

Band Clinic To Draw From 140 Schools

Dorian Quintet To Perform In Concert

The Dorian Quintet, one of the world's outstanding chamber music groups, will appear in concert on the Morehead State College campus, Friday, February 26.

The 8:00 p. m. concert in Sutton Auditorium is the third part of the Northeast Kentucky Celebrity Series sponsored by the college.

Organized in April of 1961, the woodwind quintet has received outstanding reviews throughout the world and toured Africa for 1 1/2 months in 1962-63 under the auspices of the United States Department.

Members of the quintet are: John Petras, flute; Charles Kunkin, oboe; William Brown, French horn; Jane Taylor, bassoon and William Lewis, clarinet.

Following its New York debut in 1961, the Quintet has performed in Warsaw, Ireland, Holland, Paris, Germany, Africa, Vienna, Iceland and throughout the United States.

(Continued on Page 11)

THE DORIAN QUINTET — Pictured above are the members of the Dorian Quintet, world famous woodwind ensemble. The group will perform this weekend during the Eighth Annual Morehead State

College Band Clinic. Their performance will be the third in a series of Northeastern Kentucky Celebrity Series concerts at MSC this year.

Clinic Activities Will Begin This Friday

By Donna Giffin

Over 140 high schools and junior high schools from throughout the region will attend the Eighth Annual Morehead State College Band Clinic on Friday, February 26.

Fred J. Mazza, director of the clinic, said that 370 students, selected from over 1,700 applicants, will participate in the clinic.

Highlights of the annual event will include a performance by the Dorian Quintet, world famous woodwind ensemble; a concert by William J. Bell, eminent tuba player; a concert by the Morehead State College Symphony Band, and concert by the three clinic bands formed from clinic participants.

Fourteen of the nation's outstanding musicians will serve as clinicians.

Registration on Thursday. The clinic will get underway on Thursday, February 25, as the student begins arriving on campus to register for the clinic.

Admissions for the three clinic bands will begin at 7:00 p. m. and will be heard by the music faculty members.

The visiting students will be housed in the various hotels and motels in Morehead and in several of the dormitories on campus.

The clinicians for this event are considered to be the finest in their respective fields. The three guest conductors include Maurice R. Reichard, Emmett R. Saitz, and Paul B. McCandless.

Reichard is a graduate of the University of Dayton, has his master's degree from Ohio State University. He is on the board of the University Composers Exchange.

Saitz, professor of music and Director of the University of Wisconsin Music Department, is a graduate of Canterbury College, Ohio and Illinois Wesleyan University.

McCandless, supervisor of music for Meadville Area Schools and Director of Music at Meadville Area Senior High School, is president of the Pennsylvania Music Educators Association. McCandless will be conducting the Junior High School band.

Reichard and Saitz will conduct the two senior High School Bands. (Continued on Page 12)

Fall Dean's List Includes Fifty-Eight Perfect Marks

Seven hundred and eight Morehead State College students made the Dean's List for the fall term. Fifty-eight of the total made perfect 4.0 standings. Students must achieve a point standing of 3.0 or more to appear on the Dean's List.

Students listed represent 81 Kentucky counties, 21 states and six foreign countries.

"The young people who have achieved high enough as a demerit record to earn a place on the Dean's List are to be highly commended for their outstanding achievement," said Dr. Adron Doran, president of Morehead State College.

He added, "Not only is this tribute to their efforts but a recognition of the ever-increasing number of outstanding students who are attending Morehead State College."

Students who made the Dean's

List by counties are: Anderson—Betty Blanche Caldwell, 3.40; Warren—Robert Dennis Doyle, 3.35.

Bath—Jane Russell Boyd, 3.00; Andrew Marshall Doyle, 3.00; Patsy Crouch, 3.21; Elizabeth C. Gevedon, 3.00; Mary Sue Goldy, 3.00; Nancy Merta Goldy, 4.00; Jeanette Carol Manley, 3.19; Paul D. Ruffitt, 3.00; Lana R. Richardson, 3.30; Carolyn Sue Stull, 3.29; and Dottie Lou Taylor, 3.30.

Boone—Joyce Ann Cushman, 3.12; Sylvia Jeanne Delwick, 3.13; Michael Wayne Emerson, 3.60 and Cynthia E. Gurney, 3.00.

Bourbon—John Scott Brown, 3.20; Betty Lynn Green, 3.42; Sandra Rae Green, 3.00; Brenda Sue Jackson, 3.30 and Guy Frederick Ormby, Jr., 3.00.

Boyd—Marcella Adams, 3.75;

Clemson John Birch, 3.00; Cheryl Jan Bradford, 3.40; Don H. Brown, 3.00; William Michael Bryant, 3.00; Linda G. Buttner, 3.40; Chas L. Chandler, 3.00; Karen Sue Cole, 3.35; Linda Leigh Grace, 3.00; Linda Griffith, 3.13; Sylvia Lorene Handley, 3.35; Edgar Eugene Harness, 3.00; Patricia D. Holbrook, 3.00; Penny Joy Hargen, 3.29; Frederick Marion May, 3.75; Charles K. McCullough, 3.00; Maria Spirling Mick, 3.06; Linda Moore, 3.35; Harold Charles Ogg, 3.47; Gail Frances Patton, 3.07; James J. Pritchard, 3.55; Buford Carl Proffit, 3.15; Thomas Lee Thoden, 3.00; Joyce Stone Ridenour, 3.35 and John Edward Shelton, 3.50.

Also from Boyd County are: Joseph Stanford Stagg, 3.00; Carl Robert Sparks, 3.20; Helen Catherine Sparks, 3.38; Lester F. Wellman, 3.60 and Gerald Sue Withrow, 3.00.

Bracken—James Foster Clark, 3.30; Larry Wayne Lucas, 3.11; Steven Edward Marshall, 3.00 and Sharon Lee McCleanahan, 3.40. (Continued on Page 13)

Enrollment Record Set

Morehead State College has a record spring semester enrollment of 3,313 students, President Adron Doran announced today.

The record spring enrollment is up 12 percent over the spring enrollment of 1964 when 3,137 students were enrolled.

Morehead's fall enrollment this school year hit an all-time high of 3,896 students—up 17 percent from the previous high of 3,238 students set in the fall of 1963.

The enrollment drop from the first semester to the second is a natural decrease caused by mid-term graduation, students dropped for academic reasons, and various personal reasons, said Dr. Doran.

PLAY PRACTICE — Pictured above are some of the students who will be participating in the play "Between Two Thieves." The play will be

produced at Morehead next week. The students are (l to r): John Kokorchen, Judy Smith, John Johnson.

'Between Two Thieves' Scheduled In Little Theatre

By Nina Craig

Between Two Thieves, a two-act play, will be presented March 3, 4, 5 and 6 in the Little Theater.

Not only does the play treat a controversial subject, religion, but it endeavors to rationalize the persecution of the Jews. Besides this, there is an involved romance entwined to make a unique subplot.

The play opened and ran for 600 performances in Italy beginning in 1935. Between Two Thieves has been performed in twenty-two countries. It opened in New York Feb. 11, 1960 and ran for seven and a half months. In Paris the play was presented to an enthusiastic audience of 15,000; 8,000 of which were students.

Interesting Jerry Bingham, Assistant Professor of Drama, described the plays as "interesting and different," and continued to say that it dealt with the meaning of religion in our lives.

Four of the principle leads will be played by John Johnson, Carrie Wiley, John Kokorchen and Pat Spangle.

The box office will open on Wednesday Feb. 24. Tickets will be \$5.00 and all seats are reserved.

Kentucky Educators Should Remain In State

At one time the Three R's were Readin', Ritin', and Rithmetick. Today, however, many Eastern Kentucky college folk have revised the Three R's to include Readin', Ritin', and Route 88 to Ohio.

Yes, each year the state of Kentucky must bow to the onrush of traffic of Kentucky folk who flood the teaching positions in Ohio, as well as many other neighboring states.

Certainly a sizeable difference in the teachers' salaries is noted upon comparing the two states. But from Appalachia have faced monetary problems before and we did not run away then. There is honor due the "Grasshopper" who sincerely feels he can uplift his fellow "Buckeye" by offering his teaching capabilities.

It is honorable, though, for us to go through the public schools of Kentucky, allowing the taxpayer to foot the bill, and then depart from their midst offering them nothing in return?

Is it honorable for us to leave thousands of hungry, youthful minds in our native Eastern Kentucky while we wrap ourselves in our academic excellence and traipse off to a neighboring state—all for the love of a few measly dollars?

Editor's Note: This editorial and the following one, were written by members of the journalism class. Since they pertain to issues of interest to all and were well-written, we decided, along with W. Foster Adams, journalist-in-residence, to run them as guest editorials in this issue of The Trail Blazer.

If there no honor in such a thing as food for the soul? Is there no honor in simply being able to boot a "head-of-the-holler" kid toward a doctor's degree? Is there no honor in teaching children who must row across a creek and then walk two miles to meet a school bus every morning? Is there no honor in broadening the horizons of these young "hillbillies"—many of whom have never trod the limits of the county line?

How about it?—Where does the honor lie?

—By Delores Callahan-

Athletic Vs. Academic — Which Is Best?

Each year, at high school football and basketball games, college coaches will be on hand to scout and pick the graduating senior athletes they want for their college teams.

The students best displaying athletic ability and prowess are fortunate in that they are given grant-in-aids and complete college scholarships. In return for this, they agree to play ball for the college.

Those boys many of whom would not have considered higher education were it not for the sports program, are often given an all expense paid, four-year scholarship. Some of the better athletes are even provided with spending money by the college.

This athletic scholarship program is all well and good in that it provides a reason for many students to go on through school, emerge with that all-important degree and enjoy better economic lives thanks to their ball-playing ability.

But what about the students who make the good grades? What about those high school senior class "brains" who compete with each other for the few academic scholarships made available to them?

In many cases, those who are fortunate enough to get these scholarships do not enjoy the same amount of financial assistance as do the athletes. Perhaps only their tuition is paid and they must supplement this sum to cover the cost of a full education.

In addition to this difference between athletic and academic scholarships, many colleges have a policy which favors more leniency toward sports athletes. If his grades are not high enough, the athlete will not be eligible for play. So he is often provided with a tutor (at college expense) or teachers may be instructed to be lenient in grading him.

This is a privilege which the student on academic scholarship can rarely enjoy.

In closing, let me say that I am not attacking college sports, athletes, scholarships. I am merely saying that these advantages can be given to the athlete why they may be given to the proverbial bookworm who doesn't have his education handed to him for playing ball but must work for it with his brain?

"Jim...Jim, Darling...Jim...WAKE UP, YOU RAT!"

The Editor's Desk

Did you know that there are only 63 days of school left (not counting finals' week) in this semester? Well, we certainly do and are looking forward to a most enjoyable summer vacation. (Boy...we certainly start our daydreaming early don't we?)

A WISE MAN (?)

"We are students of words: we are shut up in schools, and colleges, and recitation rooms, for ten and fifteen years, and come out at last with a bag of wind, a memory of words, and do not know a thing. We cannot use our hands, or our legs, or our eyes, or our arms. We do not know an edible root in the woods, we cannot tell our course by the stars, nor the hour of the day by the sun. It is well if we can swim and skate..."

Ralph Waldo Emerson wrote these heretic words years ago ("New England Reformer"), and there are times when we wonder if he wasn't correct.

We don't really agree with him, (let us do learn about many useful things in college (i.e., people, books, life in general, etc.). However, his comment is still an interesting one to consider.

It is our belief that college is merely a place where we are exposed to a wide range of experiences and ideas. It remains for us to gain a greater understanding of these after we leave, when we can pick and choose those ideas of the most importance to us and apply them to our lives.

A WORD TO THE WISE

It has been called to our attention that some students have been speeding on College Boulevard and College Street. (The speed limit is 15 miles per hour.) Now, again, we are just trying to drop a word to the wise—drive at the correct speed.

Last month, twenty-seven citations for speeding were issued for speeding in these areas. Twenty-five of these citations cost the violator. Therefore, if you don't want a speeding charge against you and do want to be a law-abiding student follow the established speed on campus.

HENDERSON MARRIED

Last Saturday, we watched David Henderson, a former associate editor on the Trail Blazer, take the final step—he married the former Miss Edie Newland, a 1964 graduate of Morehead State College.

Some students might remember Henderson for his series of humorous articles last year, written under the name of William Randolph Whetst. He is now a newsmen on the staff of WAVE-TV in Louisville.

BLOODMOBILE COMING

John Collis has informed us that the next Red Cross blood drive will be held at Morehead on Wednesday, March 3, at the Doran Student House.

The exact time hasn't been set as yet, but will either be between 10:00 a.m.-4:00 p.m. or 11:00 a.m.-5:00 p.m.

We would like to urge all students who are able to contribute to the bloodmobile, especially as it serves such a good purpose (for the student, his family, the college, and the community).

STIFF NECK

Suggested headline: Is The School Becoming More Stiff-Necked or Does Dr. Doran Have A New Pain In The Neck?

Actually, we have had several students asking us why Dr. Doran is wearing a brace on his neck. The reason is that he has a pinched nerve in his neck, and the brace helps relieve the pain the nerve causes.

We would like to offer best wishes to Dr. Doran for a speedy recovery.

AN INTERESTING NOTE

For those who don't read the Louisville Courier-Journal, there was an interesting item in Joe Creason's column, "Joe Creason's Kentucky," in Sunday's paper. It went this way:

"IF YOU'VE EVER THOUGHT that a book has been written on every subject imaginable, you just may be right, now that a copy of a new publication in which I am cited on an authority has come to my attention."

"The book is 'Underwater Logging,' and that's the real, not comic, title. It concerns the salvaging of logs that sank while being rafted to mill on rivers and lakes in at least 45 states."

"Logs that weighed more than 62.4 pounds per cubic foot wouldn't float, and millions of board-feet of logs sank of their own weight and have lain for years at the bottom of the rivers on which they were being moved."

"In most instances, drivers locate the sunken logs, but boat with a glass window in the bottom often are used."

"The book has this to say about Kentucky: 'Excellent log salvaging operations. Rivers were used extensively for transport of logs during period 1880 to 1920. The more important river systems are: Kentucky, Big Sandy, Licking, Green, Cumberland and Tennessee. Sources of information regarding river transport of logs are Mr. Eugene Freeman, The Tomlinson Company, Winchester; The Filson Club, Louisville; Harvey Coome, Burnside (retired river pilot); Bill Fox, McKee (worked on river log drives); Joe Creason, The Courier-Journal, Louisville.'"

"Such is fate. A fellow waits all his life to get his name in a book, and then it's misplaced."

THOUGHT OF THE ISSUE

Martin Luther King once said, "We will have to repeat in this generation not merely for the virtuous words and actions of the bad people, but for the appalling silence of the good people."

Regional Campus

Demonstration-Research Project Under Way At Virginia State

By Winfred L. Goodwin
Director, Southern Regional
Education Board

At the Norfolk Division of Virginia State College 200 people are taking part in an experiment. This experiment may change their lives and bring promise of a brighter future to thousands of

The experiment is a demonstration-research project in training and hard-core unemployed. It consists of college resources at the problem of growing unemployment among unskilled members of labor force.

Virginia State developed a project team from the faculty of its Norfolk Division which consisted of specialists in sociology, adult education, sociology, vocational and technical education, general education and administration. Aided by grants from the U.S. Office of Education and the U.S. Department of Labor, the project team worked out plans for a year-long training schedule for unskilled workers.

The project, described in a recent issue, reports selected participants who were heads of families or households, who had worked for at least three years but were unemployed and whose occupations during the last two years of employment were classed as unskilled.

Training
Part of the project was aimed at determining the most effective training program, so the 200

The View From Here

News Editor Views World Situation In A Nutshell

By Ken Strafer
The policy of isolationism by several European nations.

It means that the U.S. Defense Department is interested in only reporting the names and addresses of the soldiers killed or wounded in action in Vietnam and remains but on all other matters that involve the troubled Southeast Asia area.

This policy flows into the national scene also. President Johnson has become an unpopular figure with the local press services. For example the New York Times, one of the nations leading newspapers, on February 6 reported: "The Rev. Dr. Martin Luther King Jr., announced that he would fly to Washington Monday to ask President Johnson and Congress for legislation."

Then on February 7, the following appeared: "White House Press Secretary George Reedy reported that Dr. King had been advised to consult instead with Justice Department officials. A department spokesman said later that arrangements are being made for the Atlanta civil rights leader to meet Monday with Nicholas deB. Katzenbach, Attorney General."

Times February 10 classified the 9, a Tuesday "President Johnson and the Rev. Dr. Martin Luther King Jr. Discussed today broad new guarantees."

The paper seriously strives to find the truth as do all the news media, but was surprised with friction from the White House.

President Johnson might be remembering the late saying that he never came back in Texas. "No news is good news." But, back there he was one man running one man's life. Today he controls over 185 million lives.

Participants were divided into four groups of 50 each, with a different type of training program for each group. One group received intensive general education as well as technical training. One group received technical training but no general education. Two groups received neither. Three groups received guidance and counseling on a systematic basis while one group received guidance only on request.

The general education was geared to the need of the group. They studied language to increase literacy and improve listening capability. They developed basic number skills, including some industrial mathematics. They worked with vocational guidance specialists and they studied basic human relations, both from the standpoint of getting along well with fellow workers and of finding personal satisfaction in routine work.

Technical training was offered in electronics, machinery, sheet metal, auto mechanics and maintenance technology, and the students were given sufficient preparation to prepare them as "helpers" in these fields. They learn basic skills, then had lengthy practice sessions before they began actual work.

The training phase of the project ended a little more than a year ago, but the experiment is still continuing. Training was only the first half of the research demonstration—the most important phase is follow-up on the individuals to see if they have be-

come a permanent part of the employed labor force because of new skills they learned.

Set Pattern
Norfolk Division of Virginia State College may have set a pattern which will be of tremendous value to the economy. Most people agree that chronic unemployment, which exists primarily among unskilled or semiskilled workers, requires new training in some form. The Virginia study, utilizing social research methods such as careful record-keeping, use of control groups and intensive follow-up, will answer a number of pertinent questions on the type of training that is most effective.

One important question remains unanswered—that of motivation. Among the experience mental 200, morale was remarkably high. There was some speculation that this might have been the result of locating the project on a college campus. Said the report, "They may have felt the pressure of the goals, aspirations and values associated with a college education."

The Virginia project offers no quick solution to large-scale unemployment. It is doubtful that the training, particularly in the general education phase, could be accomplished in much less than the full year used in the experiment, but that 12-month period could easily be the most important year in a man's life if it equipped him with the skills to make a decent living for himself and his family.

Robert McNamara and keeping a Defense Department that could fight a real war — not collecting insect droppings on some far off planet.

Many people feel that Defense Secretary McNamara is making changes that should have been started right after the end of the Second World War, but they also feel he has been little heartless in putting the changes into effect.

President Johnson, it is felt, will go down in history as a President concerned with the domestic life of the nation and for international relations, a semi-isolationist. The war in Vietnam rules out a complete isolationist title.

On the way in Vietnam, talk in Washington is to the effect that Maxwell Taylor may be replaced by Henry Cabot Lodge. This might leave a scapegoat for the President in case of a complete break down in the war against the Communist forces.

The White House has ordered some 1,800 American dependents home from the Vietnam region.

These are the lucky few to leave — ten times the amount are waiting in the jungles for an unknown reason.

As it stands now the Viet Cong control a strip that divides the nation-North and South. This strip also cuts through the only railroad that runs from the North area to Saigon. Therefore the supplies to the troops is hampered by the lack of a fast means to get supplies to the front in the Northern sector of South Vietnam.

If we go to all-out war, it may be a very short one. Europe has given President Johnson a vote of no confidence and has called the U.S. an indispensable ally. The U.S. is called Charles De Gaulle is leading the East despite all facts.

Konrad Adenauer, a strong supporter of the U.S. when he was Chancellor, recently said that the U.S. was obsessed with Southern Africa and leaving Germany and Europe to the claws of the bear. He further commented, "There is

no more American interest, no more Leadership..."

It also feared that if we do have a full scale war, it will be the greatest defeat since the Communists conquest of China.

In bush warfare, it's not the number of men that counts — it's the skill and desire of those in the fight. The Vietnamese have the knowledge of the jungle, but not the desire for the fight.

Also in the Southeast area Malaysia has been making news by capturing more of the Indonesian paratroopers that have landed in the southern portion of the country.

Australian forces have been ordered into Malaysia. These new troops will add to Britain's 50,000 crack troops in the theatre and the three-fourths of the British navy that is circling off the Malaysian coast. Sukarno might once more be without shoes, as he walks back the mud his 400,000 soldiers took in hopes of victory.

Honduras
Returning to the immediate area, Honduras held an election February 17. It is the first election since October 3, 1961, when the late President Col. Oswaldo Lopez Arellano came to power.

The people of Honduras (population two million) went to the polls to select a 64-man constituent assembly, which will draw up a new constitution and name a date for presidential elections.

This may seem all well and good, but one should remember that Honduras has had 121 revolutions in 141 years of independence.

Col. Arellano has been a leader in two of these revolutions which have kept him in power. Col. Arellano also controls the American equipped army and Air Force.

The opposition leader is by Ramon Villeda Morales and Andres Rodas Alvarado hopes to gain control. They have been in exile since 1953. Morales was once the President of Honduras and was one of three men to nearly serve out his six year term of office.

Appalachian Vols Establish Pilot Projects For This Area

The Appalachian Volunteers of Morehead State College have set up two pilot projects for Eastern Kentucky.

The first project, a mobile medical diagnostic center will be launched on March 13 at Bruin school, Elliott County. Dr. James Kurfess, M.D., Associate Professor of Biology at Morehead State will be the director of the program.

Dr. Kurfess set the idea before the volunteers, and it was then taken up by the Morehead Division president Ken Strafer, William Suters, Health Coordinator of the Council of Southern Mountains, was called in to discuss the formation and the operations of such a program in this area.

The Bruin School test program will be the first of its kind the volunteers have ever attempted. If this project is successful it will be carried out throughout the Eastern part of the state. The medical unit is being headed by volunteer Elizabeth Malick, a pre-pharmacy student at Morehead.

The second pilot project is the Disaster Unit not to be started until such a time demands it to be put into operation. This project designed by Strafer and William Wells, Council of Southern Mountains Coordinator to the Morehead district.

The Disaster Unit volunteers chairman is Jeff Barbois, a Red Cross volunteer.

The unit will serve under the direction of the Red Cross and the Civil Defense units in the area of the natural disaster occurrence. Colleges in the area of the disaster will provide food and lodging for those volunteers assigned to the unit.

Each volunteer assigned to the unit will be schooled in first aid and techniques of disaster work.

The volunteers are now trying to obtain transportation vehicles for the project.

"Transportation is the biggest problem of the volunteers," said Strafer. The next meeting of the volunteers will be on Wednesday, February 24, on the second floor of the Doran Student House at 4:00 p.m.

Inez Faith Humphrey Awards To Be Given

Inez Faith Humphrey Awards in creative writing will be offered during the spring of 1965 at Morehead State College. One will be for the best piece of fiction; the other for the poem judged best. Regulations are as follows:

1. Only juniors and seniors in residence at Morehead State College are eligible.
2. One person may not receive both awards.
3. Manuscripts should be double-spaced and typed in triplicate and submitted to the office of the Division of Languages and Literature no later than March 10.
4. Each manuscript must be accompanied by a separate sheet of paper listing the title of the work, the type of work (fiction or poetry), the name and address of the author. The three copies of the manuscript themselves should not contain the author's name.
5. The amount of each award is as follows:
Fiction: 1st prize, \$75
2nd prize, \$25
Poetry: 1st prize, \$75
2nd prize, \$25

The contest will be judged off-campus by writers of literary competence.

Miss Humphrey was a chairman of the Department of English at Morehead State College.

Dr. Martin Sysma Named To College Economics Faculty

Dr. Martin Sysma has been named as an Associate Professor of Economics at Morehead State College.

Dr. Sysma, who comes to Morehead from Wilmington College, became a member of the faculty at the beginning of the Spring semester.

Born in the Netherlands, Dr. Sysma earned the Ph.D. degree from the University of Rotterdam and has done post-doctoral work at Ohio State University.

He taught on the elementary and secondary levels in the Netherlands as well as at the Amsterdam Free University.

Dr. Sysma established a School of Economics at the University of Indonesia and will teach classes in economics in the Division of Social Studies at Morehead State College.

CROSSING THE GAP — Two Morehead State College Appalachian Volunteers work to repair a hole in the floor of one of the schools they visited on Saturday, February 13. The volunteers (30 in number) visited 100 schools on this trip and distributed nearly 100 books collected from the book drive.

Carefree College Days Of Old Are Now A Part Of The Past

By Jack Smith

Los Angeles — One of middle age man's most common daydreams is of going back to college.

I can't even drive by a campus without succumbing to the most exquisite nostalgia. I am overcome by the memory of fallen leaves, coeds with apple cheeks, bobbed hair and dimpled knees, and sweet romance on the green under the sycamore trees.

But now I'm not sure I'd want to go back.

The competition, it is said, is ferocious; the atmosphere is dark with anxiety; the prize is always just beyond one's reach; one's fellows are strangers on a city street. One's teacher is a face seen distantly, as on a screen; one's best hope is survival.

We used to think of those brief years as the happiest of all. This wasn't entirely a myth. The idea was to erase our young people into a kind of euphoric maturity with four golden years in which they might discover the true delight of being human — a discovery which, like as not, included the reading of the minor English poets and an elementary romp through history.

In this environment the student of my era was encouraged to become a whole human being, not just an academic creature. He learned harmony by singing in the glee club, politics by managing the campaign of the candidate for freshman president and, by a ridiculous if not a zealous attending at class, picking up enough French to order with some show of class in a decent restaurant.

It was the custom for coeds to pretend a winning helplessness in major subjects, although I knew one who kept her boy friend in the first-string backfield by doing all his homework. — that her function was to employ her wits, her energies and her instinct to sustain some hapless male. It was splendid training for them.

What can we expect of the coed who emerges from today's institution after four grueling years of study? Surely she will be a fleshless wench, her physical endowments wasted away, her eyes dull, her temper feverish.

Despite the enormous populations of today's universities, I imagine it is ever harder to shape up to half a dozen cheerleaders who can turn a satisfactory cartwheel.

But I would like to hear some university president say a kind word for idleness — one of the most delicious fruits of being alive, and the one most despised by our convenience-driven culture.

But the truth is, I didn't even make it the first time. I spent too damn much time under the sycamore trees.

Graduate Stationed In Alaska

First Lieutenant Freddie G. Robinson, son of Mr. and Mrs. Robert Robinson of R.R. 5, Wilmington, Ohio, is a member of the U.S. Air Force Military Air Transport Service (MATS) element providing airfield service for exercise Polar Strike now underway in Alaska.

Lieutenant Robinson, a C-124 transport navigator, is permanently assigned to Charleston AFB, S.C.

MATS is responsible for lifting more than 12,000 troops and nearly 10,000 tons of supplies and equipment in support of the joint U.S.-Canadian air and ground force cold weather training maneuvers.

A graduate of Hazel Green Academy, the lieutenant received his B.A. degree from Morehead State College. He was commissioned in 1962 upon graduation from Officer Training School at Lackland AFB, Tex.

Dickling for apples was first done by the Irish and Scotch who used it to commemorate an ancient New Year's rite. They would tie a lighted candle on one end of a stick and an apple on another, suspend it from the middle and then set it spinning. The idea was to bite the apple as it swung past to avoid getting burnt by the candle. The custom is representative of the fires lighted on the hills during the David celebration.

Club News Corner

Newman Club Participates In Regional Leadership Day

By Carol Vogelopol

The Newman Club of Morehead State College journeyed to Western Kentucky State College in Bowling Green for the Regional Leadership Day on February 5-6.

Following Friday night's welcoming talks by Dr. Kelly Thompson, president of Western and Carol Benasay, Ohio Valley Province Chairman, a mixer was held for the members of the seven Kentucky clubs in attendance.

The Most Reverend Bishop Henry S. Schoenker, Bishop of Owensboro and Little R. Shemill, faculty sponsor of Western's Newman Club spoke on Newmanism during the morning session Saturday. Workshops were held in the afternoon to discuss the following topics: "Newman and the Ecumenical Movement," "You and the Students on Campus," "You and the Library," "Publicity" and "The Relation of Newman between Administration and Community."

The theme of the program was "Newmanism Today and Tomorrow." Eight members of Morehead's Newman Club who attended were Patrick Alia, Bob Bennett, Paulina Bihl, Patricia Brady, Cathy McFadden, Ted Newcomb, Rose Marie Taylor and Carol Vogelopol.

ALPHA BETA ALPHA INITIATES

The Alpha Gamma Chapter of Alpha Beta Alpha, the national undergraduate library science fraternity, initiated eight pledges into full membership at the February meeting.

The new members include: Judy Allison, Newbury, Ohio; Brenda Ardrey, Morehead; Susan Carpenter, Mayville; Virginia Jelpin, Elmira, N.Y.; Carol Sumner, Dayton, Ohio; Amyliss Wilkey, New Richmond, Ohio; Anell Wilkey, New Richmond, Ohio and Linda Wolff, Lynchburg, Ohio.

CWENS ARE SOLD

"Three dollars once! Three dollars twice! SOLD to the lady in the black dress!"

With these words the Cwens of Morehead State College were auctioned off to the Women's Clubs of Morehead and Rowan County and the Young Women's Club of Morehead on February 4, at the Home Economics Building.

In return for being bought, the "slaves" will work for the women who bought them for two hours whenever their "masters" desire.

DSF MEETING

Dr. Golden Langdon, Director of Guidance at Morehead State College, will speak on Wednesday, February 24, at Disciple Fellowship Student at 6:00 p.m. His topic of discussion will be "Summer Job Security." The address will deal with interviews, applications, and job qualifications.

Dedicated Vocation Week Set February 22 Set By B.S.U.

By Delores Callahan Trail Blazer News Editor

The Baptist Student Union of Morehead State College has designated the week of February 22 as Dedicated Vocations Week. The purpose of this week is to help the college student recognize the Christian concept of dedication, the response to God's gift of grace and the declaration of that gift through one's manner of daily living.

Forest Sawyer, Secretary of the Brotherhood Department of the Kentucky Baptist Convention in Middletown, Kentucky, will speak at a vespers program at 8:15 Tuesday evening. His topic will be "What is the Christian Calling?"

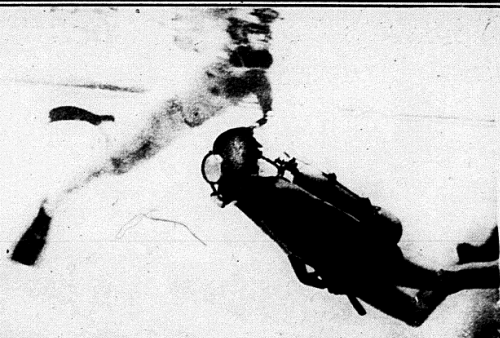

Dwight Pierce, owner of Pierce's Department Store and a deacon of the First Baptist Church in Morehead, will speak Thursday night at a vespers program. "The Christian Businessman in Today's World" will be his topic.

"It is our hope that through this Dedicated Vocations Week the Christian college student will recognize that his vocation extends beyond an eight-hour day and becomes a twenty-four hour process," said Emory Smith, Baptist Student Union Director at Morehead State College.

The Rowan County High School Cafeteria will be the scene for the annual Baptist Student Union Banquet, March 11 at 7:00 p.m. This year's theme is "Hawaiian Holiday."

The master of ceremonies will be Gary Southard, Youth Director at the First Baptist Church in Mayville, Kentucky. Jim Bergman, Dean of Men at Georgetown College, Georgetown, Kentucky, will be the main speaker for the semi-formal event.

Tickets are being sold for \$1.25 and may be obtained by contacting Bonnie Cable, room 508 of Mignon Hall. Deadline for buying tickets is March 8.

DIVING EAGLES — Richard Eversole (top) and Larry Ratliff, members of the MSC Diving Eagles, are shown testing equipment at the college pool.

The Diving Eagles started another three-week training program for prospective new members on February 18.

— CAMPUS PHOTO CONTEST —

1. This contest is open to all students enrolled in Morehead State College during the school year 1964-65.
2. All pictures submitted for the contest must be color transparencies (color slides) in two by two inch mounts, and must deal with some facet of college life.
3. Any number of slides may be entered as long as the name and college address of the entrant appears on the mount of each slide. All unused slides will be returned to the entrants, and all that are chosen as winners will be returned after copies have been made for use by the Public Relations and Alumni Departments.
4. All entries are to be submitted to the following address:

Contest Editor
Public Relations Department
Morehead State College

5. Awards for this contest will consist of a \$10.00 cash award to the person entering the first place slide. The next ten (10) judged best will receive awards of color film. Awards to the winners will be made within two weeks after the closing date for the contest. The closing date for the contest is March 9, 1965, at 4:00 p.m.

(Contest extended to allow for return of film from developers.)

Ashland, Kentucky

Many New Facilities

New Library Addition Opens New Vista On MSC Campus

By Kathy Shaffer

The new addition of the Johnson Camden Library has opened an entirely new vista for students at Morehead State College.

On all three floors there are booths where students can bring type-writers and type. Tables have been provided for as many as four or six for study.

Carrels serve graduate students and the faculty. Individual material can be locked in each of the carrels.

Student teachers are provided with facilities where they can prepare lessons and materials and there are rooms where films and tapes can be relayed and reviewed.

Rooms are available for classes where instructors can explain the operation and material of the library.

Summarizing, the ground floor is the material center, the second floor has the periodicals, and the third floor has added reference materials and offices.

Important new rules include the necessity of the presentation of the I.D. card in the process of checking out a book because of fileable handwriting and false signatures, and books may no longer be carried from room to room.

A new vending room has been opened where students may go to smoke and eat.

New facilities include a microfilm reader which enables more purchasing of things like the New York Times, and a microfilm reader. Both of these are located on the second floor.

Besides all the new facilities, the library has a planned chair scheme, blue-green designed to relax and encourage students to study. Also padded chairs and improved lighting has been provided for the additional comfort of the students.

PLENTY OF ROOM — Pictured above is part of the new addition to Johnson Camden Library. The addition has greatly enlarged the facilities

of the library and is designed to help the student work at peak efficiency in the building.

Morehead Graduate Featured In Feb. 'Boy's Life' Article

Lucien Rice, a 1956 graduate of Morehead State College, is featured in the February issue of Boy's Life, published by the Boy Scouts of America.

A three-page illustrated article entitled "Lucien Rice, Our Man In Cincinnati," discusses the activities of the 29-year-old scout executive who was named the outstanding professional scout of 1964.

Rice was selected from among 4,800 men who are career Scouters because of his accomplishments as the executive of the Thundercloud District of northwest suburban Cincinnati and other Scouting achievements. Prior to his present position, he was district Scout executive from 1959-63 of the Bluegrass Council with headquarters in Lexington.

The Boy's Life article describes Rice as a practical man and not

a visionary. "He lives Scouting," the article says, "and he can't imagine a world without Scouting. As long as we have men like Lucien Rice, we'll have Scouting that's guaranteed to make the difference in the lives of American youth, the men of tomorrow." His career in Scouting dates back to 1943 when he was initiated as a cub Scout at Morehead. His parents, Mr. and Mrs. W. H. Rice, have been active in Scouting for 20 years and their work in the organization inspired Lucien to achieve the rank of Eagle.

While attending Morehead State College where his father is Superintendent of Buildings and Grounds and his mother is a member of the faculty, Lucien continued his Scouting as assistant Cubmaster and Scoutmaster.

"My courses and extra-curricular activities at Morehead have been

invaluable in my Scouting career," Lucien said, "because they helped me learn to live and work with people. I like people and Scouting is people."

Since graduating from Morehead, he has kept close ties with the College and is currently serving on the Executive Council of the Alumni Association and is Chairman of the Greater Cincinnati --- Northern Kentucky Alumni Club.

Lucien's work with Scouting has been continuous since he was nine. He says he has devoted so much of this time to Scouting because "it's a means to an end---making better Americans, better God-loving men, better people-loving men."

"And besides, Scouting is a lot of fun," he said, "because variety of the job is limitless. I don't think I'll ever grow stagnant."

21 Are Admitted To M.A. Candidacy

Twenty-one graduate students have been admitted to candidacy for the Master of Arts Degree at Morehead State College.

Dr. Palmer Hall, director of Graduate Studies, said the Graduate Council gave its approval during a recent meeting at which all applications were reviewed.

Four of the candidates will be doing graduate study in the field of elementary education and 10 in secondary school courses. Six have been accepted to do advanced study in the principal's program and one in the field of guidance.

Admitted to the elementary teaching program are: Brenda E. Adkins, West Liberty, presently a teacher in the Morgan County Schools; Gretta B. Duncan, full-time student, Morehead; Jacqueline J. Thomas Dover, teaching in Mason County and Marie Williamson, Inez, a Martin County teacher.

Enrolled in the secondary teacher program are: Ronald M. Bach, Morehead, full-time student and graduate assistant in the department of Physical Education; Robert Dawson, Morehead, full-time student; Ronnie D. Fern, Bowling, a Fleming County teacher; Julie Ann Kinney, Morehead, full-time student; James F.

Martin, Ross, Ohio, teaching in the Cincinnati School system; Joe L. Mills, Beauty, teaching at Warfield High School in Johnson County; Roger Moore, Myra, Patty Setzer, Morehead, full-time student; Henry M. Wilkinson III, Morehead, full-time student and Robert M. Wells, Morehead, full-time student and director of student housing.

Assigned to the principal's program are: Charles D. Caudill, Sidney, Ohio, a teacher and coach; Thomas H. DeWester, Ashland, teacher and coach in Boyd County; Michael J. O'Leary, Columbus, Ohio, physical education teacher; Norman Poynter, Vanceburg, history teacher, Lewis County High School; Thomas J. Tackett, Prestonsburg, teacher in the high school at Prestonsburg and Herman J. Webb, Russell, teacher in Boyd County.

Choosing the field of guidance counselor is Leslie P. Grooms, Manchester, Ohio. He is an English teacher and guidance counselor in the Manchester schools.

Dr. Hall said, "The general purpose of the graduate division is to provide at Morehead State College programs of experience that will best prepare the individual for the work he intends to do."

Dick Norman, vice president of the Student Council, has announced that the Council has arranged for two buses to take students to Richmond this Saturday for the Eagles' game with Eastern.

"Students may sign up for the trip in the college business office," said Norman.

Most Famous... of all St. Valentines is the Roman priest who was put to death for his faith at 14, 270 A.D. at Rome. While in prison awaiting execution, he proved his love for humanity by curing his jailer's daughter of blindness.

Former MSC Professor Writes Book

Professor James McConkey of Cornell University's Department of English, is the author of "Night Stand: A Book of Stories," to be published this month by Cornell University Press. Six of the stories are based on personal experiences of the author, while others are straight fiction. Some have been published in such magazines as The New Yorker, Atlantic Monthly, and The Yale Review.

Born in Lakewood, Ohio, McConkey attended Western Reserve University where he edited the student newspaper and founded a local weekly. After receiving his Ph.D. from The State University of Iowa, Dr. McConkey taught for six years at Morehead State College in Kentucky and directed the Morehead Western Workshop.

McConkey started writing in his early teens and worked for various newspapers, including The Cleveland Press and for The New Yorker. He has been especially interested in encouraging and stimulating young writers, and has been a recipient of the Saatchi Literary Fellowship.

NEW ADDITION — The new addition to the Johnson Camden Library which has recently been opened for use, has provided more working surroundings for the knowledge of the ages that is hidden away in the books therein.

May we apply for

Spoiler Role Generating Excitement

By B. Pat O'Rourke

The Morehead Eagles are now one of the "spoiler" teams of the OVC, and they are giving their followers the best brand of basketball that has been seen all year.

Morehead is completely out of the race for the conference championship (4 wins and 6 losses) but they may have something to do with who wins the championship.

The Eagles knocked Western out of the conference lead after they soundly beat the front runners, 66-55. It was one of the most exciting games of the year. Western (15-6) came into the game with only one conference loss. Eastern.

The game was highlighted by hustle, good defense, offensive plays and teamwork.

There were many outstanding individual performances also. Henry Akin and Bruce King alternated on Stewart Johnson and held the high scoring center to only 8 points. Harold Sergeant held Clem Haskins (three inches taller than "Sarge") to 16 points, which was far below his average. Bob Kohler, getting better every game, pulled down 10 rebounds, scored 10 points and blocked 6 shots. Tommy Castle had one of his finest nights as he constantly drove through the Western defenders. It was just one of those nights that a coach dreams about. Everything was done right — nothing could go wrong.

The Eagles, getting accustomed to the roll of "spoiler", took another giant, defending champion Murray. The victory was no match for the fired up Eagles and with their loss to Morehead, their title hopes faded further away.

One of the obvious questions is why couldn't the team play like this all year? In successive games they beat two of the top three teams in the conference. The only probable reason for this comeback is that the team finally found a winning combination. This sometimes happens at the beginning of the season or it may not come until the last game, for us it happened too late in the season but it still generates excitement.

CONFERENCE TEAMS RATED HIGH

The Ohio Valley Conference, known as one of the most evenly matched conferences in the nation, is now making a name for itself in national statistics (The National Collegiate Athletic Bureau, Feb. 9).

In team offense two conference teams are represented in the top 20. Eastern Kentucky was rated 17th with a 87.4 average and Western Kentucky was rated 19th with a 86.5 average. Leading the nation in team offense was Miami (Fla.) with a 96.0 average.

The conference was not rated in team defense, which New Mexico State leads by holding their opponents to a 48.5 average. Eastern was rated 5th in the country in team rebounding, while Murray was rated 10th in field goal percentage with 47.8% accuracy.

Morehead gained first place status by hitting on 79.2% of their shots from the foul line to lead the nation in this category. Western Kentucky was rated 9th with 74.9%.

Three players in the conference were rated in the top 50 scorers in the country. In 14th position

was Clem Haskins (Western) with a 24.7 point a game average. He was followed by Eddie Bodin (Eastern) in the 21st position with a 22.7 average and Harold Sergeant (Morehead) in the 28th position with a 21.9 average. Ray Barry of Miami (Fla.) remained in the number one position with a 37.1 average.

In other statistics, Harold Sergeant was 11th in free throw percentage with a 86.3%. Charlie Woods of East Tennessee was second in rebounding, averaging 19.9 grabs a game. Bob Tolson (Eastern) was 16th with a 14.6 average.

NEW RECORD

Harold Sergeant has added another record to his fabulous career at Morehead. The senior from Ashland set the record by hitting on 42 straight attempts from the gratis line. This string extended through nine games and a new Morehead record was set at a new Ohio Valley Conference record.

This is the second "Sarge" has set this year. He scored 52 points against Middle Tennessee to tie the mark set by Jim Sopeltra (Western, 1950).

This record was later broken by Clem Haskins (Western) when he scored 55 points against Middle Tennessee.

It is interesting to note that after Harold set one record he started working on his second accomplishment the next game (the last free throw he missed was his final attempt in the Middle Tennessee game.)

BEAT EASTERN

The next game for the Eagles is with Eastern. The Maroons are currently 9-1 in the conference and are all alone in first place.

Eastern beat Morehead in their first meeting 82-77, but both teams have improved greatly in the last few weeks and this should make for one of the most exciting games of the season.

One of the Eastern scouts, who witnessed our games with Western and Murray said, "Your team is now playing like the team we expected to see all year long."

We are not in the title race, but when the game with Eastern arrives, all standings and records are forgotten and the only reality is beating Eastern. The game will be played at Eastern, and we will have to roll down to Richmond this weekend and support your team. A victory over Eastern would replace some of the disappointment this season has produced. Remember, BE GOOD SPORTS...FANS.

Eagles Topples Tenn. Tech

The Lexington Herald-Leader

It was "Harold Sergeant Night" in the Morehead Fieldhouse tonight and the 6-foot senior responded brilliantly as he marshalled the Eagles to a 90-74 Ohio Valley Conference victory over Tennessee Tech.

Sergeant's velvet-smooth floor play delighted the fieldhouse fans for the last time in his collegiate career. The Eagles have three road games left on their schedule.

With the craftsman aid at the controls, Morehead displayed a polished, spanking new offense which has paid dividends in the last three games. The Eagles erased Western and Murray in succession prior to tonight's encounter.

Each coach Kenny Sidwell dug deep in an attempt to pull out a win over the revitalized Eagles but each time the visitors seemed to close the gap. Sergeant took over.

Sidwell employed a zone, a press, and man-to-man defense but couldn't stop the chattering little guard.

Sergeant finished with 30 points, added a hawking defense, and six assists to wind up his home career in the same brilliant manner in which he started three years ago.

The Eagles experimented with several offensive patterns, all exhibiting slow-down, deliberate maneuver. This style of play, unfamiliar as far as Eagle quints of the past are concerned, has sparked Morehead into the championship form of which it was expected before the season started.

The refurbished Morehead machine offers little consolation, however, since the Eagles were ousted from OVC title contention early in the year.

They took the role of spoilers last week and the new title seems to fit perfectly.

Gifted with the incentive to win, Morehead can still alter the OVC standings somewhat. It travels to East Tennessee Monday, follows up with Murray and then winds up its season against league-leader Eastern at Richmond.

Sergeant, the only senior on this year's squad, received an inscribed watch prior to the game.

Following his brilliant display, which prompted a standing ovation when he left the game with 49 seconds remaining, Sergeant said, "This is a night I can never forget. I hope I can live up to this when we play Eastern."

Eagle Swim Team Drops Berea Squad

By James Calvert

Morehead splashed to victory over Berea College 51 to 43 on Feb. 9, to give the Eagles a two-four-lost record.

Morehead's 360-yd. Medley Relay team, consisting of Tim Gofforth, Steve Bohlinger, Ron Prater, and Tom Waterbury, started the meet off with a win over Berea.

Ron Prater of Morehead and Crompton of Berea swam to tie for first place in the 100-yd. freestyle.

First place winners for Morehead were: Tim Gofforth, 240-yd. Indiv. medley; Steve Wright, diving; Jim Hudson, 200-yd. breaststroke.

Jim Hudson, although taking second place, set a new school

record in the 500-yd. freestyle with a time of 4:45.1.

Morehead's other second place winners were: Mark Brier, 200-yd. butterfly; Jerry Fraley, 200-yd. backstroke; Jim Spurling, diving; Tom Waterbury, 600-yd. freestyle; Jim Hudson, 200-yd. freestyle; Steve Bohlinger, 200-yd. breaststroke.

Third place winners were: Mark Brier, 500-yd. freestyle; Jim Spurling, 100-yd. freestyle; Dave Tier, 200-yd. indiv. medley; Jerry Fraley, 200-yd. freestyle.

Morehead hopes to make their third successive win at Berea, on Feb. 19, away. This will also be Morehead's last meet of the season.

Middle Tennessee Wins Over Morehead 87-82

Middle Tennessee fought back in the second half and defeated Morehead by 87-82 in an Ohio Valley Conference game Feb. 9.

Morehead, which was losing its fifteenth straight conference game, led by seven points, 54-47, at the half but slowly ran out of gas in the second stanza.

Middle Tennessee finally caught up when Jim Spencer scored to give his team an 84-82 lead with 1:39 remaining. Morehead failed to score during the final minute and a half.

Bill Martin led the winners with 25 points while Dan Medgett scored 18. Spencer 13 and Jack Satter 10.

Morehead's leading scorer was Henry Akin, who pitched in 25 points before fouling out inside the last minute of play. Tommy Castle scored 18, Harold Sergeant, who also fouled out, got 14 and Bruce King 12.

King was Morehead's leading rebounder with 14 retrieves and Middle Tennessee held a 54-50 edge in the paint.

of 91 shots from the field for 40.7 per cent. Morehead made 34 of 77 for 44.2 per cent.

lege. He made the Georgia All-State Team, as well as the All-Atlanta Team. He is shown here with head football coach Guy Perry.

GOOD PROSPECT — Gary Vanover, 6-6, 225-pound tackle from Chamblee, Georgia, has signed a football scholarship with Morehead State College.

Eagles Topple Western Five; Sergeant Holds Haskins To 16

THANKS BRUCE — Tommy Castle (22) scores against Murray. The man giving him the pick is Bruce King (24). Morehead won 74-69.

Eagle Win Claws Murray's Last Hope

Harold Sergeant tallied 33 points and had 13 assists to pace Morehead to his 78-69 upset victory over Murray State in an Ohio Valley Conference basketball clash.

The loss just about extinguished Murray's last flickering hope to repeat as OVC champions. Sergeant scored 21 points in the second half, after Murray had taken a 35-33 lead at the intermission. The six-foot senior guard from Ashland hit a 25-foot jumper with 18 minutes remaining to put the Eagles ahead to stay at 49-37.

The barrage offset a brilliant performance by Murray's John Nancini, who swished 31 points, 20 of them in the second half.

Has Foul Trouble

Sergeant collected his fourth personal foul with 16:52 to go, but he remained in the game and went on to score 17. The victory for Morehead was its fourth in the OVC and boosted its over-all mark to 11-8. Meanwhile, Murray fell to 9-5 in the loop and 14-7 in all games.

Morehead's Henry Akin who had averaged 20 points a game going into the first, was held scoreless for the first time in his college career. The 6-9 center sat out half of the game and shot only three times. Morehead started fast, taking a 21-11 lead with nine minutes to go in the first half. Murray, however, came back as Bennie Goheen scored two 18-yards and a 10-foot shot to cut the margin to 28-19 with the clock trailing 29:23.

Akin sank a pair of field goals and free throw to narrow the lead to 32-28.

Explosive by Gene Pendleton, who had scored 13 points, and Goheen provided Murray's 33-30 advantage at the intermission.

Goat Control Board

In the second half, Morehead won an eight-point battle with 11:43 remaining, but with 10:57 to go, the Eagles shot a 47-30 tie.

Then Pavia won the final point of the game with his 31st shot, and the Eagles won the game, 78-69.

Reaching out of the Ohio Valley Conference second division, Morehead yanked Western Kentucky out of the OVC basketball lead with a 66-65 victory on Feb. 13.

The winners, hitting 52.5 percent of their field shots, led throughout as they ended an OVC losing streak at five games. The defeat was

the first since the team's 1961-62 season when it won the OVC title.

Swim Team Dunks Union By 55-40

By Herbert Lee Sparrow

The Morehead State College swimming team won their first meet of the year, Saturday afternoon, Feb. 20, at the University of Kentucky, 55-40.

The Eagles led through out but did not clinch the victory until they swept the first and second places in the next-to-last event, the 200-yard breaststroke.

Although finishing on the short end of the total points, Union managed to win six of the events on the 11-event card.

The top first in the 50, 100, 200 and 500-yard free-style events, and 200-yard butterfly and the diving event.

Morehead came out on top in the 360-yard medley relay, the 240-yard individual medley, the 200-yard backstroke, the 200-yard breaststroke, and the 360-yard free-style relay.

The V in avenged an earlier Eastern Kentucky defeat at the hands of Union. Morehead has also dropped two swimming meets to Eastern and one to U. K.

Marshall Frosh Rap Eagles 114-95

Marshall's undefeated freshmen basketball team overcame a two-point halftime deficit at Morehead on February 3 to grab a 114-95 victory over the Morehead freshmen and capture its 12th victory of the season.

Morehead came from 10 points behind to take the lead at halftime, 60-50, but the Little Green steadily built a commanding lead during the second half behind a balanced scoring attack.

Orrill Stepp of Inez scored eight of eight free throws during the second half. Joe Dawson of Huntington East made six field goals and Bob Reed of Louisville and George Stone of Covington tied to lead the comeback.

Step finished the game with 39 points, including a 10-for-10 performance at the foul line.

When he tried in the 3rd period and was pinned.

The Eagles' Roger Colvin lost a squeaker to Sandy Byrd in the 157-lb. division. After falling behind 4-2, Colvin came back to win the two points of Byrd but couldn't quite catch him as Byrd took the lead.

The 157-lb. class was also close as Mike McLean defeated Morehead's Jim Welsh 6-4.

The biggest disappointment of the evening for Morehead came in the heavyweight division.

Eastern's Ron Houck punched Outen out as the final blow of the match seemed to win 6-4. Up to that time both wrestlers had been tied at 4-4.

Western's first in its last league outings.

Meanwhile, Eastern Kentucky took over leadership in the conference title chase by defeating Murray State, 103-72.

Hilltopper sophomore Clem Haskins was held to 16 points. While Eagle Harold Sergeant was guarding him through all but the final four minutes, Haskins scored only 10 points.

Sergeant and Tommy Castle came away as the leading scorers for the

winners, setting 17 points apiece. Henry Akin contributed 15 and Bob Kohler 10.

Ray Rhoter paced Western, now 8-2 in the league and 15-5 overall, with 18 points.

Morehead, 9-6 and 10-8, held the rebounding edge, 50-34.

Morehead used a home defense to keep the Hilltoppers at bay. The Eagles had little trouble ramming through Western's mixture of the zone and man-to-man defenses.

Intramural Action Slow After Break

By Dave Shire

Intramural basketball resumed last Tuesday night after a three week layoff, but at a slow pace.

Six games were scheduled to be played each night, but due to the junior-high Invitational Tournament held at Burton Auditorium, the games could not be played.

At the Fieldhouse last Tuesday night, the Pistons handily overcame the Southeastern All-Stars 78-16.

Paving the way for the Pistons was Ron McPadden with 15 markers. He was closely followed by Jack Stanford with 14.

Leading the All-Stars was Godpastor with 13.

After building up a 30-2 lead at halftime, the Raiders coasted on to victory over the (Short A's) Aquila III, by a landslide 70-11.

Scoring for the Raiders were Hudson with 17, Frazier with 17, and Logan with 12.

Bill Kitchen tallied 4 for the Aquila.

The Old Timers rolled easily by the Newman Club by a 70-42 count.

8. Hart tallied 35 big points as he set the pace for the Old Timers.

Butch Stockland and Don Barnes each had 12 for the Newman Club.

Buildings 34-15 lead, the Bath Countains zipped by the Sixty-Niner 71-25.

Pacing Bath County was Mike Ratliff with 18, followed by Leon Shriver with 16, Jerry Varber with 15, and Carl Guiley with 12.

Barr had 11 and Mullen 8 for the Isers.

The Campus Club I grabbed a 20-point victory from the Collegiate Knights II, 49-29.

Dave for scoring honors for the Campus Club were Jim Johnson and Tim Smith with 12 pieces.

Rick Wallen tallied 12 and R. Reed 8 for the CK's.

The Five fortified to the Ohio Buckeyes 2-0.

Due to publication deadline of the Trail Blazer, these are the only games that can be included from last week.

A Blur

In the opinion of many, to make roadside scenery beautiful, as President Johnson directs would be largely a waste of money and time, as many cars are driven so fast that to the occupants the scenery appears as a blur.

Loose Fitting

The teeth if many laws seem to be artificial dentures these days.

Students Asked To Keep Off New Track

Head track coach Earl Bently has asked all students and others to remain off the new grass track with spikes.

It has been noted that someone unknowingly has run on the track with the wrong spikes and has caused damage to the new track.

Coach Bently said the runners use special spikes for the track, which are not available at this time.

Eastern Wrestlers Top Eagles

The Morehead Eagles' wrestling team went down to defeat Thursday night, Feb. 11, at the hands of Eastern Kentucky by a score of 24-6.

Frank Pavia won the 137-pound class by a decision and Allie Lettman took the 167-pound class by a 6-3 margin.

The Eagles started slowly by losing the first two matches of the night by pins.

Jim Huchman was pinned in the 123-lb. division by John Carroll of Eastern Kentucky. The 123-lb. division was won by Mary Williams of the 123-lb. division.

Then Pavia won his match and Lettman took his. Pavia was pinned to sustain one point of the Eastern's victory. Lettman won the 167-lb. class.

Alumni News

1931
Henry L. Prichard is Executive Head, Switzerland of Ohio Local School D, (Superintendent). His address is Beallsville, Ohio.

1932
Charles R. Clark is a representative of the State Farm Mutual Insurance Company. His address is 624 Hamer Street, Flatwoods, Kentucky.
Edna Mae Mitchell Lang, is elementary teacher, Grade 5, Raccoon Schools. Her address is 609 Brown Street, Raceland, Ky.

1933
Elmer M. Gulliver Bradshaw is a Glenview teacher at Portsmouth East High School. Her address is 18 1/2 Oak Hill, Ohio.
Marie Barbara Howard is a teacher at Bowman County High School, Hamand, Ky. Her address is 421 Flemingburg Road, Newhead, Ky.

1934
Eileen Collier Carter is 1st grade teacher at Anderson School, Cincinnati, Ohio. Her home address is P. O. Box 2, Bethel, O.
John Everett Coward is Professor of Aeronautics, Miami University, Oxford, Ohio. His home address is 8 Wootter Place, Oxford, Ohio.

1935
J. Otto Boudle is Clerk of the U. S. Post Office in Charleston, West Virginia. His home address is 60 Riverside Drive, South Charleston, West Virginia.

Robert W. Cassidy is a Guidance Counselor and teacher. His address is Crockett, Kentucky.

1936
Elmer and Bernice (McClain) Craft are teachers, Junior high and elementary, at Vero Beach, Florida. Their mailing address is 1832 - 20th Avenue, Vero Beach, Florida.

Clyde K. Landrum is Assistant General Secretary, Foreign Missionary Society of the Brethren Church. His address is Box 245, Winona Lake, Indiana.

1937
Harold K. Collins is director, Durham Technical Institute, Durham, North Carolina. His home address is 2210 Englewood Avenue, Durham, North Carolina.
Julia Ellen Porter Blair is principal, Kaley Elementary School, Orlando, Florida. Her home address is 751 South Hampton, Orlando, Fla.

1938
Julian L. Doney is music teacher, Seneca High School, Jefferson County. His home address is 219 Mt. Sterling Avenue, Flemingsburg, Kentucky.

Louise Taylor McCoy is Fifth Grade teacher at McDowell School in Russell, Kentucky. Her home address is 2000 Office Road, Gretna, Kentucky.

1939
Janet Judd Lucas is fifth grade teacher at Morgan County High School. Her address is 135 College Street, West Liberty, Ky.
Harry King Lowman, former State Representative, is now a labor developer. His address is 2638 Virginia Avenue, Ashland, Ky.

1940
Maude Horn Vines is librarian for the Dixie High School, New Lebanon, Ohio. Her address is 25 East Main Street, New Lebanon.
Waldo Wallace Smith is typing teacher at Debus-Bennett High School in Tennessee (for 16 years). His home address is 1341 Carolina Avenue, Kingsport, Tennessee.

1941
Geneva C. DeLena is a teacher of business subjects for Army Dependents School in Frankfurt, Germany. Her address is Frankfurt

American High School, APO 757, New York, N.Y.
Redford Damron is Academic Dean of Pikeville College, Pikeville, Kentucky.

1942
Edith Palmer Robertson is seventh grade teacher for Bath County Board of Education, Owingville, Kentucky. Her address is Post Office Box 101, Owingville.
Carol Keaton McGlone is machinist at Ashland Oil and Refining Company, Ashland, Kentucky. His home address is Grayson, Kentucky.

1943
Louise Pauline Antonini D'Emilio is music teacher for the elementary grades at Fort Lee Public Schools, Fort Lee, New Jersey. Her home address is 681 Elm Avenue, Ridgefield, New Jersey.
Edsel Sherwood Reed, who received his MD from the University of Louisville, is now Radiologist at Clara Center Memorial Hospital, Jeffersonville, Indiana. His address is 111 Pawnee Drive, Jeffersonville, Indiana.

1944
Lavina Waters Lyon, former script-writer for radio, is now a housewife in Connecticut. Her address is Cedar Cliff Road, Riverdale, Connecticut.

Mary Lou Kirtcamp Allen is housewife in Lexington, Kentucky. She is a former teacher for Greenup Independent in Greenup, Kentucky. Her address is 164 N. Acadia Park, Lexington.

1945
Alta Athalen Sweeter is Secretary to Union Relations Manager, International Harvester Company, Fort Wayne, Indiana. Her address is 6715 Inwood Drive, Fort Wayne, Indiana.

Dorothy Hiler Kidwell Nowell is teaching in Jefferson County elementary school in West Virginia. Her address is 412 Clark Street, Morgantown, West Virginia.

1946
Ruby Pauline Kinder Raby is eighth grade teacher at Clearfield Elementary. Mrs. Raby lives in Clearfield, Kentucky.

1947
Olivean Gayhan Caldwell is Biology, English and social substitute teacher for secondary schools of Perry Township Mett, School District, Indianapolis, Indiana. Her residence is 2134 Redfern Drive, Indianapolis.

George Alice Motley is Superintendent of the Men-fee County School system. Her address is Wellington, Kentucky.

1948
Betty Lee Earwood Potter is a housewife in Russell, Kentucky. Her address is 2000 Office Road 652 (She is a former teacher, secretary and chemist.)
Jeanne Thompson Dodson is a home party, Ashland, teacher at Minford, Ky. Her address is Box 134, Minford, Ohio.

1949
George Lindsey Stephens is chief Clerk, General Accounting for the Kentucky-West Virginia Gas Company, Ashland, Kentucky. He resides at 2301 Blackburn Avenue, Ashland, Kentucky.

Donna Adams is a teacher of Business Education at John Creek School. His address is Route 2, Box 60, Pikeville, Kentucky.

1950
Martha Sue Carey Cody is a part-time bookkeeper. Her address is Post Office Box 471, Manchester, Kentucky.
Lena Faye Darnell Butcher is fourth grade teacher at Owing-

ville, Kentucky. Her address is Owingville.

1951
John W. Hampton is employed by Tennessee Gas Pipeline Company Station 219. His address is Route 7, Mercer, Pennsylvania.
James Milford Wells is the Kentucky director of the Division of Probation and Parole. He resides at 1345 Bay Avenue, Morehead, Kentucky.

1952
Mary Grace Dameron Ponder is teaching in the City of San Diego Schools. Her address is 5432 Henley Drive, San Diego, California.
Robert Strasser is a teacher and coach at Princeton High School. He resides at 2223 Miles Road, Cincinnati, Ohio.

1953
Betty Katherine Wilson Richer is teaching first grade at Alexander Elementary School, Alexandria, Kentucky. She resides at Alexandria, Kentucky.
Barbara Sue Brunt Barlow is fourth grade teacher at Duchery Park, Columbus, Ohio. Her address is 2234 Woodland Avenue, Columbus, Ohio.

1954
Dr. Charles J. Phomast is a dentist at West Salem, Ohio. His address is 311 Fernell, Ashland, Ohio.

Hazel Buckner Criswell is librarian at Hutchins High School. She resides in Hutchins, Kentucky.

1955
The studio installation of the campus radio station is completed and ready for broadcasting when its license is obtained from the FCC.

Apprentice Don Holloway, station manager, and members of the staff are training engineers, and announcers. Anyone who plans to come to summer school and is interested in working for the radio station should contact the station manager in Room 218 of the Combs Classroom Building. People who are interested will be trained this summer.

Staff appointments for the radio station have been made recently. Each member of the staff has specific responsibilities and duties regarding the station.

Student Assistant to the Station Manager is John Bob Hall. He is responsible for all happenings at the station. Hall is also the Student Operations Director. This entails the responsibilities of program director.

Earl Young is Chief Engineer and is responsible for the installation and maintenance of all equipment.

Ed Moore is the Chief Student Announcer who handles all recurring, trainings, and assignments of all announcers.

David Littleton is Script Writer and will write scripts for programs.

Typist-receptionist is Genevieve Snyder who handles general correspondence with record companies, tape companies, and tape recorder companies.

Jerry Blankenship is Recording Engineer and is responsible for the care and reproduction of tapes.

Nick Dountz is Chief Student Engineer and is responsible for recruiting, training, and assigning all engineers.

Traffic Manager is Moore, who schedules the daily activity of the control room, production room, and the two studios.

Science Fair Set At Morehead
The second annual Northeast Kentucky Science Fair will be held on the Morehead State College campus on Saturday, March 27. Students from grades one through 12 in 15-county areas are eligible to compete in the fair which is affiliated with the National Science Fair-International.

James R. Chaplin, Assistant Professor of Geology and Director of the Northeast Kentucky Science Fair, announced that numerous prizes will be awarded, including all-expense paid trip to participate in the National Science Fair in St. Louis, a five-day cruise aboard a U. S. Navy vessel, two Morehead State College scholarships, booklets and various medals, ribbons and certificates.

REVERSE
It's a great pity that it isn't possible to develop a retroactive birth-control pill which could be given to certain people, causing them to disappear.

CALENDAR GIRL — Janie Rather, a cute, 19-year-old freshman, has been selected as the Calendar Girl for this issue of The Trail Blazer. Janie, an elementary education major, was once a native of Bowling Green, but now lives in Morehead.

Staff Training Under Way For Campus Radio Station

Business Institute Scheduled To Begin On Tuesday, March 2

Final plans have been announced for the Morehead State College Business Institute to be held during the week of March 2-6.

Dr. C. Nelson Grote, Chairman of the Division of Applied Arts and director of the Institute, said the Institute will be held on six successive Tuesday evenings beginning March 2.

Pryor, Setzer Are Kiwanians; Hart Honored

Dr. Matt Pryor and Howard Setzer, members of the Morehead State College Division of Science and Mathematics, were among the new members accepted into the Morehead Kiwanis Club recently.

Dr. Pryor and Setzer were formally accepted at the January 18 Golden Anniversary meeting of Kiwanis International which was celebrated in the cafeteria of the Doran Student House.

Ronald Hart, an instructor of industrial arts at Breckinridge Training School, was honored at the meeting with a 45-year perfect attendance award.

Louis Armstrong Performs At MSC

Louis Armstrong, one of the world's greatest jazz trumpeters, appeared in concert on the Morehead State College campus last night.

Armstrong and his All-Stars performed in the 5,000 seat fieldhouse at 8 p.m. before a full house. One of the most popular and most attractive attractions in the entertainment world, the famed trumpeter's appearance at Morehead drew spectators from many miles.

Armstrong brought with him his famed All-Star consisting of singer Al Brown, pianist Billy Kyle, drummer Danny Barcelona, bassist Ray Shabazz, Trombonist Russell "Big Boy" Moore and Eddie She, who play the clarinet, saxophone, guitar, violin, harmonica and trumpet.

Dr. John Douglas, Chairman of the Department of Business Administration at the University of Kentucky, will be featured speaker on March 2 discussing "Issues and Dilemmas in Administrative Management."

The March 9 session will feature Edward Tempin, Promotion Director of the Lexington Herald-Leader Company, speaking on "Harvesting Profits Through Proper Promotion."

Effective buying and selling will be discussed on March 16 and various aspects of taxation will be the topic of March 23 with representatives of Cline and Adams, Certified Public Accountants, serving as consultants.

Will Winters, Credit Manager of the Aftland Oil and Refining Company, will discuss "Credit and Collections" on March 30 and Jim Caldwell, Station Manager of WAVE in Louisville, will discuss "Governmental Rules and Regulations" in the concluding banquet.

No Conflict Between Genesis And Science Says Preacher

"The discussion of Genesis and the scientific conflicts have become a 'dog-eat-dog' subject on the college campus," the Rev. E. G. Snodgrass told the first session of a seminar on "Genesis in Modern Perspective" sponsored by The Wesley Foundation of Morehead State College.

There is no conflict between Genesis and science in the mind of a modern Christian, the conflict is between science and a faculty out of touch with present-day biblical scholarship," he said.

"Biblical literalism is at-od-outdated in the modern church as it is in the modern classroom. The pressing need is for a campus community which will discover the modern scholarship in religion."

Snodgrass, a minister of The Methodist Church appointed to Olive Hill, Ky., will continue the seminar on three weekly sessions beginning at 6:30 p.m. in the Methodist Student Center, 438 College Street.

The first sessions was a general introduction in the Book of Genesis of the modern scientific and theological degrees from Drew Theological Seminary, said the study would deal mainly with the first 5 chapters of Genesis, but would provide the student with a perspective for the complete book.

The Wesley Foundation is a Methodist ministry to Morehead State College. However, all activities and seminars are open to the student body regardless of Christian affiliation.

NDEA Programs Discussion Held

Over 125 superintendents, principals and librarians were on the Morehead State College campus Friday, February 19, for a discussion of the National Defense Education Act Program.

Robert J. Ish, Coordinator of the NDEA Program for the Department of Education, Frankfurt, spoke.

The day-long meeting, beginning at 10:00 a.m., was held in room 213 of the new Home Economics and industrial arts building.

Monroe Wicker, Director of School Relations, and Ione Chapman, Head Librarian, were coordinators of the Conference.

SENIORS:

Orders for rings, pins, calling cards, cap and gowns, invitations will be taken February 25-26 at the College Bookstore.

John Redman Of South Shore Is Minister — Student Here

By Delores Callahan Trail Blazer News Editor

Many college students consider it a real task to arise on Sunday morning to attend church services, especially after spending five tedious days in classes. But what if, in addition to attending, you were asked to prepare and deliver two sermons every Sunday?

John Dalton Redman, a 20-year old senior, is not only a fulltime student at Morehead State College, but also pastor of the Sunshine Methodist Church in South Shore, Kentucky.

Redman, who is working toward an area of concentration in social science, received his Local Preacher's License in 1958. He served the Littleton-Hopewell Methodist Church near Columbus, Ohio, his home town, from 1959-1960.

Coming to Kentucky in June, 1962, he accepted the position of full-time minister of the Johnson County Parish where he served four churches simultaneously.

In June, 1963, the Kentucky Annual Conference of Methodists appointed Redman to his present pastorate in South Shore, which has a membership of approximately 100.

Redman attended Ashbury College in Wilmore, Kentucky, in 1957 and 1958, and transferred to Morehead State College in June, 1963. His wife, Jennie, is a freshman at Morehead, but is undecided about a major at the present time.

Upon graduation from Morehead, Redman plans to attend Ashbury Theological Seminary in Wilmore, Kentucky, or the United Theological Seminary in Dayton, Ohio, and then to enter the Methodist ministry.

Redman became interested in the ministry at the age of 10, when he came home from a church camp to announce to his mother, "I'm going to be a minister." He is a part of the four generations of Methodist ministers in his mother's family.

In reference to his work, Redman said, "The ministry is more of a sense of God's calling than of man's choosing."

"It takes work to develop science for the improvement of society. Unless a man has to do more than he can do he will not do all that he can do." —London Grooms, Lamberville (N.J.) Record.

"We spend so much time planning to give our children things we didn't have that we forget to see that they have at least some of the things we do have." —Elbert Forster, East Point (Ga.) Atlanta's Sub-

Charles Kincer Is Named To Ed. Department

Charles L. Kincer, former principal of the Fannin Bush Elementary School in Winchester, has been named to the faculty of the Division of Professional Education at Morehead State College.

Kincer, who was named an Assistant Professor, began his teaching duties at the beginning of the second semester.

He holds the B.S. degree from Union College, the M.S. degree from the University of Kentucky and has done additional work at George Peabody toward the PhD degree.

Kincer has taught in the public schools of Kentucky since 1942 and was in the staff of Berea College from 1953 to 1957 an area supervisor under a Ford Foundation grant.

He was Director of Instruction of the Bowling Green City Schools from 1957 to 1960 and went to Winchester in 1962 from the principalship of the Suanwance Junior High School in Live Oak, Florida.

College Speech Students Win Second Place Sweepstakes

By Cheryl Sanders

Participating students of the Forensic activities of Morehead State College won the Second Place Sweepstakes and a silver trophy at the First Annual Wayne State University Forensic Tournament held in Detroit, Michigan on February 12 and 13.

First place in the tournament was won by Pennsylvania State University.

Students participating in persuasive manuscript speaking were John Johnson and Jerry Lewter. John went on to the final round and won third place in this event.

Ed Taylor and Tommy Spillman

participated in extemporaneous speaking.

Students participating in oral interpretation were Judy Smith and Corky Georges.

Brent Fry, Assistant Professor of Speech and Dramatics, said that at present students are preparing for the Kentucky Oratorical Tournament Kentucky State College on February 27. He added that the intercollegiate Forensic activities are open to all interested students and not merely speech majors and minors.

Anyone interested in preparing for one of the upcoming events in this field should contact Fry in his office in the Combs Classroom Building as soon as possible.

THE WINNERS — Pictured above are the Morehead State College students who recently won the Second Place Sweepstakes at the First Annual Wayne State University Forensic Tournament held in Detroit, Michigan on February 12 and 13. They

are (l to r): Tommy Spillman, John Johnson, Jerry Lewter, Ed Taylor, Judy Smith, and Corwin Georges. Seated is Brent Fry, assistant professor of speech and dramatics.

Robert E. Woosley Organizes Class In U.S. History

Robert E. Woosley, Consultant, In-Service Teacher Education, was in Paintsville, Thursday, February 18, to organize a class in United States History. It will be an extension course from Morehead State College's History 241.

Interested persons met in Paintsville High School for enrollment. The course carries three hours of college credit. Woosley says there will be 45 hours of class time required toward completion of the class.

Class periods will be conducted by Gary Nunn, a Paintsville High School graduate, and a part-time teacher in extension work. He has a master's degree from Morehead State College.

Band Clinic At Morehead State

(Continued From Page 6)

Music faculty: William J. Bell, a. Among the clinician who will be attending the clinic are: Jerry DeSimone, a graduate from the Conservatory of Music in Naples, Italy, who is presently teaching for the Peck-Sturgeon Music Company, Lexington, Kentucky; Betty G. Glover, a graduate from the Cincinnati Conservatory of Music, bass trombonist with the Cincinnati Symphony Orchestra; and a member of the Cincinnati Conservatory of Music.

(Continued on Page 16)

By Walter Moore

Have you been wondering what that snake is doing behind the glass cage on the ground floor of Lappin Hall?

Well, just ask "Humphrey," commonly known as Robert DeWest, a sophomore, who is majoring in biology and is the caretaker of the Animal Lab in room 314 of Lappin Hall.

The snake, a five-foot black or pilot snake, was donated to the Animal Lab by Robert Hill, a student at Morehead State College.

Dr. Clayton Jackson suggested that Humphrey put the snake in a place where students would be able to observe it openly and without fear, and there by learn a little more about its behavior.

A mouse was placed in the cage of the snake March 18, but the snake refused to eat it. Many students spent hours standing in front of the cage waiting for what was thought to be the inevitable, but alas, the snake would not oblige them. DeWest explained that ordinarily the snake would be hibernating and therefore would eat. Then he added that some snakes do not eat in captivity, due to handling and such.

After three days the mouse was taken out of the cage which must have been quite a relief for the little thing.

The snake will have to be fed with capsules for the time being until it can adjust to the surroundings.

THE FOUNDING FATHER

It was DeWest's idea in 1963 that if only one person were in charge of the experimental animals, a more humane treatment would result. Dr. Margaret Healey and Dr. Jackson agreed on the fact and since DeWest is a member of the "Animal Welfare Institute," it was decided that he was best qualified for the job.

Robert 314 of Lappin Hall became the official Animal Lab and DeWest was named the first director of the lab.

The Wonderful World Of The Lappin Hall Animal Lab

On the first day, which DeWest was cleaning the cages one of the rats decided to bite him. This, however, did not discourage him and after a while the animals realized that Humphrey was only trying to make their existence more comfortable. They gradually got to know him better and the animals in the lab became more relaxed.

DeWest added two white rats of his own, which he had brought from his home.

At the Animal Lab began to expand, there was a need for an assistant. Bob Glick, a biologist

student, now helped DeWest.

The rats from the lab are used by students of nuclear physics in their experimentation and by Dr. Kurfies to demonstrate physiological phenomena.

The rats are sold in the Animal Lab for \$1.00 each to students who need them for experimentation. This is to save them money, since rats purchased from biological supply houses would cost \$4.50 a pair.

All interested students are welcome to visit the Animal Lab at any time.

Morehead Junior Is Selected As Ky. IFYE Representative

IFYE DELEGATES — Three former 4-H Club members have been selected as 1965 International Farm Youth Exchange (IFYE) delegates from Kentucky. They are (l to r): Melanie Ann Conley, a Morehead State College junior, who will go to Israel in June; and Kathleen Kunkel, Kenton County, who leaves in September for India.

Three former 4-H Club members -- from Floyd, Kenton and Rowan counties -- have been selected as 1965 International Farm Youth Exchange (IFYE) delegates from Kentucky announced Boyd Wheeler, UK Extension 4-H field agent, who is advisor to the Kentucky IFYE program.

Richard A. Stidum, a junior at Morehead State College will leave for Israel, Kathleen Kunkel, Kenton County, will go to India and Melanie Ann Conley, Floyd County, has been tentatively assigned to Nepal. The two girls will leave the United States in September. All three are now in college and are members of farm families.

The selection of these girls and IFYE's brings to 54 the number of Kentucky young people who have taken part in this program since

1949. Financed mainly by voluntary contributions, the two-way exchange is sponsored by the National 4-H Club Foundation and the Government Extension Service.

The purpose of the IFYE program is to promote understanding on a "grassroots" level among people of the world, Wheeler says. The IFYE's spend about six months living with rural families in their host countries. They learn how the people there live by actually taking part in the everyday lives of their hosts and also tell their host families about life in the United States. When they return home, they give many talks about their experiences while living "as a member of the family" there.

Stidum, 28, is the son of Mr. and Mrs. Winford Stidum, R2, Morehead. His major subjects in college are Sociology, Economics and English and he plans to either teach or go into social work.

A 4-H Club member of 11 years, Richard won four county championships in the poultry project, was twice selected district champion in 4-H demonstration, and won a district championship in 4-H public speaking. Also, he has been understanding 4-H Club member in Rowan county in 1963. Richard also has won bronze silver and gold medals at 4-H club. Junior leadership was also one of his major 4-H projects.

In Rowan County High School, Richard was a member of the Beta Club, National Teenage Society, Future Farmers of America, a basketball and baseball team, and was honored as the athlete with the highest academic standing.

Richard's family lives on a 19-acre farm near Morehead. He has two brothers and two sisters.

A senior at Eastern Kentucky State College, Kunkel plans to go into social work after her IFYE experience. In college, she is an active member of Kappa Delta sorority, Phi Kappa Phi Honor Society, Appalachian Volunteers, World Affairs Club, and the annual staff. Conley, 20, is a senior at Washington University, St. Louis. Mo., majoring in occupational therapy. She attended Berea College for two years.

New Literature Film Produced By Faculty

By Walter Moore

Dr. Ruth Baines, Assistant Professor of English, and Dr. Norman Tant, Professor of Education and Director of Audio Visual Service, have just completed an all-color film, "Anatomy of a Poem."

This two-reel film, each reel lasting 19 minutes, marks the completion of the first of three projects in the field of audio-visual contributions to the college and to education in general.

This film is the second film to handle critical materials in literature. With the exception of last year's background film "The Nature of Physical Nature," to no other film of a critical nature in literature is available in either 8mm or 16mm in this country.

"Anatomy of a Poem," will first be shown at the English Conference at Morehead State College in April, at the "Project Faculty Center," and at a week-long workshop at Western Reserve University.

The next project, a 30-minute film, all color and sound, is already under way. It is being made by members of the Freshman Poetry Club. It is entitled "Poetry for You." This film should be completed and available for showing around the end of April.

Breck In Brief

By Mary Anderson and Loretta Roark

On February 23 at 7:30 p. m. in the Breckinridge Auditorium, President Adron Doran will be the guest speaker for the P. T. A. meeting. The Past President of the P. T. A., Mr. Webb's Speech Department is to be presented. The meeting will be concluded by a silver tea in honor of Founders Day of the P. T. A.

Honor Citizens

Honor citizens for the third six weeks are as follows: Melinda Brammell, George Burgess, 7th; Debbie Binion, Stephen Perkins, 8th; Terry Holley, Tommy Jones, 9th; Mica Keller, Martin Proudfoot, 10th; Mary Ann Cline, Mike Gully, 11th; and Mary Lou Sluss, Jack Stone, 12th.

New Students

The second semester has brought two new students to the Junior class of Breckinridge Training School. The transferees are: Connie Fielder, from West Liberty; and Mrs. Peggy Turner, of Fleming County.

Junior Dance

The Junior Class of Breckinridge sponsored a Pre-Form Dance from 7:30 to 10:30, Friday, February 19, at the P. T. A. The Dance featured the "Jetties," a group of boys from the MSC campus. Also playing in the band was Tom Bowne, a sophomore from Breck. The public was invited to attend.

Superior Rating

Breckinridge is proud to announce that "The Marriage Proposal," starring Sue Pelly, John Greenman, and Greg Greenman, received a superior rating in the Regional Drama Festival held here last Saturday, February 13. Breckinridge was chosen the best of all competing schools.

Scholarship Tests To Be Given Feb. 27

High school students from 75 Kentucky schools have already registered for the academic scholarship tests to be given in the Morehead State College Campus on Saturday, February 27.

Monroe Wicker, Director of School relations said that additional students who wish to take the competitive tests for scholarships may do so by contacting him.

Standardized tests will be given in the following areas: biology, chemistry, physics, earth science, mathematics, English, French, Latin, Spanish, German, American government and American History.

Winners in each of the categories will be awarded \$200 scholarships to attend Morehead State College.

Wicker said the tests will be given at 10:00 a. m., 1:00 p. m., and 2:00 p. m. on Feb. 27 and that students taking the tests should come to Room 101 in Lippin Science Hall by 9:45 for instructions.

He pointed out that the tests are being given three times to permit students to take the tests in more than one field.

Dr. Adron Doran, President of Morehead State College, said, "We are pleased that such a fine representation of students from throughout Kentucky will be on the campus for these tests. Many talented students will earn scholarships as a result of this competition and will go on to greater academic achievement at Morehead State College."

Roy Smith Speaks To 500 At MSC

Roy Smith, of the Kentucky Department of Education, spoke to school officials librarians in a meeting on February 19.

Rules and regulations of the National Defense Education Association were presented with a question and answer period following.

Over five-hundred representatives from Eastern Kentucky were invited to the session held in the Industrial Arts Building of Morehead State College.

Your Out, Says He—Now An Empire, Once A Student

Gregory Guy Pratt, a former Morehead student from Hanover, Ky., who has finished All Somers' School for Umpires in Diamond City at Dayton Beach, Florida.

Pratt was fourth in his class of 55 trainees and was picked as one of the ten recommended for the major leagues. In March, he will be working with the Boston Red Sox at spring training in Florida.

He will then move to New York-Pennsylvania Minor League this summer.

President Crisp, before leaving on his Frankfurt trip, said that he wanted to tell the student that the Student Council had been working with Herbert Hogan, Business Manager, to lower the prices in the cafeteria.

Crisp said that through Hogan's help the prices on meats, vegetables and pies have been lowered measurably.

He also said that the Student Council now has an office located on the second floor of the Doran Student House in Room No. 2.

"If students need any information from us," said Crisp, "they should come to the office or address a letter to Box 3, Morehead State College."

Student Council Is Working On Judiciary Council Proposal

By Sue Wallace

Student Council President Don Crisp has announced that the Council is now in the process of setting up the particulars of the Judiciary Council.

"I want to present our new and advanced ideas to the student body within the next few weeks," said Crisp. "I hope that we can set up a good date for the two-hour discussion and make this a successful meeting."

Crisp also said that he hoped the Student Council would be able to clarify any questions students might have.

Norman Speaks On Process

"We have been working to obtain the best possible representative organization for the students at Morehead," said Dick Norman,

Student Council Vice President.

Norman, who acted in President Crisp's place (Crisp had to attend a meeting in Frankfurt) at last week's meeting, said that he hoped the final draft of the material would be ready in the near future, so all students could read about the workings of the Judiciary Council before voting on the measurability.

"This measure is of tremendous importance to all of us," said Norman. "And we want it to be as perfect as we can make it before again presenting it to the student body."

The Student Council, at last Thursday's meeting, discussed the Judiciary Council and its formation; however, final plans were not completed.

Sophomore Tests Scheduled Feb. 24

The annual sophomore tests will be given tomorrow, Wednesday, February 24, in Button Auditorium.

According to Mrs. Hazel H. Whitaker, Director of the Testing Bu-
reau, all students classified as sophomores are required to take the
tests. In addition, all students who are now juniors and have not taken
the tests, should report to take the tests at this time, according to the
alphabetically arranged schedule.

Students taking the tests will be excused from classes during the
three-hour period of time required for the testing session. Any student
not taking the tests at scheduled will be charged a make-up fee of
three dollars.

All students with last names beginning with A through L are to report
to the Button Auditorium at 9:00 o'clock on Wednesday morning, Feb-
ruary 24. Beginning 12:40 o'clock, all other students, K through Z,
will take the tests.

The sophomore tests are subject-matter tests designed to indicate
strengths and weaknesses in social studies, literature, science, fine
arts and mathematics. They also serve as one of the prerequisites for
admission to the teacher education program at Morehead State College.

WCAU DJ Slams — Then Retracts

By Betty Schindel
Two sophomore girls, Linda Seaman and Connie Kilgore, before
seemingly broke, were listening to WCAU's Philadelphia, Penn.,
on their little wireless. Suddenly, to their amazement, on the Bill Burcher
show a basketball score was read.

The two teams involved were Transylvania and Pikeville. Bill Burcher
commented on this, "Where on earth are these places? The Sports
really must have had this of great. This is in Kentucky, isn't it?
Well, I hardly think it is of interest around here."

To this, the two Ohioans, Linda and Connie, responded with a letter
explaining that even though he was off in Pennsylvania, his sta-
tion did reach the interior of Kentucky at night. The next Saturday
night he commented that he had received a letter from two girls of
Morehead State College and that they (the radio station) could not
find the place on the map.

The next week, Linda and Connie received this letter:
Thank you much for your kind note concerning the mention of Trans-
ylvania basketball scores on my late show last week. I'll keep an eye
on the Sports. While he was off in Pennsylvania, he assured that I'll
be watching for some Morehead items as well.

Perhaps we can slide Morehead into the TOP TEN before this season
is over. Let's work on it...

Perhaps we can slide Morehead into the TOP TEN before this season
is over. Let's work on it...

The next week, Linda and Connie received this letter:
Thank you much for your kind note concerning the mention of Trans-
ylvania basketball scores on my late show last week. I'll keep an eye
on the Sports. While he was off in Pennsylvania, he assured that I'll
be watching for some Morehead items as well.

Perhaps we can slide Morehead into the TOP TEN before this season
is over. Let's work on it...

SAFE

NoDoz

KEEP ALERT TABLETS

100% SAFE AS COFFEE

THE SAFE WAY to stay alert without harmful stimulants

NoDoz™ keeps you mentally alert with the same safe re-
freshener found in coffee. Yet
NoDoz is faster, handier, more
stable. Absolutely not habit-
forming. Next time monotony
makes you feel drowsy with
studying, working or driving,
do as millions do... perk up
with safe, effective NoDoz.
Keep Alert Tablets.

Band Clinic At Morehead —

(Continued From Page 15)

former member of the NBC Symphony Orchestra and the New York Philharmonic Symphony Orchestra and a member of the music faculty at Indiana University; and Samuel Coates, a member of the Cincinnati Symphony Orchestra and a Cincinnati Summer Orchestra and a teacher at the College Conservatory of Music of Cincinnati where he teaches tuba. Others are: Charles L. Spohn, who received the Master of Music Degree from Arthur Jordan College of Music at Butler University in 1950, the Master of Arts degree in Music and Theory and the Ph.D. degree from Ohio State University, and who is currently the director of the Ohio State University Marching Band; and Newell H. Long, Professor of Music at Indiana University, who holds a B.S. and M.A. Degree from Indiana University and the M.S. Degree from Northwestern University.

The members of the Dorian Quintet will also be acting as clinicians for this three day clinic. They are: John Benson, Charles Kaskin, William Lewis, Jane Taylor, and John Pierce.

On Friday, February 26, William J. Bell will perform with the Morehead State College Symphony Band. The band will accompany him on the "Gavotte of Venice with Variations." The band will also perform "Perpetual Motion," with four tuba soloists - William J. Bell, Fred J. Marzan, Paul Kzywicki, (student of Bell's), and Roger D. Horton, (student of Marzan's). Bell, Marzan, and Kzywicki will also play the "Sonata for Unaccompanied Tuba."

At 8:00 p.m., the Dorian Quintet will present a concert in Burton Auditorium. This will be the third concert presented by the Northwest Kentucky Celebrity Series.

A dinner program will be held in the Morehead Cafeteria at 5:00 p.m. on Saturday.

The "Music Hater," and Instant Do-it Yourself Opera, will be performed. It was written and produced by Newell and Eleanor Long.

The Morehead State College Symphony Band will present a concert at 8:00 P.M. in the Baird Music Recital Hall. This concert will feature "Alhambra March," "Chamber," "Les Preludes," "Liszt," "Symphony for Band," "Gould," "Siegfried Idyll," "Wagner," "Benvenuto Cellini," "Verdini," "Berlioz," and "Non plus Andral" from the marriage of Figaro. Mozart, with Richard Rivers performing as a Bartone Soloist.

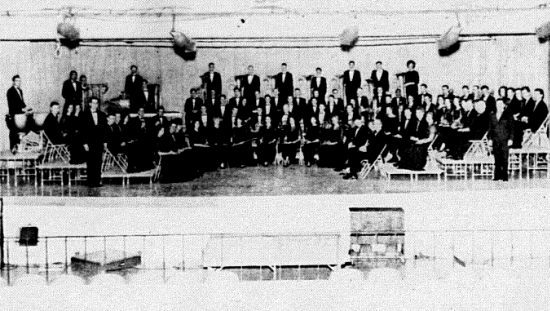

The climax of this clinic, said to be the largest ever, will be on Sunday, February 28, when the three clinic bands will present their concerts to the general public.
