State, Nation Favor GOP In Election

John Sherman Cooper Easy Winner Over John Young Brown

The final, unofficial capitulation of the Eighth Congressional district showed that Congressman Joe Bates had been re-elected by 3-361. John Young Brown carried the district by 1,837.

In the greatest GOP sweep since the Hoover landslide of 1928, the Republican party elected John Sherman Cooper to the Senate and three members to the House of Representatives in Kentucky Tuesday.

The Republican trend was manifest throughout the nation. The next Senate and House Representatives will have GOP majorities for the first time in 15 years.

Cooper's majority had climbed to 40,000 today and may reach 50,000 when all returns are in. Louisville gave him better than 20,000 majority as the state's largest city went all out for the GOP. Thurston Morton, Republican, unseated Emmitt O. Neill for the Louisville Congressional seat.

Incumbent Joe B. Bates weathered the Republican sweep and won re-election by about 4,000 votes. A capitulation of Tuesday's vote indicates that Bates comparatively ran better than any democrat in the state.

Congressman Andrew May was unseated by Republican W. Howes Mead in the Seventh District.

Democrat Congressmen were successful in their bids for re-election in the First, Second, Fourth, Fifth, Sixth and Eighth Districts, although majorities were generally small and the outcome remained in doubt during the early counting.

Ora James and Chester Kiser captured school board races in Rowan County in a close contest. Several names were written in for a scattering vote.

Annual Youth Rally In Rowan County Scheduled Sunday

Gathering Is Sponsored Each Year By Rev. And Mrs. Leeper

The Annual Youth Rally which climaxes the gospel course conducted by Mr. and Mrs. L. E. Leeper in most of the rural schools of Rowan County is to be held next Sunday afternoon, Nov. 10, at 8 p.m. in the Morehead High School Gym. Although the rally is held especially for the students of the rural schools, the public is cordially invited. The meeting was largely attended last year, young people coming in cars, buses, trucks and one school body with teacher walked the entire distance from Dry Creek. Picture of this school will be shown on the screen.

The program will consist of group singing, special vocal numbers by several of the schools and pictures of some schools and pupils will be flashed on the screen and a Bible lesson of beautiful pictures in color will be shown. A tree-for-all award will be conducted, winner to receive a Bible. Bring your testament.

Let us give the fine boys and girls of our rural schools a chance this year and make it possible for them to attend. Surely there are cars and trucks enough and folks who care enough to see that their boys and girls can attend the rally and be careful that no one gets hurt. We want to get numbers of groups. We had a grand time last year, we hope to have better this year.

WINS SENATE SEAT

JOHN SHERMAN COOPER

Kentucky's new United States Senator, John Sherman Cooper, defeated his Democrat opponent, John Young Brown, by approximately 40,000 votes in Tuesday's election. Cooper will serve the remainder of A. B. Chandler's term, which has two years to run.

Legion Dept. Commander To Be Here Tuesday

Will Ed Shelton, Department Commander of the American Legion in Kentucky will address the Corbie Ellington Post of the American Legion Tuesday at 7:30 in the courthouse.

The regular meeting of the Legion scheduled for November 5 was postponed until Tuesday.

Dr. Harold Blair, Post Commander, urges every veteran to be present for Mr. Shelton's address.

CLEARFIELD WOMAN GROWS TOMATOES WITH PETUNIAS

Miss Truby Gregory of Clearfield planted a bush full of petunias and to some manner a tomato seed was mixed in. The tomato plant grew unusually well and she now has 22 tomatoes on the plant, six of which are ready for the table.

Morehead To Meet Western Here Saturday

The Morehead College Eagles, boasting four victories and one loss, meet the formidable Western Hilltoppers, at Jayne Stadium Saturday afternoon. The game will close Morehead's home schedule. They have yet to meet Marshall at Huntington, W. Va. November 16.

Ellis Johnson's Eagles, with a hard driving offense working from the T formation will be favored Saturday and also have a much higher national rating than Marshall.

Morehead's only loss this year was to Murray, the Thoroughbreds catching the Eagles at their lowest ebb. According to present national ratings Morehead easily out-ranks any team in the KMAC.

Plan Lunch Program At Morehead Hi

Lack of Space Hampers Efforts Toward Cafeteria Style Feeding

Plans are now being formulated for the starting of a hot lunch program at the Morehead High School and some equipment including a steam table, trays and mess chairs have already been purchased from surplus government materials.

The major hold-up now is that the school overcrowded now, does not have any space for the lunch-room.

The Board of Education has been allotted 100 table arm chairs from government surplus property. Other cafeteria needs are also in the air.

Supt. Ted Crosthwaite said that the school's enrollment of 544 was the greatest in the history and pointed out that the need of a new building was the major liability in the county school system. The Board of Education has purchased the Allen property in north Lexington for a site, and a movement has been launched for a building when material and labor are available.

Breck Students Start Minstrel Rehearsals

"Stepping Around" is the title of the minstrel which will be presented by the Breckinridge Minstrel Club on December 5. The entire cast was assembled Wednesday evening for a two hour rehearsal.

One of the features of this year's minstrel will be the appearance of the three Mosquitos composed of Libby Roberts, Virginia Litton and Peggy Kash. This trio is scheduled to perform for the Kiwanis club tomorrow.

Funeral Services Held For Alvin Glenmore Cooper

Alvin Glenmore Cooper, 29, son of Mr. and Mrs. Leslie Cooper died at his home near Cranston last Thursday. He had lived with his parents his entire life. He is survived by his parents, two brothers, Otis and Samuel and two sisters, Corda and Clara, all at home.

Funeral services were held at the home Saturday afternoon with Rev. Jay Harmon and Rev. H. G. Cooper officiating. Burial was in the Purvis cemetery.

Storm Warning Issued To Kentucky Hunters

H. L. Borden, Supervisor of the Cumberland National Forest, Winchester, Ky., today issued a "storm warning" to all sportmen to be careful with fire in the past few weeks, and hunters have also smoked squirrels out of hollow trees and the fire has spread out of control.

Two Federal Agencies Are Consolidated

FHA Replaces FSA And Emergency Feed, Loan Administration

The Farmers Home Administration, as authorized by the Congress, began operation in Kentucky November 1, says William K. Rouse, FSA supervisor for Elliott, Carter and Rowan counties, who recently attended a meeting at Lexington, Kentucky, of persons who will direct the affairs of the new agency.

FHA replaces both the Farm Security Administration and the Emergency Crop and Feed Loan section of Farm Credit Administration, and takes over the personnel and assets of both agencies. Rouse said that for the time being FSA offices will be maintained with the same personnel at all points where FSA and ECFL have operated. Both agencies have made loans to small farmers and the new agency will continue to serve this group.

Also attending the meeting at Lexington was Miss Racy C. Sasser, FSA Home Supervisor for this area. Discussions were led by Earl Mayhew, State Director of FSA, who will be the new head of FSA in this state, and other representatives FSA and ECFL.

Two types of loans will be made by the Farmers Home Administration. Mr. Rouse said. Farm purchase loans will be made to tenants, sharecroppers, farm laborers, and veterans with agricultural experience and training. Loans can be made for the purchase, development and improvement of family-type farms. The interest rate is 3 1/2 per cent and loans are repayable over a 40-year period. A variable repayment plan will make it possible for borrowers to make larger than average payments in years when farm income is high or above normal, and less than average payments in years when farm income is below normal.

Postwar Repairs Being Made On College Campus

Many changes are taking place in the building, and on the campus of Morehead State Teachers College. Buildings are being repaired and redecorated and the campus is being landscaped, repaired and cleaned.

"There are more plans in the future for other buildings and more trees and shrubbery are being ordered for the campus," stated President Baird.

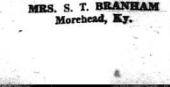

The auditorium has been redecorated in a beautiful combination of pastel blue, pink and cream colors. There are blue and gold curtains at the windows and

RE-ELECTED

JOE B. BATES

Incumbent Congressman Joe B. Bates survived the Republican landslide to win re-election Tuesday by between 3,000 and 4,000 votes. Although his total majority was far below normal Congressman Bates ran proportionately better than any Democrat in the state.

It's A Red Hot Race For Prize Hudson As Finish Line Nears

All Important "First Period" of Contest Ends at 6 O'clock This Saturday Night "Go The Limit" For Your Favorite Now

More general and concerted effort has taken place during the past week in The Rowan County News' big automobile prize subscription contest than at any other time since the race began and the "battle royal" now in evidence is attracting county wide attention.

By casting more than a million and a half votes, thereby nearly doubling her previous total, Mrs. Bill Carter of this city strengthened her enviable position as leader for first honors and attendant award—that beautiful new two-tone 1946 Hudson Super-Six automobile, new at exactly \$1,720.43, and bids fair to keep right on going at high speed.

Also practically doubling her vote is Mrs. Muri Gregory, popular principal of the Clearfield school and well known to everyone in that thriving community. Her high tally, in fact, that the votes on a mere handful of subscription separates them.

Just a pace behind comes Mrs. S. T. Branham, who likewise practically doubled her vote figure for this contest and can be depended upon to make a strong finish. Mrs. Branham numbers her friends and acquaintances by the scores in this area and they are responding with subscriptions is good to see.

While by the sudden cut of third place behind comes Mrs. Muri Gregory, popular principal of the Clearfield school and well known to everyone in that thriving community. Her high tally, in fact, that the votes on a mere handful of subscription separates them.

Charles Roger Lewis continues to hold fifth place, but with nearly two million votes to his credit and just a little concerted effort on the part of himself and friends NOW—while the BIG "first period" votes are still available—could quickly and easily boost him higher in the list.

There'll Be Six Winners

Valiently bringing up the rear, little Miss Shiela Hamm of Rt. 2 Morehead is "in the money" so far as a cash bonus award is concerned and making steady strides to better her position in the race. Some of those higher up in the list should look well to their laurels.

A pretty and exciting race is being enacted between Mrs. E. E. Elam of Clearfield and Mrs. Cora Carter of Morehead for seventh and eighth places respectively, either one of whom could spurt ahead and be among the "big six" potential prize or bonus award winners by this time next week.

Intense though suppressed excitement prevails among the various contestants as each realizes that he or she is within reach of prizes worth a small fortune all to the woe or last during the next 21 working days—depending largely upon the number of subscriptions turned in while RCA votes are allowed, terminating at 6 o'clock this Saturday evening, November 9th—and each have entered the final lap of the "first period" determined (Continued On Page 5)

Noted Russian Guest Violinist To Play Here

Samuel Duskin Is Former Student Of Fritz Kreisler

Samuel Duskin, noted Russian concert violinist will be the next musical artist to appear at the Morehead College auditorium November 11 and 12, under the sponsorship of the Lyceum Committee.

Mr. Duskin a former pupil of Fritz Kreisler, began his concert career at the age of six and has traveled extensively throughout Europe and the United States where his playing has been acclaimed with great enthusiasm.

Mr. Duskin's eagerness to add to the existing violin repertoire has led him to introduce many unknown musical gems of the past three centuries which has given him the reputation as a master of the classics as well as a foremost interpreter of modern works.

Although Samuel Duskin has played in all the important European capitals, he was first heard in this country with the New York Symphony Orchestra, conducted by Walter Damrosch.

He has also appeared with the Boston Symphony under Koussevitzky.

Morehead College's Field House

Morehead State College did not get any capital outlay at the State Legislature all the other state colleges and the University sought unusually large sums. Morehead accepted the fact that it would be practically impossible to build now under existing labor and material shortages and laid plans for a concentrated effort to secure this money for Morehead at the 1948 session.

As things worked out none of the state institutions received capital outlay appropriations this year. This means that all the state colleges and universities will redouble their efforts at the next session.

Morehead had planned to ask for money to construct a new field house, the building to go up on what is known as the Bishop property which the institution now owns. Although we have undergone a change in administration since that time, President Baird will no doubt, seek the appropriation for the field house since it is sorely needed.

Although the legislature will not meet for more than a year, we should be thinking about this appropriation now. It will be wise to speak to any Representative or Senator and to lay plans now for Morehead's friends (which include many former students and alumni) in the legislature to make a hard fight so that we may receive this very badly needed appropriation. At best, it has always been difficult to secure capital outlay funds from Frankfort inasmuch as every agency seems to always be clamoring for more money.

"Houses For Vets" Fails

The Commander of the American Legion, Col. Paul H. Griffith, advises veterans not to buy or build now, saying that they cannot afford, "in this period of inflation," to take on the responsibility of \$100,000 for a \$4,000 house.

The American Legion official says that the legislature has passed preference and priorities turned out to provide "illness to hant materials." During the war, he points out, priorities were extended back to the manufacturer, but in connection with veterans' homes, the priorities do not go back to the manufacturer who can sell to whom he wishes.

The "true facts" of the "deplorable situation" will be given to the public in November, asserts the Colonel, who says that "we are all to blame—the Government, the States, the communities, other business, industry and labor."

We are quite sure that many veterans will be interested in any steps that will improve what seems to be a failure to provide homes for veterans at reasonable cost. Just how this is to be accomplished, in a free market without governmental controls, escapes us, but we are in favor of anything that will make homes available to homeless veterans, at reasonable cost.

Banker Talks For Farmers

Mr. T. V. Bailey, president of the American Bankers Association, is giving us the spectacle of a banker intensely interested in the welfare of farmers.

In speaking recently to a group of financial advisers in San Francisco, Mr. Bailey pointed out that a well-balanced rural banking structure is essential to a sound national economy and discussed the present position of agriculture.

On the favorable score, he finds that the farmers of this nation have managed their mortgage indebtedness to about \$5,000,000,000 from a figure that once approached \$11,000,000,000, that farmers have the largest cash balances they ever held and that they have created solid reserves of equal importance with cash reserves.

Mr. Bailey found that the unfavorable side deals with problems connected with the rise in farm land prices. He pointed out that these are inevitable when farm land prices rise above that value from which a profitable income can be taken over a period of years.

Henry Wallace is now editor of a national magazine, and many are wondering if he would rather write than be president.

The price of lead dropped 6 cents in the period in Morehead last week, and local butchers report that house-wives are buying less and less meat in a silent semi-buyers-strike. Eggs at 55 cents this week, are also due for a drop.

Retailers are frank in saying that prices are too high, and most of them predict a general decrease, especially in meats the next few days.

Likewise, there appears a leveling-off in real-estate prices with few buyers for homes that are being offered for sale at the highest prices in history.

VA SERVICE FOR VETS IN PRISON

The Veterans Administration goes to every corner of its three-state area to provide service to the veteran—even behind the bars of state penitentiaries, according to officials at the Columbus (O.) Branch Office for Ohio, Michigan and Kentucky.

VA service is available to veterans in every Federal jail and prison through weekly contacts. Elsewhere, VA representatives visit detention houses and city and county jails on a call basis.

VA is concerned with the problems of imprisoned veterans which are not only their service in the armed forces or certain to the rights and benefits to which they may be entitled in accordance with the law.

Last week's dry weather and a more careless hunter were responsible for three more of them in Menflee county, all of them in rugged cliff country and difficult to control.

The largest one, some 75 acres, burned on the Ratiff branch of Beaver Creek and was handled by Joe Mauk with the assistance of Messrs. Stout and Moore and their REA survey crew from Lexington.

Another good one of the co-operators, along Beaver, willingly quit to follow Mauk in and spend a hard day fighting fire. Another good one of the co-operators quit, also, to follow Mauk in and spend a hard day fighting fire.

The other two fires occurred over the weekend on the upper tributaries of Red River in inaccessible back country, among the cliffs, were handled by crews from the south end of the District under the leadership of Fire Control Assistant Willard Rose.

I wonder how many of my readers have ever fought a fire in the cliff country. On top of the cliffs it is always dry and the wind whips, and it is a real tough job to get a fire started, and snags catch fire and burn like torches clear to their very roots.

The pine needles and accumulation of dead leaf litter on the burn reaches mineral soil. Fire runs to the edge of the cliff and then, if there is a wind, it won't drop over, but even if it does, it is a real tough job to get a fire started, and snags catch fire and burn like torches clear to their very roots.

Sam Piersall, 31, Dies At Scranton

Funeral services for Sam Piersall, 31, of Scranton were conducted from the residence by Rev. John Williams Sunday. Burial was in the Gunter cemetery.

Surviving are his wife, America Piersall, two sons, Albert of Silverton, O. and Malcolm of Sharronville, O., and two daughters, Mrs. Ruth Miller, Huntington, W. Va., and Mrs. Eula Watts of Cincinnati. The Anderson Funeral Home had charge of arrangements.

VEGETABLES
The Department of Agriculture predicts that there will be plenty of vegetables next year and that prices will be lower, in spite of continued high employment and wages. Supplies of canned and frozen vegetables between now and the 1947 processing season will probably set a new record, according to the Department.

Vet Gets New Car - A Present From The Government

Bob Day, manager of the College View Inn and Garage hands Paris Jackson, Jr., the keys to a new 1946 Oldsmobile. Jackson is the first World War Veteran to receive a new automobile as a present from the United States government. His right leg was shattered by a Jap dive-bomber.

Paris Jackson, Jr., of RFD 1, Morehead, who lost his right leg when a Jap dive-bomber made a direct hit on his ship in the Pacific, is driving a new Oldsmobile today—a present of the United States government. He is the first Rowan County World War Veteran to receive a new car, although any veteran who lost a leg or the use of a leg during the war is entitled to one, according to John Knuckles, who is in charge of the district contact office of the Veterans Administration, located at 948 Main Street.

The new Oldsmobile which Bob Day, dealer, turned over to Jackson last week cost \$1,599.91, only nine cents short of the maximum of \$1,600 which the government will pay for. Day has three more new Oldsmobiles in his show rooms which will go to veterans who lost a leg or the use of a leg during the war.

Knuckles said several other veterans have applied for new cars, and there may be some who are eligible but have not made application. He urges them to contact his office.

Eagles Move To 3d In KIAC

Aside from victories by Morehead and Louisville, KIAC football teams were willing to forget week and performance.

Only the Eagles and Cardinals turned in wins but the 12-6 victory over Eastern by Morehead was enough to scramble the loop standings and move Eastern from a tie with Western for first place to a three way tie with Morehead and Murray for third. Louisville stepped out of the race to trouble St. Josephs of Indiana 13-7.

This weeks action was only a preview of what is going to happen next week. Western, unbeaten in loop competition, faces the Eagles here and Louisville tangles with Eastern in conference frays that could easily change the whole complexion of the race.

After this week, the remaining loop battles find Western at home against Eastern November 16 and against Murray Novem-

ber 28. The other clubs will be through with league play.

Western lost to TPI 32-6 Friday to lower its mark against non-conference teams to one victory and three setbacks.

Good Management Pays Off In Success Of Frozen Food Locker

By DAN BRAME

The Morehead Frozen Food Locker has proven successful because of the manager's hard work and proper management. The people of Rowan County hardly knew there was a meat shortage because there was so much meat stored in the locker plant. We killed a beef last month, kept records and followed it through to the locker. The calf weighed 670 pounds and dressed out 338 pounds. A friend bought half of the calf and left us with 169 pounds. When Mr. Johnson had finished with knife and saw, there were 54 pounds of roast, 28 pounds of T-Bone and Loin Steak, 28 pounds of round steak, and 24 pounds of hamburger.

One-half of the beef cost \$47.00 after processing charges had been added. Mr. Johnson stated that prevailing retail prices of the same meat would cost the consumer \$70.50. We

figured that we saved \$23.50 by putting our own meat in the locker and we don't have to worry about another meat shortage. Killing Hogs Farmers and town people alike are interested in killing hogs. There has been a definite shortage of pork and lard. There will be more pork and lard during the winter but the supply will probably be short again next summer.

People who put up their own pork often want to sugar-cure some of the ham and bacon. There are several prepared sugar-curing mixtures on the market. If you are short of time to buy a commercially prepared mixture and follow the directions on the container. A good sugar-cure can be made of 7 1/2 lbs. of salt, 2 1/2 lbs. of sugar, and 2 oz. of mixture for 100 lbs. of meat. For best results, both meat and ingredients should be weighed. The bacon should be washed in warm water after the meat has cured. All pieces weighing 20 lbs. or less should be removed from the cure and washed after 21 days of curing. Pieces weighing more than 20 lbs. should be cured the "1 1/2 day per lb." rule. Meat should be cooled before the curing mixture is applied. Pork should never be allowed to freeze before it is cured. This often causes the meat to spoil. Meat that has been kept in cold storage for several days should not be cured. It is best to kill hogs one day and cure the bacon, ham, and shoulders the next day being certain that the meat did not freeze during the night.

Corn Derby Mr. Ern Thompson, chairman of the committee that has been selecting the yield of the corn crops that are entered in the Corn Derby, announces that the committee is almost through and that the winner will be announced soon. Mr. Thompson reports that the yields are unusually high and that he saw very little difference between some of the best crops in the county. The Corn Derby is sponsored by the University of Kentucky and several Morehead businessmen who are interested in improving the agriculture of Rowan County.

Cover Crops Rowan County has increased its acreage of land sown to cover crops as much as 500% during the last six years. One local report says that the solid 22,000 lbs. of vetch seed this fall. In addition to the vetch, they sold 500 bushels of Illinois eye, 400 bushels of wheat seed, 300 bushels of oats, and 450 lbs. of Crimson Clover seed.

NOT MUCH GAIN Felton, Minn.—During a hurried trip to nearby Morehead, where Mrs. Jessie M. Jung hoped to find hard-to-get items, such as meat, sugar and soap, thieves broke into her home and from their loot, proved that they, too, were looking for scarce articles. They stole her supply of sugar, raisins, coffee and a fifteen-pound roast she had left cooking in the oven.

Two Federal

(Continued from Page One) loans, the second type will be made to farmers and stockmen for the purchase of livestock, farm equipment, seed, fertilizer and other farm and home needs. Such loans can be made to either owners or tenants who live on and operate family-type farms and who derive the major portion of their income from farming. These loans carry an interest rate of 5 per cent and are repayable in from one to five years.

To be eligible for an FEA loan an applicant must be unable to get adequate financing on reasonable terms from other credit sources available in the community where he lives, such as banks, insurance companies and the Federal Land Bank. "FEA is not in competition with any existing credit source, private or Federal," Mr. Rouse said. Applicants must be citizens of the United States and be individuals by a committee of three individuals residing in the county where he lives, at least two of whom must be farmers.

Red Hot—

(Continued From Page 1) to be a big prize winner or know the reason why.

Contestants Attention The crucial test is now at hand if you ever intend going anywhere BIG in this race, do it now. Instead of being a loser, you will be among the leaders and stay there. Now is the time to secure an insurmountable reserve note; now is the time to make a reasonably sure of the prize you most desire.

Not to do so means that you will have to redouble your efforts during the remainder of the race to make up for lost time. Just a few "full limit" subscriptions NOW may be the very ones needed to win that new 1946 Hudson Super-Six automobile, worth \$1,720.42. They could hardly help winning one of the major prizes of bonus awards.

The last lap is the hardest!

You've probably figured your present car won't have to last much longer.

We hope you're right. For our part, we're doing our best to get those grand new Packards to our customers.

• You know the situation

But, like every other motor car manufacturer, Packard is still struggling with parts and materials shortages.

This year, the industry as a whole has been able to build only 44% of its output for the same period in 1941.

Packard has done better than that, but we'd like to put in a word of caution:

It may be some time yet before you get behind the wheel of your new car.

• Don't take a chance!

Make sure your present car keeps rolling. Test your car with this easy quiz.

If you find any of these symptoms, bring your car in for a quick check-up.

Lots of cars are lasting longer and running better because our expert mechanics are trained to nip trouble before it takes hold!

WINTERIZE NOW! These days, it's doubly important to best winter to the punch. Bring your car in early for a thorough check-up of your battery, electrical system, and cooling system—as well as pre-winter lubrication and engine tune-up. The last-minute rush will be terrific—and the cold may slip damage hard-to-get parts!

P.S. Fenders, doors, running boards—in fact, all body parts are scarce. Don't let rust eat them away. Our protective treatment will add to your car's life, appearance and value.

X This quiz can help you catch little troubles before they become big ones!

1. ENGINE: Is smoke coming out of the exhaust? Are you using more oil than you used to? If "Yes," better have your piston rings looked at.
OK Needs Attention

2. CLUTCH: Can you push the pedal down 1" to 1½" before the clutch starts to release? If the distance is less than that, better have it adjusted.
OK Needs Attention

3. STEERING: Minus amount of "free play" from "A" to "B" and from "A" to "C." Two inches or more indicates too much free motion before wheels begin to turn.
OK Needs Attention

4. BRAKES: Does your brake pedal travel more than one inch before any braking is felt—and at least one inch of pedal travel left after a full stop in 30 feet at 20 m.p.h.? If not, police will say they are unsafe.

E. K. E. A. Meeting Will Convene In Ashland Thursday

Governor Ellis Arnall To Address Educators Friday Eve

The twenty-third annual meeting of the Eastern Kentucky Education Association will be held at The First Methodist Church, Carter Avenue at Eighteenth Street, Ashland, on November 7 and 8. The theme of the 1946 program is "Education on the March in Kentucky."

The first general session will begin Thursday evening, November 7, at 7:30 (EST). W. O. Pelfrey, E. K. E. A. President and Principal of West Liberty High School, will preside. The Reverend Charles E. Hawkins, Minister of the First Methodist Church, will deliver the invocation. Mrs. Frank Devanum, Dean of Girls at Ashland Senior High School, will give the welcoming address. Other speakers will be: Christine McGuire, Home Economics Teacher, West Liberty High School; Adron Doran, President of the Kentucky Education Association who will speak on "Education on the March in Kentucky"; Dr. Frank P. Graham, President of the University of North Carolina, will deliver an address entitled "Federal Aid to the States for education in the Postwar World." Music will be furnished by the Ashland Senior High School, directed by Alma Mae Lombard.

First Vice-President D. C. Anderson, Principal of Salsberyville High School, will open the second general session Friday morning, November 8. The Reverend Carroll Hubbard, Minister of the First Baptist Church, will deliver the invocation. Speakers of this session include: Hambleton Tapp of the State Department of Education, whose top will be "Committee for a New State Constitution"; Dr. Helene W. Hartley, President of the National Council of Teachers of English, and Professor of English at Syracuse University; and the Honorable, James P. Pope, director of the Tennessee Valley Authority, who will speak on "The International Implications of T.V.A." Music will be by Betty Ann Miller, soloist.

The third general session will convene Friday evening at 7:30. The invocation will be by the Reverend Joseph S. Faulkner, Minister of the First Christian Church. John Fred Williams, State Superintendent of Public Instruction will speak on "Today's School Action." President W. O. Pelfrey will introduce the officers-elect. Three directors, a president, a first vice-president and a second vice-president are to be elected. Music will be by the Eastern State Teachers College Chorus, directed by Blanche Severs. The address of the evening will be presented by the Honorable Ellis Arnall, Governor of Georgia. His subject will be "The Unity of Interest of the South and West."

Teachers in the various fields will meet with their particular groups Friday afternoon. Departmental meetings are scheduled to take place at Ashland Junior College, Ashland V. M. C. A., First Methodist Church, First Baptist Church, and at the ballroom of the Ventura Hotel.

The annual Morehead dinner will be served Thursday evening, November 7, from 6:30 to 7:30 in the ballroom of the Henry Clay Hotel. Dr. Wm. Jesse Baird will preside. Alumni, students, friends and faculty are invited to attend. Tickets will be available in the lobby of the hotel.

LADY THROWS CANE AWAY AFTER TAKING NEW RHU-AID FORMULA

One lady, who was unable to walk 6 weeks ago, due to rheumatic pains, says she is enjoying a normal life once again since she took RHU-AID. In fact, she says she has thrown her cane away. This lady had to stay in the house for weeks at a time, unable to get out much. Rheumatic pains centered in the joints of her knees and ankles. She says she felt stiff all over. But in less than a week's time, when she started taking RHU-AID, the awful rheumatic pains disappeared from her legs and ankles. She is well and happy today and says she wouldn't take a fortune for the relief RHU-AID has given her.

RHU-AID is the new liquid formula containing three valuable medical ingredients. These Three Great Medicines, all blended into one, go right to the very cause of rheumatic and neuritic aches and pains. Miserable people soon feel different all over. So don't go on suffering! Get RHU-AID. (Barnes' Drug Store.) (Adv.)
