Cooper, Perkins Speak At MSC

"Fundamentally, I think we have a tremendous obligation to provide equality of opportunity to the children of the United States--no child can have equality of opportunity, in my opinion, unless to start with he has a basic minimum education," said Kentucky Senator John S. Cooper here yesterday (April 19).

Cooper, addressing over 5,000 participants in the Cooper-Perkins Day Convocation, spoke of the involvement of the United States in Viet Nam and of the importance of our fulfilling our commitments there.

"This, I realize, is an unpleasant subject; however, we must face reality," he said, "and one of the great purposes of education is to train students to face reality."

Cooper and Congressman Carl D. Perkins, Representative from the 7th Congressional District, were honored at Morehead State College yesterday for their contributions to educational legislation. Two college buildings were dedicated in their honor, and both delivered major addresses during the day.

Perkins, who spoke at the Perkins-Cooper Day Luncheon, held in the Doran Student House following the morning convocation program, said, "We're going to rebuild the economy and the whole of Eastern Kentucky. I can visualize, with the Appalachian program opening this area up and with our tremendous water resources, we're going to have one of the most attractive spots in the world here."

Perkins said that he was convinced that Eastern Kentuckians have been by-passed in the development of the United States, especially regarding highway and educational advancement; however, he said he felt this will soon change.

"We are approaching the day when we will be away from this isolationism and from being away from the mainstream of development," he said.

And, he said, "I feel confident that in the next six years we will see a great improvement and difference in the educational institutions and educational opportunities in Kentucky."

Educators, legislators, governmental leaders, and business and professional people from throughout Kentucky attended the day's activities.

A 202-man residence hall was named for Senator Cooper and a 10-unit married students apartment building was named for Congressman Perkins. The married housing unit will be ready for occupancy by May 1966. The four-room married residence hall named for Cooper will be ready for occupancy in the fall.

Also, Cooper and Perkins were both presented with certificates of merit for their service to education, Morehead State College, and to the region.

Morehead Sets Non-Degree, One-And-Two Year Programs

Morehead State College has expanded its work to include non-degree terminal programs of study.

The new programs—similar in concept to those offered by University of Kentucky's community colleges—were approved by the board of regents.

They will make available, effective this fall, special one- and two-year courses of training as clerks and secretaries, in office management, secretarial science, agricultural business and farm production, and preprofessional study in agriculture and food management.

Will Get Certificates
Students completing prescribed one-year programs will be awarded certificates of achievement, those finishing two-year programs will receive associate of applied arts degrees.

President Aron Doran told the regents the terminal programs were an essential to "meet the needs of students who desire programs of study that prepare them for employment in various positions following a short and intensive period of instruction."

They were designed primarily to meet the needs of students from

Rowan County, where the college is located, and the nearby counties of Greenup, Boyd, Carter, Lewis and Elliott, Dr. Doran said.

Can Apply To 4-Year Degree
Most of the credits available through the terminal programs, he said, can be applied to a four-year degree if a student desires to complete college.

In Other Action, Regents:
Authorized the division of graduate studies to make available master-of-arts degrees

500-Acre Lakeside Campus Proposed To Board Of Regents

By Fred W. Luigart Jr.
Courier-Journal Bluegrass Bureau
Morehead State College has unveiled an expansion proposal calling for construction of a 500-acre lakeside campus to supplement the college's existing facilities.

It would be built on the Cave Run Reservoir, a flood control project the U.S. Army Corps of Engineers is preparing to construct on the Licking River near here.

"The new campus could serve as an extension to the existing college, providing laboratories and facilities for present and expanding instructional programs and services," Dr. Aron Doran said in presenting the proposal to the board of regents.

"Many of our new and developing curricular and co-curricular programs require types of land and facilities which cannot be made available within the limitations of our campus," Dr. Doran said.

"Furthermore, many of the services which we reorganize as part of our responsibility to the region are severely curtailed at the present time. It would appear that these programs and services can be most satisfactorily provided at an off-campus site."

The proposal was prepared by two members of the college's faculty—Dr. J. E. Duncan, chairman of the division of fine arts, and Dr. C. Nelson Grote, chairman of the division of applied arts. The two said, in a written summary of the proposal presented to regents, that while the project seems "visionary and unique in its dimensions," they believe it is compatible with the regents' long range view for the growth and development of the college.

"A lakeside campus, while not unique in North America," they added, "could well be a tremendous asset in making Morehead State College truly unique in the Appalachian region. A fully developed summer program at this new location could give the college a national reputation."

A outlined in the proposal, the new campus would be located approximately 10 miles from the existing campus along a section of the lake with access to existing roads and an adequate beach area.

Buildings proposed for the campus include a combination campus administration-hotel building and a cafeteria for 500 and housing in

double rooms; a 450-seat assembly hall; 20 cottages each to house 24 students; two outdoor theaters; five classroom buildings; and extensive recreational facilities.

NEW MAINTENANCE BUILDING — Pictured above is the new Maintenance Building at Morehead. The structure, when completed, will house

all of the Buildings and Grounds offices and facilities at the college.

Senior Days To Draw Over 2,000 Students

Over 2,000 high school seniors will participate in two Senior Days on the Morehead State College campus on April 23 and 30.

Twenty-nine high schools will be on campus Friday, April 23, and 13 others are expected for the April 30 Senior Day. Registration will be at 10:00 a.m. in the Laughlin Center (Field-house), followed by a general assembly conducted by Roger L. Wilson, Dean of Students at Morehead.

Following greetings by Dr. Aron Doran, President of Morehead State College, college students will discuss opportunities for development at Morehead through social, recreational and religious activities.

High schools which will be on campus for the April 23 Senior Day are:

Alford Trade, Bath County, Blaine, Breathitt County, Breckinridge, Carter, Combs Memorial, Dunbar, Eastern Social (Ohio), Jessamine, Millbourne, Morgan County, Pritchard, Ripley County (Ohio), Rowan County, Salyersville, South Portsmouth, Warfield,

Western High (Ohio), Wartland,

George Rogers Clark and Meade Memorial.

Attending the April 30 Senior Day will be: Boyd County, Estill County, Flemingsburg, Gallatin County, Hinchins, Lewis County, Menifee County, Montgomery County, New Richmond (Ohio), Olive Hill, Sandy Hook, Tolleboro and Wayland.

Student Elections Just Around The Corner

Within the next month, the students of Morehead State College will be called upon to elect a new Student Council Executive Committee for the school year 1968-69.

In accordance with the constitution of the Student Council, Article XII, section A, the election shall be held annually on such a date in April as the Student Council may deem necessary. However, at present no date has been set to comply with the said regulation of the constitution.

This technical violation may be excused as far as this election is concerned, but the election rules have been made and should be followed.

Rules are made for a purpose, principally to add significance, dignity and order to elections held in connection with campus affairs. Also, although there is no set rule for the academic qualification of a candidate, we must again say candidates should have a 2.8 overall academic average and the candidates for president and vice-president a 3.0. This addition to the qualifications for office would add dignity and worthiness to the office.

We are looking forward to the Student Council and class office elections this year and hope the student body will actively participate in them and give support to them.

Also, if you know and approve of any prospective candidates give them your support, or better still, if you think you can do a better job than the prospective candidate, sign up for the election yourself.

...JJS

Thoughtless Act = Blemished Record

Recently a Morehead State College has emerged from a downtown store carrying a stolen 40-cent scarf, only to be apprehended for shoplifting.

But let us consider the real cost of that mere 40-cent scarf, which the took just prior to spring vacation. First of all, it cost her a semester's work and approximately \$300 which he had already spent for college expenses.

Most important of all, it cost her an unblemished crime record. The theft of even a 40-cent scarf is listed as a misdemeanor and is recorded on her record as such.

Any crime recorded the students acquire it not a semester which is tossed aside upon graduation or whenever the student goes elsewhere to apply for a job. Instead, it haunts the offender throughout life and may someday cost him or her a promotion, or even a job. Civil service jobs, for example, are unavailable to anyone having a criminal record of any sort.

We realize that the people who are presently accumulating such records are not aware of the small element of the student body, but that small element is causing great hardships for the other students, as well as tracing a path for the mislives which they will be unable to erase in later life.

...DC

Welcome Seniors

Welcome, seniors, to Morehead State College. The Trail Blazer expresses its best wishes to all of you who will soon be embarking on another great step into the future. And, we hope that a big part of your future plans call for a college education, a near necessity in the world of today.

Over the years, students of many races, religions, creeds and localities have been furnished the opportunity for educational advancement and refinement at Morehead. And, as they have gladly received, they have also freely given their time and abilities to help the college grow into the institution that it is today — one of the most dynamic and forceful institutions of higher learning in the United States.

Therefore, we hope you, as representatives and visitors to our campus, will enjoy your visit at Morehead today. And, if there is anything that any of us, as students, can do for you, feel free to ask.

...JJS

Florida Or Bust?

The Editor's Desk

Quite a few months ago, signs were erected along the major highways leading to Morehead. These signs read "—Miles to Morehead State College—"

These signs serve a good purpose and were a needed addition to the highways leading to the town and the college; however, there is one major drawback to some of them.

Just as you drive into Morehead, there will be a sign reading "One Mile to Morehead State College."

And, each time I pass them I wonder just how far one "Miles" is (or is it "are" in this case, oh well). Nevertheless, however far one "miles" is we believe it would be a noble and fitting gesture on the part of some members of the Buildings and Grounds' crew to chop in one of their trucks with a little green paint and cover up the offending "n" on each of these offensive and grotesque errors.

We realize that none of us is perfect (even the Trail Blazer); however, we can certainly strive to be as perfect as possible. Therefore, we don't believe the expenditure of a few cents for gas and paint will hurt the B&G reserve in this case and the college's public image could certainly be improved.

THE MEADE FAMILY

Residents of Myer Hall/Wittenberg University, Ohio, rigged up a ten-foot replica of a cigar recently to proclaim that "It's a boy" for their head resident and his wife, Mr. and Mrs. Roger C. Meade, Morehead graduates. (The baby boy weighed a bouncing eight pounds, 13 1/4 ounces, and was named Roger Bryan.) Also, Meade was a former Raconteur Editor.

Following the event, several freshman girls composed the following verse to celebrate the occasion:

Rock-a-bye baby, in Myer Hall
Meade has arrived, now they'll have a ball:
Baby is crying, the whole dorm is awake:
What future fathers these boys will make.

JOHNSON COMMEMORATED

John Johnson, Morehead senior, recently took top honors in the Kentucky Interscholastic Oratorical Contest. And, following his hard-won victory, Johnson received a letter of commendation from Governor Edward T. Breathitt, commending him for his actions. Part of the letter read as follows:

"It is a pleasure to join your family, the college personnel and other friends who congratulated you. I know you are proud of the trophy and what it represents."

"Best wishes as you advance to the Interstate Oratorical finals to be held in May. I always rejoice when Kentuckians bring home the honors."

DAVID SHUE

...Pat O'Rourke

MIGHT BE A GOOD IDEA?

Xavier University in Cincinnati, Ohio, has an article that, after having been behind this desk seemingly forever, feel just might be a good one for all concerned. It reads:

"The editor-in-chief and his major staff assistants will be full-time undergraduate students in good standing. The editor-in-chief will serve for one year, retiring at the end of the first semester, at which time he will retire from all active participation on the (Xavier) News staff."

Of course, while such a policy has much to favor it, it also has several disadvantages, including the fact that the former editor may like his job and want to gain more experience in newswriting.

Nevertheless, the policy is there, and partly due to this policy, the newest editor of the campus paper at Xavier lost his job after being editor for less than a month. Ah, well...

TV PRODUCTION

We don't know where you'll be Sunday, April 25, at 4:00 p.m.; however, we do know exactly where we will be — sitting in front of television set watching Dr. Lewis Barnes' play, "What Is Duty?" (See story in this issue.), which will be produced by WSAZ-TV.

Dr. Norman Tant, Professor of Education at Morehead State, helped Dr. Barnes and his wife with the film and said that the job done by Morehead Students Norma Hughes, Karla Jane Alwes, Samuel Cassidy, and Jen Bohannon was tremendous.

Also, it is possible that the production may be re-broadcast (SP) on four other stations. And, since WSAZ is an NBC affiliate station, they have tremendous coverage. Not bad...not bad at all.

DID YOU KNOW THAT...

On April 15, the Johnson Camden Library had paper on display that was published exactly 100 years ago, one day after President Abraham Lincoln was murdered by John W. Booth...Russell Kirk, head of campus security at MSC, will be getting an assistant next fall. The job he holds is too much for one man to handle alone. (He is on duty 24 hours a day and only averages around five hours of sleep a night.) So he will be getting some needed help...work may begin in the near future on another floor on the new Administration Building...Dr. Norman Tant, Professor of Education is running for a City Council position on the "Freedom Ticket"...Graduation is set for May 31 at 10:00.

Student Council Talent Show aspirants were left cooling their heels last Tuesday night from 6:30 p.m. until 1:15 waiting for an audition to begin. It seems that President Don Crisp decided to call the scheduled audition off for that night, but neglected to inform the participants of his action...Only six weeks of school are left (counting finals)...Harry Mayhew, Alumni Director, is about to become a father...Ray Hopbuck, Assistant to the President, really (1 fear...therefore I won't complete this sentence).

And, it seems like everyone on campus went to Florida for spring vacation except the editor.

THOUGHTS OF THE ISSUE

Will Rogers once said, "There's nothing so stupid as an educated man once you get him off the subject he's educated in."

Regional Camps

First Presidential Scholars Complete Fresh Year In College

By Winfred L. Godwin, Director
Southern Regional Educational Board
They are exceptional members
of an exceptional generation. ... You
are younger than most of the earth's
quarrels and you are older than
most of the earth's governments.
Since you were born, man has de-
veloped both the capacity to des-
troy human life and the capacity
to make life worthwhile for all
the human race."

In other words, President
Lyndon B. Johnson welcomed the
Nation's first Presidential Scholars,
some 121 of them, who are now
in their first year of college as he
study. Southern winners in the
group numbered 35.

The Presidential Scholar pro-
gram, established to honor out-
standing scholars in the graduating
classes of secondary schools
throughout the nation, is meant to
give the highest possible distinc-
tion and encouragement to what
President Johnson has called "the
most precious resource of the United
States—the brain power of its
young people."

Not chosen a Presidential
Scholar does not involve a cash
award. All candidates place at the
top of one or more scholarship
competitions.

A commission of ten, headed by
Dr. Milton S. Eisenhower, president
of Johns Hopkins University, selects
the scholars from each of the 50
states, the District of Columbia
and Puerto Rico on the basis of
school and test records, honors and
activities.

In many major respects the first
crop of 121 Presidential Scholars
proved to be remarkably alike.
Most were valedictorians of their
high school classes. Nearly all
lived in the states where their
College Board tests, a few making
the maximum possible 800. A
majority of them picked math-
ematics as their college major.
The Scholars' intellectual bent was
further suggested by the fact that
many boys listed the mathematician
and philosopher Bertrand Russell as
among the persons they admired
most. They overwhelmingly
agreed that civil right was today's
most significant social issue.

Their range of out-of-school in-
terests was wide and varied. Shirley
Crawford of Marion, Alabama,
raised a 4-H Reserve steer as well
as producing and directing her sen-
ior class production, "Johnny
Anstey, of Columbus, Georgia,
worked in bi-racial programs
sponsored by the Society of Friends
and the Council on Human Rela-
tions. Gerald Cope, Jr., of Eau
Claire, Wisconsin, worked on a pro-
ject which reduced dropouts in his
high school.

Where Are They Today?

And how are they faring today?
Edward Francis Glusman, Jr., of
Baton Rouge, Louisiana, is at
Davidson College, where he chose
to go because he believes it to be
an excellent small liberal arts col-
lege. He plans a double major in
philosophy and English, hopes to
get his doctorate and go into teach-

ing. "I enjoy the college world
and I want to be a part of it," he
says. When he's not studying (20
to 25 hours a week), he plays ten-
nis and bridge, reads, writes "any-
thing and everything."

Pert, brown-haired Candace Ann
Hynes, of Sugar Land, Texas, is
at SMU, the university she picked
when she was still a child. She
also plans a double major—French
and geology. She loves riding,
painting, writing, "but my biggest
interest now is trying to get through
school," she says. She's already
made the dean's list, and has been
elected to Alpha Lambda Delta
honorary society, still finds time
to work for the Young Democrats.
Her air in life: to be a research
librarian.

Victor Manuel Lovell, of Fort
Smith, Arkansas, entered the Uni-
versity of Arkansas where he plans
a chemistry major. He hopes to
go into teaching. Right now he's
working on a research project for
the National Science Foundation.
He loves the academic atmos-
phere, plans to "stay in it all my
life."

What lies ahead for these young
scholars and the other bright, de-
dicated young minds they repre-
sent? The President has said:
"Your destiny will not be a face-
less and thoughtless existence in a
dull and dreary society. I believe
the destiny of your generation and
of your nation is a rendezvous with
excellence."

New York World's Fair Is Bigger And Better

Standing in line became a major
pastime at some of the larger ex-
hibits at The New York World's
Fair during 1964. The wait, no
doubt, was worth it, but it's safe
to assume that many visitors be-
came discouraged with their lot.

Most persons who have attended
the Fair agree that it's best to visit
one or two of the larger pavilions
as early as possible in the morning
and spend the remainder of the
day seeing the other exciting and
educational exhibits at the smaller
pavilions.

The Fair, in fact, offers a wide
variety of splendid entertainment
at the so-called "smaller" pavilions
where the waiting lines generally
do not form into an hour-long de-
lay.

At the Federal pavilion, for
example, one can learn about
American democracy, its problems
and its promise. This magnificent
\$17 million exhibit, dedicated to
the theme "Challenge to Great-
ness," is housed in what many con-
sider one of the Fair's architectural
triumphs.

The building is 65 feet high and
this side is as long as a football
field. The exterior walls are made
of multi-colored glass, which re-
flects light during the day and glows
during the evening.

Among the treats for children is
a ride specially designed to depict
the "Pioneer Spirit of America."
The ride can accommodate ap-
proximately 3,000 visitors each
hour.

For an elegant Latin atmosphere
suits your taste, try the Spanish
Pavilion for dinner and flamenco
entertainment. Priceless paintings
by Goya and El Greco are displayed
along with works by Picasso. Stars
like Segovia and Victoria de Los
Angeles interpret the artistic life
on the stage of an 800-seat theater.
Three restaurants and a "wine
cave" create the air of high romance
for which the pavilion has become
famous. Tourist sightseers always
welcome a rest at any of five patios.

If you want to move farther a-
field, Coca-Cola offers a world
tour within the walls of its pay-
ilion. During the whirlwind 17-
minute trip, the visitors will ex-
perience the sights, sounds, smells
and temperatures in five world-
famous locations.

These include the bustling
colony of Hong Kong, the serenity
of the Taj Mahal in India, a frosty
Bavarian ski lodge... a refreshing
and fragrant tropical forest, site
of ancient temple of Angkor Wat,
and the promenade deck of a
cruise ship off the coast of Rio de
Janeiro's famed Copacabana
beach. Meanwhile you'll hear the
Coca-Cola carillon, largest in the
world, playing music from many
countries.

Cited as an outstanding educa-
tional exhibit, The Travelers In-
surance Companies' "Triumph of
Man" exhibit depicts man's strug-
gles—and ultimate triumph—
down through the pages of history.
The show begins in prehistoric
times and includes such important
events as the discovery of fire,
the beginning of agriculture,
the grandeur of Rome, the
discovery and development of the
United States.

Special lighting and sound ef-
fects are employed to make visitors
feel as though they are actually
in the scene. Each of the thirteen
events was designed as a diorama
and contains life-size figures.

History is also the theme at the
Illinois pavilion where the em-
phasis is on Abraham Lincoln. An
audio-animatronic figure of Lin-
coln—designed by Walt Disney—
stands, gestures and speaks.
It's an exciting show for children
and adults. The pavilion also
features all the known photographs
of Lincoln and a 10-minute Get-
tysburg address in Lincoln's hand-
writing.

The atmosphere of "the other
side of the world" is ever pre-
sent at the Japanese exhibit
which boasts no fewer than three

pavilions. In addition to seeing
Japanese marvels of electronics
and other technological triumphs,
visitors can relax in an 800-seat
theater and watch traditional Jap-
anese entertainment.

Two restaurants feature moder-
ately priced meals or elaborate
gourmet feasts, served by kimono-
clad waitresses. Native tone plays
a prominent part in an adapta-
tion of a Japanese feudal castle with
a traditional Japanese Garden
Court.

These are but a few of the "small-
er" exhibits at the Fair. There are
many others.

Close to the Fair in 1965 is a
watchword. And don't forget to see
the host of educational exhibits—
both large and small—while you're
there.

Concert Band Chosen For Laurel Fete

By Janice Pittman

The Morehead State College
Concert Band, under the direction
of Fred J. Marzan, has been chosen
as the honor band for the Mountain
Laurel Festival in Pineville, Ky.,
May 28.

Highlighting the festivities will
be the selection of the Mountain
Laurel Queen, an annual event.
The band will play during the
beauty pageant and will present a
concert of show music. The band
will also be featured in a parade
through Pineville.

Bands from throughout Kentucky
and Virginia will participate in
the festival.
Transportation will be furnished
by the sponsors of the Mountain
Laurel Festival.

Attention SENIOR and GRADUATE MEN Students
who need some FINANCIAL HELP in order to complete their
education during the summer time and will then continue
Apply to STEVENS BROS. FOUNDATION, INC.

Respiratory Disease Study Under Way

Dr. Kenneth S. Welsh of the Rowan County Health Department is currently running a study on chronic respiratory disease in Morehead and Eastern Kentucky.

The primary objective of the study is to establish the prevalence of TB and other respiratory diseases in Rowan County and to relate this to certain proposed causative variables.

The entire population of Rowan County, including the resident student population of Morehead State College, will be included in this study.

A 10% random sample of the adult population (i.e., 18 and older), including a 10% sample of the student population at the college, will be made for the study.

Methods used in the study, include the subject taking a pre-determined questionnaire and skin testing with tuberculin and histoplasmin.

"The whole process only takes about 15 minutes," said Dr. Welsh, "and the skin-testing procedure is painless."

Health Department officials and representatives have been coming

on campus to obtain their 10% sample of the student body. However, problems have developed in the area of student response.

"We have contacted the individuals selected in the sample," said Dr. Welsh, "but we haven't had a large enough return to make the sample valid."

Dr. Welsh said that the girls have made an excellent response; however, the boys have been quite

"In fact, only 16 percent of the boys have responded, as opposed to 49 percent of the girls," he said. "And while the sample will be fairly valid for the girls, it is nowhere near adequate for the boys."

Dr. Welsh also said, "This study is of great importance for everyone in the state and in Eastern Kentucky, and we hope that we will be able to obtain much better response from the students before the end of the school year."

"The study of the college students will end at the close of this semester; therefore, it is necessary for us to obtain our sample as quickly as possible," he said.

CONSTRUCTION AT MSC — Work is rapidly progressing on Cooper Hall, the latest in a series of new dormitories under construction at Morehead State College.

Photo by George Burgess. The new men's dormitory will be named after Kentucky Senator John S. Cooper.

Resolution Adopted For Rader By Ky. Political Scientists

At the Kentucky Conference of Political Scientists, held in Louisville on March 27, a resolution to honor the late Dr. Clifford Rader, former Division of Social Studies Chairman, was passed.

Dr. Rader had been Chairman of the Division of Social Studies and a member of the Graduate Council of Morehead State College. He was a Professor of History and Political Science.

The resolution, adopted by the conference at their annual meeting reads:

"Clifford Raymond Rader, though a native of McKee, was born in Jackson county of the Commonwealth of Kentucky in the community of Egypt on the 6th day of December in the year of our Lord one thousand nine hundred and five, one of a family of four children. He married Adele Ritter in 1933. He obtained his bachelor of arts degree from Eastern Kentucky State College, and his master and doctor's degree in Political Science from the University of Kentucky.

He served in the capacity of Assistant Professor at the University of Maryland before coming to Morehead State College in his home state, where he served for nearly a generation as Professor of

History and Political Science, the last fifteen years of which he had the added responsibilities of being Chairman of the Division of Social Studies as well as member of the Graduate Council at Morehead. He was a member of the American Political Science Association for more than a quarter of a century, a member of the Southern Political Science Association and the National Municipal League for nearly a score of years. He was also a veteran of World War II. In 1964, he was elected Vice President of the Kentucky Conference of Political Scientists, having been a member of this Conference since its organization.

Clifford Rader exemplified the finer characteristics of civilized man. Few people developed so much nobleness of spirit and purpose at the same time maintaining perspective, professional detachment and humbleness of self. He sought little glory for himself but was always willing to help others attain reward. He appreciated culture, especially art and music, encouraged refinement of attitudes in all things, standing among his associates as both an exponent of, and one of the fruits of, the finer efforts of Western man.

Clifford Rader was known to students and faculty as a theorist of depth, and as an avid reader in all fields. His classes and lectures were well-organized, his presentations in strict accord with plan. As counselor of students, he was ever a friend as well as a careful adviser, having individual concern for and being most understanding in settling the problem of each student with a high degree of objectivity and a helpful amount of calm assurance. Himself a respecter of other persons he was respected by all who knew him.

It is realized by members of the Kentucky Conference of Political Scientists that with the death of Clifford Rader on October 14, 1964, a real loss has been suffered not only by this organization and Political Science but also by the community and personnel of Morehead State College, as well as by his family and friends.

On this occasion we resolve that this expression of appreciation and sympathy be made a part of the permanent record of this organization and copies be presented to his family, to the University of Kentucky Alumni Association and K. E. S. C. A. A., to Morehead State College, as an indication of the extent to which it is recognized that this organization is indeed honored to have numbered Dr. Rader among its members and is sorrowed at his passing.

Morehead State College has honored Rader by naming the SSE building in his honor.

For the most part I do the thing which my own nature drives me to do. It is embarrassing to earn so much respect and love for it... I live in that solitude which is painful in youth but delicious in the years of maturity. --Albert Einstein.

Alumni Gathering Draws 400 At Covington Dinner Meeting

Over 400 graduates and friends of Morehead State College attended the annual Northern Kentucky-Greater Cincinnati Chapter gathering on April 2 at Covington.

This year's dinner meeting was held in the fabulous Casino Room of the Lookout House. Featured at the meeting was the Phi Mu Alpha Dance Band which provided music for listening and dancing.

Featured speakers for the evening were President Adron Doran and J. G. Gibson, President of the Morehead Alumni Association. Ray Hornback, Assistant to the President, presided over the meeting and Harry Mayhew, Director of Alumni Affairs, also spoke.

The Northern Kentucky-Greater Cincinnati meeting is a joint effort of the college and the Alumni Association.

"The meeting at Covington is evidence of the maturity of Morehead State College and the

Alumni Association," said President Doran. "We are pleased that so many of our graduates and friends in the area attended to make it highly successful."

Members of the meeting's local planning committee include: J. G. Gibson, Mr. Orab Principal; Joe P. Tackett, an insurance adjuster from Florence; Robert Knox and Douglas Dees, teachers at Dayton School; Lucien Rice, a Scout executive from Cincinnati; Arthur McKechnie, an employee of General Electric, and Jim Scobbe, both of Cincinnati.

"We have a large number of alumni concentrated in this area," Lucien Rice, Chairman of the local planning Committee, said, "and the Alumni Association is very anxious to build a strong organization in the Northern Kentucky-Greater Cincinnati area. We look forward to our third annual gathering next year with great enthusiasm."

Adult Education Program Under Way At State Colleges

By Betsy Higgins

Morehead State College is participating in a program of adult education instruction which is authorized by the National Economic Opportunity Act of the United States Congress. The University of Kentucky and the six Kentucky state colleges taking part in the program, are under direct supervision of the Division of Adult Education of the State Department of Kentucky.

The program calls for each college to send a team of three teachers to designated centers in the region. These college instructors give public school teachers twenty hours of instruction in the methods, techniques, and materials used in adult education. There are approximately forty public school

teachers at each center. All teachers receive instruction in three academic areas. The three areas of instruction are teachers directing each area from Morehead State College are as follows: Guidance and Counseling, Dr. Golden Langdon; Communication Skills, Dr. George Zepp; and Computational Skills, Dr. Mary Northcutt.

At present, Morehead State College is serving four Kentucky centers in this region for adult education instruction. They are Martin, Pikeville, Greencamp, and Paintsville.

Whenever people talk to me about the weather, I always feel grateful that they mean something else. --Oscar Wilde.

"What Is Duty" Scheduled On WSAZ-TV On April 25

A play written by Dr. Lewis W. Barnes, Professor of English at Morehead State College, will be shown on WSAZ-TV, Huntington, on Sunday, April 25, at 4:00 p.m. The play, "What Is Duty," was written by Dr. Barnes while he was at Tulane University, New Orleans. The play centers around the baffling concept of duty. The setting for the play is during and just after World War II.

A narrator states the problems involved in duty and does so, from the first, from the vantage point of a Captain who must make decisions which involve the lives of his men, his own life, and his peace of mind.

In the play, the Captain, played by Samuel Cassidy, a junior from Flemingsburg, is coming to visit a Polish mother whose son Joe was killed at nineteen. Joe was killed by Lucas while running away from a battle and causing other troops to abandon their responsibilities.

The conflict develops when the Captain is caught between the truth and the nature of Joe's mother and wife and children.

Captain Lucas has come through his life of duty. His problem in leaving Marcy and Mrs. Keresinski in the dark about Joe's true fate is the concrete aspect of the play. On the universal level, the narrator highlights, dramatically, the frightening demands of duty. Basically a statement of individualism, the play seeks to highlight the anxiety and loneliness that must belong to those who make decisions in the name of what they believe to be right.

While Captain Lucas, as arbitrator of life and death, to some degree, is the central figure in the play, Marcy and Mrs. Keresinski also have their specific and concrete problems in and of duty.

The startling and stark demands that duty requires of the human spirit and soul can only serve to

remind men that duty is universal, entirely in the essence of what makes man the man he is and must be. Without handing down a didactic decision, the play serves to point out the tragic nature in any man, a nature that goes through the crucible of testing when duty demands decisions that must destroy the one for the many.

Besides Cassidy, other members of the cast include: Miss Norma Hughes, a freshman English and drama major from Shelby County, who plays Mrs. Keresinski; Joe's mother; Miss Karla Jane Alvet, a freshman from Louisville, who plays Marcy; Joe's Widow; Miss Jen Bohannon, a freshman from Waddy, who has the part of Nemesis; and Dr. Norman Tant, Professor of Education and Director of Morehead State College's Audio-Visual Department, who has the part of Nereus.

Faculty Member Attends Oklahoma Meeting

By Delores Gailhan

Norman Roberts, assistant professor of Industrial Arts at Morehead State College, attended the American Industrial Arts Association Conference in Tulsa, Oklahoma, April 14-15.

Roberts represented Morehead in the American Council of Industrial Arts Teacher-Educators that met concurrently with the A.I.A.A. The conference adjourned April 16.

For May 7

Annual Talent Show Date Set; With Woolery As Emcee

A night of fun and entertainment is scheduled for Friday, May 7, when the Student Council Variety Show will be presented in the Fieldhouse. Beginning at 7:30 p.m., the program will consist of performances by many talented Morehead State College Students.

"For many years the Student Council has sponsored an annual talent show to present a chance to display the abundance of hidden talent on campus," explained Dick Norman, Vice President of the Student Council. "Each year the show is one of the outstanding events of the school year."

The variety show, presenting acts from all over the nation, will include dancing, humorous monologues, folk singing, other vocal and instrumental groups with the Phi Mu Alpha lab band providing background music for many acts. Master of Ceremonies, Chuck Woolery, an "instant hit" in year past, is well known to MSC students.

Those who wish to participate in the show are asked to be present at an audition in Baird Music Hall, Tuesday, April 20 at 7:00 p.m. Any type of skill, dance, or other entertainment is welcome.

In speaking to Senior Class President, Jim Johnson, he referred to the variety show: "This event is being held on a Friday night to encourage more students to spend weekends on campus. We, of the student council, realized that activities on weekends are lacking. We sincerely hope that the student body will take this opportunity to enjoy a spring weekend at Morehead State College."

The Student Council Variety Show Committee includes: Gary Cox, publicity; Jim Osborne, tickets and ushers; Pat O'Rourke, direction; Bob Monahan, program; Judy Smith, lighting; Bill Pierce, & Mr. Duncan director and Mr. Watts, lighting.

CALENDAR GIRL — Pretty Florio Day, 19 years old, has been selected as Calendar Girl for this issue of the Trail Blazer. Florio is a freshman from Ashland and is majoring in elementary education.

Concert Choir Tour Of Kentucky

By Donna Giffin.

The Morehead State College Choir, composed of 38 select members from the entire college, recently returned from a tour in which they performed in several high schools in the Lexington area and concluded with the performance of the Brahms Requiem in Mayville.

This group is dedicated to the performance of the finest sacred and secular choral music from the 16th Century to the present. Each year the choir presents several concerts on the Morehead State College campus and in high schools throughout Kentucky.

Richard Rivers, Brittone soloist with the Robert Shaw Choral and the New York Center Opera Company, is the director of this group. He received his B.S. Degree from the Juilliard School of Music and his M.A. from George Peabody College. In addition to his teaching, he appears regularly as soloist in oratorio, concert, and in opera. The choir will present a concert on April 20, 8:00 P.M., in the Baird Music Hall. They will perform Mozart's Requiem and other selections by Morley, Wilbye, Purcell, DiLasso, and Hindemith.

April 25-May 1

National Library Week Promotes The Written Word

April 25-May 1 has been designated as National Library Week and members of the Morehead State College Library Science Club will be promoting the event on campus.

National Library Week is set aside each spring to observe the importance of libraries, books, and reading. The NLW program is sponsored by the National Book Committee in cooperation with the American Library Association.

"Know What You're Talking About-Read" is the theme of the eighth National Library Week, the year-round reading and library development program to be observed at this time. In support of the expanding program, "Open Your Future-Read" has been adopted as a supplementary theme for 1985, and four areas of Critical national con-

cern have been selected for special support and emphasis during the year. They are:

(1) the relevance of reading and library resources to economic and cultural opportunities in the library profession;

(2) the urgent need for more and better junior and community college libraries;

(3) the encouragement of home libraries as a continuing stimulus to the development of early, lifetime reading habits;

Observed in all fifty states, the "week" marks both the climax and the inauguration of continuing efforts by leading citizens and librarians to encourage lifetime reading habits and stimulate wider public support for libraries of all kinds.

Student Music Chapter Sponsors Guest Speaker

By Donna Giffin

The Morehead State College Chapter of the Student Music Educators' National Conference (SMENC) sponsored a speaker at the Music Convocation held in Baird Music Hall on Friday, April 16, at 10:20 a.m.

The guest speaker for this meeting was Dr. Jack M. Watson, dean of the Cincinnati Conservatory of Music, Cincinnati. Dr. Watson has a long background of teaching at the New York University, Indiana University, and the University of Southern California.

He spoke to the group on the current trends in Music Education today. Dr. Watson said, "Many of the many people who are now attending various concerts and cultural events as compared to the figures in the past five years."

In concluding, he said that this was a wonderful time to be going into the field of music.

Nurse Fills Gap In Staff Above And Beyond The Call

By Sue Wallace

"Mrs. Caudill, I am dying—ing... I stabbed myself with a compass. I'm bleeding to death."

"Well, don't die in the waiting room. Come on in here."

Mrs. Wilma Caudill, Morehead State College's school nurse, handles such minor emergencies (and occasionally, major emergencies) daily in the infirmary in the basement of Fields Hall.

She attended Sacramento Junior College of Nursing, one of the few colleges whose curriculum is accepted in all fifty states and all foreign countries. Mrs. Caudill did not start on her career as a Public Health Nurse until two of her sons were in high school and one in elementary school.

When asked what characteristic is most valuable for a nurse, she looked up in a playful way and answered, "Patience... Patience..."

College work especially appeals to her because she is able to combine both out-patient and infirmary nursing. Her greatest reward is in seeing a patient walk out of her office well.

For the past seven months, she has been on 24-hour duty because the college hasn't been able to find a registered nurse to help her. And, only recently has some assistance been forthcoming, as Registered Nurse, Sally Booher, has been working a 30-hour a week shift since March 22.

"Mrs. Caudill has served Morehead State College and the students here beyond the call of duty," stated Dr. Roger L. Wilson, "especially during the last seven months, when she has carried the burden of everyone's health and well-being upon her shoulders."

NURSE AT WORK — Mrs. Wilma Caudill, Director of the Morehead State College Infirmary, is shown performing one of her many nursing

duties. The young lady with her is Miss Karla Alves, a freshman at Morehead.

Training Program Is Started For Teaching Of Retarded

By Betty Higgins

A traineeship program is being initiated for training teachers to train the educable mentally retarded. Morehead State College has been approved as one of the six colleges in the state of Kentucky for this program.

During the 1965 summer term at Morehead State College, traineeships will be provided in the amount of \$15 a day or for a maximum of \$75 a week to traineeship recipients.

A number of students have already been approved for this program. Arrangements are being made to offer all of the courses required for certification this summer term. This will include four hours of student teaching in the educable mentally retarded.

The special courses required by Morehead State College for certification as teachers of the educable mentally retarded are:

Ed. 350C Nature and Needs of the Educable Mentally Retarded (3 hours).

Ed. 355G Methods and Materials for Teaching the Mentally Retarded (3 hours).

Ed. 407C Diagnostic and Remedial Techniques (3 hours).

Ed. 490G Abnormal Psychology (3 hours).

This program will constitute a total of eighteen semester hours credit. In addition, three or four

hours of supervised student teaching experience will be earned in teaching the mentally retarded.

Application for the traineeship grants are made to Dr. Stella A. Edwards, Director of the Division of Special Education, State Department of Education, Frankfort, Kentucky. The applicant must be approved to teach a class of the educable mentally retarded during the school year of 1965-66. The applicant must also be approved for this program by Morehead State College.

Interested persons should contact either Dr. Stella A. Edwards of Frankfort, Kentucky, or Dr. Lawrence R. Stewart of Morehead State College at the earliest possible date.

Eight Licensed For FM Station

The radio station at Morehead State College is nearing completion. Most of the equipment, including the transmitter and the tower, has arrived. The antenna is expected at any time.

Don Holloway, assistant professor of Speech and Drama, has eight licensed engineers with which to work. They are: John Bob Hall, Jim Craft, Ed Moore, Paul Leasure, Paul Moore, Jerry Blankenship, David Greenlee, and Doug Willis.

At present there are 15 student engineers in training.

The station already has an assigned frequency of 99.1 megacycles, but the proposed call letters still have to be approved. The allotted power output of the station will be ten watts, which will be sufficient to cover the campus and most of Morehead.

The college radio staff is producing an hourly program each Sunday from 5:30-6:30 p.m. This program is broadcast directly from the college studio and over WMOR facilities. This is to prepare the student staff to acquaint itself with the type of work it is expected to do when WMKY starts its regular broadcast.

Adams, Strafer Are Elected To KIPA Executive Posts

By Herbert Lee Sparrow

Ken Strafer, news editor of the Trail Blazer, and Foster "Pap" Adams, journalist in residence at Morehead State College, were recently elected to executive positions in the Kentucky Intercollegiate Press Association.

Strafer was elected second vice-president of KIPA and Adams was named as the executive director of the organization. They were elected at the annual spring meeting of the college press, which was held in Lexington on March 19-20.

The Trail Blazer sent six representatives to the two-day meeting, which was attended by twelve Kentucky college newspaper staffs.

Trail Blazer editor, Doug Blaser, ship with the reader, the representative of the KIPA, president of both sides and the distinction

held at the University of Kentucky.

After the opening session on Friday afternoon, there were sectional meetings on feature writing, photography, advertising, layout, editorial and column writing and sports writing, conducted by professional journalists.

Following the Friday night banquet, Gov. Edward T. Breathitt gave the keynote address and had an informal press conference with the college journalists.

Breathitt described the press as a "fourth branch of government which acts as a check on the traditional legislative, executive and judicial branches."

The governor warned against becoming impatient with the press when it disagrees. He said that for many the urge to silence critics is easy.

Breathitt pointed out to the young journalists the importance of the truth in editorial comment, the maintenance of a good relation-

ship with the reader, the representative of the KIPA, president of both sides and the distinction

held at the University of Kentucky.

Honor Medal For Service Awarded To Circle K

Circle K International, one of whose clubs serves the campus of Morehead State College, has been awarded the George Washington Honor Medal for its college campus citizenship and service program in 1964. It was announced today by Gene A. Ranvier. This is the fourth time that Circle K International has been honored by the Freedoms Foundation.

Specifically, Circle K's work in promoting active citizenship by participating in service projects around the campus was singled out for praise by the Freedoms Foundation.

A Freedoms Foundation award enjoys the same prestige and most significance in the community service field that the "Oscar" does in the motion picture industry and the "Emmy" of the television world.

Though Circle K International is a relatively new organization, now in its tenth year - it already numbers more than 11,000 members on over 580 college campuses in the

United States and Canada. Circle K is the fastest growing and most active service organization on most college campuses. Seventy-eight new clubs were chartered during 1964.

Circle K is a college level service club sponsored by the local Kiwanis Club which voluntarily assumes the leadership responsibilities in its respective college and host community.

Business Institute Ends With WAVE

By Bonnie Weis

Willis H. Winters, Credit Manager for the Ashland Oil and Refining Co., Ashland, was the featured speaker at the fifth session of the Morehead State College Business Institute.

Winters attended college at Miami University and Western Reserve University and joined the Ashland Oil Co. in 1958 as assistant credit manager. He spoke to over 50 participants on "Credit and Collection Opportunities."

The final session of the institute featured James W. Caldwell, station manager of WAVE radio, Louisville.

Caldwell's address, "How Kentucky's Administrative Agencies Regulate Your Business" was given at a banquet in the Doran Student House on Tuesday evening, April 6.

Dr. C. Nelson Grote, Director of the Institute, presided at the banquet and Dr. Warren C. Lapping, Dean of the College, presented certificates to the 53 business institute participants who had completed the course.

Caldwell, who graduated from the University of Kentucky, was program director at WAVE prior to being named station manager in 1964. He is a member of the House of Representatives, representing the 47th district.

Dr. Nelson Grote, director of the Institute, said that the Morehead Business Institute will become a regular presentation of the Morehead Division of Applied Arts.

Graduates Commissioned

Three Morehead State College graduates were recently commissioned second lieutenants in the U. S. Air Force after graduating from Officers Training School at Lackland Air Force Base, Texas.

Lieutenants Phillip D. Newsum, Dallas Binion and Benjamin F. Hall are now stationed in San Antonio, Texas.

Lt. Newsum and Lt. Hall were selected for OTS through competitive examinations with other college graduates. They will now go to one of the more 250 Air Force installations world-wide where combat and support units are based, for their first assignment as officers.

A 1964 graduate of Morehead, Lt. Newsum is the son of Mr. and Mrs. Virgil M. Newsum, of Portsmouth, Ohio.

Lt. Hall is a 1962 graduate of Morehead and the son of Mr. Anna J. Hall of Wayneville, Ohio.

Lt. Dallas Binion was also selected for OTS through competitive examination and is being assigned to an Air Training Command unit at Keeler AFB, Miss., for training as an avionic officer.

Dr. Edmundann, son of Mr. and Mrs. Woodrow Binion of Olive Hill, Kentucky, received his B. S. degree from Morehead State College in 1962.

Keyboard Events Of

Musical Association

On Campus April 27

All keyboard events for the "Kentucky Music Teacher's Association will be held on April 27 in Baird Music Hall.

This contest will feature piano and organ solos and ensembles.

The two judges for this coming event will be John Christman, Berea, and Grant Graves, Louisville.

The outstanding junior high and senior high piano soloist will be announced at the conclusion of this event. They will be asked to perform at the Kentucky Music Teachers' Association Convention which will be held in Bowling Green in November, 1965.

Senior Recitals:

Bragg, Lavy, Welch

Mary Carvell Bragg presented her senior recital on Thursday, April 15, at 8:00 p.m., in Baird Music Hall. She was accompanied on the piano by Dorothy Diehl, Martin Becker accompanied her on trumpet for her first selection.

Robert Welch will present his senior recital on trumpet, April 27 in Baird Music Hall at 8:15 p.m. He will perform selections by Honneger, Vivaldi, Leonard Bernstein, and Poulenc.

Dennis Lavy will present his senior recital on French Horn, April 29, at 8:00 p.m., in Baird Music Hall. He will perform selections by Heiden, Poulenc, Piantoni, Clerise, and Vuilleumier.

English Conference Held On College Campus March 26

By Betty Schindel

The Eastern Kentucky Education Association's fourth annual conference for English and foreign language teachers was held on March 26 in the Combs Classroom Building, Room 208. This year's theme was "Reading," emphasizing "Reading and better reading."

Alfred L. Crabb, Jr., Associate Editor of the Kentucky Bulletin and Associate Professor of English at the University of Kentucky, presented the keynote address on the topic, "What Johnny Crabb Thinks."

Crabb is the son of the eminent author, Dr. Alfred Crabb, Sr.

The conference was a combined effort of the Eastern Kentucky Education Association and the Department of English and Foreign Languages at Morehead State College.

President at the meeting was Mrs. Jean Woods, president of the Department of English and Foreign Languages of the EKEA.

Lunch was served at 12:45 in the Doran Student House followed by re-convention at 1:20.

Discussion groups began at 1:30.

Three faculty members participated in a symposium at 11:00. Those people were: Dr. Charles Pfeiffer on the topic, "What Johnny Crabb Thinks," Dr. George Zepp, whose subject was "Reading and Studying Skills Deficiencies Observed Among Students on College Level," and Dr. Lewis Barnes speaking on "Reading Through Languages."

Dr. Crabb presented the keynote address on the topic, "What Johnny Crabb Thinks."

MINERAL DISPLAY — Pictured above is part of the mineral collection, of the second floor of Lapping Hall, John C. Phillely, instructor of science, is shown with the collection.

Mineral Collection Is On Second Floor Of Lapping Hall

John C. Phillely, instructor of science at Morehead State College, has a sizeable collection of minerals in a display window on the second floor of Lapping Hall. These minerals are classified by name, specific gravity, and type of luster (the way a mineral reflects light). The purpose of having this collection is to show the students the physical and chemical properties of these minerals as are illustrated in textbooks. Thus, by seeing specimens of the rocks they study,

Vocal Events For Musical Association On Campus May 1

All vocal events of the Kentucky Music Teachers' Association will be held on the Morehead State College Campus on May 1.

Vocalists from area high schools will perform as soloists for ratings. Some 30 high school choruses will also sing for a group rating.

Two judges for this event have been named. They are Phyllis Jenness, Lexington, and Donald Ivey, Lexington. Two other judges will be announced at a later date.

The collection has been set up to help students with the identification of minerals.

students have a chance to get better acquainted with them.

Phillely is constantly increasing his collection, in order to have a greater variety to show to his students. This will be helpful, especially since the Geology Department has expanded.

Other than the minerals in the display window, there are many which have been brought in by students and professors found on exploration trips throughout many states.

Consistency is a verbal criterion, which cannot be applied to the phenomena of life. Taken together, the various activities of a single individual may "make no sense," and yet be perfectly compatible with biological survival, social success and personal happiness. --Aldous Huxley.

Monroe Wicker is the regional contest manager, and Keith Huffman is co-ordinator for the Music Department.

Music is queer. It power meets unrelated to the other affections of man, so that a person who is elsewhere perfectly commonplace may have for it an extreme and delicate sensitivity. --W.W. Somerset

No one ever keeps a secret so well as a child. --Victor Hugo.

Bob Wright Is New Blue-White Coach

Robert Laughlin Is Named Full-Time Athletic Director

NEW BASKETBALL COACH — Bob Wright (center) of Ashland has been named the new head basketball coach at Morehead State College. Wright, pictured above with Morehead President

Adrian Doran, (left) and former head coach Robert Laughlin, will take over Laughlin's old position next fall. Laughlin will assume full-time duties as Athletic Director at the college.

B. Pat's Corner

Everything Is Comin' Up Wright

By B. Pat O'Rourke

By now everyone knows that Morehead will have a new basketball coach next season in Bob Wright. Wright has replaced Bob Laughlin, who has been mentor of the Eagles for the past 11 years. "It is a humbling experience to follow in the footsteps of such a man as Coach Laughlin who has experienced such outstanding success at a major college coach," said Wright at a special luncheon given in his honor. Our new coach comes to us with one of the most impressive high school backgrounds in the state of Kentucky. The Elkhorn City product, in 13 years of coaching, has produced 329 wins against only 72 losses (82% wins).

The Marshall graduate took the head coaching job at Vanceburg-Lewis County High School in 1950 and in seven years of coaching compiled a 161-43 record as he established a winning tradition never before equaled.

In 1959, he was named head basketball coach at Ashland High School where in six years of coaching he rolled to 168 wins and only 29 defeats. His finest year was in 1960-61 when he coached his Tomcats to the State Championship with a 36-1 record. Ashland beat Lexington Dunbar 69-50 in the final game of the Kentucky School Basketball Championship. For his efforts he was named "Coach of the Year."

During this six-year period at Ashland, he won three Ashland Invitational Tournament championships in what is generally considered one of the top invitational tournaments in the state.

With the coming of Bob Wright, the Laughlin Era at MSC comes to a dramatic close, but the future still looks bright as the Wright-Laughlin Era makes a dramatic beginning. These two respected men should make a great team, and already there is an air of excitement at the prospects of the upcoming basketball season.

SPRING SPORTS IN FULL SWING

Spring is finally come to Morehead and baseball, track, tennis and golf have opened the spring sports season.

Baseball coach Rex Clancy has been pleased with the team but readily admits there is much need for improvement if the team is to repeat its Eastern Division Championship. The team is tied to first place in the OVC with a 1-1 record and is 6-3 overall. Some of the outstanding performers thus far are Dennis Doyle, Joe Campbell, Mike Collins, Jim Mastrolodica, and John Capelle. The team, like a whole, has shown great potential and it looks like a successful season for the Eagle baseballers.

It is too early to tell about the track team as they have participated in only one meet. But if first impressions are of any value, Coach Bentley can look forward to a fine season. His thirteenth completely overpowered Berea College 107-31 in the first track meet at the Breathitt Sports Center.

The tennis team opened its season with the team losing to Marshall 8-4. There are 6 freshmen on the team and they showed great potential in their first college matches.

Coach Guy Penny was optimistic about the results of the annual Blue-White intersquad football game. The squads were evenly matched as the Blue team came out on top 21-20.

"The team will be green next season, but if they have the strong desire to win we hope to have a successful season," said Penny.

The first score of the game came in the first quarter as Mike Gottfried of the Blue squad threw a pass to Scotty Reddick for the score. The play was for 66 yards. Other scores for the Blue team were Mike Gottfried (2 yd. plunge) and Doug Moulton who scored on a lateral from Scotty Reddick.

In the scoring for the White team, Tommy Eads drew first blood with a quarterback kick. The second touchdown was scored by Frank Burns on a 45-yard pass from Eads. In the first score of the game, Tommy Eads ran for 9 yards for the White squad's final score.

Some of the top defensive performers for the Blue team were Bill Hornbeck, Bob Slater and Gary Virden. For the White team, Paul Connor, James Hall and Mike Fletcher were outstanding.

The golf team opened their season the hard way as they played in the "monsoon" last Thursday. The Eagle Linkens came out on top 10-2 over Villa Madonna in a 9 hole match.

Overall the spring season is in fine shape and it will be up to the student to find out when all the events will take place as only the tennis matches will be held on the immediate campus of MSC. There will be notices up as to when events will take place at the Breathitt Sports Center and Sunnysbrook Golf Course.

FOUL-TIMES...Dennis Doyle has stolen 12 bases in 9 games to be well on his way to breaking his old OVC record in that department. Catcher Mike Collins has been the most consistent batter on the team with a .457 batting average. Distance runner Jim Johnson has solved a problem in speed, like the new race car, his trim frame cuts down on wind resistance. The winners of the first Morehead track meet at the Breathitt Sports Center will be happy to know that every win is a record, and at present MSC holds every record. RLB made a four-run pool shot in a regular game of the Noon Day Pool Club, John Capelle is making a fast bid to break fellow team man Harold Sargent's OVC pitching record of 10 wins in one season, Jim in 3-0...Joe Campbell looms as the big brother on the team, this year, leads the team in home runs with 2...Golfers Paul Haller throw a fine par 36 for nine holes against Villa Madonna...support your favorite spring sports this season and remember

...BE GOOD SPORTS...FANS.

Bob Wright, one of the most successful young high school coaches in Kentucky history, has been named head basketball coach at Morehead State College.

The 39-year-old Wright, who has coached at Ashland for the past six years, replaces Bob Laughlin, who will devote his full-time efforts to the athletic directorship at Morehead.

In making the announcement, Dr. Adron Doran, President of Morehead said, "Bob Laughlin has served as head basketball coach for 11 years along with his heavy duties as athletic director. As the college has grown, so have his duties. We think the development of a total sports program at Morehead requires the full time of Mr. Laughlin as athletic director."

"We believe that in Bob Wright we have found one of the most capable young men in the United States to follow in Laughlin's footsteps," said Dr. Doran, "and we sincerely feel that his philosophy and that of Morehead State College are congruent."

Dr. Doran, who made the announcement at a press conference March 31, commended Laughlin for his fine record during his coaching tenure at Morehead and for his 20 years of service in various capacities at Morehead State College.

"We are cognizant of the great contributions which Bob Laughlin has made to the field of athletics," said Dr. Doran, "and the Board of Regents and I agree that in Bob Wright we have found an individual who will carry on in the field of athletics."

High School Career

Wright, who had a brilliant high school coaching career in which he won 82% of his games over a 13-year period, responded humbly by saying, "I consider this opportunity to be the greatest of my career and I only hope that I can live up to the faith and trust which have been placed in me at I approach this job."

His life-long record includes 329 wins and 72 losses highlighted by a state championship at Morehead in 1961 when he was named "Coach of the Year" in Kentucky.

During his six years at Ashland his teams posted a sparkling record of 168 wins and only 29 defeats. Before going to Ashland, he had a 161-43 record at Lewis County High School over a span of seven years.

Laughlin, who commended Wright highly, said, "Bob will do a fine job as basketball coach and I am looking forward to helping him in any way possible."

Laughlin added, "With the addition of four more sports in recent years and the great growth of our major sports, my duties as athletic director have grown tremendously and I have been increasingly aware of the problems involved in an attempt to conduct both jobs."

He added that he has greatly enjoyed the past 11 years of college coaching, saying, "I highly value the friendships and experience which have gone with coaching and now I am looking with great

Season Opens 9 Hole Win By Golfmen

The golf team of Morehead State College opened its season with a win over Villa Madonna 12-0. The match was called for 9 holes because of bad weather. The starters were Nelson Gullett, 2-0 (medal 37), Buzz Curtis, 2-0 (medal 43), John Larui 2-0, (medal 41), Paul Haller, 2-0 (medal 39) and Don Barnes, 2-0 (medal 39). Paul Haller was medalist with a par 36 followed by Nelson Gullett with a one over 37.

Morehead will meet Eastern and Transylvania in a triangular meet at Richmond, April 24.

anticipation toward helping further develop the total athletic program at Morehead."

Not Just A Coach
Wright will assume recruiting duties immediately but will finish out the school year at Ashland's Paul Blazer High School. A graduate and former basketball star at Marshall University, he has grown up in a winning basketball tradition which coupled with his great ability to handle young men has made him one of the most respected young coaches in Kentucky.

Wright, who earned the MA degree from Morehead, will follow in the footsteps of a highly successful coach who during his 11 seasons at Ashland posted a 13-12 record. In 1959, Laughlin's teams captured four Ohio Valley Conference co-championships and competed in the NCAA tournament—winning three games and losing four.

Laughlin's finest season's record was set in 1956-57 when Morehead had a 19-8 record but the 52-year-old is probably most proud of his underdog, 1960-61 team which posted a 19-12 record and won the Ohio Valley Conference title in a two-game play off and went on to defeat Xavier University in the NCAA quarterfinals losing to the University of Kentucky.

Trackmen Win Over Berea 107-31

The Morehead State College track team opened its 1965 season Tuesday afternoon with a 113 by beating the Berea trackmen 107-31.

It was the first track meet on the new grasser track at the Breathitt Sports Center. Consequently, all marks were track records.

Track coach Earl Bentley was pleased with the results of the meet. He stated that there was room for improvement.

Annual Speech Festival Draws Over 350

The Fifth Annual Regional Speech Festival was held in the Bert Combs Classroom Building on Friday, March 26, and Saturday, March 27. The debate tournament was held on Friday from 9:30 a. to 4:00 p.m. The Breckinridge team received top honors in this event. Members of the team were John Greenman, who won the first place speaker award and Mary Olive Anderson, second-place winner, and Gary Blum, third-place winner.

The debate teams from St. Patrick's and Nicholas County won second and third place honors, respectively.

19 Pledge To Sigma Alpha Iota

Nineteen women have been invited to pledge Sigma Alpha Iota, a national music fraternity for women majoring in music.

Membership is by invitation only and members must have an overall standing of 2.5 and a 2.5 in music. The following women were treated at a Rush Tea on March 30, and were initiated as pledges on April 1: Dr. Adele L. Hunsicker, Carla Bondy, Phyllis Coffee, Bonnie Dull, Betty Kay Georges, Lynn Goble, Cheryl Gode, Doris Harney, Martha Hunt, Sally Hunter, Cheryl Land, Janet Lykins, Georgette Margaree, Karen Shell-croft, Roberta Smith, Eileen Thiers, Sharon Towler, Sharon Webb, and Kitty Wilde.

America's College Students Are Answering The Call From VISTA

WASHINGTON, D.C. — Throughout the country college students are being urged to answer the call to service in rural America with VISTA -- Volunteers. About one-third of the applications arriving at VISTA -- Volunteers in Service To America -- are from recent college graduates, reports Glenn Ferguson, director of the anti-poverty program after describing the domestic Peace Corps.

In addition to the number of college graduates applying, about 30 percent of the prospective Volunteers have had some college education. Some of these students who want a year of practical experience, before they complete college education. Others indicate that a year of living and working in poverty areas will help them learn about possible future careers in teaching, medicine, social work or related fields. The response of college students indicates that many have the desire to contribute personally to help bring about equal opportunity for the disadvantaged. Those who apply are willing to give a year of their talents and energies to help the impoverished help themselves. For motivated and committed college students VISTA offers an avenue of action, an opportunity to do something meaningful for less-fortunate fellow Americans.

More than 7,000 Americans have already applied to be VISTA Volunteers, and the flow of applications, about equally divided from men and women, increases daily. Any person over 18 is eligible to become a VISTA Volunteer.

Married couples are eligible for VISTA if both husband and wife apply together and have no dependents under 18. A survey of current applications show that about 15% are from married couples while about 85% of the prospective Volunteers are single.

VISTA recruits about 3000 Volunteers in poverty areas throughout the United States and its Territories during 1965. More than 3000 Volunteers have already been requested by local groups and communities to assist in anti-poverty projects. Specific requests have been received for Volunteers to work as family counselors, tutors, child day-care aides, pre-school teachers, guidance and vocational counselors, home economists.

Volunteers are also needed to work with non-English speaking Americans, youth groups, the elderly, physically or mentally handicapped persons, and in community development projects. VISTA Volunteers will serve for a year in rural areas, urban slums, inner cities, migrant workers communities, hospital schools, and institutions for the mentally ill or mentally retarded. They receive a monthly living allowance covering food, clothing, housing, transportation and medical care. Upon completion of service, they also receive a stipend of \$50 for each month of satisfactory service including the training period.

Volunteers are currently training in North Carolina and Florida and the first contingent will report to assigned projects about mid-February. They will move to their assignment upon completion of a four to six week training period which includes supervised field experience in poverty environment.

Training, conducted by local, private and public organizations, including selected colleges and universities, involves field work, discussion of the nature and causes of poverty in the United States, area and language study, health education, and the development of practical skills. Training is oriented toward the needs of the job and the location to which the Volunteer will be assigned.

Among current applicants, ages of prospective volunteers vary from 18 to over 60. A statistical breakdown shows that among men applying, 20% are between the ages of 18 and 20 (while, in the same age range, 37% are women. However, more men (45%) than women (27%) between the ages of 21 and 46 are volunteering. Nearly one-fifth of the prospective Volunteers are over 46.

Students who will be available for service at the end of the school year may apply now. Applications or further information may be obtained by writing VISTA, Office of Economic Opportunity, Washington, D.C. 20565.

Breckinridge also received the Regional Sweepstakes Trophy by accumulating the most points for individual events, which were held Saturday. Second place honors went to Mason County and third place went to Nicholas County.

To win the Sweepstakes Trophy, Breckinridge received 11 "superior" ratings, eight "excellent" ratings, and three "good" ratings. Superior ratings went to Mary Anderson and Jan L. Liddy, for poetry reading; Michael Frederick and Jahlah Hurt, dramatic literature; Mike Green and John Greenman, oratory. A. H. Huffman, analysis of public address; Jim Clay, extemporaneous speaking; and Norman Roberts and Mike Carr, group discussion.

In the junior high division, the Regional Sweepstakes Trophy went to Putnam Junior High. Breckin-

ridge Junior High won second place honors and Orangeburg and St. Patrick tied for third place honors.

In this division, Breckinridge received four "superior" ratings, three "excellent" ratings, and one "good" rating. The superior ratings went to Ricky Harvey, oratory; Sheryl Binion and Carla Fanning, prose reading; and June Justice, poetry reading.

All students receiving superior ratings will advance to the state tournament in Morehead, April 22, to vie for state honors against other regional winners from throughout the state.

OVERDONE

Some incline to the opinion that the spellers who do commercials manifest a bit too much enthusiasm at times in plugging goods and services.

EXTENDED

In most cases the reason a person is taken to task is that he is covering too much territory.

DOOM

Many Republicans think the Administration is heading the country toward ruin and damnation; but, then, backseat drivers are always frightened silly.

Joyce Mason

Rock-And-Roll Group Signs With Clark Caravan Of Stars

By Dolores Callahan
The Corvairs, featuring Joyce Mason and "Little Joe" Williams, have signed with the Dick Clark Caravan of Stars. They will be on tour with the Caravan for the entire summer, appearing throughout the tri-state area.

The rock-and-roll group was originally organized by a former M S C Student, Al Stith, about five years ago. Stith, who died of cancer last November, served as leader and business manager for the Corvairs. His two brothers, Bill, a junior at Morehead State College, is now the band's leader. The Corvairs appeared last summer with the Dave Clark Five at Cincinnati Gardens and have played

at many of the college dances. They recently appeared with the New Beats in Joyce Mason, vocalist; Jimmy Dee, lead guitar; Bill Stith, bass guitar; "Little Joe" Williams, Vocalist; Lynn Wilson, drummer; Doug Mills, pianist and Kenneth Bechtolt, saxophone.

Watson, a music major, is a freshman from Mt. Healthy. Mason, a sophomore from Eminence, is an English major.

Mills, a music major is a sophomore from Covington. Doug Bechtolt, a junior from Louisville, is also a music major. Stith, a social science major, is a junior from Ft. Thomas.

I.A. Banquet Set For April 22 McDowell To Be Guest Speaker

The Industrial Arts Club at Morehead State College will hold its annual spring banquet in the cafeteria of the Doran Student House, Thursday, April 22, at 7:00 p.m. Dr. L. C. McDowell, Teacher Education at the University of Kentucky, will be guest speaker for the event. Dr. McDowell, a native of Estlin County, is past vice-president of the Kentucky Vocational Association and a past president of the Kentucky Industrial Education Association.

Students majoring in industrial arts and industrial technology are urged to attend and to invite their wives, girlfriends, or other guests. Tickets for the banquet are now on sale and may be obtained from the office of Dr. C. Nelson Grote, Jr. on the first floor of the Industrial Arts Building or by contacting Dave Couchman, president of the Industrial Arts Club, room 412 in Butler Hall.

Dr. L. C. McDowell

The price of the tickets is \$2.00 for club members and \$2.25 for non-members.

Prior to the banquet there will be a reception in the faculty lounge in the Doran Student House at 6:00 p.m. for club members and their friends.

Crawford Is States First Earth Science Certification

By Walter Moore

Wilma Crawford, a January graduate of Morehead State College, is the first teacher in Kentucky certified by the State Department of Education to teach Earth Science.

Until recently, Earth Science was taught to prepare students for actual work in this field, but the new minor in Earth Science makes it possible to pursue studies in order to teach it. Crawford had been taking new courses in this field as they were offered, there acquiring the needed hours to complete her minor as soon as it was officially offered.

Her interest in Earth Science was first aroused when she was

still in High School. She discovered some fossils and showed them to her science teachers, who persuaded her to continue studying these.

Besides Earth Science, Crawford had a minor in biology and a major in English. She did student teaching at Paul Blazer High School in Ashland, La. last semester and is currently working in the Materials Center on the ground floor of the library. She will continue to work until August, when she will start her teaching career. Although she did 4 1/2 years of college work, she is still only 21, which puts her a year ahead of the average graduate.

New Football Players Named By Guy Penny

Guy Penny, head football coach, has announced twenty football players who have signed grant-in-aids at Morehead State College.

They are Dwight Pawlowski, Richard La Vigne, Tom Close, Mike Watkins, Edward Santogerry Harper, Loyd Cumming, Jr., Eddie Jones, William Martson, Charlie Calhoun, Richard Cobb, Gary Vanover, Kirk Beardin, Charles Hicks, Frederick E. Conroy, James Terry, James Lynch, Rico King, J. C. Stubbs, and Larry Chinn.

Pawlowski is a 6-1, 225-pound transfer tackle from Cicero Jr. College. He is from Cicero, Ill.

La Vigne is a 6-3, 230-pound tackle from Chicago, Ill. Close was an All-State quarterback from Belle Grace, Fla. The 6-1, 190-pounder attended North Eastern Oklahoma A&M.

Watkins is a 5-10, 185-pound guard from Faboksee, Fla. He also attended North Eastern Oklahoma A&M.

Barton is a 5-10, 190-pound guard from Middleboro, Ky.

Cumming is a 5-11, 190-pound tackle from La Grange, Ga. He also played at Gordon Mil. Inst.

Jones is a 5-11, 226-pound tackle from the Marion Military Institute in Marion, Alabama.

William Martson is a 5-9, 165-pound quarterback back from Lake Wales, Fla.

Calhoun is a 6-1, 170-pound end from Greensburg, Ky. He attended Greensburg High School.

Cobb is a 6-1, 190-pound transfer end from Dodge City Jr. College, Dodge City, Kansas.

Vanover is a 6-0, 225-pound end from Atlanta, Ga. He was an All-State and All-American selection.

Beardin is a 6-3, 210-pound tackle from Louisville.

Hicks is a 5-11, 167-pound All-State halfback from Coatesville, Pa.

Conroy is a 6-0, 195-pound guard from Point Pleasant, N.J.

Terry is a 6-1, 210-pound center from Bixby, Oklahoma. He was All-Oklahoma at Oklahoma Military Academy.

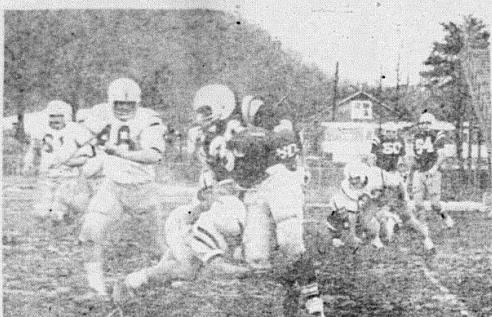

Lynch is a 6-2, 205-pound halfback from Fairfield, Conn. He was also All-Oklahoma at Oklahoma Military Academy.

King, another Okla. Military Academy product, is a 5-9, 175-pound halfback from Dallas Texas. He was also All-Oklahoma.

Stubbs is a 5-9, 175-pound halfback from Bixby Oklahoma. He was an All-Oklahoma selection from Okla. Mil. Academy.

Chinn, from Portsmouth, Va., was an All-American selection from the Oklahoma Military Academy. He is a 5-10, 175-pound quarterback.

Harper is a 6-3, 220-pound product of the Gordon Military Institute. He is a tackle and halfback from O'Fallon, Ga.

SPEEDY EAGLE — Halfback Tommy Gray is shown carrying the ball for the Blue team in the annual Blue-White inter-squad game, held

April 1 at Jayne Stadium. The Blue team won the contest.

Athlete Of Issue Is Dennis Doyle

By R. Pat O'Rourke

Dennis Doyle has been named Athlete of the Issue. A Cave City product, is a strong contender for All-American honors this year. The 5-9, 170-pound speedster set a new OVC stolen base record last season with 27 which broke his previous record of 24.

"Doogie," who was named Kentucky base ball "Player of the Year" by the Louisville Courier-Journal, in 1963, was named to the All-OVC team last year for the third straight year.

This season Doyle has made a fast start toward breaking his stolen base record. He has stolen 12 bases in 9 games. His batting average is also at a blistering Pace of .448 (13 for 29), which is second highest on the team. He leads the team in base hits and stolen bases.

Dennis is a senior and is married to the former Martha Carol Smith. He is a member of the Collegiate Knights Social Club.

Campbell Hits Two Homers For First Home Game Win

The Morehead St. College baseball team won its first game at the new baseball field here as they downed the Bellarmine Knights 9-0, Tuesday, April 13.

Joe Campbell's two home runs led the 13-hit Morehead attack. Campbell got his first homer in the second inning with one man on base. He followed with a grand-slam homer in the sixth inning.

Steve Berryhill got the victory for the Eagles, his second of the year. Bob Kohler pitched the last inning for Morehead, who upped season record to 6-2. Bellarmine 000 000 000-0 52 Morehead 121 000 50x--9 13 0 Berryhill, Kohler (7) and Smith, Haffner (7). Deloosa and Sullivan. Home Runs—Campbell (2).

Rutherford On WLW-AM July 24

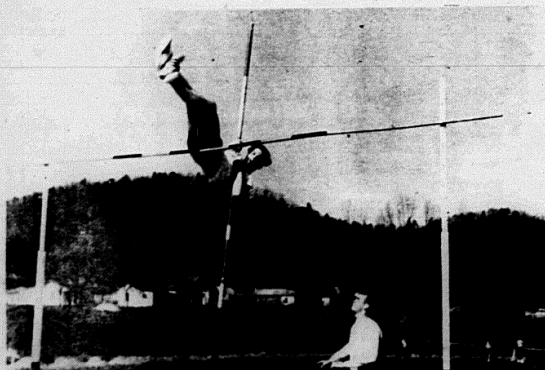

Dennis Doyle

Darrell Rutherford, a freshman sociology and history major from Mt. Healthy, Ohio, will appear on the WLW-AM program "College Conference" on July 24.

"College Conference" is a series program of WLW (Cincinnati) where college students discuss questions of interest.

Rutherford and two other college students from Ball State, Indiana, and Capital University, Ohio, will discuss the controversial Blue Laws and whether they should be enforced or not and whether they are constitutional or unconstitutional.

UP AND OVER — This Morehead trackman has cleared just as he is about to complete his initial pole-vauling attempt in the Eagles

first track meet of the year (April 13). The Eagle played Bore at Morehead and won the contest 107-51.

1965 INTRAMURAL BASKETBALL CHAMPIONS — The Pistons are the 1965 intramural basketball champions at Morehead State College. The members of the team are (left to right): bottom

row; Jim Harris, Delmar Fraley, and Danny Stanford. Top row: Mike Collins, Ron McMakin, Charles Adkins, Asa Vest, Gary Guthrie, Ferrell Penix, and Jack Stanford.

Intramurals In Action

Pistons Capture I-M Crown Stanford-Adkins Vital In Win

By Dave Shire

The Intramural Basketball season came to a close March 29, with the Pistons capturing the championship by topping the Aquilas 72-65.

Through the superb foul shooting of Jack Stanford, who hit 15 of 17, the rebounding of Charlie Adkins, and the playmaking and driving of Danny Stanford, the Pistons easily overcame the Aquilas.

Pulling away to an 18-11 first quarter lead, the Pistons never again were in trouble. A fourth quarter surge brought the Aquilas within 3 points of the victors, but the lead vanished quickly through intentional foul shots being made.

Carrying the brunt of the load for the Aquila Club was Jerry Sever who had 7 of 11 of the first quarter points and ended the game with 22 markers. Sever's great agility under the boards aided the Aquilas greatly in reaching the finals.

Carrying the scoring load for the Pistons was J. Stanford with 29, Adkins with 12, D. Stanford with 11, and Ron McMakin also with 11.

The remaining scoring for the

Aquila Club was Billy Gardner with 16, Tally Johnson with 7, Jim Osborne and Will Curran were strong on the boards for the Aquilas, but not strong enough to guide the ball through the hoop.

In semi-final action, the Pistons took a very close victory from the Dingberries 56-54.

Again foul shots proved to be the deciding factor as Danny Stanford hit 4-4 in the final minutes and tallied 21 points in a great performance. Charlie Adkins hit 12 points on long set shots and was again tough on the boards. Ron McMakin was close behind with 11 vital markers.

The under-rated Dingberries played an excellent game but fell short in the closing minutes. Walburn took scoring honors for the losers with 17 points as Ron Claibourne backed him up with 15 points and many timely rebounds.

Other semi-final action saw the Aquilas top Bath County by 6 points, 49-45. Trying to avenge an earlier loss, Bath County could not quite get the rebounds they needed.

Leading the Aquila Club were

Jerry Sever and Will Curran with 12, Bill Gardner with 10, and Jim Mastrodicasa with 8. Bath County's efforts were led by Leon Schrader with 24 big points. Lonnie Vice added 7 and Jerry Yarbber 6.

Quarter-final action watched Bath County overcome the last efforts of the 10th Region to win 59-50.

Leon Schrader tallied 26 points to lead the way to the semifinals. Mickey Wells had a fine night taking game honors with 22 markers and many rebounds.

In more quarter-final action the Dingberries proved too strong in the opening round for the Collegiate Knights and they won handily 67-55.

Claibourne (18), Walburn (16), and McConauley (15), paced the Dingberries.

Snyder was high man for the CK's with 20 markers and was followed by Teddie Little with 10.

That wraps up basketball for the 1965 year and now it is on to Softball and Volleyball beginning this week.

Spring Vacation Ball Gives MSC A 6-3 Record

The baseball team is now in full swing with their season record standing at 6 wins and 3 defeats.

The first games were played during spring vacation and the opener was a double-header with Kentucky State College at Ft. Randolph. In the first game, Steve Berryhill got the win in a 3-1 decision. The Eagles played errorless ball to help in the win. The second game saw John Cappellet get the win 3-1.

The Eagles then turned their talons toward the south as they met Howard College of Birmingham, Ala., in a three game series. John Cappellet racked up his second win of the season as Morehead blasted Howard 12-5. Harold Sergeant came on in the 5th inning to preserve Cappellet's win. Catcher, Mike Collins showed his consistent hitting style by hitting 3 for 4 in the game and drove in 1 run. Speedster Dennis Doyle stole three bases in that ballgame.

Morehead was forced to play a double-header on the final day due to bad weather conditions on the previous day.

In the first game Howard scattered 9 Morehead hits to take the first game 4-1. Harold Sergeant and Dennis Doyle combined for 5 of the 9 hits in the losing cause. Morehead left 11 of 12 runners stranded.

The second game saw Morehead come alive and take Howard in a close one 5-4. Wymen Smith scattered 4 hits in seven-and-a-third innings to take the win. He was relieved in the seventh by Charlie Barone.

Morehead then traveled to Cookeville, Tennessee, to open defense of its Eastern Division Championship against Tennessee Tech. Morehead split a double-header with the Golden Eagles. In the first game, Tech held the Eagles to 2 hits and one run in the first six innings. In the seventh inning the Morehead bats started to come to life. The rally was

Little 500 Scheduled For April 24

By Gary Thompson

A \$25.00 cash prize will be awarded the winner of the Little 500 Bicycle Race which will be held on the Morehead campus at 1:00 p.m., Sunday, April 24.

The bicycle race, sponsored by the Campus Club, is a modified version of the Indianapolis 500 automobile race.

The annual event, which has proved to be very entertaining in past years, will be preceded by a girl's tricycle race to be held at 10:00 a.m. in Button Auditorium. No registration fee is being charged for the tricycle race.

The track will be College Street and College Boulevard between Elizabeth Avenue and the Doran Student House. The course will be 20 laps around the track.

Racing teams will be composed of four regular bike riders and one alternate with riders alternating after each lap.

Jim Johnson, President of the Morehead State College Campus Club, said that any male student is eligible for the race provided he is a member of a team of five.

A \$5.00 entry fee will be paid by each team upon registration for the race.

Students wishing to register for the Little 500 should see any Campus Club member anytime from now until two minutes before race time.

Tennis Team Drops One To Marshall U.

The Morehead State College Tennis team opened its season with Marshall University. The Big Green overcame the young Eagles 8-1.

The tennis team consists of one senior and six freshmen. "I was well pleased with the showing the boys made in their first look at college competition," said tennis coach Jerry Denton.

Morehead freshmen Richard Emery and senior Danny Burke combined in a doubles match and beat Marshall 6-5, 6-4, and 7-5 for the Eagles' only victory of the day.

A WINNER — Eagle left-hander Steve Berryhill is shown working his way to a 4-0 victory over Bellarmine on Tuesday, April 13. Bob Kohler

pitched the last inning for the Eagles in their first game on the new baseball field.

Club News And Views

Beaux Arts Accepts Members; Cwens Hold Coke Party

By Carol Vogelsohl

Mrs. Naomi Claypool, head of the Art Department and sponsor of the Beaux Arts Club at Morehead State College, has been honored by that group with a scholarship being named for her. At the Beaux Arts Club meeting March 16, the members voted to name the annual scholarships given by them for Mrs. Claypool. She started the Art Club in 1935, and has been active in promoting the objectives of the group ever since. Mrs. Claypool will retire at the end of the summer school this year and the members thought the scholarship would be a gracious gesture to her.

CWENS COKE PARTY

The Cwens held their annual coke party on Saturday, March 27, for the purpose of meeting the freshman girls eligible for next year's club.

Approximately 140 girls are qualified for admittance into Cwens, but only 40 of them will be tapped due to the National laws concerning membership.

Tapping of the final 40 freshmen will be followed by the traditional Banquet to end the year for the present year's Cwens and begin it for the new members.

To be eligible for membership a girl must have achieved at least a 3.0 standing for her first semester's work.

KAPPA PI ACCEPTS

Kappa Pi, an international honorary art fraternity active on the Morehead campus, has accepted six new members. They are Barbara Hall, Ethel Johnson, Betty Marzan, Lynn Shrodt, Howard Stanfill and Nancy Uterback.

To be asked to join the person must have a 3 standing and do outstanding work in art. There are 23 members in the chapter from Morehead as well as many leading art teachers and students throughout the United States.

The national fraternity puts out a magazine four times a year entitled "Kappa Pi". Naomi Claypool, head of the Art Department is sponsor of the Morehead group.

NEWMAN CLUB VISITS SOUTH AMERICA

Father Robert Burton, missionary priest who lived in South America for two years, was the principal speaker at the March 24 meeting of the Newman Club.

A native of Cincinnati, Father Burton traveled mainly in Venezuela and showed slides on the customs of the people, their living conditions and places of general interest in the country. Questions were asked following the showing of the slides.

Junior-Senior Men's Honor Society

Applications are now being accepted for the Junior-Senior Men's Honor Society. All junior and senior men who have a 3.0 standing and are interested in joining should write a letter telling of their interest to Victor Venetozzi in the English Department.

CALENDAR OF EVENTS

- APRIL**
- 20 Literary Arts Club Movie-Button

- The Home Ec. Club will hold a Style show, "Garden of Fashions", on April 22 at 7:30 p. m. in the Assembly Room of the Home Ec. Building.

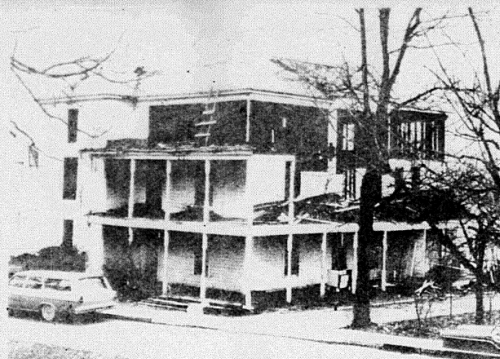

Home Ec. girl will display their own creations, and later children will wear dresses made by their mothers.

Anyone interested in viewing these new spring fashions is invited to come. Admission is 35 cents. Refreshments will be served after the show.

KEA BREAKFAST — The annual Morehead State College KEA Breakfast was held in Louisville on April 9. Attendance at the

annual event was the largest in Morehead history, as many noted educators and alumni attended the morning meeting and meal.

TIMES MOVE ON — The past is making way for the present at Morehead State College, as Hobson Hall, the first dormitory at the college, is being destroyed to make room for a new Baptist Student Union Building. The building was once a dormitory

for men, dating back to 1887 when the old Morehead Normal School was started. The building has been privately owned for several years and was recently purchased by the Baptist Church for a student center.

KEA Alumni Breakfast Held In Louisville; 250 Attend

The largest and most enthusiastic KEA alumni breakfast in history was held April 9 in Louisville.

An overflow crowd of over 250 persons attended the annual event in the Brown Hotel, J.C. Zimmerman, executive director of the Kentucky Chamber of Commerce, was the featured speaker.

Zimmerman praised Morehead State College for its "tremendous growth and development as one of the great institutions of higher learning in the country."

"People in business and industry throughout Kentucky are extremely proud of the wonderful job being done at Morehead under the most capable leadership of Dr. Adron Doran," said Zimmerman.

Sitting at the head table with Dr. and Mrs. Doran and Zimmerman and his wife were: Joe Creason, columnist with the Courier-Journal; Dr. Harry Sparks, Superintendent of Public Instruction, and his wife; Marvin Dodson, executive director of the Kentucky Education Association; Roger Jones, president of KEA; Alex Chamberlain, a member of the Morehead Board of Regents and new head basketball coach, Bob Wright and his wife.

"So many of our alumni and friends from throughout the Commonwealth attended our breakfast this year," said President Doran. Members of the Morehead music faculty provided entertainment during the breakfast.

Morehead maintained two booths at the KEA Convention—one at

Jackson And Barber Attend Science Meeting

Dr. Jackson, professor of Biology and Woodrow A. Barber, Instructor of Science, attended the annual meeting of the National Science Teachers Association (NSTA) at Denver, Colorado on March 26-29. The theme this year was "Excellency in teaching science in all levels."

On April 9 and 10, Dr. Jackson represented the Morehead Chapter at the annual meeting of the American Association of University Professors (AAUP) in Washington D. C. The purpose of this group is to uphold the academic freedom of professor, tenure and salaries.

The theme was "Giving more power to the local union."

Breck In Brief

By Mary Anderson, Loretta Roark, Jalali Hurt, and Becki Hogge

The Breckbridge Training School PTA met Tuesday, March 30 at 7:30 in the Breck auditorium. Mrs. John Rogers, President of the PTA, introduced Z. Brent Fry, of the MSC Speech and Drama Department, who was the moderator of the program, MEET THE ADMINISTRATORS. Dr. Morris Norfield, Division of Professional Education, MSC, and Brent Black, Principal of B.T.S., discussed the different types of college supported schools, the role of student teachers, and the problems of administration in Breck.

The program was then open for questions by the panel consisting of Dr. Nelson Greer, Division of Applied Arts; Dr. Calvin Bieder, a surgeon at St. Claire Medical Center; Mrs. J.K. Smith; and Mrs. Walter Carr, parents and the audience.

Mrs. John Rogers and Mrs. Warren Proudfoot will represent the Twelfth District Kentucky Council of Parents and Teachers in Mayville on April 1.

RFICK ASSEMBLY

A special assembly to recognize student accomplishments was held Thursday, April 7 at 8:30 in the Breck auditorium. Students participating in the Regional Science Fair, the Regional Speech and Debate Tournament, basketball, and other Breck activities were presented to the assembly. These students were honored for their outstanding achievements in these fields.

SORTS

Breck announced that Tom Bowne, a sophomore, won third place in the 200 free-style at the State Swimming Meet on March 27 in Lexington.

Coach Paul Warriner announced in assembly, April 1, that the basketball number 32 is now retired. The number was worn by Danny Cornette, the state's second highest single game scorer.

The Breck golf team started off the season by winning their first match against Mayville, March 31. Jim Clay, Jimmy Caudill, and Ricky Calvert scored 401 strokes to Mayville's 407.

REGIONAL DEBATE TOURNAMENT

The Breckbridge Debate Team won first place in the Morehead Regional Debate Tournament at MSC on March 26. John Greenman and Mary Anderson were named first and second place speakers, respectively, in the tournament. The members of the Breck debate team, coached by Mr. G.C. Webb, are John Greenman, Gary Bishop, Mary Anderson and Wendell Proudfoot.

SCIENCE FAIR

Breck received several honors at the Morehead Science Fair held Saturday, March 27. Dave Coffey, a junior, took first place in the Junior High Chemistry Division. Mike Green, a freshman, took first place in the Junior High Biological Division. Also placing in this division were Jean McGarey, second place, and Christy Fry, third place. They are also freshmen.

REGIONAL SPEECH FESTIVAL

Members of the Speech and Drama class, as well as other students in Breckbridge, participated in the Regional Speech Festival, held at the Morehead State College Campus March 28 and 29. Receiving honors and superiors were:

Junior High Division:
Sheryl Binton, June Justice, Carla Fannin, Ricky Harvey.
Senior High Division:

Norman Roberts, Janie Litton, John Greenman, Mary Anderson, Jalali Hurt, Mike Green, Connie Frederick, Jim Clay, Mike Carr, Ann Huffman.

Breckbridge won the Regional Speech trophy and it was presented to them, also another larger trophy will be presented to them in behalf of their efforts in the Regional Festival, in Lexington. The people that received superior in the regional will go on to participate in the state.

SENIOR TRIP

These seniors from Breckbridge will be going on their Senior trip to Washington D.C. Dennis Carr, Greg Greenman, Bob Day, Craig Anderson, Wendell Proudfoot, Sue Pratt, Mary Duggan, Sue Peiffer, Carol Hough, Joann Scussage, and Jayne Sneider.

They will leave Morehead on April 5 and will return on April 8. They will be accompanied by Mr. Charles Jones, math teacher at Breck.

Five Travel To Durham N.C. For Oral Speech Conference

By Nina Craig
The Morehead State College Speech and Drama Department is represented at the conference and meeting held by the Southern Speech Association in Durham, North Carolina April 5-9.

Morehead students participating in the various categories were: Mary Pat Owen, Oratory and Oral Interpretation; George G. G. Oral Interpretation and Speech to Entertain; John Johnson, Oral Interpretation and Speech to Entertain; Jim Boyd and Ed Taylor, Debate.

Awards for the various events were presented at a banquet held April 7 in the University Room of the Jack Tar Hotel in Durham. Mary Pat Owen was awarded a rating of GOOD in Oratory, and Corley Geoghegan received a GOOD in Oral Interpretation. John Johnson

won both Oral Interpretation and Speech to Entertain and was invited to give his speech before the National Congress which met after the Awards banquet.

Accompanying the students were Z. Brent Fry, Associate Professor of Speech, and Jerry Bingham, Associate Professor of Drama.

The schools represented arrange of states from Texas to Kentucky to Florida.

The great secret, Eliza, is not having had manners or good manners or any other particular sort of manners, but having the same manner for all human souls: in short, behaving as if you were in Heaven, where there are no third-class carriages, and one soul is as good as another. ---George Bernard Shaw

READY TO SEND THE WORD — Morehead State College has received final approval to install transmitting equipment for its new FM radio station, WHSC. Noel Logan (left), an instructor of industrial arts at Mayville, checks out the

equipment for Dr. Adron Doran, President of Morehead State College, and Don Holloway, assistant professor of speech and drama. Holloway will serve as director of the station.

Oil Springs Field Day Winner

Summer Jobs In Europe Offered By Student Group

Grand Duchy of Luxembourg - Every student in America can get a summer job in Europe and a travel grant by applying directly to the European headquarters of the American Student Information Service in the Luxembourg. Jobs are much the same as student summer work in the U.S. with employers offering work periods ranging from three weeks to permanent employment.

Lifeguarding, office work, resort-hotel jobs, factory, construction, camp, counseling and farm work are only a few categories to be found among the 15,000 jobs ASIS still has on file. An interesting summer pastime not found in America is tutoring. Numerous well-to-do European families are inviting American college students to spend the summer with them and teach their children English.

Students interested in working in Europe next summer may write directly to Dept. VII, ASIS, 22 AVE. de la Liberte, Luxembourg City, Grand Duchy of Luxembourg, enclosing \$2 for the ASIS 36-page booklet which contains all jobs, wages, working conditions, etc., job and travel grant applications, and to cover the cost of handling an overseas air mail package.

Because his wife is of such a delicate nature, a man avoids using certain words all through his married life, and then one day he picks up a best-seller he is reading and finds five of the words in the first chapter. ---William Learner.

We make our friends, we make our enemies; but for our next-door neighbor. ---G.K. Chesterton.

Palmer House Has New Occupants For Semester

Four girls recently completed the course in home management at Morehead State College. They are: Mrs. Nancy Soward, Sciotoville; Mrs. Patsy Martin, Kingsville; Zola Dobson, Ransom; and Diane Criswell, Grayton.

On Monday, April 12, the Palmer House welcomed its four newest inhabitants: Sharon Newman, Morehead; Linda Titus, McVeigh; Nancy Hargis, Owensville; and Mrs. Betty Starnes, Morehead. All are seniors.

The girls will assume the duties of cook, assistant cook, maid and hostess during their nine-week stay, and they will rotate their jobs twice during the nine-week period.

Linda, who is the present cook, mentioned that she is able to save a lot of time by preparing for the meals early.

Nancy, the maid, finds it difficult finding time to study, as there are many things to do. Betty has the role of assistant cook, and Sharon is the hostess.

Asked about their impression of the House, the girls replied that it

was a time place. Of course, they were a little scared before they came; however, the girls got rid of their jittery the first day.

The girls agree that the hardest thing about the Palmer House is managing their time. The work isn't hard, and they have already learned how to use the new equipment around the house. Sharon is happy about the self-cleaning oven.

Two of the day's three meals are served in the kitchen, while dinner is eaten in the dining room. Other than passing the bread the wrong way or other minor mistakes, everything has been going as planned.

Also, these girls have to keep the house and their rooms ready for inspection at any time as many guests and visitors are shown through the Palmer House.

In order to qualify for this three-hour course in Vocational Home Economics, each girl must have completed courses in foods, home management, family health, home furnishings, consumer education and problems of the family.

Mrs. Anne Hale is Director of the Palmer House.

AT THE PALMER HOUSE—Pictured above are the four home economics students who are taking the Home Management course at Morehead State College. The four girls will live in the Palmer House for the next nine

weeks, learning to be efficient home managers. They are (l to r): Miss Linda Titus; Mrs. Betty Starnes; Miss Nancy Hargis; Mrs. Anne Hale, house director; and Miss Sharon Newman.

Solo And Ensemble Contest Lists 147 Superior Ratings

The Instrumental Solo and Ensemble Contest of the Kentucky Music Teacher's Association was held on the Morehead State College campus on Saturday, March 27. Junior high and high school students from this region performed solos on their own particular instruments for rating. Various ensembles also played for a rating.

Judges for this event were James Elliott, Louisville; David Evans, Millersburg; Walter Hall, Lexington; Delbert Hoon, Louisville; William Bigham, Tallahassee, Florida; Tom O'Connell, Huntington, West Virginia; James Park, Cincinnati, Ohio; Robert Phoden, Independence; and MRS. Sullivan, Cincinnati, Ohio. Year, "commented Keith Huffman.

"Several of the judges' co-ordinator for the Music Department had they noticed a marked trend for this event. Improvement in performance and superior ratings were awarded heard this year as compared to last to 147 soloists and ensembles.

More than 250 exhibits were shown at the Second Northeast Kentucky Regional Science Fair held at Morehead State College on March 27.

Three hundred science students in grades 1-12 from eleven Northeast Kentucky counties competed for top awards. The exhibits were viewed by more than 500 people.

The top award in the Senior High Division, which was an all-expense-paid trip to St. Louis, Missouri, to represent this region in the National Science Fair, International, was awarded to Karen Nolan from Olive Hill High School. Nolan's display on the effects of iodine on the Chick Embryos from 12-18 days won her the first place award. She also was the recipient of a \$200 Morehead State College Scholarship.

The winner of the five-day trip aboard a Navy Cruiser was awarded to John Redford from Paintsville High School. His project was a solar-powered motor, which had four solar cells. These cells, when struck by light, generated enough current to turn the motor.

He also received certificates from the United States Air Force and NASA for outstanding achievement.

First and second alternates for the Navy Cruiser were awarded to Danny Jones and William Adams from Mason County High School. Danny Jones was also the winner of the 20-volume World Book Encyclopedia set from Field Enterprises Educational Corporation. The recipient of the Chemistry and Physics handbook furnished by the Chemical Rubber Company was William Adams.

The Top award in the Junior High Division was the 1964 edition of the 10-volume book set of popular Science, furnished by the Grollier Society. The winner of the award was J. R. Chinn from Minerva Elementary.

The following is a list of the top winners in each division and category.

Senior High
Biological Science
First Place--Karen Nolan--Olive Hill High School.
Second Place--William Adams--Mason County High School.

Third Place--Elaine Davis--Rowan County High School.
Physical Science

First Place--Johnny Redford--Paintsville High School.
Second Place--Danny Jones--Mason County High School.
Third Place--Judy Taylor--Olive Hill High School.

Chemistry
First Place--Dave Coffey--Breckinridge Training School.
Second Place--Mark Woodward--Mason County High School.

Third Place--Robert Hall--Mason County High School.
Earth and Space Science

First Place--Charles Marshall--Mason County High School.
Second Place--James McCarthy--Oil Springs High School.

Third Place--Sally Hargis--Rowan County High School.
Mathematics

First Place--Dottie Bean--Mason County High School.
Second Place--Brenda Lowe--Olive Hill High School.

Junior High Division (grades 7-9)
Biological Science

First Place--Mike Green--Breckinridge Training School.
Second Place--Jean McGary--Breckinridge Training School.

Third Place--Christie Fry--Breckinridge Training School.
Physical Science

First Place--J. R. Chinn--Minerva Elementary.
Second Place--Marty Dailey--Olive Hill High School.

Third Place--Ricky Lindsay--Mason County High School.

Second Annual Science Fair Held On Campus March 27

Elementary Division (grades 1-6)
Individual Projects
Physical Science
First Place--Scott Wittich--Holy Family.

Second Place--Lynn Todd--Minerva Elementary.
Third Place--Timothy Blanken--Holy Family.

Elementary Division
Individual Projects
Biological Science
First Place--Harry Brown--Holy Family.

Second Place--Joyce Sweickart--Minerva Elementary.
Third Place--Sandra Fryman--Minerva Elementary.

Elementary Division
Group Projects
Biological Science
First Place--Gary Lynch, Greg Lynch, Tim Lynch--Holy Family.

Second Place--Sharon and Tommy Wallisford--Minerva Elementary.
Third Place--Pamela Johnston.

Mendie Landford--Olive Hill.
Physical Science
First Place--Pat Carr, Jackie Holley, Paul Perkins--Breckinridge Training School.

Second Place--Fifth Grade--Elizabethtown Grade School.
Third Place--Timothy Bowtell.

Steven Taylor--Breckinridge Training School.

Participating schools in the Second Northeast Kentucky Regional Science Fair included the following:

Breckinridge Training School, Cannonsburg Elementary, Elizabethtown Grade School, Flat Gap High School, Holy Family, Mason County High School, Meade Memorial High School, Minerva Elementary School, Oil Springs High School, Olive Hill High School, Paintsville High School, Prichard High School, Rowan County High School, Washington Elementary School.

Science Fair Committee
Mr. James R. Chaplin, Director.
Dr. Crayton Jackson, Chairman.
Miss Betty Burchett, Elementary Exhibits.
Mr. Howard Senter, Junior High Exhibits.
Mr. Ray Hornback, Publicity.

It is no wisdom ever to commend or discommend the efforts of men by their success; for sometimes some enterprises attempted by good counsel end in unfortunate results, and other unwise ones taken in hand have happy success. --Sir Walter Raleigh.

Fashion Scene On Campus

Sunglass Syndrome Analyzed; Shades Are Fashion Tops

It's a safe guess that a lot of young people reach for their sunglasses in the morning before they put on their lipstick. Madeiroselle's 71 campus correspondent across the country report that the ubiquitous sun-shield, which began as a fad, is now an established part of most collegiate wardrobes.

The whole sunglasses thing probably started with the jazz musicians of the 1940's, whose successors wear them to this day. It was picked up by American movie stars, then by European movie stars and literally, becoming synonymous with a particular kind of Continental chic. The fad bounced back to the U.S.A. to be emulated by young fifties Avenue fashionables, jet setters, and "beat" and arty-literary types along both coasts. It finally spread from Hawaii to Iowa to Morehead, Maine, adopted by the young, who took over as if they'd invented it themselves.

Sight, except when it's sunny, has a nothing to do with it, according to April Madeiroselle. Sunlight, in fact, is a negligible factor in the wearing of the "shades." The real

reasons are a surmise way of looking incurable, mysterious, and unquestionably "hip." Secondly, they're a glorious form of eye Make-up. Not only do they draw attention to the eyes, which are often visible through the dusky lenses, but they substitute for eyebrows, pencil, shadow, and liner all at once.

They even double as a head-band. Many girls prop their nose on top of their heads, half of the time, either to be able to see what they're doing or because this is the ultimate chic of the Sunglass Look—holding in place the long, straight, shiny, swinging hardos that are an inseparable part of the image. Leaving the more fashionable aspects of the glasses momentarily, Madeiroselle turned to an optometrist for his views in "The Sun, and from Hawaii to Iowa to Morehead, Maine, adopted by the young, who took over as if they'd invented it themselves.

Journalist In Residence Suffers Heart Attack

Foster "Tap" Adams, Journalist in Residence at Morehead State College, is recuperating from a mild heart attack, which occurred on March 23 at his home.

Adams, while working on his lawn, was stricken and taken to the Berea College Infirmary for medical treatment and observation. He was released from the hospital four days later. Doctors at the hospital placed him on medicine and complete relaxation, until further notice.

He retired from the Berea Citizen, Berea, where he was Editor, in July, 1964, after 24 years of service and came to MSC as a journalist in residence. He is the first newspaperman to assume such a position at a Kentucky College or university.

Adams, who served as president of the Kentucky Press Association in 1962, was born in Vanceburg in 1899 and graduated from Vanceburg High School. He had various jobs which ranged from construction in steel mills to construction of locks on the Ohio River before he entered the newspaper profession with the Vanceburg Sun in 1922.

On the staff of the Citizen, Adams was the author of the column, "The Pilot House." The column was widely read during his tenure as editor from the early 1950's to the present with the most interesting column written about his trip to the Soviet Union and the national scene.

Upon his return from Russia, he toured Kentucky representing KPA and made numerous talks concerning his experience in Russia.

W. Foster "Tap" Adams

He is a member of the Christian Church. Adams is also a member of Sigma Delta Chi, the American Legion, a past president of the Berea Kiwanis Club and the Berea Red Cross Chapter. His home address is: 112 Bond Street, Berea, Kentucky.

Mrs. Moore Attends Latin Luncheon In Louisville

By Elwood McFarland

"Long live Latin!" Dr. John G. Latimer, dean of classical languages and literatures at George Washington University said at a luncheon, at Stouffer's Inn, Louisville, on April 8.

Mrs. Ethel Moore, teacher of Latin at Morehead State College reported on Dr. Latimer's address in a personal interview at her office. Dr. Latimer was the main speaker at the meeting of the Kentucky Classical Association of which Mrs. Moore is president.

All Latin courses show marked increases from 1958 to 1963. A Latin Planning Conference sponsored by the government, the first of its kind since 1964, to be attended by 50 high school teachers would meet April 14 (last week), in Washington, he announced. The purpose was to study the role and relevance of the classics.

Why this day? Why even the dullest person at MSC knows what June 5 is. Yes, you've guessed it: June 5 is when summer vacation begins, and it will be a well-celebrated day by everyone associated with MSC.

On this day, approximately 3,500 Morehead State College students will be going home for that long rest they have waited so long and religiously for.

Once again the world will be invaded by MSC students who have completed one more year of college.

leaze. One year consisting of long tedious hours of work, little or no sleep, and "thousands" of unpassable test.

But as the old saying goes, "Good things come to those who wait." For instance, there will be three long months of swimming, boating, fishing, sunning, and maybe even skiing, if you're from the western states. That's the fact or fellow that has been patiently waiting for your return.

Just think, three months of leisure, three months of fun. So, before you make any drastic decisions to end it all, look ahead to June 5 and smile.

People will think you're crazy, but smile anyway. And before you know it, POW! June 5.

I often wish that I could rid the world of the tyranny of facts. What are the facts but compromises? A fact merely marks the point where we have agreed to let investigation cease. ---Bliss Carman.

The voice of the intellect is a soft one, but it does not rest until it has gained a hearing. . . . This is one of the few points on which one may be optimistic about the future of mankind. ---Sigmund Freud.

The time to hear bird music is between four and six in the morning. Seven o'clock is not too late, but by eight the fine rapture is over. Due, I suspect, to the contentment of the inner man that comes with breakfast: a poet should always be hungry or have a lot of love. ---Donald Culbert Peattie.

We should expect the best and the worst from mankind, at from the weather. ---Vaughan.

To me the charm of an encyclopedia is that it knows and I needn't. ---Francis Yeats-Brown.

There are always thousands of people on the verge of buying a car, held back only by some secret caution. ---E.B. White.

Dr. Doran Invited By LBJ To White House For Honors

Naval Team On Campus

Dr. Adron Doran, President of Morehead State College, was invited to a special White House ceremony April 13 by President Lyndon B. Johnson.

Dr. Doran received a telegram from Johnson City, Texas, on April 12 inviting him to the special ceremony to be attended by a group of people who were instrumental in the passage of the Elementary and Secondary Education Act.

The telegram from President Johnson read: "I hope you will join me at the White House, 5000 P. M. on Tuesday, April 13, for a reception in honor of those who contributed the passage of the Elementary and Secondary Education Act of 1965."

"Please present this telegram at the southwest gate. RSVP by wire The White House."

The telegram was signed, Lyndon B. Johnson.

Dr. Doran, who testified in support of the bill when it was being considered by congressional committees, is a member of the 11-man National Education Association Legislative Commission.

It was just announced by NEA this week that Dr. Doran has been named chairman-elect of the Legislative Commission and will become chairman of the group in July.

Dr. Doran is the only representative of higher education in the United States on the Commission which represents the more than 1,000,000 members of NEA.

There is no time like Spring. When life's alive in everything. --- Christina Rossetti.

The aviation officer information team will be at Morehead State College Student Center on April 28 and 29. They will counsel students interested in a commission in Naval Aviation.

There are several programs available: Graduates can qualify for pilot or observer officer training; men with 45 semester hours may apply for cadet or summer training programs.

Greetings And Salutations

You have been selected by your friends and neighbors to represent them at the annual Campus Club Spring Dance on May 4, 1965.

P.S. THEY'LL BE THERE TOO!

NEW INFORMATION CENTER — Russell Kirk, head of campus security at Morehead State College, is shown beside the new information center, which will be opened in the near future. The structure is located on College Boulevard and will serve as an office for Kirk and as an information center for campus visitors.

MSC Alumni Banquet Set For College Campus May 29

The annual Morehead State College Alumni Banquet will be held on Saturday, May 29, at 6:00 p. m. in the College Cafeteria.

"A record number of alumni, faculty and friends of the College are expected at this year's Alumni Banquet," said Harry Mayhew, Director of Alumni Affairs, "and we feel we have arranged an entertaining program for participants."

Featured at the banquet will be a fine meal, music and an outstanding program. The Alumni Association will install its new officers, present scholarship awards and name the recipient of the 1965 Distinguished Faculty Award.

Tickets for the Alumni Banquet are \$1.50 each and may be purchased at the Alumni Office. Tickets may be purchased by mail and will be available at the Banquet.

An all-out effort is being made to bring alumni back to the campus from throughout the Commonwealth for the Banquet. A local Alumni Banquet Committee, headed by Ray Casdill and Harold Bellamy, has been named. Don Holloway and John Gartin are co-chairmen of a Banquet Committee for the campus.

The Alumni Association and Morehead State College will also sponsor a Senior Alumni Luncheon on Monday, May 31 at Noon in the College Cafeteria in honor of graduating seniors. The public is invited to attend.

"Tartuffe" Scheduled On April 29

By Cheryl Sanders
The Morehead State College Drama Department will present the play, "Tartuffe," in the Little Theater, April 29, 30 and May 1. The main character of the play, Tartuffe, is a religious faker who dominates the life of Orgon, his loyal friend. The other characters try to expose the true character of Tartuffe.

Jerry Bingham, assistant professor of drama, is directing the play. Pat Spangie is assistant director. The cast includes: Bill Svec, instructor of music, Tartuffe; John Johnson as Orgon; Norma Hubert as Elmira; Joyce Mason as Dorine; Eric Conley as Loyal; Joan MacKay as Mrs. Pernelle; Corwin Georges as David; Elaine Roberts as Marianne; Bob Montalan as Val de Gribou as Kenneth; and Richard Schmitt as the Sheriff.

Tickets will be sold in advance at the office of the drama department. All seats are reserved.

Zing into spring! in a new Chevrolet

'65 Chevrolet Impala Sport Coupe

'65 Chevrolet Malibu 4-Door Station Wagon

'65 Chevy II Nova Sport Coupe

'65 Corvair Corsa Sport Coupe

If you've been sitting tight waiting for just your kind of car, with just your kind of power, at just your kind of price—wait no longer!

Chevrolet. It's a bigger, more beautiful car this year. Which is why that handsome silhouette could be mistaken for cars costing a thousand—even two thousand—dollars more.

Chevelle. This one's got lively looks, spirited power, a softer ride—and remarkable room atop a highly maneuverable wheelbase. No wonder it's today's favorite mid-size car.

Chevy II. No car so trim has a right to be so thrifty. But thrifty it is, with money-savers like brakes that adjust themselves and a long-lived exhaust system.

Corvair. Ask any '65 Corvair owner how it feels to drive a car with such easy steering, tenacious traction and responsive rear-engine power. And be ready to do lots of listening.

Zing into spring in a new Chevrolet, Chevelle, Corvair, Chevy II or Corvair
