguished American High School Students.

EAGLETS The Morehead Optimist Club will honor these University Breckinridge students next Tuesday as part of National Youth Appreciation Week. Front, from left: Margie Cornett, Julie Dennis, David Flatt. Rear: Lisa Holloway, Jimmy Morrison and Jana Ousley.

20 Bands In Contest At M'head

The 2nd annual Blue and Gold Marching Band Championship begins at 9 a.m. Saturday at Morehead State University's Jayne Stadium.

Twenty top high school bands from five states were invited to compete for the championship won at last year by Lexington Lafayette.

Competition begins at 9 a.m. and concludes during the pre-game and halftime ceremonies of the MSU-East Tennessee football game. Judges from nine states have been named with different crews assigned to the morning and afternoon competition.

The festival is open to the public and admission is \$1.50. Tickets for the morning session will be honored as general admission seats for the football game.

Kentucky schools appearing are Paintsville, Williamstown, Lexington Lafayette, Meade County, Ashland Paul Blazer, Lone Oak, Lexington, Bates Creek Owensboro, Elkhorn City and Grant County.

Woodwind Recital Open To The Public

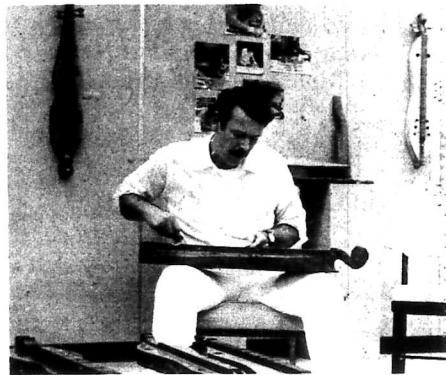

Morehead State University's Faculty Woodwind Quintet will present a recital Tuesday, Nov. 11, at 8 p.m. in Baird Recital Hall.

The program features works by Reicha, Fine, Tafanel and Dr. Frederick Mueller of the MSU Department of Music.

The group includes Robert Pritchard, flute; Pamela Hahl, oboe; Dr. William Bigham, clarinet; Dr. Frederick Mueller, bassoon; Richard Thier, horn; and Eugene Norden, alto saxophone. The recital is free and open to the public.

MOVING TO PIKEVILLE Vonda Mae Kirk, daughter of Mr. and Mrs. Alex Messer, Haldeman, has assumed her duties as nutritionist of the Pike County Health Department. A native of Morehead, she received her B. S. degree at MSU, and is married to John Wilson Kirk.

DULCIMER DISPLAY Dr. Ronald Dobler, associate professor of English at Morehead State University, plays one of the dulcimers on display at MSU's Johnson Camden Library. All of the instruments were handcrafted by students and faculty members.

Calgon Agrees To Pay \$10,000

Calgon Corp., a Boyd County firm that manufactures pollution control equipment among other products, has agreed to pay the state \$10,000 in damages and to expand and improve its water pollution controls as a result of actions taken by the Kentucky Department for Natural Resources and Environmental Protection.

The department had charged Calgon with numerous violations of state water pollution regulations. The charges involved alleged discharges of industrial waste and acid water into the Big Sandy River and White's Creek.

According to the agreed order, Calgon will spend more than a million dollars in pollution control equipment by June 30, 1976. Of that, \$326,000 is for additional controls not required for compliance with the pollution control plan approved by the department.

University Farm Receives \$10,000 Road Improvement

A \$10,770 contract for road improvements in Rowan County was announced this week in Frankfort.

According to state Transportation Secretary John C. Roberts, the contract calls for blacktopping Morehead State University Agriculture Farm Road beginning slightly west of KY 377 and extending south for a distance of approximately 2 miles.

Roberts said that the contract for the work has been awarded to East Kentucky Paving Corp. of Grayson by the Bureau of Highways, an agency of the state's transportation department.

American Family And Money Is Seminar Topic

"The American Family and Money" was the subject of a mini-seminar conducted last Tuesday in the Reed Building at Morehead by Mrs. Marcia Shields.

The workshop was based on the findings of a leading food processing company for 1974-75.

Mrs. Charlotte Bennett, acting director of the MSU department of home economics was the contact person, and gave the introduction.

Mrs. Linda Krute served at the reception table, and Beverly Lucas and Janet Hughes of the Homemaking Club served refreshments.

Others from the Morehead area who participated included - Jean Hill, Mildred Wightman, Jean Cline and Merle Allen.

Local students teachers present were

Conduct Funeral Rites For Mary Addington, 38

Death came Friday to Mary Addington, 38, at Daniel Boone Convalescent Center, following an extended illness.

Funeral services were conducted Monday morning at Lane Funeral Home by Rev. Scott Griffith with burial in Clearfield cemetery.

Miss Addington was born May 19, 1937 in Ohio, daughter of John and Hilda (Smith) Snyder. She lived most of her life in Lewis County.

A sister, Mrs. Dorothy Gautaugh of Kenton, O. is among the survivors.

She was a member of the Baptist church.

- Kate Hobbs, Sharon Newkirk, Michelle Adams, Cindy Lyons, Deane Hampton and Janet Collins.

Grades 7-12 Honor Roll At Breckinridge Released

Frank Burns, director of University Breckinridge School, has released the names of students at Breck who met requirements for the honor roll for the first nine-week grading period.

The honor roll showed 137 students, grades seven through 12, with 3.0-3.9 grade averages for the first nine weeks, as well as 24 others who have a straight A grade average for the grading period.

Those with straight A averages were - Sarah Hall, 7th grade; David Balda, Julie Best, Chris Bragg, Deborah Groes and Eric Hensen, 8th grade; Rachael Holloway, 9th grade; Cheryl Beane, Julie Dennis, Nathan Huang, Tracey Nesbitt and Mari Pierce, 10th grade; Pam Adams, Mary Bendixen, John Black, Marsha Dameron, Mariana Davis, Julia Hansen and Robin Wolfe, 11th grade; and Cathy Beane, Charlene

Derickson, Lisa Holloway, Kathy Rahn and Peggy Terrell, 12th grade.

7th Grade Honor Roll

The 25 seventh graders who made the honor roll were - Scarlet Ashurst, Don Baitson, Beth Baxter, Stacy Beane, Jim Bendixen, Billy Bigham, Jim Boody, Fred Burcoe, Joe Lawson, Larry Figg, Liz Harris, John Howard, Judy Johnson, Ashley Kiesel, Benjamin Perkins, Lynn Robinson, Kyle Russell, Terry Saylor, David Setzer, Steve Simon, Sheri Sluss, Linda Thompson, Carolyn West, Darrell Wheeler and Rod White.

8th Grade Honor Roll

Eighteen in the eighth grade were named to the honor roll. They included Cliff Bailey, Wendell Bailey, Leigh Clough, Debbie Cox, Tamy Dennis, Alison Fisher, Derek Flora, Jack Gordon, Nathan Harris, Brian Huang, Mike Mattingly, John Payne, Karen Perrine, Traci Schalow, Sandy Spears, David Tapp, Susan West and Diane Wilson.

9th Grade Honor Roll

Thirty ninth graders named to the honor roll were - Martha Back, Tim Back, Karen Balda, Jan Bigham, Helen Bowen, Shirley Brown, Becky Calhoun, Leah Casper, Grant Clough, Stark Davis, Danny Dillon, Jean Ellis, Bridgette Eversole, Missy Platt, Anne Harris, Shari Hart, Dona Hils, Jeanette Minton, Brian Moore, Kevin Nagy, Lisa Ousley, Davie Phille, Mark Randolph, Kaldoon Sabie, Sally Sadler, Jan Simon, Sujji Sinha, Suzy Tucker, Liz Whitson and Kathy Whitson.

10th Grade Honor Roll

The 28 tenth graders on the honor roll were - Tom Back, William Balda, Lisa Bellamy, Gordon Black, Tom Butler, Vicki Calvert, Steve Charlton, Mark Cunningham, Danny Dailey, Robin Dawson, Carla Ellington, Becky Ewalt, Allison Franklin, Steve Gilley, Mike Gilham, Donna Groes, Bobby Hamilton, Beth Hampton, Susan Hanrahan, Tim Hughes, Melissa McBrayer, Sherry McDaniel, Brian Nagy, Nelson Phillips, Bob Ramey, Mary Slaggs, Lora Tucker, Troy Wells and Ramona Wolfe.

11th Grade Honor Roll

Nineteen 11th graders made the honor roll. They were Mark Barber, Carol Boody, Joanne Coffey, Robinson Davis, Amy Fryman, Cindy Grindstaff, Matthew Hanrahan, Kevin Harris, Debra Hawkins, Diane Martin, Jana Ousley, Lori Pack, Victor Simon, Vinita Sinha, Mike Sparkman, Cathy Sullivan, Vic Venetozzi, Malie Wells and Becky White.

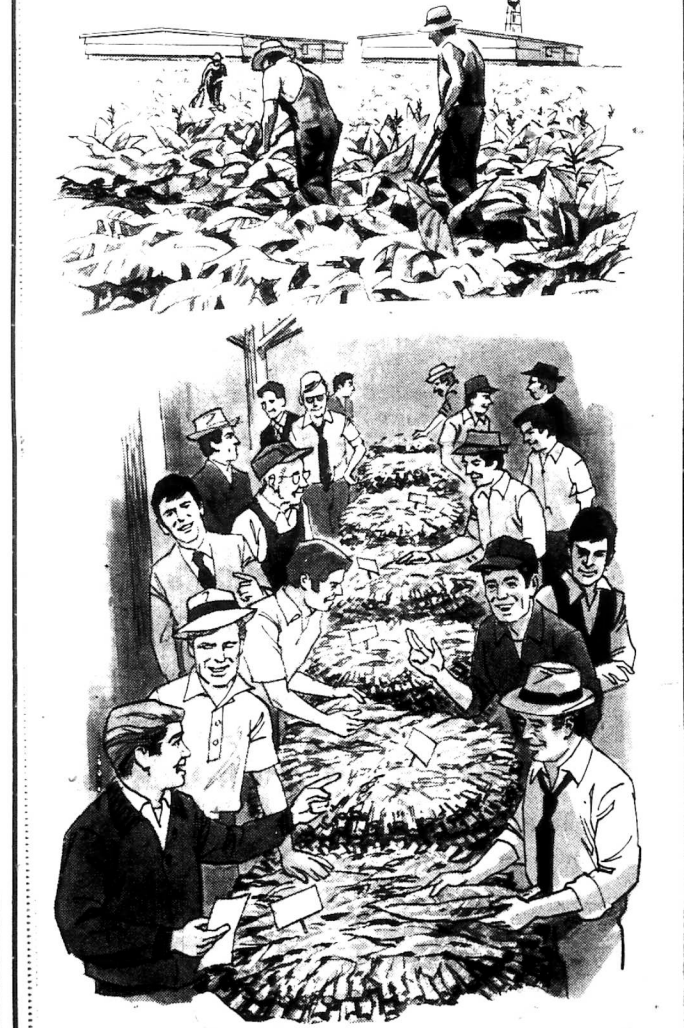

12th Grade Honor Roll

Sixteen 12th graders on the honor roll were - David Platt, Carol Gurley, Stephanie Hamilton, Gretchen Hicks, Teresa Logan, Lisa Martindale, Monica Nesbitt, Mike Osborne, Ed Perrine, Shari Pierce, Tommy Quest, Kevin Randolph, Mike Romeieh, Mark Stewart, Susan Thier and Mary Young.

PROGRAM PEEPERS... Two members of the Rowan County High School Band look over the program, waiting for their turn to perform for the KMEA Marching Band Festival at Morehead State University. At left is Vema Johnson and at right is Susan Dohler. The RCHS band received an "excellent" rating.

Inflation Fighting Ideas

WIG FOR SMALL CHANGE

The smartest beauty investments are often based on common sense-like a small purchase that will make a big change for the better.

A bright idea that many women are discovering is the wig of hairpiece for an all new look at little expense. A woman can have a sleek chic young look with bangs blow-dry locks or something changing her style.

One of the newest advances in wigs is a special plastic coating that is applied to the strands. This makes the wig as good on a rainy day as on a dry one which is more than any woman can say about her own hair.

When it's time to revitalize your beauty life, think of your crowning glory - and think wig.

SHIELD OF SHELTER

GIRL SCOUT NEWS

Laryn Tapp, Brenda Thier and Valerie Hedges of Junior Troop 623 received an "outstanding" rating for the Halloween costumes they made for the pediatrics and emergency room divisions of St. Claire Medical Center. The troop also provided jack-o-lanterns and nosemakers.

Each month a different Girl Scout troop provides favors at the hospital. Girl Scouts is a United Way agency.

Additional Troop News

Brownie Troop 413 decorated plastic containers to use for Trick or Treat. Their troop investiture was held on Tuesday, followed by a reception and refreshments for parents.

Junior Troop 860 held their investiture last Tuesday. Lisa Boyd, a new member, was welcomed to the troop. A party was also held for Jody Steiner, who is moving to Texas.

Junior Troop 623 held a Halloween party. The girls bobbed for apples and told ghost stories. Renee Wright won the prize for the largest bite in the apple and Cindy Sparkman for the smallest bite. The best costume award went to Aletia Johnson. Refreshments included apple cider and candy.

Cadet Troop 417 was responsible for the flag ceremony at the District PTA meeting. Those participating were: Lee Clough, Bridgett Murray, Jennifer Cassey, Sarah Hall, Liz Harris, Debbie Cox and Ashley Kiesel. Members of the troop presented Bill Stesse, head life guard at Senoff Natatorium, with cookies in appreciation for his help with their Summer's Badge. Another interest group has been improving their social dance skills with the help of Mrs. Sandy Scott. The Child Care group held a Halloween party for 3 and 4 year olds.

Ann Landers

Copyright - Field Enterprises, Inc.

Dear Ann Landers: I must say you lie with statistics most convincingly. I refer to your answer on the relative happiness of married men as compared with bachelors. Of course bachelors are 22 more times likely to be in prison. Who wants to marry a felon?

Did it ever occur to you that the chronically ill, the alcoholics and the criminals might be unmarried for just those reasons and not vice versa?

I, for one, resent the implication that without a wife I will immediately fall into a life of crime, drink and an early grave.

How about some fair comparisons of married and unmarried 25-year-old white collar workers and 30-year-old professional men? Obviously if you lump all the world's unfortunates with the bachelors by-choice, you're going to come up with a sorry looking lot. (And P.S. How about the financial advantages of not having to support a wife?) — A Happy Batch

Dear Batch: My mailman must have a hernia from dragging letters written by "Happy Bachelors" — Highly indignant at the statistics quoted in this column recently.

Sorry if I offended so many of you, but those are official government figures. I didn't pull them out of my ear.

They did not state that all single men are alcoholics, criminals, in poor health and destined to die young. Nor did they suggest that all married men are healthy, happy, dry and law-abiding. Those figures reflected the overall picture to which there are undoubtedly millions of exceptions — on both sides. So, please get off my back, fellas.

P.S. Many bachelors spend a lot more money on their girlfriends than some husbands spend on their wives.

Dear Ann Landers: More and more

people are recognizing that males have the menopause, same as women. But doctors and psychiatrists discuss it only in terms of psychological manifestations. Feelings of disappointment, guilt, depression, loss of hope for achievement and a diminishing interest in sex. The assumption seems to be that the physical symptoms are confined to women.

Maybe I'm some sort of nuts but I get the darndest hot flashes and they drive me crazy. I'm 37, in good health, normal blood pressure, EKG, blood and urinalysis fine. There seems to be no reason for these miserable occurrences.

Maybe they aren't hot flashes in the technical sense, but if they aren't, I'd like to know what in the Sam Hill they are. While they don't last very long, when they occur I feel as if I'm in a blast furnace. Any suggestions, Ann? — Hot and Bothered.

Dear H and B: If you haven't discussed this with a doctor, you should. And if it's any comfort to you, fellas, yours is a common complaint, although not many men talk about it. (P.S. Carry a fan. It can be a big help.)

CONFIDENTIAL to Need-A Helping Hand: Have you looked at the bottom of your sleeve? I recommend it.

Responses received from 236 of Kentucky's 252 chartered banks to date show that 59 of the banks hold some \$6,065,000 in New York City obligations, according to Banking and Securities Commissioner John Williams.

Williams added that of those 59 banks with New York bonds, only 20 hold as much as \$100,000 or more. Those 20 banks account for \$4,650,000 of Kentucky's New York holdings.

Williams said he does not anticipate any serious "ripple" effect should New York default. The commissioner explained that some relief would normally be provided even in the case of a default by the nation's largest city. But even if a 100 per cent default should occur, he said, Kentucky's financial situation would not be impaired.

The responses stem from survey mailed from the banking office last Monday. Williams said the department makes routine checks of Kentucky banks but does not normally keep a detailed list of their holdings. However, the New York crisis has been receiving so much national attention it was felt that Kentucky's situation should be examined, he explained.

"From this survey I feel that the New York crisis should not destroy any confidence in Kentucky municipal bonds. The investment situation in Kentucky is good," Williams stated.

Perkins Points To Opportunities In Coast Guard

Congressman Carl D. Perkins announced that the United States Coast Guard Academy is accepting applications from young men and women until December 15 for appointment to the academy as a Cadet, class entering in June 1976.

Cadets obtain an excellent undergraduate education at no personal cost and, in addition, receive pay and allowances to fulfill their ordinary living expenses. Most successful candidates rank in the top quarter of their high school class and demonstrate proficiency in both the mathematical and applied science fields.

Appointments to the U. S. Coast Guard Academy are tendered solely on the basis of an annual nationwide competition with no congressional appointments.

Any high school graduate between the ages 17 and 21 who wishes to qualify for the competition should write to the Director of Admissions, United States Coast Guard Academy, New London, Connecticut 06320, or to Congressman Perkins.

Your oven's often a saving friend.

It may surprise you, but oven cooking is less expensive in the long-run than cooking on top of the range.

Surface units stay on the whole time they are in use, but an electric oven is on for only part of each hour it's used. Its insulation holds heat in, so it "rests" part of the time. And you can warm foods and plates in the already heated oven without using more energy.

(But don't use your oven as a kitchen heater. Such use wastes both electricity and money.)

Electricity is too good to waste!

Arts And Crafts Sale Set At Natural Bridge

By Helen Price Stacy

Kentucky still will have beautiful sunny days, perfect for hiking and outdoors, but when October's brilliance changes to leafless trees, fallow fields and chill weather, your state parks are ready to welcome you and your family with indoor activities. At Natural Bridge State Resort Park in Powell County a special Thanksgiving weekend includes not

only delectable foods, but an annual arts and crafts sale.

The Commonwealth does not have an unbeautiful season and, as you travel to Natural Bridge for this event, be sure to look around you and note the beauty of trees without leaves, fields without corn and homes without front-porch people. Instead there will be a flag of smoke from a kitchen stove or open fireplace in a family room that speaks eloquently of

this season of closeness and warmth.

It is with this spirit of added bounty and friendliness that park employees and state personnel have put together this special program.

It is the first such event and scheduled Nov. 28-30. It will see some of the state's leading artists and crafts people exhibiting their work in the park's new multi-purpose building.

For exhibitors, it will mean a place of beauty to enhance their handwork and also one of convenience, for they will be able to drive to an unloading center at the building.

For art lovers and collectors, the structure provides ample room for viewing and contemplating a purchase, even to standing thoughtfully at a window wall overlooking lovely, wooded Red River valley.

Constructed of strong materials, the multi-purpose building blends well into the landscape as did old Hemlock Lodge that once stood on the site.

"It is only a short path from the main lodge," said Jewell Baker who is helping with the weekend. "Those who walk from the lodge may enjoy trees, birds and scenic views, and inside the new building, the glass areas give a feeling of nature indoors."

According to Ms. Baker, artists and artisans already scheduled to exhibit include Al Cornett, Gene Gray, Charles

Spaulding, Russell May, Vivian Niece, Nell Meadows, Robert Powell, Howard Fain, Iv Daniels, Ken Holland, Glenn Wilson, Jim Wright, Brett Johnson, Dan Short, Joe Fears, James Hicks, Lawrence Couch, Dr. Roscoe Buckland, Middle Kentucky River Council, Kentucky Kool Kraf, Libby's Jewelry, A & B Frame Shop, representatives for Hazel Ammermon, Ben Hampton and turquoise jewelry and Helen Price Stacy.

"We are looking forward to this event," Ms. Baker said, "and feel that it will become one of the best annual arts and crafts sales." She added that the weekend would be "a great opportunity for Christmas buying."

Hours of the exhibit and sale are 1 p.m. to 9 p.m. Saturday (Nov. 29) and 10 a.m. to 4 p.m. Sunday.

"Thanksgiving will be here before you realize it," commented Ms. Baker. "So mark this date on your calendar. The manager and everyone here at the park will be hosts and ready to help."

The popular park is near the Daniel Boone National Forest exit of Mountain Parkway at Slade and accessible to travelers on the interstates as well as other highways.

PLANT BED . . . Elmer Kistick is pictured beside his newly treated tobacco plant bed. He used Methol Benzene for sterilization for weeds. Kistick plans to leave the plastic on the bed throughout the winter. It will be removed in the spring after which the bed will be raked lightly, fertilized and seeded. The wire around the bed is for control of animals.

Funeral Services Conducted For Flora Carter, 66

Mrs. Flora Carter, 66, RFD 3, Morehead, passed away Thursday at St. Claire Medical Center.

Funeral services were conducted Saturday afternoon at Slaty Point Baptist Church. Burial was in Lee Cemetery at Morehead. Reverends William Steels and J. C. Raikes officiated at the last rites.

Mrs. Carter was born in Morgan County April 5, 1909, daughter of the late George S. Lewis and Leah Early Lewis. She lived most of her life in Rowan County. Her husband, John Carter, preceded his wife in death.

Survivors include a son, Donald Carter, Lexington; three daughters - Janice Plunkett of Zanesville, O., Patsy Brown of Eaton, O., and Clydia Clark, Morehead; a brother, Sam Lewis, Morehead; four sisters - Phoebe Butcher of Dayton, O., and Grace Lewis, Louise Hamilton and Mary Pettit, all of Morehead; and 11 grandchildren.

The bearers - A. D. Coleman, David Butcher, Floyd Puckett, Billy Hintz, Johnny Sloan and Roger Carter, Stucky Funeral Home cared for arrangements.

Rowan County Extension Office

Adrian M. Razor Karen Hill
County Extension Agents Paul W. Mills

INCOME TAX SCHOOLS

Special schools for those who help farmers prepare Income Tax returns are being held at several locations throughout Kentucky during November and December. Some of those locations and dates are: Maysville Community College - Nov. 18-19; Ashland Community College - Nov. 20-Nov. 21; Carnahan House, Lexington - Nov. 24-25 and Dec. 8-9. Anyone interested in attending at any of these locations will be welcome.

COVER CROPS

It is still not too late to seed cover crops. Don't leave row crop ground exposed to winter erosion. Let's plan to protect tilled areas in Rowan County this year.

FRUITS

Since this has been a real food fruit year, I have heard a lot of people say they plan to spray their fruit trees next spring. Why not stop by the Extension Office and pick up your spray bulletin so you will have it handy in the spring. It's not too late to set out fruit trees this fall. This can be done prior to freezing.

FOR TOBACCO

Molybdenum, a trace element, is recommended in Kentucky for Burley Tobacco beginning in 1976. The application should be made broadcast to soil at the rate of one pound of molybdate per acre. Because of the difficulty of spreading such an amount of fertilizer evenly, the molybdenum salt should be dissolved in 20-40 gallons of water and sprayed uniformly over the field. The application should be made prior to transplanting tobacco

and disked into the soil. No more than two applications should be made to the same field during any given five year period. Molybdenum for tobacco is recommended only if soils testing less than P H 6.4 and only on Burley types

THINGS TO DO

1. Wrap newly planted tree in prevent winter wind burn and bark splitting.
2. Winterize power equipment garden tractor, lawn mower etc. and 3 oil and repair garden tools

CRISCRUMSIOUS!

BURGER QUEEN CHICKEN

What better place to start than at the delicious state of Burger Queen Chicken. Then at the home of the King of Restaurants tell about their crispy chicken, and their crunchy chicken. But Burger Queen chicken is so good and scrumptious on the inside, and still crispy and crunchy on the outside. So we've found a delicious new way to describe it: CRISCRUMSIOUS!

BURGER QUEEN

Publisher's Pen...

Day-by-day job-overs and editorial observations of the publisher of this newspaper.

As this is written and set in type on Monday we don't know the results of the Nov. 4 general election, but you will by the time you read this column.

We do have some editorial observations about this and future elections. Whoever is elected (and appointive officials) must realize, emphatically so, that the day of the con games, rip offs from the taxpayer's money, deadheads on the payroll, public tit suckers, the needless and inflated expense accounts, bid rigging, and the public deals, welfare stamps and medicated to the underserving... in fact, all of this governmental theft and deception at all levels MUST STOP.

The public is fed up and in virtual open revolt. The wage earner, who labors to barely exist, is dammed and tired of being forced to support the parasites. The farmer can't make ends meet and is unable to employ help because of the massive and proved abjectness of the social and welfare programs.

The day of the do-gooders is coming to an end. The good citizen has been had, and he no longer knows the politicians and bureaucrats are virtually robbing him. Ever since Earl Warren became Chief Justice the courts have been making laws instead of being judiciary officials.

The collapse of this nation must be halted, and the most stringent measures and curtailments are in order. We must return to majority rule, and decisively combat the self-anointed and arrogant minorities.

The time has come when virtually nothing of the public payroll must be removed and forced into earning an honest living. Big fat retirement pensions and countless tax dollar fringe benefits must be eliminated and eradicated.

These mandates apply to government at all levels. The slumbering citizenry is awakening. The candidates always say they will dedicate themselves to the people. The time is fast approaching when they must be just that, and recognize whether they be cleric or appointive, that their employers are the working people of this nation under our free enterprise system of government and majority rule.

And, the day is near when the partnership between big government and big business must be broken.

WE CONGRATULATE the winners in Tuesday's general election, and console the defeated with the thought that the losers are often, in the long run, better off than the winners. Editorially, we ask only that the winners do what they promised — to be servants of the people, and conduct their offices and affairs so that the majority shall prevail.

SEVERAL YEARS ago Chief of Police Callis Coyle (since retired) visited the Morehead News office the morning after Halloween. Morehead had witnessed all kinds of vandalism and destruction on Halloween and Chief Coyle said it would never happen again.

We worked with Chief Coyle in a program, heavily publicized in the News, for a Halloween of Trick and Treaters. The next year the hours for trick and treating were set; people were asked to leave their lights on for three hours as a welcome signal to the little boys and girls. Teen-agers caught tricking and treating were to be brought to the police force, mostly volunteers, were on station in almost every city block.

The result was no vandalism or damage. The trick and treaters were safe. In other words, the community responded; and since that day Halloween in Morehead has been orderly and pleasant.

Callis Coyle deserves maximum credit for his planning; and the people for their cooperation.

Now, everybody looks forward to Halloween evening as one of the really enjoyable pauses during the year.

LIKE MOST of you, we were prepared this year for the trick and treaters. We purchased an ample supply of WRAPPED candy. Then we thought about that peck of chestnuts a farmer friend had given us. So, we dropped candy and chestnut or so in each of our bags.

We know that most of the masked children had never seen a chestnut because a blight some 25 years ago killed all the trees.

IT SEEMED that Morehead had more trick or treaters Thursday than in past years.

Chief Coyle made a rule — since enforced that teen-agers are banned from tricking and treating.

One, your doorbell rang and two were on stoop. We started to treat both, but the biggest boy said, "No, I'm not trick or treating. I'm just taking my little four year old brother around." That made us feel real good.

IN EVERY INSTANCE each said

"thank you."

You can surmise that we enjoyed Halloween night more than the little boys and girls who called for treats.

IN SOME CITIES the occasion has been changed from "Trick or Treat" to "Treat and Meet." That is, the youngsters are invited to the house of the older Publisher it will always be "Twick or Tweat" night... and we can recall accompanying our two toddling daughters many years ago on Halloween evening.

THE PUBLISHER has written Circuit Judge Caswell P. Lane with the question: "Where are you going to conduct the November term (March 10) of Rowan Circuit Court since the Fiscal Court (properly so) barred use of the Circuit Court for further public assemblies?"

Judge Lane's reply hasn't been received thus far. It will, but it may appear elsewhere in this issue of the good old Morehead News.

Suggestion: How about using the recreation room at Heritage Place for court sessions? That would be a public service boost for the Housing Authority of Morehead. Council has started holding its meetings at Heritage Place, the 100 units of housing for the elderly.

THE PEOPLE of Morehead and Rowan County, especially lawyers, are fortunate that the Circuit Court room, splitting at the seams and joints, hasn't before collapsed with many killed and maimed.

IT MAY BE several days before the Morehead News has the information from the Kentucky Environment Agency (EPA) about the results of the inspection by their engineers of Morehead's horrendous sewage problem.

We have an "educated guess" that EPA will restore Morehead to its high status as a "clean city" of the Commonwealth; and the City will proceed with plans for a large sewage treatment plant at Bluestone, with main lines to the city and the valleys of the South and North Forks of Triplett.

It's a \$15 million undertaking, but on this decision rests whether Morehead will become a "right streamable city" or remain a "left streamable city."

HUNDREDS of people clip and save during their lifetimes the tabulated vote of each Rowan County election. It appears in this issue. Starting several years ago, we set the type in easy to read, but concise and condensed fashion, to be more palatable to our readers. We think our tabulated (or precinct) vote format is the best in any Kentucky newspaper.

STATISTIC: Fifty-one per cent of the nation's drivers are women. And that's only counting the front seats.

DIPPHICULTIES — Warren Fisher, publisher of the Carlisle Mercury, printed the following about the plight of pioneer newspapers —

"Publishers of newspapers on the American frontier often had many handicaps to overcome in getting their little weekly journals. Few, however, experienced a more discouraging start than a pioneer Colorado editor who explained the situation to his readers in the first issue of his paper thus: 'We begin the publication of the Roccay Mountain Cyclone with some few diphiculties in the way. The type, purchased from where we bought our outfit prior this printing ophibic phaled to supply us with any ephs or cays, and it will be phour or phive weecs before we can get any. The mistake was not phound out till a day or two ago. We have ordered the missing letters, and will have to get along without them till they come. We don't lique the loox of this variety of spelling any better than our readers, but mistaxz will happen in the best regulated phamillies, and lph the ph's and c's and x's and g's hard, we shall keep 'em and the 'c' hard; the Cyclone whiting sphiter, a phoning till the sorts arrive. It is no loque to us—l't's a serious sphaphir.'"

WELCOME ECONOMY — President Adron Duran and the MSU Board of Regents received the "most favorable" publicity for a long time in the metropolitan press during the week when the Louisville Courier-Journal reported that the budget for the annual yearbook, The Racateur, had been cut from \$40,000 to \$25,000.

It seems that some unthinking staff members of the student publication asked the CJ editor to have the cut in the Racateur budget, hoping to attract favorable publicity to themselves, and unfavorable to the MSU administration. It worked the other way around. Budget cuts are what the people are demanding. If the Racateur complainers were feeling the bill they'd be begging for more money from the working people who are trying to make ends meet — feel about the O'Gings.

But, as we recently said in this column, boys and girls are growing up these days before they realize their

parents aren't millionaires.

ROY TERRY was not asked by anybody to resign as head football coach at Morehead State University. He acted voluntarily and all on his own. However, critics were mouthing over all these defeats.

Another "educated guess" — the MSU administration will look into the "goings on" at Downing Hall. The plankatory erected to house only varsity players of the football and basketball teams. They might find what the football team didn't do on the field was the result of "what they did do" in Downing Hall.

Personally, we think a dormitory solely for the football and basketball players should be discontinued... converted into something more useful... and the varsity housed in other dorms like other MSU students.

THOSE who tell white lies soon go colorblind.

PRESIDENT FORD made a slight slip of the tongue at the end of his last remarks at a banquet given in his honor by Egyptian President Anwar Sadat. Ford ended an ad-libbed tribute to Sadat with the words "I hope to be 'a toast to the President of Israel. Excuse me — Egypt,' he hastily added as an audible gasp was heard throughout the room.

SEVERAL PEOPLE reported seeing a monster, believed to be an alligator, in Lafayette (Calif.) Lake. So, the 114 acre reservoir was closed to swimming and boating.

Helicopters failed to find the beast and the lake has been re-opened to the public.

The Chamber of Commerce sponsored a re-opening ceremony with Gatorade being served.

THE FARMER'S ALMANAC predicts a fairly mild winter; folklore signs indicate it will be a severe one. This is what Bob Watson of the Associated Press wrote:

The trees are heavily laden with nuts, the fur-bearing animals have heavy coats and the black bands of a species of the woolly-bear caterpillar are wide in Kentucky. Despite the folklore signs that a bad winter is coming, the majority of the farmer's almanacs don't agree.

As a general prediction, we are saying it will not be a severe winter. We say it's going to be just a little worse than last year and there be two snow storms in January," said Ray Gieger, editor of the American Farmer's Almanac and the American Farm and Home Almanac, both published in Louisville, Maine.

This is where you can have it (snow) or not have it, depending on how cold it gets. We have the 11th and the 23rd (of January) as the days (of the snows) and say there won't be snow for Christmas and real crisp, clear weather for New Year's Eve," Gieger added.

Bob Trowbridge, editor of the Old Farmer's Almanac of Dublin, N.H., agrees the winter in Kentucky won't be too severe and his almanac also predicts a snow-free Christmas in Louisville, but says some parts of Kentucky will get some of the white stuff during a "stormy period."

Trowbridge said his almanac predicts an "intensely cold period" for Kentucky Feb. 6-8 and snow Nov. 7-9 and Feb. 1-3, but otherwise warmer winter is indicated.

The Western Farmer's Almanac, published by the Standard Printing Co. of Louisville, doesn't take exception to the predictions of its competitors, but its editor-publisher does.

"We didn't make any definite predictions of weather," said Woodrow Boebinger, "but it's going to be a colder winter from every sign I've seen."

"There are a lot more heavy coats on fur-bearing animals this year and more nuts," he said. On the question of a white Christmas for Kentucky, Boebinger said, "We do indicate a light snow for the Olive Valley Dec. 24-27."

The 1976 edition of the Western Farmer's Almanac is the 150th edition. Boebinger said. He has a copy of the first edition, printed in 1828.

Trowbridge said the weather in the United States "overall is getting colder." It has been warmer east of the Mississippi River in the past few years, however, he said.

"There has been a warming trend," said Gieger. "I think the last winter I can recall that was a real cold and bad one, that we had pegged right, was in 1965."

That cycle should start revolving because the weather does move in cycles," Gieger added, "but with the way the astronauts are bouncing around anything is possible."

THE MOUNTAIN LAUREL Festival started 25 years ago, and every year a beautiful co-ed from Morehead State University has competed for Queen. MSU failed for 24 years, but this time was it last year. Her picture didn't appear in the MSU Racateur; the yearbook that staff members have tried to make controversial.

The yearbook staff is trying to get the Racateur and Appalachia. We thought a college yearbook was a portrayal of that year's life on the campus, and this is the first time we ever heard of that left out the pictures of all administrative officials, instructors, etc.

APPLES COME by their associations with Halloween. The candy apples originated as the Roman goddess of

festivals of Pomona, goddess of the orchard. Britain has three names for the occasion: All Hallow's Eve, All Hallow E'en and Nutcrack Night, in recognition of the role of roast chestnuts in the observance. On the Isle of Man, it is called Hogunans and in Ireland, Oidche Shamhna, or the Vigil of Samhain, Lord of Death.

CHAMPAGNE will be cheaper this winter because sales have fallen during the recession in France.

Champagne producers in France have for the first time in 35 years reduced production to compensate for the 60 per cent loss in earnings this year. Only 105 million bottles of champagne were sold in 1974, compared with 124 million in 1973, 123 million in 1972 and 116 million in 1971.

Sales, which fell by 15.4 per cent in 1974, already have dropped 5.6 per cent in the first six months of 1975. "The price of bottle of champagne which goes for \$6 to \$9 in Paris supermarkets up until now will fall to between \$4.50 and \$5 by the end of the year."

THE TENNESSEE Valley Authority has announced a slight decrease in electric rates; and the prime interest rate in New York dropped to 8.1 per cent this week. It's about time the depressive handwriting is on the wall.

FLAGS and national insignia have tripled in popularity as the Bicentennial fervor sparks patriotic displays and promotions. Some displays use the Stars and Stripes illegally.

Laws govern the use of the American flag to insure a proper respect for it, and customs decree certain other observances to follow to its use.

Here are the laws, prepared by the U.S. Marine Corps, for proper usage to render Old Glory the courtesies to which most Americans feel it is entitled:

+ The American flag should be unfurled, then hoisted quickly by hand to the top of the staff, with nothing on or over it. Lower it slowly with dignity.

+ Do not use the flag as a portion of a costume or athletic uniform.

+ Do not embroider it on cushions or handkerchiefs, or print it on paper napkins or boxes.

+ A federal law provides that a trademark cannot be registered which consists of, or comprises among other things, "the flag, coat-of-arms or other insignia of the United States, or any simulation thereof."

+ Never use the flag as drapery of any sort whatsoever. Bunting of blue, white and red — arranged with the blue above, the white in the middle and the red below, should be used for such purposes of decoration as covering a speaker's desk or draping the front of a platform.

+ Do not use the flag as a receptacle for receiving, holding, carrying or delivering anything.

+ Never place upon an American flag or attach to it any mark, insignia, legend, slogan, motto, picture or drawing of any nature.

+ When the flag is displayed in any manner other than being flown from a staff, it should be displayed flat whether inside or outdoors.

+ When a number of flags of states or cities, or pennants are grouped with the American flag in display, the national flag should be at the center and at the highest point.

+ When the flags of two nations or more are displayed together, they should be flown from different staffs of the same height and the flags should be approximately the same size.

International law forbids the display of the flag of one nation above that of another nation in time of peace.

+ Take every precaution to prevent a flag from becoming soiled. It should never be allowed to touch the ground or floor, or brush against objects.

+ When the flag is used in unveiling a statue or monument, it is not to be used as a covering of the object to be used, proper instructions can be obtained from the Marine Corps office or from the American Legion.

+ When the flags of states or cities are flown on the same halyard with the American flag, it should always be at the peak; should be hoisted first and lowered last.

If your organization is planning an event in which the national flag will be used, proper instructions can be obtained from the Marine Corps office or from the American Legion.

ORCHIDS THIS ISSUE to the Sanitation Department of the City of Morehead. They (garbage collectors) will pick up leaves at curbside every Tuesday, starting Nov. 4 and through Dec. 2. The leaves must be in sacks or containers.

Oldtimers say they never saw so many leaves. But, you'll have to rake your own because you can't hire anybody in this welfare "pardon" society.

PREDICTION: It will cost 13 cents to mail a first class letter, effective Dec. 28. Perhaps President Ford will put Nixon's picture on the 13 cent stamps.

FIGURES from the Kentucky Department of Finance show (based on taxes) that during the first quarter of this fiscal year (July, August, September) Kentuckians drank more whiskey, drove their cars more, didn't consume as much wine or beer, and smoked fewer cigarettes than for the comparable three months of last year.

BACK DURING the deep depression the government bought hill land in Kentucky for \$2 to \$5 an acre and converted it into Daniel Boone National Forest. The government overlooked one important item — they didn't get the mineral rights. It is estimated that 400,000 acres of the national forest have

coal deposits; and the owners of the mineral rights want to start operating with the price of coal being what it is. A legal battle is developing. You can't strip mine coal and also have trees and wildlife. Another Washington, D. C. goof-off!

THE \$2 BILL is returning. But, it still won't buy as much as two bits used to.

CAN YOU REMEMBER when it cost a penny to mail a local letter or postal card; and 2 cents for a letter addressed to anyplace in the U.S.A.?

A YOUNG apprentice plumber spent most of his time mumbering and grubbing about town to hard he was working. Finally one oldtimer had enough. "Look, sonny," he rasped, "you just don't know how easy things is nowadays. Back in the days when I was apprenticing the boss would let us lay the first two lengths of pipe on a job, then he'd turn the water on and we'd have to stay ahead of it."

SIGN in Bowling Green restaurant: "No hot pants or bathing suits allowed. Please remove them before entering."

SIGN on a wall in a veterinarian's office: "The next time you call your dog a dumb animal, remember who he's got working to support him."

THE QUICKEST way to be convinced a spanking isn't necessary is to become a grandparent.

IT USED to be that when farm prices went up consumers complained, and when food prices went down farmers complained. Today, farm prices are down, food prices are up, and everybody is complaining.

WERE YOU a good citizen by going to the polls and casting your vote Tuesday? If you didn't vote then you should have no complaints.

High Official, The Father Of Morehead, Dies

Kelly Bryant, 67 Secretary of State of Arkansas for the past 12 years, father of Mrs. Betty Bryant Brockway of Morehead, has passed away in a Little Rock hospital.

Mr. Bryant, also a newspaper publisher, was first elected Arkansas Secretary of State in 1962 and served until his death.

His daughter, Mrs. Brockway, only surviving child, lives at 214 Knapp Avenue in Morehead. He also leaves his wife.

Gov. David Pryor ordered that all flags be down at half mast following his death and until after the funeral which was conducted at Hope, Ark.

As Of July 1, 1975 . . .

The state's Comprehensive Health Planning Council has developed a new flexibility bed formula to assure quality health services for Kentucky's elderly. The new formula was developed with input from the 15 regional health planning councils. Most regional councils stated that they needed more intermediate care beds to serve their respective areas.

Each district will use the new formula to distribute intermediate care and personal care beds. Intermediate care beds will be distributed according to two per cent of the population of people aged 65 and over and personal care beds will be distributed according to one per cent.

Intermediate care is the degree of care given to patients who require medical treatment or long-term rehabilitative treatment. Personal care is the level of care given to persons who require non-medical institutional care and are unable to meet their own personal needs completely. Persons at this level of care do not require continuous nursing or medical care, but may require intermittent care by a physician or a home health nurse.

Priority Announced

The new formula will be up for review on or before June, 1976. During that period, conversions of intermediate and personal care facilities will be given priority over new constructions.

The council approved forming a long-term care committee to conduct in-depth research on projects. One of the first studies to be made by the committee will be the present policy on the inspection of mini-homes.

The council asked for a determination on who should make the inspection, when the inspection should be

CUB SPOOKS... Wolf Den 1 of Boy Scout Pack 388, Morehead, display their paper mache masks at the Halloween night meeting. From left - Jeff Porter, Walter Greenberg, Jerry Porter, Johnny Bradley, James May and Daniel Cooper.

conducted and what it should consist of in regard to quality care.

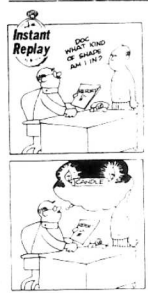

In addition, the council asked the committee to study the current policy of moving non-ambulatory patients from family care homes. The members feel that exceptions should be made to the current policy, especially when moving a patient could endanger his emotional well-being.

The council approved the following five Eastern Kentucky facilities:

- + Morehead State University - Intimacy to renovate a larger site to serve as a student health center.
- + Wicker Family Personal Care Home, Catlettsburg; McGuire Family Personal Care Home, Ashland; and McKiddy Family Personal Care Home, Corbin, to establish three-bed family personal care home.
- + Mid-Town Personal Care Home, Somerset, to construct a 61-bed personal care home.

The following three Eastern Kentucky facilities were approved with stipulations:

- + St. Claire Medical Center, Inc., Morehead to add a construction of a 190-200-space parking garage as an element of the previously approved certificate of need at an estimated cost of \$500,000.
- + Clover Fork Medical Services, Inc., Harlan, to establish a respiratory clinic for screening, evaluation and follow-up, with the stipulation that appropriate linkages be established and the Kentucky River Health Planning Council review the application as the services are extended into two regions.
- + Collins Family Personal Care Home, Columbia, to establish a three-bed family personal care home, with the stipulation that an inspection be

For the State Capitol

Agree Or Not

I say What I Think by S.C. VanCuren

Among the 182 bills pre-filed for the 1974 legislative session are some that are going to be highly controversial and some that have been beaten in many sessions in the past.

One that might upset some city fathers in the state is a bill that essentially says population shall be the only standard for classification of cities. There are six classifications of cities, loosely defined by population, ranging from the smallest sixth class to Louisville and Lexington, the state's only first class cities.

Present law says a city must have 20,000 population to qualify as a second class city, but the legislature has paid little attention to population in classifying cities in past sessions. Someone just introduced a bill from his hometown, and the legislators assume the city fathers have impounded the legislator to do so.

The late John J. Maloney, state senator from Covington, made an exhaustive study of population and city classifications for the 1966 legislative session, but he couldn't arouse any interest in the problem at that time.

There are only seven cities now classified as second class \$20,000 to 100,000. Paducah, Owensboro, Bowling Green, Frankfort, Ashland, Covington and Newport.

The 1970 population figures show Henderson with 22,976 and Hopkinsville with 21,256, and Pleasure Ridge Park with 28,566 and Valley Station with 24,471.

These apparently all would be automatically reclassified as second class cities if this bill passes.

Operation expenses for second class cities is more expensive than third or lower class cities under the statutes. Certain statutes govern salaries, pay scales and other requirements in second class cities. One of the big drawbacks from a political standpoint is that the mayor cannot succeed himself in office. This is one of the reasons given for Hopkinsville and Henderson not asking for second class status.

Another bill that might find a very rocky way in the legislature is one introduced by Sen. John L. Layton, D. Richmond, that would stop unregulated development in Kentucky.

The bill would establish a state Land Conservation and Development Commission to set statewide planning goals consistent with local and regional concerns. It would require local planning units to adopt land use plans compatible with statewide guidelines.

This is expected to be opposed by the Kentucky Farm Bureau Federation as well as some individual landowners.

On that is returned for about the third time is one backed by the Kentucky Education Association to permit the legal publication of teachers' salaries as one lump sum instead of by yearly salary for each teacher.

The KEA argues that this is embarrassing to the teachers to have their salaries made public, although salaries of all public officials are public. Back before the uniform teacher salary schedule was adopted several years ago, teachers in some school districts were paid what the superintendent wanted to pay them. His favorites got more money than teachers better qualified by educational standards.

There is no law now against merit pay for teachers, and if the individual salary is not published, the average classroom teacher may again find himself in the position of being discriminated against. This is the best protection for the individual teacher, even though the idea has been sold to some teachers that publication of their salaries is embarrassing and degrading.

THESEPIANS WILL GIVE FOUR ONE-ACT PLAYS

The University Breckinridge Thespians will present four one-act plays on November 13-14 at 8:00 p.m. in the Breck auditorium. "Mrs. Beffore," by Barry Mosher, "The Still Alarm," by George Kaufmann, "The Lottery," by Shirley Jackson and "Schubert's Last Serenade," by Julie Bavasso comprise the program. Tickets are \$1.25 for adults and \$1.00 for students and can be reserved by calling 783-2144.

WINNERS . . . The sixth semi-annual Green Valley Acres Bicycle Rodeo was held last Saturday afternoon in Green Valley Acres. Four events were featured and ribbons were awarded in three classes; points were then totaled to determine class champions. The ribbon winners shown above are (front row, from left): Terry Caskey, Alex Karwatka, Darrin Turner, Mark Brengelman (Class

Champion) and Buddy Smith (Class Champion). Back row, from left: Allison Johnson, Carla May (Class Champion), Dale Caskey, Rex Hamilton and Danny May. Bike contests and rodeos, once almost dormant, have revived in popularity and interest among children, teen-agers and adults.

OES SETS POTLUCK DINNER FOR TUESDAY

The Order of the Eastern Star will hold its regular meeting on Tuesday evening, November 11, at 7:30. Prior to the meeting, a pot luck supper will be served at 6:30. All members are urged to attend and bring a covered dish and join in the fun and fellowship.

State Water Division Tells How To Take Care Of Dam

A book, being written by the state water resources division, will show Kentucky's 800 dam owners how to properly care for their dams.

According to Harry Keith Honaker, a civil engineer in the division of water resources of the Kentucky Department for Natural Resources and Environmental Protection, the purpose of the book is to help owners of dams establish a program of maintenance and visual safety inspection. And, the principal objective of the program is to detect and avert any potential failure.

"We're writing the book as a supplementary manual to our state dam inspection program," said Honaker, who is compiling the book, which may be completed by the end of December. "It's a set of guidelines that owners can use on their own to maintain and care for their dams."

Honaker explained that failure of a dam can cause not only considerable loss of capital investment and possible income, but also possible property damage and loss of life. Because of this, regular inspection of a dam is vital to its care and maintenance. Problems can usually be detected at early stages if a dam is inspected regularly.

Through content and schematic diagrams, the book explains the main elements of a dam. It also goes into the prominent types of dam failures, proper maintenance of dams, owner inspection and reporting emergencies. "We want owners of dams to grasp the techniques necessary for a proper program of maintenance," said Honaker. "If an owner is able to thoroughly check the dam on his own and is capable of recognizing any potentially dangerous conditions, he may possibly avert a disastrous dam failure."

Honaker added that because early detection and remedy are essential in preserving the structure, the dam owner should be aware of various signs of danger during an inspection. "We point out these danger signals in the book," he said, "and tell the owner what procedures to follow in the dam's upkeep and inspection. For an owner to properly maintain a dam after it's constructed is a good business practice as well as moral responsibility."

"This handbook on dams," Honaker continued, "will aid owners in taking

Forests In Morehead Area, State Surveyed

The U.S. Forest Service and the Kentucky Department of Natural Resources and Environmental Protection, Division of Forestry are taking a close look at Kentucky's forest resources. What they see will influence future forestry programs for the State, according to a Forest Service spokesman. The Morehead area is an integral part of the survey.

The forest Service, in cooperation with State forestry agencies, periodically conducts inventories of the forest resources of each of the 50 states. The current inventory is the third in Kentucky's history. By mid-November field crews of the USDA Forest Service, cooperating with the Division of Forestry, will have remeasured 790 forested field plots and established 890 new ones. This survey, begun in 1973, occurs 11 years after the second and 26 years after the first forest inventory. Inventory information is used by foresters, planners and other interested groups to evaluate the present and potential condition and supply of forest land and the products and benefits it supplies.

In another phase of the forest inventory, sawmills, woodpulp mills and other wood products producers have been asked to report the volume of logs, bolts, and any wood products they received. This information is being used to estimate the present and future demand for wood products from the State's forested land. All mills that operated in 1974 have completed the questionnaire. Results of this canvass indicate that Kentucky's sawlog harvest has changed little since 1969.

One vital stage remains to be completed: a mail canvass of forest-land owners. Once again, the work is a joint venture of the Forest Service and State Division of Forestry. Kentucky becomes the ninth, and largest, state to be canvassed for forest-land owner information. More than 1,200 Kentucky

forest-land owners will receive questionnaires dealing with their reasons for owning forest land, and their attitude toward timber harvesting, forest management and recreational use of the land. Also of interest are future intended uses for the land, and certain personal information that will help describe and classify particular groups of owners. Information from the questionnaires will be used with data gathered as part of the forest survey to create a total picture of the future availability of timber and forest land.

Morehead Will Host 28 High School Bands

Fine arts and sports dominate the calendar of events open to the public at Morehead State University during November.

Twenty top high school bands from five states converge on the campus Nov. 8 for the annual Blue-Gold Marching Band Championship.

The Kentucky Women's Intercollegiate Conference will stage its state volleyball tournament on Nov. 14 and 15. MSU is the defending state champ.

The football team closes the season with three straight home games, including East Tennessee on Nov. 8, Akron on Nov. 15 and Eastern Kentucky on Nov. 22. Each contest starts at 2 p.m.

Other athletic events include soccer against Transylvania on Nov. 12, wrestling's Blue-Gold intrasquad meet on Nov. 15, and wrestling against Kentucky on Nov. 25.

Folk and country dancing is featured each Friday night at Laughlin Health Building. Other music events include a faculty piano recital by Karl Payne on Nov. 6, Woodwind Quintet concert on Nov. 11, Jazz Ensemble concert on Nov. 13, Univesel Chorus concert on Nov. 18 and a chamber music recital on Nov. 21.

Art exhibitions include a mixed media show by David Hodge through Nov. 21 and the annual Christmas show and sale by art students, starting Nov. 24. Both are scheduled at Cl'pool-Young Gallery.

"Godspell" will be presented Nov. 19 through Nov. 21 by MSU Theatre at Button Auditorium. Curtain time is 8 p.m.

The University will observe the Thanksgiving holiday from Wednesday, Nov. 26, at noon until Monday, Dec. 1, at 8 a.m.

Profitt Infant Dies In Lexington Day After Birth

Jerry Shannon, son of Jerry Profitt who died in September, and Corene Stevens Profitt, passed away last Wednesday, one day after birth at the University of Kentucky Medical Center in Lexington.

The remains were brought to Stucky Funeral Home at Morehead and graveside rites were conducted Friday by Rev. Scott Griffith in Caudill cemetery.

Besides his mother the infant leaves two step-brothers - Rocky Igo and David Igo at home in Clearfield; and the paternal grandmother, Mrs. Anna Profitt, Morehead.

FBI Jobs Are Available To Area Citizens

The Federal Bureau of Investigation has immediate openings for high school graduates, or persons with the equivalent thereof, both male and female, for office positions at its Washington, D. C. Headquarters.

Mr. Stanley S. Czarnecki, Special Agent in Charge, FBI, Louisville, Kentucky, has announced that the starting annual salary for office clerks, having no typing or shorthand ability and on previous experience, is \$6,296.00 per year with promotion to \$7,102.00 after 30 days if employment is satisfactory.

For applicants possessing typing ability at the rate of 40 words per minute, the starting salary is \$7,102.00. Stenographers start at \$7,376.00.

Applicants must be United States citizens, at least 16 years of age, able to pass a required physical examination and a rigid investigation of loyalty, reputation and character.

Interested applicants are requested to write to the FBI, P. O. Box 1467, Louisville, Kentucky 40201; call Louisville area code 502-583-2941 or the nearest Resident Agency Office of the FBI which number can be found in the Morehead telephone book.

House Indicts Postal Service As 'Pitiful'

The House of Representatives virtually erupted Friday with criticism of the "terrible waste, inefficiency, pay and fringe benefit demands, and pitiful service" of the United States Postal system.

The House threatened to cut off taxpayer dollar subsidies "in view of the poor service and rising costs" and indicated that it might be in favor of permitting private enterprise to fully engage in delivery of mail of all types, including first class. Following is what Powell Lindsey of the Scripps Howard newspapers

wrote - And for good measure, the House rejected a proposed compromise and insisted on ending the fiscal independence enjoyed by the Postal Service since it was created, five years ago.

By a vote of 287 to 196, the House yesterday stood by its earlier action and demanded that the Postal Service henceforth come to Congress every year for the money it needs.

UNDER the House-passed bill, all Postal Service revenues would go to the general treasury, and all Postal Service appropriations would have to be OK'd by Congress.

"There's no way the Senate will accept that," said Chairman James

M. Hanley, D-N.Y., of the House post-a service subcommittee.

The bill, passed by a 267-113 vote, also would:

● Roll back from 13 cents an ounce to 12 cents an ounce the Postal Service's proposed increase in the present lowest first class postage rate, thereby cutting Postal Service revenues by \$600 million.

● Eliminate a proposed \$1.5 billion subsidy for the deficit-ridden postal system.

● Order the Postal Service to give door-to-door or curbside service to all residences in urban areas, except in areas locally zoned for "cluster" mailboxes.

THE HOUSE floor rang with denunciations of the mail service.

"Wretched service," said Rep. Pierre S. du Pont IV, R-Del.

"The phony express," growled Rep. Joe Stutz, R-Kan.

"This (Postal Service) has ruined the mail system in the United States," said Rep. Wayne L. Hays, D-Ohio. "I'm going to vote against any appropriation for them from now on."

"We've got the worst of both worlds," said Rep. James M. Collins, R-Tex. "The mail costs more and is more inefficient than at any time in our history."

"Americans are tired of the inefficiency, waste and favoritism" in the Postal Service, said Rep. Bill Alexander, D-Ark., who led the fight to restore congressional control over the Postal Service's purse strings.

"Any organization that's losing \$8 million a day could use a little help," said Alexander.

EVEN HANLEY, who led an

often lonely defense of the Postal Service, denounced its "stupid policies." But he said these policies were improving.

Hanley predicted that the Senate would go along with a form of the compromise he suggested, involving:

● A \$1.5 billion subsidy for the Postal Service, including \$600 million for the revenue lost by trimming the proposed first-class mail rate from 13 to 12 cents an ounce.

● Congressional authorization and appropriation of any future subsidies the Postal Service may request, combined with extensive congressional oversight powers into all phases of the Postal Service's operation.

ANOTHER WAY to better the mail service was suggested in a bill introduced by Cincinnati's Rep. Willis Gradison-break the Postal Service's monopoly of first class mail delivery.

Gradison said the Postal Service was "shockingly inefficient," and competition would "encourage more efficient mail delivery, and a more realistic rate structure."

Gradison said the competition from United Parcel had already made the service more economical and efficient in delivering packages.

But a Postal Service spokesman said Gradison's bill would "raise the rates because we would still have to have all the 200,000 mailmen on the routes every day whether they delivered any mail or not. United Parcel and other companies can make money because they can pick and choose customers. We serve everyone."

Acceleration In Real Estate

Rowan Assessment Is 93.9 Percent

Five years ago Rowan County was reassessed (for local tax purposes) at 100 per cent of fair market value by the Kentucky Department of Revenue.

Deeds rarely read anymore "for one dollar and other good and valuable consideration" as most lawyers used to prepare them.

Arthur Lewis 65, Victim Of Heart Attack

Arthur Lewis, 65, of Rowan County, suffered a massive heart attack Saturday and died a short time later at Clark County Hospital in Winchester.

A lifetime resident of Rowan County he was born near Morehead Mar. 22, 1911, son of the late James Robert and Lula (Caudill) Lewis.

Funeral services were conducted Sunday morning at Slab Camp Church by Rev. Zora Trent. Burial was in Ditney cemetery.

On Feb. 10, 1954 he married Madge Moore, who survives.

Other immediate survivors are six daughters — Darlene Hewitt of Midway, O., Mrs. Mae Moore of Morehead, Mrs. Barbara Kegley of Clearfield, Mrs. Judy Cassara, Mrs. Sheila Dunree, both of Tampa, Fla., and Miss Fennie Lewis at home, five sons — Chalmer Lewis of Winchester, Paul Lewis of Clearfield, and Dale Lewis, Dennis Lewis and Douglas Lewis, all of Tampa, four brothers — Delmar Lewis of Illinois, and Chester Lewis, Emil Lewis and Elmer Lewis all of Morehead, a sister, Mrs. Emory Fouch of Morehead, and 12 grandchildren.

The bearers — Danny, Ronnie and Clayton Lewis, Gary Fouch, Charles Moore and Harmon Mabry, Lane Funeral Home cared for arrangements.

Cancer-Causing Chemicals Found In 4 High Schools

Only four high schools and 17 colleges have thus far reported the presence of certain cancer-causing chemicals in their laboratories following an August notification and request for registration of the chemicals by the state Department of Labor.

Dr. J. Bradford Block, medical consultant for the department, explained that letters were mailed to 350 Kentucky high schools and 42 colleges advising them of the chemicals. More than 200 high school responses and 17 college reports have been received since the mailing.

Heart Seizure Proves Fatal To Fred McClurg, 58

Fred McClurg, 58, of Rowan County, suffered a heart attack and died Sunday in an Ashland hospital.

Funeral services were conducted Wednesday afternoon by Reverends L. E. Collier and Scott Griffith at Siloam Church, followed by interment in the nearby Siloam cemetery.

During his adult lifetime, Mr. McClurg was employed by the C & O railroad, and also farmed. He was a member of the Church of God.

He was born in Rowan County Feb. 10, 1917, son of the late William and Effie Thornsberry McClurg.

He married Ruth Potter who survives along with four sons — Gordon Dean McClurg of Muncie, Ind., Coleman McClurg of Ashland, Bobby Joe McClurg of Powell, O., and Forrest Ingle McClurg of Rush, Ky.; two daughters — Jeanette Hendricks and Mrs. Polly Jean Hendricks, both of Columbus, O.; 16 grandchildren; a great grandchild, two brothers — Henry McClurg of Parkersburg and Clarence McClurg, Richmond, Inc., and a sister, Mrs. Mae Moore of Anderson, Ind.

Lane Funeral Home was in charge of arrangements.

All in the family?

CONSUMER GUIDELINES

#3 The U.S. Consumer Product Safety Commission estimates that there may be as many as 10,000 television fires each year. Be aware that the instant-

on feature has been suspected of causing some TV fires. Many TV-related fires have involved portable color TVs with plastic cabinets.

THE GOOD WORD from the Bible

Come, and let us return unto the Lord for he hath torn, and he will heal us; he hath smitten, and he will bind us up. After two days he will revive us; in the third day he will raise us up, and we shall live in his sight. Hosea 6: 1, 2

HALLOWEEN VANDALS BURN CARTER BRIDGE

Jim Cline, Chief of the Olive Hill Fire Department, said that vandals burned down a one lane bridge on Ky 2, near the J. F. Lewis store, early Saturday morning.

The bridge burning was part of the Halloween problems in west Carter county.

Cline said the 'pranksters' piled old automobile tires under the bridge and then set the tires on fire with gasoline. The fire department fought the blaze from 2 a.m. until 5 a.m. The bridge was an old one and only light traffic had been permitted to cross on it.

The City Councilmen
The Honorable Mayor C. B. Cornett
City of Morehead
Morehead, Kentucky

Gentlemen:

We have examined the statement of cash receipts and disbursements of the funds listed below of the City of Morehead for the year ended June 30, 1975:

General Fund	Parking Meter Fund
Fire Insurance License Fund	Firemen's Fund
Social Security Fund	Recreation Fund
Grant Fund-Crime Lab	Incentive Fund
Revenue Sharing	

Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances except as disclosed in the following paragraph.

A substantial portion of the receipts of the Parking Meter Fund consists of coin collections from parking meters. It was not practicable to satisfy ourselves with respect to such receipts beyond the amounts recorded as received.

In our opinion except for the effect, if any, of the matter discussed above relative to parking meter receipts, the accompanying statements of cash receipts and disbursements present fairly the cash transactions of the funds listed above of the City of Morehead for the year ended June 30, 1975.

September 26, 1975
Kerry Galloway & Goolsby

JOYOUS ANGLER... Winter may be near as cool weather invades most of the country, but things apparently are quite pleasant in Florida where pretty Joy Cobb tosses a line into the surf at Daytona Beach.

Pay the 'Write' Way

TO KEEP MONEY MATTERS WELL IN HAND, OPEN A CHECKING ACCOUNT

Keep your money in your pen! Pay bills the safe, time-saving way with a Checking Account at this Bank. Makes your "bookkeeping" easier, too - your cancelled checks are your record and receipt for every bill paid.

1. More Convenience. No need to dash around to pay bills. Just "write" your money.

2. More Safety. Your money is safe from loss, yet instantly available.

3. Sure Receipts. You'll have an accurate, up-to-date record of expenditures.

1. Regular Checking Account. Often the best check for those who write many checks.

2. Special Checking Account. No minimum balance required.

During National Hobby Month...

Hospitalized Veterans Doodle

Men and women patients in more than 200 military and Veterans Administration hospitals are joining millions of Americans who are enjoying having a hobby during October, proposed as National Hobby Month by a Joint Congressional Resolution, unanimously passed by the U.S. Senate.

HOPE SPRINGS ETERNAL... Bob Hope at the San Diego Veterans, a hobby/craft kit to patient, Eugene A. Gardner, while autographing his cast. Gardner, a Vietnam Navy veteran, is a member of Seal Team 5.

The hospitalized and clinic veterans patients are entering the National Doodle Art Show, an intriguing creative coloring hobby craft project.

At the conclusion of the national event, sponsored by Help Hospitalized Veterans and C. Penney Co., a Grand Award winner at each hospital will be selected as the "people's choice" by votes of the public, who will be invited to see the 21 of the completed works. More than 1,000,000 craft and model kits were distributed to patients in 275 military and Veterans Administration hospitals by Help Hospitalized Veterans for use in therapy and convalescence.

Three top national winners will then be chosen from the Grand Award winners of all the participating hospitals by a jury of artists and well known personalities headed by Duane Shore, Chairperson of National Hobby Month. Each of these three national winners will be awarded an all-expense paid one week trip (two to Hawaii, or if they desire, a craft for \$100).

The response of the patients to this event is expressed by the many comments received from the staff of the participating hospitals. Typical of them is that from the Commanding Officer of an Army hospital. "The benefits are far too great to enumerate. It has contributed to the high morale of our patients and gives them a special feeling of accomplishment. Our commendation for giving them the opportunity for expressing their creativity."

"Our sponsoring this program," said a J.C. Penney representative, "is our modest way of saying 'thanks' to our hospitalized veterans and letting them know they are not forgotten. It is our way too, of implementing the U.S. Senate Resolution that stated the particular interest in hobbies for those in Veterans hospitals."

Included among those donating the awards and prizes is Mr. A. J. Filipek, many times a hospitalized veteran, whose

Our Fragile Earth

By Dr. Jerry Howell, Director of Environmental Studies, Morehead State University

Water pollution fits into four broad categories: domestic, industrial, radioactive and agricultural. Related pollution factors, such as thermal pollution and taste and odor problems, can be a part of each category. A miscellaneous category is sometimes used to include certain polluting activities not always neatly classifiable. These activities include clearing land for farming, mining and road building.

Domestic water pollution is hazardous to man because it can be a source of pathogenic bacteria and viruses. The earliest water pollution studies were prompted by the fact that human waste pathogens can thrive in the water in which they are dumped. These studies led to the development of water treatment and disinfection methods which have proved very effective in freeing domestic water supplies from the ravages of diseases such as typhoid and cholera.

But diseases are not the only problems associated with domestic water pollution because domestic wastes, especially partially or completely untreated waste contribute to adverse biological effects on aquatic plants and animals. Waste dilution in our streams has been taken for granted since pioneer days. Indeed, wastes could dilute naturally by our waterways, so long as the pollution was small but as our population grew and more and more wastes were deposited in these waterways, their capacity to dilute these wastes diminished.

Eutrophication has been defined as the process whereby water bodies, especially lakes, undergo an increase in biological productivity. In nature the process operates on a time scale measured in thousands of years; the activities of man have accelerated the process.

In any particular lake, eutrophication will eventually cause it to become day land because the biological carcasses and silt produced through the years fill it up. Our intense addition of nitrogen and phosphorus compounds (from our detergents, sewage and fertilizer) to waterways causes algae (microscopic green plants) to extensively reproduce. The resultant natural algal blooms take up oxygen from the water as they decompose, speeding up lake basin filling and causing changes and sometimes death in aquatic organisms.

Eutrophication has been blamed for many aquatic problems: too much, too soon or too much of a good thing. The Great Lakes have not escaped the ravages of this process and one of them provides us with a textbook example of overnutrification.

COMPLETES COURSE... Sarah Bibbe, Morehead Junior at Morehead State University, receives her completion certificate from Mrs. Milgrom Doran, founder and director of MSU's Personal Development Institute. The five-week, non-credit course is designed to sharpen social skills and improve other personal qualities. It has received international recognition. Mrs. Doran is the wife of the MSU president. Mrs. Bibbe is the wife of Virgil Bibbe of Morehead. Others who received the PDI Award this week included Linda Goodspaster, Owingsville; Sandy Simon, Morehead; and Lila Collier, Owingsville.

AMERICA'S PEACEMAKERS HOW MARINE CORPS RESERVISTS KEEP READY

What you've been training for, working for, and polishing all year long finally gets put into practice on Annual Training Duty.

That's two weeks, during the summer usually, where your readiness is put to the test. You're a Marine Corps Reservist. And readiness is your motto.

ATD is no "summer camp." It's a fullscale tactical operation. Marine Reservists jump from across America pour into the giant coastal Marine bases. Off shore, the rifleman from New York boards the helicopter from Alameda; and after it's all over, you're scouts the landing area for the amphibian tractors from Galveston; and miles above, engineers from Maryland build fire support bases for howitzers from Wisconsin.

High ranking Marine Reserve officers check over the battle maps, and issue the command to land the landing force. A massive air-sea-ground exercise is under way.

ATD spans long, hot days, cold nights and hundreds of square miles. There are strategic objectives to be taken, enemy to be captured... if you're sharp, if you play your tactical cards right, and if you're ready.
